AMONG OTHER HONORS which have been awarded General Hershey, the Briscoe County News wishes to add a simple brass-covered cuspidor inscribed in one side "For inconsistency", and on the other, or perhaps on the bottom side where it will not be noticed, "Buck Passer, DELUXE". Hershey was asked by Representative Sparkman, "Is the matter of deferment of farm labor largely up to the local boards — do they have specific orders?" And he replied, "Of course, the local boards need not pay any attention to 99% of the things we send out. It is a good thing they do not have to"

WHICH SEEMS TO me to entitle anyone, even the versatile Hershey to the title, "Buck Passer DELUXE". As if local draft boards did not have enough trouble, in selecting and culling, deferring and reclassifying, now comes the chief and says "They can disregard 99% of the things we send out." Which puts the monkey on the backs of the local board members who are serving without pay and as a patriotic duty. It makes the home boys (for whom it's easy) the ones to tell the mothers, and the fathers, and the farmers "Well HIS time is up." It's just 99% up to them. When all the time they have their orders in the office, to be followed to the letter. Of course such things as routine procedure can be easily disregarded by a buck passer, deluxed.

AN ASTOUNDING TOTAL of scrap sold in Briscoe County since war was declared, was released this week by the local Salvage Committee. In the time since Pearl Harbor, Briscoe County folks have brought in 620 Tons, or 1,240,000 pounds. Figuring it in round numbers and using 4,000 (which is a little high) as the county population, it gives the surprising amount of 310 pounds per person. The State of Nebraska has achieved national fame with their record of 103 pounds per person. We have a cartoon headed "Nebraska's Total 103 Pounds per Person." And under the cartoon it says "Something for us to Shoot at." Which is all very well, but with Briscoe County showing almost three times the Nebraska total already they need to raise their sights, or else Nebraska needs to train her big guns on the 310

pounds per person collected here in this county. And it's not only Briscoe County — when the final check is made the whole Panhandle will go the same way.

STILL IN THE RING
Judge: "Where is your husband?"
Defendant: "I ain't got no husband. He has been dead high ten years."
Judge: "Are those all your children?"
Defendant: "Yes, suh. Dey's mine!"
Jdge: "But I thought you said your husband is dead!"
Defendant: "Yes, suh; he's dead, but I ain't."

Vigo Park News

Check Your Lighting For The Duration

War priorities have made it necessary for floor lamp manufacturing companies to substitute materials for the metal they heretofore used in the manufacture of I.E.S. floor lamps. We are fortunate in securing a limited number of **ALL METAL I.E.S. FLOOR LAMPS** before war priorities took effect.

Surveys reveal that every home should have several more floor lamps for proper lighting than they now have. Check your home and see that you have plenty of I.E.S. floor lamps to give you proper light for the duration.

Take advantage of the opportunity now offered you on these 1942 model all metal I.E.S. floor lamps. **LIMITED STOCK... NEW LOW PRICE IN EFFECT FOR SHORT TIME ONLY**

For the convenience of our customers, terms may be arranged.

Mrs. Dan Dean, who has been ill in a Memphis hospital, was able to return home Monday.

Mr. A. L. Durham has returned home from Roswell, N. M.

Gas is a vital Fuel for War Production. Here are some things you can do to help Uncle Sam by conserving Gas and Gas equipment:

- 1 Every month drain off rusty water from the bottom of water heater tank.
- 2 Be sure your hot water faucets have efficient washers. Don't let dripping faucets waste money—and more important these days—fuel!
- 3 Keep top and oven range burners clean. Keep burner openings unobstructed.
- 4 Check up now on your heating equipment to make sure it is in condition to serve you through the coming winter.
- 5 Modern Gas equipment is built to endure, so take care of it and it will take care of you for the duration.

West Texas Gas Co.

Why your own car's Zero Hour comes at 00 miles an hour

ON THE OFFENSIVE you've got to be on the instant. Eager fighters, frisky jeeps, and all that's going along, must get going together—exactly at Zero Hour. But on the home front these brisk mornings, will your own precious car and its engine lubrication get going together—without deadly oiling delay? You can be sure as shootin', with your engine OIL-PLATED for Winter by Conoco Nth motor oil... oil that OIL-PLATES!

Even while the speedometer snoozes at 00 miles an hour—and you're still snug in your "kivers"—the chilly insides of your OIL-PLATED engine will already be coated by lubricant. Protective OIL-PLATING is really sort of "magnetized" to piston rings, bearings, and straight up the cylinders, by Conoco Nth oil's strong "power of attraction"—created by an added modern synthetic. This keeps the OIL-PLATING from all draining down to the crankcase overnight—over week-ends—and longer.

No complete lack of lubrication then, at 00 miles an hour—starting up cold. No long needless risk till cold oil comes inching along through passages as slim as spaghetti.

You're off safely, because OIL-PLATING safely stays on—ready to lubricate before any oil can circulate.

This season don't merely change oil. It's fully as simple and inexpensive to change to an OIL-PLATED engine. Just change to patented Conoco Nth oil at Your Mileage Merchant's Conoco station. Continental Oil Co.

JOIN FREE Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. His systematic expert attention means trouble-prevention. He'll report to you in advance on lubrication and anything that he finds you need for the duration of your car!

FACTS ABOUT DEFENSE BONDS

How much do they cost?	And you get back
You lend Uncle Sam:	at maturity:
\$18.75	\$25.00
\$37.50	\$50.00
\$75.00	\$100.00
\$375.00	\$500.00
\$750.00	\$1,000.00

WHEN IS MATURITY? Ten years from the time you buy the bonds but you can cash the Bonds at any time after 60 days from date of purchase. Naturally, the longer you hold the bond, up to 10 years, the more money you'll get back. But you'll NEVER get LESS than you put in. Bonds are guaranteed by U. S. Government.

WHAT'S THE INTEREST RATE? When held to maturity, Bonds pay 2.9 percent per year on your investment compounded semi-annually—you get back \$4 for every \$3.

WHERE DO I GO TO BUY A BOND? To your local bank, Post Office, or other Defense Bond agency.

This Patriotic Advertisement will be brought to you once each month, through the courtesy of the following firms and individuals:

OUR HALF OF THE BARGAIN

America needs Men . . . Materials . . . Money! And the money must come from you! Every man, woman and child must buy stamps and bonds if we are to keep our half of the bargain with the boys.

Briscoe County is doing her part and more with men! Briscoe County boys have flocked to the colors until more than 4% of our population is in uniform.

Are the rest of us in Briscoe County doing our share? Look at the Bond Meter on the right and see where we stand. Our quota for 1942 is very light for our county — \$126,800.

Let's go OVER THE TOP! Let's not have our boys from Briscoe County say that we didn't keep our half of the bargain!

Scrap Drive

Until personal surveys of every farm and vacant lot have been made in order that every ounce of scrap concealed by tall grass or weeds, in hedge rows or fence corners, has been uncovered and brought to town, there can be no

let-up in the scrap drive. Experience has shown that even several visits to a farm or rubbish pile do not complete the job no matter how sincere a person may be that "all his scrap is in". The National Scrap Harvest is "all there is on every square foot of every farm or plot where ever it may be in the country." — and the time for the drive is, "from now on and as long as it takes to get it". Let's take another look around the place. Do you realize that if each person in Briscoe County would bring in 10 pounds each, it would add approximately 40,000 pounds (20 tons) to the nations scrap pile and that twenty tons might mean a victory in some major battle for our boys? Don't forget, your 10 pounds (and more if you find it)

of scrap the next time you come to town.

SWEET SORGHUM (CANE) NOT TO BE GRAZED

Cane planted on land which is intended for Soil Conserving (lay-out) land is not to be grazed. Recommendations have been made to the State Committee for the purpose of releasing cane from this restriction, but so far there has been no change made. Unless there is a change in the regulations, **Land on which cane is grazed will be soil depleting and will not help meet the 20% requirement.**

Machinery issued by the Briscoe County Machinery Rationing Board

Paul Hamilton, Quitaque - 1 Hammer type feed mill
H. P. Howard, Silvertown - 1 Hammer type feed mill

1943 PROGRAM ANNOUNCEMENT

Under the 1943 Agricultural Conservation Program, full wheat payment will not be made unless 90 per cent of the wheat allotment is planted, except that any increased acreage of approved war crops and designated feed grain crops above the acreage of such crop normally grown may be substituted acre for acre for wheat in meeting this requirement. The approved war crops for 1943 will include soybeans for beans, flaxseed, dry beans, designated legume cover crop seeds, peanuts for oil, castor beans, and possibly other crops to be named later.

Feed, grain crops designated for use in offsetting underplanted wheat acreage are grain sorghum, oats and barley.

Farmers who underplant their 1943 wheat acreage allotment in order to increase their acreages of war crops which are vitally needed, will not suffer deductions from their AAA Wheat payments for 1943, nor will their wheat acreage allotments be reduced in future

years because of such diversions.

Francis Locals

The Helping Hand Club met with Mrs. U. D. Brown Thursday, a shower was given Mrs. Mickey Pitts. Eleven members were present Mrs. Bill Dunn, Mrs. Bryan Strange, Mrs. Ben Fowler, Mrs. Mickey Pitts, Imogene Strange, Miss Ruth Mercer and Miss June Wimberly were guests. The next meeting will be Oct. 15 with Mrs. Edwin Crass.

Brownie Simmons of Plainview spent Wednesday with Mr. and Mrs. C. A. Simmons.

W. E. Burselson spent the week end with Mr. and Mrs. Edwin Crass.

Mr. and Mrs. U. D. Brown and family spent Sunday with Mr. and Mrs. W. T. Davis.

Mr. and Mrs. Lowell Calloway of Borger have moved back to our community.

Visitors in the F. A. Fisch home Sunday were Mr. and Mrs. Sid Autry, Mr. and Mrs. Fred Autry, of Plainview, Mr. and Mrs. Bood Myers, Mr. and Mrs. Berle Fisch, Mr. and Mrs. P. D. Jasper and Dawn

You Get the Same EFFICIENT PERFORMANCE— Now with Added Beauty

in the McCORMICK-DEERING CREAM SEPARATOR

To the long list of outstanding features found in the McCormick-Deering Cream Separator has been added another: a new color—rich, attractive Dubonnet! It makes a perfect combination of beauty and efficient operation.

One of the main reasons why the McCormick-Deering Separator has such an enviable reputation for long life and accuracy is the use of stainless steel at all points where milk touches metal.

Stainless steel parts last longer, prevent odor and metallic flavor, are easier to clean, do not rust.

Clean skimming is a certainty with the self-centering bowl. You're sure of all the cream. The deep red color of the McCormick-Deering Cream Separator is sure to catch your eye when you're in our store. Stop in and look it over.

New wide-tooth spindle means easier turning. A clean skimming bowl in any temperature.

Inside Story

THERE IS A great deal more to a suit of clothes than meets the eye—and that is one reason why discriminating men choose the suit with the CURLEE label.

THESE MEN know from experience that good looks, comfort, and satisfactory wear are BUILT IN to every Curlee Suit. They are the result of careful selection and testing of Curlee materials, backed by the highest standards of manufacturing skill. These qualities, plus smart styling by Curlee's expert designers, insure satisfaction to men who wear Curlee Clothes.

WE CAN HELP you enlist your clothing dollars for double duty for the duration. But equally important, we can help you maintain that well groomed appearance so necessary to personal morale. You will find Curlee Fall and Winter Suits in our stock in patterns and styles you will like—and in models and sizes to fit you. Come in and see them.
