Lazbuddie Pheasant Hunt Begins Dec. 11

The Lazbuddie Volunteer Fire Department's 1993 Pheasant Hunt will open Saturday, December 11 and will run through Sunday, December 26.

"The fire department welcomes you to participate in the Pheasant Hunt which we will sponsor in our community," said Fire Chief Nicky Nickels.

"We believe the pheasant crop to be average to above average in numbers this year. Area farmers have reported seeing a good many birds as they harvest their crops. The Fire Department will limit the number of hunters on our hunting weekend. You may hold your

reservation with a 1/3 down payment," Nickels continued.

The hunting permits are \$75 for the full season, December 11-26 and will drop to \$50 on Monday, December 13, and \$25 on Monday, December 20.

Each hunter purchasing a permit will be given a map of all the land within the shooting preserve.

A Texas Hunting License will be required before purchasing a permit. Lazbuddie does not have a business which sells hunting license, so be sure to have your license before opening morning. Several of the surrounding towns sell hunting licenses.

The limit is two cocks a day and a total of four in possession. The feet must remain attached till the final destination is reached.

Hunting permits may be purchased before opening day at the following locations: Treider Electric at the Intersection of FM 145 and FM 1172 or Glenn Lust, three miles west and one fourth mile south of Lazbuddie.

The Fire Department will be serving coffee, cinnamon rolls, and doughnuts, free of charge to those purchasing permits on opening morning from 6 to 8 a.m. at the Lazbuddie school cafeteria.

"Past Pheasant Hunts have enabled us to purchase two quick response trucks, a larger tanker, and an additional building at Clay's Corner," Lust said. "This income also plays a vital role in our daily operating expenses."

For more information contact Treider Electric at 806-965-2191; Fire Chief Nicky Nickels at 806-965-2175; or Assistant Fire Chief Glenn Lust at 806-965-2828.

Mark McGuire-Mrs. Taylor Win Weekly Football Contest

This was another one of those weeks when you couldn't miss very many games, in the weekly football contest, and have a chance to win.

The first place winners, Mark McGuire and Margaretha Taylor, tied with each missing three games and being four points off in the tiebreakers. Since there was a tie after the Judges went to the tiebreakers, the \$10 prize money and the 10 points toward the grand prize have to split.

They will each receive five points toward the grand prize and a check for \$5.00.

Adrian Nicolas and Jimmie Crawford each missed three games, so it was back to the tiebreakers.

Nicolas missed three games and was 13 points off in the tiebreakers for a second place win. He will receive a check for \$7.50 and 6 points toward the grand prize. Crawford also missed three games, but was 22 points off in the tiebreakers. He came in second, and will receive a \$5 check and four points toward the grand prize.

Remember you must completely fill out your entry blank, including name and tiebreakers.

Last week we received one entry with only the name and address filled in and this week the Journal received one that didn't have a name on it.

collecting data for the annual pre-plant soil moisture survey.

The purpose of the survey is to determine the general soil moisture availability and deficit trends across the 15-county High Plains Water District service area.

Review of the pre-plant soil moisture survey information helps agricultural producers determine the amount of water they need to apply to bring their five-foot root zone soil profile to field capacity without over-irrigating or under-irrigating.

"Unless the area receives significant precipitation during the winter, we expect to find extremely dry soil conditions at most of the 310 soil moisture monitoring sites within the Water District," said Wilfred E. "Willie" Crenwelge, USDA-SCS Soil Scientist.

"Irrigation for the 1993 growing season ended in early August. Since that time, there has been very little precipitation. Crops remaining in the field continued to deplete the available soil moisture from that time until first freeze," he added.

Three teams are now in the field collecting data for the 1994 pre-plant soil moisture survey. Weather permitting, they should complete their field work in early January.

Jerry Funck and Arnold Husky

started data collection in Armstrong, Potter and Randall Counties and are working their way south to Castro, Hale and Lamb Counties.

Crenwelge and Brian Houston started in Deaf Smith County and are working south to Bailey, Cochran, Hockley and Parmer Counties.

The USDA-SCS soil scientist noted that 20 additional temporary soil moisture sites will be read in newly-annexed portions of Cochran and Hale Counties. Permanent sites have already been installed in the newly-annexed portion of Lynn County.

"Until permanent soil moisture sites can be estimated, five temporary sites in Cochran County and 15 temporary sites in Hale County will help us gauge soil moisture conditions in these new portions of the Water District," says Crenwelge.

Soil moisture sites are selected based upon soil types, the local saturated thickness of the Ogallala Aquifer which indicates possible well yields, and crop water requirements in the area. Each site represents typical dryland or irrigated farming conditions in the area.

Water District and USDA-SCS personnel use neutron moisture meters to gather soil moisture data. Readings are taken at six-inch intervals throughout the five-foot soil profile by lowering a neutron probe into a previously-installed aluminum access tube.

Data collected during the pre-plant soil moisture survey is then used to construct maps illustrating the soil moisture available for plant use within the five-foot root zone soil profile and the amount of water needed to bring the soil profile to field capacity.

These maps, as well as the results of the pre-plant moisture survey, will be provided to local news media and will be published in the Water District's monthly newsletter, *The Cross Section*, prior to the pre-plant irrigation season.

City Council Meets In Regular Session

The Muleshoe City Council met Tuesday morning in the Council Chambers of the City Hall.

Minutes of the October 19 meeting were approved as distributed.

The council discussed a resolution of the City of Muleshoe authorizing Dave Marr, City Manager, to enter into an interlocal agreement with the Texas Municipal League Group Benefits Risk Pool.

Following the discussion, the councilmen approved the resolution.

Marr reminded the councilmen that the next meeting would be on December 21.

Leal's Mexican Food Restaurant To Move

"We are moving to the new location to better serve our customers," said Victor Leal. Leal's Mexican Restaurant will soon move into the former O's Family Dining building on West American Blvd. "We will almost double our seating and working area," Leal continued. "That's the main reason for our move."

At the present time the building is under going extensive remodeling, which Leal's hopes to add a festive atmosphere, having live music some weekends. "We may highlight some specials," Leal said.

Leal stated that they hoped to be in their new location in early December.

Leal's has been in business in Muleshoe since 1957, and at their present location since 1969. Leal stated that their business continued to increase and grow until more room is needed.

When asked what their plans were for the present Leal's location, Leal stated that their tentative plans were to serve traditional American food, open faced hamburgers, steaks

and etc., a family restaurant.

He stated that they wanted to get Leal's moved first, then hopefully within two months they would have the other restaurant open. When asked what they planned to name the new restaurant he said, "I really don't know. We may have a contest or something."

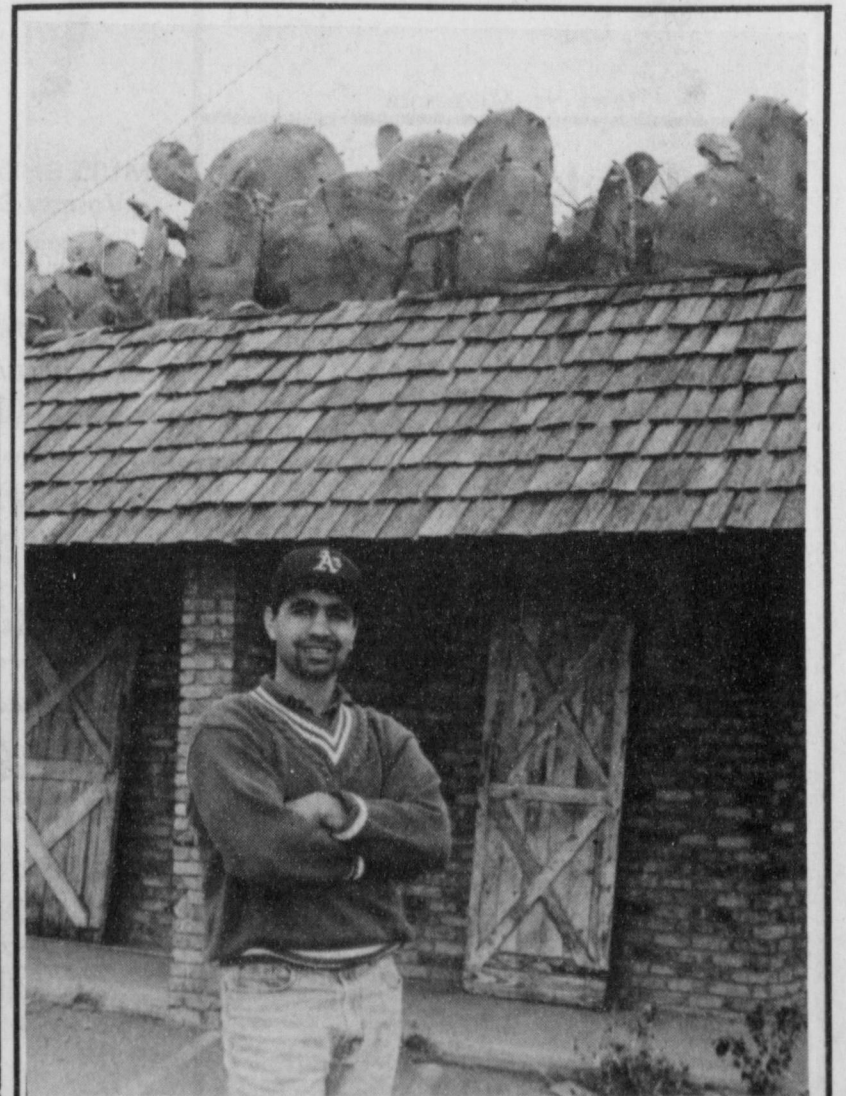

Leal and his wife, Debbie, moved back to Muleshoe to manage Leal's Mexican Food Restaurant in October, following the retirement of his father.

They had opened a store in Monahans prior to moving to Whitesboro six years ago. Mr. and Mrs. Leal have one son, Roman, two years of age.

Jail Escapee Still At Large

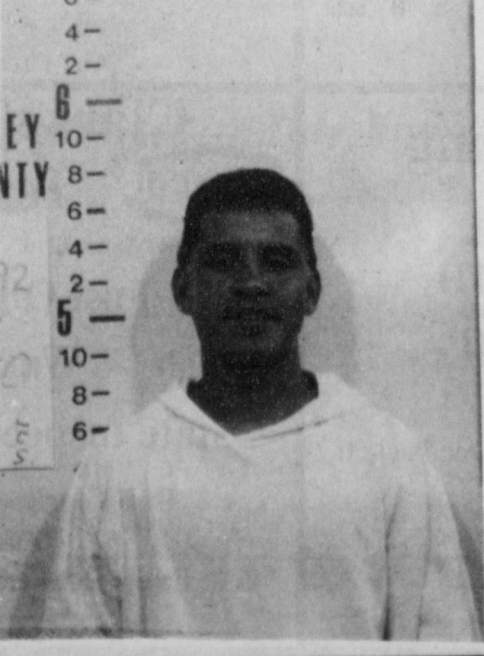

Ismael Ramirez "Smiley" Reyes, 18, escaped from the Bailey County Jail at 7:40 p.m. Sunday, November 14. At press time Reyes was still at large. Reyes assaulted a deputy and escaped when she went to get his supper utensils. Bailey County Sheriff Jerry Hicks told the Journal that when the deputy went to the cell the inside door appeared to be closed, but when she opened the outside door Reyes managed to open the inside door and assaulted her, took her radio and escaped.

A faulty design of the inside door is believed to have enabled Reyes' to escape.

The guard was not seriously injured.

Reyes, a Hispanic male, is 5 feet 8 inches tall and weighs 160 pounds, with black hair and brown eyes. When last seen he was wearing an orange shirt, and stone washed jeans. The shirt was found behind the library Sunday night.

Reyes was in jail on a charge of robbery, committed while out on bond for aggravated assault. Reyes now faces

Muleshoe High School Creative Writing

Students in Mrs. Watson's Creative Writing class recently completed a poetry notebook project. Each student wrote twenty poems and designed a cover and other special touches to enhance the finished notebook. The poems covered a wide range of topics; some were "formula" poems, and the remainder could be free verse or rhyming. Each student chose one poem to share with the public.

Love

by Brenna Wheeler
Love is a wonderful feeling
Meant for all to share.
When I look into your eyes,
It seems to linger there.
It travels through our kisses,
Through holding hands and words.
But telling each other straight out
Is still left unheard.

The Happiest Moment

by Misty Davenport
I remember getting my car,
Which was unreal, by far.
It all began on Christmas day.
It was quite a surprise, I must say.
The day started off really bad;
There was no car, and I was sad.
Just a bunch of clothes and other stuff,
Which was nice, but not enough.
I went to my grandma's later that day;
I heard her yell a big, "Oh, hey!"
She said "Go to the garage and get

Houston Livestock Show And Rodeo Announces Keynote Speaker For 1994 International Livestock Congress

Houston Livestock Show and Rodeo officials announced that one of the keynote speakers for the 1994 International Livestock Congress will be James A. Baker III.

Baker has held senior government positions for more than 15 years under three U.S. Presidents. He served as the nation's Secretary of State from 1989 to 1992 during the Bush administration, with most of his efforts focused on challenges initiated by the post Cold War era. Baker served as Secretary of the Treasury during the Reagan administration, from 1985 to 1988.

Prior to his service as Secretary of Treasury, Baker served as Reagan's White House Chief of Staff from 1981 to 1985.

His record of public service began in 1975 as President Ford's Under Secretary of Commerce, and Baker has spearheaded presidential campaigns for Ford, Reagan, and Bush during the last five presidential elections.

The recipient of numerous distinguished awards and honors, Baker accepted the Presidential Medal of Freedom in 1991. He also received the Department of Treasury Alexander Hamilton Award and the Department of State Distinguished

some corn."
I opened the door and heard the honk of a horn.
I looked up and saw a new car;
I jumped and screamed, excited by far.
It was a Beretta, shiny and red;
It was such a shock, and nothing was said.
It was the greatest surprise I've ever had;
With much thanks to my mom and dad.

The Haircut

by Christi Holt
I remember a long time ago;
I was only two years old.
My sister and I would always play,
And once she cut all my hair away.
My mother came in and said with a shout,
"You just wait till your daddy finds out!"
Sissy hid the scissors behind her back;
I grinned at Mom with the gum I did smack.
She sat my Sissy down in the

The Haircut

Service Award.
A native Houstonian, Baker graduated from Princeton University in 1952. After he served two years of active duty as a lieutenant in the U.S. Marine Corps, Baker attended the University of Texas School of Law. He earned a doctorate in jurisprudence in 1957 and practiced law until 1975.

The Houston Livestock Show and Rodeo welcomes this distinguished citizen to the 1994 International Livestock Congress.

In cooperation with the Houston Livestock Show and Rodeo and the Texas A&M University System, the International Livestock Congress is sponsored by the International Stockmen's Educational Foundation.

This global event unites leaders from the livestock industry, government officials, doctors, scientists and educators to discuss issues of international significance that affect the future of animal agriculture.

The 1994 Congress will be held Feb. 23-25 at the Sheraton Astrodome Hotel in Houston. Topics will focus on livestock issues in conjunction with North American trading.

chair,
And began to cut away her hair.
Our hair looked exactly the same;
My dad came in with a look of pain.
"What have you done to my daughters' hair?"
Mom said, "You'd better be quiet, your hair to spare."

Hut! Hut!

by Johnny Gonzales
It was Friday night,
And the pressure was on.
Time was running out;
Hopes of winning were gone.
They called "The Play"
and it's behind his block.
He yelled to the team,
"I'm gonna clean his block!"
He fired off the ball,
And the hit was clean.
It was the hardest hit
I had ever seen.
He fell to his knees yelling,
"What did I do?"
C'mon," the coach yelled,
"The snap count's on two!"

The Last Time

by Stephanie Perez
The day started out like any other day;
The sun was shining and he had just beaten me in another basketball game.
We had been playing for awhile, and we were starting to get tired.
"Let's do something else," he said, "just you and me."
We went back to my house and sat on my front porch.
It was getting late, and the sun was starting to set.
We sat there for awhile, enjoying the silence all around us.
Time passed by, and we started talking.
I felt as if I had known him all my life
As we laughed about anything that came up.

Ignoring the time, we talked for hours.

Editorial

G.O.P., Wilson, 1994, 1996

Recent election victories for Republicans have sent G.O.P. hopes for major gains in Congress next year soaring.

But elections in Virginia, New Jersey and New York City may have limited impact on elections a year hence. That depends on events, especially the economy, and the performance of the administration between now and then.

The best Republican hope is to gain seven seats in the Senate, which would give the party control and make Bob Dole majority leader. If that should happen, would Dole remain as majority leader in 1996 or run for president? Some younger Republicans want Pete Wilson, California governor, to be the G.O.P. nominee in 1996.

They reason he could carry California, otherwise Democratic, which would give the Republican candidate 54 electoral votes as a starter. If he carries the South, as did Bush, he starts with about 150 electoral votes.

A Face In The Window

by Angela Crawford
I see a face in the window;
She is calling for me to help her.
Her eyes are lost and lonely;
Her cheeks are stained with tears.

The girl is holding an old, ragged doll.
Her dry skin is red and swollen.
What has wronged her heart?
What has made her life not worth living?

The girl glances downward;
I try to hurry on but cannot move.
I still feel her heavy gaze peering at me.

I turn back, and she is gone.
Love appears as white doves carrying a baby dove;
Love makes me feel like getting married.

Depression

by Brooke Sinclair
Depression is the color of blue;
Outside I can hear a soft mist

falling on the window pane.
Depression smells like the lingering scent of his cologne in my room!
It tastes like the gallon of ice cream just inhaled.
It looks like the smile he wore when I last saw him.
Depression makes me feel like eating anything I can get my hands on.

Love

Love Begins
Strong and wild
And, flourishing
Grows.

It ends with
Pain and grief.
And, diminishing,
Dies

Starts
New and
Rekindles,
Softer, deeper

HIGHLIGHTS

With the Top 20 rankings, conference titles and bowl games on the line, this is a weekend of big games, and the biggest take place in the Big East, the Southeastern Conference and the Pacific-10. In Morgantown, W.Va., the best of the Big East, Miami and West Virginia, will slug it out in what shapes up as West Virginia's biggest game in years. After a hard-luck 5-4-2 season in '92, the Mountaineers have stayed healthy and, under the leadership of quarterback Jake Kelchner, have finally fulfilled their potential by blossoming into one of the best teams in the country. Last year they lost to Miami 35-23—the Hurricanes' seventh win in eight games against West Virginia—but in this one the Mountaineers are our slight favorites. A few weeks from now, West Virginia will cap its season by making its first bowl appearance since 1989.

Alabama's shocking loss to LSU two weeks ago took some of the glamour away from the Crimson Tide's visit to Auburn, but the game is no less crucial in the battle for the SEC championship—and we're picking Alabama. Though the Tide has won three straight Iron Bowls, as this 100-year-old rivalry is known, none has been a runaway: Last year the national champions beat the 5-5-1 Tigers 17-0. This year, with a brand-new head coach, Terry Bowden, and a brand-new attitude, Auburn would love to claim a national title of its own. That, however, would require a big upset this Saturday.

The Pacific-10 has remained interesting thanks largely to UCLA's rough start (losses to California and Nebraska in its first two games), because there's no denying that the Bruins have played like the class of the conference—and the best Rose Bowl choice—as the season has progressed. This weekend at the L.A. Coliseum, their archrivals, the Southern California Trojans, will take their best shot at the Bruins, and no doubt make it a great game. The last four UCLA-USC scores were 38-37, 24-21 (both UCLA wins), 45-42 (USC) and 10-10.

And don't forget, Lehigh hosts Lafayette in the 129th game of the most-often-played rivalry in college football, which dates back to 1884. If this one is anything like last year, when Lafayette captured the Patriot League championship with a 32-29 win, there won't be a dull moment. In '92 the Leopards and Engineers rang up 49 first downs and an awesome 1,072 yards of offense; Lehigh had 480 yards of passing alone. Who says all the excitement's in Division I-A?

Bridal Shower Honors Miss Debbie Brown

The beautiful home of Druscilla Hutton was the scene for a bridal shower held in honor of Miss Debbie Brown, bride-elect of Paul Schulze on Saturday morning, November 13, 1993 from 10 a.m. until 11:30 a.m.

Refreshments of pumpkin bread, sausage balls, miniature muffins, coffee, spiced tea and juices were served from crystal and gold appointments.

The table was adorned with a brass coffee service and dried flower arrangement of burgundy.

Debbie's corsage was made of tiny miniature white roses.

Special guests were Mary Etta Bryan, grandmother of the groom from Tulia; Gladys Wilson, grandmother of the bride, of

Muleshoe; Marilyn Schulze, mother of the groom, and numerous other relatives.

Guests were greeted at the door by Druscilla Hutton, Dianne Brown, bride's mother, and Marilyn Schulze, mother of the groom.

The hostesses presented the honoree with a gift of a set of T-Fal cookware.

Hostesses for the occasion were Druscilla Hutton, Sue Bessire, Janice Bradshaw, Julie Broyles, Judy Cox, Glenda Dale, Joella Flowers, Bonnie Green, Donna Green, Hollye Hooten, Pat King, Kerma McGuire, Deborah Noble, Darla Rhodes, Lela Ann Smith, Clara Sudduth, Linda Trussell, Doris Vandiver, Betty Wagnon, and Terry Young.

Cocoa Brownies

4 egg whites
1 tsp. vanilla
1/2 cup cocoa
1/4 tsp. salt

1/2 cup Crisco Oil
1 1/3 cups sugar
1 1/4 cups all purpose flour

Place egg whites in large bowl and whisk until slightly frothy. Stir in oil, vanilla, sugar, and cocoa and mix well. Stir in flour and salt until batter is well blended. Pour into oiled 9" x 9" pan and bake in preheated 350 degree oven for 26 to 28 minutes. Cool completely before cutting. Makes 18 brownies.

Baked Apple Crumble

6 cups sliced, peeled apples
3/4 cup lightly packed light brown sugar
1/2 tsp. cinnamon
1/2 cup vanilla lowfat yogurt (optional)

2 Tbsp. orange or other fruit juice
1/2 cup all purpose flour
3 Tbsp. Crisco Oil

Heat oven to 375 degrees F. Oil 2-quart casserole or baking dish. Arrange apples evenly in dish. Drizzle with orange juice. Combine sugar, flour, cinnamon. Mix in oil until crumbly. Spoon over apples. Bake for 35 minutes or until apples are tender. Cool slightly. Serve warm. To serve, spoon one tablespoon yogurt over each serving. 8 servings.

ENMU Students And DeShazo Students Enjoy Week Of Fun

Mrs. Donaldson's third grade class recently participated in a teachers education project presented by students from the ENMU College of Education. As a part of the teachers training program at Eastern New Mexico University, students are required to go into the public schools and teach for a week. DeShazo Elementary in Muleshoe was the local school participating.

The ENMU students presented a unit on communities and Muleshoe Then and Now. The third graders enjoyed making butter, drama, dressup, studying about the XIT ranch, and the importance of the mule to the settlement of this area.

ENMU students teaching the lesson were Debra Lusk and Lisa Bryant of Clovis, and Connie Alanis and Terri Bohler of Muleshoe.

IRS Seeks Income Tax Check Recipients

Earlier this year, the Dallas District of the Internal Revenue Service matched up just under two million North Texas taxpayers with their refund checks. But 2,868 refund checks were returned to IRS by the U.S. Postal Service and now IRS is trying to find the owners.

According to Terry Green, Chief of the IRS Taxpayer Service Division, the most common reasons for the returned checks are that the taxpayer has moved and failed to give the government a forwarding address, illegible handwriting on the address portion of the return, marriages, remarriages, and divorces.

The checks range in amounts from \$1 all the way to more than \$15,000 with the average refund amount being \$438.

Taxpayers who believe they were due a refund in 1993 which they have not received, should call toll-

free 1-800-829-1040 to learn how they may claim their undelivered check.

Persons in this area due a check include: Michael Anzaldua, Muleshoe; Rey Reyes and Fernando and Claudia Aguilar Jimenez, of Bovina; Jim C. Sutton, Jennifer J. Runyon, Randy Nutt, Linda K. McGary, Wayne A. Taylor, Tiffni J. Pearson, and Lisa Bowman, all of Canyon.

Also Jesse C. Jacobo, Ninfa Garza, Ronald and Brandie M. Robles, Tom Cook, Jermaine R. Franklin, Kristie Y. Jones, Eugene and Glenda Hernande Hernandez, Juan L. Cruz, Gayla M. Woodard Shipley, and June Hicks, all of Levelland.

Also Vicente Hernandez and Dawnita G. Thompson of Littlefield; Suella F. Johnson of Anton; and Felix C. and Margarita Aguirre Cilorio of Morton.

Better Business Bureau Report

Your Better Business Bureau continues to receive calls regarding the sale of 'look-alike' Dooney & Bourke handbags, wallets and key rings. We have two different scenarios-the call from the unsuspecting consumer who has just purchased a Dooney & Bourke product, got it home and found out it was a 'fake.' OR, the consumer that purchases a 'fake' Dooney & Bourke product with the idea that the fake looks like the real thing and didn't cost as much, so who does it hurt? Here are the facts: The exclusive line of Dooney & Bourke products are NEVER sold in flea markets, at-home parties, or discount outlets. Dooney & Bourke stands ready to have the counterfeit products seized and prosecute under appropriate state and federal laws. The unsuspecting consumer can help by complaining either to the U.S. Customs or the BBB. The other consumer must come to realize they are only perpetuating a counterfeiting scheme which is costing Dooney & Bourke millions and is against the law.

Craig Shergold, the young boy that was diagnosed as having a brain tumor and given little chance of survival made the Guinness Book of World Records as the individual who received the most get-well cards back in 1989. Craig underwent surgery which successfully removed the tumor and he is now in good health. The Children's Wish Foundation in Atlanta, Georgia which helped him collect the cards says the campaign has been over for several years. The chain letters keep surfacing, though. One letter stated "...Craig may now qualify for another spot in the Guinness Book..." Longest time span at one age with a terminal illness and little time to live". It's time to break the chain! If you have received such a letter or one has showed up at your business to send to 20 people, save yourself time, energy and postage-give with your head as well as your heart. Call us and check it out- 763-0459.

Over-Budget

When Sam was asked how he budgeted his income, he replied: "Oh, about 40 percent for food, 30 percent for rent, 30 percent for clothing and 20 percent for amusement and incidentals." "But that makes 120 percent." "Don't I know it!" agreed Sam, with a groan.

News From Congressman Larry Combest

U.S. Representative Larry Combest (R-Texas) cautiously welcomed reports that Mexico has given assurances to sugar beet growers regarding the North American Free Trade Agreement. Congressman Combest cautioned that whatever assurances the Mexican government may have made on sugar beets will require close scrutiny. Congressman Combest continues to address NAFTA's impact on stemming the illegal immigration from Mexico, as well as the 19th Congressional District's many economic concerns before making a decision on NAFTA.

The annual Sandhills Arts and Crafts Show, sponsored by the Olton Young Homemakers has been scheduled for Saturday, November 27. The theme this year is "Christmas in the Country." The event will be held in the school lunch room located at 8th and Ave. G. in Olton. Hours for the show will be from 9 a.m. to 5 p.m.

There will be several booths this year as well as the Olton Police Department will be finger printing children, kids will have the opportunity to have their picture made with Santa, a tasting bee, and there will even be a booth to have your Christmas gifts wrapped.

Some booths are still available for \$25. For more information contact Rhonda Pinkerton, HCR 1, Box 158A, Plainview or phone her at 806-889-3700.

two additional charges, assault on the guard and escaping from jail.

"I am pleased, but sugar beet concerns are not yet signed, sealed and delivered, and meanwhile my work evaluating NAFTA on stemming unwanted immigration and important economic concerns continues," said Combest. "Questions remain unanswered and I intend to cast the 19th District's vote based on the facts."

More than half of Texas sugar beets are produced in the 19th Congressional District. The region's sugar beet producers asked Combest to address their concerns that Mexico would swap cheaper corn sweeteners for domestic use and then export their surplus to compete with U.S. production. Texas Sugar Beet Growers Association President Bill Cleavinger of Wildorado echoed Combest's caution regarding world of Mexico's response to critical sugar beet concerns.

"We have learned over the last six months that until you see it in writing and it is signed, then you cannot depend on anything because this is not the first time we have been through this," said Cleavinger. "Larry Combest has worked with us right down the line and has been very supportive and I think we owe him a lot of gratitude for his support and cooperation in this."

TDH Investigating Infections Caused By Food-Borne Bacteria

The Texas Department of Health (TDH) is investigating reports of possible food poisoning by bacteria-contaminated beef or raw dairy products. Between Oct. 3 and Nov. 3, TDH received eight reports of patients suffering symptoms of infections from food-borne bacteria.

Some of the patients, mostly children in widely scattered counties, have been found to be infected with a dangerous strain of bacteria, Escherichia coli (E.coli 0157:H7). The sometimes lethal strain, typically found in raw or undercooked beef or in unpasteurized milk, was named as the cause of large food poisoning outbreaks, including several deaths, on the West Coast earlier this year.

While TDH continues to investigate, officials have said that none of the five children and three

adults appear to have shared a common infection source. Individual patients in Erath, Runnels, Jones, Dallas, Potter, Nacogdoches, Harris and Huthinson counties all have suffered severe, bloody diarrhea and cramps with no fever.

At least six patients have developed a complication called HUS (hemolytic uremic syndrome), which can cause kidney failure, seizures, blindness, neurological disorders and death. Of those six, five were 3 or younger, and two of those have died.

TDH has alerted hospitals and other medical personnel to test patients with known symptoms of the specific strain of E. coli and to report any possible cases to the TDH Infectious Disease,

agricultural goods we are shipping or that we can be shipping to Mexico every year," Perry said.

The commissioner noted that U.S. exports of high-value ag products to Mexico have increased by more than 40 percent over the last six years. High-value ag exports make up 70 percent of the nation's agricultural sales to Mexico.

Rejecting NAFTA could jeopardize a growing market for our farmers, ranchers and agricultural processors, Perry said.

"If we don't pass NAFTA, these numbers could take a nosedive. NAFTA will guarantee continued access for these and many other U.S. ag products."

The items in the baskets represent many jobs for Texans, Perry said.

"These baskets represent not only quality Texas-manufactured foods, but also jobs. About 21,000 jobs are supported by the industries that have donated their products. Keep in mind that this does not include Epidemiology and Surveillance Division which is conducting the investigation."

New Organization Helps Veterans Find Lost Comrades

If you're a veteran of American military service, or currently on active duty, an old buddy may be looking for you. A new organization called Registry of American Veterans (ROAV) will be able to help you locate friends you served with in the Armed Forces.

ROAV is designed to be the largest private database of American veterans and military personnel in the United States. Its purpose is to alleviate the problems veterans encounter in searching for one another and putting former military friends back in touch with each other.

ROAV gathers information from veterans and computerizes their name, current residence, military units they served in and the time periods served in each outfit. Persons who join ROAV will receive an initial and annual printout of the database information of all veterans who served in the same unit during the same time frame as the joining member. The printout will show the current address and phone number of surviving unit veterans.

The service can assist in finding veterans for military associations

that are planning to hold reunions. However, it is expected to primarily aid long-lost buddies in locating each other. The user will be someone who thinks back on times of strong friendship in the military and wants to know what happened after military service. Maybe the friends shared hopes and dreams while passing long hours together on duty, or on stations far away from home.

Veterans are encouraged to write to ROAV for information on how to get themselves registered. ROAV will then send them the proper form to complete and become part of the database. The

address is Registry of American Veterans, P.O. Box 51148 Riverside, California 92517.

The Nature of Sex

A Look at Why All of Us Creatures Do What We Do.

The Nature of Sex is a dazzling expedition into the exotic and beautiful realm of animal reproduction. It has drama, intrigue, and loads of sex; it has comical characters, heart-stopping chase scenes, and bitter irony. It's an epic adventure, two years in the making—but it's like nothing you've ever seen before on television.

From the sea horse that mates in a hypnotic underwater ballet, to the rodent who copulates until he literally drops dead, The Nature of Sex spans the globe to illustrate how an astonishing diversity of life forms find their mates and conceive, then raise and protect their offspring.

What emerges most clearly about the universal libido is the ingenuity that

nature applies to getting the job done. There are creatures that need only one sex, or can be both sexes at once, or change from one to the other. In at least one species, the male becomes pregnant. In another, the male continues the sex act after its death.

In assembling its kaleidoscopic portrait, the program's cameras drift underwater, burrow into tiny tunnels, and soar into the skies, producing images that are alternately startling, eerie, comical, and violent. The surprises are unending.

The Nature of Sex will be broadcast Monday through Wednesday, November 22nd-24th at 7:00 p.m. On KENW-TV. Each episode is two-hours.

Changing Faces on Our Land —

Once Upon a Time on the Farm

Based on a collection of works by photographer Joe Munroe, Changing Faces on Our Land—Once Upon a Time on a Farm documents the dramatic changes that took place in the thirty-year period following World War II. These changes were brought about by the mixing of new technological considerations and agribusiness consolidation with the traditional social values of the family farm.

Today, only two percent of Americans live on farms. Yet nearly all of us have rural roots going back only a few generations. And we all benefit

from the bounty of the fields, and from the farmer's efficiency and harmony with nature.

For both city and farm viewers, the powerful images in this program enrich our understanding of a work ethic and a quality of life well worth preserving.

Changing Faces on Our Land: Once Upon a Time on the Farm will be broadcast Monday, November 22nd at 1:00 p.m.; Tuesday, November 23rd at 10:00 p.m., and Friday, November 26th at 10:30 p.m. on KENW-TV.

Lazbuddie Longhorns In District Playoffs

In a long hard fought battle, the Lazbuddie Longhorns lost out on the district title Friday night when they played Smyer. Smyer came out victorious with a 53-44 win.

The Smyer Bobcats put the first scores on the board when they kicked a 25 yard field goal.

Jon Colby Miller scored the first touchdown on a three yard run. The kick failed.

Smyer came back with a five yard run touchdown and the kick failed.

At the end of the first quarter, Smyer led on the scoreboard 10 to 6.

Smyer came back and scored three touchdowns in the third quarter and Lazbuddie scored one, giving the Smyer Bobcats a 28 to 12 lead on the scoreboard.

In the third quarter, the Lazbuddie Longhorns scored two touchdowns and the Smyer Bobcats scored one. At the end of the third quarter Smyer led on the scoreboard 46 to 34.

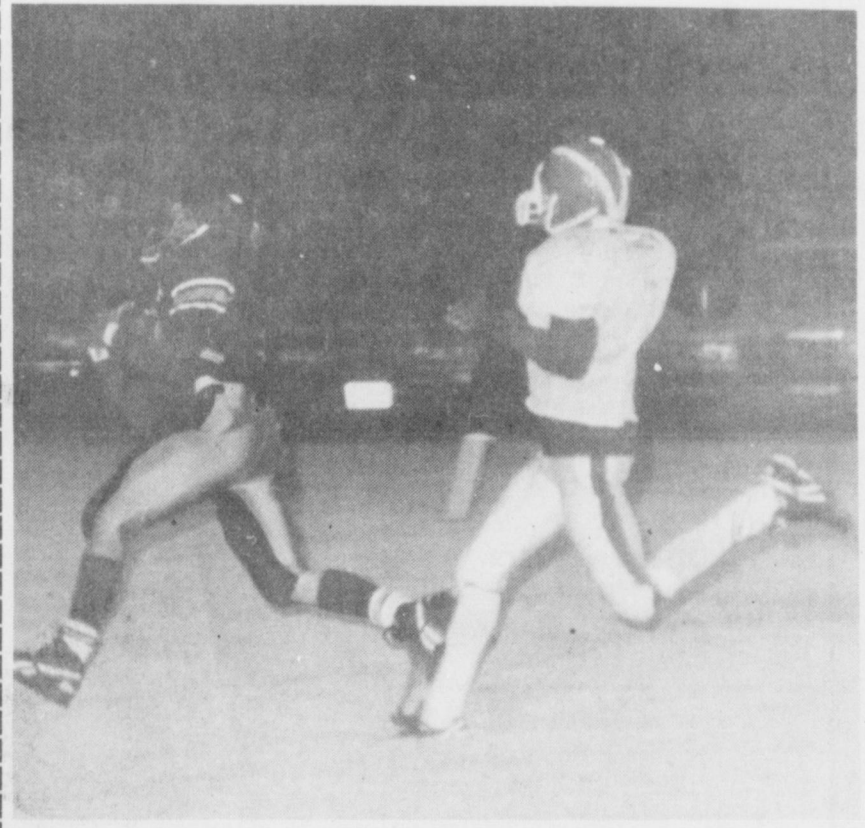

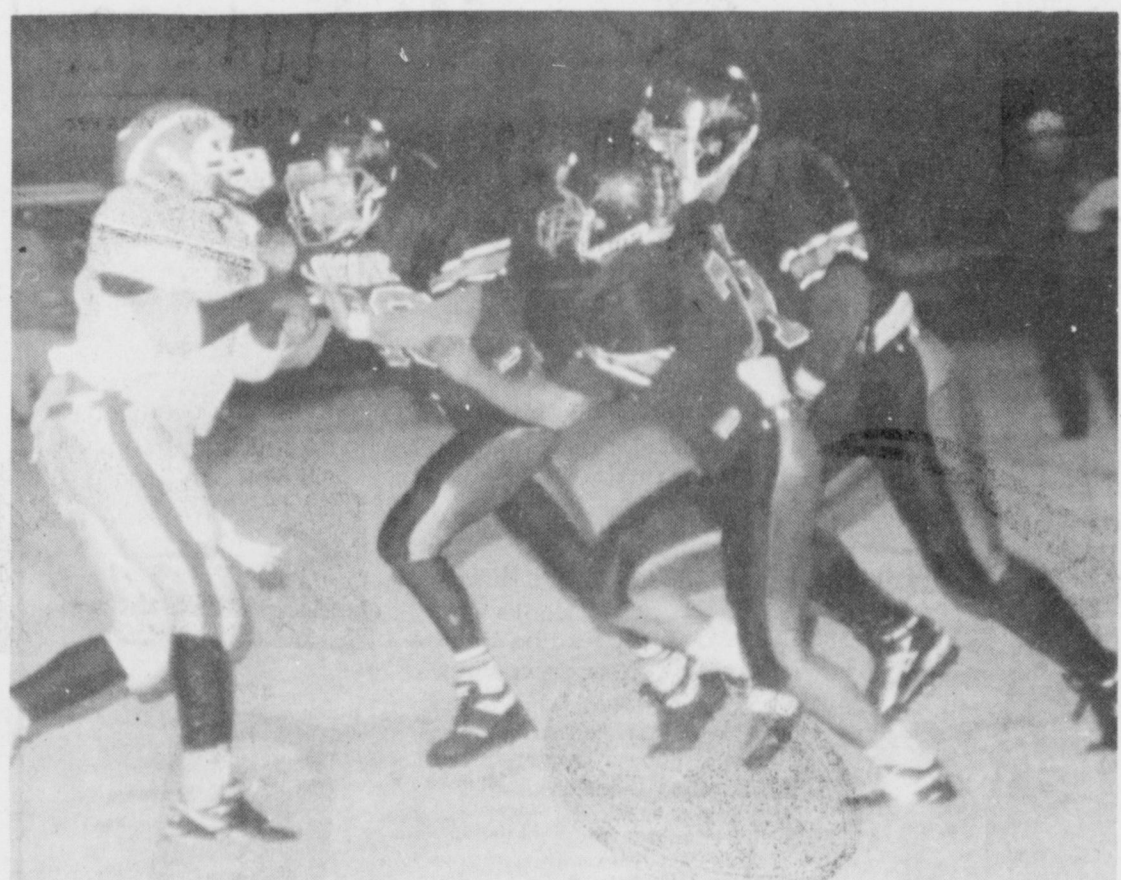

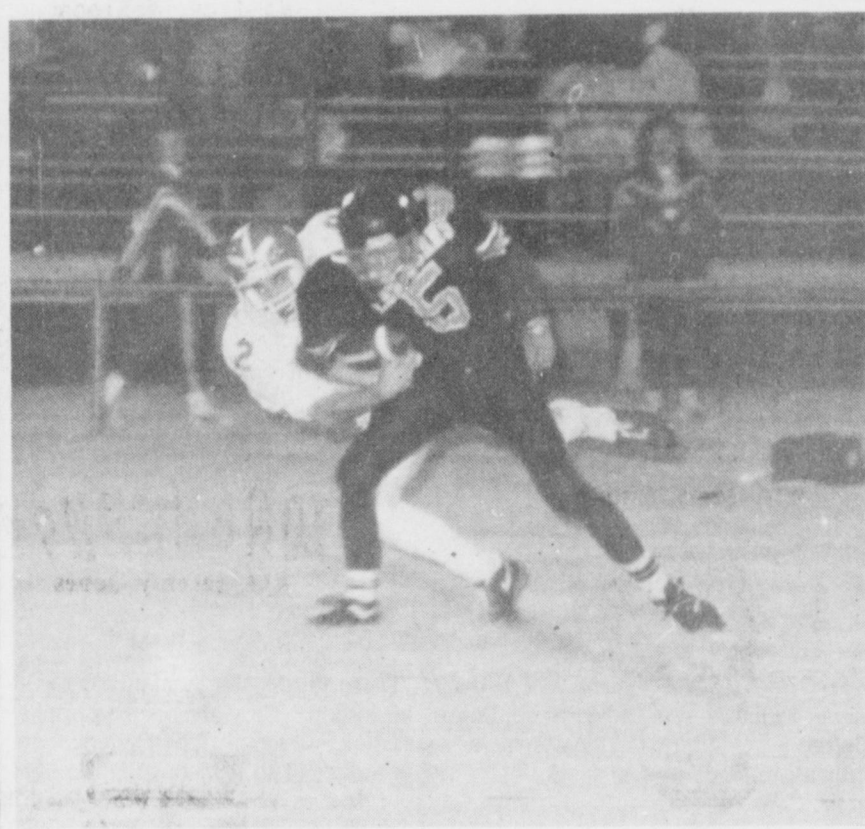

A fourth quarter rally brought hope to the Lazbuddie fans and put the Lazbuddie Longhorns to within two points of the lead, but the Bobcats bounced back with another touchdown and emerged with the win.

Smyer quarterback Courtney Mosely threw three touchdown passes, rushed for another and returned a fumble for a touchdown. Two of Mosely's scoring passes were to Kevin Mosely and one was to Mark Ramirez.

Lazbuddie came back from a 38-18 deficit with a touchdown pass from Brett Thomas to Jonas Hernandez and a 15-yard touchdown run by Jon Colby Miller in the third quarter. Smyer scored eight points on the touchdown pass from Mosely to Ramirez and a two-point conversion kick, but the lead was cut to 46-32 at the end of the third quarter.

Lazbuddie added a 24-yard scoring run by Miller in the fourth quarter and a five-yard touchdown run by Hernandez, but both conversion attempts failed, and the score stood at Smyer 46-Lazbuddie 44.

The Bobcats finished the scoring with a touchdown pass from Courtney to Kevin Mosely.

Muleshoe High School Creative Writing Mirror Image

by Fara Black
 Hey, you! in the mirror looking at me,
 Your face, every day, I believe I see.
 Some say you're fat; some say you're thin.
 I don't know for sure which side will win.
 Your feelings are where no one can tell;
 Sometimes you wish you can cast a spell
 on them. You look at all the other girls,
 And wish you could be in their worlds.
 Cheer up, my friend, someday you'll see,
 Someone will love you for eternity.

But I knew it would end,
 I knew I could not stay.
 Just a few minutes longer,
 I kept wanting to say.
 But it wouldn't have helped,
 I just had to go away.
 I knew I'd be back,
 But I didn't know when.
 I couldn't stand to leave
 One of my best friends.
 So I said good-bye,
 And I was on my way.
 I knew it was the end
 Of a big, long happy day.

Small Things

by Salome Cisneros
 There is a grain of sand,
 It feels like nothing in your hand.
 As it develops into something big,
 In it we all began to dig.
 As the wind blows very hard,
 The grain of sand travels far.
 As people drink water from a fountain,
 From the grains of sand, comes a mountain.

Happy Time

by Chad Montgomery
 It was a happy time;
 At least for that day.

Lost Friend

by Kalem Puckett
 I remember him as someone who was always there,
 There when I was crying and my heart would surely tear.
 Never did he let me down or give up hope on me,
 Whenever I was depressed, he could see.
 He was there when I needed him most of all;
 Many times he picked me up after a fall.
 Then one day I left him without a word,
 My teacher, my friend, my companion, my Lord.

Favorite Things

by Mikki Bowen
 Wranglers, Ropers, Cowboy boots,
 Country music is in my roots.
 Oh! How I love those two-steppin' tunes.

And all those smoke-filled finished rooms.

With John, and George, and Reba, too;
 These are only a favorite few.
 With Billy Ray and good ol' Clay,
 I love their moves in every way!

We've got broken hearts, and guys too smart;
 Each memory plays a drastic part.
 I love this music, can't you see?
 You'll never take the Country from me.

The Badger

by Brian Box
 Sean and I went hunting;
 We both heard something grunting.
 Sean asked, "What was that?"
 I said, "I don't know; I wish it would scat."
 There it was, quickly charging;
 I ran to the pickup and locked the doors;
 It let out some awful roars.
 Sean came running, faster than ever;
 He finally got very clever.
 Sean jumped in the back of the pickup.
 We both looked at what we thought was a wild pup.
 We were wrong; it was a badger;
 We could not talk, so we yelled "Fladger!"
 It stopped and it stared;
 It then got scared;
 It ran in the weeds;
 I guess it thought it did its deeds.
 That was the last time we saw it;
 We were glad because we threw a fit.

Love

by Oralia Mendoza
 Love is like the color of blood dripping from your heart;
 It sounds like a heart playing in the heavens.
 Love tastes like a chocolate hot fudge sundae
 And smells like a garden full of red roses.

The \$2.5 Billion

When Jimmy Carter was president, his major foreign policy accomplishment was getting Egypt and Israel to establish diplomatic relations, to end a state of war.

To get Israel to give up Egyptian oil fields it had taken by military force, the U.S. pledged to give Israel the oil without charge it would have obtained from the seized oil wells! To get Egypt to end its state of war with Israel, the Carter Administration and Congress agreed to pay off Egypt to the tune of \$2.5 billion American taxpayer dol-

lars--annually!
 The justification was that the United States needed a stable ally in the Mideast. That is still the line, and Americans are still paying Egypt \$2.5 billion plus \$5 billion to Israel, both annually.
 Egypt is no threat to the U.S. and never has been. Egypt was a threat to Israel; Americans bought Egypt's recognition of Israel, and greater Israeli security and are still buying it.
 Thus when commentators say our aid to Egypt is to give us a stable ally, this really means to give Israel security.

Thinking about drilling a well or installing a CENTER PIVOT IRRIGATION SYSTEM?

Interest rates are the lowest since 1970. Our improvement loan rate is currently 6.95% fixed for 10 years. A \$35,000 center pivot financed for 15 years will have an annual payment of \$3,830 for the first 10 years. A 10 year loan would cost \$4,971 per year. You can't hire a hand to move pipe this cheap. Take advantage of low rates. Save labor; Save water! Rates change every Wednesday.
