

Subscription Offer To Run Through July

SALMON — BENNETT

In a single ring ceremony performed in Carlsbad, N. M. on May 29, Miss Zaackie Salmon, daughter of Mr. and Mrs. Z. L. Salmon of Brice became the bride of Lt. L. F. Bennett, son of Mr. and Mrs. R. L. Bennett of Milwaukee, Wis.

Rev. C. E. Jameson officiated at the wedding which took place in the home of Mrs. Fred Kinnerly. Miss Billy Salmon, sister of the bride and maid of honor; and Mrs. Earl L. Knight of Lakeview, Texas matron of honor attended the bride. Mrs. Knight wore a two-piece white linen suit with brown and white accessories and a corsage of talisman roses.

Serving as best man was Lt. E. D. Broussard of the Carlsbad Army Air Field.

The bride wore an aqua pandora crepe two-piece dress with white accessories. Her corsage was of sweetheart roses.

Following the wedding reception was held in the Kinnerly home the wedding cake was cut by the bride and groom.

The bride is a graduate of West Texas State College in Canyon. Before her marriage she taught school in Brice.

The bridegroom is a graduate of the University of Wisconsin and has been stationed at the Childress Bombardier School. He is now taking special training at Carlsbad. - Amarillo Globe News

CRITICAL CONSERVATION

The next million 500-pound bombs that go crashing down on Berlin or Tokyo will leave behind them in America 5,790,000 lbs. of unused steel, because the Ordnance Department, Army Service Forces, redesigned the crate in which the tail fins for these bombs are packaged.

This is sufficient steel to make 413 half-track armored cars. The saving was accomplished by using smaller and thinner cross-bands on the crates, ribbing others, and discovering a new way to hold together the top and bottom plates of the crates.

According to Lt. Col. Robert M. Bacher, commanding Pantex Ordnance Plant, this is typical of the highly successful conversion and conservation program that is being achieved at certain Ordnance establishments throughout the country.

Shipping bands around the body of bombs that make it possible to grip, transport and store them are now made of paper. These paper bands are now used on all size bombs up to the thousand pounder and eight million pounds of steel a month are being saved through this substitution.

"New fields open up daily," Lt. Col. Bacher said, "and the old fields are all subject to review. Every machine gun tripod has three hinges. In peacetime, the few needed were machined from solid forgings. They are now being made by welding two stampings together. Small as these parts are, results are that on the next ten thousand tripods, enough steel will be saved to make 640 caliber .30 machine guns.

A lock nut assembly weighing 6.5 ounces has been replaced with four steel clips weighing .75 ounces. On one Ordnance Department contract, nearly nine carloads of steel were saved.

A plastic fuze body now replaces critical aluminum. One million plastic fuzes will save enough aluminum to build 270 fighter planes.

FOOD FOR 3-DAY FURLOUGH

A serviceman on a leave or furlough of at least 3 days hereafter will be provided with a complete application form for obtaining rationed food before he leaves camp. He will give the application to the person who provides his meals, who will submit it to the local board for food certificates within fifteen days after the furlough ends.

Mrs. O. T. Bundy spent Wednesday and Thursday in Plainview and Lubbock. Dr. Clarence Mast has received his call to the Navy, and reports to a Naval Hospital in New York.

The first week of the harvest bargain offer has brought in several new and renewal subscribers, who are taking advantage of the 50c saved in subscription price. The offer will probably last until well in July that subscribers whose expiration date is 7-43 may take advantage of the saving. The special offer this summer is \$1.50 per year—anywhere in the world. Folks wishing to send the paper to friends or relatives in service may still avail themselves of the regular "two for two" offer—your own subscription and that of a man in service for \$2.00. Over one hundred service men are receiving the Briscoe County News now in every part of the globe—and they write that, next to a personal letter, the home paper is welcomed most.

We want to say "Thanks" to the folks who have subscribed in the past few days and we are listing the names below. Names with an asterisk following are new subscribers:

NOTICE TO DRIVERS

I will NOT be in Silverton on July 1st for issuance of Drivers Licenses. My next date in Silverton will be July 29. Ray C. Wells State Highway Patrolman

EXTRA FOOD POINTS FOR HARVEST HANDS

Extra points for rationed foods may be obtained by families who have extra harvest hands to feed during the harvest season, according to Mrs. Marvin Tull, of the Food Panel of the Ration Committee. To obtain these extra points simply go to the local ration office and make application and sign a certificate telling how many extra persons you are feeding during harvest. This extra provision for rationed foods was made to enable farmers to obtain hands and board them as has been the custom in the past. Rationing, according to the community service member of the local board is simply "sharing" and no better folks to share with than those who are helping gather the crop.

GET YOUR \$5 BILL READY

Collector of Internal Revenue W. A. Thomas announced that auto use tax stamps in the denomination of \$5 were placed on sale in all postoffices Thursday, June 10. The stamps will evidence payment of the tax for the fiscal year beginning July 1, 1943, and must be purchased before that date. The stamps will be serially numbered, will be gummed on the face, and will have provision on the back for entry of the make, model, serial number and state license number of the vehicle.

Mr. Thomas said that, to guard against loss or theft, when affixing the stamps, the vehicle owner should dampen the windshield rather than the adhesive side of the stamp. This method has been recommended to keep the stamp intact upon the windshield. As an additional precaution, it has also been suggested that each motor vehicle owner make a record of the serial number which appears on the use stamp in the event the stamp should become lost.

Mr. and Mrs. T. L. Anderson, and Mrs. Stone left Saturday to visit relatives in Midlothian.

NORRID — WADE

Mr. and Mrs. C. W. Norrid have announced the marriage of their daughter Katherine Barbara, to Lieut. Faries Pelton Wade of Fort Sill, Oklahoma on Saturday May 29, 1943 at the Wesley Methodist Church in Oklahoma City.

Mrs. Wade attended Texas Technological College and the University of Texas. She has recently been employed by the Texas Liquor Control Board and as Secretary in the State Senate.

Lt. Wade is the son of Mrs. H. M. Wade and the late Judge H. M. Wade of Rockwall, Texas. He received his degree from the University of Texas Law School in 1940, where he was a member of Delta Theta Phi Fraternity. He is a former County Attorney of Rockwell County, having resigned from that office to go into service. He is now stationed at Fort Sill, Oklahoma where he is an instructor in the field artillery school.

Lt. and Mrs. Wade are at home in Lawton, Oklahoma.

LAVELLE'S ANNOUNCE PURCHASE OF HAGOOD'S

LaVelle's Department Store, in Tullia, are announcing in this week's Briscoe County News, the purchase of the entire stock of men's and boy's furnishings of Hagood's Dry Goods. LaVelle's, located on the West Side of the Square in Tullia, cater especially to well known and nationally advertised brands and the consolidation of the two stocks of goods will give their store one of the leading stocks in the area.

NOTICE to the METHODISTS

There will be church services this Sunday Morning at the local Methodist Church. Our people are invited to be present for the service. Time: 11:00 o'clock. T. G. Craft

PRESS STATEMENT OF SENATOR TOM CONNALLY OF TEXAS ON HIS ANTI-STRIKE BILL

The Connally Anti-Strike bill has passed the Senate and House and is before the President. The principal object of the bill is to keep war plants producing. On June 12, 1941, I offered an amendment in the Senate which provided for taking over by the President and the operation by the Government, of plants engaged in producing national defense articles wherever such production was impeded or hindered by labor disputes or strikes. That amendment was adopted by the Senate as early as 1941 by record vote of 67 to 7. However, it failed of adoption in the House of Representatives.

The bill was later modified and improved. The bill approaches the issue from the national viewpoint from the war needs, from the dire necessity to keep plants going and to keep production moving to our heroic men on the far-flung battle fronts in this war. The main provisions of the bill are: (1). It prohibits any strikes in a Government-operated plant or plant seized by the Government, under penalty of imprisonment and fine. (2). It provides for a 30-day notice of a labor disturbance in a private war plant and a secret ballot. (3). If a strike then occurs the Government can take over and penalties will operate against any further strike. (4). It gives the War Labor Board power of subpoena and clear statutory powers. (5). It is no offense for any individual worker to quit work in any seized or Government-operated plant but penalties are provided for inducement or conspiracy with others to interfere with the continuous operation of a Government operated war plant. (6). It authorized the President specifically to take over strike-bound plants.

No citizen of the Republic is above a sacred duty to his country and to his fellow citizens in this time of emergency. The war must go on until victory is achieved. Plants and mines must go on and get their goods to the armies if we are to crush the enemy. The bill is a champion of the national need, the climactic national need of keeping the stream of weapons, equipment and munitions going to the battlefields where our flag is flying and where our boys are battling for victory that shall not be long delayed.

Fastest Moving Harvest In History Swamping Elevators And Transportation

MRS. SHAFE WEAVER HONORED

A miscellaneous shower honoring Mrs. Shafe Weaver of Brice was given Monday June 21 at the home of Miss Emma Bullock, at Antelope. Mrs. Weaver, the former Jonnie Allard, is the daughter of Mr. and Mrs. Roy Allard of the "Shoe-Bar-Ranch."

Hostess were Miss Emma Bullock, and Mrs. Oscar Bullock. The brides chosen colors of blue and white were used in the decorations. Janice Bullock and Billie Edens, dressed as farmer and farmerette entered on a little tractor trailing a wagon carrying the gifts for the bride.

Refreshments of punch and cookies were served to Mesdames B. T. Harris, Billie Harris, Henry Edens, Oscar Bullock, Gilbert Westerman, D. W. Evans, Dan Dean, C. C. Brown, Matt Weaver, W. F. Durham, E. D. Paynor, W. R. Durham, J. C. Durham, A. L. Durham, Bill Edens, Roy Allard, Misses Pat Paynor, Bettye Brown, Marian Evans, Juanita Edens, Jean Brewer. Sending gifts were Mesdames Star Johnson, G. D. Craft, Bray Cook, L. L. Waldrop, Ray Harper, Elmer Sanders, E. R. Rorie, Winnie Pyett, Carol Ergar, Bill Miller, Cal Holand, Misses Vad and Pat Holand and Mr. Ewing Weaver and Dan Dean.

JUNE WEAST HONORED

Miss June Weast, who is to be married in the near future to T. Sgt. E. T. Evans of Gary, Indiana was honored here the past week when Mrs. J. F. McWilliams, entertained with a breakfast followed by table games. The table was centered with a large basket of white and blue flowers the chosen colors of the bride to be. The plates were marked with miniature brides-which held the name of each guest. Before being seated for the breakfast the honoree was presented a large corsage of defense stamps, and gifts of lingerie.

The guest list included Mrs. Vincent Smith, Mrs. Louie Kitchens, Mrs. Emory Mills, Mrs. Paul Stanforth, Mrs. Lowell Jarret, Miss Maxine Durette of Post, and Miss Lucile and June Weast. Miss Weast is the attractive daughter of Mr. and Mrs. George West of South Plains, she was a graduate of Silverton High School and West Texas State Teachers College. Miss Weast has taught the past two years at Phillips.

JUDD DONNELL INJURED IN FALL FROM WINDMILL

Judd Donnell was seriously injured in a fall from the windmill at his home last Thursday afternoon. Judd was on the ladder step next to the platform when it gave way and he fell landing on his feet. Unable to summon aid, he crawled to his pickup and drove to Jake Carthels, and Jake brought him to town. He was taken immediately to the hospital at Tullia where Ex-Ray pictures were made. No bones were broken but the ligaments in both legs were torn loose, and his arches were injured. He will be unable to walk from two to three weeks, and can not use crutches as both legs are injured.

DON'T TRAVEL UNNECESSARILY

To relieve crowded trains and busses, the public is asked not to make unnecessary trips. ODT has defined trips for the following purpose as non-essential: (1). To other cities to visit friends. (2). Home for the week-end; (3). Sight-seeing; (4). To the theatre, races and other places of amusement; (5). Any social travel or travel for pleasure; (6). Travel merely for the sake of going some where.

Mr. and Mrs. J. W. Lyon Jr. visited with relatives in Quitaque over the week end.

Directions: From Clarendon follow road to JA Ranch headquarters, until road signs show the way. A. W. HOWARD, Owner Jack Coulter, Auctioneer

Elevators Are Working Night and Day To Handle Unexpectedly Fine Wheat

The 1943 wheat harvest broke into full swing early this week, and every day sees thousands of bushels of the golden grain pouring into Silverton and Whiteley Switch elevators.

Weather is ideal for harvesting and up to date this is the fastest moving harvest ever seen here. Many commercial machines have been moved in and there is very little labor shortage.

Wednesday night, a check-up at all the elevators revealed that 150,000 bushels had already been hauled to local elevators. Already wheat is being piled on the ground around the elevators and even on the pavement around the court house square.

Failure to obtain much needed box cars has forced elevators to lower estimates on the amount of storage space that is available for government loan wheat. Many farmers are selling outright this year instead of placing their grain in storage for the government loan. The loan on wheat this year has been set at \$1.20 for No. 1 wheat and the market price is \$1.16 Thursday morning.

Most wheat is yielding better than expected with most of it going 16 to 18 bushels per acre. The moisture content is low and the protein is high—it is a good crop.

SEVEN MEN LEFT WEDNESDAY FOR FINAL PHYSICAL EXAM

Seven men left Wednesday for Lubbock to take their final physical exam prior to induction into the armed forces. They were: LeRoy Hutchinson, Quitaque Clinton Brown, Silverton John McGavock, Silverton Grant Barclay, Lone Star Wm. Grant Brumley, Quitaque Wally Ballard, Quitaque Pete Barrow, Silverton Clenton Spilman, who was included in this week's call, left last week for Navy service. Clinton Brown, listed above, said Wednesday night that he was accepted by the Navy and will leave for duty Monday.

WOMEN MUST WORK

By December, 1943, one-third of the female population of working age — 17.4 million women — will be required for the civilian labor force and the armed forces, said WMC Chairman Paul V. McNutt. At least 2 million women must be added to the labor force in 1943.

Co-Operative Handling Of Your Wheat Will Make You Money

We want to remind you again that we are operating as a co-operative elevator—a farmer-controlled concern. There are many advantages in a co-op but right now, the chief one is that we can net you more money on the wheat you haul us.

We have again been designated as a lending agency of Commodity Credit Corporation. We handle government loans on wheat stored on your farm or in this elevator, and your check is written right here in our office. There's less red tape — and less delay.

Investigate Us

We urge that you investigate this farmers' co-op. Join in with your neighbors by becoming a member. We paid a 2-cent patronage dividend on wheat handled in 1940, 1941, and 1942 — We believe we can net you more money on your wheat!

Silverton Co-Op.

AGGIE BRIEFS

Increase in 1944 National Wheat

As a result of the International Conference, the 1944 National wheat goal has been increased over the 1943 goal. The amount of the increase has not been announced, but a substantial increase in winter wheat seeding is desired in Texas as well as other states. Information in regard to the 1944 wheat allotments will be passed on to wheat farmers as soon as received.

Wheat Loan Rates
The 1943 wheat loan rates as announced by Commodity Credit Corporation for Briscoe County are: No. 1, \$1.20; No. 2, \$1.19; No. 3, \$1.17; No. 4, \$1.14; and No. 5, \$1.11.

Protein Premiums are: on wheat ranging 14.0 to 14.9 protein, premium one cent; 15.0 to 15.9 protein, two cents; 16.0 or over three cents per bushel respectively.

We have been advised that storage terminals have ample storage space, but there is an acute shortage of railroad cars for shipping wheat as most cars are being used for shipping vital war materials.

From the amount of wheat that is being placed on the ground the elevators and on the street, we could use a lot of box cars. It is hoped that this shipping problem can be solved in the near future and the wheat moved to places where storage space is available.

Farm Operators to Report 1943 Crop Measurements.

Due to the need for conserving travel and man power, and to insure that farmers will receive proper credit for acreage planted to various crops and production practices carried out in 1943, all farm operators are being requested to report compliance on their farms.

This report may be made at the County AAA Office at any convenient time, or there will be community meetings after the harvest rush for this purpose.

It is only necessary to have actual measurements on wheat and cotton. The 1943 wheat acreage has been measured on most farms and where this acreage has already been determined, it will only be necessary to measure the 1943 cotton acreage. The acreage of all other crops can be estimated

"Come into office, prepared to leave for Arkansas."

So read the telegram from the managing editor of the old Fort Worth Record of which I was staff correspondent, with headquarters in West Texas.

And that was the beginning of probably the most enjoyable trip your columnist ever made - back in February, 1925. First stop was Texarkana, the city that sits astride the boundary of Texas and Arkansas, where I was told the intriguing story of a man who was "wanted" in one state and was arrested in the other. Extradition would be slow and expensive, so he was taken for a walk along State Line Avenue and was given a sudden shove, which landed him in the other state where two officers "happened" to be right on the spot and he was grabbed before he could scramble back across the line! — (or so I was told)

Next place visited was El Dorado where an oil boom was in progress. Then a trip up the mountains western side of Arkansas in the course of which the train made a 15-minute supper stop. Not wanting to miss the train, I pitched in and hastily ate a salad, soup, half a fried chicken with potatoes and corn, and was just starting on a dish of ice cream when the conductor poked his head in the door of the Harvey House and said, "You have now been eating five minutes." (No doubt I had set some sort of mark for devouring nine-tenths of a full course dinner.)

Visited Fort Smith and was told about the days when that was the law center for Indian Territory and the "hanging judge" would sentence two or three outlaws to death in a day. In fact, the executions of seven criminals were to take place in one day and the hang man was elated as he would be setting a record for the United States but, at the last minute, one of the men was granted a reprieve and so the executioner got to hang only six and he was so mad about it that he wouldn't eat his supper that night!

On into Fayetteville and Eureka Springs in the picturesque Ozarks Hot Springs, with its palatial bath houses lining the principal thoroughfare, and then to Piggott, my birthplace. I saw my grandfather for the last time - in some ways, the most remarkable character I have ever known; and looked too for the last time upon the old log cabin where so many happy vacation days of boyhood had been spent - it burned down two years ago.

That same day, I left Arkansas,

cut across a corner of Missouri, and next morning landed in Memphis, Tenn., and there I saw C. P. J. Mooney, my first editor, for the last time; hopped down to Coldwater, Miss., where I had attended school in the seventh grade - (my last sight of that town, which soon is to be covered with water in a river project); then back to Memphis that night and boarded a Texas bound train - having jumped, in 24 hours, over State lines like a small boy playing leap frog - Arkansas, Missouri, Tennessee, Mississippi, back to Tennessee and then to Arkansas.

Rolled in Fort Worth after exactly four weeks, without having had any definite schedule but never missing a train or a bus. Had set out with "expense" money and turned back \$1.20 to the newspaper cashier. (Any newspaperman will tell you that's unprecedented.)

Yes, that trip through the "Wonder State" of Arkansas was filled with memorable memories.

Storage Facts

Because of a shortage of box cars, we are forced to reduce our estimate of Storage Capacity for new wheat. We believe that our bonded capacity for Government-stored wheat will be reached before harvest is over.

However, we will be in the market for your wheat at all times, and will ship it after harvest if cars are available.

Your business is appreciated, and you may be assured that we will handle your wheat to the best of our ability.

ALL GOOD BUSINESS IS APPRECIATED

WHITELEY SWITCH Earl Lane, Mgr.

Harvest Time Is Hurry Time

Yes, you are in a rush this harvest and time is more valuable than ever before. You can save a little of that valuable time if you let us care for your clothes.

We have many customers, who leave it strictly to us to keep their wardrobe in order. Besides guaranteeing you complete satisfaction in cleaning and pressing, we specialize in alterations of all kinds, and at a very nominal charge.

You'll Go A Long Way Before You Find Better Service or Lower Prices Than You'll Find At The City Tailors.

One of our greatest problems is that of HANGERS. If you want your suit delivered on a hanger, it is absolutely necessary to bring your hanger. Those hangers have "gone to war" you know, along with dozens of other everyday articles.

City Tailors

Harvest Eatables

Harvest Days are upon us and we are wishing you the best yield ever. People of Silverton and vicinity have been buying their harvest groceries at Cowart's for nearly a half century and have saved money by doing it.

It's a lot different this year because of food rationing. If you have extra hands to feed you may obtain extra ration points for harvest.

We'll be glad to furnish you with your harvest groceries and at the very lowest possible prices.

We want your business, not only at harvest, but every day in the year.
