# All Americans Ordered To The Attack

# Proclamation

TO THE PEOPLE OF THE UNITED STATES

## Proclamation

RECOGNIZING THE FACT that in carrying the war into enemy territory, we shall need greater amounts of money than any nation has ever asked from its citizens in all history, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do officially proclaim that on Thursday, the ninth of September, 1943, the Third War Loan shall be launched.

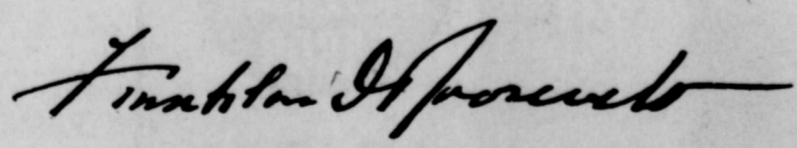

As Commander-in-Chief, I hereby invoke every citizen to give all possible aid and support to this Third War Loan drive, not only so that our financial goal may be reached, but to encourage and inspire those of our husbands and fathers and sons who are under fire on a dozen fronts all over the world. It is my earnest hope that every American will realize that in buying War Bonds in this Third War Loan he has an opportunity to express voluntarily and under the guidance of his conscience, the extent to which he will "back the attack."

The American people supported well the first and second War Loan drives and in fact did even more than was asked of them. Our need for money now is greater than ever, and will continue to grow until the very day that Victory is won; so we must ask far more sacrifice, far more cooperation than ever before.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington, this twenty-sixth day of July, in the year of our Lord nineteen hundred and forty-three, and of the Independence of the United States of America the one hundred and sixty-eighth.

By the President:  
CORDELL HULL  
Secretary of State.

**Largest Drive In History of War To Open September 9th**

President Roosevelt, acting as Commander-in-Chief, this week ordered the American Forces to the attack, and gave them an objective that challenges the fighting ability of every American. Contrary to the procedure in the Invasion of North Africa, the objective was boldly announced in advance, as was the actual date of the opening of the attack.

September 9 marks the opening of the greatest drive on the Home Front—bond buying. American minded citizens are asked to purchase FIFTEEN BILLION dollar worth of War Bonds in the last three weeks of September in order to back the actual military invasion of Europe which is expected at any time.

Every man, woman and child in America is asked to take part in this great monetary offensive—in fact it is vitally necessary that every American does take part in it. Texas is expected to purchase 420 million dollars of government securities, and the quota given to Briscoe County is \$211,900.00. This quota is a little more than twice the one given us in April—\$105,000—and which was over subscribed by around \$20,000.00.

Comparable in importance to any military movement in this war, the Third War Loan is a twin-pincer movement with one prong aimed directly at buying supplies with which to carry the fight to Germany in Japan, and the other aimed at the enemy Inflation by siphoning off a large part of the surplus buying power that has come about through war industries.

The call for \$211,000.00 for Briscoe County gives us a real job. It is going to be hard work and it is going to call for much sacrifice as far as spending goes. This quota will not be met with surplus dollars. It is not going to be met with 10 percent or twenty percent. That quota represents every available dollar to which we can lay our hands. It means that every man, woman and child in Briscoe County must invest \$53.00 in War Bonds this month.

As was stated above, the drive actually opens on next Thursday, September 9—however, all bonds purchased this month will count toward giving us our quota. Buy an extra bond this very day.

Workers and committeemen named in last week's paper are given again. They are:

- General Vice-Chairmen,
  - Roy W. Hahn, Silverton
  - H. G. Gardiner, Quitaque
- Vice-Chairmen,

MEMBER PANHANDLE  
PRESS ASSOCIATION

Entered as second-class matter at  
the Post Office at Silvertown, Texas  
under the Act of Congress of  
March 3, 1879

Subscription, per year — \$2.00

WHEN A MAN stands in front  
of the preacher and says, "I do",  
it is the last time that he uses  
those words in that order. From  
then on out, it is "Do I?"

RUSTY ARNOLD was telling  
of a fellow visiting in Dallas that  
asked a native that was slightly  
oop-legged, how to get to the  
Post Office. He said, "Go south  
nine blocks and three west.—No,  
that ain't right. Go west three  
blocks and nine south. No, that  
till isn't right—well, Mister I  
know exactly where it is cause I  
have lived here thirty years. But  
here just ain't any way to get to  
t from here."

I WAS TELLING Mr. Wilkins  
he above yarn and so he had one  
—he said it really happened at  
Cullia a few weeks ago. A fellow  
topped another on the street by  
feared and Jones Store and asked  
he way to go out to the highway  
eading to Amarillo. This fellow,  
oo, was in a slightly inebriated  
ondition but very serious about  
giving his directions—"Well, you  
go west right on this street. Keep  
right on going until you come to  
he depot—and then when you've  
ome to the depot, you've gone a  
lock too darn far. Turn around  
nd come back to the Amarillo  
highway and go north."

BILL McCracken told me  
his week NOT to tell folks any-  
hing about coal, and buying it  
efore cold weather. "I guess they  
now by this time that it is being  
ationed in some sections and so  
hey'll probably be right in after  
t." Now that is Bill's semi-pe-  
uliar way of writing an ad. Tells  
ne not to do it when all the time  
here's a pile of coal at the Co-op  
hat's for sale. Of course he might  
e right. Folks maybe have pleny  
of coal on hand now to last  
rough the winter. I don't know  
hat he'll do with what, he has  
n hand—ship it back I guess and  
ell them that there was no de-  
mand for it.

J. W. LYON, JR. in explaining  
is draft call said, "Got a letter

from the President. It said,  
"Greetings: I have run this son-  
of-a-gun by myself just as long  
as I can. I need you."

SO, OF COURSE from that, he  
thinks that he is going in some  
kind of an advisory capacity. Of  
course, before he takes over he  
may have to have a year or so of  
marching, K. P. or deck scrub-  
bing, as the case may be. After  
that he will be sitting pretty, and  
so will the President.

WELL, I DO wish that you'd  
take a look at that weed patch  
west of the News Building. I am  
offering a two cent reward for  
every block in town that is burned  
or cleaned off any slicker. I got  
my sweat glands opened up last  
Sunday morning as per schedule  
and started knocking them at 8:00.  
I kept at it until the Church across  
the street started singing "Work  
For The Night Is Coming" and  
"Yield Not To Temptation." That  
did it. I was tempted to keep on  
working but I did not yield. I  
was getting weak anyway, so it  
was easy to be strong. Later in  
the day the fire boys came to  
my rescue and burned the lot.

WHEN GENE WORLEY came  
here he announced that he would  
speak from the court house lawn.  
And I announced it that way in  
the paper. Since then a dozen  
people have asked me "What  
Lawn?". And so I ask it to you—  
What and Where Lawn? Is it  
that bare and bald plot of ground  
surrounding the court house. The  
one that is bordered by half dead  
trees? The place that looks like  
Stalin's scorched earth policy?

THAT LAWN IS one of those  
Pre-War laws. It was there be-  
fore the war I mean—but it isn't  
there now. Why I don't know un-  
less it has been absorbed into the  
war effort, and I doubt that. Ser-  
iously, the place looks terrible.  
The trees are doing no good al-  
though I wouldn't say they were  
going to die. It takes ten years  
to produce trees like that and  
about four months to kill them.  
The same can't be said for the  
lawn. The grass could be replaced  
in six weeks with a little plowing,  
grass seed, and water and last but  
not least—some daily care.

**BOMAR BOYS OUT OF STORE  
AFTER EIGHTEEN YEARS**

September 17, the Bomar boys  
(Tom and Orin) will round out  
exactly eighteen years of service  
as Silvertown druggists, and on that  
day they will turn the key to Mr.  
John Bain who purchased the  
drug store from them last week.  
The Bomars have had a nice  
store and a nice business all thru  
the years and they will be great-  
ly missed in the ranks of Silvertown  
merchants and business men.  
They will continue to operate the  
Silvertown Undertaking Company,  
and their farming interests near  
Silvertown.

Mr. Bain is an old time Silvertown  
resident too, having been in the  
cave business here for years.  
The past two years has been spent  
in Clovis where he operated a

large cafe. He will make an an-  
nouncement later as to the oper-  
ation of the drug store.  
Bain has purchased the home  
of Otis Wilborn in the west part  
of Silvertown and will make that  
his home. The Briscoe County  
News joins the rest of the Silvertown  
in welcoming the Bains back  
home again.

**School To Be Post-  
Poned If Dry, Hot  
Weather Continues**

Plans are complete for the open-  
ing of school except that the open-  
ing date of September 6 is not de-  
finite. The school board has an-  
nounced that if the weather breaks  
with a general rain, school will  
open Monday. If the weather con-  
tinues dry and hot, school WILL  
NOT open but will be postponed  
until further notice.

The school board is making this  
announcement because of the in-  
fantile paralysis cases in this vic-  
inity. Board members have ex-  
pressed themselves with the fol-  
lowing statement: "We do not  
wish to expose children in the  
slightest way and for that reason  
we believe that if the present  
weather continues we will not  
open the school. It is thought  
though that a cooling general  
rain would change the situation  
and that the opening of the school  
will not be dangerous. Definite  
announcement will be made Sun-  
day at all the churches."

The faculty is now complete.  
All of the high school teachers  
have their degrees and have had  
teaching experience. Mrs. Bertha  
Lewis, of Wheeler will teach Eng-  
lish in the High School and is the  
last teacher to be employed. The  
roster of teachers includes:

- F. M. McCarty, Superintendent,
- American History
- Mrs. Otto Denton King, High  
School Principal and Algebra
- Miss Opal Cross, Geometry, Gen-  
eral Science and Pre-flight  
Aeronautics
- Miss Louise Rumpy
- Mrs. Gaynelle Douglas McWil-  
liams, History and Speech
- Miss Lenell Montague, Commer-  
cial Subjects
- Rev. T. G. Craft, Eighth Grade  
and General Mathematics
- Mrs. Otis Tidwell, 7th Grade
- Mrs. Charlene Wilkins 6th Grade
- Mrs. Bernice Welsh, Fourth and  
Fifth
- Mrs. Althea Hutchinson, 3 Grade
- Miss Anna Lee Anderson, 2  
grade
- Mrs. Ruby Steele, 1st Grade
- Mrs. R. Wilkerson, Music (priv-  
ate)
- Mrs. Mable Tiner, Librarian

The first faculty meeting will  
be held Saturday morning, September  
4.  
Only one new course, speech will  
be offered in high school.  
A short opening exercise will  
be held at 9:30 the opening day of  
school. All parents and interested  
citizens are invited to attend this  
program. Following the program,  
registration and issuance of books  
and assignments of lessons will  
finish the program for the day.

This should be completed by  
noon.

**Opening Exercises**  
Song — America  
Devotional  
Violin Solo — Carlyn Wimberly  
Vocal Solo — Thelma Gean Mer-  
cer  
Outline of Years work and  
Announcements - Supt. McCarty  
The school is unusually fortu-  
nate to have its faculty so nearly  
complete, for many nearby schools  
have many unfilled vacancies.

Busses will run approximately  
the same routes as last year. The  
program will be almost unchanged  
from last year. Busses will arrive  
at 8:30, checking will begin at  
8:45 and class work will begin at  
9:00. The school will operate on  
the hour periods and will dismiss  
at 4:00 in the afternoon.

Due to the shortage of equip-  
ment and workers, it was impos-  
sible to complete plans for the  
lunch room as had been hoped.  
It is expected that about 425  
students will enroll for this year's  
term.

All busses have been repaired  
and should be in condition to run  
on satisfactory schedules. Bus  
drivers are requested to come to  
the superintendent's office for in-  
structions as to the operations of  
the busses during the year immedi-  
ately after the days opening  
exercises. It is hoped that each  
driver can work out a carefully  
planned schedule, which will be  
posted on the windshield of his  
bus, in order that the children will  
know when to expect the busses  
to arrive in the morning and when  
they will reach home in the after-  
noon. It must be distinctly un-  
derstood that students are subject  
to school discipline from the time  
they enter busses until they leave  
them in the afternoon. It shall be  
the driver's duty to see that this  
is enforced. He is instructed to re-  
port the matter to the superint-  
endent who will take whatever  
steps necessary to see that proper  
conduct is maintained at all times

**ANNUAL ELECTION  
OF DIRECTORS**

The annual election of directors  
for the Silvertown National Farm  
Loan Association will be held at  
the County Court Room, Saturday  
September 4, at 3:00 P. M.  
This election is the most import-  
ant one for several years and it is  
strongly urged that you attend.

The office has been moved to the  
old District Judge's Office, ad-  
joining the District Court Room in  
the courthouse. Any business you  
have will be taken care of gladly  
at the usual office hours.  
Bertha Pavlicek, Sec. -Treas.  
By order of the Board of Direc-  
tors.

**BOB HILL BUYS GROCERY  
STORE FROM COWART**

A deal was closed the latter part  
of last week whereby Robert  
Hill became owner of the corner  
store formerly owned and oper-  
ated by Dick Cowart. Hill opened  
the store Monday morning of this  
week.

The store on the corner was  
established in 1898 by P. E. C.  
Cowart and has been in Cowart  
hands ever since. Mr. Cowart  
was here a few days last week and  
closed the deal. Dick announced  
no definite plans but spoke some-  
thing of moving to the west  
coast. Mrs. Cowart will make her  
home here, for the time being at  
least.

Mr. Hill has been employed at  
the Bomar Drug for a great many  
years and is an experienced mer-  
chant. He is being assisted in the  
store by Mrs. Hill. Silvertown  
friends wish Bob and Weta the  
best of luck and success in their  
new venture.

**AGGIE BRIEFS**  
Denton H. Smith  
Secretary Briscoe Co. Committee

**County Wheat Acreage Goal  
58,198 Acres**

Briscoe County has been asked  
to plant 58,198 acres of wheat for  
the 1944 crop. This acreage repre-  
sents the County's share of a state  
goal of 5,000,000 acres and a Na-  
tional goal of 68,000,000. The above  
County goal represents an in-  
crease of approximately 31 per  
cent over the 1943 county wheat  
allotment.

We need as large an acreage of  
wheat for harvest next year as can  
be grown with sound farming  
practices. Producers are cautioned  
not to create "dust bowls" in their  
effort to produce more wheat in  
1944.

No wheat payments are contem-  
plated for 1944, no wheat market-  
ing quotas will apply and no pay-  
ments will be conditioned on  
meeting or planting within goals,  
however if the following prac-  
tices are adopted on a farm, the  
producer will not be eligible for  
wheat loan.

1. Plowing up native sod to in-  
crease the farm wheat acreage.
  2. Seeding wheat on restoration  
land.
  3. Seeding wheat on land which  
is in poor state of cultivation or on  
"blow" ground.
- It is thought, the only pay-  
ments to be made to producers in  
connection with the 1944 Farm  
Program will be those paid for  
Production Practices carried out  
on the farm. Producers are urged  
to seed their wheat and all small  
grain crops following contour  
guide lines which have been de-  
termined not to have more than  
three inches fall per 100 feet and  
checked with surveyors "level" at  
not to exceed the terrace interval.  
**Farm Storage Announced**

Some South Texas cotton farm-  
ers are losing as much as \$15 per  
bale because they are unable to  
get this year's cotton crop in the  
Government loan, Geo. Slaughter,  
chairman, state AAA Committee,  
said this week.

For that reason, he points out,  
concentrated effort should be  
made by all cotton producers to  
secure farm storage facilities for  
storing a part of the 1943 crop.  
Almost all warehouses already  
are packed and many will be un-  
able to take additional cotton this  
year, he said.

Encouraging farm storage, Slaugh-  
ter said farmers are permitted  
to store cotton on the farm pro-  
vided structures meet require-  
ments specified by the Commodity  
Credit Corporation. According to  
CCC, structures must protect the  
cotton from damage by rain, snow,  
flood, ground water, poultry and  
livestock and provide reasonable  
protection against loss by fire and  
theft.

County AAA Committees, who  
administer the farm - storage  
phase of the program, may ap-  
prove structures for storage which  
are not located on the farm.

A farm-storage allowance of 10  
cents per bale or fraction of a  
month will be allowed producers  
storing cotton on the farm, pro-  
vided the cotton is delivered to  
CCC in satisfaction of the loan.  
Slaughter said and added that if  
the collateral is repossessed by the  
producer, no storage allowance  
will be paid.

Cotton producers are being en-  
couraged throughout the state to  
contact county AAA offices and  
find out particulars of storing  
cotton on the farm this season.

Under this year's program, the  
basic loan rate in Briscoe County  
is 19.84 cents per pound for 15-16  
middling, white and extra white  
cotton.

**Plow Fireguards**

Farmers and ranchmen of Texas  
are urged to plow fireguards to  
prevent the burning of badly  
needed range grass for livestock  
feed.

Fireguards construction accord-  
ing to the AAA Specifications will  
be paid for at the rate of five cents  
per 100 linear feet.

Specifications are: fireguards  
must be not less than 10 feet in  
width and must be constructed by  
exposing the soil by plowing fur-  
rows or by other mechanical  
means. All vegetation in the fire  
guard must be destroyed. Proper  
arrangements must be made to  
prevent erosion and gullyng and  
the fireguard maintained through-  
out the year.

**ROWELL REUNION**

The W. A. Rowell family held  
their second reunion with seventy  
present on August twenty-fourth.  
All members of the family were  
present with the exception of one  
son-in-law A. T. Voyles of Lub-  
bock.

Those present were: The grand-  
mothers Mrs. J. H. Rowell and Mrs.  
S. L. Harrison. The parents Mr.  
and Mrs. W. A. Rowell The child-  
ren: Mrs. A. T. Voyles and child-  
ren of Lubbock, Mr. and Mrs. L.  
A. Rowell and family, Mr. and Mrs.  
Rowell and children, and Mr. and  
Mrs. Ellos Rowell and children of  
Phillips, Mr. and Mrs. Virgil Bald-  
win and children, Mr. and Mrs.  
Frank Mercer and children, and  
Mrs. A. J. Rowell.

The visitors were Mr. and Mrs.  
H. L. Rowell and family of Hale  
Center, Mr. and Mrs. Henry Row-  
ell and family of Plainview, Mrs.  
E. O. Strange and children of Sil-  
vertown, Mr. and Mrs. Chas. Row-  
ell and family, Mr. and Mrs. J.  
M. Voyles of Mundy, Son of Will-  
morn Wallis of Knox City, Mr. and  
Mrs. W. E. Harrison of Morton,  
Mrs. J. W. Rowell, Mr. and Mrs.  
Fred Mercer and family, Mrs. H.  
C. Mercer, Mrs. Earl Mercer and  
children of Phillips, Miss Mary  
Dee Mercer, of the Waves from  
Pensacola, Florida, Mrs. P. D. Jasper,  
Alva Jasper, and L. A. Callo-  
wal and family.

**ROCK CREEK**

Mr. and Mrs. W. W. Martin have  
repaired their house.

Mr. and Mrs. Wade Steele at-  
tended an auction sale near Happy  
Thursday.

Mr. and Mrs. Charlie Holt and  
Gale spent Saturday night and  
Sunday in the Bob McDaniel home  
Calvis McKay is working in  
Morton Texas now.

Mr. and Mrs. R. N. McDaniel  
visited in the O'Neal home Sun-  
day.

Dorothy Joe, and Billy Faye  
Heckman are spending a few days  
with Mr. and Mrs. Henry Heck-  
man.

Mr. and Mrs. Claude Allison  
have moved to their new home  
near Dimmitt. Rock Creek has lost  
a good family.

Mr. and Mrs. Gatewood Lusk  
spent Sunday with Mr. and Mrs.  
Leon Martin.

Jackie McDaniel spent Saturday  
night intown with Milton Clemmer

**Wottauthink?**

I told Roy this week that whatever he  
did NOT to remind you folks that we  
have coal on hand — NOT to remind  
you that it is already rationed in the  
East — NOT to remind you that stoves  
are rationed — NOT to remind you  
that an extreme winter is predicted —  
and NOT to remind you that transpor-  
tation will have coal sewed up this win-  
ter—and that it may be impossible for  
us to furnish it later on.

AND, since I've gone that far I don't  
believe I'll even remind you that we do  
have coal on hand NOW, and that Uncle  
Sam says to haul it now. — Nope, I will  
just let the matter drop for this week—  
Don't have so much but what we can  
burn it up ourselves.

Pvt. Jack Strange of Camp McCain, Mississippi is on furlough visiting his parents Mr. and Mrs. Bryant Strange. He left Wednesday.

Mrs. A. C. Blackstone of Lubbock is visiting Mrs. D. L. Young.

**Farmer Friends:**

I promised you last fall that I would have one of the best Gins on the Plains, to handle your cotton this year.

Believe that I have made good on that promise, and invite you to stop by and see what we have done. Whether we have a small or large cotton crop we will be ready to give you the best gin service possible and every bale will be appreciated.

We will also handle meal and cake and think that I will be able to take care of all your needs fully.

**Chas. K. Herndon**  
SILVERTON GIN COMPANY

**We've Sold Our Store**

WE HAVE SOLD the Bomar Drug Store to Mr. John Bain and will give possession about the 15th of September. We have been in business here for exactly 18 years September 17 and we have enjoyed serving the people of Silverton and Briscoe County during all that time. We hope that we have served you well.

We are retaining the Silverton Undertaking Service and are ready to serve you at any time.

OUR BOOKS ARE CLOSED and from now until Mr. Bain takes over we are on a strictly CASH basis. We will appreciate it very much if those of you who are indebted to us, will drop in before the 15th and settle up. We want to thank you for a very nice business and if there is any way we can yet be of service, do not fail to let us know.

**News from Boys in Service**

(Continued from Front Page)

haven't written you in so long. I am now stationed at a deserted island along the Atlantic Coast.

There isn't much that ever happens out here that I could tell you about. Even if I were allowed to. We have Beach patrols and tower watches to keep the ever watchful eye on ships on the horizon, unidentified planes and last but not least, the saboteurs that have so

many times landed on our Beaches and then proceeded into the U. S. to wreck what havoc occurred to them. In all it's a rough life to only get liberty once a month, eat out of cans, fight mosquitoes and sand-flies at night and it certainly makes one want to get at the rascals that are causing us this, and to put a stop to this war.

I know that it isn't quite as dangerous as the front trenches. But everyone of us would be there, if we could get there. I guess Uncle Sam thinks we are located in the right spot for some action of our own. When we go down, it won't be from a piece of shrapnel or large shell, but from a small calibre rifle with a silencer on it. We won't get it in the front either. It will probably be in the back.

I'll look on the brighter side of

it awhile now. We are never bothered with visitors, although we do get tired of seeing each others faces all the time. Our C. O. is really a swell guy and he treats us all very fair. We have our little quarrels, and if it goes to far, we even have a pair of Boxing gloves to help them settle things. We see some pretty good shows at times too. We have a good bunch of fellows here though and it isn't often that we have to settle things that way.

I have rambled on for quite a while now, so will close. — My Best Regards - Jim."

JACK MONTAGUE, who has been stationed in California has been transferred to the Army Air Field in Amarillo. Jack spent the week end here with relatives.

JOHN HENRY CROW spent Sunday with his parents Mr. and Mrs. Carl Crow.

SGT. BRUCE BURLESON came in this morning (Thursday) for a short visit with friends. He has a ten day leave from his duties in the Army Air Corps.

PVT. KELTON NEWMAN writes Dear Roy; I guess you will be surprised to hear from me. But I see so many letters from the boys in service.

I feel pretty proud of myself today because I made the Bryan Air Field football team. They have about 35 men coming out for football and they picked me out for one of the men to play on their team. The most important thing is our one and a half hours of drill three times each week. Then to work with a rag wiping the grease off an airplane. We also have our rifle and pistol practise two days out of every week. I am getting my furlough the 17th of Septem-

ber so I can tell you more news then.

They say you all have hot weather up there, but you should be down here. This is the hottest place besides one that I don't want to mention. I am getting the good old Briscoe County News every week.

Tell Bill McCracken if he doesn't hurry and get the Mill fixed he will lose H. Roy Brown for a customer. Tell all the folks hello for me and I am doing O. K. I will be seeing everyone soon. Tell Ben Martin to keep our Mayor on the job and get the paper every week.

**TRUCK CRASHES INTO CULVERT SUNDAY**

Tony Denham miraculously escaped death Sunday afternoon, when the Chevrolet dump truck he was driving for Roy S. Brown, crashed into a cement abutment a mile and a half south of Silverton.

Denham lost control of the truck when a tire blew out, it is reported. The truck which was a total wreck, was bound for Plainview loaded with clay products of the Silverton Clay Products. The right front wheel and axle crashed into the solid abutment and the truck came to rest some twenty yards beyond, demolished almost beyond recognition. How young Denham rode the truck to its stop and emerged unhurt, seems almost humerously impossible.

It was the most complete wreck in this vicinity for months. It is reported that no insurance was carried on the vehicle by Mr. Brown.

**B. F. FOLLEY DIES**

B. F. Folley of Turkey died Saturday morning at the Matador Hospital. Mr. Folley was 90 years

old and was the grandfather of Mrs. Nash Blasengame.

B. F. Folley was born March 25 1853, in Limestone. He moved to Baylor in 1882 and from there come to Briscoe County in 1900. He moved to Turkey in 1905 and has lived there until the time of his death.

Mr. Folley was married to Maggie Delene Webb, October 16, 1873 and she died June 11, 1918. He was then married to Mrs. Cora Waldrop of McClean on December 14, 1920.

Mr. Folley is survived by eight children, twenty-eight grandchildren, twenty-eight great grandchildren and one great great grand child.

Funeral services were held Sunday at Turkey.

**GRASS FIRES COMMON**

The fire boys have been called out several times the past week to handle grass fires which have gotten out of control. No damage has been done except for several acres of good grass east of the rail road tracks Sunday afternoon.

Chief Crass declares that the untended vacant lots in Silverton make a very grave fire menace and urges that all vacant lots be cleared at once. In lots that are dangerously close to buildings, Chief Crass asks that he be consulted before a fire is set. If needed to protect the property the fire truck will be taken to the lot.

Sunday afternoon the fire boys burned off the vacant property south of the Odd Fellows Hall and thereby removed a dangerous menace to the town. The lots west and south and west of the News Office were also burned. The fire flashed across the block in less than five minutes and would have undoubtedly have burned the News Building had the fire occur-

ed without proper watching. The Silverton Fire Dept. is doing a swell job in Silverton every many boys have gone to force and three more are in the very near future. It is a big hardship on the old folks. If you wish to take on extra duty and to be of some see Chief Crass about enrolling a fire fighter.

**ALLEN KELLUM'S BOY STRICKEN WITH POLIO**

Allen Kellum, living south of Silverton took his young son to the Plainview Sanitarium the of the week where it was that he had Infantile Paralysis. A phone call to Dr. Nichols Sunday afternoon revealed that the lad is doing very nicely. The cases of the disease were at the Sanitarium, having come to the week end from various in this section. One of the 72-year-old woman from L... and also a 77-year-old man, Olton. Dr. Nichols said that both very definitely had the disease.

The Kellum boy makes fourth case of Infantile Paralysis from this community. Mr. Strange and Myrna Sue... have been brought home from hospital and it is thought they will suffer no permanent ill effects.

Mrs. Clarence Brown is in care of the Bingham child has been very efficient in care of the children and doing more than her part in tending the disease. Silverton fortunate in having so many and willing a worker.

**"STANDING ROOM ONLY ON TRAINS"**

If you are planning to take over Labor Day, you probably have to stand in the aisles, officials say. Passengers throughout the U. S. continue heavily loaded, with standing in the aisles occurring frequently.

I HAVE SOLD THE  
**Cowart Grocery**  
TO  
**Bob Hill**

I have disposed of the Cowart Grocery Store to Mr. Robert Hill and I want to ask my friends to patronize Bob in his new venture.

You folks know the history of the Cowart Grocery—in business on the same corner since 1898—and you know that I've had a lot of trouble in recent months that forces me to sell the store.

I'd like very much to stay and help Bob get started off but I cannot. I was glad to see many of my friends while here, and very sorry that I couldn't visit with you longer.

Everything I've got I owe to my Silverton and Briscoe County friends and I certainly won't forget it.

Again I thank you — and give old Bob a break, won't you?

**Dick Cowart**

*Dress for Morale*
