Published Weekly at Silverton, Texas

Volume XXXVI Number 30

**ROY H. STODGHILL S 1-c**

Roy H. Stodghill is attending Pharmacist School and will soon have his rating as a Pharmacist Mate. A great deal of his training has been in caring for the wounded back from overseas.

THOMAS W OLIVE of the Coast Guard writes "Hello Roy: I'm writing you this letter based on an idea, that I got from a pamphlet or magazine of one of the fellows here  
I think it's a swell idea and I'm bringing it to you as a suggestion.  
You know it would be nice if you could make up a local yearbook or magazine and call it "The Silverton Heroes" or some sort of name in accord with the boys in the service. Say have one page to such boy with his picture in uniform and brief details of his former life and leading on through the latest reports.

Also you could have a few snapshots of local people, buildings, and the compliments of the Silverton business men and anything that would be interesting or appealing to the service men; as well as home folks. I think it would be a nice thing and I'll bet you wouldn't have any trouble selling them.

You remember the Class of '39 that put out the first high school yearbook called the "Owllet", that didn't cost much and I treasure mine greatly.

Well Roy, you can do as you please. I'm only firing this as a suggestion. I think it's a good idea. Tell everyone hello. I'm still riding a horse and pounding the beach, hoping to catch a saboteur, down here in Florida."

This letter was received this week from the Commanding Officer of the regiment that received the cigarettes in Australia. Dear Folks; As commanding officer of Battery A 126th F A Bn. APO 32, I wish to thank the Folks of Silverton, Texas for your generous gift of cigarettes we recently received. On behalf of the entire organization I can say the cigarettes were greatly appreciated and it makes us very happy to know the folks back home are thinking of us. Again I say "We Thank You." Truly Yours, Theodore W. Conter Captain FA, Commanding"

HARLEY CHAPPELL writes from Louisiana. "Dear Roy: I thought I would drop you a line just to let you know where I am. I am at Camp Claiborne, La. where the weeds grow low and the trees grow tall. I have been here for 2 months. This sure is a funny country down here you burn down in the day and freeze at night. This camp is located about 25 miles south of now where and 10 miles north of nothing. We sure do have a lot of small horse flies down here, some people call them mosquitoes. One thing I can say about this camp is they do try to feed a person three times a day. Tell all the folks hello for me."

Mrs. Mary Porter received an interesting letter from her grandson, Sgt. John Porter, who writes from Australia. "My Dearest Mommie: I know that you will be some what surprised to hear from me as it has been so terribly long since I have written you. I have been neglecting you but I am always thinking of you. I don't believe I ever told you I had been made sergeant. I have been one for almost a year now. I have a good bunch of men working under me. Several weeks ago I was sectioned and I were given a patch by the corps and we were rated the third highest, so you really can be proud of them. I have the

(Continued to back page)

**MARGARET THOMAS BREAKS LEG**

Miss Margaret Thomas had the misfortune to break her leg Sunday afternoon. Miss Margaret was just recuperating from a major operation which shortened one leg to the length of the other, which was crippled by infantile paralysis. The operation had seemed to be a success, the cast having been removed and the doctors had given permission for her to try and walk a few steps. However she was still using her crutches when the accident occurred. It is thought the bone had not completely knit and it broke under strain.

Mr. and Mrs. Pat Pavelick and Mrs. Peery Thomas Jr. took Margaret to Dallas Sunday evening. Another operation was performed on the leg Tuesday morning.

**J. M. McCARTY OBITUARY**

J. M. McCarty was born in 1872 in Van Zandt County and moved to Parker County in 1898, where he farmed until 1938. He then retired from the farm and moved to Weatherford where he lived with a son.

He was married to Miss Anna Stevens in 1893 and to this union was born five children one girl and four boys. One of whom is our Supt. of schools Mr. F. M. McCarty. He was a member of the Baptist Church.

Mr. McCarty passed away following an operation at Lubbock Nov. 2, 1943. Funeral services were held November 3rd at the Baptist Church at Peaster, Texas with interment in the Peaster Cemetery.

**CARD OF THANKS**

We wish to express our appreciation for all the expressions of sympathy and acts of assistance shown us during the trying days of the illness and death of my father, J. M. McCarty. Words cannot tell how much your kindness meant during those hours.

Mr. and Mrs. F. M. McCarty and Family

**OBITUARY OF MRS. MAGGIE BASS**

Mrs. Maggie Bass was born January 8, 1874 near Conway, Ark. and departed this life October 27, 1943, at Silverton, Texas.

She leaves to mourn her passing one son Edwin Bass and family of Little Rock, Ark. one stepdaughter Mrs. Frank Pruitt and family of Conway, Arkansas and three other grandchildren. One sister Mrs. Alice Norris of Silverton, with whom she was visiting at the time of her death. Her husband passed away April 28th of this year.

Two children and two step-children preceded her in death. She also leaves a number of nieces and nephews.

Mrs. Bass was reared in a Christian home. Her father was a Presbyterian minister, whose influence for Christian living touched her life in the days of her youth. She united with the Presbyterian Church at an early age and lived a consistent member down thru the years.

A beautiful life burned brightly with heavenly bliss through the years. The light of life has ceased to shine in mortal frame, but it lives in a more glorious light in spirit, somewhere in God's Paradise. We are glad that she lived among us. She lived to bless us, and crown us with heaven's sweetest life. God bless her up there. We thank Him for her good life. — By one who loved her.

**CARD OF THANKS**

We take this means to thank each and everyone for every deed of kindness and expression of sympathy in the death of our beloved sister and aunt, Mrs. Maggie Bass, also for the beautiful flowers Mrs. Alice Norris & children, Jim Norris and family, Mart Norris and family, Oran Norris and family, Mr. and Mrs. Eric Malone and family, Mr. and Mrs. L. C. Hyatt

Mr and Mrs J L Watters and daughter Mrs Phynes Kolb have moved to Commerce, Texas. They purchased city property and have sold their property here

**HERMAN PITTS DIES SUDDENLY**

Herman Pitts passed away in an Amarillo Hospital Wednesday night after a short illness of intestinal flu. Mr. and Mrs. Pitts were living at Wildorado but have spent many years in this community. Funeral arrangements were incomplete as the News goes to press

**REV. J. D. RIDDELL PASSES AWAY**

Word was received here Monday of the death of Rev. J. D. Riddell of Wichita Falls. Rev. Riddell is well known in this community having preached here. Mr. and Mrs. H. L. O. Riddell and Mrs. Clyde Hutsell went to Wichita Falls on Monday. Funeral services were held at Wichita Falls Tuesday afternoon with burial in Stephens County.

**NOTICE TO PARENTS**

The short daily schedule of school has proven so successful in aiding the harvesting of the cotton crop that it is the intention of the school board and myself to continue it just as long as it will serve the purpose intended - getting the cotton out of the fields. Therefore we will continue to take up at nine and run until one each day. Of, course, on bad days we shall run until four. That will make it necessary for the students to bring lunches if they live too far from school to go home at noon.

When the weather makes it impossible for work to be done in the fields, we will run until 12:00 and dismiss for one hour then resume classes at 1:00 and run until 4:00. School attendance and work done under the new program has been exceptionally good. The average attendance has been equal to that of the first month of school running close to 90%. Teachers report that their students are accomplishing practically the same amount of work they did when the program ran the full day. Farmers, also report that this has been the means of harvesting much cotton that might have otherwise been lost. Hence the decision to continue the short schedule until it has served its purpose. - Supt. F. M. McCarty

**MEMORIAL SERVICE FOR SHARON ANNE BOND IS HELD**

Memorial services were held at the First Baptist church at South Plains for the children in memory of Sharon Anne Bond 11 year old daughter of Mr. and Mrs. C. W. Bond who died September 4th of infantile paralysis.

Rev. C. A. Joiner had charge of the memorial service. Several special songs and poems were given. Following the service at the church they carried flowers to the cemetery.

Following is a poem read at the service penned by Pearl Childress:

**OUR FLOWER**

Our flower was so pretty as it bloomed for us each day.  
But alas, an angel plucked it  
And left us in sorrow and dismay

It was a flower from God's garden  
Sent to cheer each one's life  
It brought joy and gladness  
And drove away the care and strife.

The other flowers in the garden are lonely.  
They miss this one so gay,  
They droop their heads in sorrow,  
At the close of each long day.

Yes, this flower from our garden is missing—  
This flower that we never can replace.  
But in our memory forever will linger  
Its beauty and its grace.

God's angel came and plucked it  
His reason He would not explain  
But we are sure He took it  
To save its beauty from the rain

Yes, He picked our flower and carried it to heaven,  
There it will bloom for evermore  
We shall see its beauty  
As it gleams from the golden shore

Rev. and Mrs. Arvil Richardson left Sunday afternoon for Dallas to attend a Baptist Convention.

**SUBSCRIBERS ARE PAYING EARLY**

The Bargain Day Rate is only a week old but there have been a nice number of folks in at the News Office to pay up their subscription to the News, or to have the time extended on their daily paper. The Bargain Rate for the local paper is \$1.50 per year. This rate is good anywhere in the world \$2.00 will still pay for your own and a soldier's subscription too.

The Briscoe County News is not as big as it once was, but is carrying practically the same amount of local news as in pre-war days. War conditions, of course, account for the fact that the "inside pages" are gone from practically all small papers. On top of a reduced revenue from advertising, there is an acute shortage of news print paper. Larger papers have already had their subscription lists frozen and it is thought that the same will apply to weeklies within a short time. It is to your advantage to order your paper early to insure that you continue to receive it. It is distinctly against the federal regulations now for any issues to be sent after the expiration date of the subscription.

Since last Friday we are indebted to the following for their subscription:

- Fred Elliston
- Phyneas Kolb
- Bryce Kolb
- J. A. Montague
- Mrs. Mattie Walling
- G. W. Seaney
- Alton Steele
- Willie Hardcastle
- Bud Perkins
- R. E. Young
- W. Arnold Brown
- Alvin Redin
- J. T. Luke
- Mrs. M. S. Frieze
- Mrs. A. L. McMurtry
- Troy Burson

Other recent new or renewal subscriptions received were:

- Fred Mercer
- G. M. Gardner
- Carolyn Schott
- J. E. Wheelock
- Vernon Garrison
- Mrs. Hazel Hoyt
- G. C. Whitecher
- M. C. Tull
- W. W. Douglas
- John R. Harris
- W. P. Chappell
- W. H. Steele
- L. D. Griffin
- Jacob Foust
- Orville Turner
- Mrs. Bob McGuire
- T. J. Hodges
- H. L. O. Riddell
- Troy Hill
- Don Garrison
- W. A. Holt
- A. N. Perkins
- F. A. Fisch

Remember the combination rates of the Briscoe County News with the daily papers. We'll be glad to handle your daily paper subscriptions.

**WAR RATION BOOK 111 DATES EXPLAINED**

Dates when four sets of brown stamps in War Ration Book 111 will be good for buying rationed meats, fats, oils and dairy products were announced today by J. Doyle Settle, Rationing Executive of the Lubbock OPA District.

The sets become valid on successive Sundays, as they have in the past. All stamps expire Jan. 1, 1944. The brown stamps and their validity dates are as follows: L, November 21; M, November 28; N, December 5; and P, December 12. Brown G, H, J, and K stamps, the first two of which already have become valid and the latter pair which became valid Nov. 7 & 14th, will expire December 4.

The OPA official reminded housewives that green A, B, and C stamps in the new War Ration Book 4 became good November 1 for the purchase of processed foods and will expire December 20. Stamp 29 in Book 4 also became valid November 1 for five pounds of sugar. It will expire January 15.

Mrs. Maizie Allen and her sister Mrs. Charles Dunn are visiting their parents Mr. and Mrs. W. L. Allard. Capt. Allen who has been stationed in California is now in North Carolina.

Arlen Simmons came in Tuesday to visit his wife and new son.

**JONES SERVICE STATION LOSES \$112 FROM TILL**

George Jones, owner of the Texaco Station, had hard luck this week when he had \$112 stolen from the cash register. No trace has been found of the stolen money and hope is about gone for recovering the amount lost. Several strangers were in and out of the station, and it is thought that the money was taken by one of them.

**FIVE MORE BRISCOE COUNTY BOYS TO INDUCTION STATION**

Five more men from Briscoe County were sent to the induction station Saturday; two left from Silverton and three from their present location. Clyde A. Johnson & Glenn Gibson left from Silverton. Virgil Sanders, Lawrence Fancher, and Eldrige Butcher left from other places.

Two men who were registered with other boards also left with the Briscoe County men, according to R. E. Brookshier, clerk.

**METHODIST CONFERENCE AT LUBBOCK THIS WEEK**

Rev. T. G. Craft attended the Annual District Conference of the Methodist Church, held at Lubbock Tuesday, Wednesday and Thursday of this week. J. S. Fisher and Mrs. Billy Dickerson attended as delegates from the Silverton church.

It is at this conference that the Methodist ministers are placed for the coming year.

**AGGIE BRIEFS**

**'AAA' Committee Election**

The Texas State AAA Committee has announced that the election of 1944 County and Community AAA Committeemen shall be held on either the 18th., 19th or 20 th of November 1943.

The election for the Francis, San Jacinto and Silverton communities will be held at the County Court-room at 3:00 P. M., Friday November 19, 1943.

The election for the Quitaque and Kent communities will be held at the Quitaque City Hall, at 8:30 P. M. Friday night November 19, 1943, and the Antelope Flat Community election will be held at the Antelope Flat School house at 8:30 P. M. Thursday night, November 18, 1943.

Each producer is urged to be present at the time and place of the election for his or her respective Community and help elect Committeemen who are responsible leaders and representatives of their neighborhood.

To off set increases in dairy feed costs, the Government has recently announced a Dairy Feed Payment Program for the last three months of 1943. Payments will be made to producers who sold as much as 20 pounds of buttermilk or 250 pounds of whole milk during the month of October, at the rate of 5 cents per pound of buttermilk and 40 cents per 100 pounds of whole milk, (a Dairy Feed Payment Draft cannot be drawn for less than \$1.00). Payments on sales of buttermilk will be made at 80 percent of the rate on buttermilk.

Payments will be made direct to the producer by the County AAA Committee, for the county, in which the producer's farm or dairy is located, upon submission of sales or weight receipts or other satisfactory evidence of the quantity of milk or buttermilk sold. Producers who retail milk will need to substantiate their claims by submission of customers lists, number of cows milked and amount of feed bought. Producers who sell butter to consumers, local stores, etc., will need to obtain receipts from the buyers.

Payments for October can be made at the present time and thru out the month of November, but not later than November 30. Payments for November and December will be made early in January 1944.

Mrs. Ben Smylie and Mrs. R. E. Hardburger and son visited Sunday afternoon in the O. T. Bundy home Sunday afternoon.

## County Over Top For United War Chest

**ROOM TEMPERATURE AND HEALTH**

With the approach of cold weather, Dr. Geo. W. Cox, State Health Officer, has issued some timely advice concerning room temperature and its relation to health.

"It is very important that inside temperature be maintained at 68 to 70 degrees," Dr. Cox said. "Thousands of homes are continually overheated in the winter, and a degree of heat is often demanded that would not be tolerated in the summertime."

In a room that is overheated, the body pores are open, and the moment that the outside temperature is encountered, much harm may result. Colds, influenza, bronchial troubles and even pneumonia may take advantage of this bodily abuse, and take a serious toll in sickness and even death.

"An inside temperature of from 68 to 70 degrees is not only more healthful, but actually more comfortable," Dr. Cox said. "When added to these factors, the resulting economy is considered, it might be well to check up and see what your thermometer reads. A thermometer kept within the range suggested, plus careful maintenance of proper humidity, will help prevent needless sickness and protect the good health of your family."

Mr. and Mrs. J. E. Wheelock visited Mr. and Mrs. R. E. Wheelock in Amarillo Sunday.

**WANT-ADS**

**FOR SALE** — Brown Jersey, Milk Cow, fresh soon. \$85.00  
Ennis Autry 30-2tp

H. L. McWaters

**FOR SALE OR TRADE** — Model D John Deere tractor. 29-2tp  
W. R. Hardin

Briscoe County has gone "over the top" by over two hundred dollars, according to Lem Weaver, county chairman of the drive. The money is being sent for war relief use by seventeen separate agencies, all important in prosecuting the war and helping the suffering in occupied countries.

Through the splendid cooperation of everyone, \$1837 was contributed to the County War Fund. Every family in the county was given an opportunity to contribute and only a small percent were unable to contribute.

Mr. Weaver, County Chairman, expresses his appreciation to the forty-five efficient helpers, and to all who contributed and helped in any way. Also, he would like to express open appreciation to the two county editors who contributed space in their papers, and did much to make everyone conscious of the need of the County War Fund Drive.

The county expense for this operation was only \$4.42, which includes telephone calls and stamps.

This drive was combined for low expense of operation to enable a high percent of the money to reach its destination.

**SOLDIER NEWS**

LIEUT. HARLEY REDIN tells a little of the trials and tribulations of a flight officer under combat conditions. "Sorry I haven't written more often lately but we have been rather busy. We are getting quite a bit done though under rather adverse conditions. Two of the main things that bother are limited facilities in the mess hall which keeps the men from having the planes ready sometimes and also we haven't a very satisfactory way of gassing the planes. Not enough gas trucks, I think, is the main cause of that. Outside of these difficulties, I guess we are doing very well."

Hendy and I have divided the pilots into wings or sections. We each have one section to take care of. This week his section is flying in the morning and mine in the afternoon. Change on Monday. We have the pilots and co-pilots all set up and are doing formation flying now. Think we did fairly well in picking them. Nearly all of them seem fairly well satisfied and most of them are doing O. K. I have a good kid for co-pilot — he is really good enough for a first pilot I think, but some of them just have to be co-pilots even though they are pretty fair. Will write more in a day or so. I am officer of the day to-day and have been doubly busy. Harley."

The following is a clipping received here by relatives of Aviation Cadet Harmon Joiner, son of Mr. and Mrs. Paul Joiner of Corpus Christi but formerly of Silverton. Cadet Joiner spent the summer of 1940 in Silverton. "Aviation Cadet Harmon Joiner son of Mr. and Mrs. Paul Joiner of 1712 Ayers Street, has finished basic flight training in Coffeyville Kansas, and is now in advanced training. Joiner won the distinction of making the highest grade in physical training ever made at the Kansas air field, and was rated "physically perfect" last month. He served as a star end on the 1939-40 Buccaneer football team.

According to District OPA officials, an announcement from Washington to the effect that no extension has been granted on sugar stamps 15 and 16 has punctured wide spread rumors that these stamps are still valid. Consumers who did not use stamps 15 and 16 may take their books to their Ration Board where certificates can be issued for sugar up to 10 pounds per person on the basis of unused stamps. Sugar for canning was set up on an annual basis of 25 pounds with the fiscal year ending February 29.

**TODAY IS ARMISTICE DAY.**  
A few flags are flying, programs  
are being given in a few towns—  
and that's about all. Twenty-five  
years ago the news that Germany  
had collapsed was the most joy-  
ful news ever celebrated in this  
country. Where are the heroes of  
that war? Why, that's probably  
one that you were talking to a  
moment ago. Just common every-  
day men who are so interested in  
what our fighting men are doing  
that they have nearly forgotten  
that they themselves are the ones  
who caused the collapse of the  
Huns in 1918. To steal a line from  
Coffee's ad, "The glories of war  
are short lived".

PERHAPS WE SHOULD remem-  
ber those things better—per-

haps not. It is typical of America  
that when we go to war, we go  
because there's a job that must  
be done—not for conquest, not  
from hatred, and not for glory.  
And that, to my way of thinking,  
makes the military career of the  
boys of 1917-18 all the more  
glorious. Hats Off to the men who  
"did it before".

PFC. RICHARD McGowen has  
sent word that he has arrived in  
England safely. His mother is  
sending him the paper as a part  
of his Xmas gift.

I SPENT WEDNESDAY clerking  
the public sale. Never had a  
job like that before. Following that  
fast-moving Bozeman nearly got  
me down. However, if I'd have  
had time to listen to him, it's pre-  
tly fair entertainment.

HOW DO YOU like the new  
sign in the News Office window?  
I would if I could, but I can't take  
much credit for it. That's some of  
Gatewood Lusk's work. His idea  
too. All I did was to furnish the  
window—AND a small amount of  
spendulix as persuasion.

FUNNY THING about old Gate.  
There's nothing he hates worse  
than work. But, if you get him off  
to one side, away from the coffee  
counter, and shake the right a-  
mount of persuasion in his face,  
he'll shift over into high in pre-  
tly good shape.

I WAS OVER to the Odd Fel-  
lows Hall the other day with J. E.  
Daniel. It was a sight. Some of  
our vandal boys (whom I could  
name with not more than two  
guesses) had broken in. All the  
Lodge property is just scattered  
around, torn and deliberately  
wrecked. Pure damn meanness.  
Worse, to my notion than steal-  
ing. No respect for things held in

honor by other folks—the same  
spirit that makes real criminals  
in later life. And while I am ag-  
gravated I'll serve notice right  
now that in the future, the little  
thievings, and the little crap  
games of this bunch of petty  
criminals will be printed in full  
in the Briscoe County News. Here  
before, I've kept such stuff out of  
the paper in deference to the  
parents. And if the parents don't  
like that, they better tie the little  
vandals up after six o'clock.

AND DON'T overlook John's  
and Ethel's ad this week. It's one  
of the nicest tributes to the Mar-  
ines, and all the boys in service  
that I've read.

LOGIC FROM Doug Meador's  
"Trail Dust" column: "Too many  
followers of reform have reached  
that stage in life where the mind  
is prone to confuse evil with most  
pleasures. Goodness does not need  
to mortgage its existence with  
gloom." . . . and another Trail  
Dust gem from last week: "It looks  
like Hitler is going to get a little  
red wagon with rollers on it for  
Christmas."

A-C JACK BURLESON writes  
to the editor, "Dear Roy: I tho't  
I would drop you a line to let you  
know that I have another change  
of address. At last I am at a pri-  
mary school. The place Douglas,  
Georgia. What a place! I've been  
in the army a good while, but boy  
this takes the cake - a few men -  
good food - in short a nice country  
club with about a hundred air-  
planes out the back door. In short  
Hahn it is really swell here - lets  
just hope I can stay."

So you moved the old newspaper  
into a new home - well I must say  
I was surprised to hear it. I just  
figured the Briscoe County News  
would live and die in the same old  
building.

The town is really changing a-  
round. Everytime I read the paper  
it makes me glad I'm not there.  
Don't get me wrong though, be-  
cause I would like to drop in for  
a few days, but the Air Corps just  
doesn't see fit to give out fur-  
loughs. Maybe I will get one in  
June or sooner if I take a wash  
ride.

We'll Roy keep the old home  
paper coming - I still don't mind  
reading it - Jack.

From the South Plains Council  
of the Boy Scouts of America we  
find "You will be interested to  
learn that 593 Scouts and leaders,  
the greatest number ever, spent at  
least a week at Camp this summer.  
That 3486 boys and leaders are  
now being served in our South  
Plains Council. This, too, is a new  
high. That the Scout Oath and Law  
and the Ideals of Scouting if  
spread among more and more boys  
will assure the safe guarding of  
the Four Freedoms of Mankind for  
all Youth for all time.

**LONG TOM**  
Army Ordnance's famed 155-mm  
"Long Tom" guns the hard-punch-  
ing Rommel-router of the North  
African and Mediterranean cam-  
paigns, is spearheading General

Mark Clark's steady drive up the  
Italian peninsula with an incessant  
hail of high explosives pro-  
jectiles.

In the Battle of Naples and in  
heavy artillery duelling on the  
Volturno River line, batteries of  
reliable "Long Toms" outranged  
the best Nazi field pieces, and were  
so accurate that they smashed his  
bombers, fighters and protective  
gun emplacements on air fields 15  
miles away.

The battle for airdromes has pro-  
ved to be one of the most impor-  
tant phases of the Italian campaign.  
With every forward American  
thrust, captured enemy airfields  
not only affect current fighting  
south of the Alps but also bring  
the Nazi heartland within closer  
range of our Fortresses, Liberators  
and Lightnings.

"The rugged, fast-moving and  
incredibly accurate 'Long Toms'  
are ideal for certain types of battle  
operations in Italy," Captain R.  
M. Smith, commanding Pantex  
Ordnance Plant, near Amarillo,  
declared.

The "Long Tom" is mounted on a  
split-trail carriage, which permits  
65 degrees elevation and 60 de-  
grees traverse. The carriage is  
equipped with six giant pneumatic  
tires and air brakes which permit  
the big trouble maker to be towed  
behind a fast-moving truck. The  
weight of the gun in traveling po-  
sition is 15 tons.

In battle action, Captain Smith  
explained, a 2-foot 95 pound high  
explosive projectile, with its  
mechanical nose fuze set for delay  
or superquick action, is rammed  
into place. 30 pounds of smokeless  
powder in cloth bags are then  
thrust into the breech. The breech-  
block is closed primer inserted.  
Firing is accomplished by a quick  
pull or snap of the lanyard.

This hard-hitting 24-hour gun  
blasted Rommel in North Africa,  
bombed Tunis and Bizerte,  
helped to drive the Axis out of  
Sicily in 39 days, and fired the  
first projectile from Messina to the  
Italian mainland.

Forty-eight hours after the Mar-  
ines landed on Rendova Island in  
the Southwest Pacific, a row of  
heavy slugging 155 -mm 'Long  
Toms' were pouring a steady  
stream of fire into the Japs on  
Munda eleven miles away. Easy  
hitting for 'Long Toms.'

**SAFETY EDUCATION  
IN THE SCHOOLS**

"Painless" safety education in  
the Texas school system is recom-  
mended in the November issue of  
Texas Safety News, monthly organ  
of the Texas Safety Association.  
The publication pointed out that  
tenets, like patriotism, should not  
be taught as a course such as En-  
glish and arithmetic, but rather  
absorbed unconsciously.

"While the school child is learn-  
ing to read, why can't his reading  
matter be 'colored' with material  
that leaves in his subconscious  
mind a safety moral? The Safety  
News asked. "This material should  
not be a flagrant preaching of safety  
axioms, but so fictionized that the  
story characters come up a-  
gainst ordinary every-day safety  
hazards and conquer them by ap-  
plication of every-day safety rules."  
"Thereafter, when you Johnny  
encounters a situation he will re-  
member what Jack in his school  
reader did in such a predicament  
and act accordingly. Thus while

he is taught to read, he is also  
taught how to take care of himself  
and those about him."

The publication pointed out that  
from the first grade up, school  
children go through several  
"readers" each year, mostly light  
and entertaining fiction. It is sug-  
gested that the state's educators  
investigate the possibility of turn-  
ing this reading material into some  
thing that might save the pupil's  
life in later years.

**30 DAYS NOTICE ON  
STAMP 18**

The public will be given 30 days  
notice, should it become necessary  
to terminate shoe ration stamp 18.  
This announcement was made re-  
cently by OPA to "kill" skare-  
tending rumors that the validity  
period of stamp 18 might be can-  
celled with only 24 hours notice to  
consumers.

**SET PRICE RANGE ON CATTLE**

The allowable range of prices  
for which each grade of live cattle  
can be sold to slaughterers has  
been set by Judge Fred M. Vinson  
of the Office of Economic Stabiliza-  
tion. Within each grade price may  
fluctuate \$1. Price ranges per hun-  
dred weight for various grades at  
Chicago are: choice, \$15 to \$16;  
good, \$14.25 to \$15.25; medium, \$12  
to \$13; common, \$10 to \$11; cut-  
ter and canner and bologna bulls  
\$7.45 to \$8.45. The Price Admin-  
istrator and the War Food Admin-  
istrator are to determine and pub-  
lish prices at other points in line  
with Chicago prices. As soon as  
practicable, the War Food Admin-  
istrator is directed to put into ef-  
fect a system of allocation of live  
cattle to slaughterers and feeders

**RUBBER REALITIES**

A-card holders who have been  
looking hopefully toward the day  
when they can re-shoe old Betsy  
with new synthetic tires must curb  
their impatience "until mid-1944,  
at least," according to George W.  
Vaught, vice-president of the B.  
F. Goodrich company. Although  
there is now plenty of synthetic  
rubber pouring from the govern-  
ment's \$750,000,000 worth of GR-S  
plants, the building of large mili-  
tary tires, especially those for air  
planes, takes so many more man-  
hours and machine-hours that the  
industry will be hard put to ex-  
ceed the goal of 30,000,000 "ess-  
ential" civilian tires needed for  
1944, Vaught reported in a speech  
at Dallas. As an example, he point-

ed out that the same person  
and equipment can turn out 40  
the 8.25 by 20 civilian tires in  
same time that only six and a  
half of the 56-inch airplane tire  
can be made. Even the mid-  
date is "just an estimate, and  
no means a promise," he added,  
you'd better keep babying  
tires you have.

## We Will Fight Our Country's Battles

Not just because our boy is a Marine, but because we are proud of all the boys, in all branches of the armed forces, we want to join with other Americans this week in saying, "We're proud of you—we're backing you—and we're praying for you". The Marine's Hymn says, "We will fight our country's battles, on the land and on the sea". We as civilians should pledge ourselves to help them all we can—with our money and with our work.

Twenty-five years ago there was another bunch of men—fighting their country's battles. Today you are here among us. We want to include every veteran, no matter what branch of service, when we say, "SALUTE TO THE MARINES!"

# Bain Drug

spending three weeks in Roswell receiving medical treatment.

Linda Beth McDaniel and Sonny O'Neal entertained several of their friends Sunday afternoon with a party celebrating their 6th birthdays. Ice cream and cake was served to Laura Joe Swenson, Patsy Crass, Betty and Shirley Fitzgerald, Delbert and Lottie Matthews, Louis Aaron and Linda Beth McDaniel and Chestina and Sonny O'Neal.

Mrs. D. M. McKay and children spent a few days last week in Morton, Texas visiting friends.

Gordon Leon Fore of Las Cruces, N. M. is spending a few days in the home of his aunt Mrs. Bob McDaniel.

Mrs. Ashel McDaniel was taken to Canyon Monday for medical treatment.

Mr. and Mrs. Roy Mayfield spent Sunday visiting relatives in Plainview.

Bobbie McDaniel and wife moved to Tulia Monday. Bobbie is employed at the Texaco Station.

Mr. and Mrs. Dee Reid spent the week end visiting her brothers in Perryton.

### PREDICT AMPLE COFFEE FOR DURATION

"Coffee supplies in the U. S. should remain ample for the duration," according to George C. Thierbach, President of the National Coffee Association. Imports into the U. S. this year were in excess of any prewar year except 1941. Recently Chester Bowles, General Manager of OPA, said, "There is not the slightest idea of rationing coffee again." Coffee stamps in Ration Book Four were designed and sent to the printer months ago when coffee was still being rationed.

### MAIL CHRISTMAS CARDS NOW

Christmas cards to soldiers overseas should be mailed at once, the War Department says. They must be sent in sealed envelopes as first class mail Christmas cards mailed now will reach even the most re-

mote APO's by December 25th, according to the Army Postal Service.

### DISCHARGES

Approximately 550,000 officers and enlisted men were honorably discharged from the army between December 7, 1941 and August 31,

1943, according to the War Department. Approximately 200,000 men over 38 years of age were released to accept employment in essential industry or agriculture. Of the remaining 350,000 discharges a large majority was for physical and mental disability.

Lubbock, Texas

## Salute to the Boys Of World War I...

THE GLORIES OF WAR ARE SHORT-LIVED!!

Today, Armistice Day 1943, we want to salute the heroes of 1917-1918. We have dozens of men here, who, 25 years ago, found themselves wallowing in the trenches of France—dazed by the unbelievably good news that Germany had surrendered—the war was over. These men risked their all, that America might live—that we might live in peace. They asked no reward other than that. Today, perhaps it all seems a dream to them—but it was real enough on that November 11, 1918.

Today the sons of those Heroes of 1918 are continuing the fight of their fathers. Our job as Americans is to see that we do all we can to MAKE SURE they win. And when the next Armistice Day comes, we hope and pray that it may be a permanent peace—that the sons of the Heroes of 1943 may be spared the agony of another war.

**COFFEE'S**  
Furniture, Hardware, Implements

**News from Boys in Service**

Continued from front page)

intelligence section. I guess you will be reading more of us some day in your newspapers.

I am now somewhere in Australia. I am sleeping in a tent with five other men on cots, with four wool blankets and no pillow. I have to shave from a helmet, bathe in a stream of water and when the time comes to eat I have to sit on the ground as we have no tables.

I have to write by holding a tablet on my knee. I am a long ways from town and the only neighbors are more soldiers, a lot of kangaroos, lizards, bats, snakes and rocks. It really does get lonesome some times but we think of the ones at home and remember that they too are having to do without so much, and if they can do it -- well, doggonit so can we.

It has been sixteen months since I have been in the states. The folks at home just found out that I volunteered for overseas duty. They found it out from a boy that came over with me but was discharged and got to go home. I believe they were a little disappointed in me, but the war can't be won at home I wouldn't want the enemy to get to my home hence I will go to his.

When the end of this war comes around. I want to come to see you and do nothing for a month but milk the goats, water your garden and sit in one of the chairs with the lions head carved on the arms.

Here's wishing you a very, very Merry Christmas and the best of New Years. I will write again soon

WALTER PERKINS came in Monday from San Diego for a few days leave.

WILLIE AMEL SMITHEE of the Navy arrived Monday from San Diego for a few days leave with his parents.

SGT. VADER SELF is here on a furlough with relatives.

LEO GRESHAM came Tuesday to visit the Charles Cowarts for a

few days.

JIM NEATHERLIN S 1-c who has been visiting his parents the past two weeks went to Amarillo Saturday and left Monday for Savannah, Georgia.

FREEMAN TATE is now in the Navy, he came in Tuesday evening for a few days.

HOLLIE FRANCIS writes to his parents "Dearest Mother, Daddy and all: Hope this finds all well. I am O. K.

Got the paper this week and read that there was a lot of sickness going through the country. Infantile paralysis is a bad thing to have and I sure hope none of you take down with it.

We are given shots for all kinds of diseases. They may use your arms for a pin cushion but in a way they sure help you out over here.

I got a letter from Margaret the other day and it may be sometime before I answer.

I hope this finds her and the babies over their colds. I have had a little cold but you see, we take shots for that and it don't get bad.

There is not much that I can think of to write. I am sure tired of this and there is very little I can do about it. I sure hope it don't last too long.

So with lots of love for all and hope for a happy day a head."

PFC. LARKIN VARDELL of Fort Sill spent the week end with his parents. Dody Vardell who received his medical discharge from

the army also visited his parents. Dody is now at Quitaque.

Mrs. Mattie Walling of Plainview spent the week end with the Shelby Haynes family. Mr. J. R. Burson and his sister were here Sunday with the Haynes's.

THE WANT ADS PAY OFF!

**Overweight Motor Oil Proved Non-Essential**

See how safe and economical a surprisingly Light grade can be with your engine Winter OIL-PLATED

A motorist who kept a record for a month averaged only 2.7 miles between stops. Maybe you average twice that. Yet the "coupon shortage" means short runs—lots of stopping and starting. That's extra bad for your oil. The first hardships of Winter will find it unfit. This year, of all years, the height of economy is to change your oil promptly.

The lightest suitable oil you can use is best for your engine—your battery—your gasoline economy...best for lengthening your car's future! You needn't risk any overweight grade...not when you have your engine OIL-PLATED for Winter by changing to economical Conoco N<sup>th</sup> motor oil.

The "magnetic attraction" that seems set up by a certain synthetic in Conoco N<sup>th</sup> oil—patented—enables it to OIL-PLATE. All good plating forms a staunch protective surface, and that gives you the idea of OIL-PLATING. Now think of any OIL-PLATED part in your engine facing another OIL-PLATED part...double OIL-PLATING in between—plus Conoco N<sup>th</sup> oil's regular-type liquid film that's extra strong! You can't get more protection than that, while with

overweight oil you'd only invite needless drag and dangerous "absentee" lubrication in starting cold. Don't risk it. Consult Your Conoco Mileage Merchant for your lightest grade of N<sup>th</sup>, and face Winter fully confident, with your engine OIL-PLATED. Continental Oil Co.

**Dread Engine Acid is Fought by OIL-PLATING**

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

**FOOD**

We've got plenty of everything to eat. Come in and let us help you fill your grocery basket. Our stock of groceries is getting better week by week.

Come to see us when you're looking for good food.

**Hill Grocery**

BOB HILL, Owner

ARMISTICE DAY, 1918—Bands playing! Men marching! Flags flying! A day of celebration . . . and sorrow.

We will see another day like that glorious day in 1918. Bands playing, men marching, flags flying, and we will have won another victory that started in 1918 and won't end until the world knows of the freedoms of our American Way of Living.

We will always fight for the things worth fighting for! Freedom of speech, press and religion—the freedoms our fathers fought to gain and we will always fight to hold!
