

NEWS from the BOYS IN SERVICE

Sgt. R. M. MARS better known as Silverton as the Dr. Pepper man writes to Mr. and Mrs. T. T. Crass, Dear Theron and Frances; Golly, was I thrilled to receive my very first Christmas card from you and you can well bet your last dollar that I can always find time to answer a letter so welcome as yours. I am happy to know that you remember me.

Fate finds me in jolly old England, which could be much worse under the prevailing circumstances. Autumn here is quite as pronounced as in Texas, so right now is a beautiful time of the year here. We still live in the North Temperate Zone, so the climate is but slightly changed from what we are accustomed to.

Our change of currency concerns about as much as anything now. We deal with pences, shillings, and pounds instead of dollars and cents. Here, one weighs so many pennies instead of pounds. (A stone is equivalent to about fourteen of our pounds.)

Everything here is built of brick including practically all farm homes. Not one frame building have I seen. The cities are crowded, the sidewalks and streets in many cases allow only one way throughfare. As you already know, travel is on the opposite side of the roads from what we use. This condition gets a little complicated at times, as you can well imagine, however, it concerns me in the least because I never drive anyway. Can you picture that?

I have no complaints to make and only one thought in mind — to return home and back to common living just as before. May I take this opportunity to thank you again for the Remembrance and to wish for you both a Happy Christmas and another prosperous New Year.

With all my affection and best regards to you all — I remain, As ever, R. M. (the Dr. Pepper kid)

CORPORAL THOMAS E. DANIEL

of Stinson Field, San Antonio, son of Mr. and Mrs. J. E. Daniel has been home on a ten day furlough. He visited with his wife and friends in Tullia. Mrs. Daniel is a telephone operator at Tullia. Cpl. Daniel was at home with his father and mother a few days but because of the illness of his wife did not have time to visit with his old friends and school mates at Silverton. He is with the ground air ordinance and will be shipped over to the near future. Cpl. Daniel graduated at Silverton High school along with Edward Minard and delivered the Valdictory address.

THE BRISCOE COUNTY VOLUNTARY PAROLE BOARD

On November 3, 1936, by Constitutional amendment, the present Parole System was inaugurated. Shortly thereafter, the Governor began to make appointments to our various County Parole Boards and each succeeding Governor, at the time he takes office, reappoints those Members on the Boards.

In order to give you the proper insight into our Parole System, it will be necessary to give you a brief history of the parole law. The Constitutional amendment directs that there be a Board of Pardons and Paroles, consisting of a Chairman and two Members; one appointed by the Governor, one by the Chief Justice of the Supreme Court, and one by the presiding Justice of the Supreme Court, and one by the presiding Justice of the Court of Criminal Appeals. Each Member serves a six year term and his appointment is made in such a manner that two experienced Members are on the Board at all times. One member maintains his office at the Huntsville unit of the Prison System, with two investigators to assist him. This permits each prisoner to place his case before the Board without having to pay someone to assist him. There is no such thing as the forgotten man in the Texas Penitentiary, as each prisoner's case automatically comes up for review at frequent intervals. I can truthfully say that the Board is composed of honorable men who lean toward the penniless and friendless.

After a prisoner legally serves a prescribed part of his sentence, his case comes before the Board. The Board's decision is based upon the seriousness of the crime for which the man was convicted, his criminal record before conviction and his conduct while in prison. When released on clemency, the prisoner is paroled to the County Parole Board in the County in which he may reside, to serve the remainder of his sentence while on parole.

The County Parole Boards are composed of volunteer workers, serving without compensation and consisting of a Chairman and one or more Members. The Voluntary County Parole Board Members are civic minded men and women who are genuinely interested in rehabilitating the prisoners paroled to them. On our Parole Boards we have bankers, lawyers, college professors, etc. It is my opinion that these volunteer workers have a more wholesome effect on the parolee than a paid one. In most cases, when the parolee sees that these public spirited citizens are interested in his welfare, his response is most gratifying. There is a number of cases where the parolee reports to his advisor long after his sentence has been completed. Due to their high standing in their communities, our advisors are able to secure good positions for the parolee which he could never secure for himself.

The primary function of the County Parole Board is to give the parolee counsel and guidance; (in some cases, a reprimand for his actions) to assist him in finding employment in order to provide for himself and family, as well as to keep him occupied, thereby eliminating, to a great extent, the possibility of his returning to criminal ways. Another function of the County Parole Board, which is of vital importance, is the protection of society from those parolees who might return to their criminal tendencies.

Throughout the year of 1942, approximately three thousand former inmates of the Texas Penitentiary were out on parole. During that period, it was necessary to revoke the clemency of only 190 for violations of paroles, which was a percentage of .063 revoked. In 1942 there were 82 inmates released from the Texas Prison System on their honor, without guards, to visit sick relatives or to attend funerals etc., and not one failed to return. Prison officials state that nearly in all cases, those released in such a manner returned with a better attitude and made better prisoners.

Since the passage of the present parole law, the attitude of the general public has undergone a great change. The ex-convict is no longer hounded back into prison as he

SPECIAL OFFER BRINGS MANY SUBSCRIBERS TO NEWS OFFICE

Whether it's the new, convenient location of the News Office, or a greater demand for the home paper is not known, but subscribers are dropping in more often with the money to renew their subscription. The special Bargain Rate of \$1.50 is in effect now, and the 50c saved may have something to do with the regularity of the renewals. It is appreciated very much by the editor, especially since it is almost impossible to contact each subscriber personally this year.

Many are taking advantage of the combination rate for the Briscoe County News and your daily paper as another 50c can be saved in that way. If you wish us to send your subscription in for the Fort Worth Star Telegram, the Amarillo Daily News or the Wichita Falls Record News, simply add one dollar to the price of the daily, and that's all it will cost you to receive both for a year.

Here are the folks who have subscribed since last week's paper was issued—and thanks, a lot:

BOY SCOUTS COURT OF HONOR

O. K. Reynolds, regional scouting director, will conduct a Boy Scout Court of Honor and Investiture for about fifteen Scouts here Friday night at eight o'clock. The ceremony will be conducted at the Court house. Paul Reid, local scout master will assist Mr. Reynolds in making the boys full fledged Scouts.

Mr. and Mrs. Frank Havran and Norland attended the Annual Parents Day at Texas Tech at Lubbock Saturday Nov. 13. Their son Bernard was honored as a high ranking student in the division of Military Science and Tactics.

was some years ago. To our volunteer workers, I give all the credit for these changes. I do not have the figures available, but I am informed by those in authority with the Texas Prison System that number of ex-convicts who have been returned to prison with new convictions is much greater in percentage than those who have been on parole.

Today, there are 1218 less inmates confined in the various units of the Texas Prison System. No doubt increased employment has been responsible, to a great extent in the decrease in prison population, but at the same time, I am sure that our volunteer workers have prevented any number from being returned.

The design is the same as that authorized by the War Department for those honorably discharged from the Army, thus standardizing the emblem for all persons honorably separated from the armed forces.

The button will be issued without cost to both officer and enlisted personnel separated from the service under honorable conditions since September 9, 1939.

NOTICE

The Briscoe County News will be published next week on Wednesday Nov. 24th. Correspondents and advertisers please get your copy in early. Thank you.

COMMUNITY SERVICE FOR THANKSGIVING NIGHT

The Community Thanksgiving Service will be held at the Methodist Church on Thanksgiving evening, November 25 at 7:45 o'clock.

Rev. Arvil Richardson, pastor of the Calvary Church will deliver the sermon for the union services for all Silverton churches. Mrs. Jim Bomar will lead the singing.

All churches and all the people in the community are urged to attend this annual service.

WAYLAND MISSION BAND HERE

The Volunteer Mission Band of Wayland College will be at the Calvary Baptist Church Saturday night Nov. 20th at 8:00 o'clock, Sunday morning at the regular services and Sunday afternoon at two thirty at the church. The members are asked to bring baskets and enjoy a basket dinner at the noon hour.

HERMAN DEWEY PITTS

Herman Dewey Pitts was born August 18, 1898 at Fairy, Texas, in Hamilton County. He moved with his parents to Briscoe County when a boy of eight years. He lived with his parents, Mr. and Mrs. J. N. Pitts and grew to manhood.

He gave his life into the keeping of his Maker at the age of 13, and was united with baptism with the First Baptist Church of Silverton at the age of 17. He lived a life above reproach, always thoughtful of others, a kind, loving husband and father.

He married Lela Earl Hill, the daughter of R. M. Hill, in September, 1918 and five children were born to this union.

The children are Mrs. Imogene Helbert of Hamilton, Texas; Mrs. Earlene Holland of Panhandle, Texas; Pfc. Shirley Pitts, Dyersburg, Tenn.; Sgt. Mickey Pitts, somewhere in Australia; and Montie Pitts of Tullia; a brother, Herbert Pitts of Fairy; and two sisters, Mrs. Alice Crow of Tullia, and Mrs. Mont Young of Stephenville.

For the past two years, Mr. and Mrs. Pitts have been living in Tullia, but the greater part of their life together was spent in Silverton.

Herman Pitts made friends wherever he went and left a host of sorrowing friends and relatives. He died on November 10 at the age of 45 years, after an illness of only one day.

CARD OF THANKS

We take this means to thank each and every one for every deed of kindness and expression of sympathy in the death of our husband, daddy and brother, Herman Pitts, and for the floral tributes and the gifts of food.

HONORABLE DISCHARGE BUTTONS FROM NAVY, TOO

An honorable service button to be worn on civilian clothes has been authorized for men and women separated under honorable conditions from active duty in the Navy, Marine Corps, and Coast Guard.

The button will be issued without cost to both officer and enlisted personnel separated from the service under honorable conditions since September 9, 1939.

Willie Amel Smithee and Walt Perkins left last Friday for San Diego after a leave here with their relatives.

SILVERTON TO PLAY TURKEY HERE FRIDAY

The Silverton Owls wind up their conference season on the home field Friday afternoon at 2:00 P. M. When the Turkey team comes for their return game. Turkey won over the Owls on their gridiron, but the local team was weakened considerably by injuries at that time, and the dope shows the two teams to be about equal and that should insure a good game from the spectator's standpoint.

The local team has not made a very impressive record so far. They have played seven games, losing to Quitaque twice, Turkey once, Estelline once, and Flomot once. They beat Flomot and Estelline once each. The boys want very much to win this week's game in order to put the team in the right spirit to take the strong Happy team which comes here for a Turkey Day Game Thanksgiving. This game with Happy is a non-conference game.

It is hoped that a large crowd will turn out for the game this afternoon. The boys really need your help, so why not drop all your worries and come out and give them your support. Remember the game is at 2:00 rather than the usual 2:30. School buses will not run until after the game.

FIRE AT GIN TAKES COTTON HOUSE CONTENTS

Fire broke out last Thursday afternoon in the cotton house at the Silverton Gin. Damage, which was covered by insurance, amounted to around \$1800 according to Mr. Herndon.

The fire was well along when discovered and by the time the department was called and arrived, flames were licking at the eave on all sides. It seemed very likely that the cotton house would fall, which would have scattered the burning cotton all over the east end of town. Quick action by Chief Crass and his fire boys saved the town a great loss.

According to Mr. Herndon, the cotton house will not be rebuilt. He plans to build a better building for next year's run and will do without a storage house for the remainder of the season.

JOHN HAMILTON STEPHEN

John Hamilton Stephen was born in Bosque County, December 16, 1869 and departed this life on November 7, 1943.

He was married to Miss Martha Frances Spencer December 20, 1893 and to this union were born five children.

He is survived by his widow; one daughter, Miss Carrie; and three sons, Evan H., John B., James T. Stephen. One son preceded him in death. Other survivors are three grandchildren, and two brothers, J. W. C. and W. A. C. Stephen; besides a host of other relatives and friends.

Mr. Stephen joined the Baptist Church in 1891 and lived a Christian until his death. He and his beloved wife would have celebrated their Golden Wedding anniversary on December 20, 1893.

Mr. Stephen lived in Briscoe County from 1923 until 1934, when he moved to Ralls, Texas where he died.

The community extends sympathy to the bereaved family.

CARD OF THANKS

We wish to thank our many friends and relatives for their kindness, thoughtfulness, sympathy and beautiful floral tributes in our hour of sadness, in losing our beloved husband, father, and brother.

DROUGHT SHOWS EFFECT ON 1943-44 WHEAT CROP

Requested Acreage Will Not Be Fulfilled

Following a Spring, Summer and Fall of unusually dry weather, large acreages of wheat have been seeded "in the dust" with maximum of only 25 percent of the seed acreage to date having germinated and up to stand. Most of the acreage up to stands and representing the estimated 25 percent of the State acreage germinate is in (1) a few counties in the north Panhandle, (2) in a strip running south and west from the Pampa area through Panhandle and Amarillo, and (3) in limited area in north Texas in the vicinity of Dallas, Denton, and Fort Worth. With the possible exception of the limited area in north Texas that is in as satisfactory a condition as the past crop on a corresponding date a year ago.

Wheat producers have refrained from seeding as large an acreage as would have normally been seeded this year had the drought not existed. It appears that a maximum of 75 percent of the last year's acreage of wheat has been planted to date, and this represents as much as 90 percent of the expected planted acreage unless the drought is broken immediately. Should ample moisture be received in the immediate future, wheat producers in the Panhandle area could be expected to seed additional acreages bringing the total planted to wheat in the State up to normal. However, the requested 1943-44 wheat acreage goal for Texas of 5,000,000 acres will definitely not be met this season due almost entirely to the prolonged drought that has existed.

A SERVICEMAN'S ANSWER

So you're sick of the way the country's run,
And you're sick of the way the rationing is done
And you're sick of standing in line,
You're sick you say — well, that's fine.
So am I sick of the sun and heat,
And I'm sick of the feel of my aching feet,
I'm sick of the mud and the jungle flies,
I'm sick of the stench when the night mists rise
And I'm sick of the siren's wailing shriek,
I'm sick of the groans of the wounded and weak,
I'm sick of the sound of the bomber's dive,
And sick of seeing the dead alive
I'm sick of the road, the noise, and the din,
And I'm sick of the taste of food from a tin,
I'm sick of the slaughter — I'm sick to my soul,
And I'm sick of playing a killer's role.
I'm sick of all this blood, death and hell,
And I'm even sicker of the tyrant's rule,
In conquered lands where the wild beasts prowl,
And I'm cured damn quick, as I think of the day
When all this hell will be out of the way,
That none of this mess will have been in vain,
And the lights of the world will go on again.
Then freedom will ring from shore to shore,
And the kids will laugh from the streets once more.
And the axis flags will be dipped and furled,
And God will look down on a peaceful world—

The Treasury Department has announced a combined quota for November for Series E, F, and G War Savings Bonds, which has been set at \$11,800 for Briscoe County, according to a letter received last week by County Bond Chairman H. S. Sanders.

The letter in explanation said, "The inclusion of Series F and G with Series E bonds in the monthly objective is logical since these three series of bonds are continuously on sale. Also, the three series afford opportunities for all types of investors: individuals, non-profit organizations (churches, lodges, clubs, etc.) and corporations. They offer the delayed income feature in the cases of Series E and Series F, and current income for those who require it in the case of Series G."

To date bond sales for this month are very slow, according to the post offices and bank. A sharp increase must be made during the last week, if the November quota is to be met.

Final figures on the September drive were also released last week. Briscoe County was credited with sales of bonds amounting to \$126,815.00.

Mrs. Dutch Tidwell entertained the L. T. D. Club Tuesday afternoon. Defense stamps were drawn by Mrs. J. T. Luke and the "Guess What" a glass washboard was guessed by Mrs. Arnold Brown. Names were drawn for the Christmas party which will be held Dec. 21 with Mrs. Arnold Brown.

YOUR TRUE?
WILBUR WILSON AND Whiteside were campaigning for president the other day. Whiteside, you know is a gifted and spirited argu-er — very able to take either side of any question — whether or not he knows anything about it. His main objective is to make his opponent just as nearly "mad" as possible. Anyway the conversation referred to above had about

reached that stage. Wilson was slightly anti- New Deal and T. R. said, "Yeah, you want to change. You want some body in there that will pick you up and put you on easy street don't you?" and Wilson came back with, "Whiteside that "pick me up" business sounds silly now. All I want now is a little "letting alone." And then while he had T. R. on the ropes, gasping for breath, he really gave with, "In 1932 I really needed a little pick up. And Roosevelt has my heartfelt thanks for that little pick up. But I didn't need the other 10 years of charity that I've had to take, and it's time things went the other way." They were holding the New Deal smelling salts under T. R.'s nose as I left, and Wilson was walking around still holding his hand high above his head, where Referee Hahn had left it in token of a technical knockout.

BULL DURHAM, WHO used to be a regular part of this column was here a few days. He is coaching at Las Cruces, N. M. Played five games. Won five games. Pretty good going Bull. I don't see how he did it. When he was here, he worked out all of his football problems at the News Office in advance. This year I have not been called on, even once, for advice.

THE BOYS REALLY did a good job last week on the fire at the gin. It looked like a hopeless job for a little while, but within fifteen or

twenty minutes they had it under control. If they had let it take the cotton house I guess it would have been going yet for the wind was high. They saved far more property than it looks like on the face of things. Herndon says, they are a more efficient bunch of fire fighters than many paid departments. The boys get 50c per fire I think. Would YOU get out in any kind of weather and do the work and take the risk they do for the same as nothing? They deserve every bit of help we can give them I haven't talked to Theron lately about it but I am pretty sure they can use another good man or two on the force.

COL. KENNETH BOZEMAN
care of Lubbock Livestock Sales
Lubbock, Texas

How many miles older is your car this week?

"Every mile you drive makes it more important than ever to Care for your Car for your Country"

IF TIRE AND GASOLINE RATIONING were removed tomorrow, no victory-minded American would permit himself one single mile of unnecessary automobile driving!

Let the truth of this fact sink in. Even if gasoline and tires were plentiful, cars are not. There will be no new cars for the duration. And every mile you drive, today and tomorrow and the day after, is an irreplaceable withdrawal from the Nation's bank of total transportation miles.

That is why your Uncle Sam is talking like a Dutch uncle when he tells you to *care for your car for your country*. You must protect and even pamper your car to coax every last bit of mileage from its aging engine and chassis.

Phillips 66 Service Wardens are pledged to do their utmost to perform all services which will improve the efficiency of your car and lengthen its life. Remember, the car which is driven this winter with tires unchecked... with battery un-inspected... with friction points unlubricated... may literally be running at the expense of the Nation's war effort.

The Phillips 66 Service Warden is waiting at every Phillips 66 Service Station, ready and anxious to do his part to help you "Guard America's Mileage." Drive in soon for complete *Service-Warden Service* at the Orange and Black 66 Shield... sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

SGT. HOMER GILKEYSON is still on active duty in far away India. His letters usually arrive within a week. Here is one of the most recent:

Dear Mom: This is the third letter I have written you since I got your last letter but I am sure I have some mail from home some where over here. Since my address has been changed I have not been getting my mail regularly. I sure hope it gets straightened out pretty soon.

I am still "traveling" most of the time. We were on the go yesterday from before eight until twelve-thirty last night and then again today. But I think the more time we get in traveling, the sooner we can go home. We hope so, anyway.

I hope you are well and not worrying about me. I don't seem to gain any weight but I feel fine and have a good appetite. I am getting a little tired of doing so much traveling but the time goes by much faster this way.

I can't think of any news to tell you. I am writing this to let you know I am well so you won't worry about me.—Homer.

(Ed. Note.—Homer is one of a very few whom we have been unable to reach with the Briscoe County News. With a new address here's hoping that the old B. C. N. will get to him now to give him more news from home.)

AVIATION CADET JAMES WARREN REID JR., who attended Texas A and M, the son of Mrs. Ruby F. Reid of Silverton, recently arrived here for the final lap in cadet training. He will soon join his father in the ranks of Air Corps Officers, as the former 'Ted' Reid, of Silverton, is now 1st Lt. James W. Reid, A. C.

JACK BROWN of the Coast Guard is here visiting his parents Mr. and Mrs. S. P. Brown.

RAYMOND LEE WOMACK is now attending Gunnery school in Jacksonville, Florida.

Carl Wimberly is on crutches following a fall from a horse. Carl says the pony was gentle and the rider was gentle but it happened anyway. He has a very painful injury.

Mr. and Mrs. Raymond Bomar were in Lubbock Wednesday.

A farwell dance was held Tuesday evening at the Firemans Hall for Miss Betty Copenhaver of Lebanon, Penn. Miss Copenhaver left Thursday for El Paso, Texas. Miss Copenhaver has spent several months in Silverton and has been employed by the Sheriffs Office and the Silverton Gin.

Mrs. Jeff Peeler and children spent several days in Littlefield the first of the week.

Joe—Does your mother ever spank you?

Betty—Yes, she does.
Does your daddy ever spank you?

Betty—You bet!
Joe—Which hurts the worst?
Betty—I do.

Mrs. Neighbors—But isn't you son rather young to join the army?

Mrs. Malaprop—Well, he is young, but then, you see, he only going to join the infantry.

The bride had finished throwing dishes at her hubby, then started to cry.

"But for one thing, I'd go home and stay with mother."

"What's that one thing?"

manded her husband.

"Mother's coming here to live with us. She's left father!"
