

J. T. (Red) Gilkeyson, is here after 28 months in the Navy. He is Motor Machinist Mate, second class. Red has seen many months of active duty. He said, "I've only seen one Jap and he was a prisoner. But I've seen their submarine periscopes, and I've seen the wake of their torpedoes. That gives you sort of a quaky feeling."

Note from Editor: Red kinda threatened my life if I ran this picture. He said it was made in boot camp, and that there was an officer there to tell you just where to set your cap to make you look the ugliest. And Red has sure changed a lot since this picture was made.

DEE McWILLIAMS has arrived at Camp Wolters to begin his basic training as an infantryman, according to a news release from the Public Relations officer at that camp. He has been assigned to a battalion stressing specialist training.

JAMES L. ALLRED, who has been stationed at Davisville as a Navy Storekeeper, has been transferred to Joliet, Illinois where he will be given a special training as a storekeeper.

MICKEY PITTS of the Admiralty Islands, is one of the most consistent of the boys in service, when it comes to writing letters to the editor. Here is his latest—story-letter written especially to be printed.

Dear Friends: So far in my letters I have failed to tell you much about our camp life here in the islands. We live in what are known as Jungle Tents. They are called Jungle Tents, not because they are built in the jungle as you may have supposed but owing to the fact that when they are finished, you have most of the jungle in them. It takes 70 poles to erect a jungle tent; and the tent gives a dual purpose, it keeps you dry supposedly, and you get excellent jungle training at the same time. After one week in a jungle tent, the densest jungle looks like a broad highway. If only we had the barbed wire, the tents would make an excellent commando course. The first thing to do when erecting a jungle tent is to throw away all the poles and then go into the jungle and cut more poles. We use no nails. Then you measure off the size of your tent and arrange the poles in area of the same size, making sure that only five of the poles are touching the ground, this method keeps you dry when it isn't raining and would let in the air if there was any air.

Of course when we are in these tents we have to stand with our heads bent down so that our eyes are on the same level as our feet. This makes it impossible to see where we are going (Not that any of us give a d—n; but owing to not being able to see where we are going we are despoiling lots of the trees with our heads. I hope that the horns I am growing are not going to be as permanent as they are in the jungle; being on top of your head, I am not worried much about them, as they may be only a nuisance.

In the whole I believe that the rats get the most enjoyment out of our tents—anyway herds of them lay in the tents to get out of the sun during the day; and they pant and purr in a most comical manner—only moving out in the evening when the rats move to do their calisthanics and exercises. The rats are drilling by themselves now and the other day C. O. held a regimental parade in our tent. (He was not as good as a horse, despite all rumors.)

Volume XXXVII Number 8

Summer Bargain In Effect Monday--\$1.50

JAKE SPENCER HAD GOOD TEAM AT MIAMI LAST YEAR

Modesty no doubt accounts for the fact that Jake Spencer just this week reported on his football team at Miami last year. Starting with an entirely green bunch of players, Jake developed an undefeated and untied team.

R. B. Haynes, Miami editor, wrote, "Jake is a wonderful coach to take a bunch of green kids that were playing their first year of football and whip them into shape to win all their games and never were tied."

Spencer, who formerly taught in the Silverton and Haylake Schools, is manager of the Farmers Co-op elevators in Miami and Laketon.

PREACHING AT CHURCH SUNDAY NIGHT

Rev. C. N. Wylie, of Plainview, will preach at the Silverton Presbyterian Church Sunday night at 9:00 o'clock. A cordial invitation is extended to all.

A business session for the members will also be held.

Mr. and Mrs. Boots Bryant and children were visiting in Silverton Tuesday.

All Subscription Money This Year Goes For War Bonds

The War Bond Drive opens on Monday, June 12th, and so does the Summer Bargain Offer of the Briscoe County News. The special offer this year will again be \$1.50 per year in keeping with Uncle Sam's Drive for money in the Fifth War Loan, all money received for subscriptions while the Fifth War Loan is on will be put into War Bonds.

You may either pay your subscriptions in War Stamps or you may pay as usual and we will see that the money gets into War Bonds.

There are around 200 subscriptions that will run out in June, and July. If these are paid during the time of the Fifth War Loan, it will be making a small amount of the quota.

The \$1.50 special price DOES NOT apply to the 2-for-1 offer for Service Men's subscriptions. Your own subscription and for a man in service will still cost \$2.00 the same as always.

So take a look at your name label and if it needs it come around and have it set up a year. Do not expect a notice of expiration thru the mail.

THIS BEACHHEAD IS BIG ENOUGH FOR ALL OF US

Birthday Entertainment

Mr. and Mrs. Jim Henderson entertained Sunday, June 4th with a birthday dinner, honoring Grandmother Sudberry and Dwain Henderson. Grandmother Sudberry was 86 years old on June 2, and Dwain was four years old on June 5.

Those enjoying the day and a very delicious dinner were as follows:

Mr. and Mrs. Roy Henderson and three children of Borger; Mr. and Mrs. Monroe Lowrey and two children of Happy; Mrs. Lottie Henderson and Dwain; Grandmother Sudberry and the host and hostess, Mr. and Mrs. Jim Henderson.

Bond Club Meeting

The Bond Club met with Mrs. Rusty Arnold June 2nd, with eight members present and one visitor. Mrs. R. E. Douglas drew the bond. The next meeting of the club will be with Mrs. O. T. Bundy, June 16th at 8:30 o'clock.

NEW LIBRARY HOURS

New Library hours will go into effect Saturday of this week, according to Mrs. O. T. Bundy. The new hours will be from 1:00 P. M. to 6:00 P. M.

The Library is open on Tuesdays and Saturdays and the public is cordially invited to make use of the reading room and the fine library of books.

Lillie B. Brooks is in the hospital at Plainview suffering from a burst appendix. She is in a very serious condition.

Mrs. G. H. Carthel, who is in the West Texas Hospital in Amarillo, is very seriously ill. She is suffering from a heart ailment. Her son, Lois Carthel, was with her Tuesday and Wednesday.

Mrs. J. T. Luke underwent a major operation at Tulla Wednesday and is reported as doing nicely. She has a two month leave from her work at the O. P. A. office.

FIRST WHEAT HAULED TO ELEVATOR MONDAY

The 1944 wheat harvest, which promises to be slightly better than was expected, opened Monday, June 5, when C. M. Strickland and Tom Bomar gave their fields the opening swaths. A report from the Silverton Co-op says that both men are cutting wheat that is good both in test and grade. Strickland was getting about 11 bushels to the acre on his first cutting and the Bomar field was making 12.

Will Smithee started his outfit the next day, and by now there are several in the field. The guess as to yield is slightly higher than two weeks ago. Many say now that their wheat will make around 18 bushels—for the most part, however, the yield will be much less.

All elevators in Silverton are ready to go. They will be under the same management as last year except the Fogerson Grain Company, which has been leased to Nig Reid for the past two years. This year the Fogersons will be in active charge again.

American boys have invaded Hitler's European Fortress! The attack on the French Coast began Tuesday morning at six o'clock. 60,000 paratroopers were dropped behind the German coastal defenses, and a successful frontal assault was made on the coast, supported by the greatest air and sea attack ever seen in the history of warfare.

Casualties were believed to be comparatively light and little organized resistance was shown in the first hours of fighting.

Wednesday reports told of German resistance stiffening and that German counter attacks were expected. The Nazis have now had time to recover from the first surprise, and the next few days will see some of the fiercest and the bloodiest fighting of the war.

Yes, D-Day, for the American soldier in European has arrived and passed. The doughboys were ready and eager for the job—to do it and get it over.

D-Day for Civilians
Now here is another important announcement—the opening of a drive for funds to back up those lads who are doing the fighting in every part of the world. Our D-Day is June 12, and the goal is for 16 billion fighting dollars. Our state is to raise 464 million and Briscoe County will buy \$170,000 worth of War Bonds.

With the thoughts of the invasion in our minds, every red-blooded American will march to his bank or postoffice on D-Day and plank down every possible dollar he can that the boys at the front may have the equipment to win the victory.

When the news of the invasion came over the radio, people stood by their radios in awe and wonder, and for the most part with a silent prayer in their hearts for the success and safety of the boys we know. Within a few minutes, flags were flying and each person was making an attempt to show that he was vitally interested.

Now we have a chance on Monday, June 12, to show that we meant those prayers and that we were sincere and honest when we hung out the Flag. We can do it by buying every penny we can in War Bonds—QUICKLY. And we can show it by talking bonds and selling bonds. That little obstacle of \$170,000 must not stop Briscoe County—not if we are to be able to write the boys that "we are backing you."

School district quotas for the Fifth War Loan are:

Lakeview	\$6,800.00
Francis	\$6,375.00
Rock Creek	\$7,225.00
Heckman	4,675.00
Wallace	\$6,375.00
Antelope	\$6,375.00
Haylake	\$11,475.00
Gasoline	\$11,475.00
Kent	\$6,800.00
Holt	\$1,700.00
Howard	\$1,700.00
San Jacinto	\$11,900.00
Silverton	\$49,300.00
Quitauque	\$37,825.00

M. C. Tull, chairman of the Silverton district has appointed the following as his volunteer salesmen:

Mrs. Alley Snowden, Mrs. Ray Bomar, T. R. Whiteside, W. Coffee, Jr., Jake Honea, D. O. Bomar, Tom Bomar, Roy Teeter, H. S. Sanders, Chick Northcutt, Lem Weaver, Mrs. H. S. Sanders, Roy Hahn, Earl Brock, W. L. Brian, and J. W. Lyon, Jr.

Sanders, who is county chairman says: "Do not wait to be asked. Make your arrangements now and when our civilian D-Day arrives buy your bonds. Buy just a few more than you thought you could. Let's go!"

Mrs. John McClendon and children and Mr. and Mrs. Perry Smith of Texas City are visiting here with her mother, Mrs. D. N. McGavock and friends. The Smiths will return the last of the week. Mrs. McClendon will remain for several weeks.

RIGHT NOW, while you are reading this, men are dying—American men, giving their lives to establish beachheads from which they can sweep on to Victory.

That's their duty—to smash the Nazis and the Japs, and all they represent, once and for all—to make this a better world to live in—for you. And they never stop to ask the cost.

You're an American—you have a duty, too! Here's your chance to do your share—to fight by their side on every bitter beachhead in the world. The 5th War Loan is on—the biggest

Drive for Dollars in all history. You know how you can help: BUY WAR BONDS WITH EVERY DOLLAR YOU HAVE! Now is the time to buy extra Bonds—as many as you can.

If you are already buying Bonds on a payroll savings plan, whoever you are, whatever you do, ask yourself this question: "What did I do today that some mother's son should die for me tonight?" Then double the Bonds you bought before—make them know you're with them! And not next week or next month, but NOW, when every bullet and every dollar counts MOST!

And Here Are 5 MORE Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

MEMBER PANHANDLE PRESS ASSOCIATION

BARB'S FATHER passed away Friday night and funeral services were held in the Methodist Church at Jewell, Kansas Sunday afternoon. Mr. Whitney had been in poor health for several years and nearly bedfast since last October. His death came after a stroke last Tuesday.

DAD WHITNEY was as fine a man as I have ever known. He was always jolly, and always kidding someone. He had done quite a bit of traveling and an awful lot of reading. There weren't many things he couldn't talk to you about. He liked to get acquainted with new folks better than anybody you ever saw. And I think folks liked to get acquainted with him too.

HE WAS A life-long church member but didn't make a lot of show about it. I know of lots of little things he would do for people that the folks themselves didn't know about, and he would have been angry if someone had told them. Yes, Barb's Dad had that something—and he had it in his heart and nothing for show. He was a man's man, but he was a Godly man. What more could one ask in one's Dad?

COLLIN (he was named for his granddaddy) will miss him as much as any one. Until the past few months young Col and old Col corresponded regularly—and most of it is pictures. They were a pair when they were together. And I hope that Little Col grows up to be as fine a man as his granddaddy.

I DON'T JUST KNOW when Barb will come back. They will have a lot of things to do, and it will probably be next week end.

HAVEN'T HEARD any funny stuff this week. Next week maybe.

THE SUMMER BARGAIN offer is on—\$1.50 a year now. Please renew as early as possible. All

Mr. and Mrs. Bryan Strange visited Mrs. Mickey Pitts in Tulia Friday.

Mrs. J. Lee Francis entertained the Helping Hand Club June 1st. Delicious refreshments were served to the following members: Mesdames A. J. Rowell, Frank Mercer, Fred Mercer, D. L. Young, Edwin Crass, Jack Jowell, W. C. Price, H. C. Mercer, Ernest Strange, F. A. Fisch and U. D. Brown. Guests were Mrs. Betty Hodges and Mrs. Owayne Ross. The next meeting will be in the home of Mrs. Jack Jowell June 15th.

Vigo Park News

Mr. and Mrs. Warren Cope are moving back to our community after living in town all winter. We welcome them back. They bought the Darnell farm east of Vigo.

Mrs. Hugh Kelso and children, Mrs. Marie Fowler and children of Canyon, Sgt. and Mrs. Harold Cullum of Amarillo, and Mr. and Mrs. Leo Gardner and children, were visiting Sunday in the C. R.

Gardner home. Mrs. Cullum visited her mother from Wednesday of last week until Sunday.

Mr. and Mrs. L. C. Hyatt visited in Silverton Sunday.

Pvt. and Mrs. Raymond Heim and son are visiting in the W. J. Heim home. Raymond has a fifteen day furlough.

Mr. and Mrs. Orville Gardner moved to their home south of Vigo last week.

Mr. and Mrs. Pete Jones attended church in town Sunday and were dinner guests of Mrs. W. C. Hulsey and Miss Mildred.

Rev. and Mrs. Menefee went to Ceta Glen Camp Monday evening. They will be home Friday night. Billy Mack is a guest of Mr. and Mrs. Ben May while they are gone.

The Baptists have selected a pulpit committee and we hope to have preaching Sunday. Let's all come and make our Sunday School and church service what it should be.

A large number from Vigo attended the funeral of Mr. Payne Friday afternoon at Wayside. We extend our sympathy to each member of the family.

Rev. C. J. McCarty of Lubbock and Mr. and Mrs. J. A. Allred of Lubbock were dinner guests Friday of Mr. and Mrs. C. H. Rogers. Mrs. Allred is Mrs. Rogers' sister.

VOLUNTEERS NEEDED FOR PRICE PANEL WORK

County-wide Price Panels of the War Price and Rationing Boards throughout the nation are stepping up their activities in an all-out effort to keep the cost of living at the level that has been maintained for the past year. The boards in the Lubbock District are cooperating in every way with the move, the Office of Price Administration has announced.

Stressing the need for more price panel assistants, Howard R. Gholson, District Director of the OPA, has announced that any man or woman who can volunteer a few hours each week to this program should contact the Price Panel of his Local Board. "Whenever it is at all possible, we want to keep the price control program on a neighbor-to-neighbor basis. The local boards need many more volunteers if the program is to be carried out as it should be," said Gholson.

Mr. and Mrs. Cargal Wise and family visited in the home of Eddy and Eunice Cox Sunday.

Want Ads Pay Big

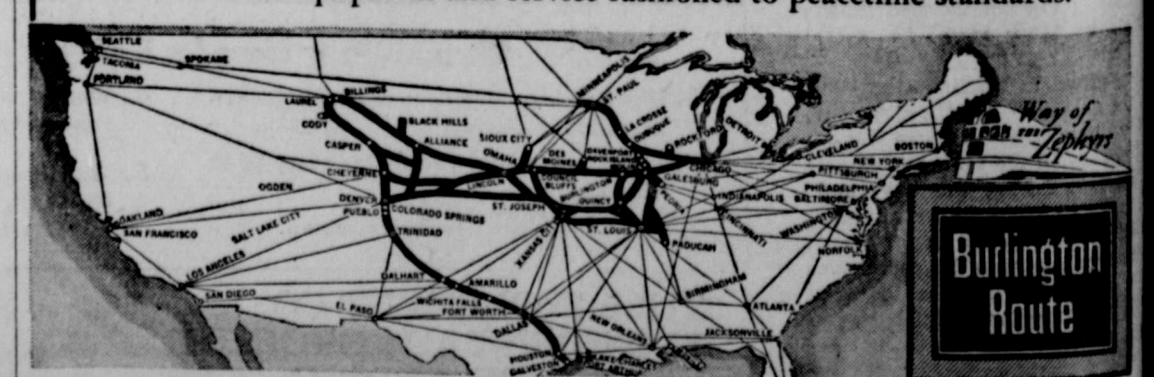

AMERICAN FAMILIES are doing without many accustomed things now-a-days. That's one way in which all of us are able to play a definite part in speeding the day of Victory.

Have you ever stopped to consider just how important this "doing without" program really is? It lacks the drama and the lustre of more direct action, to be sure, but our entire war effort might very well collapse without it.

Take the one item of travel, for example. Thousands, yes tens of thousands of people are foregoing pleasure travel these days. By thus "doing without," they are assisting America's railroads in handling their gigantic war assignments with speed and efficiency. It's a job that simply couldn't be done without the public's willingness to "do without."

For this spirit of cooperation, we of the Burlington Lines extend our sincere thanks. We're looking forward to the day when we can show our appreciation more tangibly—in terms of equipment and service fashioned to peacetime standards.

spent the week end with Mrs. Finley.

Wayne Hamilton spent Saturday night in the home of Mr. and Mrs.inson Smith.

Miss Sybil Chloe Bothe of Deni-son, Texas, is visiting here with her sister, Mrs. Louie Reithmayer and family.

Mrs. Judd Donnell and Mrs. Louie Reithmayer visited with their husbands at Crowell where they are "making the harvest". Wheat is making a good turnout there and help is scarce. The girls did some grain hauling while they were there.

Clyde Hutsell was absent from the Snowden Grocery Monday morning because of illness.

Mrs. Robert Hill is with her father again in Amarillo. Mr. Haley, who suffered a heart attack about a month ago, seems to be slowly improving but will be confined to his bed for several weeks yet. Robert Haley Hill stayed with his mother and grandparents.

Mr. and Mrs. Virgil Baldwin of Lubbock were here from Friday until Monday visiting in the parental W. A. Rowell home. Mr. Baldwin is employed in Furr Food Store No. 3.

Mr. and Mrs. Paul S. Rogers and family were here over Sunday from Dumas visiting with Sil-verton friends. They ate Sunday dinner in the Craft home and stayed over night with Mr. and Mrs. Edd Thomas. Mr. and Mrs. Rogers plan to move from Dumas to California in July and have already purchased a home there.

Mr. and Mrs. Jesse Hill left on Monday for Plainview where they will make their home. Their daughter, Mrs. Betty Tillery, and her daughter will move with the Hills.

Pvt. Dick Swenson of Metacken, New Jersey, visited over the week end in the Perry Thomas home. He is a nephew of Mrs. Perry Thomas, Jr.

Mr. and Mrs. Albert Myers and little daughter Elaine of Dimmitt spent Sunday with Mr. and Mrs. G. R. Dowdy.

PLEASE Return Them

We simply mist insist upon a hanger with each garment. If you knew how badly it inconveniences us—you'd bring them. Please!

City Tailors

NOTES FROM THE COUNTY AGENT'S OFFICE
By Lem Weaver

Labor

This wheat harvest will find less labor than ever before. A supply of outside labor is almost impossible to obtain. A few young boys and girls that are available can do considerable work if the farmers can find it possible to use them.

These boys have their names listed at the County Agent's office and can be placed, if you need laborers, come by and leave your name, kind of work, and when you need a hand. Anyone that is not working at this time that is willing to help out during the harvest, please let it be known to me, thus enabling me to place you for a position you are suited for.

We will do everything to help harvest a "some better than expected" wheat crop.

Poultry

The price of eggs in comparison to feed is still at a narrow ration. There are still several things that can be done to help with the crop. Have you done the following things?

1. Culled your flock when egg production is below 50 percent?
2. Started summer control on lice and mites? (This is the time for this to start). Albert Mallow finds external parasites of poultry can live one year in a building that houses no poultry. If you had these pests before, it will pay you to check again.
3. Have grit or gravel to help hens to efficiently consume their feed?
4. Sold roosters and saved 1c a day on feed for each rooster, and produce infertile eggs that will keep?

4-H Club Boys To SPAAF

4-H Club boys that produced e- quivalent food to feed a soldier will attend a meeting of the 4-H Club Boys at South Plains Army Air Field at Lubbock, Texas on June 8th, to be entertained and given a chance to observe some of the work being done.

Lt. Mayer, Public Relations Of- ficer, has arranged the entertain- ment program. The following are some of the things the boys will see:

The plane "TEXAS QUEEN", that was in several major engage- ments on the fighting fronts and featured in several leading mag- azines.

A demonstration of the Air Re- view.

A demonstration in Chemical Warfare.

The following boys will attend:

George W. Ramply, Denzil Ray Vaughan, Duane Lemons, John A. Arnold, Junior Fanning, Hubert Brooks, Fred Arnold, Wayne

I remember from school.

I once had to do a composition about the world's greatest invention being wheels. Just think of gear-wheels, water-wheels, and especially all the wheels for transportation! But right now the greatest thing of all, I'd say, is to keep wheels going; keeping your car in service, for instance. There's this and that to help you. There's one motor oil and another. Now from what I know, the explosions in any engine must produce acids, which brings up the bright idea of safely OIL-PLATING your engine's insides with Conoco Nth motor oil. You want to prevent damage from acids... internal corrosion! Some things are specially good at fighting corrosion, and OIL-PLATING comes in that class. Even chromium plating, just for comparison, couldn't stay closer to working parts than this protective OIL-PLATING. It battles corrosion, so as to help you preserve your transportation as soon as you switch to Conoco Nth oil.

CONOCO Nth MOTOR OIL

Back on the Job

For the past two years, as you know, we have had our Wheat Elevator leased at Harvest Time. This year we are glad to announce that we are back on the job and

Ready For Your Wheat

The elevator and scales are all in tip-top shape, and we will be able to give you the same good service as we did back in the "good old days".

With the exception of the time we have had the place leased, Fogerson Grain Company has been under the same management for years and we pride ourselves on the fact that we are old timers in the wheat business.

Now, to get back to this year's crop — we want your business and we will do our best to warrant it— with quick, courteous service, and accurate weights and test. We are glad to help you in any way we can to see that you get the most possible money out of you '44 wheat crop.

Our motto is the same as always — "WE APPRECIATE YOUR BUSINESS". Many have used that motto, but none have meant it more than —

— THE FOGERSON'S

News from Boys in Service

(Continued from front page)

moors, but he was much fatter than a hog. I don't believe he was very well satisfied at some of the formations though, as he kept them at it all night and along at the last, he was using language that reminded me of my brother-in-law when referring to an Okie. (My brother-in-law does not like Okies). I actually had to stop up my ears a couple of times so you see how tough these rats are.

To get back to our tents . . . after building them it was found necessary to build up the floor with sand for about a foot and a half in order to keep the rain water from floating our bunks away. That has worked out all right though. We only have to stoop a little lower and now about half of the sweat that used to run into our shoes, drips off the end of our nose and so our feet are only half as wet as they used to be.

There is less variety in Heinz pickles than in the rat traps that have been built here but so far the rats have proved the smartest. One rat even left a note in one of the traps saying, "Who in the heck do you think you are fooling?" and signed it "The Rat".

I cannot tell you who made that trap owing to the 63rd article of war. I have learned that all of the rats here have Commando training and are wise to all booby traps

but one of the boys did get one in his trap just the same. It took him three days to recover the use of his legs after the running he had to do. Of course it only took the rat about three minutes to destroy the trap and escape. I won't tell you who made that trap either.

I hope this finds everyone around there well. I'm still kicking and that's all. Give my regards to Pop Hill who is in the hospital. I hope he is well by now. I have not had many letters from folks around there. It will only cost you (6c) six cents to write a small V-Mail letter and it doesn't take long. You can get my address from the Briscoe County News office the first time you are in town.

As ever,
Mickey Pitts

Antelope Flat News

Miss Pat Paynor is now employed in Amarillo.

Mr. and Mrs. G. W. Selmon and Mr. and Mrs. Sisco and baby were in Memphis Tuesday.

Mr. and Mrs. Bill Edens and Billy Del, and Mrs. Oscar Bullock and Jimmy and Janice, and Miss Emma Bullock were in Clarendon and Memphis Tuesday.

Miss Mildred Baker spent several days last week with Mr. and Mrs. Roland Selmon of Brice.

Betty June Selmon visited with friends in Lakeview last week end.

W. N. Bullock spent last week with Mr. and Mrs. Loyd Bullock of Vigo Park, whose sons Gail and Dwayne had tonsilectomies in a Tulsa hospital Wednesday.

The Quilting Club met Thursday and quilted quilts for Mrs. Guy Edens, and Emma Bullock.

Wayne Baker is visiting his grandparents, Mr. and Mrs. J. S. Baker and other relatives at Sunday.

Brown of Wellington visited Wednesday and Thursday in the C. C. Brown home. Mr. and Mrs. Brown and Betty accompanied them to Wellington Friday and returned home Sunday.

Henry Edens took hogs to the Wellington market Friday.

Guy and Bill Edens and Baker went to Wellington and brought back a new combine for Henry Edens Saturday.

Mrs. Grover Harris and children and Mrs. Roland Salmon and children visited relatives here Monday.

Miss Bonnie Nell Edens of Giles is visiting relatives here this week.

DEALERS MAY GET NEW TIRE STOCKS

During the six-week period of June 1 to July 15, dealers may receive new passenger tires and tubes from manufacturers without giving tire rationing certificates, the District Office of Price Administration announced this week.

Officials pointed out that this move in no way changes the present method through which a motorist obtains a tire or tube certificate from his Local Board. The action was designed to facilitate the shipment of new passenger

tires and tubes from manufacturers to dealers, and will bring about better distribution.

Announcement was also made that any person desiring to enter tire business and intending to acquire allotment from a manufacturer under this ruling must apply to the District OPA for recognition as a dealer. This will make it possible for tire dealers who closed their establishments several years ago because of the limited tire distribution to re-enter business and obtain new passenger tires and tubes on a basis similar to the allotment provided for existing dealers.

All tire certificate replenishment portions, Parts B, dated before April 1, 1944, are to be invalid after July 15, 1944, unless they have been received by the manufacturer on or before July 15, officials stated.

During the Aleutian campaign, elements of the U. S. 11th Air Force dropped 6,773,070 pounds of Army Ordnance bombs on the enemy, and used Army Ordnance machine guns and cannon to shoot down 65 enemy fighters and bombers, to destroy 22 enemy fighters on the ground or afloat, to sink 15 enemy vessels, and to damage 31 enemy vessels.

READY!

We are already buying wheat — and we want yours, and yours, and yours and yours. In other words, we want all the wheat we can get, and we are fixed up in good shape to handle it to your entire satisfaction. We've gone over the elevator from top to bottom, and we have installed new Howe Elevator Scales for quicker and more accurate weighing. Our crew is experienced in harvest work.

What we want you to know that we're ready when you're ready. Make this your harvest headquarters.

Congratulations to C. M. Strickland on his first load of wheat. Good wheat, good test. Here's hoping you all have a lot of it.

And, as the Fifth War Loan opens Monday, why don't you use that harvest money to buy War Bonds. Buy all you can, and then buy another —

Silverton Co-Op.

Whiteside & Company

Notice, Please

WE WILL CLOSE OUR SHOP SOON
(For a short time)

We hate to make this announcement, but we want to make it early enough so as to inconvenience you as little as possible.

We are going to close up for awhile. Mrs. Havran and myself are going to get a little rest and visit a clinic. To do this we must close the shop.

DEADLINE — No more cleaning work will be taken after **JUNE 24TH**. Then we will work out what is in the shop and be gone.

Thank you a lot. We will take care of your needs the best way possible.
