

NEWS from the BOYS IN SERVICE

JAMES ALLRED, son of Mr. and Mrs. A. M. Allred of Amarillo, has been in the Navy over two years. He is a second class petty officer as Storekeeper. He is now attending a special school at Joliet, Illinois. He is a graduate of Silverton High, and attended A. & M. and was employed as linotype operator before entering service.

PVT. NIG SMITH, brother of W. L. Brian was killed in action in Normandy, June 9th. The plane left Monday for New Mexico to be with Mrs. Brian's parents.

LANETTA THOMPSON has been in service for 18 months. She is stationed in Washington, D. C. where she is attached to the Medical Bureau of the Waves. Lanetta has been here for two years with the Cupell family.

DAVIS left Thursday morning for Lubbock where he will be assigned to service in the Navy.

CHILDRESS of South Hood spent Sunday with his family.

CADET JAMES DAVIS of Mr. and Mrs. D. H. Davis is taking his primary training at the Naval Air Station at Peru, Indiana.

JACK HARRIS writes to Roy, "Dear Roy, will write a few lines to let you know I am thinking of you. I have thought much about you over here, but here I am the same. I am in England and I know I can't tell you where I am. As I am here if I get a chance I am going to give them a letter and I think I will get the chance."

Roy, I will close for this time. Tell all hello and keep going until I get back. As usual.

MARTIN who has been in the Navy is home now with a discharge. He arrived here...

News from Boys in Service

JIM HAYNES writes from Eagle Pass and sends an extract from a letter he received from Joe who is in India, and is now CAPT. Joe Haynes. He says "I am receiving the home town paper but I can't depend on which series---first I get December, then February, April, January and then December again. Dad had quite a little article in one of them. It tickled the hell out of me." The above was written on May 30 from India.

PVT. GRADY MARTIN of the Marines arrived last Friday to visit his parents Mr. and Mrs. W. W. Martin. Grady is on his way to Paris Island to attend Officers Tr. School.

CULLEN TIBBETS AWARDED AIR MEDAL

S-Sgt. Cullen P. Tibbets, 28, son of Mr. and Mrs. Earnest Tibbets, Plainview, Texas has been awarded the Air Medal with two Bronze Oak Leaf Clusters, it was announced recently by headquarters of the "Earthquakers" Group.

His citation reads: "... for meritorious achievement while participating in sustained aerial operational activities against the enemy. . ."

A veteran combat cameraman, he has been with the "Earthquakers" on their long trek across Africa supporting General Montgomery's Eighth Army, and on the invasions of Sicily and Italy. He also was along taking aerial pictures of the Anzio beachhead.

No stranger to anti-aircraft he recalls his missions over Randazzo Italy as among the worst. Randazzo a town Sicily is located at the base of towering Mt. Etna on which the Germans had placed aircraft detectors and anti-aircraft guns. His squadron made ten missions over this target and he estimates that during these days the ships in the formations were holed over 400 times.

On another raid over Zara, a Yugoslav-Italian port, he took pictures which recorded the destruction of utilities installations and the death of 600 German troops in a barracks there. This was later confirmed by Partisan underground sources.

He is now flying with a 10th USAAF medium bombardment group operating in the Strategic Air Force Eastern Command, in the China-Burma-India Theater, where weather is a bigger handicap than the flak which he faced in the Mediterranean Theatre. Recently he has had to drop his camera and man a machine gun to help fight off attacking Zeros when his squadron was on a mission over Burma.

Sgt. Tibbets graduated from the Silverton High School in 1934 and from Texas Tech in 1939. He left his post graduate studies at Brown University at Providence, R. I. to enter the AAF in April 1941. He is a member of the Alpha Chi, scholastic honorary.

Today, he is chief of the photographic section of his squadron and probably one of the big reasons for the big shortage of films in the U. S. His Group was recently commended by higher headquarters for their accuracy in photographing actual bomb hits.

REVIVAL AT CHURCH OF CHRIST

The Church of Christ will hold a revival starting July 28th and will continue through August 6th. W. T. Garnett of Spade, Texas will do the preaching. He conducted a meeting here last year and he was well liked by those who heard him.

Buel Hill fell from a tractor Monday afternoon, hurting his back.

Mr. and Mrs. John Bain, Mr. and Mrs. D. O. Bomar and Mr. and Mrs. M. C. Tull were in Amarillo Friday afternoon.

SUBSCRIPTION OFFER STILL IN EFFECT

The subscription sales at the News Office are moving right along but there are many, many subscribers whose time will run out in July who should come in and renew during the bond drive. To date two fifty dollar bonds and one twenty-five dollar bond have been purchased from receipts from subscriptions.

The Briscoe County News at the present time has the largest circulation in history. 225 of these subscribers are men in service. Most of these service men subscriptions are coming under the 2-for-1 offer for service men.

All is not joy in the circulation that all papers to men overseas must be mailed in a specially printed wrapper saying that it is mailed under the certain postal regulations. This means that these wrappers must be printed on the job press before being used to carry the papers overseas---another job and additional expense.

Since last week's paper the following folks have brought or sent in money for their paper. Thanks very much.

CARD OF THANKS

We cannot express in words our appreciation for your kindness and sympathy shown us in the loss of our beloved one. Your words and floral offerings have done much to help us in recovering from our numbing loss. Your kindness shall never be forgotten.

Walter Watters and children
The Roberts family

NOTICE

The Ration Office will be closed Friday June 30th for inventory.

RATION BOARD

Silverton and vicinity has received three hard dashing rains. Friday night a quarter of an inch was received and Saturday afternoon .73 was received accompanied with wind and a severe electrical storm. Wednesday night the community received and inch and .45 also accompanied by wind and electricity. However little damage has been done by these storms.

Mr. and Mrs. Bernie Hancock of Hobbs, N. M. brought Mrs. Mary Porters daughter Mrs. Dallas Fry of south Texas to her mother's home Sunday. Teddy Gale Hancock son of Mrs. Clyde Hancock returned home with his grandparents to spend a week.

YOUR subscription money goes into bonds during the bond drive. RENEW NOW.

Mrs. B. F. Winters of Lakeview is visiting her sister Mrs. W. B. Hughes.

You can renew your subscription now for only \$1.50.

Mrs. J. K. Coffee and children were Sunday supper guests in the W. Coffee Jr. home.

Local Happenings

Tom Bomar who was taken to the Lubbock General Hospital returned home Wednesday. His condition is still quite serious.

Mr. and Mrs. Durward Brown and girls spent Sunday in Lubbock where they met her folks for a picnic at the park. Marvin Davis returned home with the Browns.

Mrs. Art Hardin and daughter of San Diego, Calif. are visiting Mr. and Mrs. G. H. Thomas and other relatives.

Melvin Hudgins, of Plainview is in the hospital there, seriously burned by steam while working at the Plains Co-operative Creamery. He is the brother of Mrs. Earl Simpson and she visited him Sunday. His condition is very critical.

Miss Ruth Mercer will become the bride of J. T. Smith of Arkansas City, Kansas, July 2nd at Salt Lake City, Utah where Mr. Smith is in the Army. Miss Mercer has gone to Kansas to visit his parents before going on to Utah. She will be accompanied to Salt Lake by Mr. Smith's sister.

Mrs. Bob Turner and Mr. and Mrs. Ben Hooper of Kress visited friends in Silverton Sunday.

Mrs. Johnnie Freeman and son of Dallas are visiting her parents Mr. and Mrs. S. P. Brown.

Mrs. Jewett has returned from Dallas to spend the summer in Silverton.

R. V. Payne of Plainview was in Silverton Sunday on business.

Mary Tom Bomar is visiting Mr. and Mrs. Bill Hardcastle at Turkey while her parents are in Lubbock.

Mrs. Pearl Simpson accompanied Mrs. Tom Bomar to Lubbock Saturday.

Chester Strickland and family of Canyon and J. D. Strickland of Lubbock were visiting in the C. M. Strickland home Sunday.

Wynone Peeler of Dimmitt is visiting in the Jim Clemmer home.

Mrs. C. E. Burson and daughter of Olympia, Washington is spending a week with her father Mr. R. M. Hill.

Mr. and Mrs. R. M. Hill, Mrs. C. E. Burson and daughter, Mr. and Mrs. Bailey Hill, Mr. and Mrs. Bailey Childress and Ted, and Buel Hill were guests of Mr. and Mrs. Bob Hill Sunday.

Mr. and Mrs. J. J. Vardell spent Sunday with Mr. and Mrs. R. E. Sweak.

Claude Laudermilk and J. J. Vardell were in Amarillo on business Friday.

J. T. Luke of Wynoka, Okla. spent the week end here. Mrs. Luke returned to Wynoka with him to spend several weeks.

Luther Campbells went to Amhurst Sunday to get their daughter Glenna who has been visiting Joy Seaney. Joy returned home with them for a visit.

Miss Doris Campbell of Plainview was home over the week end.

Misses Fay Gean Davis and Patricia Bomar of Canyon were home over the week end.

Miss Fay Tice Bomar and Nolan Havran were home over the week end from Tech.

Mr. and Mrs. J. B. Roger's grandson J. R. Canion Jr. of Austin is spending the summer with his grandparents.

TRI-STATE FAIR RODEO JULY 1, 2, 3, & 4

Again this year rodeo fans of the Southwest will have five opportunities to see their favorite arena attraction in Amarillo during the first four days of July.

Again this year the rodeo will be sponsored by The Tri-State Fair with Beutler Brothers as directors, but there will be more speciality acts than ever to provide a well-balanced two and a half hour program with calf roping, bull dogging, bronc riding and bull riding as the main events.

Cash prizes of more than \$2,000 have been posted for the contestants. It is an open show with no one barred except those blacklisted by the Cowboys Turtle Association.

There will be night shows at 8 o'clock on Saturday, July 1; July 3 and Tuesday, July 4. There will be two matinees at 2 o'clock on Sunday, July 2, and Tuesday, the Fourth of July. Admission, including tax will be \$1.20 for adults; 60 cents for children. Box seats will be 75 cents extra.

Officials of The Tri-State Fair have announced enlisted men will be admitted for 60 cents, including tax.

MEN PASSING THEIR PHYSICAL JUNE 20th

The following men passed their physical at Lubbock June 20th.

Geo. Neese
Jack Driscoll
John T. Young Jr.
Luther Freeman
R. N. McDaniel III
Henry Hasty Jr.
Bartley D. Fanning Jr.
James C. Bean
Wm. F. Chase

This represents 100% of the men who reported for their physical. No designation is being made as to the branch of service that they will enter.

County Far Behind In Series E Bonds

WARTIME WASHINGTON by Gene Worley

With the Texas Panhandle facing or now engaged in harvesting one of the biggest small grain crops in its history, the following steps have already been taken in Washington to secure as much labor, farm machinery, and trucks as humanly possible to secure.

The National Selective Service Headquarters here in Washington has stated that the Texas Selective Service Board Headquarters had been urged to grant temporary deferments to agricultural workers about to be called. Washington Headquarters stated no blanket deferments could be made but that each Board should be instructed to be as lenient as possible in deferring these individuals for the harvest season.

I have urged the War Department to grant furloughs and otherwise release as much Army personnel as possible. They indicated their strong desire to cooperate in every way possible compatible with war demands. The War Department was also urged to make available as many Army trucks as could be spared in helping to transport the grain.

After explaining the serious shortage of truck transportation, the Treasury Procurement Division stated they had ordered an additional number of surplus trucks to that area for sale and distribution to aid the farmers.

Efforts have also been made to secure more prisoner-of-war labor. However, farmers are pretty well agreed this type of labor, being foreigners, is too inexperienced in harvesting small grain to be of any great value. All of the above Departments state they recognize the severe shortage and have promised the fullest cooperation they can give in line with the demands of war.

All transportation facilities, including trains, buses, and airlines coming in or leaving Washington are packed and jammed. Reservations for travel generally must be requested at least thirty days in advance. The first and only priority recognized on railroads is the transportation of soldiers for military operations --- and wounded members of the armed forces take priority over everything else---which is as it should be.

The President has approved the G. I. Bill of Rights, which is of great interest to the serviceman, his family and dependents. This time the returning veteran will receive the help which he should have received and was entitled to after the last war. I expect to have available before long a list of the provisions of this bill and will be glad to furnish this information to any persons interested.

Mr. and Mrs. Charlie Biggs of Providence spent Thursday with Mr. and Mrs. John Bain.

Mrs. Iris May and Mrs. Ruth Beitzchenheimer of Amarillo spent the week end with Mr. and Mrs. Dean Allard. They all spent Sunday with Mr. and Mrs. Roy Allard at the ranch.

Look at the date after your name. If it says 6-44 or 7-44 then you need to renew.—R. H.

Mrs. Scott Dunham and Freddie have moved to the farm with her father Walter Watters.

Mr. and Mrs. Walter Brannon honored J. W. Brannon with a Birthday dinner Sunday. Guests were Mrs. Holt Hill and James of Childress, Mrs. Etta Mills and Edgar Mills, Mr. and Mrs. Seymour Brannon and children, Mr. and Mrs. Richard Hill Mrs. Jess Brannon, Fred and Junior. Mrs. Bailey Hill and children called in the afternoon. Ice cream and cake was served to the group.

HOW IN THE heck are you going to know what news we leave out of the paper if you let your subscription expire?

With only one more week to go before July 8, Briscoe County is far behind in bond sales. Total sales Tuesday amounted to around \$95,000, but the pitiful part of the story is that of this amount \$63,000 had been purchased by corporations, which means that people of Briscoe County had purchased only \$32,000 worth of bonds.

Included in the \$63,000 are purchases as follows:

J. A. Ranch	\$50,000
West Texas Gas Co.	\$4,000
Conoco Oil	\$1,000
Willson & Son	\$1,000
Southwest Telephone	\$1,000
Southwestern Public Service	1,000
Southwestern Life Insurance	5,000

The First National Bank Tuesday announced the sale of \$28,492.75 in Series E Bonds, and the Silverton Post Office, \$2,793.75. No report was had from the post office at Quitaque.

It may be said here that very little intensive effort has been put forth thus far to promote the sale of bonds, because of the harvest rush. However, now that most of the wheat is taken care of, a more concentrated effort will be made.

Next Saturday, groups of bond afternoon, but the date had already been filled. However, it is planned to have a display of Pantex Bombs here Saturday afternoon, but the date was already been filled. However, it is hoped to have the bomb display here the following Saturday. It will be of interest to see just how many bonds it takes to buy one of the bombs.

There are dozens of people who have not made a bond purchase thus far in the drive, but who expect to within a few days. The need is urgent, so don't delay longer. With \$75,000 more to go, and most of it to small investors, it behooves every person to buy all the bonds they possibly can within the next few days.

Briscoe County has fallen down on one War Bond drive and failed to make the quota. It is up to each of us to see that "it doesn't happen again."

INTERNATIONAL DEALERSHIP INTO NEW HANDS

M. C. Tull is announcing this week, the sale of his McCormick-Deering business to T. T. Crass, adm with the winding up of the invoice this week, the Tull Implement Company will wind up fifteen years of service in Silverton.

Folks in Silverton will be sorry to have the Tulls leave, and Main Street will lose one of its best business men. In the fifteen years Mr. Tull has built an enviable reputation for business management, and efficient service to farmers in this territory. A McCormick-Deering representative not long ago remarked that "he's the best dealer in the Panhandle."

The McCormick-Deering store will be moved to Crass Motor Co. in the south block in the near future, according to present plans. The Tulls have announced no definite plans, but will make this their home for a short time at least. The Briscoe County News is just one of many friends who wish the Tulls the best of luck in the future.

Mrs. Elmer Stinson has been here the past three weeks visiting with relatives.

Mr. & Mrs. George Seaney were dinner guests of Eunice and Eddie Cox Sunday. Mrs. Joe Mercer called in the afternoon on Mrs. Stinson.

Mrs. H. G. Finley spent Sunday and Sunday night in Quitaque with Mrs. Miller.

Mr. and Mrs. Chester Strickland and Mrs. Clyde Hancock all of Canyon spent the week end with Mr. and Mrs. Will Smith.

Lidge Frieze of Canyon spent Sunday with Mrs. Emma Frieze.

Mr. and Mrs. B. O. Hughes and son of Phillips spent last Monday night with his brother W. B. Hughes and family.

Entered as second-class matter at the Post Office at Silverton, Texas under the Act of Congress of March 3, 1879

MEMBER PANHANDLE PRESS ASSOCIATION

I HAVE NEVER tried to pry into a person's family tree, but once in awhile something comes out in the course of a conversation that one cannot overlook. For instance: I was just listening in on a conversation between Bill McCracken and Gordon Alexander. Bill said, "I met a fellow the other day whose name was Alexander and I asked him if he was your brother." "What did he say?" asked Gordon. "Well he said, that he wasn't sure, but that he could explain it. He said "I had a younger brother one time, and Mother took him to a camp meeting with her. She laid him down on a table while she went out to get a drink of water. When she got back there was a little old dried up baby laying there. The

kiddie was such a goofy, sorrowful looking little thing, that Mother felt sorry for it, and just took it home with her and raised it." Funny things happen in this old world don't they?

BY USING A masterful strategy, the Briscoe County News has managed to make this a very happy harvest for everyone concerned. A month or so ago our Crop Editor and Extension Service editor predicted a yield of not more than five bushels per acre. Now that the wheat is in, the yield has proven to actually be around 11 or 12 bushels, which leaves a very good taste in the mouths of the boys with the wheat. They picked up six bushels to the acre—just like that, see? Of course I knew that it would make at least ten all the time. Yeah, like in 1941 when two weeks before harvest I predicted 35 and it averaged exactly two. I'd rather be right than president. Yes, truly.

THE TULLS ARE leaving us in the near future. Silverton is losing some mighty fine folks Tull is a good business man—an asset to anyone's town—and his wife is just strict enough to keep him on the straight and narrow. Tull says he is awful sorry to leave Silverton. The only customer he is glad to get away from, he says, is Merle Graham. Get those two together and it's just like tying two tomcats tails together and hanging them over the clothesline.

THE TOWN HAS reminded me the past two weeks of the Borger of 1926 — here tonight at 11:00 o'clock there are still three places open, Simpson's, Jake Carthel's and, as always, the News Office. I stay open because I am too slow to get my work done in the daytime but I think that Dovey and Jake are open trying to corner the market on dollar bills—money graspers, so's to speak.

THE BOND DRIVE is getting along into the short rows as far as time goes. As far as bond buying goes—we haven't. Less than a third of our E-Bond quota has

been purchased. Looks like someone is going to break loose with some bond money in the next week.

TOO MANY FOLKS are taking it for granted that the war is just about over and that it's time to start a little speculation with the money they have instead of putting it into bonds. The need for money is greater than ever to finance the war. My prediction is that Germany will not be ready to quit before March 1st of next year and perhaps not that soon. Then it will take at least another year to knock out the Japs. No the war is not nearly over. Nor is our bond buying ability. Let's prove it.

WHITESIDE HAS made an outstanding offer that is good for the rest of the bond drive. For each and every \$1,000 bond that you buy from him, he will step to the street and sing "Any Bonds Today?" He will furnish his own accompaniment with the bones for another \$500 bond; and for just another measly \$100 bond the song will be sung while he wears his

special Dorothy Lamour sarong. There you are—for around a thousand cash you can satisfy almost any of your higher class impulses. You can hear him, you can see him—and every fifth performance, you can pinch him—and in person. No synthetic here.

MAKE THE WIFE a happy woman. Subscribe for the Briscoe County News. Makes lovely paper covers for the shelves and also carries a certain amount of news.

WARTIME WASHINGTON
Gene Worley

The big news this week in Washington was the bombing of the Japanese Mainland. Most officials in Washington knew that the B-29 the Super-Fortress, was in production but no one knew just how effective it would be in actual combat operation. The successful bombing of the Japanese Mainland has proved its worth and a new phase of the war against the Japanese has begun. Undoubtedly the high octane gasoline which supplied these Super-Fortresses came from Texas and perhaps from the

Texas Panhandle plants. While the names of those who carried out the raid are not known at this time there's bound to be many Texans among them.

Texas' contribution to the war in every respect either equals or surpasses the contribution made by any other state in the Union. This is one reason war bond sales scrap metal, scrap paper, waste fat and rubber drives have always been high in the Lone Star State. Incidentally Members of Congress from other states have often expressed the fear that Texas might make a separate peace but the Texas Congressman have assured them such rumors were unfounded.

Labor shortages for farms and munitions and other war plants is exceedingly tight. For the past several weeks I have urged the War Department to be as lenient as possible in granting furloughs and passes to the military personnel stationed in the Texas Panhandle in order to help in the bumper wheat harvest. They have offered every cooperation in doing this where the plan would not in-

terfere with the war program. Their reason for not releasing military personnel in wholesale lots is because the war training program would be delayed or seriously affected.

It is probable that civilian production will be increased 25% just as soon as the military leaders are

sure the invasion liberation is successful The military officials say that the Nazis made 2 mistakes when (1) they failed to attack the several thousand ships which participated in the invasion and (2) failed to throw their diminishing air force against our beachheads

Need A Welding Job That WILL STAND UP??

Just a reminder again about the new welding shop on the South Side of the square. Most of you farmers know my work—if it's not good, we'll make it good.

Body and Fender Work

We are now equipped for all types of body and fender work and our work is guaranteed to please.

NIX WELDING SHOP

Announcement

We have sold our McCormick-Deering Store and International Harvester dealership in Silverton, to Mr. T. T. Crass, and this week will wind up our invoicing, and the place will be in charge of Mr. Crass.

Reminiscence and Appreciation

We have lived in Silverton now for fifteen years and have been your IHC dealer during all that time. Fifteen years—of good times and bad times—but the most enjoyable years of our lives. In that time we have come to know nearly every farmer in the territory personally. We have enjoyed every day that we have worked for you here. We have had a very successful business, and it is the good patronage and loyalty of our Briscoe County friends that has made it so. We hope that you know that we appreciate it very much.

Good Luck

We will be in Silverton for some little time yet, and we are not going to say "Good-bye" to a one of you. "Good-bye" sounds too definite, and who knows . . . we may be back with you before long . . . but the one thing we do want to say is "GOOD LUCK TO YOU", and is it being too selfish to hope that you miss us as much as we're going to miss you?

. . . M. C. TULL

MY HEART IS OVER THERE

That's why my HANDS are busy here!

MILLIONS of American women are applying their hands over here, answering Uncle Sam's call to help with our national food crisis. With 20 million Victory Gardens and five billion jars of home-canned foods, they conserved our resources of fighting foods in 1943.

In 1944 you are being asked to raise and preserve 20 percent more, to assure every fighting Yank and his brother—as well as the home front—with needed nourishment.

For success, can with care, following proper instructions, and use BALL JARS. They have been the housewife's preference for more than 60 years. Leaders always!

Local Happenings

... and Mrs. C. L. Hampton moved to Pampa, where he is employed as Examiner of Safety.

... Lem Weaver entertained T. D. Club Tuesday afternoon to everyone being busy there were only three members and one guest present. Roy Hahn guessed the "guess" which was a pair of towels. Defense stamps will be drawn at next meeting which will be Mrs. Ware Fogerson. Those at for homemade ice cream

and cake were Mrs. J. W. Lyon Jr., Mrs. Dutch Tidwell, Mrs. Roy Hahn, and one guest Mrs. Nash Blasengame.

Mrs. E. G. Duncan of Plainview is visiting her daughter Mrs. M. C. Tull.

Mrs. J. B. Dudley of Texas City is visiting Mr. and Mrs. Milton Dudley. Those visiting in the Dudley home Sunday were Mr. and Mrs. A. H. Dudley and family of Plainview, Mr. and Mrs. Ben Martin, Cecil Seaney, and Billy Ellis, Mr. and Mrs. H. R. Welch, Mr. and Mrs. Roy Teeter, and Mr. and Mrs. Bruce Womack.

I GIVE YOU TEXAS

It takes more than a ton of gasoline to "deliver" a ton of bombs. Over half of the supplies ship-

ped to the front is petroleum in one form or another.

Since 1942, the output of 100 octane aviation gas has increased eightfold and it requires almost twice as much crude oil to produce a gallon of 100 octane gas as it does to produce a gallon of regular automotive gas.

Training one pilot uses more gas than the average car owner would burn in 18 years.

In one hour, a Flying Fortress consumes enough gasoline to last the average motorist six months.

These are some of the facts pointed out by District 3 product conservation subcommittee for the Petroleum War Industry in its campaign to acquaint the public with the need for conserving gasoline and to eliminate the black market. The committee declares: "Fighting forces must come first and will get what they need. As a result, the home front will get less than it wants; and the biggest part of the home front allotment must go to essential needs—farms, trucks, buses, industry, doctors. Needs of this group are imperative; they are the supply line to

Prescription for SYNTHETIC RUBBER

Rx
Butadiene 3#
Styrene 1#
Mix well and process

THE MAJOR INGREDIENT, approximately 75 per cent, of synthetic rubber is Butadiene. The name sounds like medicine, and the product is truly a great healing compound for the rubber ailments on both the war and home fronts.

In the vast Plains Butadiene Plant, (owned by Defense Plant Corporation) designed and built by Phillips . . . utilizing Phillips own patented processes . . . Phillips is headed for an annual production of 90,000,000 pounds of Butadiene.

This is just another illustration of the growing importance of the chemical values now being extracted from petroleum raw materials. It highlights the fact that Phillips refineries producing gasoline, lubricants, and fuel oils, are also gigantic chemical plants, today, pouring out weapons for victory; tomorrow, producing new and better things for you from petroleum and petroleum gases.

Nearer and nearer draws the day when synthetic tires will be generally available . . . when you can drive into any Phillips 66 Service Station and buy as many tires as you want. Yet the uncertainties of war make definite prediction impossible. That is why it is just as important as ever for you to coax every last bit of travel from your tires.

To help you do that, call on your Phillips 66 Service Man. His Tire-Saving Service includes: checking air pressures at least once a week . . . inspecting for nail holes, cuts, and bruises . . . examination of the tire carcass to warn you when re-capping is necessary . . . and crisscrossing with the spare every 3,000 miles.

Remember, Phillips Tire-Saving Service at the Orange and Black 66 Shield, sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

FOR VICTORY: Buy more than before... 5" WAR LOAN

WE'RE ADVERTISING HILL'S GROCERY STORE AGAIN

For the past three weeks we have used our advertising space as urged by the U. S. Treasury Department, to remind you to buy War Bonds.

This week we are back in the groove, looking with gas, and on the front burn—reminding you that we want your grocery business, or at least a part of it. It makes us feel pretty good to see a customer start with us and gradually become one of our regulars.

Our stock of staple groceries and red meats is very complete. The next time you make out that grocery list, we want to fill it.

Harvest Hands Ought to Know About Eats

We are feeding a lot of harvest hands one told us the other day, "This is the BEST place to eat that I've found in years of harvesting." Well, we don't know about that, of course, but he ought to know. Why don't you folks come down and eat for yourselves?

Silverton Hotel

Don't Get Too Busy Serve You Well

Harvest in full swing, and everyone in a hurry, we are serving you better than ever before. However, we have added extra help and are doing our best to keep hungry people satisfied and smiling. And we are sure you will but that we still extend that invitation of "Eat here." To accommodate harvest workers, we are open at six o'clock, and until eleven at night. Write to see us!

The Club will not meet with Mrs. Dee Reid Tuesday. It will be put off until further notice.

Mr. and Mrs. Guron Shelton are the parents of twin girls named Martha Lou and Virginia Sue.

THE LAND OF SMILING PEOPLE

A college professor asked Alexander Kerensky, the Russian, the following question: "What is the thing in America that impressed you most when you first came here?"

"That is easy," was Kerensky's answer. "In America the people smile."

Americans smile because they are free. There are no Gestapos to fear no firing squad to shoot them down if they want to listen to their radios. They can worship God according to the dictates of their conscience. They can put into office the men they want to govern them.

Americans smile because in America human personality is supreme. The aim of democracy is to help the individual to grow and to give him an opportunity to attain happiness and success.

Americans smile because they have hope. The future is aglow with promise. They can have their families, their gardens, their homes, their dreams . . . and they can make many of those dreams come true.

Totalitarian countries have governments that are "of the state, by the state and for the state." That's why life is hard and cruel.

In America we have a government that is "of the people, by the people and for the people." That's why we smile.

Today we are fighting to keep America a land of smiling people.

We need "Yes Men," of the kind which are all too scarce. These are not the fellows who bow and scrape before the boss, agreeing meekly that he is 100% right. But they are the men who ask not why but say "Yes, Sir, it can be done—and will!"

In the days of yore, Rowan carried the message to Garcia; Goethals built the big ditch at the isthmus from coast to coast; Admiral Peary trudged his way to the Pole.

In our present day we have had token aids to our military success and they bring forth the names of Doolittle, MacArthur, Colin Kelly and Bulkeley. Like token raids these names are the forerunners of the list of valiant men who will not let America down. We will have more "Yes Men." We must.

The political realm is full of men who say "No" when obstacles are in the path of a direct approach to our economic problems. In this field, too, we need "Yes Men." but of a different ilk than we have today. America's greatness was built, and must be preserved by men of convictions and with the nerve to follow through.

There is so much room at the top when the cowards crawl under when trouble piles up.

Thousands of G. I. Joes in New England camps and hospitals have been entertained during the past year by the Arsenal Players, a dramatic group composed of war workers from the Army Ordnance Arsenal at Watertown, Mass. Changing from work clothes worn in the big gun-making shops of the Arsenal, this little band of these plans have made their way to lonely camps and hospitals to help servicemen while away pleasant evenings.

U. S. Headquarters in London recently announced that American fliers-in raids on Germany are dropping a new kind of Army Ordnance bomb that explodes nine ten-thousandths of a second after impact. The announcement said American bombardiers can control the explosion down to a ten-thousandth part of a second. A mistake of a ten-thousandth part of a second in fuze-setting could be the difference between factory destruction and merely tearing up a few yards of roof.

Complete Army Ordnance body armor for a member of a heavy bomber crew weighs approximately 28 pounds.

His patriotism is written in BLOOD.

YOURS is written on every Bond you buy in the 5TH WAR LOAN!

THE stepping stones to victory are red with blood of American heroes. Tarawa . . . Salerno . . . Cassino. Their patriotism is written in blood.

Your patriotism is written on every Bond you buy in this vital 5th War Loan. Your name on a War Bond means you're behind our invasion troops.

Help hasten the day of Victory by investing in extra War

Bonds now. Invest in more than you've ever purchased before. Invest \$100, \$200, \$300, \$400. Those who can, must invest thousands of dollars.

For this is the biggest job we've ever had to do. We can't fail our fighting men as they plunge into the biggest and bloodiest struggle of all.

WELCOME THE VICTORY VOLUNTEERS when they call to tell you about War Bonds

WE ARE WINDING IT UP —

We are emptying our racks this week and if you have clothes in the Tailor Shop PLEASE COME AND GET THEM.

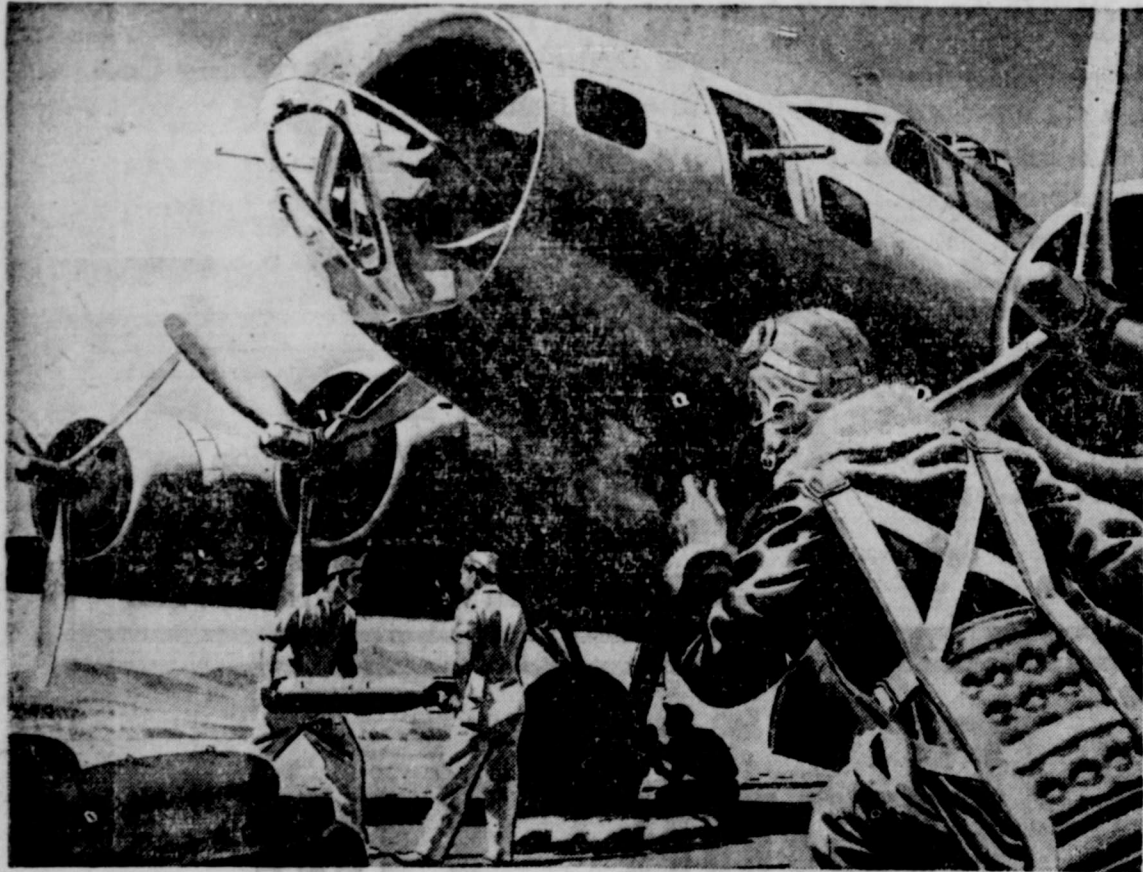

We will be closed for some time, and when we open up we will have a new system—that's why we must move out all the garments you have here.

There are several garments here that we've had for months. If they are yours come and get 'em. If they are not called for, we will assume that you do not want them and they will be sold.

When we open again, we will have the best equipped, and best-working shop we have ever had, and will give you better service than ever before.

Again, Come and Get Your Garments.

City Tailors

HE'S OFF ON HIS FIFTY-FIFTH MISSION

There he goes again — out to pour more destruction on the Axis — once more to face the death of enemy fighters and flak!

He won't hesitate to go out on his fifty-sixth or his hundred and fifty-sixth mission. He knows he might not come back, but he keeps on going — giving more and more until the Hitler

and Tojo crews are ready to "call it quits."

This is only your fifth mission—and a mission which is mighty easy in comparison with the ones he makes every week.

Stay in the fight by welcoming the Victory Volunteers—at least double your Bond purchases and then keep on. Your buying means "bombs away" for the Axis!

THANK

The 1944 Wheat Harvest is winding up pretty fast, and we want to thank you a very nice harvest business. It has far exceeded our expectations. We hope that we have given you satisfaction in every way. We want you to know that we have appreciated very much working for you this harvest.

We are still buying wheat and no matter if it's only a piece of a load, we will give you the same quick, accurate service as if we were handling your entire crop.

And Uncle Sam has again asked us to remind you to buy all the bonds you can, and then buy another

Silverton Co-Op.
