Haylake Sale Adds Over \$2,000 To Fund

The Public Sale for the Veterans' Building fund, sponsored by the Haylake community, went over with a bang that rang up over \$2,000 for the fund. Exclusive of last week's listing \$2,282.75 seems to be the amount accounted for by the men from Haylake. This brings the total amount in the Building Fund to \$5,903.90 as of October 9.

The sale was well attended and bidding was keen. For instance one sweet potato brought \$21. Other small articles brought considerable more than market prices in most instances. It requires too much space to list these small donations that were sold on the street but they totalled \$265.

The livestock also sold well and the amounts are elsewhere on this page showing the amount bid as the cash donation of the owner of the livestock. It was the livestock that ran the total figure for the sale to its high mark. A little rodeo sideplay brought in an additional \$37, when the hat was passed for Edwin Norris to ride a bronc at the sale pens. He donated all over \$5 to the fund.

The success of the sale was due largely to Col. Kenneth Bozeman who made no charge for his services. Had the committee paid his regular commission he would have received nearly \$100, and so this was quite an item on his part.

The Haylake Committee has asked the Briscoe County News to extend their thanks for the fine cooperation they received from folks, both in their own community and in and around Silvertown. It was a remarkable undertaking and one in which all who had part can take pride.

It might be well here to review just what the Veterans' Building Fund is, since it has been some time since that has been mentioned. An effort is being made here, and at last it seems as though it might be successful, to raise a fund of around \$15,000.00 for the purpose of building a Memorial Building for veterans of all American wars. The fund will be kept intact until the boys in service are home. It will then be turned over to them, and they will have the money to build their building just as it suits them.

If you haven't made your donation, why not do it now? Although the amount is looking good it is not yet half raised. Let's show our men in service that we appreciate what they are doing.

CHARLIE ALLARD BEIN, daughter of Mr. and Mrs. Clifford Allard, recently was awarded a \$500 War Bond at the Consolidated Aircraft Corp. at Fort Worth, Texas. Only those with perfect work and attendance records were eligible for the contest. She has been with Consolidated fourteen months and has never lost a day of work. Her husband, Sgt. James E. Bein, is in the army forces in the South Pacific. He is a medic.

ABSENTEE VOTING TO START OCTOBER 17

Absentee voting for the General Election will start October 17, according to John Arnold, county clerk. The ballots are larger than usual this year, and contain eight columns, Democratic, Republican, Texas Regulars, Socialist, Prohibition, America First, Independent, and one blank column.

The ballot also contains two constitutional amendments.

WAC RECRUITS TO BE IN SILVERTOWN, OCTOBER 19

WAC Recruiting personnel will be in Silvertown Thursday, October 19th at the Postoffice, for the purpose of interviewing women who are willing to do their part in the present conflict.

Freda Wimberly Initiated

Miss Freda Wimberly, daughter of Mr. and Mrs. Grady Wimberly has been initiated into the Cowgirls, leading woman's organization at Hardin-Simmons university. A senior, she is a member of the University band and of the Baptist Student Union.

Hutshell Completes Training As Transport Pilot

Lt. (j. g.) Riddell C. Hutshell, 24 of Silvertown, has completed his training as a transport pilot at the Naval Transitional School operated here by Pennsylvania-Central Airlines. The intensive course qualifies pilots to fly the Naval Air Transport Command's multi-engine aircraft after being trained by PCA's experienced airline captains.

Lt. Hutshell, who is the son of Mr. and Mrs. R. C. Hutshell of Silvertown, entered the service in December, 1941, and completed his flying training at the navy's Pensacola, Florida, school. Prior to that time he was engaged in private flying. He graduated from Silvertown High School and attended Wayland College in Plainview, Texas.

SGT. LEWIS M. FANNING son of Mr. and Mrs. B. D. has been in service 21 months. He is a tank mechanic and is stationed at Camp Cooke, Cal. He expects overseas duty soon.

Evelyn Coffee, Ruby and Opal Weast, Wyona Francis and Carlyn Wimberly all of Canyon were home over the week end.

DUDLEY AND LONG NEW OWNERS OF SNOWDEN GROC.

Milton Dudley and Spencer Long took over active management of the Snowden-Eads Grocery Store here this week and have named their store City Grocery and Market. Mrs. Snowden is now Mrs. John Montague, and will move shortly to the farm.

The new owners are both well known here and have lived in this community for many years. The grocery business is a new angle for them although they have had plenty of experience along business lines. Mrs. Montague will be at the store for a short time to help in the change over, and Clyde Hutshell will remain in charge of the meat department. Mrs. Dudley will also be employed full time in the store. She was formerly employed at the Coffee Hardware Store.

Many Silvertown friends wish the boys success in their new venture, and in an ad on another page this week, you are cordially invited to do your trading at the City Grocery.

What's Doing in the Churches

FIRST BAPTIST CHURCH
W. L. Brian, pastor

SUNDAY SCHOOL: 10:30 to 11:30. Recently the time for Sunday School was changed, in order that those who live in the country and have chores to see to, would have more time. As we are living the hour of fast time, the church thought this would be fair to all.

We have begun a new year in our Sunday School work. Old officers and Teachers as well as several new ones have been placed. New plans have been laid to promote the best year of Sunday School work that we have had so far. The Church has an excellent staff of teachers, capable, willing and with a fine spirit of cooperation that must be had if we build a greater Sunday School. The Church invites the fathers and mothers to come and take advantage of a good Sunday School, bring the family.

PREACHING SERVICE: 11:30 to 12:30. We are having nice crowds in the morning service. But not so large as they should be in the evening hour. We invite you to come and worship with us.

B. T. U. 8:00 to 9:00. 150 in attendance has been set as the goal for the B. T. U. As the church has 308 resident church members, this goal should be reached. Will you help?

EVENING SERVICE: 9:00 to 10:00

Wednesday Evening Prayer Meeting: The Methodist Church and the First Baptist Church have combined their Wednesday night meetings, and are meeting together. We extend an invitation to all the churches in town to meet with us, or we will meet with you if you wish to enter into this plan. Greater crowds are coming to this service every week.

The First Baptist Church has entered into the plan with the other churches in Floyd Association, to send a car load of grain to Buckner Orphan Home. See this Committee if you can give grain.

Charlie Chappell, Lee D. Bomar, Johnnie Burson, Paul Ledbetter and Bud McMinn. These men will haul the grain to Floydada. Announcements will be made Sunday where to bring the grain in one place. October 25, is the deadline.

Mrs. Paul Reid and daughters spent Sunday with Mr. and Mrs. C. M. Chappell. Mr. and Mrs. Daniel Brian and grandson of Lubbock also visited the Chapel Sunday.

Owls To Play Panthers Friday

The Quitaque Panthers, defending champions of District 4B, will travel to Silvertown, Friday October 13, to play the Silvertown Owls in a very important game of the season.

The Panthers have a very good team, which held the Turkey Turks to 32 points while scoring 25 points for themselves. The Panthers do not have such a good ground attack, and will probably go the arisal route. They have two regulars back from last years team, fullback Gene Mayfield and end C. E. Anderson. Mayfield was the star passer last year and will give the Owls plenty of trouble if he is permitted to throw and complete very many to his receivers.

The probable starting line-up for the Panthers will be as follows:

- R. D. Williams, R. E. --- 165
 - H. K. Carpenter, Center --- 160
 - Bruce Wise, L E --- 150
 - Gene Mayfield, F B --- 155
 - C. E. Anderson, H B --- 165
 - Lit Bogan H B --- 150
 - Total --- 955lbs.
 - Average per man --- 159
- The line-up for the Owls will be as follows:
- Bobby McWilliams, E R --- 170
 - J. L. Self Center --- 105
 - Clovis Hill L E --- 165
 - Gene Dickenson F B --- 150
 - Donald Weast H B --- 135
 - John Arnold H B --- 140
 - Total --- 925 lbs
 - Average per man --- 154

The next meeting will be October 18, with Mrs. Avis Cowart leading the study of "International Relations."

LET'S FEED OUR FOOD TO FIGHTERS INSTEAD OF TO FIRES

Farm fires are costing the nation more than one million dollars a year in addition to the loss of nearly four thousand lives. Mr. George F. L. Bishop Farm Security Administration Supervisor said today in calling attention to the President's proclamation setting aside the week of October 8th to 14th as National Fire Prevention Week.

"Let's feed our food to fighters instead of to fires," urged Mr. Bishop.

Evidence that the fire menace is becoming increasingly serious is found in figures just released by the United States Department of Agriculture which show that total fire losses in United States in 1943 were 37 per cent higher than in 1935, and during the first six months of this year are 15 per cent above the same period of 1943.

In addition to the loss of buildings and crops on farms, industrial property directly involving the processing or storing of food supplies suffered losses in excess of 90 million dollars last year.

FSA Families in Briscoe County are being asked to check their premises for fire hazards and eliminate them. Last year 21 million dollars worth of farm barns burned down, fires caused by faulty lightning rods, faulty hay storage and faulty electrical wiring. Mr. Bishop emphasized the need for having readily available a ladder will reach to the top of the highest farm building, a water supply for fire fighting purposes, fire breaks around hay stacks and farm buildings; and a fire extinguisher in the barn or house for emergency use.

"We can speed victory by preventing fires. Lives and food supplies are important to our nation at war," Mr. Bishop said.

Entered as second-class matter at the Post Office at Silverton, Texas under the Act of Congress of March 3, 1879

WELL, THE BOYS from Haylake kinda hung up something for the rest of us to shoot at. Some time ago I snappishly made the

remark that the folks right here in Silverton did most of the money raising on community enterprises, and that folks in the country shouldn't feel a bit bashful about helping out on the Building Fund. Well, I take that all back. I got cured Saturday. To date Haylake Community has raised about five times as much money as has Silverton—if you count it on a per capita basis, and they have raised nearly as much in actual dollars and cents. Their sale was a mighty good example of what a little bunch of people can do when they PULL TOGETHER.

I GUESS YOURS TRUELY really got more out of the sale than anyone that attended. I was lucky enough to bid in the day's work by McClendon, and believe it or not, it only cost me \$17.50. I was expecting to pay at least \$25. I just plain lucked them out. Everyone wants to know what I am going to have Hudie do on the appointed day. I have some little plans in my head, and they

do not include mixing cement or shocking feed. I am going to make a collector of revenue out of him. If you see him in town one of these days with a fresh shave, a necktie on, and a pair of knucks or a tub handle in one hand, you'll know he is working. After his day of work there will be no more of borrowing of the neighbor's paper and other such low grade ore. There was nothing bighearted in my buying the work. I did it as a business investment and I shall profit thereby. . . Don't look now but that may be him standing behind you.

IN COMES A LETTER from Corp. Doc Mynard. He had not received the Briscoe County News for several weeks (due to the fact that he had not notified me of an APO change) and he said, "I think that you are just Dutchman enough to stop a man's paper just because his subscription is expired. Please go to the bank and get your money." And I should do just that. Ordinarily Doc is right. I think quite a bit of that \$2.00. And in ordinary times there is no one that I would rather collect two bucks from than Doc Mynard. However, I am going to let it go this time, for all I know, Doc may be holding down a little bit of that South Pacific that might have been assigned to me had things been a little different. However, the paragraph should in no way be considered as a peace-feeler, or a flag truce. When this war is over, and should it happen that Doc and I are living in the same community, I will be gunning for him the same as ever. The mere fact that he has already gotten to me for a couple of years subscription, will add zest and incentive to the chase.

AND NOW FROM Mrs. Nora Mae Ragan I have a letter—and she winds it up with "How are things at home? Everything is supper here." Nora Mae evidently is still laboring under the delusion that married life is everything that Dorothy Dix said it should be. When a woman gets to the place where everything is supper then that woman is bordering on the edge of everything that is supremely delightful. I like supper myself, but if I remember correctly back to my newlywed days, I do not believe that I would have considered supper at the height of things. That however, is a matter of personal opinion. . . By the way I read that letter again and I think that maybe she meant SUPER. At any rate, she isn't quite rational all the time I think.

WHITESIDE DID A nice thing Saturday at the sale. He bought that big ten-gallon army thermos jug, and is giving it to the Boy and Girl Scouts. Which I think it a very nice thing. . . I must be slipping this morning. I have been taking a lot of sulfa dope and that probably accounts for me handing a bouquet of flowers to a guy that gives me as much trouble as T. R. does.

GET-READY for Winter Driving

We are completely equipped to take care of all those pre-winter ailments of your car. Now is the time to have us care for your car to insure good driving during the cold winter.

CRASS MOTOR & IMPL. CO.

I HAVE FOUND a reader of the Briscoe County News—needless it is to say that this gentleman is a man of affairs, and a leader in his community—in your language, he knows his okra. The gentleman I am referring to is Hub Rogers, Mayor of Vigo Park by acclamation and Postmaster of that fair city. . . Earl Jones of the Vigo Park community, was in today and was thinking of subscribing twice for the paper—once for himself, and once for Hub. He says that Rogers won't let him have his paper until after he has read it himself. The other day he called for his mail and the postmaster said, "No, Earl, it hasn't come yet" meaning of course, the Briscoe County News, for that is the thing they read mainest and mostest over there in God's Country. Earl thought Hub looked a little guilty about the whole thing, so he slipped back in the house and took a look around. And he found the B. C. N. hidden under a pillow where Rogers was saving it up to read at the noon hour instead of listening to the war news. That kind of thing has been going on for weeks maybe even months or years, and Earl is now about ready for action—hence the questions about how much two subscriptions will cost. Oh, yes, and Earl also said that he thought that Mr. Rogers was pretty interested in the Vet's Building Fund and that he was almost sure that there would be a fat check forthcoming from there in the near future.

and integrity and is one of the original Jones boys. He can trace his ancestry back to old Jonah himself. The name is slightly changed but they can be recognized because they are always trying to tell one just a little bigger than Grandpap Jonah's fish story. Most of us believe that old yarn, and I see no reason why the one Earl told me today shouldn't be considered just as authentic.

RAY BOMAR and Gene Clemmer topped the current hunting episodes this week when they got a couple coyotes and a couple of skunks all in one trip. They shot the first coyote, went on and saw a couple of skunks. Got them and started home. Jumped another coyote, with only one shell left for the rifle. Of course Clemmer missed it—but they got him. Gave chase with the old Model A, and ran him in a circle till he was ready to drop. Young Clemmer hopped out of the car and killed the coyote with the crank. Pretty good going, methinks.

RAIN OR SHINE, this little man is going to go to the football game Friday. I have missed them all so far this year from one reason or another, but when the Quitaque Panthers come up for their drubbing, business can just go hang as far as I'm concerned. I should have put that word "drubbing" in little tiny type, cause that is something that is never known till the final whistle. According to the dope, we should tump them under pretty well, but dope doesn't apply in this case. I well remember one year when Silverton had won every game and Quitaque had lost every one. . . Allred and I wrote

the story in advance, headline and all, leaving a space for details and the final score. We went down to the game and the boys from under the hill scored in the first minute of play and at the end of the game they still had a one touchdown lead. And that has been the history of the annual game between Silverton and Quitaque since long before my time. It is bound to be a good game and the winner will earn every score of it.

"I'm in a Cold Sweat!"

FEAR IS WHAT DOES IT, and many a car-owner has felt that freezing chill this summer, when a sudden, new noise from his motor has filled him with dread that his car was chugging its last.

There's nothing like that fear to make a stupid driver resolve to follow better driving practices. The intelligent motorist needs no such warning; and he always makes certain that the motor runs only with quality oil in the crankcase.

Obviously there are a number of such oils. And to help you select one of them, easily and with certainty, Phillips gives you these facts:

Phillips offers a number of oils because car-owners' preferences and pocketbooks vary. But when you want our best oil, remember Phillips tells you frankly that **Phillips 66 Motor Oil** is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

It's good for your motor, under today's reduced driving conditions, to change oil every two months, say experts. For that change, and for seasonal draining and refilling, you make sure of getting a quality lubricant, when you simply say: Phillips 66 Motor Oil.

It's Phillips Finest Quality

THANK YOU,

Thank You,

My dear friends:

I wish to take this means of thanking you for the wonderful patronage you have given me since I have been in the Grocery Business. You have certainly been loyal to me and I do appreciate it all, so very much.

We have had a very nice business, and I hope that you have enjoyed trading here as much as we have enjoyed serving you. I am very happy to know that this community will still be my home.

I am sure that the new management will give you satisfactory service in every way, and I know that they will appreciate your trade.

THANKS, AGAIN!!

GOOD FOOD for GOOD HEALTH

You certainly would not think of trying to run your car on kerosene; neither would you expect your animals to live by eating husks. It takes real fuel to keep machines running and to make stock grow.

Likewise it takes real food for Good Health. Perhaps we become careless about a well balanced diet until it is too late. Start now to build your body for the cold weather of winter months by eating Good Food For Good Health.

We are ready always, to help you with your food problems. All that we ask is a chance to serve you in this modern and convenient store.

Silverton Downs Kress 40 to 0 On Owls Field Friday

The Silverton Owls demonstrated their ability to gain on the ground or through the air and to hold an airtight defense against the Kress team on the Silverton gridiron Friday, October 6th, when they defeated the Swisher County team by the score of 40 to 0.

Kress had a much heavier team than Silverton. Since this was their first year to play football, they lacked the experience of the local boys. Silverton kicked off. Kress returned the ball to mid-field, but were unable to gain enough ground for a first down, so the ball went over. Silverton took the ball on the Kress 30 yard line. A pass from Dickenson to McWilliams netted ten yards. Another pass from Weast to Hill

who lateraled to Dickenson and he carried the ball over for Silverton's first score. John Arthur Arnold carried the ball over for the conversion. Kress was unable to gain either on the ground or through the air, so the ball went over. Dickenson raced around left end for another touchdown. Hughes carried the ball to Silverton's 10 yard line, but four trials failed to make the 15 yards necessary for a first down, so Silverton took over. They carried the ball to the Kress 20, but the ball went over on downs. Kress made a bad pass back from center and fumbled the ball which rolled over the goal line. Troy Wayne Vaughan covered it for Silverton's third score.

Silverton's fourth counter came when Weast intercepted a pass from Hughes to Weatherredd and ran it over for another touchdown. All conversions were made except the one following the fourth touch down which was made by Allard atting a pass on the Kress 25 yard line and outrunning the Swisher County boys for another score. Dickenson raced the ball over for the next touchdown. The game ended with the score Silverton 40 Kress 0.

All eyes are turned toward the Quitaque game of this week. While the boys down under the

caprock have lost two games already and have little chance at the title, they still pack a lot of wallop and they have the habit of always beating Silverton in every contest, so this should be the best game of the year. Should the Owls come through this contest without a loss that will mean that they have defeated every team in the conference and should make their chances for winning the district very good. Quitaque lost to Flomot in last week's game, leaving Flomot second in conference standing. Turkey has played only two games, winning one from Quitaque and losing to Silverton, so they occupy the third place. Kress and Quitaque are tied for the cellar position.

News was received Tuesday evening of the death of Mrs. Ella Moize of Slaton, mother of Rev. B. P. Harrison of Amherst.

GEORGE LONG S 2-c graduated October 6th from the Navy Radio School, at San Diego, Calif. George received a final grade of 95.11. His class as a whole made the highest average of any class to be graduated from the school.

WINTER

His coal bin is full and he doesn't spend his evenings worrying about the cold days to come.

Everything points to an extremely cold winter . . . and everything points too, to a limited coal supply. There will be no shipping facilities this winter, and the coal we have on hand now may be the last we can obtain.

At any rate it won't pay you to take chances. We have coal for you NOW. Why not get off your mind and order your winter's supply the next time you are in town?

SILVERTON CO-OP.
