Capt. Joe Haynes Now Listed Killed in Action

JAMES M. OAKES TAKEN BY DEATH

Death yesterday (Oct. 14th) claimed James M. Oakes, veteran clerk of the Seventh Court of Civil Appeals here and pioneer of Amarillo and the Panhandle country.

Mr. Oakes best known to a wide host of friends just as plain "Jim" was a victim of a heart attack. He became suddenly ill at his office on the sixth floor of the Potter County courthouse, and his associates first believed he had suffered case of indigestion. When he seemed to get no relief, an ambulance was called and he was rushed to St. Anthony's Hospital, where he died about 10:30 o'clock.

Funeral Is Monday

His death came as a surprise and shock to hundreds of friends throughout the Panhandle and the state of Texas. During his long service as clerk of the Court of Civil Appeals he had endeared himself to large numbers of judges and lawyers throughout the state as well as to scores of persons not connected with the legal profession.

Funeral services will be conducted Monday afternoon at 4 o'clock in the First Baptist Church. Dr. A. D. Foreman, Jr. the pastor, will officiate.

The body will be in state in the chapel of N. S. Griggs & Sons until one hour before the funeral services.

Burial will be in Llano Cemetery, Native of Texas.

Mr. Oakes during his 34-year residence here, had been active in civic and religious affairs. He had served as secretary of the Amarillo Rotary Club and on various committees of that organization. He also had been active for years in the affairs of the First Baptist Church, which he considered as much a part of his daily living as the public position which he held. He was a member of the Masonic Lodge, the Knights Templar, and was a charter member of Khiva Temple, A. A. O. N. M. S. He also was a member of the Elks Club.

At the age of 21 years he moved to Silverton and accepted a position as a public school teacher. When Briscoe County was organized he became the first county and district clerk of that county. Later he worked in a bank at Silverton, then moved to Tulia and organized the Tulia Bank and Trust Company, where he remained until 1910 before coming to Amarillo to accept a position in the First National Bank here.

Married in Silverton

When the Seventh Court of Civil Appeals was created in 1911 by the legislature, Mr. Oakes was named the first clerk of that court and has served continuously in that position ever since with the exception of two years that he served as cashier of the Third National Bank in Plainview, which position he gave up in 1914.

He was married in 1900 while living in Silverton, and Mrs. Oakes died here about four years ago.

The family home is at 1607 Monroe Street.

Mr. Oakes is survived by two sons John E. Oakes and James W. Oakes both of Amarillo; a daughter, Mrs. Lucille Cochran, Onward Cal. and one grandson, John M. Oakes. He also leaves four sisters Mrs. Priscilla Sims of Houston, Mrs. G. P. Turner, Teague, Mrs. Wiley Sims, Personville and Mrs. Fulton, Corsicana and two brothers A. L. Oakes Personville and W. J. Oakes of Waco.

ELMER STINSON has received the rank of Chief Engineers Mate.

Mrs. Harold Owuby returned last Tuesday to her home in Tulsa Okla. She had been visiting her parents Mr. and Mrs. Clyde Wright for a few weeks.

Miss Schott chose this book because she believes it to be a book that will last and because of the interesting portrayal of characters and solving of a quest for peace by the main character. The club adjourned to meet again October 19th with a program on Child Welfare. Mrs. Artie Northcutt will be hostess.

Mrs. J. T. Luke, Mrs. Johnnie Lanham and Miss Billy Lanham were in Amarillo Monday.

A telegram came this week from the War Department, saying that Captain Joe E. Haynes was killed in action August 11, while in aerial flight over the Himalaya Mountains in India. The first report came several weeks ago saying that he was "missing in action."

Letters which followed the first message told that the plane had been located, and that paratroopers were being dropped in the vicinity to investigate the crash. The investigation led to the tragic message received here Tuesday evening by Mrs. W. W. Douglas, his aunt. Joe's father is in Pearl Harbor employed in Naval Construction work. Whether he has received word of his son's death is not known.

Two other Haynes boys are in military service, Lieut. Jack Haynes of the Marines; and Pvt. Jim Haynes of the army. Jack saw 18 months hard fighting in the South Pacific and Jim volunteered into the army from border immigration work, after hearing that Joe was missing in action.

In this issue it is impossible to give the authentic details of Joe's life and of his rapid advancement in military service. He was connected with the engineers, and formerly was in an aerial mapping squadron.

The whole community has been saddened by the report of his death. He was a very talented and unusual lad, valedictorian of his class and ranking high in his college work. He held a degree in petroleum engineering from Oklahoma University.

A complete account of his life will be given next week.

NOTES FROM THE COUNTY AGENT

By Leo L. White
Since the outlook for winter wheat pasture is good in Briscoe and surrounding counties, many inquiries have come to the County Agent's office for wheat pasture. Some of these inquiries have come from out of the county and these are usually large numbers of cattle and sheep. If you have extra wheat pasture that you want to have grazed, the County Agent will be glad to help you.

The County Agent is in a position to help you get wettable sulphur and derris for treatment of cattle grubs again this year.

There was no ceiling price on cotton pulling even though the vote in Briscoe County was 70% for the ceiling. Other counties failed to get enough signatures and the State Board refused to pass on it.

Mrs. Hoyt Hill and sons of Childress spent Saturday and Sunday with Mrs. Jess Brannon.

BUD PERKINS writes to his family: "I will write you to-day and let you know that I still haven't received any mail. How are Donald and Floyd today. This makes three letters I have written to-day. I wrote Ott and Dora Belle and Ruby and all her folks. I write you every day, but so far I haven't seen any mail from home. Although they said that there would be no mail coming in for a good long time. Be sure and tell Roy Hahn where to send the paper, so that I will get one of them before the war is over. Well darling, I have nothing else to write so I will close. Hoping to hear from you soon."

Mrs. B. H. Hodges received the following letters from her grandsons Jack Harris and Purlyn Hodges both who have been wounded in battle.

From Jack. "Dear Grannie, Will drop you a few lines in answer to the letters I received from you. I would have written sooner, but I didn't think anyone cared enough for me to write to me, so I didn't bother to write. I didn't get any mail for two months and then all at once I got forty-two letters in one bunch.

I am still in what is called a hospital but it is really a reconditioning center, so probably won't be long before I get back to France or Germany. I sure do hate to go but there isn't anything I can do except go. I guess I am not any better than anyone else and some one has to go.

I haven't seen Purlyn or H. C. either one but would sure like to see them. I don't know where that hospital is but I think it is a long way from here. I am going to find out where it is and if I can get there I will get a forty eight hour pass and go see him. The money situation is now pretty bad. I have been getting partial pay and going on a lot of passes to and stay broke all the time.

I sure wish I could have been there for the reunion. I am sure everyone had a nice time. I hope I can be there next year.

Well I will close for now."

This one from Purlyn Hodges I will drop you a few lines, this Sunday evening. It has been a nice day here, the sun has been out all day. I have worked all day, Sunday is just like any other day here to us and I guess it will be until the war is over.

Have you heard from Jack anymore. How is he? I read about him in the Briscoe County News. I am getting the paper real often. I just finished writing Roy and sending him a picture of me and my wife. I have written several letters to-night. Tell all the folks hello for me and that I would like to see them. Tell old Earl Cantwell hello for me and that he will see me in church some of these days. Well must close."

From Pfc. Jack D. Harris to his parents Mr. and Mrs. G. S. Harris from somewhere in Europe. "Dear Folks: Will write you a few lines as I have nothing else to do. This leaves me feeling fine. I have changed addresses again and the mail doesn't reach me too often. I guess the purple heart will be there by the time you get this letter. I sure hope it gets there O. K. (Mr. and Mrs. Harris received the purple heart.) I went to a show last night for the first time in two weeks. I have been on quite a few passes and we sure do have a good time. We have a better pass deal here. Well news is scarce so will close.

JIMMY STOUT writes to his Mother from Britain. "Dear Mom: I shall endeavor to write you a few lines this beautiful Sunday afternoon to let you know that I am still in the best of health and hoping you and the family are the same. There really isn't much to write about. I tried to get the things you ask for dear, but we don't seem to be able to get them over here. But I can save up rare coins that should make an interesting collection. I won't send them to you now but I will give them to you when I get home. Mom, you don't necessarily have to send me a Christmas present. I would like nothing better than being home with you this Christmas. But if I'm not so fortunate then a letter or two at Christmas time will be quite sufficient."

ORVAL ROWELL writes "Dear Roy, Well how is everything in Silverton. I am O. K. I will be shipping from Camp Fannin, so don't send anymore papers here. I will let you know when I get located again."

A letter from the husband of Mrs. Eunice Hutson, who is somewhere in France. "Dear Wife and Son:

I don't even know the day of the month anymore. The days don't amount to anything anymore. Just one day is all, that is the day that the war is over and we can come home.

I got you a souvenir, but got it broke moving so much. It is a chalk statue of Christ. I may send it anyway.

You probably aren't getting many letters from me these days I haven't got one from you in 5 days now.

Oh yes, I slept in a real-to-goodness bed the other night. A well to do Frenchman invited me to sleep at his house. They sure had some good drinks. I could hardly sleep on that soft bed and clean sheets. They were just too nice according to the way I've been sleeping for the past 18 months. It was the first bed I have slept in since I left Onset.

I'll probably have to dig me a fox hole in the back yard and sleep in it for awhile when I do come home and just gradually get used to a bed by putting rocks and a few spiders and other insects in bed with me.

I'm sleeping to-night with trees for a roof. I'll be so glad when we can be back home and really live like human beings again. I guess that house I slept in just spoiled me.

Kiss the baby for me. Your loving husband & Daddy Elvin

FROM JACK BROWN, with the Coast Guard in New Guinea---- Dear Mama and All: How are you today? I'm O. K. and enjoying some beautiful scenery for a change. The jungles are so pretty with vapor rising from there. You can't imagine what beautiful nights we have out here, and the tropical sunrises completely awe me with their splendor. They tell me there are many beautiful flowers in the country.

This morning I made biscuits for breakfast. The natives came out with bananas, so I traded them the left-over biscuits for a stalk. Short, my buddy, gave a native girl a jar of ice-cubes. Evidently she didn't know what they were and frowned a lot when she tasted them. A harmonica really interested them most. They tell me the women do all or most of the work over here. Pretty good deal for the men. I'm in favor of introducing that custom in the states. Ha!

By the way, its early spring here. The first time in my life I have seen two springs in one year. The climate doesn't seem so terrible over here, tho it rains every five minutes. Too bad they don't pass it around.

The guys out here seem to put a higher value on religion than back home, perhaps its circumstances. We surely have some good services on Sunday morning. I'm sure you would enjoy it. I have to run see about my dinner every little bit, but I don't mind. These services remind us of civilization.

Yesterday was such a gloomy afternoon I walked the deck and watched for the mail. At last it came aboard and everyone was happy. Nothing like a letter from home. It was close to meal time, but who wanted to eat? I'm finally

(Next Column Please)

convinced that a guy can look forward to small things once he gets in a place like this. I spend a great deal of the time reading, a lot of time just thinking and wishing.

Today is Ugly's birthday, isn't it? I remember the red-faced brat the morning I first saw her. I think she did pretty well from the start she had.

Well, it was 52 days when we got our first mail, but I got 23 letters and two papers.

No mama, I don't know of a thing I need as we are well supplied with necessities, of course there are many things we don't have, but they aren't vital. I have met some real men over here. There is a kindred feeling for anyone in uniform, so willing to share. What are you having for supper? I'll have ribs, navy beans and spinach. I must close.

JAMES DAVIS writes "Dear Roy: Well, you can change my address, for I finally made it to Pensacola.

This flying is really grand, but its awful tough staying in it at times, for it seems they are washing nearly everyone they can. It seems that they need only half or less than half, the Navy pilots that they originally thought. I guess it will take me at least 5 more months before I'll finish and get a pair of golden wings. That will be a happy day for me, because I've been after them for over 14 months now and at times it seemed I'd never make it. It's still a rather doubtful matter at that.

Guess I'll close and get some sleep for 0520 comes pretty early."

BERTON HUGHES and family came in Saturday afternoon from Ft. Riley, Kansas. Miss Grace Hughes and Mrs. Finley met them in Amarillo.

TED CHILDRESS left Sunday evening for Fort Dix, N. J. after a 12 day furlough with his parents. ELMER BEAVERS left Saturday for Mississippi after spending a furlough with his parents.

WOMAN KILLED IN TULIA CRASH

Tulia, Oct. 17. — Miss Evelyn Ott, 22 years old, died Saturday in a hospital here as a result of injuries received in a car accident which occurred four and a half miles north of here early Saturday morning. Her body was forwarded to St. Joseph, Mich., for burial.

Garland Brown of Silverton driver of the car in which Miss Ott was riding suffered a broken collar bone and a broken jawbone. Mrs. Charley Ervin, owner of the car and employer of Miss Ott, third occupant of the car, received bruises.

Brown hit the rear of a truck which had no lights, parked on the highway in front of him. He saw the truck too late to avoid the collision, he told officers who investigated the accident. Driver of the truck, Rene Miles, said that when his lights went out he was fixing to pull off to the side of the road when the lights of an approaching car blinded him and he was forced to stop until the car passed. Miles was uninjured. Rhone Marbley of Canyon is owner of the truck, which was not damaged. The Ervin car was demolished.—Amarillo Globe News

ANOTHER WRECK

Happening at about the same time and on the same highway, another car wreck occurred which demolished the car, but in which no one was seriously hurt.

J. B. Smith, Coleman Garrison, and Blanton Garrison were returning from Amarillo when a tire blew out, throwing them into a cement abutment. Luckily no one was seriously injured, although the car was badly wrecked.

T-Cpl. and Mrs. Louis Ottemann and son of Weatherford, Texas spent this week with Mr. and Mrs. Roy Hahn. Mrs. Hahn's mother, Mrs. C. C. Whitney of Jewell, Kansas arrived Sunday to visit the Hahn's.

Toss Me A Flower While I'm Living!

TOSS ME a flower while I'm living
That I may rejoice and see
The glory of brilliant beauty
And know that you thought of me.

Let me touch the soft petals that gently
Unfold in their own mysterious way—
And take pleasure my friend, in knowing
Your thoughts were of me today.

I cannot awake from the last deep sleep
To tell how I love the gift that you gave,
Should you place in my hand a flower
And with flowers cover my grave.

Should you toss me a flower while I'm
living;
And through the beautiful foliage
entwine
Perennial thought of good wishes,
I'd thank you a thousand times.

WELL? COMES UP WEDNESDAY night and no Yours Truly column written. There is a lot to write about but no one to write it. Barbara usually writes this column (I think) but this week she has had company and all I have been able to do is to get her to do the laundry, gather the local news and run the linotype a couple of days. I forgot to mention that she repainted the kitchen and a few chairs. Just as quick though as her mother came to visit her, Barb just relaxes and does just enough to get by. The last three nights I will vouch for the fact that she even slept seven hours. That is all show off. She told her mother eight years ago that she was marrying a rich man, and she is still trying to keep up the illusion.

ADD THIS TO your man bites dog and vice versa et cetera . . . I reckon I've asked Mrs. Neese the time of day a million times at least since she has been telephone operator. Boy was I surprised the other day when I rang central and while I was waiting for my number, she asked ME the time of day.

SILVERTON DOWNS QUITAQUE 12 to 6

An undefeated Silverton team kept their record good, Friday when they downed their traditional rivals, the Quitaque Panthers, 12 to 6. The Quitaque boys put up the hardest scrap the Silverton boys have had this year, and the issue was in doubt until the final whistle.

It was the old story, but with a happy ending—Quitaque, the under dogs, played over their heads—Silverton, the favorites were unable to get going. The victory definitely put Silverton way out in front in the district play and only hard luck from now on can keep them from the district championship.

Silverton's first score came when Dickenson heaved a pass to Self on the Quitaque 20 yard line early in the second quarter. Self carried the ball over for a touchdown. Weast failed to convert.

Quitaque's score came in the third quarter when Mayfield heaved a long pass to Williams. They failed in their attempt to plunge the line for the extra point. The game rocked back and forth between the twenty yard lines until late in the fourth quarter when an other long pass from Mayfield to Grundy put the ball on Silverton's one yard line. Four trials failed to gain the necessary yardage for a touchdown.

Silverton's last score was set up when Quitaque fumbled on their own yard line and Self covered the ball. Three trials by Weast and Dickenson failed to gain, but John Arthur Arnold took the ball around left end and went over standing up. Dickenson attempted to run the ball over for the extra point, but failed. The game ended 12 to 6 in favor of Silverton.

Silverton was without the help of Bobby McWilliams, right end, who was out because of an injured leg. Fowler did a good job in his place. On the whole the Owls looked bad. They did not complete but one pass during the afternoon. Their running game was far from what it usually is. Quitaque posed a definite threat every time they got possession of the ball, for the passing of Gene Mayfield was accurate and his receivers seemed to be able to get out in the clear constantly. Quitaque also had a good running game.

The Line-ups: Silverton, Hill left end; Self, center; Fowler, right end; Weast, quarterback; Arnold halfback; and Dickenson, fullback.
 Quitaque Line-up: Mayfield, full back; Williamson, left end; Bruce right end; Bass, quarterback; Anderson, halfback; Brummett, center.

Presbyterian Auxiliary Meets
 By Mrs. C. D. Wright

Mrs. True Burson was hostess Monday afternoon for the Presbyterian Auxiliary. The chairman, Mrs. Bob Dickerson, held a short business session. Plans were discussed for attending the fall Presbyterian meeting in Amarillo, Oct. 25th. A large box of supplies for the childrens Home in Amarillo was brought by the members for the Secretary of Sewing, Mrs. D. F. Wulfman, to pack. Mrs. Dickerson asked that one of the projects for the organization be work for The Children's Home each month. Mrs. Wright told of prospects for a Presbyterian minister for the Silverton church, possibly before the war ends, according to hopes expressed by ministers at Synod in Wichita Falls, October 10-12. Mrs. Alexander reported on Christmas card sales.

Mrs. Kemp Thompson gave the devotionals and prayer. Mrs. Dean Allard led the Bible lesson from the book of 11 Chronicles. Mrs. Dickerson assisted her in presenting a Questionnaire on the study, which was enjoyed by the society. Mrs. Burson served coffee and apple pie-a-la-mode to Mrs. Gordon Alexander, Mrs. Fred Lemons Mrs. A. L. McMurtry, Mrs. D. T. Northcutt, Mrs. Sid Richards, Mrs. Kemp Thompson, Mrs. Dan F. Wulfman, Mrs. Dean Allard, Mrs. Tony Burson, Mrs. Bob Dickerson and Mrs. Clyde Wright.

Prof. Glaze and R. B. Cleveland of Garland, Texas spent a week ago Sunday with Mrs. Ruth Watley.

Mr. and Mrs. J. J. Vardell and family spent Sunday with Mr. and Mrs. R. E. Sweak.

Mr. and Mrs. Marvin Thompson had as their dinner guests Sunday Mr. and Mrs. Tom Autry, Mr. and Mrs. Ennis Autry and children. Mr. Mrs. F. M. Autry and in the afternoon those calling were Mr. and Mrs. Percy Autry and baby and Mr. and Mrs. Fred Autry and baby all of Plainview.

COVETED "E" AWARD IS MADE TO PANTEX

Army and Navy Production Award will be presented to the Pantex Ordnance Plant on October 20 for its excellent record of production in the war effort. The "E" for

excellence with its proud background of tradition is the symbol by which both Armed Services confer their highest praise on those plants whose record in the production of war materials is outstanding. Justly proud of their achievement, workers at Pantex continue their efforts to keep a steady stream of bombs and shells flowing to the men who are in the actual fight on distant battle fronts.

Additional workers are needed now at Pantex in order to meet the increased demands coming from the front lines. New workers will find a typical West Texas welcome in joining the ranks of its "Fighters behind the Fighters" at Pantex. Attractive wage scales start at 75c per hour, with time and one-half for more than 40 hours per week. No experience is necessary. Wage increases are given for length of service.

 BUYER
 TO
 ANOTHER . . .

WE ARE NEW enough in the Grocery Business that we still look at things from the buyer's standpoint.

FIRST of all, we know that you want QUALITY foods and meats. And of course, you want a store that comes up to the highest standard in healthful handling and storing. We believe that those are your first considerations in choosing a place to buy your food.

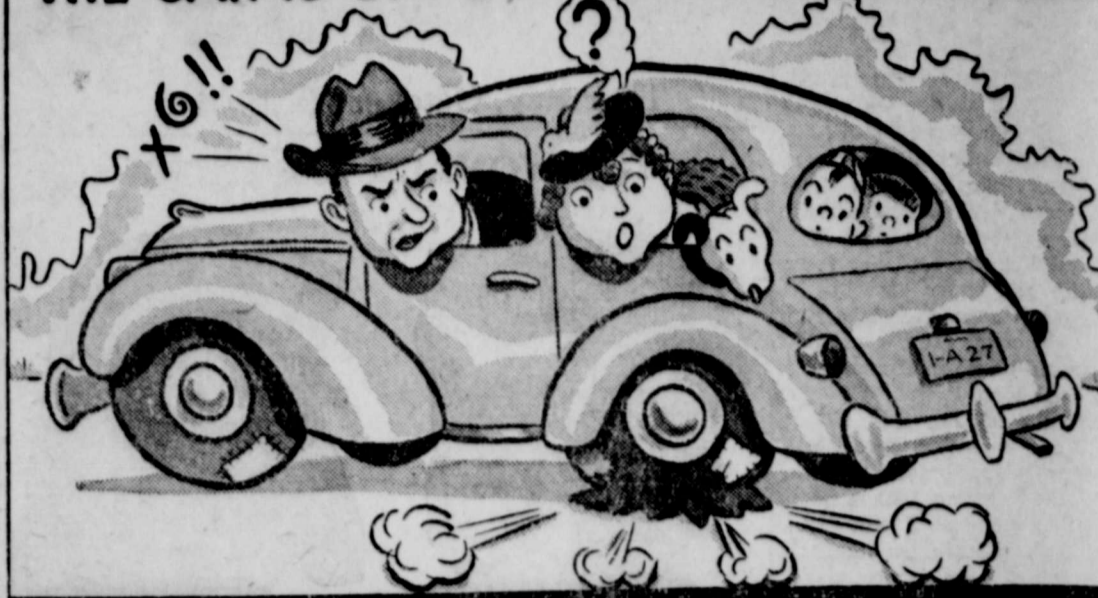

IN THE next place we believe that you are interested in LOW PRICES, and in knowing exactly what you are paying for each thing that you buy. We are still working over our stock, and every item will be plainly marked as to price. In a short time we expect to run a few sample prices in our ad space here each week.

THOSE are some of the things we expected in a store before we owned one. We still think they are good ideas. We are open for your suggestions—for we want you to feel that your trade is valued, and APPRECIATED!!

THE CAR IS 1-A BUT THE TIRES ARE 4-F

Be sure to get both Tire Saving and Car Saving Service

D-DAY IS HISTORY. And V-Day may well be, by the time you read these words!

But as a recent editorial in the September 9 issue of Collier's points out: "If we don't baby our cars and tires along as carefully as we can, the ominous fact is that we can run into a serious motor-transport breakdown on the home front."

The blunt words of the editorial echo what Phillips and its service station men have been saying month after month, beginning even prior to Pearl Harbor.

We quote it because some few motorists may have thought that our insistent emphasis on tire and car care was motivated by self-interest rather than by our patriotic sense of duty. So again we say, in our country's interest and in your own, be frugal with your dwindling stock of tire and car miles. Visit your Phillips 66 Service Station at least once a week for tire and car-saving services.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

Phillips Tire Saving Service includes checking air pressures . . . inspecting for nail holes, cuts, and bruises . . . examination of the tire carcass to warn you when re-capping is necessary and still possible . . . crisscrossing with the spare every 3,000 miles.

Phillips Car Saving Service includes inspection of battery, air filter, and anti-freeze protection . . . regular lubrication of every friction point specified by the maker of your car.

With tires for A-card motorists not promised before mid-1945 . . . with cars wearing out and disappearing from the road at the rate of more than 5,000 a day . . . you must Care for your car For your Country, to help prevent a crisis in domestic transportation.

Drive in at any Orange and Black 66 Shield, the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil, and you will get the patriotic cooperation and aid of the Phillips 66 Service Man in making your car and tires go farther and last longer.

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.

WINTER

His coal bin is full and he doesn't spend his evenings worrying about the cold day to come.

Everything points to an extremely cold winter... and everything points too, to a limited coal supply. There will be no shipping facilities this winter, and the coal we have on hand now may be the last we can obtain.

At any rate it won't pay you to take chances. **We have coal for you NOW.** Why not get off your mind and order your winter's supply the next time you are in town?

STOP IN FOR CONOCO SERVICE

Ah... a neat knack had Ivan, that hushed back-seat drivin'

Driving that's easy on passengers and cars is one far-reaching good outcome of War!

Handling the wheel and pedals like a professional became a wartime necessity. It favored the car—and quit scaring the rear-seat riders. Now it's a great point of pride. Yet an even more envied proof of fine car-sense is to own an engine that isn't showing its age. That demands sparing your engine from acids; from fiercely corrosive acids inside. You can do it by having your engine OIL-PLATED. All you need is a change to Conoco Nth motor oil... oil that OIL-PLATES.

In the extra-limited seasonal driving that's now the rule, your engine "hoards" a surplus of acids. Every explosion adds to these acids. You don't drive enough for engine heat to eject them safely. But they won't go biting right through OIL-PLATING! This highly corrosion-resistant surfacing is attached all over your engine's fine inner finish as if by magnetism—an effect you must credit to costly pioneer research, responsible for the special ingredient in popular-priced Conoco Nth oil, patented.

You can't apply keener intelligence to the car that must last you, than to equip it with an OIL-PLATED engine—simply by changing to Conoco Nth oil for Winter. Your Mileage Merchant's Conoco station knows your correct grade. Go now. Continental Oil Co.

Delta Kappa Gamma Society Meets October 28th In Amarillo

Forty Panhandle and Plains counties will be represented at a regional meeting of The Delta Kappa Gamma Society, national honor society for women teachers, in Amarillo on Saturday, Oct. 28. The highlight of the meeting will be the luncheon at which Mrs. N. M. Whitworth of Amarillo will be the speaker and music will be furnished by the Amarillo High School A Cappella Choir, directed by Mrs. Julia Dean Evans. Visiting members will register at 10 o'clock at the Amarillo Country club. Following the opening session, committees from the various visiting chapters will meet together to exchange ideas and suggestions. Reports of these com-

mittees will be heard at a general session.

Miss Claudia Everly of White Deer, state chairman of the committee on Letters and Publications and Miss Annie McDonald of Amarillo, state chairman of the committee on Legislation, will be co-directors of the regional meeting. Miss Edna Graham of Canyon, a member of the state Scholarship Committee, will assist them.

The Delta Kappa Gamma Society was organized by Dr. Annie Webb Blanton in Austin in 1929 and now has an organization in every state in the Union. The national society has 601 chapters and 20,987 members.

The Gamma Iota Chapter which includes Briscoe County has headquarters in Plainview, Texas. Teachers in the local schools who are

members are Misses Anna Lee Anderson and Opal Cross.

These teachers will attend the annual Birthday Banquet of their chapter in Plainview on Saturday night, October 21, at the Hilton Hotel.

Miss Anderson is chairman of the committee on progress of Delta Kappa Gamma.

YOUR ELECTRIC RATES HAVE BEEN CUT!

What important household item costs less now than before the war? Electricity! While other costs are still going up, your electric rates "took a cut" last month, to new low levels. Bills since the first of October have been figured on the new rates.

As a matter fact, electricity offers you double savings. While general living costs are up about 25 per cent above pre-war costs, the price of electricity has not gone up at all. That's saving No. 1. Now your household electricity has actually gone down in cost—

Not only does your electricity cost less but it furnishes you the same dependable service that you become accustomed to. Pre-war quality at less than pre-war price makes electricity the "bright spot" of your family budget. When new appliances become available, you can enjoy using them freely at lower cost than ever. Meanwhile, low rates are not just a post-war promise. You are receiving the savings right now!
