

**OUR MEN and WOMEN IN UNIFORM**

**JAMES MONTE LONG, M. OMM 2-c.** is the son of Mr. and Mrs. J. E. Long. He has been in service since November 1943. He is now in the Pacific Theatre of War. He is married and has two children. They reside at Littlefield. Long serves on a Hospital Ship which transports wounded.

**SGT. WILBUR GARVIN**, who was the first volunteer from Briscoe County, under the Selective Service has sailed for overseas service. His wife and baby will live at Childress.

**PVT. RAYMOND HEIM** and family of Pampa are visiting his parents Mr. and Mrs. W. J. Heim of Vigo Park. He has an eleven day furlough.

**CARL DEAN BOMAR** was in New Guinea Sept. 30th, at his last writing and was expecting to be moved to another base.

**LYNN WELCH, U. S. Navy.** is the son of Mr. and Mrs. M. L. Welch. He entered service in Sept. 1943. He is serving as first class fireman on a troop transport ship in the South Pacific. He has been on sea duty seven months.

**LOYD HODGES** son of Mr. and Mrs. T. J. Hodges is back in the States after 2 1/2 years spent in the South Pacific. His parents are expecting him home in the near future.

**BRUBS BOMAR** called his parents last Thursday evening telling them he had landed in the U. S. and would be home on a furlough right away.

**LEROY CUPELL** arrived home to visit his parents Thursday. He has been in the South Pacific War Theatre.

**M-SGT. M. WORKMAN**, who is an Army Air Corps Engineer, is a brother of Mrs. Bernice Welch. He entered the service in February 1942. He is now stationed at Avon Park, Florida. He is married and his wife resides in Arlington, Tex. He is crew chief for B-17 bombers and also physical education director.

## Walker's Medals Given At Childress Ceremony

A. G. GARDNER writes to the editor. "I haven't received the paper in sometime now, so will send my address again."

I am now somewhere in the Marianas, where it's been pretty rough! But now I have plenty of time to write. We have it pretty easy here now, and I am really catching up on my sleep and eats. The weather here is pretty hot and it rains almost all of the time. Practically all of the water we get for awhile was rain water. We still use it for washing and bathing.

I don't know how long it will be before I see home again. Tell everyone to keep the homefires burning. Mayb Christmas after next. Well Roy, thats all for now.

A. J. ROWELL who is now stationed with the Navy at Farragut, Idaho, is now in the Athletic Dept.

**FROM EMMITT YOCUM**, to Mr. and Mrs. Cantwell. "Dear Friends: Well I guess you will be surprised to hear from me, but I was just wondering about you sweet folks, so I thought I would drop you a few lines. I hope this letter finds both of you in good health. As for myself I am feeling pretty good. Thanks to God, I'm still in England, but I am getting really homesick. I've got three overseas stripes, each one means six months over here. If you get this letter let me know. So by and God bless both of you."

**CECIL SEANEY** writes from Jacksonville, Florida, to his parents. October 7th. "Dear Mom, Pop and all: Received your letter yesterday, was really glad to hear from you. Well we are going to Norman, Okla. Boy, talk about a bunch of happy guys we are. Well I'll tell you the details. We went to inspection, came back to our barracks and put on our boots. St. Mosley comes over and tells us to take them off, we are officially out of boot camp. We will reach Norman about the 13th or 14 School starts the 16th so there won't be time for a boot leave. But we expect leaves around Christmas."

**S-SGT. WILLIAM STRANGE** son of Mr. and Mrs. Bryan Strange has won the right to wear Wings and Boots of the United States Army Paratroops. He has completed four weeks of jump training during which time he made five jumps, the last a tactical jump at night involving a combat problem on landing.

Jumping at The Parachute School has been steadily developed a recognized war science. American Paratroopers have been recognized throughout the world for their meritorious actions against the enemy.

In addition to producing jumpers, Parachute Specialist Training is given to qualified men in Communications, Demolition, Rigging and Parachute Maintenance vital skills for Airborne troops.

J. C. Turner writes from New Guinea. "Dear Folks: Here's hoping that you are well and have heard from me by this time. I haven't received any mail. I guess the last letter I got from you was the 6th or 7th of Sept and here it is October. I guess I have waited just about as long as this time or two before but I don't like too. This country of New Guinea is quite a place. There are plenty of jungles here and I guess all kinds of animals that live in a place like this but none come close to camp. I hear stories of big snakes and the like but I haven't seen any as yet. Furthermore I hope I don't.

There are coconuts here and also bananas and I guess every kind of tropical fruit. I haven't picked anything at all yet but I plan to do a bit of roaming around if I stay here long enough to get used to the place. It's pretty but hot here and very sultry, and I never did like hot weather. Another thing that makes me notice it so much I guess is the time I spent in the Aleutians. I guess two winters up there is enough to thicken a guys blood a little. It cools off good at night here and sleeping is swell. I am thankful for that.

I will close now hoping this reaches you soon. I hope I get a letter from you in the near future." (Next Column Please)

Mrs. Blanche I. Newman of Silverton, received in special ceremony, at Childress Army Air Field Tuesday, October 17th, the Air Medal with three oak leaf clusters and The Purple Heart which were awarded her son Staff Sgt. Alton B. Walker, an aerial gunner and engineer, reported missing over the coast of the Netherlands since Dec. 16, 1943.

Col. White, Commanding Officer of the Childress Army Air Field made the presentation. Walker was stationed in England with the 8th Air Force.

Those attending the ceremony was the gunner's cousins Mrs. Scott Dunham and A-C Marvin G. Walker stationed at the Childress Air Field.

**ED DAVIS** S 2-c writes his parents from Camp Bradford, Va.

Dear Folks: How are you all getting a long by now, good I hope. I got here last night. Boy I sure was give out when I got here I rode so much on a train. I hope that I don't have to ride on another for quite a while. I will be here for about 2 months. They put me in the Amphibious on a L. S. L. ship. This ship is a small one. There's about 120 boys on one. They use them to go in with the landing boat to do the fighting. They have lots of guns on them. I don't know how many. We go to sea for 2 weeks and when we get back we will be S-1c. If I don't die I know that I will be sea sick.

Well I don't know what this place looks like. There are so many trees that I can't see very far. I surely saw a lot of pretty places coming here.

We will take Marine training and then when we get that training, we will just wear dress blues so that if our ship was blown up we could go on with the Marines and fight. They said that we would have to be Marines. I don't know if they can make one out of me or not.

We live in a think that is called a hut. There are 18 boys to each one. I think I will like my training all right. When we get back from sea we may get 15 days.

Love Ed

**PVT. TONY DENHAM** writes to his parents from Holland. "Dear Mom and all: I will drop you a few lines while I have a little time. I think it is about time you were sending a few lines. I haven't had a letter from anyone since I left Fort Mende. So get on the ball.

I am sorry the censorship won't let me tell you what I have been doing. I can tell you about the country. I am in the land called Holland. It is a very beautiful country. But as you know it is battle torn. The Jerries sure wrecked it and still the beauty stands out. Oh! yes, tell Bob that the people over here do wear "wooden shoes" and the old Dutch windmills are everywhere.

Well that is about all I can think of that I can tell you. So I will close and let the Doctor fix up my toe. Have a blister."

Here is a letter received by Mrs. C. M. Jasper from her brother who is on maneuvers somewhere in California.

Dear Gertie and family, Well folks while I have a few minutes to spare. I'll try and catch up on my writing. I guess you folks just about give me out for writing but we are on maneuvers now and they have really been running us nuts, but that is all over now, and we'll have it pretty easy from now on. I'll really be proud when this is over and we get our furlough. It will only be 10 days.

I sure wish you could see this country around here, there are pine trees everywhere you look. In fact I'm laying under one now that is about 80 ft. high. If I had a camera I would send you some pictures.

We sure have fun with these boys that have lived in the city all their life. We tease them about the coyotes. We tell them that the coyotes run in packs and often kill and the boys are so convinced that when they howl their hair stands on end.

I killed a rattlesnake the other night and put it in a kids bed. When he pulled it out and saw what it was the darned fool passed out cold. I killed a rattlesnake that (Continued on back page)

## Last Game At Home With Turks Friday

The Turkey Turks will come to Silverton Friday, October 27, 1944 for the last game of the season with the Owls.

The Owls hold the upper hand when the game starts. The Owls have won all four games played, defeating Turkey, Quitaque, Flomot and Kress. Turkey has defeated Kress and Quitaque, losing to the Silverton Owls and a tie game with Flomot.

The scores of the teams are as follows:

Turkey total points	123
Opponents	83
Owls total points	110
Opponents	12

This gives the Owls a decided advantage over the Turks. Sometimes the games are not won on paper and the game may turn out the other way.

The tie that Turkey and Flomot played last Friday gave the Owls another half game margin in district play.

The probable starting line up for the two teams is as follows:

Silverton		
Bobby McWilliams	R. E.	
J. L. Self	Center	
Clovis Hill	L. E.	
John Arnold	H. B.	
Donald Weast	H. B.	
Gene Dickenson	F. B.	
Turkey		
Johnny Shaller	R. E.	
Jimmy Miller	Center	
Robert Bowen	L. E.	
Scott Clark	H. B.	
Jack Case	H. B.	
Bert Lane	F. B.	

Miss Leota Rampy was initiated into Kappa Gamma, teachers fraternity, Saturday evening at Plainview. Miss Opal Cross and Miss Anna Lee Anderson are also members of Kappa Gamma.

Give as they Fight! Support your county War Fund.

## Tony Denham In Hospital From Action Wounds In Holland

Mr. and Mrs. G. O. Denham received word this week that their son Tony had been slightly wounded in action, and that he was recuperating nicely. The same day a V-Mail letter was received from him personally, saying that he was in a hospital in England. Denham is a paratrooper. His letter which is self explanatory, follows:

Dear Mom and all: Well I will drop you a few lines—I have nothing else to do. I can't tell you much but I will tell you where I am and where I came from. I am in the hospital somewhere in England. I don't know where myself. I was wounded in the leg just above the knee. I got it in Holland and was evacuated by air. It was a fine plane that I landed in. Twelve times I have rode in a plane, and that was the first time to land in one. Boy it was a smooth set-down. It wasn't like coming down and busting your butt. Ha!

Well that is about all I can find to say right now. How is everyone at home? I guess you are still hearing from the boys. Has Floyd left the U. S. yet? I hope they are all right yet. — yours, Tony.

**JOHNNY QUILLEN** has arrived back in the States after 18 months in the Pacific, and he will soon be home for a short stay.

Mrs. Harmon Mosley and daughter, and Mrs. Mack Truelock of Flomot visited the Charles Cowarts Monday.

### NOTICE

Rev. C. N. Wylie will preach at the Presbyterian Church, Sunday evening at 8 o'clock.

## County War Fund Is Lagging Behind

### GROUND SCHOOL FLYING INSTRUCTION HERE NOW

Classes in ground school work in aviation are being held at the High School Building each Monday, Wednesday, and Friday evenings, for those who wish to get the basic work preparatory to the actual flying.

R. D. Tyler, who is the regular flying instructor at Canyon is in charge of the classes, which is the regular CAA training necessary for getting a license.

Several Silverton folks are taking the course, which lasts about six weeks, and expect to start the actual flying in ten days or two weeks. Among those enrolled are:

- Conrad Alexander
- W. Coffee, Jr.
- Leota Rampy
- Opal Cross
- Clyde Mercer
- Mrs. R. D. Tyler

Several more have announced their intention of taking the flying course. The ground school costs \$25. Actual flying time is on a per hour basis.

According to Mr. Tyler, the minimum numbers of hours to acquire a private pilot's license is 42 hours. The average student gets "his wings" in 50 hours.

If you are interested in learning to fly, stop in and talk it over with W. Coffee, Jr., or go to the school house any Monday, Wednesday or Friday nights.

### GRAIN SORGHUM SITUATION

By Denton H. Smith

Due to the lack of storage space and of transportation facilities, most of the grain sorghum crop will either have to be stored or used in or near the areas in which it is produced.

The loan rate (farm storage basis) is 95 cents per (56 lb.) bushel for No. 2 or better which amounts to \$1.696 per hundred, 90 cents per bushel for No. 3 or \$1.607 cents per hundred, and 80 cents per bushel or \$1.428 per hundred for No. 4. Two cents per bushel will be deducted from the above loan rates for mixed grain.

The above loan rates apply to grain sorghums stored on the farm, or stored in approved warehouses provided evidence is submitted that handling and storage charges have been prepaid through April 30, 1945. Grain stored on the farm must have been stored in the granary at least 30 days prior to inspection for measurement and sampling.

Grain sorghums grading, weevily or smutty or containing more than 13 per cent moisture if stored on the farm or more than 14 per cent moisture if stored in a warehouse is not eligible for a loan.

This year's production of grain sorghums, according to estimates will be about 150 million bushels, or about 47 million more than in 1943 and about 85 million bushels more than ten year average, 1933 through 1942.

On October 1, 1944 restrictions were removed, thereby allowing the use of grain sorghums in the production of industrial alcohol. It is estimated that approximately 7 million bushels of grain sorghums will be used per month in the production of industrial alcohol. This with the amount of grain used in the production of alcohol for the brewing trade, will consume some 15 to 18 million bushels of grain per month.

Farmers should let their crops dry thoroughly in the fields before harvesting, in order that the grain may be stored properly.

### Increase of Cotton Loan Rates

The 1944 loan rates on cotton have recently been increased from 92 1/2 per cent to 95 per cent of parity. The new rates are 53 points higher than those originally announced for the 1944 cotton loan program.

The basic loan rate for Briscoe County on 15-16 white and extra white cotton is 21.71 cents per pound with variations according to grade and staple.

Mr. and Mrs. George Hodges of Canyon and J. L. Hodges of Pratt, Kansas spent a week ago Sunday with the T. J. Hodges family.

More than two weeks have gone by since the start of the 1944 War Fund Drive and 20 solicitors have reported collections of \$1,005.00. With a goal of \$1617.00 set, this report is none too good. However, according to Denton Smith, county campaign manager, there are 32 solicitors who as yet have not turned in their report.

Only four solicitors have reported collections from the Quitaque area, but these four (with only one completely through) have collected \$375.75. That is a very good showing and it looks like the people below the cap really intend to put Briscoe County "over the top".

San Jacinto School as usual, came through in fine style. There are 28 students and two teachers, they sent in \$15.00 to Mrs. T. R. Whiteside, County War Fund Treasurer.

Collections are thought to be slow because of the good weather, which means busy days for most of the folks in the county. Mr. Smith says, "But remember, that the boys and girls of the armed forces have busy days, every day—in good or bad weather".

It is intended that every person in the county will be given an opportunity to contribute to the County War Fund. The goal set for each person is "two days pay". Don't fail to make your donation. If your neighborhood solicitor has not been to see you, go to see them—"Give a Texan's Share".

Another thing to remember is the fact that the solicitors are giving freely of their time to make it convenient for you to give. Take as little of their time as possible, and thank them for coming.

Next week at this time, it is hoped that we can report that the county is over the top.

### VETERAN'S ADVISORY COMMITTEE

By Leo L. White

Demobilized war veterans desiring to farm in this county will have the advice and assistance of a county advisory committee consisting of nine people. The members of this group are: T. C. Bomar, Orlin Stark, Shafe Weaver, L. J. Bedwell, Mrs. H. B. McClelland, Mrs. Ruth Watley, Mrs. John Lee Francis, Fred Mercer and Murry May. Its function is to advise the veterans desiring its aid in ways to serve their best interest; to help them find places on farms, and to compare information of a general nature regarding agricultural conditions in the county.

The committee is a part of the Selective Service Veteran's Assistance Program and was created at the request of Grover C. Hill, Assistant War Food Administrator. He specified that the group should be set up by the A. and M. College Extension Service under the leadership of the County Agricultural Agent.

All discharged service men are required to report to their local selective service boards within 5 days after demobilization. At that time inquiry is made regarding their plans. If any indicate a desire to engage in farming they are informed about the advisory assistance which the committee and the County Agricultural Agent are prepared to give.

In addition, material containing information about the assistance program has been prepared by the War Department and is being distributed to service men in advance of discharge.

Mr. Bob Stevenson who took ill the past week was taken to the Plainview Hospital Monday and was given a blood transfusion late Monday but his condition was reported as very little improved.

Mr. and Mrs. John Montague spent Sunday in Pampa.

**KEEP FAITH with them**

New Donations to Veterans' Building Fund —  
Ware Fogerson ..... \$50.00  
Total to date ..... \$5,993.99

They all climbed up on the Berchtesgaden fence,  
Nine little Goblins with green glass eyes,  
Nine little Goblins that had no sense  
And couldn't tell truth from a pack of lies.  
And they all climbed up on the fence and sat -  
And Der Fuehrer asked what they were staring at.

And the first one said with a leer on his face,  
"I'm only wondering what's happened to  
Your muchly vaunted Super Race.  
Or does that question embarrass you?"  
And the next one sneered thru his beard tight curled,  
"Yeah, the Super Race that would rule the world!"

And he laughed like the screech of a wailing bomb,  
Laughed and laughed till a goblin pal  
Thumped him back to his normal aplomb,  
And asked Der Fuehrer if after all  
He still thought his army invincible  
Or just wasn't he convincable?

And the fourth little Goblin with a face as red  
As a cherry and eyes that gleamed  
Maliciously in his fat little head,  
Pointed his bony fingers and screamed,  
"Those countries you murdered their Rights to defend  
Do you still think they call you 'friend'?"

And then the whole of the Goblin band  
Rocked on the fence top to and fro  
And clung in a long row, hand in hand,  
Chanting a ghastly song of woe,  
Till Der Fuehrer clasped his hands to his head  
And would have run but his feet were lead.

The song they sang was a mournful refrain:  
"What of your many other boasts -  
'Britain's been licked and won't rise again!'  
'Russia has fallen before our hosts!'  
'America won't enter this war at all!'  
Democracies make men soft and small!"

"Der Fuehrer's the only God", you shout,  
'Worship Me and you're sure to win!'  
'Inferior Races will be wiped out,  
But bombs will never fall in Berlin!'  
Yeah, Adolph, if all these things are true,  
What in the world is troubling you?"

Then they leered at him from atop the fence,  
"We're not really Goblins with green glass eyes,  
Tis only a vision the mind invents  
After a supper of bombs from the skies.  
You're doomed to dream this way, "they said,  
And you shan't wake up till you're clean plumb dead.

(With apologies to James Whitcomb Riley and his "Nine Little Goblins")

**Briscoe County News**

Subscription, per year -- \$2.00

Published Every Thursday  
Silverton, Texas

Roy W. Hahn, Publisher  
Barbara Hahn, News Editor

Entered as second-class matter at the Post Office at Silverton, Texas under the Act of Congress of March 3, 1879

I HAVE DEFINITELY made up my mind to vote for Mr. Roosevelt. Any man who can convince the American people that he is totally responsible for our military victories, notwithstanding that we have several minor personages such as MacArthur, Nimitz, Eisenhower, Marshall, Bradley, and King, is ace high. Any man who can roll up a greater peace time debt than all our other presidents combined and cram it down the American people as prosperity is plenty good enough for me. Any man who can take the old idea of states rights and make the people of the south believe that the Republicans thought of it, must have something on the ball. Any man who can set aside a tradition that "two terms is enough" and convince the American people that that he was drafted, definitely is the man of the hour. And any man who has been so definitely named

as indispensable, certainly should have a little more time to show what he can do... certainly there must be a few more billion left in the old sock to do it with and to take care of the post war planning.

I THINK THAT Johnny Latham is going to subscribe to the paper again one of these days. He forgot and let it run out in July and that was when the \$1.50 offer was on. His wife is wanting the paper pretty bad and Johnnie actually got around the other day to offering me the two bucks. I figured that he hadn't thought it over much (just a couple of months) so I wouldn't take it. I want a man to think it over a long time before he just up and poops off a good two dollars for this paper.

I THINK I better straighten out something with A. M. Jackson, down at Slaton. I had something in this column recently about Eddie Cox letting Mrs. Sanders load the cement while he sold the wall paper and darned if the Slatonite didn't make a little feature story of the woman at Silverton doing a man's job of loading cement... The truth of it is that Jessie Sanders never lifted anything heavier than a Coca Cola in her life. However, she does manage to get the cement loaded and various other little duties connected with a lumber yard, but she does it by remote control. This is how she works... She will be working on the books and there is cement to load, so she tells Homer that "Somebody has been tinkering with my books. I am a dime short." And Homer being the gracious husband that he is, refuses to be concerned. But Jessie is not easily appeased where a dime is concerned in her book-keeping. "Well, Homer I know that I didn't do it. I just know I didn't." This time Mr. Sanders takes off that two-inch smile and says, "Now by gonne, you are the book-keeper so you made the mistake." But the bookkeeper persists, thinking of that cement that must be loaded. "Well, all right Mr. Smarty, I guess I did it, but look here; how did your handwriting get in here?" And by this time as Mr. Sanders reaches for the book, there is a reddish tint in the sky. "That is not my writing, and besides that it isn't a mistake at all. I guess maybe it is my writing, and if you can't do anything but

fuss budget me, I'm leaving." And he jumps out side and Mrs. Sanders hollers, "There is some cement to be loaded out there while you are there." That does it. It makes him so blamed mad that he jerks off his coat and goes after the cement. It is an hour job for two men, but in just twenty minutes he has it loaded, and his temper hit an even keel again. All is quiet on the lumber yard front and he says, "Well come on, let's go get a Coca Cola. Bq gonne that was hard work." And the lady book-keeper, with the erstwhile reputation as a cement loader trots meekly along, thinking to herself, no doubt, of the power of mind over matter... Anyway, Mr. Jackson, that is how our lady cement loaders work in this man's town. Not bad either, is it?

THE BUILDING FUND is pract-

ically at a standstill right now. That is not a very good thing. When something like that stops dead it is pretty hard to start up again. We have a War Loan Drive starting next month and during that drive I think the whole of the money collected to date will be put into bonds for safekeeping, and also help the bond quota a little, according to plans of the Veterans Building Finance Committee. That will make it very easy for us to kill two birds with one stone, by making a sizeable donation to the fund.

THE DONATIONS WILL be invested in War Bonds, and so when you make a donation, you are buying a bond—the only difference is that it won't have your name on it. And when you get to thinking about it, that won't make a whole lot of difference. We, as

individuals, are supposed to hold those Series E bonds for ten years. There aren't many who will know the difference ten years from now, as to whose name was on a \$100 bond bought now. So let's keep that ball rolling toward that \$15,000. We have nearly \$6,000 now.

AND THAT MAKES me think — an old boy suggested that we had enough now to build a pretty good outfit. I think that is a plenty poor way of thinking. The guys that are doing the fighting haven't called a halt yet, nor said that they have done enough. Until we finish what we started for them, we have no right to say that we are "backing the boys" or even that we appreciate what they are doing. I do not believe that we will stop either. There are plenty of fellows who are planning to "kick in" that haven't gotten around to it.

Mr. and Mrs. Alton Steele are the parents of a baby boy, born Tuesday, October 24, 1944 at the Plainview Sanitarium.

See us now if you are needing a new gas Heating Stove. We have several Dearborn and Thompson heaters, for either natural or butane gas. Purchase certificate is needed.

**Get Acquainted**

WITH OUR IDEAL

**Burial Insurance Policy**

For several years we have been on the lookout for a Burial Insurance Policy for our friends and neighbors in this trade territory—one that we could have confidence in, and that we could recommend to our friends with complete confidence.

We have made connections with —

**Mr. H. H. Price**

who is representing an OLD LINE LEGAL RESERVE COMPANY, with millions of dollars back of it, and offering a Family Policy, good anywhere in the United States.

As we said above, this is what we believe is an IDEAL policy, because:

1. It does not obligate you in any way to the Silverton Undertaking Co., or to any other Funeral Home. It leaves you free to choose your own service, anywhere you wish. The policy is recognized by any Funeral Home, anywhere.
2. The claims are paid IN CASH, in case of death. It can be taken in an amount sufficient to cover the kind of a service you care to provide for. This policy is written on ages from birth to age 60, with a varying premium rate that anyone can afford to carry.

Mr. Price will probably call on you in the near future, and we will appreciate it if you will let him explain the policy to you in detail. We believe, that in giving him this endorsement, that we are helping you to become acquainted with a service that you need, and will appreciate.

**Silverton Undertaking Company**  
TOM C. BOMAR

**TO WINTERWEIGHT Mobiloil**

The mornings are getting cooler now, and motors are beginning to be a bit sluggish when you first start them up. That's a sign that it's time for you to bring your car in and let us change the oil to winter-weight Mobiloil before the really cold weather comes along. You'll find it means easier starting—and it affords a better safeguard to the motor during those first few minutes of motor warm-up.

An oil change now may save your loose change later.

BAIN DRUG STORE

AS ONE FOOD BUYER TO ANOTHER...

WE ARE NEW enough in the Grocery Business that we still look at things from the buyer's standpoint.

FIRST of all, we know that you want QUALITY foods and meats. And of course, you want a store that comes up to the highest standard in healthful handling and storing. We believe that those are your first considerations in choosing a place to buy your food.

IN THE next place we believe that you are interested in LOW PRICES, and in knowing exactly what you are paying for each thing that you buy. We are still working over our stock, and every item will be plainly marked as to price. In a short time we expect to run a few sample prices in our ad space here each week.

THOSE are some of the things we expected in a store before we owned one. We still think they are good ideas. We are open for your suggestions—for we want you to feel that your trade is valued, and APPRECIATED!!

**WOMEN'S ACTIVITIES**

**March of Time Study Club**  
By Mrs. Clarence Mast

The March of Time Study Club met October 19th, with Mrs. Artie Northcutt as hostess. After the regular business session the program consisted of a discussion of Child Welfare. Mrs. Northcutt discussed the influence of the home, school and church. Mrs. Robert Hill and Mrs. Gatewood Lusk discussed Juvenile Delinquency - its problems and probable solutions.

The club adjourned to meet again on November 2nd with an "As You Like it" program in the home of Mrs. Tony Burson. Misses Janie and Carolyn Schott will be co-hostesses.

**International Relations Program**  
By Mrs. C. D. Wright

The program on International Relations was enjoyed by the Silverton 1925 Study Club last Wednesday afternoon, when they met with Mrs. Avis Cowart as leader and hostess, in the Red Cross room. The splendid handling of the subjects gave the members a wealth of information and entertaining instruction.

Mrs. M. A. Graham ably discussed: "Psychoanalysis of Dictators. Who Killed the German Republic?" Mrs. Avis Cowart had exchanged assignments with Mrs. Fred Lemons, and Mrs. Cowart brought a wonderful paper on: "The French Policy and Why? More About the Frenchmen."

Mrs. Warner Reid received praise from all members for her message England: The Ruling Classes, Chamberlain, Baldwin and Church hill.

Roll call was answered by Mrs. R. G. Alexander, Mrs. D. O. Bomar, Mrs. T. C. Bomar, Mrs. Avis Cowart, Mrs. R. E. Douglas, Mrs. G. R. Dowdy, Mrs. M. A. Graham, Mrs. Warner Reid, Mrs. T. R. Whiteside, Mrs. Grady Wimberly and Mrs. Clyde Wright.

On November 1st, the club will study: Fiction-The Contemporary Scene.

**THANK YOU**

We are back home now and want to say thank you, for all you have done for us. May the richest blessings be yours and may health and happiness prevail in your lives.

**WINTER**

His coal bin is full and he doesn't spend his evenings worrying about the cold days to come.

Everything points to an extremely cold winter . . . and everything points too, to a limited coal supply. There will be no shipping facilities this winter, and the coal we have on hand now may be the last we can obtain.

At any rate it won't pay you to take chances. **We have coal for you NOW.** Why not get off your mind and order your winter's supply the next time you are in town?

**New Radio Preacher**

Dr. Ralph A. Herring of Winston-Salem, North Carolina, is the Preacher in a new series of transcribed Baptist Hour broadcasts over WFAA of Dallas every Sunday morning at 7:30, according to Dr. S. F. Lowe of Atlanta, Director of Radio for Southern Baptists.

Dr. Herring, popular Pastor of the First Baptist Church of Winston-Salem, is a most effective preacher, according to Dr. Lowe, being in constant demand as assembly preacher and also for revivals. He was one of the speakers on the Baptist Hour network last winter.

Dr. Lowe states that the old hymns sung by a double quartette of positively outstanding singers, are an attractive feature of this series.

Add to the Comfort . . . and Happiness your family will enjoy this winter by making sure your Heating Equipment is in good order. Check it NOW before cold weather really gets here.

**WEST TEXAS GAS COMPANY**

**Buy Insurance Thru Your Local Agent**

IF YOU handle your insurance through your LOCAL agent you are assured that all your claims and benefits will be given prompt attention by a personal friend—one who is really interested in protecting your interests.

I am rather proud of the fact that I have represented Franklin Life Insurance Company here for over ten years.

I am always on hand to service your claims, or to help you in any way. And I appreciate it very much when you buy insurance through your LOCAL AGENT.

**ROY TEETER** representing **Franklin Life Insurance Co.**

YOU CAN REST EASY THIS WINTER WITH NO DRIVING WORRIES,

**If** —

WE MAKE YOUR CAR READY FOR HARD WINTER DRIVING —

This is a reminder that it's time again to get that car or truck in tip-top shape for cold weather driving. Money spent right NOW for a thorough check-up will be money saved this winter when freezing weather is here.

BRING US YOUR CAR. You can rest assured that we will put it in shape. Your oil should be changed, your spark plugs renewed, transmission and differential refilled with a lighter lubricant. Perhaps your battery is about ready to give up the ghost, or you have a tire that needs repairing now.

JUST BRING IT in and call for a complete MARFAK cold weather job — we will do the rest, and you can rest easy, knowing that Old Betsy is going to get you thru another winter with the minimum of trouble.

GEORGE JONES DAVE ZIEGLER

**Jones Texaco Station**

For a real old fashioned, "reach it yourself" dinner come to the Silverton Hotel. All you want to eat and drink for 50c. Can you beat that?

You can save another 50c by buying a \$5.00 meal ticket.

**Silverton Hotel**

Our cleaning and pressing service will stand your closest inspection. Choose your cleaning service with the same care that you use in choosing your new garment. Let us care for your "nice" clothing.

**City Tailors**

**WANT TO BE SURPRISED?? ??**

All of us like to be pleasantly surprised! We like this surprise, especially if it is buying something at a less price than we anticipated. . . .

You may become accustomed to high prices, but when you find low prices and high quality, that is a REAL surprise.

We have many pleasant surprises for our customers.
