District Chairmen Named For Raising Polio Funds

The Executive Committee of the Briscoe County Chapter of the National Foundation for Prevention and Cure of Infantile Paralysis met Wednesday night at the courthouse and made plans for raising our share of the money for fighting infantile paralysis.

The quota for Briscoe County was set at one per cent of the 6th War Loan, or \$1,550. Each school district was given their one per cent quota, based on their Sixth War Loan quota.

Letters are going out to the following named district chairmen:

- Quitaque ----- Frank Gillespie
- Gasoline ----- H. B. Finney
- Rock Creek ----- Dee Reid
- San Jacinto ----- E. W. Preston
- Antelope ----- Mrs. Roy Allard
- Francis ----- Edwin Crass
- Lakeview ----- Mrs. J. Montague
- Haylake ----- H. H. McClendon
- Kent ----- Jim Currie
- Holt ----- Mrs. Bill Holt
- Howard ----- C. R. Piercy
- Heckman ----- Mrs. Shafe Weaver
- Wallace ----- W. N. West
- Silverton ----- Jake Honea

T. T. Crass is campaign chairman for the county; and Mrs. O. T. Bundy is county chapter chairman.

Last year, under the guidance of Mr. Crass Briscoe County was second in the whole state for the amount raised per capita. Ochiltree County was first by less than one cent per capita.

This year there will be no dance in the Silverton district and the money is being raised by straight public subscription. W. Coffee, Jr. had the brightest idea of the evening when he said, "Let's sell tickets to the dance we're not going to have."

This year the goal of the workers will be "Over the top the first day—and the drive officially opens January 14th."

For the 8th consecutive year the Briscoe County News carries the headline "Year — Passes in Review". It is the news as carried in the home paper for the past year. Perhaps the news here at home has not been too eventful, but a glance at the following story will refresh your memory as to just what has taken place here the past 52 weeks:

There has been no attempt to keep up with the war news and other events abroad. A weekly paper cannot record any but the very most important of these—and the News leaves the foreign news for the daily papers who are much better equipped to handle it. Here is the story of 1944:

Jan. 6—Jake Honea first to announce for office - Bond quota of Fourth War Loan set at \$149,000 - Evelyn Faye Montague passes away.

Jan. 13—Political announcements of John Arnold for Clerk; Paul Reid for Treasurer; Clyde Hancock dies in dynamite blast; S. G. Alexander passed away.

FIRST STEPS WERE taken on Wednesday night toward raising the money for the National Foundation for the Cure and Prevention of Infantile Paralysis. To keep step with the recent clamp-down on driving to amusements, there will be no dance to celebrate the President's Birthday and to raise the money to care for the polo victims. Instead there will be a straight-out drive for funds by contributions. The goal for the county is for \$1,550. Of this Silvertown's quota is \$480. Already \$155 has been paid in to Chairman Crass—by the members of the executive committee. Workers in each community school district have been appointed to gather the money. The quota for each district is 1% of the last War Bond quota. The drive does not open officially until January 14, but is being started at once in the hopes that we can go "over the top" on the first day of the drive. Do not wait to be contacted. Mail a check to T. T. Crass, and make it a good liberal one. If you wish, you may leave your check at the News Office and it will be delivered to Mr. Crass at once.

THE MOST APPROVED and successful method of treatment is the Kinney Pack method, and according to Mrs. Bundy, county chapter chairman, the cost of a complete Kinney Pack course is around \$1200.00. She went ahead and showed that the local chapter fund is not enough to care for even one child completely—should the need arise.

IF YOU THINK this county is not at war, take another look at the Events of 1944. As I finished setting that story, I had the feeling that nearly every other week, we reported some boy killed, missing or wounded. There are Briscoe boys on every front and they are in there doing their level best to bring the war to a quick and victorious end. I wonder, if we will take stock of ourselves, as we start 1945, if we are doing our share. In fact I know the answer, WE ARE NOT.

forget it all and let it go but out on the other end of the waste fat line are boys and men who mean so much to America. They need it. It would be nothing short of murderous neglect and foolishness if we, the everyday people back home, didn't do our share of a commonplace and nasty job.

Take a look at the uses which are admitted of waste fats. They fall under four general heads. FOR EXPLOSIVES

- 37 mm anti-aircraft guns
- 37 mm anti-tank guns
- 75 mm pack howitzers
- 60 mm, 81 mm trench mortars
- 37 mm airplane cannon
- 4.2-inch chemical mortars
- Dynamite for demolition
- Glycerin for our allies
- FOR MILITARY MEDICINES
- Sulfa ointments
- Acridine
- Proflavine
- Small pox vaccinations
- Insulin
- Opiates to ease pain
- Surgical jellies
- Nicotinic acid
- FOR OTHER MILITARY USES
- Synthetic rubber
- Airplane lubricants
- Depth-charge releases
- Incidariaries
- De-icing fluids for airplanes
- Nylon for parachutes, powder bags etc.
- High resistant paints
- Fabrics of all kinds
- Marine rope
- Military and naval soaps
- Hydraulic fluids
- FOR INDUSTRIAL PURPOSES
- Metal working
- Mining
- Industrial soaps
- Textiles
- Food products
- Railroad lubricants
- Civilian soaps
- Tanning and processing leather
- Insecticides and fungicides
- Rubber processing
- Hundreds of items known to those who use them could be added to the above list. The wide variety of uses of waste fats, their im-

portance to the war effort, and in fact to the community welfare, come as a shocking revelation to man.

CALL FOR WACS IN MEDICAL DEPARTMENT

The WAC in the Medical Department has a rich opportunity for accomplishment, service and personal satisfaction in knowing that her work will help many wounded men back on the road to health and service.

To eligible women, the opportunities to work with the finest medical tools that the world has ever known is one of the reasons why the WAC with the Medical Department is held in such high regard.

The duties of technicians are many and varied.

As dental technicians it is their job to help medical officers keep soldier's teeth in the best condition possible.

X-Ray technicians prepare patients for treatments, manipulate the complex machinery, and assist medical officers with diagnoses.

Occupational therapy is another field for the WAC with the Medical Department. Here she teaches wounded and disabled men to take their first steps back to normal life using understanding, logic, and her own special training. Her reward is the gratitude of every soldier who takes his first step or uses his damaged arm once more.

In helping men overcome these handicaps she is rendering a vitally important service for her

country. There are many other fields open to WACS with the Medical Department. Qualifications for service with this branch are varied. If you are an eligible woman, find out to-day which of the 239 important jobs you can fill as a member of the Women's Army Corps. Write the WAC, Recruiting Station, 307 Post Office Bldg, Abilene, Texas.

I DID NOT KNOW

I did not know the sky revealed
 Such colors wondrous fair;
 One day I gave an upward glance
 And saw a rainbow there.

I did not know that man could be
 So gentle and so kind.
 I spent a peaceful afternoon
 In company of the blind.

I did not know what flowers hid
 Within their cloistered cell;
 A friend brought heliotrope to me
 And helped to make me well.

I did not know that common things
 Were much approved of God;
 I watched a man with saintly face
 A-working in the sod.

I did not know a beggar man
 Did anything worth while;
 I gave to one a silver coin,
 He gave me back a smile.

I did not know that any book
 Could mean so much to me;
 I read: "And ye shall know the truth,
 And truth shall make you free."

Whose Child Is Next?

Your child, my child—either of them may be next. They are two of the 32 million children in the United States under 15 years of age. Each one of these children is a candidate for infantile paralysis this year. Your child and mine may be two from the thousands who will wake up twisting and turning in their beds as they burn with fever and struggle to straighten spasm-drawn limbs. Yesterday, their legs raced through a routine school day, and a dozen games with their playmates.

Today, their legs won't work. This is infantile paralysis. It picks its victims from this wealthy home, that tenement—from farms, war production centers, children of our fighting men, small and large cities. All children are equally defenseless against this enemy. Regardless of what each child has known before each one stricken will feel the same fear of the unknown. More children contracted infantile paralysis in 1944 than in any comparable period in many recent years.

But because of thousands of volunteer workers, each tragedy-hit child will have a chance for recovery through the complete scientific aid provided by the National Foundation for Infantile Paralysis.

Remember this when you asked to contribute to the fund in the next few days. Contribute with one hand on your pocketbook and the other on your heart.

YOUR WASTE FAT USED IN 37 WAYS

There are 37 announced uses for waste fats collected by Texas housewives.

These are mighty important to the war effort. There are some more uses to which waste fats are put which are secret.

There is no substitute for fats, hence the importance of the slow, painstaking and troublesome job of saving every drop of grease.

It is a job that everyone can do and it isn't the kind of job that is glamorized or heralded on Broadway. It is common work with a substance that is messy and hard to handle. It has to be done a little at a time. It would be easier to

THE SEAL OF SCIENCE

SOLID FOUNDATIONS are being constructed for the days of reconversion and a gradual return to an industrial peacetime economy. Testing and research programs have been geared to preparing for future eventualities both on the basis of demands of the immediate postwar period and for meeting any challenges that change may bring in the period to follow.

Research, quite naturally, plays the greater role in these endeavors, for a growing and constantly advancing progressive technology provides the fundamental concepts for meeting the challenge of change. Vigorous prosecution of an accelerated research program has brought technical advances of great significance and its stimulating effect will undoubtedly elevate them to constantly higher levels. Thus the Laboratories Approval Seal, which for many years has distinguished gas appliances of merit, will continue to be a symbol of technical competence and workmanship worthy of the public confidence which it enjoys—for Research Lights the Way!

If your gas appliance displays the Approval Seal of the Testing Laboratories of the American Gas Association, you may rest assured that that appliance has met the rigid requirements and tests to which it has been subjected. The Seal of Science is for your protection.

In the Elizabethan period, masters of the art of pipe smoking reared pupils whom they taught to exhale smoke in little globes or rings. For best results from books on how to properly rear a child you must apply the book to the proper end of the youngster.

No More Food Rationing

Yeah, we are just dreaming folks! Just as we pause sometimes to think how wonderful it would be if the war was over, our boys back home, and everything quiet and peaceful. It's nice to think about — but not if we assume the attitude that the war is about over and forget our part in winning it. If we do that it will prolong the war.

BUT, IF, there were no more rationing of food we can think of a lot of things we'd like to do right off the bat.

We'd call our customers and tell them what a big variety of foods we have on hand and invite them to let us have their orders.

And, if gasoline restrictions were over and tires were available, we'd say "Yes ma'am, we'll deliver it to your house in a few minutes".

It would be nice to have the time to "visit" with our customers and tell them just how much we appreciated their business back during the war when we were too busy to tell them about it.

And how swell it would be just to present your bill at the first of the month and toss in a bag of candy when you pay it. Candy today is a lot harder to get than credit customers.

But it's all a pipe dream folks, until this war is over and things get back to normal. Until then we'll do the best we can to keep you supplied with the best foods available and try to remember to show our appreciation of your business.

WOMEN'S ACTIVITIES

Womans Club has Christmas Program

The Woman's 1925 Study Club has had splendid programs for the past year, and the last one for the year of 1944 was a fitting climax to a long series of good things. The Christmas program with Mrs. R. E. Douglas, hostess and leader, was truly a literary treat. Mrs. R. G. Alexander presented "The Apostle" and Mrs. G. R. Dowdy give the "Christmas Story."

Plans were completed for the Christmas tea at the Library. The club sponsored the delightful affair which was given Saturday afternoon, 2 to 5 o'clock. Mrs. O. T. Bundy, the librarian, greeted the guests and received their book offerings. A decorated tree made the room look festive, and the tea table where Mrs. G. R. Dowdy poured coffee and served Christmas cookies, was an additional attraction. May good books were donated to the library.

College Girls Entertained

A pleasant "get together" was enjoyed by a number of college girls who are home for the holidays when Mrs. Clyde Wright invited them to her home last week. The house was decorated with cedar, tinsel, pine cones, bright ropes, and a Christmas tree. The girls visited, played games, and tried their luck at a "fish pond".

A little personal shower was given Mrs. Harold Seefeldt, nee Miss Freda Wimberly. Refreshments of hot Christmas-short-cake, amber fruit punch and salted nuts were served to Misses Margaret Thomas, Dorothy McMurtry, Clay nee Fowler, Jean Northcutt, Wyona Francis, Wilma Lee Francis, Evelyn Coffee, Josie Lee Barnett, Katherine Barnett, Carlyn Wimberly, June Wimberly and Betty Jo Hyatt. Other invited guests were Misses Opal and Ruby Weast and Mary Cowart and a few more who could not come.

L. T. D. Club Meets

The L. T. D. Club met Tuesday afternoon with Mrs. J. T. Luke. The "guess what" a bean pot was guessed by Mrs. Dutch Tidwell and the war stamps went to Mrs. J. T. Luke. Mrs. Luke was presented a box of personalized stationery as a going away gift from the club.

A lovely refreshment plate was

served by the hostess to Mesdames T. T. Crass, Emery Mills, Troy Burson, Dutch Tidwell, J. W. Lyon Jr., Roy Hahn and Ware Fogerson. The next meeting of the club will be on Monday January 15th with Mrs. Roy Hahn.

Presbyterians Have Christmas Party

December the 18th, 1944, the ladies of the Presbyterian Auxiliary met in the home of Mrs. O. T. Bundy for their Christmas program and party.

Mrs. Gordon Alexander directed the group in singing Christmas Carols. Mrs. D. T. Northcutt told a beautiful Christmas story. A

social hour followed an exchange of Christmas gifts.

Those present were Mesdames; Gordon Alexander, Dean Allard, True Burson, Bob Dickerson, Fred Lemons, Roy Mayfield, D. T. Northcutt, Sid Richards, Kemp Thompson, Clyde Wright, Dan Wulfman, Guests were Mrs. C. C. Whitney of Jewell, Kansas and Mrs. Clarence Mast. The hostess served Christmas pudding, cookies and coffee.

March Of Time Study Club

The March of Tims Study Club

had their Christmas party in the home of Mrs. Anna Tidwell on Wednesday evening, December 21, 1944 at five o'clock. Miss Annette Wulfman and Mrs. Theron Crass were co-hostesses. The house was beautifully decorated for Christmas and the program consisted of a Christmas story and the club christmas tree and exchange of gifts. A delicious supper plate was served and the club adjourned to meet again on January 4, 1945 with Mrs. W. E. Schott, Jr. as hostess.

PROSPECTS FOR 1945

Here we go again for another year. It looks from here as though things on the food home front are going to be a shade rough. Many changes have been made on our ration list and many more food items have "gone to war". However none of us will complain (much) for we have a war to win this year. And for 1945, **WE RESOLVE -**

To keep our shelves stocked with as fine an assortment of foods as we can.

To help keep you informed on the food rationing program.

To do our share to co-operate and to help keep prices down.

To play no favorites in rationing the scarce articles.

To buy more war bonds.

To show you personally, that we really appreciate your business.

Introducing ...

OUR NEW LOCAL MANAGER,

Mr. Henry Price

As you perhaps know, Mr. H. S. Sanders, who has managed the Silverton Yard for the past ten years, has moved to Muleshoe, where he will open the Sanders Lumber Yard.

His Place is being taken by Mr. Price, formerly of Floydada. He has been connected with the Willson & Son Lumber Company there for several years, and is experienced in handling our lines of merchandise.

We want you to get acquainted with Mr. Price, and we believe you will like him as a member of your community.

Yours,
J. M. Willson

Mr. Price says: -

"I am new here and want to get acquainted with all you folks. My family plans to move here as soon as Mrs. Price's school term is ended at Floydada. Mr. Sanders has left me a pretty big pair of shoes to fill, but I'll my best to give you the same good service that Homer has for the past ten years. Drop in any time and we'll do all in our power to satisfy your needs."

had their Christmas party in the home of Mrs. Anna Tidwell on Wednesday evening, December 21, 1944 at five o'clock. Miss Annette Wulfman and Mrs. Theron Crass were co-hostesses. The house was beautifully decorated for Christmas and the program consisted of a Christmas story and the club christmas tree and exchange of gifts. A delicious supper plate was served and the club adjourned to meet again on January 4, 1945 with Mrs. W. E. Schott, Jr. as hostess.

PROSPECTS FOR 1945

Here we go again for another year. It looks from here as though things on the food home front are going to be a shade rough. Many changes have been made on our ration list and many more food items have "gone to war". However none of us will complain (much) for we have a war to win this year. And for 1945, **WE RESOLVE** -

To keep our shelves stocked with as fine an assortment of foods as we can.

To help keep you informed on the food rationing program.

To do our share to co-operate and to help keep prices down.

To play no favorites in rationing the scarce articles.

To buy more war bonds.

To show you personally, that we really appreciate your business.

I'M ON THE JUMP EVERY MINUTE

Whenever you need me, plug in—I'm Reddy! Right away I'll hop to it, whatever job you give me. I'll work for you at lower wages than I drew before the war.

All through every minute of each of the 24 hours every day, I'm on the go. In the morning—

toasting bread, making coffee. Later—helping you clean house, wash, and iron. Then as the day goes along, giving you good light wherever you need it. And, of course, refrigerating your food round the clock. (By the way, even the clock may be electric!)

Remember, I'm as close to you as your nearest outlet. For instant help in running your household smoothly, efficiently, and economically, depend on me. Day or night, I'll jump to obey your orders.

Southwestern PUBLIC SERVICE Company

Introducing ...

OUR NEW LOCAL MANAGER,

Mr. Henry Price

As you perhaps know, Mr. H. S. Sanders, who has managed the Silverton Yard for the past ten years, has moved to Muleshoe, where he will open the Sanders Lumber Yard.

His Place is being taken by Mr. Price, formerly of Floydada. He has been connected with the Willson & Son Lumber Company there for several years, and is experienced in handling our lines of merchandise.

We want you to get acquainted with Mr. Price, and we believe you will like him as a member of your community.

Yours,
J. M. Willson

Mr. Price says: -

"I am new here and want to get acquainted with all you folks. My family plans to move here as soon as Mrs. Price's school term is ended at Floydada. Mr. Sanders has left me a pretty big pair of shoes to fill, but I'll my best to give you the same good service that Homer has for the past ten years.

Drop in any time and we'll do all in our power to satisfy your needs."
