

### H. ROY BROWN HEARS FROM NIECE WHO HAS BEEN JAP PRISONER

Mrs. Donnie Taylor Hanson and her husband Ralph Hanson who have been prisoners of the Japanese Government writes two very interesting letters to their relatives in the States. Mrs. Hanson is a niece of Mr. H. Roy Brown and was rearred by H. Roy's mother.

Mr. Hanson was a Civil Engineer with a Mining Co. before the war and Mrs. Hanson was a teacher, having taught in Alaska and also in the Philippines.

Mrs. Hansons letter is dated on March 3, 1945.

Dear Ones: We are O. K. Do hope some of you heard my radio message. I was the first Las Banos internee on the air-hopping to rush you word of our escape and safety. We've been through "a portion of the war." But we have weathered it like veterans - but very thin. The last time I was on the scales I tipped them at 125-from then on I kept off. Rolf looks worse than I do, but you should see him eat!

Our stomachs are bottomless-so bear with us if we arrive at your houses starved. We have been living on 8 ounces of rice a day-greens from our own little garden roots and edible weeds since last September. No seasonings, no fats no sweets, so the Japs really thinned us down! Our rescue was timely for we are told we were to have been executed en masse. But if I should choose between slow starvation, I select the quicker, wouldn't you? Our troops came in to enemy territory just to get us. (at 7 o'clock February 23rd A. M.)

They arrived three ways and right to-gather. Parachute troops dropped from planes. Big tanks drove over camp walls and Filipino Guerrillas came down the mountains. The battle was brief, (The Japs were taken by surprise) 2000 people were cleared out of the camp in 2 hrs. time and I looked back to see the whole camp in flames. Our troops burned it so the Japs couldn't use it. We came across that big lake south of Manila in those big tanks. The Japs fired on us twice, no one was wounded in our tank. A few internees got slight wounds. One American soldier and 4 Filipinos were lost in battle-I'm sure it was one of the smallest losses of the war. Our soldiers were so wonderful, so patient, so understanding and kind. I've always been happy to be an American. But its thrilling to be proud with Americans. The men that rescued us were made up as an entire volunteer troop. Among them was our good friend from Masbate (a mining man) who has been in service since December 1941. A Lt. Col. attached to Army headquarters and even he with all his rank of importance felt he wanted to take part in our rescue. He and his family are Texans too. His wife and 3 boys are in El Paso now. Rolf wrote his first letter to you all, which will reach you through Dad one of these days. I wrote my first letter to Charles wife to tell her how much it meant to us to be rescued by some one we knew and held with such regard.

We do not know our future plans Our Company advises us to take home leave and rest a bit. We are in so much better health than our fellow internees. We will probably be among the last to be moved. On the other hand they may move the stronger ones first. We don't know. We will land somewhere on the West Coast and we should go to Rolph people as soon as possible to clear up with the Customs Official for the Household freight, we sent home in Nov. 1941. We got out ten boxes of our choice "Household Trimmings". We have been told these things have been delivered to Dad Hansons home. Very few of our fellow internees saved anything. Our first mail came from home March 10, 1943. The Japs managed pretty well in keeping us isolated. Much love. Don't worry about us.

Doine and Rolf

This is the letter from her husband. Dated February 24, 1945.

What a big day we had yesterday. At 7 A. M. parachute troops, were dropped just outside Los Banos camp, and at the same time Filipino guerrillas opened fire on our guard posts. Most of our garrison was caught at its morning calisthenics, none will ever tell the story. A fleet of amphibian tanks took us up the lake to with in the American lines, where we transferred to trucks and were

### Perkins Is A German POW

Mrs. Bud Perkins received a card from her husband Bud, Wednesday morning saying that he was well and said not to worry about him. The card was from a German prisoner-of-war camp and was dated January 25th. Bud was reported "Missing-in-action" on the 9th of January. All Silverton rejoices with the Perkins in their good news.

The City Election will be held Tuesday, April 3rd. Four councilmen will be elected at this time. So don't forget the date and do your part as a citizen of Silverton and go and vote.

brought to a prepared recuperation camp. We were completely ringed by Nips except by lake side and above, and the boys did a most perfect job of bringing us out, with only very few and minor casualties. What the next move is to be we do not know yet. Just got your letters of December 1944.

Donie joined me at Los Banos in December 1943 and we had an 8' x 12' cubicle to ourselves, with an 8'x30' yard, in which we built a little bamboo-and-morning glory "kitchen" for a charcoal cooking pot. Also about 20' extra space for a little garden, in front, and a 20' x20' field garden plot of our own. We did quite well raising extra greens, casava root, a little corn, beans, tomatoes, eggplant, okra & recently papayas. It was a lot of hard work, but did supplement our scanty diet greatly.

"Until last December I worked as "bamboo carpenter", roof repairs our roofs were palm leaf thatch on bamboo slats - auxiliary camp building, etc. At that time I switched over to camp garden-by special dispensation of the mognanimoux imperial forces. We were paid 100 grams of rice (about one-fourth pound) for a 5-hour day in the garden, while the other job paid nothing for two hours a day plus overtime after wind and rain squalls. Donie worked in the sewing single men who had no one to do such things.

We are both well, and all things considered in good shape, in fact we have come through far better than the great majority. Most of the camp had beri beri or other ills from malnutrition. Since last September we have been on literally starvation rations. Every month the supplementary ration was cut and the basic grain ration became more and more short weight. In January the guard started trading rice, sugar, coconut, dry bean for watches, jewelry and fountain pens. A good trader could get 20 pounds of rice or 100 pounds of raw sugar for a \$1000 watch. Even our commandant, a major of the line, was actively bartering in person for diamonds. Nice people! However it is all over now, praise be.

In addition to other activities, I took a year of Chinese, starting under George Greene, who is an outstanding authority on the most effective course for teaching working Chinese.

We got the next-of-kin parcels and three "comfort kits" through the Red Cross, one early in Santo Thomas from the British Red Cross, one later from the Canadian and in December of '43 from the American. Have received some few letters, but far from all obviously.

It is a great relief to hear all are well. Our company has been wonderful to us all through interment. All in all we have received more in the way of money than any of the other mining companies. Our camps till recently had canteens where we could get small quantities of sugar, eggs, coconut oil, garlic, coconuts, bananas, pineapples and avacados in season, rice and cassava flour, etc. at skyrocketing inflationary prices. Also for Christmas 1942 they got us in a good dinner of turkey and all the customary trimmings, and at the same time a neutral citizen connected with the company sent in ample barbecued pigs for the entire mining community. So far, we have not been told we are no longer with them or that there is no more company, so again-who knows?

**A** GAIN we see the miracle of Spring and the mystic story of Good Friday and Easter . . . . Again as the Nations travel from Gethsemane to Golgotha, we are inspired by the hope and assurance of a renewed and better World-a contrast and antithesis of the hopelessness and fear of the Japa-N-axis.

Easter is the eternal home of Progress, and as long as men live they will fight for Faith and Freedom Yes, there will always be an Easter.

## Baptist Easter Revival To Open Sunday

### WILLIAMS-MILLS

Miss Mildred Williams, daughter of Mr. R. L. Williams of Dallas became the bride of Orlee Mills, son of Mrs. Ola Mills Saturday evening at six o'clock, March 24, 1945. Rev. Loyd Reeves, read the single ring ceremony at the First Baptist Parsonage in Plainview.

The bride was lovely in a three piece pale blue suit with a pink chiffon blouse, and black patent accessories.

Mr. and Mrs. Mills are at home in their new home in west Silverton.

### Mr. and Mrs. Orlee Mills Honored With Reception

Mr. and Mrs. Orlee Mills were honored with a reception Saturday evening at the home of Mr. and Mrs. Carver Monroe.

A lovely three tiered wedding cake graced the dining table and was served with punch. Guests for the reception were Mr. and Mrs. Emery Mills, Mr. and Mrs. Wiley Bomar, Mrs. Leo Comer, Mr. and Mrs. Tom Bomar, Mr. and Mrs. Edwin Davis, Mr. and Mrs. Joe Mercer, Mr. and Mrs. Charles Simpson of Lockney, Mr. and Mrs. Earl Simpson, Mr. and Mrs. Charlie Holt, Mr. and Mrs. Gatewood Lusk Mr. and Mrs. Olin Pearce, Mr. and Mrs. Stanley Morrison, and Mrs. R. L. Williams all of Plainview.

### SILVERTON CO-OP ANNUAL MEETING TO BE HELD TUESDAY, MAY 1ST

The Annual Meeting of the stockholders of the Silverton Co-op will be held Tuesday, May 1st, according to J. W. McCracken, local manager.

Important business is to be considered at this meeting, and Mr. McCracken asks that all stockholders remember the date and attend. The meeting will be held in the company office.

Mrs. Clifford Allard spent a few days in Silverton the past week.

The Easter Revival of the First Baptist Church will open Sunday April 1st and continue for one week including Sunday April 8th. Morning services will be held at 10:30 and the evening services will start at 8:15.

Rev. C. J. Coffman, pastor of the North Side Baptist Church at Coleman, Texas, has been secured to do the preaching, assisted, of course, by the local pastor, W. L. Brian. Rev. Coffman held the revival here last year, and Silverton people were well pleased with his interesting sermons. He has an interesting program of sermon topics arranged for those who come to the revival during the coming week.

The song service will be in charge of local talent.

The First Baptist Church extends an invitation to all the churches in town to take part in this Easter Revival. "The revival is a short one-but it is hoped that every interested person will do their best to make it a successful one," said Rev. Brian, in issuing his invitation to attend the meeting.

Sunday school 10:30 A. M. Morning Worship 11:30. A short Easter program will be given next Sunday morning. A goal of 200 has been set for Sunday school attendance.

### CHURCH GROUNDS IN SILVERTON BEING IMPROVED

Every church yard in Silverton has a new cedar tree as a gift from Mrs. Watson Douglas. This in general has started a movement to improve the church grounds. The Church of Christ has made considerable improvement in their yard with the planting of a number of trees and shrubs. Also the Presbyterian ladies met at the church Monday afternoon and cleaned the grounds. The other churches all have planted at least two cedars and the appearance of the town is being improved.

Mrs. Avis Cowart spent the week end in Wichita Falls.

## Red Cross Quota Exceeded by Third

### SILVERTON SCHOOL HAS GROUNDS LANDSCAPED

The Silverton School has had their grounds landscaped and it adds much to the appearance of the school. Last week shrubs were planted and the ground made ready for the planting of grass. The Chinese elms have been pruned and all in all the school grounds are looking a hundred per cent better.

Each class in the school has donated either a tree or shrub for the grounds, they are in most parts trees and shrubs of the cedar family. The children have planted the trees and shrubs under the supervision of Supt. McCarty and Mrs. Ben O. King.

The school is to be congratulated in their worthy project.

### CHITTY-NEESE

Miss Naomi Chitty, daughter of Mr. and Mrs. Ollis Chitty and Pfc. Paul Neese, son of Mr. and Mrs. J. T. Neese were united in marriage Friday evening at five o'clock by the Presbyterian minister at the Manse in Floydada. The single ring ceremony was read. The couples only attendant was the brides mother.

The bride wore a blue street length dress with black accessories.

Mrs. Neese is a Senior in the Silverton High School and will complete the school term. Pfc. Neese is stationed at Bryan, Texas and will return there after his furlough.

### SIM REEVES BARN BURNS

Sim Reeves whose farm is on the Floyd-Briscoe county line had a great loss Tuesday afternoon when his barn was destroyed by fire.

The barn was a complete loss, also in the barn was his Farm-all M. tractor, a car used about the farm, a trailer, all of the farm tools and considerable grain. Mr. Reeves said the building was not covered by insurance. No trace of the origin of the fire was found.

### Silvertown School Have Easter Vacation

The Silverton School are having Friday off for their Easter vacation. Most of the High School students will attend a Track Meet at Flomot Friday.

Easter egg hunts were held Thursday afternoon for the children the lower grades.

### CITY HALL REMODELED

The City Hall was remodeled last week. The fire station was made into a room and the front of the building is now all office room with living quarters in the back. The fire truck is now housed in the tin building just south of Willson Lbr. Co.

Mr. and Mrs. Ware Fogerson and children and Mrs. Florence Fogerson spent Sunday with Mr. and Mrs. Orblee Baker near Happy.

Briscoe County went over the top in the recent Red Cross War Fund Drive by more than \$1,000, according to Clyde Wright, county chapter chairman. Monday of this week, \$4,100.00 had been deposited in the Red Cross fund at the bank. This showing is an exceptionally good one, and is the most money ever raised here in any Red Cross drive. The quota set for Briscoe County was \$3,000 and so, in percentage, the quota was exceeded by more than 36%.

In another part of this issue you will find the complete listing of individual donations-with the exception of Gasoline and a part of Antelope Flat has not been turned in.

Denton H. Smith was chairman of the War Fund Campaign and did an exceptionally good job in selecting the volunteer workers in the county and helping them to cover their territories. The volunteer solicitors, which are named in the Red Cross listing this week spent many hours of their time, and miles of driving to see all the people in their district. In listing these names, the editor has used only the man's name, whereas in most cases, it is suspected that the lady did a part or maybe most of the work. In individual listings too, only the family name has been used, although the donation is for the whole family.

With the Briscoe County News going to nearly every man who is in service from this community, the listing is meant to show these boys to just what extent we are backing their Red Cross organization. It should be remembered that donations to the Red Cross may be made at any time during the year, through Chairman Clyde Wright. It is never too late nor too early to give.

MEMBER PANHANDLE PRESS ASSOCIATION

ARCHIE CASTLEBERRY was Tuesday and stopped in at the News Office for a visit. That was it—a visit. After saying "Hello" I asked Archie, "What about an ad

this week"—just my way of breaking the ice when ill at ease when in the presence of a big shot—and did he hit the roof. "When a man comes in my office on a purely social call, I consider it unethical and very poor taste to mention business"—Thus did he open his big guns (you thought I was going to say mouth didn't you?) and their thunder could be heard for two or three feet. From there he went on to the fact that he was the one that should mention business and he did. He started slowly and after fifteen minutes he broke into the open stretch with what he thought was a ten foot lead with "Why don't you protect yourself, etc. etc. etc.?" In fact he gave me the old Amarillo one-two-three. And I must pride myself on the fact that it didn't work. I didn't buy a thing. In fact I didn't even make a play for his good will. And when the smoke cleared away, I was the proud possessor of an advertising contract from Mr. Castleberry. It is a rather small ad, and about half the time will be hidden behind the dot on a lower case "I" BUT it is a start, and before I have finished with him, it may be me sitting in those plush bottomed chairs up there in the Oliver-Eckle-Castleberry Building.

FOR THE EDIFICATION of those who do not know the above-

mentioned Castleberry, it might be well to review the situation. He is a former Silverton man and in 1936 when Yours Truly arrived, Castleberry had the same facial expression and personal appearance as the Old Odd Fellows Bldg. He was not what one would call a bashful man, nor a modest man. In other words he tooted his own horn. He tooted the darn thing so loud that he was heard by the Amarillo Chamber of Commerce, and he was persuaded that there were more people in Amarillo to listen to the tooting than in the old home town. And there you have it—for the people of Amarillo listened to his tooting and believed—the people of Silverton just listened. He is one of the leaders of Amarillo now, having acquired that reputation because he is always the first one out of the Oliver Eakle Building at the noon hour. He is well known up there; even calls Old Tack, "Gene" with all the abandon of old swimmin' hole pals. He is confident, and perhaps even suave. BUT, there is one thing about him that hasn't changed. When he opens that terrific mouth and lets out one of those eat-calls that passes for a laugh, you can see the old Silverton rust clear down to his gills.

ORLEE MILLS WAS in this morning and subscribed for the local Ladies Home Companion. Orlee will make the ideal family man and he starts his married life with the idea that he wants a contented wife—and there is nothing more contentifying than the Briscoe County News. It has nothing to do with it all, that Orlee has just purchased a batch of baby chicks, because it is now warm enough to let them run directly on the floor of the brooder. No Sir, I think that Mills bought the paper because he wants Mrs. Mills to have a completely happy, well-rounded married life. The Briscoe County News is necessary for all that.

**IS LIGHTNING ZIG-ZAG**

Old Jupiter's lightning was Z-shaped. Today's lightning fast cameras prove that it really flashes beautiful curves. Shows how weather bears watching, and now in Spring, so does the car that must last you! It's time to drain unfit Winter oil, and you'll get far more than an oil change by having your engine's insides OIL-PLATED.

Then after stopping, when acids want to gnaw any engine, they're curbed by OIL-PLATING—the foe of corrosive wear!

What a big lot of safety from wear! . . . to stretch engine life . . . to make oil and gasoline last you . . . to minimize carbon and sludge . . . to help power! Yet Conoco Nth oil costs little more. Fast as lightning, change for Spring. Continental Oil Co.

All you need is Conoco Nth motor oil to bond OIL-PLATING direct to working parts—really a built-on layer of lubricant. This special wear protection—a great research achievement—is surfaced to metal by Conoco Nth oil's strong "power of attraction." And Nth oil provides tough liquid film, too. OIL-PLATING and oil film are both fighting wear every mile.

**KATE SMITH asked to write this message on Saving Used Fats!**

"The help of every woman is needed in saving used fats for hundreds of battlefield and home-front essentials. But some of us don't know all the ways we can do it. Here are a few points I've found helpful."—Kate Smith

**MANY WOMEN SAY:** "But I never have fats left over." Certainly it's good economy to re-use your fats . . . but there's always some left over even after that . . . and that little is more important than you can imagine. Only one tablespoonful of used fat will help make 5 machine-gun bullets. So there just can't ever be too little to save! Come on, everybody, scrape your broiling pan, your roaster, skillet. Save meat trimmings and scraps of fat left on plates.

**OTHERS TELL ME:** "But my fats are often too dark to burn in." It doesn't make a mite of difference how dark or blackened . . . or what smelly things like onion or fish you've cooked in your fat. Every drop of it will help make parachutes, synthetic rubber, soaps for the fighting and war fronts. Don't feel ashamed to hand it in to your butcher. If you save every bit of fat you possibly can, you're doing a job to be proud of!

**THEN YOU HEAR:** "But what sort of container will I use?" Any kind of tin can will do. The next time you open a can of fruit or juice or soup or vegetables, save it. But please don't use glass . . . it almost always breaks and makes the fat difficult to salvage. When the can is full, take it to your butcher. For every pound, you'll get 2 red points. If you have any difficulty disposing of your fats, call your Home Demonstration or County Agent.

**DRS. CLOUGH & CLOUGH**  
EXCLUSIVE OPTOMETRISTS  
Clough Building 111 W. 7th Plainview, Texas

**Purina FEED and FARM SUPPLY Parade**  
**VALUE**

**START RIGHT**  
with **QUALITY CHIX**  
This year start with the best. Our Quality Chicks are from selected flocks, hatched right, full of vigor, high livability.

**START RIGHT with STARTENA**  
For fast growth and high livability, depend on Purina STARTENA, America's favorite chick starter. Only 2 lbs. per chick gets 'em off to a flying start. Fresh stock in.

**3-Way Action WATER TABLET**  
One Chek-R-Tab to quart of water acts as disinfectant, bowel astringent, fungicide. Easy, economical to use.  
Ask for Purina CHEK-R-TABS

**APPEZIZER**  
Steps up appetite of birds off feed. Gets 'em to eat more to better withstand disease. Feed **CHEK-R-TON**

**Feed LAY CHOW**  
It pays to balance your grain with Purina Lay Chow. Quality ingredients supply what your own scratch grains lack. See us. For FULL EGG BASKETS

**For LOTS of Low-Cost MILK COW CHOW plus Grain**  
Let us grind and mix your grain with a proven dairy concentrate. Small cash outlay—efficient grinding. Come in!

**Disinfectant**  
Approved for official disinfectant by US DA. Recommended for use in hog houses, dairy barns. Get **Cre-So-Fec**

"GRAB" IS THE WORD, used by Washington authorities in a recent statement, to describe the immediate future of civilian passenger transportation.

Trouble and tire shortages . . . motor and parts shortages . . . are forcing motorists off U. S. streets and highways every day. The nation is rapidly approaching the day when cars needed to keep our country's economy at an efficient operating level.

Enter all the way, because every mile you add extra hazards and added burdens already over-age car. So in your own interest, and in your own thrifty with your dwindling stock of car and tire miles.

For Your Car For Your Help prevent the threat of home-front transportation. The patriotic cooperation Phillips 66 Service making your car and tires last longer and go farther.

Phillips Tire-Saving Service includes checking air pressure . . . inspecting for nail holes, cuts, and bruises . . . examination of the tire carcass to warn you when recapping is necessary and still possible . . . crisscrossing with the spare every 3,000 miles.

Phillips Car-Saving Service includes inspection of battery, air filter, and anti-freeze protection . . . regular lubrication of every friction point specified by the maker of your car.

Our country needs the mileage remaining in your car and tires. You need to stretch the life of your personal essential transportation. So visit your Phillips 66 Service Man at least once a week and he will gladly share both responsibilities with you . . . at the Orange and Black 66 Shield . . . the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.
