

PVT. D. L. YOUNG, JR. son of Mr. and Mrs. D. L. Young, entered the service June 3, 1945. He is in the Infantry and is stationed at Camp Robinson, Arkansas. He is 19 years old. He is the third son of the Youngs to enter service. Henry is in Germany and Weldon is in France.

LT. John Wulfman of the Navy is visiting his parents Mr. and Mrs. D. F. Wulfman Lt. Wulfman has just returned from the Pacific.

PFC. THOMAS SPEER writes to his wife, Mrs. Ethel I. Speer that his division, the 29th, is expecting a furlough and he plans to be home soon.

HAYNES MCLENDON is home again after serving in the Army since February of 1942. He went overseas to the Pacific in July of that year and saw action in several major campaigns. He was discharged last week, after having spent several weeks in a hospital in the States getting rid of the effects of malaria.

CPL. J. W. FOUST of Alamogorda, New Mexico spent Thursday night in Silverton.

PFC. ARNOLD COOPER was here last week on furlough and to visit his father Dr. S. T. Cooper. Arnold's home base is at Sacramento, Calif.

PFC. JIMMY MCKAY writes from China: Dearest folks, This leaves me feeling fine. I received a letter from you and Alne today and I sure was proud to hear from you both. I was sorry to hear about Howard getting burned, but I guess he is okay by now. I hope so. I was surprised to hear of your thinking about driving the tractor. Alne, I just wonder if you did. I'll bet you won't like it near as good as you thought you would, but I'll bet you make them a good hand anyway. I got a letter from Marvin today, he seemed to like it fine there. He said Loyd was driving in the day time and he was driving at night.

I got the paper today for the first one. I read every bit of it. I sure do enjoy reading it.

Well, our transfers came through and I am in Headquarters Battalion. I am running the switch board from twelve until eight A. M. I guess it will be okay. I won't have to pull guard or any extra details. I don't know how they ever came about giving me this job because I am sure I didn't ever tell anyone I had any experience on a switch board, but I guess they found out some way.

Well, I close for now.

JACK HARRIS writes to his parents, Mr. and Mrs. G. S. Harris at Brice: Dear folks, I will drop you a few lines to let you know that I am still okay and hope you all are the same.

I got the two packages, the one with the tobacco in it and the cake. It was bad for the cake had been on the way too long and was ruined. I really don't need the tobacco now, but it might come in handy before long. It may be several days, but I hope I don't need it at all for I hate to roll them any more.

Well, we are going to Brussels as honorary guard for the president. I don't know how long we will be there, but don't think it will be long. The way things are now, we are to be in the states soon. How soon we will be there, don't know. I may be there before I get another chance to write. I am sorry I haven't written sooner, but I have been moving and pulling guard duty and haven't had much time to do anything. We have a very nice Red Cross club here with shows and all, but it can't stay long enough.

Farm Produce Brings Big Annual Revenue

DENTON SMITH RESIGNS AS COUNTY ACA SECRETARY

Denton Smith, for three and a half years secretary of the Triple A Office here, has resigned and will move to Amarillo shortly, where he will be employed by the Graham-Hoeme Plow Company.

In the time he has lived here, Smith has proven himself to be a capable worker, and a public-spirited citizen. In addition to his regular work he has taken an active part in all community work, and for two years has headed the United War Chest, and personally supervised its drives for funds.

A new secretary for the office has not been announced. Bill Messimer will be in charge temporarily.

MRS. F. M. ARNOLD ENTERTAINS WITH PICNIC DINNER

Mrs. F. M. Arnold entertained with a picnic dinner Sunday in honor of her cousin, Miss Nannie Adams, of Olney who is visiting here. Those present were Mr. and Mrs. Omar Washington and children of Springlake, Mr. and Mrs. Abe Martin and Mr. and Mrs. Van Martin of Flomot, Mrs. Ed Baggett and Edna Jo of Earth, Mr. and Mrs. Ralph May and children and Ben Baker of Plainview, Mrs. Claude Loudermilk, "Granny" Arnold and Glenda, Betty Burson, Jeanne Dudley Carl Tidwell, Mr. and Mrs. Jord Hollingsworth and children, Mr. and Mrs. Jim Baird and children, Mr. and Mrs. Buck Baird and Eudean, Mr. and Mrs. John D. Baird and Mike, Mr. and Mrs. W. C. Baird and Patsy.

Callers in the afternoon were Mr. and Mrs. John Arnold, Mr. and Mrs. L. E. Paige and children, Mr. and Mrs. R. N. McDaniel, Jr. and children, Mrs. Gerald Smith and Dale, Mrs. Ben Bingham and Bennie Ray, Mr. and Mrs. Gordie Washington and children and Mrs. Dove Washington of Flomot.

Music and readings were enjoyed in the afternoon after which ice cream and cake were served.

THREE MEN TO INDUCTION STATION

Three more Briscoe County men entered the Army Tuesday. They were:

Roy Lee McKinney
Wm. C. Harris
Vance Childress

Six men went to Oklahoma City Wednesday to take their physical examinations. Their names will be released later.

TIRE CERTIFICATES INVALID AUGUST 15

Motorists who hold certificates to purchase tires should be careful to check them to see if they are the "R-2" type, since all outstanding R-2 tire certificates become invalid for consumer use after August 15, the District OPA Rationing Division has announced.

For dealers, the invalidation date is August 31. Dealers may also during the month of September exchange R-2 certificates on hand September 1 at OPA District Office in Lubbock. "However, consumers may not exchange their R-2 certificates if they have not been used before August 16---they will become valid and useless," officials pointed out.

Purpose of the invalidation is to get out of circulation the easily-counterfeited old R-2 certificates, R-2A and R-2B certificates are not affected, since they are printed on government safety paper which cannot be easily counterfeited.

Well, if you don't hear from me for a while, then think nothing of it for I will probably be on my way home. I will let you know when I am in the states.

Well, I will close for now as I have a lot of sewing to do as well as pressing. One of the boys and I are in the business and not doing so bad. Will write as soon as I get a chance.

JOHNNY QUILLEN left Sunday for Corpus Christi after visiting his mother here.

ENSGN GENE ARNOLD left Thursday for Seattle, Washington after visiting his parents here for several weeks.

Farmers who are disgruntled at the weather as it affects the wheat and cotton crops in Briscoe County each year, might well turn more of their attention to the production of farm produce, according to figures showing the amounts paid Briscoe County farmers during the past year for milk, cream and eggs.

A report from Henry Teubel, of the Swisher Creamery, Inc., shows that in May, Briscoe County farmers received from that firm, \$12,000. Teubel estimated that the Briscoe County checks for milk and cream alone for the year will run \$150,000.

In answer to our request, Tom Chambers, of Wilson and Co., Inc., at Lubbock, said that in the two-month period of May and June, his company paid \$17,565.00 for produce from this area. That is at the rate of \$105,500.00 annually from that company.

Thus, two companies are paying well over a quarter of a million dollars for farm produce from the west part of the county each year. There are other buyers but figures are not available from them. Perhaps all sources combined are paying around \$300,000.00 for the products of the cows and hens that are working on Briscoe County farms.

That is more money than the 1945 wheat crop sold for. It is probably more money than the 1945 cotton crop will bring. It is a constant source of revenue over nearly the entire year. It takes more hours per day, but it takes less capital investment in land and machinery. In post-war plans farm produce will play a large part, and an increase in the number of dairy cows and poultry flocks will make for a more even farm income in Briscoe County.

RATIONING CALENDAR August 1 to September 1

SUGAR: Stamp No. 36 is good for 5 lbs sugar through August 31.

MEATS AND FATS: Book IV, red stamps Q2 through E1 are good for 10 points each. F1, G1, H1, J1, K1, become valid August 1. Q2 through U2 expire August 31.

PROCESSED FOODS: Book IV blue stamps Y2 through N1 are good for 10 points each. P1 through T1 become valid August 1. Y2 through C-1 expire August 31.

SHOES: Book III, stamps one, two, three and four with airplane pictures, each good for one pair shoes indefinitely. No. 4 was validated August 1.

GASOLINE: (Coupons must be endorsed on front) A coupons, 6 gallons each with No. 16 expiring Sept. 21. B-7, B-8, B-9, C-7, C-8 receipts have a value of 5 gal. each. R-2, R-3, and R-4, 5 gal. (Valid for bulk delivery only); T coupons designated "Third Quarter" good for five gal. through September 30; D, one and one-half gal., and E-2, E-3, and E-4, one gal. each.

TIRE INSPECTION: T book holders every six months or every 5,000 miles, whichever comes first. New Mileage Rationing Record required to obtain gasoline rations. Application for passenger car tire replacement must show condition of all tires in use.

RENT CONTROL AREAS: All rented accommodations must be registered. Landlords who have not registered rented living quarters with the Area Rent Office should do so at once.

FAT SALVAGE: Every pound of waste kitchen fat is worth two red points and four cents.

Mr. and Mrs. Ray C. Bomar and LaRue Gilkeyson spent last Wednesday in Lubbock with Eck Bomar.

Mr. and Mrs. T. M. McMinn and sons of Stratford spent Wednesday night with Mr. and Mrs. Ray C. Bomar.

J. R. Foust spent Wednesday and Thursday of last week in Silverton.

Mr. and Mrs. Lee Wilson of Santa Fe, New Mexico, visited Monday with Mr. and Mrs. P. D. Jasper. Wilson is now State representative from his district in New Mexico.

The time to take advantage of the future is today.

Members Gas Board Resign Positions

J. W. McCracken and Roy Teeter, members of the Gas Rationing Committee, this week turned in their resignations and asked to be released from the board. Teeter has served since the beginning of the gas rationing program, and McCracken has served for the past 18 months. Both men said that they feel that they have on the committee long enough, and that new members should take over.

M. K. Summers and Robert Hill were suggested to the Lubbock as the new board members, but have not been confirmed. Hill has said that he would decline to serve.

REED — KINDRICK

Miss Ayleen Reed and Willie (Slats) Kindrick, both of Ralls, were united in marriage on June 30th at 8:30 at the Baptist parsonage at Lorenzo, Rev. W. J. West performed the ceremony.

Several friends were witnesses of the ceremony.

Slats is the son of Mr. and Mrs. J. W. Kindrick of Silverton.

TYE — DAVIS

Francis Anell Tye, daughter of Mr. and Mrs. Rueben Douglas Tye, Sr., 1241 Hickory, was married to Ensign James Forest Davis, Silverton, July 11 at 8:30 p. m. in the home of Chaplain and Mrs. William Griffin Henderson in Dania, Fla.

The double ring ceremony was read by Chaplain Henderson. White gladioluses and bridal wreath decorated the improvised altar which was flanked with tall white tapers in twin candelabra. Organ arrangements included, "Because, I Love You Truly," and Wagner's wedding music from the opera, Lohengrin.

The bride wore a soft-sky blue dress fashioned with rounded neckline, cap sleeves, with insets of eyelet-embroidery. Her accessories were of white. She wore a corsage of gardenias and tuberoses. Mrs. James C. Diehl was the bride's only attendant. Her dress was aqua-blue with white accessories. Her corsage was of pink rosebuds.

Attending the bridegroom as best man was Ensign Richard B. Armstrong, who is stationed at Ft. Lauderdale, Fla.

Guests were Mrs. Louis Wolfe and Ensign James D. Diehl.

Mrs. Davis, a graduate of Paducah high school, attended West Texas State college, Canyon. She taught in the Miami public schools in 1943-44 and has been employed for the past year at Rex A. Smith Jewelry store.

Ensign Davis was graduated from Silverton High School and, also, attended West Texas State college. He entered training in the United States Naval Air Corps in August, 1943, and received his commission in May of this year at Pensacola, Fla.

Ensign and Mrs. Davis are living in Ft. Lauderdale.—Contributed

O'NEAL — MARTIN

Miss Mary O'Neal, daughter of Mr. and Mrs. Dearwood O'Neal of Rock Creek Community, and W. H. Martin, son of Mr. and Mrs. M. A. Martin of Rock Creek Community, were united in marriage at five o'clock Sunday evening at the Methodist parsonage at Mundy, Texas.

Several of the couples friends were present.

For the present, Mr. and Mrs. Martin will make their home in Mundy.

Eddie Cox spent a few days over the week end at Temple, Texas where he visited with Mrs. Elmer Stinson who underwent a major operation there. Her condition is as satisfactory as expected.

Mrs. J. E. Wheelock returned home Saturday evening after visiting several days with her son and family in Amarillo.

Mrs. Otha Denham and sons of Lubbock came in the last of the week to visit her relatives, Mr. and Mrs. Bud Perkins, Mr. and Mrs. Ott Perkins, and Mrs. G. O. Denham and family.

Mr. W. E. Meador of Gainville, Texas is visiting in the home of Mr. and Mrs. Charles Probasco of the Francis community. Mr. Meador is Mrs. Probasco's father.

SALARY RAISE AND THREE OTHER AMENDMENTS ON AUGUST BALLOTS

Ballots have been received by County Judge J. W. Lyon, Jr. for the special election on August 25, when voters will pass on four proposed constitutional amendments. Although a light vote is anticipated election supplies have been received for the 8 polling precincts in the county.

Amendment No. 1 would permit all persons in the service to vote without a poll tax for a period of 18 months after they leave the service.

The second amendment would place members of the Legislature on a full-time salary. Representatives and senators now are paid \$10 a day for the time the legislature is in session. If the amendment carries they will be paid \$10 a day, 365 days in the year, regardless of when or how long they are in session.

Amendment No. 3 proposes to increase the membership of the state Supreme Court from three to nine members.

The fourth amendment authorizes the legislature to raise old age assistance payments in Texas to \$20 a month. This would be matched by federal aid and would permit a maximum monthly payment of \$40 to needy persons over 65 years of age.

wording of the proposed amendment on the ballots is specific except in the case of raising the pay of members of the Legislature. In this case it merely reads, providing for continuous salary, and does not state the amount of the salary.

The official ballot reads as follows, with each proposal repeated as to "For" and "Against".

- FOR the amendment to Article VI of the Constitution of Texas, providing that any person in the Armed Forces of the United States, or the Armed Forces Reserve of the United States, or of any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this State authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote any such election, if same is held while the United States is at war or within a certain stated time thereafter.

- FOR the Constitutional Amendment providing for continuous salary per diem of all members of the Legislature during their tenure of office.

- FOR the amendment to the State Constitution providing for a Supreme Court of nine members.

- FOR the amendment to the Constitution giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any person may be in valid amount based on need, that the amount based on need, that the person from State funds shall not be more than Twenty Dollars (\$20) per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal Government; limiting the total amount which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance.

ARMY NEWS RELEASE

Sergeant Walter J. Thompson, Jr., has been presented a good conduct medal. It was announced today by his commanding officer, Captain Harold O. Chapman. Sergeant Thompson is a member of 985th Engineer Maintenance Company at Camp Polk, La.

He is the son of Mr. and Mrs. Walter J. Thompson, Sr. of Silverton, Texas.

Conrad Alexander, Emery Mills, and W. E. Schott were in Western Oklahoma and Kansas Sunday on business.

Jerry Lynn was the name given to the little soldier born to Pfc. and Mrs. Raymond Heim on July 17. Raymond is now stationed at Kearns, Utah. Mrs. Heim and sons are making their home with her parents, Mr. and Mrs. J. H. Barnes of Grimes, Okla.

Fire Causes \$2,000 Damage Friday

HELP ELIMINATE FARM ACCIDENTS

In 1943 accidents killed 17,200 farm people and injured 1,500,000 more. Of the injured, approximately 15,000 were crippled for life. The monetary loss from accidents totals approximately one billion dollars.

The Board of Supervisors of Briscoe County Wind Erosion District request that each farm or member of his family help eliminate these accidents by observing the Farm Hazard Check List during this week.

FARM HAZARD CHECK LIST

Are You Protecting Your Family and Property Against Fires? Do You--Regularly inspect and clean chimneys and stovepipes? Avoid using kerosene and gasoline in starting fires? Insulate wood and other inflammable materials from the heat of stove and stovepipes? Store gasoline and other inflammable or explosive materials at safe distances from major farm buildings? Properly clean and adjust kerosene and other burners? Do you keep electrical extension cords and appliances in good repair? Have handy means available for putting out fires?

Are You Protecting Your Family Against Preventive Falls? Do You--Use only safe ladders, securely fastened? Provide adequate handrails for steps, porches, stairways? Keep steps, porches, and stairways in good repair and clear of rubbish and all tripping hazards? Keep wells, cisterns, pits, etc., securely covered?

Are You Protecting Your Family Against Preventable Injuries From Animals? Do You--Keep bulls, boars, and rams securely penned? Use care in handling animals with newborn young? Keep vicious dogs tied up and away from children? Speak to animals before entering stalls?

Are You Protecting Your Family Against Preventable Injuries by Machinery, Tools, Equipment of all kinds? Do you--Keep all hazardous belts, gears, etc., well guarded? Permit only experienced operators on machinery? Stop equipment before adjusting, refueling, etc.? Keep children away from dangerous equipment? Safely use and store sharp-edged tools? Keep yard clear of broken tools, machinery, etc.?

Are You Encouraging Accident Prevention in Your Home? Do you--Urge members of your family to work safely, play safely, drive safely, and otherwise prevent accident by correcting conditions that might cause accidents? Do You--Have first-aid materials on hand for treatment of minor injuries? Are members of the family familiar with the proper use of first-aid materials.

"SMART FARMER," SAYS CAPPERS FARMER MAGAZINE

D. T. Northcutt, who lives near Silverton in Briscoe County is featured in a story in the August issue of Capper's Farmer entitled "Self-Wearer Crop" which describes his smart livestock management methods.

"A calf-weaner crop has been used each fall for about 15 years at the Northcutt ranch," the story in the nationally circulated farm magazine points out. "Last year Northcutt produced 200 beef calves. To hold the milk fat at weaning time, he put out 40 acres of sumac cane. He separates cows and calves while the stalks still are green and sappy. The young heaves eat both grain and forage and keep on gaining.

"By the time the best feed is consumed, fall wheat may be ready for grazing. When winter wheat prospects are poor in spring because of insufficient moisture and the wheat crop may be utilized for pasture. Small grain in the county is valued more as a pinch-hit feed for cattle than as a dependable cash crop."

Given under my hand and seal of office this the 1st Day of August, A. D. 1945.

J. E. Arnold
Clerk County Court,
Briscoe County, Texas
(First Published Aug. 2, 1945-31)

Fire swept through the upper story of the Cowart Building early Friday morning causing a damage estimated at \$2,000 to the building and to the contents of the Hill Grocery on the ground floor. The fire was discovered at seven o'clock by Bob Hill when he came down to open the store.

The fire started in the Masonic Hall above the Hill Grocery. A meeting had been held Thursday night and it is thought that a smoldering cigarette may have started the fire. Most of the damage was in the upper story, and the Masonic furniture was practically a total loss. Damage to the Hill Grocery was mostly from water, and only in one place did the fire break through the ceiling of the store.

The Volunteer Fire Department acted swiftly in extinguishing the fire, although they were handicapped by heavy smoke, and were forced to work through the windows to prevent a draft sweeping the fire to the tarred roof. Had the blaze reached through to the tar, it is possible that the entire block would have been fired.

The Grocery Store has continued in business, not quite as usual, but they have been able to keep staple goods before the public. Mr. Hill is very grateful to folks for their consideration and help during and since the fire. "Had it not been for the Fire Boys," he said, "We'd have lost the whole block."

Already workmen are at work rebuilding the interior of the upper story, and a few days will see it as good as new. Both the building, owned by Mrs. Avis Cowart, and the grocery stock and fixtures, owned by Robert Hill, were covered by insurance. Insurance adjusters were here from Amarillo Saturday.

STARTS NEW CLUB YEAR SEPTEMBER 6TH

Copy is in the printing office for the yearbook for the March of Time Study Club for their new club year of 1945 and 1946 which opens with a meeting September 6 with Mrs. True Burson as hostess.

The club has chosen as their subject of study for the coming year, "Timely Topics", and such topics as "International Relations", "Famous Women", "Pacific Islands" will make up the year's study. Every other program will be taken from Newsweek, one of the best current topic magazines.

The club book itself, will be an attractive one, printed on white book paper, and bound in a blue leatherette cover.

Officers of the club are: President, Mrs. D. T. Northcutt; Vice President, Mrs. Alvie Mayfield; Second Vice President, Anna Lee Anderson; Recording Secretary, Mrs. Troy Burson; Corresponding Secretary, Mrs. Otis Tidwell; Treasurer, Mrs. W. E. Schott, Jr.; Reporter, Mrs. C. S. Mast; Parliamentarian, Mrs. True Burson.

The club has twenty members.

THE STATE OF TEXAS

TO THE SHERIFF OR ANY CONSTABLE OF BRISCOE COUNTY GREETING

To all persons interested in the Guardianship Estate of Mrs. J. R. Ross, now deceased; you are hereby notified that E. W. Tibbets, as Guardian of the person and Estate of the late Mrs. J. R. Ross, has filed his final report in said estate numbered 386 on the Probate Court Docket of Briscoe County, Texas, and is asking to be discharged as such Guardian. Notice is hereby given that a hearing on said application will be heard at the Courthouse in Silverton, Briscoe County, Texas on August 27th, 1945 at 10 o'clock A. M. and all persons interested in said estate and report may appear and contest said report and application if they so desire.

Given under my hand and seal of office this the 1st Day of August, A. D. 1945.

MEMBER PANHANDLE PRESS ASSOCIATION

THE FARMER HAS seen plenty of weather trouble lately. Dry and hot is no name for it. It affects everybody in one way or another. The dry weather is seeping into this column too. I am barely able to write it this week--especially as I have messed around and lost a notebook again with Yours True?ly notes in it. Losing those notes is like slashing my wrists. I can feel my life blood oozing out for I really had some potent stuff in there and right now I can't think of a darned bit of it.

DEE McWILLIAMS is one of those soldiers that will make "good adjustment" after the war. He has a few days left here before he reports back to the hospital at Longview and he is spending the time working on a post-war idea that might well make him the idol of all traveling America. He said that he had been watching the tires on the cars and seeing how much trouble those rubber tires were giving right now and he has finally hit on a plan to end flat tires. He plans to design a tire made of concrete, and make the highways out of rubber. . . . Now Dee saw a lot of tough fighting in the ETO but that doesn't count for such ideas as that. He had a lot of them before the war that were just as bad. One of those wrong ideas was working once when he was working at Whiteside's. He made out some OPA reports of some kind and only a few months ago, T. R. was asked to explain them. After twelve days and nights Whiteside gave up and wrote that "The fellow that gave those figures is in Germany. I can't figure out what they mean either." Another time in there he got things backwards and when Saturday night came he just paid old T. R. off and said he wouldn't need him any more. Whiteside went home and told his wife that he'd lost his job and that they would probably have to sell their home. I think she went and talked it over with Dee, and finally the thing straightened out so that T. R. could go to work Monday. Maybe you don't know just how Dee got in the Army. He had rode a deferment around here for months on the grounds that he was an es-

sential man. He was selling girdles to take the waves out of the WACS. Some bright boy in Washington finally tipped him up on that by writing that WACS did not have any waves. McWilliams couldn't produce any WAVY WACS so into the army he went. He admits now that there are no WAVY WACS but insists that he did see a few WACKY WAVES while he was gone.

THE GALS DOWN at the Triple A are feebly trying their new found freedom today after three years and a half in the slave mill operated down there by Denton Smith. Saw Gay McWilliams clear up in the north block this morning. She still had that hunted look in her eyes but was enjoying the sensation of being out of her realm very much. Saw Lillian Brooks in the cafe. She would stretch her arms, and breath deeply and say, "So this is what we have been fighting for". Some guy that Smith.

COMES A POSTAL card from D. O. Bomar. "Dear Roy: Sold pick-up. Your ads are the best." Those words are music to my ears. And John Montague told me Saturday. "Had a man out to look at my place before breakfast Friday morning." If you have something you want to get rid of besides your bad debts, advertise it.

THERE'S AN ELECTION on proposed Constitutional Amendments coming up August 25. One is to increase the salary of the Legislators to \$10 per day, 365 days in the year, instead of while they are working. The ballot is a little misleading on this as it merely states "FOR (or against) the Amendment to provide a per diem salary for members of the Legislature." It does not say that the per diem wage is \$10, whether a guy is in Austin sowing his wild oats or home plowing his corn. The idea is I think, that there will be a better grade of legislatures if they are paid more money. We need a better grade of lawmakers all right, if the last session is a fair sample of their efficiency. Whether we need a salary of \$3,650 per year attached to approximately 120 days of work, I wouldn't say.

SILVERTON SHOULD HAVE an airport. It isn't needed at the present time perhaps, but more and more inquiries are coming in as to our facilities for planes landing here. Other towns around have already secured their sites and will improve them as the demand increases. In the years to come there will be many civilians owning and flying planes here. Business at the county seat will bring many by plane from other parts of the state, that used to travel by car. It would not take much money now to buy or lease a suitable site for a landing strip. Improvements and paving of the field would be made gradually and at a scarcely noticeable cost. The securing of a site now will mean many dollars to the community in the years to come.

Stop the production of paper and you end the progress of the world. Human relation dwindles from a mighty flood to a trickling stream. Knowledge fades from the memory of man and is lost--forever.

You cannot further the brotherhood of man by inciting class hatred.

Draft Dodgers Are Arrested

Two young men from Briscoe County who claimed to be opposed to fighting because of their belief in the Jehovah Witness doctrines, were arraigned before the U. S. commissioner today and placed in jail for failure to report for induction when ordered.

Both 18 years old, the men were arrested by FBI agents yesterday at Quitaque. They were placed in custody of the U. S. marshal and are being held in lieu of \$500 bond.

Troy Lee Hobbs is charged with refusal to report for induction May 21 as ordered by the Quitaque Selective Service Board.

Charles Edward Mansell ignored similar orders from the draft board at Silverton.

"I'm a Jehovah Witness," Mansell declared this morning, "and we don't believe in killing or fighting." He added that he would not serve in the armed forces even if assigned to non-combat jobs such as stretcher-carrier or hospital-aid. "I don't believe in having anything to do with fighting," Mansell said.

When asked why he failed to report for induction, Hobbs replied, "When the law of the land is contrary to the law of the Bible, I cannot follow it."--Amarillo News

The Texas Gulf Coast has fourteen deepwater ports, Houston, Galveston, Texas City, Beaumont, Port Arthur, Port Neches, Sabine Pass, Orange, Freeport, Corpus Christi, Port Arkansas, Ingleside, Brownsville and Port Isabel.

You cannot keep out of trouble by spending more than your income.

SLIPPING ONE BY THE VOTER

It is interesting to note that wording on the ballot to put members of the Legislature on a full-time salary basis makes no reference to amount of pay the members would receive. It may be a coincidence; on the other hand, it may be deliberate. In either event voters are entitled to know the facts of the proposition they will pass on when they go to the polls in the special election on August 18.

The ballot merely reads for and

against "providing for continuous salary per diem of all members of the Legislature during their tenure of office."

It does not explain that tenure of office is two years; and nothing is said about the pay being \$10 per day, for the full two-year period, nor is there any explanation that the regular term during the two year period is fixed at 120 days.

Facts are that members of the Legislature now are paid for the time they are in session. They are paid \$10 a day, plus travel allowance to and from Austin. Unless there is a special session called by the governor, which is the exception to the rule the members are in session four months, or 120 days out of the two year term.

Under the constitutional amendment coming up on August 18, members of the Legislature would be paid \$10 a day, every day in the year including Sundays, for the two-year term. The time they spend at Austin would have no bearing on their pay.

Whether you are for or against such a plan, it is well to bear the above facts in mind when you go to the polls, for none of this pertinent information will be found on the ballot.--Memphis Democrat

FOR YOUR

Presto COOKER

PRESTO is the only pressure saucepan with the patented HOME-C Seal.

Presto Cooking

SAVES up to 75% cooking time . . . SAVES precious vitamins and minerals . . . SAVES natural food flavors and colors . . . SAVES money by saving fuel.

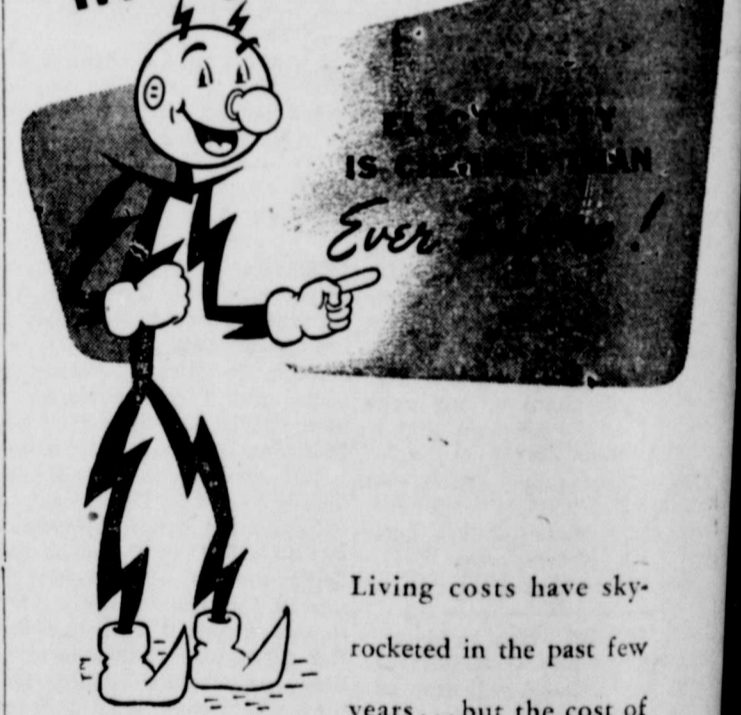

4 QT. SIZE
\$12.50
(Western Zone \$12.95)

Because PRESTO COOKERS are so remarkable, and because, up until recently, their manufacture was totally restricted for four years, the nation-wide demand for these wonder-working pressure saucepans is tremendous . . . The production facilities of the manufacturer of these cooking utensils are great, but the needs of the Government for certain essential war materials must still be supplied. As a result, such quantities of PRESTO COOKERS as we are receiving now are, and will be, far too few to supply the demand, for some time to come . . . In fairness to all, requests for PRESTO COOKERS will be filled in the order in which they are received. *A Suggestion:* If you have not already done so, register your name for a PRESTO COOKER now, with us, to get one with as little delay as possible.

The Bridge Club met Wednesday afternoon at the country home of Mrs. Fred Mercer.

Mr. and Mrs. James H. Tilson of Denver spent last week with Mr. and Mrs. Charles Durning.

RELATIVES ENTITLED TO SOLDIER COMPENSATION

To those who have lost a husband or son in the service this information may be of value.

Shortly after notice of death of a soldier has been received by the family they will receive two forms to be filled out. One for six months gratuity pay which is six months pay at the rate the soldier was drawing at the time of death and is a gift of the Government. The other is for his arrears in pay, that is, what he had due him on the books and had not drawn. This office will assist in preparing these forms.

In addition to the above the Veterans Administration will pay a pension to the widow, children and dependent parents of men who were killed in action, died of wounds or died as a result of a disability incurred in line of duty while in the service. The rates of payment are as follows:

Widow, no children	\$50.00
Widow, one child	65.00
Each additional child	13.00
No widow but one child	25.00
No widow but two children	38.00
Each additional child	10.00
Dependent mother or father	45.00
Mother and father, each	25.00

Widows and other dependents of World War II Veterans drawing less than the above should contact this office as the smaller payments made under two previous laws no longer apply. Pension may be paid to parents without taking anything away from the widow or children.

Public Law 419, Sept. 9, 1944 provides effective date for pension shall be the day following the date of death as fixed by the Military if claim is filed within one year from that date.

Paul Miller
County Service Officer

Thanks

Thanks friends, for your help during and since the fire last Friday. We know that it was pretty inconvenient for a few days walking over the cinders to buy your groceries, and it gives us a great deal of pleasure, that, due to your loyalty, we were not closed for a minute.

We especially want to thank all the members of the Fire Department. They are very efficient, and their work Friday morning saved the town many thousands of dollars.

We are all set up again to serve you right. Repairing has started upstairs and when it is finished over all, our store will be more attractive than before.

Come to see us.

RIGHT on the Corner,
RIGHT on the Job,
RIGHT on the Price,
RIGHT on the Quality,

2 SUGGESTIONS FOR HOME CANNING...

For PROCESSING.

The Patent ROPER "Staggered" Cooking Top

For STERILIZING.

The Big ROPER "3-in-1" Baking Oven

Canning is easier with a ROPER GAS RANGE

The modern Roper gas range makes canning easier in more ways than one. Its big, roomy "Staggered" top accommodates four large utensils without crowding. No need of reaching over or around.

"Simmer-Speed" top burners assure tailored heat ideally suited for every canning task. The big "3-in-1" oven offers plenty of space and controlled heat for sterilizing jars quickly and easily.

JOHN _____ ETHEL _____

I SAW GERMANY
5th installment by Eugene Worley

The United States has had inflation since the war began. Prices have fluctuated rather wildly in many instances but on the whole the government price control system, which admittedly has numerous defects, has still worked much better in this country than in most places I had an opportunity to visit and observe.

The most glaring example of inflation at its worst exists in Greece. I priced a pair of sandals seen in a shop window. No one in this country would have looked at them a second time because the sole was made from an old rough discarded tire casing with two straps of artificial leather. This pair of so-called sandals cost at the then rate of exchange \$50. I priced a pair of fairly good men's shoes which were handsome because the Nazis left the Greeks with very little machinery of any kind. The storekeeper quoted a price of \$150. I journeyed through the public market in Athens and saw the natives bargaining and buying what they could under the terrific price schedule which prevailed. One native had a hen--which obviously was a sick hen, for which he asked \$20. He halfheartedly apologized for this high price by pointing out that the hen was about to lay an egg, and eggs were very valuable in their own right.

Prices were very high in all countries I visited except Germany. Prices were sagging there. All stores in the smaller German towns still left standing had been ordered closed by the American military government. I saw very little trading or commerce of any

kind going on in Germany.

The British seemed to have controlled their inflationary tendencies fairly well and one way this was done was by increasing the tax rates which were extremely high.

In France prices were also very high. During the German occupation the Nazis kept the French money presses rolling day and night with the result that there was three times more currency in circulation under the Nazi regime than France ever had in her most prosperous years. Food and clothes and practically everything else is very scarce in France. Under those conditions black markets are flourishing. The Army has set up a number of post exchanges for members of the American forces where they can buy such things as perfumes, handbags, jewelry, and other things which they want either for themselves or to send back home to the members of their families. It might be of interest to point out that many French women have volunteered to assist a number of our organizations in helping the boys wrap their packages for shipment back home.

While the French rate of exchange is obviously not equitable to the Americans over there, additional steps have been taken to correct these inequities to some degree. Another example is illustrated when Army took over the Grand Hotel in Paris which is one of the biggest hotels in Europe. This place is thrown open to all members of the Allied forces where they can buy a good meal for ten francs, which is twenty cents, get a nice room where roy-

(Continued from Col. 2)

ally used to sleep for 40 cents a day. And they can play pingpong, dance, or even get a dish of good old American ice cream— with chocolate. This is one of the most popular places in all of Europe and the boys seem to thoroughly enjoy all the privileges offered. In addition there are numerous USO and Red Cross establishments scattered in or around Paris. One thing the boys would like to do is to go up on the Eiffel Tower. However, when I was there the Army was using the top of this tremendous structure as a radio station. The Champs-Elysees is always crowded with American soldiers. The Arc de Triomphe, Cathedral of Notre ame, War Building, Latin Quarter, Sorbonne, Versailles and many other points of interest were very popular with our boys also. They all seemed to be thoroughly enjoying the conducted tours.

GAS

Rationing of gas cooking and gas heating stoves ended July 31, the District Office of Price Administration has announced. Combination ranges, except oil-gas combinations, were also removed from rationing on that date.

Oil cooking, oil heating, combination oil-gas stoves and oil conversion burners for stoves will remain rationed.

OPA explained that a substantial increase in production of gas heating and cooking stoves is scheduled for this quarter. Authorized production appears great enough to remove the necessity of rationing gas stoves. The supply of fuel oil and kerosene is so short, that unrestricted sale of oil burning stoves cannot be permitted. They will remain under the same rationing restrictions as formerly.

CURLEE CLOTHES

From "RIGHT DRESS", to

Dress Right

We were interested to note two points in a recent nationwide survey among service men. The first was that when they change from Khaki back to civilian clothes, BRAND NAMES will guide their buying. And the second was that the name of CURLEE was among those at the top when they expressed their brand preferences.

We believe this is a direct result of Curlee's consistent effort during more than a quarter century to give American men EXACTLY the kind of clothes they prefer. Smart styling, expert workmanship, quality materials—these spell clothing satisfaction for every man who buys a CURLEE Suit. Our stock of Men's Suits is in good shape. Come in today for a fitting.
