used here.)

TIME XXXIX, NUMBER 35

PUBLISHED EVERY THURSDAY AT SILVERTON, BRISCOE COUNTY TEXAS

THURSDAY, SEPTEMBER 5, 1946

More Rain visits City of Silverton During week

ing in the form of an
ical storm last Sunday after-
and night, rains visited
on and Briscoe county,
g a recording of 1.17 of an
of moisture which was ob-
served by Raymond C. Bomar,
of the local Weather
station.

results of the electrical
which seemed rather
to residents of the city,
no material damage, local-
than leaving the people
dark for some two hours
the electricity went off.

According to Mr. Bomar, Silver-
ton got more rain than most
parts of the county. East
near the caprock, only
was reported. A like re-
was received from near the
sk, North of town. South of
some few miles, some
reported practically no
are at all. West, good rains
reported—the smallest a-
being about an inch. Some
received three inches, this
reported from about fifteen
West of town on to Tulsa.

Day's rain, where it fell,
of great benefit to the
rops which have struggled
on the 3.50 inches of
are received during the
of August. Silverton's
and grass which are al-
about to "take the town",
were already strong and
as, due to rains in the past,
probably take on new growth
and within a few days you
be able to see a cow a
yards away. Mr. Bomar

Short Enlistments Not to be Accepted By Marines Soon

Captain Richard L. Pierce, of-
ficer in charge of the U. S. Marine
Corps recruiting service in the
state of Oklahoma and Panhandle
of Texas, announced today that
two year enlistments in the Ma-
rine Corps will be discontinued
after September 30, 1946 and en-
listments for duty with aviation
units will also be discontinued
after that date. After September
30, 1946 enlistments will be ac-
cepted for three and four year
periods in general service only.

Captain Pierce urges all men
who desire to enlist for a short
period and still be able to come
under the advantages of the G. I.
Bill of Rights to enlist as soon as
possible. All men that enlist on
or before October 5, 1946 will be
able to take advantage of the
G. I. Bill of Rights after being
honorably discharged. At present
men can enlist for two, three or
four years general duty or three
or four years for duty with avia-
tion units, and all applicants
must be between the ages of 17
and 30 inclusive.

Recruiting offices are located
in the post offices of the following
Oklahoma cities: Oklahoma City,
Tulsa, Muskogee, Enid, Ardmore,
Altus and the Chamber of Com-
merce Building in Wewoka and
the post office in Amarillo, Texas.

Provisions Made For Another Service to Vets

The Veterans administration
has signed a contract with the
Texas State Pharmaceutical asso-
ciation to provide "home town"
prescription service to veterans
with service-connected disabili-
ties, the VA announced today.

Under the contract, authorized
druggists will submit their bills
to the state association which in
turn will be reimbursed by the
Veterans administration. Dr. Oza
J. La Barge, Chief, Medical Of-
ficer, West Texas VA regional
office, Lubbock Texas said.

Dr. La Barge said the VA has
furnished, by the state associa-
tion, with a list of local phar-
macists authorized to fill prescrip-
tions for veterans. Designated
physicians are, in turn, being
sent a list of the authorized
pharmacists. The service is avail-
able only to veterans with serv-
ice-connected disabilities, he em-
phasized.

The program is designed to re-
duce the reported delays which
arose when all prescriptions from
fee-basis physicians had to be
mailed to the nearest VA office
and then sent to the veterans by
mail, Dr. La Barge said.

Under the new project, eligible
veterans simply take the prescrip-
tion to their neighborhood drug
store and the Veterans adminis-
tration pays the bill.

Mrs. Paul Stanford of Lubbock
spent the weekend with her
parents, Mr. and Mrs. Durward
Davis. Her husband came for her
Sunday.

Schools to Start Monday With New Supt., Coach and many Teachers

The old padlock will be taken
off the school house door on
Monday, September 9th, when
the 1946-47 school term starts
next week, according to an-
nouncement made here this week
by Superintendent Wm. F. Talley.

Mr. Talley, who takes the place
left vacant on the resignation of
F. M. McCarty, who moved to
Happy, served as principal of the
Tulia high school for some time
before accepting the superintend-
ency of the local schools.

When asked to make a state-
ment for the paper, Mr. Talley
said:

"As superintendent of the Sil-
verton public schools, I will as-
sure the patrons of the school
that every effort will be put forth
to make this a successful year for
the students and the community
as a whole.

Opening exercises will be con-
ducted in the auditorium at 9:00
a.m. Monday and all patrons are
cordially invited to attend. Buses
will make regular routes Monday
arriving at the school at 9:00 o'-
clock."

The roster of teachers is com-
plete reports indicate and besides
the new superintendent, four new
teachers have been added to the
staff. They are: Miss Johnson, a
graduate of West Texas State and
Boulder, who will teach music;
L. R. Bailey, graduate of ACC,
who has been teaching the past
two years in Hale Center, will be
the new coach; Mrs. Willie Amel
Smithee, a recent graduate of
Texas Tech., will be the new
teacher of the sixth grade. The
complete list of teachers follows:

Wm. F. Talley, Superintendent.
Mrs. Ben O. King, principal and
English teacher in high school.
L. R. Bailey, Coach.
Mrs. Willie Amel Smithee, sixth
grade and high school Math.
Miss Johnson, music.
Mrs. Leeta Alexander, Science.
Mrs. Dorothy Martin, Com-
mercial work, Industrial edu-
cation of Math.
Mrs. Winnie Redin, Eighth grade
and Grade school principal.
Mrs. Anna Tidwell, seventh
grade.
Mrs. Maybelle Littlejohn,
fourth grade.
Mrs. Edith London, third grade.
Mrs. Anna Lee Anderson,
second grade and elementary
principal.
Mrs. Jessie Bomar, first grade.
Mrs. Alton Steele, first grade.
Mrs. Avis Cowart, librarian.
Mrs. Bertha Mae Allard, lunch
room supervisor.
John Fisher, School tax asses-
sor-collector.

According to Mr. Bailey, coach
of the local school, the first foot-
ball game of the year will be
played soon against Claude high-
the game to be played on Claude's
field.

Former Editor Buys Print Shop in Colorado

Mr. and Mrs. Roy Hahn,
formerly of the Briscoe County
News, have purchased a large
stationery store and print shop
in Loveland, Colorado. The Hahns
have spent the summer in Port-
land, Oregon. They will assume
management of the new business
September 15.

More Contributions Received by Local Cemetery Association

According to announcement
made here this week by George
Seaney, president of the local
Cemetery Association, \$36.00 has
been received lately for the up-
keep and care of the local cem-
etry.

The following is a list of those
who contributed and the amount:

Mr. and Mrs. W. A. Rowell	\$5.00
Mrs. Mary Bragg	1.00
Mr. and Mrs. H. A. Hodges	5.00
Mr. and Mrs. Clyde Lightsey	10.00
Mr. and Mrs. G. C. Witcher	5.00
Joe M. Whittle	5.00
Mrs. Rowie	5.00

Membership is open to anyone
who desires membership in the
organization and the cost is \$1.00;
however, donations are accepted
in any amount, Mr. Seaney said.

Men Build Bridge; Are Going to Make River Next

Bend, Ore. — When workmen
finish building a bridge they are
working on, they're going to put a
river under it. The Deschutes river
channel is being shifted to avoid
soil erosion.

Lowell Elrod was a business
visitor in Lubbock Friday.

World Traveler to Speak At Baptist Church

Joseph H. Cohen, representa-
tive of the Hebrew Evangeliza-
tion Society, will speak Sunday
at the local Baptist church, ac-
cording to announcement received
by the News this week.

An eye-witness of Nazi atroci-
ties, having but recently returned
from Palestine and Russia, Dr.
Cohen has made five trips to
Europe in the last fifteen years.
His last trip the most momentous
as Europe was aflame with war.
He was in Paris the night France
fell, in Germany on Victory Day
over France, in Russia during
the conflict and in Palestine but
recently.

At the 11:00 a.m. service, Sun-
day, Dr. Cohen will speak on the
subject, "The Bible, the Jew, and
Christ", and everyone is extended
a cordial invitation to attend.

Infantile Paralysis Chapter Has Meet Here Monday Night

The Briscoe County Infantile
Paralysis chapter met in a regular
meeting in the Red Cross room
of the courthouse Monday night
at 8:00 p.m. where officers were
elected for the coming year and
the fight against Polio in Briscoe
county was the chief topic of dis-
cussion.

The meeting started with the
chapter treasurer's report which
revealed that, to the present,
\$1,982.62 is in the chapter fund.
Following the treasurer's report,
Mrs. Theron Crass read the
minutes of the last meeting of the
group.

Officers elected for the coming
year were: Mrs. O. T. Bundy,
county chairman; C. E. Badgett,
vice-president; Mrs. Theron
Crass, Secretary; Leon Middleton,
Treasurer; and Jake Honea was
elected county campaign chair-
man.

Silverton folks attending the
meeting were: Dr. and Mrs. O. T.
Bundy, Mr. and Mrs. Theron
Crass, "Doc" Wulfman, Jake
Honea, David A. Boyd and Joseph
B. Powell. Coming from Quita-
que were: Leon Middleton, C. E.
Badgett, M. L. Roberson, Jake
Merrell and A. L. Boyett.

The next meeting of the
chapter will be held next June,
according to the chairman, Mrs.
O. T. Bundy.

Farmer Figures Out Quick Way To Finish Work

Bill Nordt, Washington county
farmer who works with a tractor
and two-row equipment, plows
two rows and skips two rows the
first time over a cotton field. On
the second trip, he hooks up his
four-row cotton duster in connec-
tion with his cultivator and dusts
insects on four rows of cotton
while plowing the alternate rows
he skipped on the previous plow-
ing.

By this method he saves the
time and work involved in one
extra trip over the entire field.
Joe C. Froese, Washington
county agricultural agent, says
that this is one of many shortcuts
worked out by farmers in that
county during the critical labor
shortage.

Mr. and Mrs. W. W. Yancy of
Lubbock spent the weekend with
their daughter, Mrs. Albert
Rowland, and family. They also
visited another daughter, Mrs.
Oscar McGavack, and family.

Department of Ha! Ho, Hum!!

ing to Ponder
Little girl was getting her
impulse of the animals a t
o. Finally at one cage she
to ask:
"That's that, Mommy?"
angaroo, a native of Aus-
explained the mother.
"mm!" continued the girl,
ally, "didn't you tell me
uncle Herman married a
of Australia?"

House
Huntley — Hoopington
into her kitchen quite e-
tedly and found her cook
the local "cop".
"What what I pay you for?"
Mrs. H. H.
"Ma'am," replied the cook,
this for nothing."

"Pappy" of Four Sets of Twins Has 13 Children

Pitcairn, Pa.—Arthur Griser, 38,
recently became the father of a
fourth set of twins, this time twin
boys, the first of identical sex in
the family's multiple sets of chil-
dren. There are five other chil-
dren, born singly, in the family,
making a total of thirteen, the
oldest of whom is Agnes, 12.

Joe Mercer Resigns as President of local Fire Dept.

Mrs. W. W. McGavock returned
Friday from Weatherford, Okla-
homa, where she has been visiting
relatives. While there, she at-
tended a family reunion.

Lady Uses All
Her Time to
Good Advantage
Inman, Kan.—Mrs. O. P.
Strous, farm wife, makes every
minute count. After driving a
truckload of wheat to the elevator,
she peeled potatoes while waiting
in line for her load to be dumped.
Then, back home, she worked in
her kitchen until the truck was
reloaded. In all, Mrs. Strous
hauled 15 loads of wheat while
preparing one meal.

Miss Anna Lee Anderson re-
turned to her home last week
after a six-week's visit in San
Antonio, Corpus Christi and
Dallas.

Joe Mercer, who has served
the local Volunteer Fire depart-
ment for the past 15 months, re-
signed his position as president
Tuesday night at the regular
monthly meeting of the Depart-
ment. The vacancy, created by
Mr. Mercer, was filled by Ware
Fogerson.

During the business meeting,
besides the customary formalities,
five new members were added to
the list of local firemen. They
were: Frank Hunt, Joe Hood,
Kelton Newman, Dave Boyd and
Joe Powell.

Following the business meet-
ing a discussion, in regard to the
addition of space to the fire sta-
tion and the building of a swim-
ming pool took place. No definite
plans for any project were made
at this time.

New Regulations Affect Certification Of Jeeps for Vets

Fort Worth (Special)—Acting
upon instructions received from
Washington this week, Hamilton
Morton, regional director of War
Assets administration announced
that effective immediately no
more veterans will be certified
for certain surplus property items
on the veterans' "set aside" list.

"Outstanding veteran certifi-
cates already issued nationally
exceeds the present or anticipated
supply of the items for which
certification has been halted,"
Morton stated.

Standard commercial types of
trucks, including jeeps, and
tractors and cranes are the items
affected. These goods will remain
on the "set aside" list, and only
veterans may buy any which are
or may become surplus.

Mr. and Mrs. Leo Comer spent
Labor Day with her parents, Mr.
and Mrs. Wylie Bomar.

Good Fish Bait To Be Very Worms Proven

Lewiston, Mont.—Attention ex-
pert fly-fishermen: Clifford Fore-
man, 14, recently landed a 28-
inch rainbow trout, weighing 6
pounds 8 ounces, on his line baited
with—a plain old barnyard earth-
worm.

Deficits and Inflation

Cussing the OPA has been a national pastime. Even though it has been modified, it receives very few kind words. All of this is natural in a country that dislikes dictation of any kind. The only hitch is the inconsistency in the reasoning of many of OPA's violent critics. They forget that the thing that made the OPA in the first place was uncontrolled government deficits. Deficits year after year have cheapened our money. OPA was hired to soften the inevitable blow. Its original purpose was to prevent economic disruption of the war effort. After the war it indulged in every cheap, punitive trick imaginable to hide the effects of increased cost of production and rising prices. Nevertheless, it could no more stem the tide than it could freeze the rising sun each morning—because the public debt continues to increase to this day.

Many of the people who belabor the OPA most viciously are the very ones who applaud when the Federal government builds a hundred-million-dollar electric power dam or indulges in some other useless project which puts a few more names on the public payroll. Members of Congress actually brag, while the country staggers under unprecedented debt, of the public money that they have secured for their districts. They brag of their part in undermining the solvency of the Federal government, and are re-elected by the OPA haters for their achievements!

As long as the public debt continues to rise there will be terrific pressure for Federal dictatorial control over the free market. The longer the people submit to such control, the harder it will be to preserve liberty and the American type of representative government. Finally if the deficits continue, this country will have what has come to be known as European inflation, in spite of the fact that we think we are too big and too smart to permit such foolishness.

Fire Is a Menace

If the news was flashed all over the nation that one of our principal cities was destroyed by fire, with a loss of 10,000 lives, everyone would be running for an extra edition of his newspaper to read of the disaster. And yet such death and destruction happens every year in an amount of property and the number of lives lost by fire, and most persons think nothing of it—in fact, they help create the holocaust by their carelessness.

This tremendous loss the nation suffers annually could be cut to a minimum if the public would eliminate the fire hazards which are entirely within their control.

Human beings must have fire for heat and power but it is not necessary to be careless with this two-edged sword which destroys or creates. Fire is a hazard at best and it is advisable to treat it with respect.

There is no substitute for a Church wedding

In the United States today there are over 250,000 Churches where young people may be wed. In these churches any young couple—whether rich or in modest circumstances—will find a servant of God, ready to unite them in the Holy Bonds of Matrimony.

Last year, almost 3 million couples were

married in the United States. Most of them took their vows in churches. It is pleasant to report that many of them joined the Church of their choice or renewed their allegiance. The Church is a good place for marriage, a good place to enlarge your spiritual life and meet life-long friends.

"The American Church and Sunday School are the greatest centers of good in all the world"

The First Baptist Church The Methodist Church

WASHINGTON NEWSLETTER

By EUGENE WORLEY

Our first contact with China was along the southeast coast which is a very mountainous section. The over-all population of China is about four hundred and fifty million and in order to feed that many people, proper cultivation of the soil is the difference between life and death. It is my understanding that the Orientals were the first to develop terracing several thousand years ago, and no matter how high the mountains were, it seemed that every inch of space clear to the top was growing crops of one kind or another, with thousands of terraces, one after another presenting a very neat pattern. I was unable to secure information as to the average rainfall in that part of the country but I understood that the terraces prevented disastrous erosion even on the steepest mountains.

Leaving the mountainous regions, we flew over one of the broadest valleys in the world, practically all of which was irrigated by the yellow silt-laden streams, that are the lifeblood of Chinese agriculture. Literally hundreds and thousands of tiny villages dotted the landscape and each village was built along either a river or an irrigation canal. There were no farms or farm houses as we know them in Texas. The villages were built as protection against marauding bands. Telephones or radios are practically non-existent and how the average Chinese ever knows what is going on either in his own country or elsewhere in the world is a profound mystery—assuming he does know. Through this part of China we saw no highways at all, the people's means of transport being by foot or by water. We were told that millions of Chinese never got more than ten miles away from their birthplace. Famines often overtake certain parts of China when other sections of the country have an abundance of food. The reason for such a condition is the woeful inadequacy of transportation facilities. There are but few railroads and most of these seem to be in northern China.

The average Chinese is very industrious and generally raise enough for themselves and their large families. While they are very devout in their form of ancestor worship and treat the dead with great reverence, life is still

held cheap by them; in fact life itself is one of the cheapest commodities in China.

For example, one of our fliers told me that during the war he was flying a group of Chinese soldiers to the front. One man pretended he was going to push another one out of the plane—which drew a laugh from the others. Indeed this prank got such a big laugh that the man was encouraged really to push the other one out of the plane which he actually did. On another occasion a plane similarly loaded with Chinese soldiers ran into extremely rough weather which made most of them uncomfortably sick. The Chinese suspected the pilots had purposely made the trip rough and upon landing wanted to shoot them. They would have done so had not a higher ranking Chinese officer who was passing quite by accident learned what the trouble was; whereupon he immediately lined up three of the still angry Chinese who had been aboard the plane and had them shot dead. These incidents point up the fact that life does come cheap over there.

Shanghai itself is quite a city. The buildings downtown and in the international settlement are about as modern as any we have in America, but the outlying sections look congested and bedraggled. The streets are clogged with rickshaws and carts carrying heavy loads and being pushed or pulled by Chinese coolies in tattered, nondescript clothing. How they avoid killing at least a thousand a day in traffic accidents is a mystery, but we understood their traffic deathrate was very small. Along the murky and yellow Yangtze River are Chinese junks or wooden boats packed tight one against the other. To thousands of Chinese these boats are home, where they are born and live and die. The deathrate from nearly every conceivable kind of disease is very high.

G. I. Ingenuity Makes College Life Pay Off

Two GIs at the University of Texas have struck pay dirt while resuming their war-interrupted collegiate lives. Undaunted by the problems tossed in their faces as they doffed khaki, they felt that their experience points the way for other GIs faced with postwar problems.

Principal credit, however, should really go to pretty, 19-year-old Chinese-born Morgia Howard, a Zeta Tau Alpha, and a junior at the university. Miss Howard's father, an army career man, is colonel in the Quartermaster corps.

Morgia, it seems, had for some time been playing with the idea of providing night snacks to the students, a food pickup during evening studies. Studious Texans, she decided, were pretty hungry by the time they reached trig or chemistry, and they needed this energy-builder to hold them until next morning's breakfast.

As a result, she contacted two ex-GIs, themselves playing with a similar idea and joined forces. "Night Snack" was born a firm specializing in the preparation and delivery of toothsome sandwiches and milk. Since there are several thousand ex-GIs on the Texas campus, it was a minor problem to get "food messengers", and today a dozen of them ply regular routes through the campus, into fraternity and sorority houses, and dormitories, carrying baskets of ham, cheese and egg salad sandwiches, and pints of milk with sanitary paper cups.

Morgia's partners, Joe Tallal of Dallas, and Herbert Lee of Philadelphia, Pa., are overwhelmed by the financial success of the venture. About a thousand sandwiches are sold nightly and about the same number of pints of milk. That totals a pretty profit for the three of them.

In Tallal's case, it came as a lifesaver, for Joe, a senior at the university, is 23, married and expects to be a father any day. He was a second lieutenant in the air corps during the war; entered civilian life with much foreboding about the future. He is majoring

Bouncing Baby—Pictured here is Roger Feagan, 14 months, who fell out a third story window in Detroit. After falling out of the window the child was rushed to the hospital where it was found to be unharmed. His father is a re-enlisted war veteran. Roger has been walking since he was 9 months old which may explain his ability to fall out of third story windows.

in geophysics. Lee, a sophomore, is 23, and was also a second lieutenant in the air corps. His aim at the university is physical education.

The three partners work out of the kitchen of a one-room apartment occupied by Tallal and his wife. Morgia skips from her classes to the kitchen, supervising the preparation of sandwiches, and, more often than not, taking a hand in slicing and buttering them.

As a result of the National School Lunch Act, more children over the nation should soon be getting better lunches.

401 West 6th Street

If the nation's fire losses continue to mount at present rate, an all-time high in fire destruction will be set. Farm fire losses are keeping pace with the general increase.

About half the world's population was undernourished even before the war.

Present U. S. department of agriculture estimate on the national wheat crop is 1,132 million bushels, with a 101 million bushel carry-over from last year.

Mrs. Carl Stone, of Corsicana, and son, Billy Joe, recently from overseas, visited M. P. Stone last Friday and Saturday. Also visiting were Evie Morrison and little daughter.

A ball one-sixteenth of an inch in diameter has probably reached the greatest speed achieved by mechanical device. Enclosed in high vacuum, it turns at 21,000 revolutions per minute. If the speed were changed to straight line motion, the ball would circle the world in 40 minutes.

DO YOU LIKE Good Food?

That is a stupid question for anyone to ask, but, on the other hand, in days like these, sometimes it is rather hard to find good food.

We don't claim to have everything that you are looking for in the line of good food because we can't get everything under present conditions—but we do have a very good supply of

A tattered remnant of the American flag that flew at Corregidor was hidden away by two men during the Japanese occupation and flies today on the Pentagon Building in Washington.

TIME FROM THE STARS—Time from the stars will be supplied a major air transport line by Elgin National Watch Company. Observation of the heavens to establish exact time, as illustrated here by Astronomer Robert Miller and Betty Smith, is made every clear night.

The company, largest of the three American fine watch manufacturers, currently is seeking an additional 1,000 employees to resume full-stride peacetime production. Prospects are, the production goal will be reached "sometime in 1947," officials say. They add that their industry faces an unusual situation in that no backlog of civilian orders is waiting. While American watch companies were "all out" in the manufacture of precision instruments for our military forces, an unlimited supply of Swiss watch movements was permitted to enter the United States. So reconversion means, to the watchmakers, not only resuming production but winning back customers.

NOTICE — Silverton Masonic Lodge No. 754 will have its regular meeting Tuesday, Sept. 10, 8:00 p. m. All masters urged to attend.

Stewart Funeral Benefit Association
A Local Mutual Aid Association,
Licensed by the State
Department of Insurance.

As most of you who read this probably already know, we recently announced a new service for our friends and patrons—the Stewart Benefit Association Policy, a cash policy which is a fuller and more complete burial insurance than we were able to offer by our Stewart Burial Association policy.

This enables you to add to your burial policy whereby you can buy a nice funeral, and your regular insurance will not be taken from your family to pay funeral expenses.

With your Burial Policy you can now have:
Ages 1 to 60 \$650.00
Ages 61 to 65 \$450.00
Ages 66 to 70 \$350.00

HOUSEKEEPING HINTS
When canning, take care that no seeds, food or grease is lodged between the lid and sealing surface of the jar because, warns the Westinghouse Home Economics Institute, even such seemingly little "interference" will prevent a perfect seal.

Not only can stale bread be "revived" to taste almost as delicious as freshly-baked bread, but if you like it oven-hot as well, home economists suggest this: Put bread in a paper bag—sprinkling the bread lightly with warm water if very stale—and close the bag tightly; place in a 350 degree oven for from ten to fifteen minutes.

A fondness for fruit pies, coupled with the necessity for stretching sugar, led Mrs. Julia Kiene, director of the Westinghouse home economics institute, to find that sugar in berry and apple pies can be cut at least 1-2 cup, and sometimes 1-3 cup; without noticeable difference in the sweetness. The recipe isn't otherwise adjusted.

While slip covers are still damp, home economists iron just the flounces and then work the damp slip cover over the chair. This not only eliminates ironing the back and seat but produces a better fit, too.

To remove onion odor and stains from the hands, home economists rub with the rind of a lemon.

Because cheese becomes tough and stringy if too much heat is used, it is recommended that it be melted over low heat, and added to hot dishes before removing them from the heat. It's less apt to curdle than when combined with flour in a white sauce.

Chocolate and cocoa stains are "treated" the same, and included in a Westinghouse laundering manual are the following directions: For white cottons or linens ONLY—dip fabric up and down in hot water; wash in hot suds; bleach any remaining stain with hydrogen peroxide; rinse well. For any washable colored fabric—wash in lukewarm suds, and use carbon tetrachloride to remove any grease spots caused by cream. With either type of fabric, remove stains before laundering.

The Weather Bureau in New York City answers an average of 40,000 telephone inquiries per day. The all-time high was September 14, 1944, with 143,942 calls. It was the day of a hurricane.

More than \$3,000,000 worth of automobiles are owned by the State government—and the expense of operating this tremendous fleet of cars is just about equal to the entire cost of running the State government when Pat M. Neff was governor.

An editor sent out the following reminder to delinquent subscribers:

"There is a little matter that some of our subscribers have seemingly forgotten. Some of them have made us many promises but have not kept them. To us it is a very important matter—it's necessary in our business. We are very modest and do not like to speak about such remissness."

One of the most impressive sights in Texas: the ancient oaks, hung with moss, in Columbus. Some of these huge trees are said to be 600 years old; they were casting a shade and furnishing a haven for birds a century and a half before Columbus set sail. One stands in awe before such antiquity as he realizes the fleetness of human life.

A few definitions by a cynic:

A co-ordinator is a man who brings organized chaos out of regimented confusion.

A conference is a group of men who individually can do nothing but as a group can meet and decide that nothing can be done.

A professor is a man who tells students how to solve the problems of life which he himself has tried to avoid by becoming a professor.

A statistician is a man who draws a mathematically precise line from an unwarranted assumption to a foregone conclusion.

An efficiency expert is a man who knows less about your business than you do and gets paid more for telling you how to run it than you could possibly make out of it even if you ran it right, instead of the way he told you to.

FAT SALVAGE PERSONAL
Housewives who live in rural areas have an opportunity to turn in much greater quantities of used fat than urban women. Used fat from farms is not saved in kitchens alone; it comes from butchering and fallen animals, too.

Farm participation in the fat salvage drive is very personal—nearly every rural home in the nation has "made it do" or "done without" during the war years.

Household and other items and farm equipment will be available sooner if farm wives conscientiously save and turn in every drop of used fat. Laundry soaps, packaged soaps, clothing, equipment and many other products require inedible fats and oils to make.

Miss Evelyn Coffee Is Bride of J. W. Brannon, Jr.

Miss Evelyn Coffee, daughter of Mr. and Mrs. W. Coffee, Jr., and J. W. Brannon, Jr., son of Mr. and Mrs. J. W. Brannon, were married in an impressive ceremony in the home of the bride's parents, Tuesday, August 27.

Oran Coble, pastor of the First Christian church of Elk City, Oklahoma, cousin of the bride, read the double ring ceremony before an arch of fern flanked with candelabra and vases of pink and white gladioli.

Proceeding the ceremony, Miss Betty Coffee, cousin of the bride, played pre-nuptial selections, and during the ceremony an arrangement of "Always" was softly played.

The bride was attended by Mrs. Roy Mack Walker as matron of honor, Roy Mack Walker served as best man.

The bride wore a dark blue crepe dress and carried a Bible topped with a white gadenia tied with long white streamers.

Following the ceremony, a reception was given in the home of the bride's parents. Guests were members of both families and intimate friends.

Mrs. Rodney Glascock, cousin of the bride, presided at the punch bowl. Lighted tapers formed a background for the three-tiered cake which centered the lace covered table. Mrs. Roy Morris of Hennessu, Oklahoma, a cousin of the bride, presided at the guest book.

Mrs. Brannon is a graduate of Silvertown high school. She attended West Texas State college at Canyon and Hardin Simmons University at Abilene. She has been employed in the bookkeeping department of the Coffee Hardware.

The groom was graduated from Silvertown high school and attended West Texas State college at Canyon. The past two years he has been athletic coach in the Silvertown high school.

The couple left immediately after the reception for a short wedding trip. Upon their return, the couple will be at home in Meadow, Texas, where Mr. Brannon will be coach and Mrs. Brannon will teach.

Those attending the wedding were Mrs. Edgar Coble of Amarillo; Mrs. Jack Coffee of Amarillo; Chaplain and Mrs. Rodney Glascock of Pasco, Washington;

Presbyterian Ladies Held Meet in Bob Dickerson Home.

Ten members of the Presbyterian Auxiliary met in the home of Mrs. Bob Dickerson Monday afternoon. Mrs. Gordon Alexander, president of the auxiliary, presided at the business session and gave the message of the year's work.

Mrs. Clyde Wright, chairman of the year book committee, presented to the members very attractive yearbooks. The work of the year with special objectives was discussed by all.

Mrs. Bob Dickerson led the devotional.

A pleasant social hour and refreshments were enjoyed by Mesdames Dean Allard, Gordon Alexander, Perry Thomas, Sr., Sid Richards, Roy McMurtry, J. C. Jacobs, Kemp Thompson, Clyde Wright, O. T. Bundy and the hostess.

Girl Scouts To Enjoy Picnic and Movie Friday

The local troop of the Girl Scouts held its regular meeting Tuesday and plans have been made to go to Quitaque roadside park where the group will enjoy a picnic, followed by the attending of a movie in that city Friday afternoon and night.

The group will leave from the courthouse at 6:00 p.m. Friday and all members are urged to be present and bring a guest, it was reported by the troop reporter.

Mr. and Mrs. Donley Darwell of Vigo Park; Mr. and Mrs. Roy Morris of Hennessu Oklahoma; Mr. and Mrs. E. Oran Coble of Elk City, Oklahoma; Mr. and Mrs. Roy Begeman of Amarillo; Miss Betty Coffee of Amarillo; Mr. and Mrs. J. W. Brannon, Mrs. Richard Hill, Dr. and Mrs. O. T. Bundy, and Mr. and Mrs. Roy Coffee and daughter all of Silvertown.

Mr. and Mrs. G. R. Dowdy spent Sunday with their son, Ross Wayne, in Amarillo.

McMurtry-Devin vows Solemnized Sunday In McMurtry Home

A wedding uniting two families of long residence in Swisher and Briscoe counties was solemnized Sunday, September first, at Vigo Park, Texas. Miss Betty McMurtry, daughter of Mr. and Mrs. F. D. McMurtry, and Mr. Delbert Devin, son of Mr. and Mrs. T. L. Devin of near Tulla, were married in a candle light ceremony at six o'clock at the country home of the bride's parents.

Vari-colored dahlias, presented from the garden of a neighbor, Mrs. Earl Malone, were beautifully arranged, their rich tones harmonizing with the pale green walls and gold drapes of the spacious living room. At one end of the room, an altar was arranged with a background of smilax and white asters on an arched trellis flanked by candelabra holding tall white tapers.

Proceeding the ceremony, Mrs. Charles Welker, of Vigo Park, played "Liebestraum", by Franz Liszt, while Miss Marion McClain of Amarillo, college roommate of the bride, lighted the candles. Miss Loy Catherine Barnett of Silvertown, a sorority sister, sang "Because" by D'Hardelot, and "O Perfect Love" by Bloomfield.

To the strains of "Bridal Chorus" from "Lohengrin", little Misses Catherine McMurtry, Margaret Ann McNitt, Tommie Lou Allen and Gracine Devin entered, carrying white satin streamers to form an aisle. Their floor length dresses were in alternating colors of orchid and yellow net and they carried bouquets of orchid and yellow asters, the bride's chosen colors.

Miss Betty Renner of Lamesa, also a sorority sister, as bridesmaid, wore an aqua colored formal and carried a bouquet of orchid and yellow asters.

The bride, wearing her mother's wedding gown of ivory crepe de chine, entered on the arm of her father, who gave her in marriage. The slim floor-length skirt of the gown carried an overskirt outlined with bands of heavy lace. The bodice was accented by a yoke of embroidered net with a flared Elizabethan collar replacing the high fitted one of the olden day. Dolman sleeves were altered to the cap type, with which new long lace mitts were worn. The finger tip length veil of illusion was held in place with a Juliette cap of seed pearls and white carnations. The veil belonged to a sister-in-law, Mrs. Hoyle McMurtry, thus carrying out the tradition of something old, something new, and something borrowed. The bridal bouquet was of white gladioli with satin streamers.

The bride was met at the altar by the bridegroom and the officiating minister, Dr. Robert E. Dickenson of Alamogordo, New Mexico, uncle of the groom. Albert Devin served his twin brother as best man. "Indian Love Call" by Friml, was used as background music for the vows and the double ring ceremony.

After the ceremony, a reception was held for the guests. The linen covered table was centered with an arrangement of white dahlias and candles. The three-tiered wedding cake was frosted white with roses and garlands and topped by a miniature bride and groom. After the cake was cut by the bride and groom it was served by Miss Nell Rose La Roe of Tulla. Mrs. Donald Davis of Tulla served the frosted punch. Dining room hostesses were Mrs. Lloyd Miller of Tulla and Mrs. Bob McNitt of Vigo Park.

The bride's going away costume was of teal wool with brown accessories. After a short trip, the

Mrs. Ruth Watley was a business visitor in Quitaque and Turkey Friday.

Mrs. C. C. Clement of Seymour, aunt of Mrs. Ola Mills, stopped by for a brief visit Thursday of last week enroute to Socoro, N. M., to visit her daughter.

Mrs. Lee Bomar and Donald Alexander returned Wednesday after spending several days with their mother, who is in a Wichita Falls hospital where she underwent surgery.

Local harvest festivals are being planned throughout the nation now to encourage an increase in home food production and preservation.

Mr. and Mrs. Charles Lindsey and daughters of San Angelo were recent visitors in the home of Rev. and Mrs. G. A. Elrod.

couple will be at home in Lubbock where Mrs. Devin is a junior Home Economics education major in Texas Tech and president of the Junior Council and Mr. Devin has an assistant professorship in Animal Husbandry. Both Mr. and Mrs. Devin graduated from Tulla high school and Mr. Devin received his Bachelor's degree from Texas Tech. The twin brothers spent many months in service overseas.

For the wedding, the bride's mother wore a street length dress of black crepe with a flame colored gladioli corsage. Mrs. Devin, mother of the groom, wore a black tailored combination with rose gladioli corsage.

A rehearsal dinner was given the wedding party Saturday evening at the home of Mr. and Mrs. Bob McNitt of Vigo Park. Early fall flowers centered the attractively set tables. Places of the feminine guests were marked by orchid colored aster corsages and yellow napkins were stamped "Betty and Delbert". Appropriate piano selections were played between the courses and later the group joined in singing "Always", "Some Sunday Morning", "Symphony", and other popular love songs. Assistant hostesses were Mrs. Lloyd Miller, and Mrs. McNitt's aunt, Miss Goodwine of Houston.

Jasper Family has Big Family Reunion at Friona

Mr. and Mrs. P. D. Jasper of Silvertown have returned home this week after attending a family reunion at the home of Tom

Jasper in Friona, Texas. Mr. Jasper reports that the group had music, took pictures, had a "hand-out" dinner with plenty to eat and a good time was witnessed by all.

The reunion was the 21st regular get-together of the Jasper family and the following is the list of those present and enjoying the affair:

Mr. and Mrs. Tom Jasper and three sons, Friona; Mr. and Mrs. Walter Jasper and grandson, Hedley; Mr. and Mrs. Jack Jasper and four sons, Friona; Charles Preston and grandchildren of Friona; Betty Hodges and grandchildren, Mrs. B. T. Harris and son, and Mrs. Corene Barclay and baby, all of Silvertown; Mr. and Mrs. Jack D. Harris, Lakeview;

Mr. and Mrs. Will Jasper and grandchildren, Portales, New Mexico; Mr. and Mrs. Howard

Jasper and two children, Portales; Mr. and Mrs. John Jasper and children, Claude, Texas; Mattie Burrows and daughter, Texhoma; Mr. and Mrs. Jasper and married daughter, five children of Lubbock; Kattie Washington and children; Mr. and Mrs. Lawrence Washington and daughter, all of Friona; Mr. and Mrs. Put Jasper, daughter, Silvertown; Mr. and Mrs. Y. Calloway and daughter, and Mrs. Aubrey Rowell and children, and Mr. and Mrs. C. Jasper all of Silvertown;

Miss Annie Ross, Tulla; Fannie Thompson, Memphis; Katie Spear and son, Crane, Tulla, also, daughter and Milt Jasper, Silvertown.

The seventy-four members of the Jasper family, who are mentioned above, are the immediate Jasper family. Besides the listed above, fifty-four other who were either relatives or friends attended the reunion.

One hundred-twenty-eight persons attended the celebration.

Farmall TWO-WAY PLOWS

ELIMINATE WASTEFUL DEAD FURROWS

Two-way plows are available for all models of Farmall Tractors. This shows the two-way plow with the Farmall H.

It's good farming practice to use a two-way Farmall Plow in fields that are hilly and rolling. Two-way plowing (turning alternate right and left-hand furrows from the same side of the field) eliminates dead furrows which promote soil washing and also helps to assure a more uniform crop stand throughout the field.

You will like the sturdy, compact construction of these economical Farmall Plows, the way they handle, and the quality of work they do. Here are some of their features which we think are mighty good:

- Full-length beams hitched low for steady running.
- Individual parallel-link suspension for each bottom.
- Power-lift control for easy raising and lowering of bottoms.
- Cushion spring for plow protection.
- Long landsides for steady plowing.
- A wide variety of bottoms and equipment for every plowing need.

Come in and see us the next time you are in town. We will gladly tell you more about these sturdy, quick-attachable plows available for all Farmall Tractors.

The love songs of some grasshoppers are at so high a pitch that human ears cannot catch them. Frequencies of 40,000 vibrations per second have been recorded, while the hearing ability of the human ear stops at about 20,000 vibrations per second.

The high energy type of batteries that sparked off Bazooka shells during the war are now available in flashlight size. They have twice the life of pre-war flashlight batteries.

Algiric acid, a whitish powder derived from the leaves of seaweed, is said to control the bleeding that results from dental surgery.

Among famous religious relics looted from the Hapsburg treasure chambers in World War II were three links of iron chains with which the Apostles Peter, Paul, and John were believed to have been fettered, and the Sacred Lance long thought to be the original one thrust into the crucified body of the Saviour.

EX-SERGEANT OPENS "BUDDY EXCHANGE"—Ex-Sergeant Norton Roth, 24-year-old war veteran, discharged four months ago, and now a Broadway restaurant owner, has hit upon an idea which is guaranteed to make many an ex-buddy happy. He has started a "Veterans Exchange," avowed purpose of which is reuniting war-time buddies who became separated after leaving the services. He carefully files all requests for information and location of buddies, taking and indexing names, outfits, and all other information which might help. He has located several hundred boys this way, and the mail to his "Exchange," which is only two months old, is getting heavier each day. Here he and his secretary, Helen Perkus, go over one of the files in search of somebody's buddy.

Someone has suggested that the great spiritual problem of our day is not the conflict between the Church and the world; nor is it to determine how the Church can best serve in the world, but rather what to do about the world which has gotten into the Church. How did worldliness get into the Church? The members brought it there after they had gone out and warmed themselves at the world's fire, and fellowshiped with the world in ungodly living. The denials made by Peter seem almost unbelievable in the life of one who had been in immediate fellowship with the Lord and who had seen his glory. We have here a revelation of the fact that "the heart is deceitful above all things, and desperately wicked; who can know it?" (Jer. 17:9).

PREVENT WASTE

"Even though rationing is ended, there still remains the need for preventing waste of any fats, and for salvaging all used fats which are needed for the manufacture of soap and for other industries," says Secretary of Agriculture Clinton P. Anderson.

"For that reason the Department of Agriculture is vitally interested in seeing that American housewives continue to save used kitchen fats and that meat dealers continue to collect all used fats turned in to them," Secretary Anderson concludes.

One pound of used cooking fat is enough to make one large box of packaged laundry soap, five bars of toilet soap, or six bars of laundry soap. Save every drop.

The oldest church bells in America are at Trinity Church in New York. Some of them came from London on the ship Favorite in 1797.

The first American flag flown over a foreign fortress was raised above the pirate stronghold in Tripoli after U. S. Marines took it from the Barbary pirates in 1805.

Catalogs and Lists On Lubbock Fair to Be Mailed Soon

Copies of the catalog and the premium list for the 29th annual Panhandle South Plains fair will be mailed sometime next week, officials of the Fair association announced today.

The catalog goes to all who exhibited in the last fair in 1941, to newspaper editors, county agents, superintendents and judges for the fair, vocational agriculture teachers, home demonstration agents, home demonstration club presidents and chairmen, and Chamber of Commerce secretaries.

Extra copies of the catalog are available in the office of the Lubbock Chamber of Commerce. They may be obtained by writing the Chamber at Box 561, Lubbock, Texas, or by calling in person at the Chamber offices in the Lubbock city hall.

The fair this year will be held at the fair grounds, as usual. Dates are October 7-12.

The Patent Office in Washington is averaging only about new patents a week this year against a prewar average of most 800.

The salary of members of the British Parliament was raised from 600 pounds to 700 pounds (about \$4,000) per year. American Congressmen receive \$16,000.

Despite the severe conditions caused by war and defeat, the population of Italy increased 44,600,000 in 1939 to 45,800,000 in 1940.

LESSON FOR SEPTEMBER 8

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

JESUS AND SINCERITY OF SPEECH

LESSON TEXT—Exodus 20:16; Proverbs 26:23-28; Matt. 26: 69-75.
MEMORY SELECTION—Wherefore putting away lying, speak every man truth with his neighbor.—Ephesians 4:25.

God is truth, and therefore any kind of lie is evidence of godlessness. Satan is the father of lies (John 8:44) and the father of all liars.

I. The Prohibition of Lying (Exod. 20:16).
This "thou shalt not" of God has to do primarily with perjury; that is, the telling of an untruth in court.

This is one of the worst forms of lying, because it may result in the one against whom it is practiced losing his liberty, his life or his property, or the destruction of his good reputation.

It is obvious, however, that the commandment covers all forms of lying, whether in business, in social contacts, in the home, or in the church. We might do well to consider what the Bible has to say about whisperers, talebearers, backbiters and others (see Lev. 19:16; II Cor. 12:20).

II. The Purpose of Lying (Prov. 26: 23-26).

Sometimes as one hears the continuous stream of lies which flow from the lips of some men, one is apt to feel that it is just a bad habit of careless talking which has become a part of the life.

There is, however, a real purpose behind the lies of men, and that is to deceive in order to get gain or advantage, or to cover up hatred.

How much of all this there is in the world today—yes, and in the church. Those who profess to be the followers of Christ use the devices of the devil in their relations with fellow members of the church. Christian workers who wish to appear greater than they are, or to look greater than others, use deceit and lying. With what results?

III. The Punishment of Lying (Prov. 26: 26-28; Matt. 26:75).

One lie leads to, in fact calls for, another, and soon the liar has dug a pit so big that he stumbles and falls into it. He is like one who starts rolling, and he rolls back on him and crushes him. Yes, in due time he is shown up before the entire congregation (v. 26).

Then, too, the lie does harm to others. No matter what its nature—a half truth, or a truth used to deceive, or an outright falsehood—it bears awful fruit in the life of the one toward whom it is directed, or whose name is involved (v. 28). Once started, it is often impossible to stop. One cannot ever catch up with a lie.

But there is also a horrible and bitter fruitage of lies in the life and the heart of the liar. Lies do "come home to roost," and they make the heart and life of anyone who has a vestige of decency and honor left, miserably unhappy. Consider Peter (Matt. 26:75).

It is of the utmost importance that we stress before children and young people the awful results of lying, as well as its sinfulness. Lying and deceit are so commonly accepted in our day that many regard it as all right—if you don't get caught. But the fact is, you always do get caught by God—yes, and by your own lie.

IV. The Practice of Lying (Matt. 26:69-74).

Sadly enough, the constant lying of the world seems to have infected the minds and hearts of Christians. Instead of being cleansed from this worldly defilement they carry its awful tendencies into the church.

The great lie within the Church, and one of Satan's prize exhibits, is the falsehood of modern religious liberalism (so-called), which is essentially a denial of real New Testament Christianity. Jesus said (v. 42) that if God is our Father we will accept him as the Christ. The one who speaks sweet words about the example, the manhood, the leadership of the Master, and who denies him his place as God, is clearly in mind here as the follower of the father of lies.

To those who are awaiting delivery of their New Oldsmobiles

A Word of Appreciation ... and a Suggestion, too!

We know how anxious you are to get your new Oldsmobile. And there's nothing we'd like better to do, right now, than to say to every Oldsmobile buyer: "Your car is here. Come get it!"

But frankly, it just isn't possible to do that. There still aren't enough new Oldsmobiles to go around. Due to shortages in materials and unavoidable limitations on production, the output of new cars still is behind schedule. And our allotments are far below the figures that we originally anticipated.

We want to assure you, however, that everything possible is being done, both here and at the factory, to get your car in your hands promptly. And we'd like to take this occasion to thank you sincerely for the patient and considerate way in which you have borne with us during this period of waiting.

Meanwhile, we have an important suggestion: **Don't neglect the car you drive today.**

The war has taught us all the importance of careful upkeep and regular service. While you're waiting for your new Oldsmobile, therefore, be sure to take advantage of our factory-authorized Oldsmobile service program. We are offering every kind of modern automotive service—from lubrication to major overhauls. Regular servicing of your car will safeguard your investment and assure you of safe, dependable transportation until that great day when your new Oldsmobile is here!

KEEP AMERICA'S HIGHWAYS SAFE—DRIVE CAREFULLY

Veterans' News

The Veterans administration is grappling with the problem of getting nurses although it offers salaries and other benefits above private scales, Miss MacLeod, Chief Nurse at the Dallas branch office of VA, said this week.

Hospitals in Texas, Louisiana and Mississippi, are short 400 nurses, Miss MacLeod said. In hospitals, notably the huge operation at Temple, Texas, operated by the army, she has had to restrict the

entrance of patients, she added.

Appealing especially to former nurses in the armed forces, Miss MacLeod said: "Thousands of the younger boys and men of World War II, so well cared for by army and navy nurses, are now in VA hospitals. They still need your help."

Salaries for VA nurses range from \$2645 to \$5905 per year, Miss MacLeod said. In addition, VA offers retirement pensions, recreational facilities and other benefits under a new department of medicine and surgery.

VA is now planning a program of training that will be attractive to younger nurses just coming out of schools, Miss MacLeod said.

Application forms for amputee veterans to use in obtaining cars at government expense are ex-

LONG REST AHEAD—Happy to go home, Senators join hands in saying goodbye as the senate adjourned to go home on the longest vacation in over ten years. Photo shows, left to right: Sen. Theo F. Green of R. I., Sen. James W. Huffman of Ohio, Sen. Alben W. Barkley of Ky., Sen. Olin D. Johnston of S. C., and Sen. George L. Radcliff of Md. All are Democrats.

Miss Virginia Reid returned home this week after spending a three-week's vacation in Alpine with relatives.

Mr. and Mrs. Johnny Quillen returned the first of the week from a visit with relatives in Missouri and Kansas.

FRUITS AND VEGETABLES

Fresh

When you shop for your weekly supply of fruits and vegetables, your main interest is in the quality and freshness of the product itself. Tenderness, cleanliness, well-preserved—besides being nutritious and wholesome.

We take great pride in the quality of all our fruits and vegetables because they are kept in our refrigerated "Self Service" counter. All our vegetables are kept just as fresh as the day they entered our store.

Come in this weekend and shop our store for tempting, delicious foodstuffs that really make eating a pleasure

pected to be available from VA offices in the Dallas branch area in about two weeks, VA announced this week.

VA is responsible for administering the new \$30,000,000 program enacted by Congress to provide automobiles or other conveyances for disabled veterans of World War II who are "entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle."

Veterans who think they are entitled to receive cars can obtain the necessary forms and information from VA contact representatives in all larger communities.

Algin, the marine gum secreted by the leaves of a seaweed, was first used as a binder for ink in China over 3000 years ago. Since its discovery in the West in 1883, algin has been used for scores of medical and industrial purposes.

Because the Island of Helgoland off the mouth of the Elbe River has served the Germans as an important naval and air base through two wars, the British have decided to destroy it as far as possible with dynamite.

Book beer drew its name from a German city famous for this dark type of beer. The city was called Elmbock (now Einboock).

FARM FACTS WORTH KNOWING

Q. What causes enlarged hocks in my 16-week old turkeys?

A. This is probably due to an infection which produces a disease known as synovitis. It is more common in toms than in hens. The swelling may extend down the shanks and into the foot. Diseased birds should be isolated quickly for two reasons: (1) to minimize the possibility of transmission, and (2) to give the affected birds a chance to recover and survive. The healthy ones should be moved to clean range. Separate the sexes if possible.

Q. Why are proteins and minerals particularly important in the feeding of bred ewes?

A. Ewes often produce 10% or more of their body weight in grease wool and from 8% to 16% of their body weight in the form of lamb during gestation. Since both of these products are high in protein and minerals, these two nutrients are highly important in sheep feeding.

Q. Should dairy heifers be bred according to age or according to body size?

A. Experiments at the Ralston Purina Company's Research Farm show that body size should determine when heifers should be bred. After many years of work on this, the Ralston Purina recommendations, by breeds, are as follows:

Jerseys	500 lbs.
Guernseys	550 lbs.
Holsteins	750 lbs.
Brown Swiss	750 lbs.
Ayrshires	650 lbs.

Q. How much water is used in producing 100 pounds of pork?

A. Water for hogs is essential and should be available at all times. In producing 100 pounds of pork, about 550 pounds of water are consumed. The brood sow, particularly, needs an abundance of water.

Q. What is the cause of "spotted livers" in rabbits?

A. "Spotted livers" indicate that the rabbits have or have had coccidiosis.

Send your questions about any phase of farm management to FARM FACTS, 535 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

**The Force that Holds a
Giant Stalactite Up...**

OIL-PLATES Your Engine!

THE tons-heavy stalactite—the giant "icicle" of stone—is held tight to its cavern roof by the tremendous attractive force of molecules pulling up against gravity. Utilizing the force of molecular attraction (basic force that holds things together) Conoco scientists bring to America's motorists the benefits of new and better oils.

By molecular attraction, a special ingredient of Conoco Nth motor oil is bonded so strongly throughout your engine that cylinder walls and other parts are OIL-PLATED! And because molecular attraction holds Conoco OIL-PLATING up where it belongs ... prevents it from all draining down to the crankcase, even overnight ... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

BETTER OIL-PLATE NOW!

Requirements for Nursing School Enrollment not Low

It isn't easy to become a skilled nurse.

But despite the current shortage of student nurse enrollments, there will be no relaxation of requirements for entrance in the state's 37 accredited schools of nursing, according to Miss Lucy Harris of Fort Worth, president of the Texas League of Nursing Education.

"We have instituted many changes that give our students the same advantages and recreational facilities as college and university students, but we feel it would be unfair to the girl, the profession, and the patients to whom they eventually adminis-

ter to lower our entrance requirements," Miss Harris asserted. Spearheading a drive to secure 2,000 student nurse enrollments in September, the Texas League of Nursing Education has outlined a number of basic entrance requirements.

Applicants must be at least 17 years old, of high moral character, and possess at least a high school education. Arrangements now have been completed between nursing schools and major universities so that credits in many instances are interchangeable. For example, a nursing school graduate is credited with 30 semester hours toward a Bachelor of Science degree at most of the larger universities. Also, students who have had the two-year pre-nursing course, be-

awarded the Bachelor of Science degree in Nursing from whichever school they previously attended.

Nursing schools are noted for their well-equipped lecture rooms, laboratories, and libraries, and increased facilities in recent years have greatly enhanced the college atmosphere. An attractive feature to students has been the low cost of securing such a varied higher education, plus the training preparation for a vocation that is regarded as one of the most skilled and one of the highest paid open to women.

The year following the end of the war has been one of the worst in nursing school history from the standpoint of enrollments, but league officials are hopeful that an early end of "postwar indecision" will bring students back to school in greater numbers this fall.

Mr. and Mrs. T. D. Wallace and Mrs. George Jones were shopping in Tullia Friday.

Mr. and Mrs. Hub Hodges spent Friday and Friday night with her sister, Mrs. J. L. Bice.

Mrs. Mary Daniels of Plainview visited in the Clarence Anderson home over the weekend.

Mr. and Mrs. Chester Strickland and Kay of Denton spent several days here visiting relatives.

Mr. and Mrs. Luther Gilkeyson took John Myers, who has been ill at the home of his sister, Mrs. J. C. Bomar, to his home in Elida, N. M., Saturday. Mrs. Bowen Sumwalt accompanied them and will go on to her home in Duncan, Arizona.

Mrs. Ruth Watley is substituting in the Happy school this week.

Mr. and Mrs. Doris Vester of Canyon spent the weekend visiting Mrs. J. L. Bice and the Chester Burnett family.

Wright May of Vigo Park was a business visitor in Silvertown Monday.

Mr. and Mrs. R. E. Lemons of Lubbock visited their son, Ralph Lemons, and family recently.

Mr. and Mrs. Frank Havran moved to Cortez, Colorado, last week.

Mr. and Mrs. Lee H. McMurry and family spent the week in Colorado.

Veteran's Rights Outside Ft. Worth Region are Given

An increasing number of inquiries have been received in the Veterans division of the Fort Worth regional office of War Assets administration concerning rights of veterans who reside outside the Fort Worth region in purchasing surplus property available through the Fort Worth office, according to Hamilton Morton, WAA regional director.

"The rights of veterans in purchasing surplus property anywhere in the 48 states where such property may be found are clearly set forth and nothing in the Surplus Property Act of 1944 or subsequent amendments places any barrier in the way of a veteran purchasing from any of the 33 WAA regional offices, regardless of where he may live," Morton stated.

"Veteran claimants located outside the Fort Worth region are given equal consideration with veterans residing within the 104 counties of north and west Texas served by the Fort Worth WAA office," he added.

Mr. Morton explained, however, that since only the veteran certificates issued within the Fort Worth region are on file at the Fort Worth office, it is impossible to notify veterans in other regions but whenever a veteran living anywhere in the United States sends in his certificate for property, he is accorded equal consideration with locally certified veterans.

Mrs. Hugh Nance, Mr. and Mrs. Tommie Wyrick and Mrs. C. M. Strickland visited in Tullia and Plainview Monday.
