Owls Beat Quitaque; Play Turkey Tomorrow

The Silvertown Owls ran wild Friday to beat the Quitaque 46-6 on the Quitaque grid. Quitaque's only score came in the third quarter against the Owls third string and the second string of the Owls scored almost at will. At the end of the half the score was 13-0, in which Silvertown had 7 first downs to 0 for Quitaque. The Owls tried three plays of which two were completed for touchdowns. John Allard did an unusually good job passing and Clifton Stodghill and George Rampley shared honors on brilliant pass receiving. Outstanding ground gainers the day were: Clayton Woods, Allard, John Arnold and Jim Price, who has just returned from the line-up after recovering from injuries received over a year ago.

Coming Friday the Owls will play the Turkey eleven on the field but Coach Bailey is not too optimistic because he believes Turkey has one of the best teams in the conference. View of this fact, a good rough tumble game will probably be witnessed by many spectators.

Assistant leader of the local Girl Scout Troop, Mrs. Clifford Allard, met with the Troop Wednesday afternoon at the regular meeting place of the group, where officers were elected for the coming year, it was reported this week.

Officers elected were as follows: President, Lanelle Copeland; Vice President, Frances Norris; Secretary, Mary Tom Bomar; Treasurer, Neva Joy Reithmeyer; Reporter, Mona Brock.

Seven members of the Troop were present at the meeting and heard Mrs. Allard speak on "Girl Scout Work", prior to adjourning.

Flower Ceremonies To Honor Navy Dead on Navy Day

Special flower ceremonies with contributions of single blooms from each donor will again mark memorial services on Navy Day, Sunday, October 27, for all persons who died at sea during World War II. Eighth Naval district headquarters announced this week.

Participants were asked to send one blossom or bud, preferably wild or home grown, and to avoid sending flowers purchased for more than a modest sum.

Flowers received at designated ports before midnight, Saturday, October 26, will be put aboard navy ships or planes and scattered over the oceans in expression of the sentiments of a grateful world.

Appropriate all-faith services will be held before the take-off and ships and planes will proceed out of sight of land to scatter their floral offerings, the navy said.

Sponsored by the Navy League, official sponsor of Navy Day, the ceremony will be observed in the continental limits and in Alaska, Pearl Harbor, Guam, Manila, San Juan, the Canal Zone, Samoa, and the Virgin Islands. Flowers from the United States will not be delivered to ports overseas, since ports outside the continental limits have been designated for local observances only, the navy explained.

In the eight states of the Eighth Naval district Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee, Texas and extreme Northwest Florida, the ports of Mobile, Ala., Corpus Christi, Texas, and Pensacola, Fla., have been designated as receiving spots for flowers. Blossoms should be sent in care of the Senior U. S. Navy Chaplain at the closest of the three ports, district officials said.

Mrs. W. E. Redin, Alvin Redin, Mr. and Mrs. Alton Steele, and Mrs. Ione Willis of Amarillo, attended the funeral of Mrs. W. M. Baldwin at San Angelo Friday.

High Officials Place Approval Stamp on Good Roads

Most of the state's highest officials had placed their stamp of approval on the Good Roads Constitutional amendment Tuesday, October 22, as the list of endorsements began to mount during the last two weeks before the November 5 general election.

Governor Coke Stevenson and Democratic nominee for Governor, Beauford Jester, led the parade of supporters of the amendment. Governor Stevenson asserted, "From my study of road building problems, I am convinced that the Good Roads amendment should be adopted on November fifth." While the nominee for his office, Jester, proclaimed that adoption of the measure "will establish a sound financial policy upon which our road planning agencies may base their plans."

John S. Redditt, chairman, Texas Highway commission, issued a statement declaring, "It is my firm and considered belief, as a citizen and as chairman of the highway commission, that the passage of this amendment is to the best interest of all Texans, and for that reason, I am for it and advocate its passage."

Pointing out the fact that the Good Roads amendment will continue allocation of one-fourth of the gasoline tax for the Available School Fund under constitutional protection, Dr. L. A. Woods, State Superintendent of Public Instruction, explained it will also assure the availability of funds with which many miles of all-weather roads for school bus routes will be constructed.

The American Legion had charge of the service. Interment was in Olive Springs cemetery. Troy lived in the Francis community of Briscoe county with a brother, J. L. West, in 1941 and 1942.

WAA Representative To Handle Surplus Parts in Amarillo
 J. M. Rogers, representative of the War Assets Administration, Ft. Worth, will make a two-day visit to Amarillo on October 28 and 29, to familiarize automotive and parts dealers, veterans, service garages and fleet owners with surplus automotive parts the WAA has for sale.

High School to Be Scene of Carnival Soon

A Halloween carnival will be held at the Silvertown school, Friday night, November 1st, starting at 7:30, according to announcement made this week by Supt. Wm. F. Talley.

Games, food and entertainment of all kinds will be available for the benefit of the public, the proceeds from which will be used to buy much needed playground equipment and assist in the athletic program for the Silvertown Independent schools.

Everyone is invited to attend the carnival and to come with his pockets full of money and leave it with the school, Mr. Talley said.

Bill Long left Sunday on a business trip to Denver, Colorado.

Last Rites Held For Troy West At DeLeon Recently

Funeral services were held for Troy Belton West Tuesday afternoon from the DeLeon First Baptist church with Rev. H. E. Waggoner, Chaplain of World War I, Comanche Post, in charge. He was assisted by Rev. J. A. Bays, of Dublin, and Rev. T. J. Sparkman, pastor of the local church.

Troy was born September 8, 1923, being 23 years and 28 days of age at the time of his death. He passed away Sunday afternoon, October 6, at 8:30 o'clock in the Gorman hospital.

He is survived by his parents Mr. and Mrs. Jim West of DeLeon, three sisters, Mrs. Alvis Kimmell, De Leon, Mrs. Doyle Smith and Miss Connie Modess of Fort Worth; three brothers, J. L. West of Silvertown, S. F. West and Clyde West of De Leon.

He is also survived by twelve nephews and three nieces and numerous other relatives. Also his sweetheart, Miss Betty Joyce Burleson, to whom he was to have been married in the near future.

Troy was born and reared in the Robinson Springs community. He moved with his parents to DeLeon about 13 years ago. At the age of 14 he united with the Baptist church of that community and it is here his membership remains.

Troy answered the call to his country and served 33 months. Of this time, 20 months was spent with the 11th Airborne Division overseas.

Flower girls were wives and sisters of members of the 11th Division and nieces of Mr. and Mrs. West.

The American Legion had charge of the service. Interment was in Olive Springs cemetery. Troy lived in the Francis community of Briscoe county with a brother, J. L. West, in 1941 and 1942.

WAA Representative To Handle Surplus Parts in Amarillo

J. M. Rogers, representative of the War Assets Administration, Ft. Worth, will make a two-day visit to Amarillo on October 28 and 29, to familiarize automotive and parts dealers, veterans, service garages and fleet owners with surplus automotive parts the WAA has for sale.

Rogers has for interested parties, a national consolidated inventory, giving the number, name and price of all surplus automotive parts available in the entire United States.

Repair shops and garages receive a 50% discount from the manufacturers current list price; fleet owners get a 45% discount; dealers, both automotive and parts, receive a 55% discount, and wholesalers and distributors receive a 75% discount. Veterans, in any of the above categories get a 75% discount.

During his two-day stay in Amarillo, Rogers will be located in the Chamber of Commerce offices, Amarillo building.

Bill Long left Sunday on a business trip to Denver, Colorado.

Former Local Woman Shoots Herself a Bear recently

It might be safe to bet that Mrs. Doyle D. Smith won't object to her husband's putting a black bearskin on the floor of her Ropesville living room, shaggy as the skin is.

Mrs. Smith knocked the skin down herself—when it was on the bear.

The Smiths and Mr. and Mrs. A. L. Ferguson and Mr. and Mrs. R. E. Bell of Lubbock returned recently from a four-day hunt on the Hermosa range near Durango, Colo., bringing with them six elk, one deer and the bear—about one ton of dressed meat.

One of the elk weighed an estimated 750 pounds, the bear about 350 pounds. Mrs. Smith, getting her first sight of game of any sort, cut down on the bear and sent him rolling down the precipitate snow-covered side of a mountain. He started lumbering off, and she hit him again. The bear, as tough as he was fat, got into the timber and was jumping logs and making his getaway when Smith saw him. One bullet finished him off.

The weather two days before the season opened was at near zero temperature, the party said.

Mrs. Smith is the daughter of Mr. and Mrs. Edd Thomas, Mr. Smith is the son of Mrs. B. F. Smith and Mrs. Bell is the daughter of the late J. L. Francis, all of Briscoe county.

Mrs. A. J. Mott, Mrs. C. R. Case and Jimmy and Mrs. Ordis Chandler, all of Amarillo, and Mr. and Mrs. Gene Chandler of Gasoline visited in the George Neatherlin home Thursday.

SWING OF THE SOUTHWEST FARM MARKETS

Livestock and feed went up as cotton, grain, eggs and poultry went down last week while most vegetables, rice, peanuts, butter and milk held steady at southwest markets USDA's Production and Marketing Administration reported today.

Cotton tumbled about \$25 a bale last week. The trade associated this drop with speculation regarding decontrol of cotton textile prices and uncertainty as to outlook for sales of cotton textiles. Also, seasonal heavy movement of the crop into trade channels may partly explain the break.

Hog prices took one of the biggest jumps on record last week when ceilings came off and soared \$8 to \$10, but later declined \$2 to \$4 per hundred as receipts increased. Friday's quotations for good and choice butchers stood at \$22 per hundred, San Antonio; \$22.25, Oklahoma City; \$22.50 to \$23, Ft. Worth; \$23 to \$23.50, Denver; and \$23, Wichita. Higher prices brought out 16,050 hogs at six southwest markets compared to 7,545 for the corresponding week last year and 55,375 for the previous week.

Decontrol of meat brought a rush of cattle to market last week. Receipts at six southwest terminals totaled 90,400 compared to 82,000 for the corresponding week last year and 55,375 for the previous week. Cattle advanced \$2 to \$4 per hundred at southwest markets Thursday.

Plainview Jaycees To Visit County Soon

Plainview's Junior Chamber of Commerce, Ralph Krebs, President, will carry a large role in plans for the city's first post-war celebration officially initiating the Christmas shopping season, when the organization attempts to assemble a 100-car caravan for the purpose of taking many times that many Plainview citizens on a three-day good will jaunt through 56 communities in this city's eight-county trade territory comprising between 80,000 and 100,000 Panhandle-South Plains citizens, a few days in advance of Thanksgiving, December 5th has been tentatively set as official "Santa Claus Day", subject to approval of a massed meeting of Plainview merchants at a time to be set next week.

The itinerary tentatively set-up includes trips through Gasoline, Quitaque, Whiteley, Silvertown, Chott, Pleysh and many other towns and villages of this region. A definite schedule will be announced soon and representatives of schools and leaders within all the communities and cities to be visited will be notified when the caravan will reach them.

It is planned that small memento favors of the trip will be distributed to school children and others in the communities visited. A campaign to provide for contact with the school children at each stop will be made prior to the dates set for the visits. Placard and handbill reminders of the Plainview Christmas opening celebration will be distributed by members of the good will party in all places visited, and Plainview representatives will visit with merchants during all stops. A short musical program and a brief announcement of the program to be enacted in Plainview November 29 will constitute the message to citizens in each community visited.

One week ago tonight, citizens of Silvertown assembled in the District Courtroom of the courthouse where the organization known as the Silvertown Chamber of Commerce became a reality.

At the meeting last Thursday night, seven directors were nominated and elected to serve until the regular annual election of officers. The directors are: W. Coffee, Jr., John E. Simpson, Claude Grimes, Perry Whittemore, Vern Beardin, Durward Brown and Mike Mason.

Directors Have Meeting
 Last Friday morning at 10 o'clock the directors held their first meeting in the balcony of Coffee Hardware store. The object of this meeting was to elect a president, vice president and a treasurer for the new organization. W. Coffee, Jr., was elected president, John E. Simpson, vice president and Perry Whittemore, treasurer.

Prior to adjournment of the directors meeting, the next meeting date was called for Wednesday, October 23, in the regular meeting place.

This Week's Meeting
 At the meeting last night the Constitution and By-Laws of the organization were studied by the group and changes were made to suit the needs of the Silvertown Chamber of Commerce.

Following the reading of the By-Laws, W. Coffee, Jr., appointed two committees, one a campaign and membership committee and the other a budget committee. Roy Coffee, Earl Brock and Mike Mason were placed on the budget committee and Wayne Crawford, Henry Price, Alton Steele, Leo White and Joseph B. Powell on the campaign and membership committee. The meeting was adjourned.

The board of directors will determine the next meeting date.

Congratulations to:

Mr. and Mrs. Harold K. Ownby of Tulsa, Okla., on birth of a 5½ pound daughter, Carol Lorene, October 10. Mrs. Ownby will be remembered as Miss Elva Wright.

Mr. and Mrs. R. E. Young on birth of a 6 pound 13 ounce daughter, Peggy Yvonne, Saturday, October 19, at 11:00 o'clock.

Mrs. M. C. "Mother" Hardin, who has been confined to her room for the past several months, was able to visit with her granddaughter, Mrs. Virgil Sanders, Sunday.

Rev. Hinds To Preach at Methodist Church Sunday Night

Rev. W. C. Hinds, District Superintendent of the Plainview District, will preach at the Methodist church Sunday evening, October 27th at 7:15, according to Rev. H. W. Barnett, pastor of the local church.

After preaching, Rev. Hinds will hold the Fourth Quarterly Conference. It is during this conference that officials of the church for next year will be elected, Rev. Barnett said.

Everyone is extended a cordial invitation to attend the service Sunday evening and hear Rev. Hinds.

Rebukes Socialism . . .

In Oklahoma where a lot of pressure has been put on the residents of local towns to take on electric service from publicly-owned or publicly-subsidized electric systems, some astonishing results have been reported in local elections where the question of renewing the franchises of a private power company came up. Evidently residents of Oklahoma realize the advantage of highly-taxed private enterprise to a local community, as contrasted with tax-exempt public business which depletes the local tax rolls and public treasuries.

Three towns have just recorded their vote in no uncertain terms for twenty-five-year franchises for the local power company. Gore voted 135 to nothing, and Webbers Falls, 175 to nothing. Arkoma voted 307 for, to 3 against a franchise.

That kind of a vote is a rebuke to socialism in the power field, and encourages private enterprise and private investors to go ahead with a feeling of security in building up tax-paying industries and assets in local communities. Other states can well take a lesson from these Oklahoma communities in encouraging local private enterprise.

Wrong Thinking . . .

The kind of thinking which lies behind the Wagner-Murray-Dingell public health bill has been all too prevalent of late years. It is based on the proposition that the proper way to meet a national problem is to appropriate a few billion dollars, create an enormous bureaucracy, and give the government unlimited powers of policy and administration.

That may seem the easy way. But the whole history of our time is a demonstration of its fallaciousness. The terrible wars, depressions and other social and economic upheavals which have dominated the world have been the direct or indirect result of the conflict between free government and dictatorial government. And the greatest problem facing the peoples of the world now is whether they are to have freedom or oppression.

It may seem extreme to contrast world conditions with proposed legislation which applies to this country alone. But the parallel exists. If we are to go to the point where government must do everything for us, where we must have cradle-to-the-grave security in all its ramifications, where we confess ourselves impotent to deal with our own personal problems, our position as presumed leaders of a free world will be untenable.

So far as medical care is concerned, a problem does exist—despite the unchallenged fact that our standards in this field are the highest on earth. But that problem is being steadily and soundly solved through public cooperation, in such public questions as control of tuberculosis and venereal disease, and by rapidly expanding voluntary insurance plans for individual protection in the event of illness or accident.

The American people can certainly take care of their health standards without spending four to six billion a year to regiment the doctors and socialize the practice of medicine.

Veterans' News

Contact offices of the Veterans Administration are fast becoming familiar places to war veterans of the Southwest, judging by the reports of contact representatives. From January through September of 1946, a total of two million contacts were handled by VA representatives in Texas, Louisiana and Mississippi.

More than 1,334,000 were personal contacts. Some 391,444 veterans phoned in questions and requests for information, while 279,752 contacts involved correspondence. The desire for information on new veterans legislation enacted by Congress in August drew large numbers of ex-servicemen to VA contact offices during September. Veterans getting ready to go back to school in September also paid thousands of calls to VA offices for guidance.

Another phase of contact activity—that of preparing benefit applications—went forward as usual with contact representatives preparing 41,138 applications in August and 35,373 in September. Since V-J Day the number of patients in Veterans administration hospitals of Texas, Louisiana and Mississippi has increased 42 per cent. VA medical service officials report. The total on V-J Day was 5,296 compared with 7,503 on September 30th of this year.

The number of patients in VA hospitals throughout the nation has increased 29 per cent since the Japanese surrender. To meet the mounting need for veterans' hospitalization, VA will construct nine new hospitals in the tri-state Dallas branch during the next two and one-half years.

World War II veterans entering business on VA-guaranteed loans are setting out on some unusual enterprises. A Jackson, Miss., Air Corps veteran operates a complete children's shop. Down in New Orleans, La., a former artilleryman has opened a frozen food factory. Two former nurses in Seguin, Texas, have bought and are now managing a hospital.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago Released by Western Newspaper Union

LESSON FOR OCTOBER 27 Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

PAUL'S WIDENING FIELD OF SERVICE LESSON TEXT—Acts 13:1-5, 13, 14, 44-46, 48, 49; 14:26, 27.

MEMORY SELECTION—But when it pleased God... to reveal his Son in me, that I might preach him among the heathen.—Galatians 1:15, 16.

God uses men to accomplish his high and holy purpose of preaching the gospel in all the world. They must, however, be men who have been called by the Holy Spirit, prepared and sent out by him. They must be willing to labor and to sacrifice without limit for his glory. Paul was such a man, and as we study the widening sphere of his service and influence, we catch a vision of what missions should mean in the church.

I. A Missionary Call (Acts 13:1-4). Much discussed among earnest Christians is the question of what constitutes a missionary call.

The need must be brought home to the individual believer's heart by the Holy Spirit, and he must give a conviction that one is to go out to meet that need.

Note that the call came through a live, active and well-equipped church in Antioch, a city of Syria. It was a cosmopolitan church—read the names of those who served there. They were of many nationalities and of various occupations and social positions. In the midst of that group were two exceptionally able preachers, Barnabas and Paul. They all loved the Lord and served him.

To such a church the Holy Spirit can speak, be heard and obeyed. Notice that they gave of their best, at the direction of the Spirit, not withholding it for themselves (cf. II Sam. 24:24). God wants our best.

Sent forth by the Holy Spirit these men went promptly and willingly. Why should the Lord have to plead, and prod, and wait for his people to obey him?

II. A Missionary Conquest (Acts 13:4, 5, 13, 14, 44-46, 48, 49). To trace this first missionary journey it is well to look at the map illustrating the Acts and epistles at the back of most Bibles.

It will appear at once that it was not an easy itinerary these men undertook. It involved travel by sea, through difficult country, and often among hostile and hateful peoples.

God does not call his servants to an air-conditioned arm-chair evangelism. His Word must go out where it has never been heard, and that means pioneering among the most backward of peoples, the neediest of this earth. It means working in rescue missions, in thankless and difficult pastorates; yes, anywhere the Divine Executive, the Holy Spirit, may direct.

Paul met both popularity and persecution, and that not far apart. After the experience of acceptance and rejection on the island of Cyprus (Acts 13:7, 8), Barnabas and Paul went to Antioch in Pisidia (a different city than Antioch in Syria; see map). Here they were invited to preach in the synagogue and Paul was blessed in the presentation of a powerful gospel message. Read it in Acts 13:16-41. It met with such response that the people "besought that these words might be preached to them the next Sabbath" (v. 42). So great was the popularity of Paul's message that the whole city came the next Sabbath "to hear the Word of

God." What a wonderful sight that must have been.

But wait—there is something else here beside popularity, and its name is jealousy (v. 45). It caused the Jews to blaspheme as they contradicted Paul's preaching.

Jealousy always makes a fool out of the one who yields it. Yet this green-eyed monster is permitted to go right on hindering the work of God. The result in this case was that Paul turned from the Jews to the Gentiles with the gospel, to their great joy and delight. This is a great turning point in the history of the church.

Now the preachers turn homeward to Antioch in Syria, and there they had

III. A Missionary Conference (Acts 14: 26, 27). Nothing stimulates missionary giving, and praying, and going in a local church like a live missionary conference, where those who have been on the field come back and tell what the Lord has done as they went out to serve him.

It is good to know that what the Lord led men out to do has been fulfilled. That completes the circle of divine guidance and blessing, and strongly encourages us to go again—and others to go for the first time—to do missionary work for God. The church which does not have such an annual missionary conference misses a blessing and an opportunity for enlarged vision and service. No pastor or church can afford to miss such an open door for the working of the Holy Spirit of God.

A FARMER TOLD ME "Electric Service is my BEST Hired Hand..."

It's no wonder that farmers praise the advantages of electric power. Electricity has scores of uses on a modern farm and provides reliable, efficient power at extremely low cost.

For milking, incubation and brooding, light to work by, power for a work shop, there's nothing to match it. And today, electricity is cheaper than ever before. It's always ready 24 hours a day and doesn't register on the meter when not working for you.

We're proud that in our 22 years of service we've been a pioneer in building ahead for the future. Our 12 million dollar expansion program is bringing the advantages of dependable low-cost electric power to more and more farmers in the entire Panhandle-Plains Pecos Valley area.

Are you too skeptical about the work of Foreign Missionaries?

During the past 100 years, thousands of men and women of all faiths have voluntarily dedicated their lives to spreading the "Good News" found in the Scriptures. Some have been physicians; others have been agricultural specialists; others have been teachers.

Missionaries have laid the foundation stones for world peace, that they have changed the thinking of millions of people all over the globe, and that they have made it possible for nations to trade with each other with confidence.

THE
VETERAN'S FRIEND

Q. I served only four months in the army before I got a dependency discharge. Now I'm in need of an operation. Am I eligible to enter a Veterans hospital?

A. Yes, any veteran is eligible for hospitalization at a VA hospital providing he served at least 90 days in the armed forces and that his discharge is other than dishonorable. However, to be treated for non-service connected ailments, you must sign a statement that you are financially unable to pay for private treatment.

Q. Can a veteran be cared for in a private hospital at the expense of the government?

A. Yes, provided the ailment was incurred in or aggravated by service in the armed forces and prior authorization is obtained from VA regional office. In the case of female veterans, the ailment need not be service-connected.

Q. Can I be treated at a VA hospital for malaria that didn't evidence itself until after I was discharged from the army?

A. Yes, the VA rules that

malaria may be service-connected even though no attacks occurred prior to the veteran's release from service. Therefore, you may be hospitalized in a private hospital if an emergency or in a VA hospital. Out-patient medical treatment may also be authorized. If your illness is serious enough, you may also file a disability claim.

Q. Is a veteran's family entitled to care in a VA hospital?

A. Not unless they have attained eligibility in their own right by reason of service in the armed forces.

Q. May I be furnished a wheel chair by the VA?

A. Yes, if you have a service-connected disability requiring the use of one.

Q. May an honorably discharged member of the WAC obtain hospital treatment and domiciliary care in a VA facility?

A. Yes. Former members of the WAC, as well as any other women's organization in the armed forces, are entitled to the same treatment as male veterans.

FARM FACTS
WORTH KNOWING

Q. Will a cow produce more milk if milked three times a day rather than twice?

A. Yes, provided that the cow has inherited the ability to produce large amounts of milk. Milk secretion is continuous, and when the udder is filled to capacity the nutrients for making milk return to the body. By milking more often, more milk is made.

Q. Do laying hens need more feed when their egg production is high?

A. Yes. When egg production is high, hens need more feed to keep up their body weight. If feed rations are not sufficient, body weight will go down and production will slump. The Research Farm of the Ralston Purina Company recommends feeding according to the following table:

When Egg Production Is	Total Feed Required Daily
40%	20 to 22 lbs. per 100 birds
50%	23 to 25 lbs. per 100 birds
60%	26 to 28 lbs. per 100 birds
70%	29 to 32 lbs. per 100 birds

Q. Do champion swine producers make use of pasture?

A. During the past two years, several swine producers in Michigan have made enviable production records. In every case, the proper use of pasture played an important part in their success. It was reported that 15% to 20% less feed was required when pigs could have plenty of good forage. About half of the protein needed was supplied by the pasture.

Q. How much coal is required for brooding broiler chicks?

A. About four to seven pounds of coal per chick is required, depending upon the region and the season of the year.

J. E. Minyard is Guest Speaker at Study Club Meet

J. E. "Doc" Minyard was guest speaker at the Woman's 1925 Study Club meeting Wednesday afternoon, October 16, in the Red Cross room. Mrs. T. C. Bomar was hostess.

Mrs. Alton Steele introduced the speaker, who talked to the group about his experiences and the "Islands and Their People." In Mr. Minyard's talk, he brought out the thought that the natives of the islands are intelligent and that with the proper training, they could be progressive.

Others on the program were Mrs. R. E. Dickerson, who discussed "Great Britain in the Pacific"; Mrs. G. A. Elrod, who spoke on "The United States in The Pacific"; and Mrs. Warner Reid, who discussed "France in The Pacific." Maps were used to better explain the topics.

Mrs. Grady Wimberly, president, had charge of the business session. A committee, composed of Mesdames Bundy, Alexander and Elrod, was elected to contact other organizations in the interest of compiling a permanent record of the men and women of Briscoe county who served in World War II, together with their citations and awards.

The next meeting will be held Wednesday, November 6, in the Red Cross room. Mrs. O. T. Bundy will be hostess and will have charge of the lesson on "Poland."

Pioneer Citizen Is Honored on Her 80th Birthday

The home of Mrs. Marvin Morton, of Kress, was the scene of a surprise birthday dinner on Sunday, Oct. 20, honoring her mother, Mrs. N. E. Waller, on her 80th birthday, and Mrs. Lee Hollar of Vernon, a cousin of Mrs. Waller, on her 70th birthday.

On returning home from church, they were ushered into the dining room where they found two lovely birthday cakes lighted with candles and a beautiful dinner which was prepared by Mrs. Waller's three daughters, awaiting them.

Mrs. Waller is a pioneer of this county, being the first woman to come to the county to make her home on the plains. She, with her family, first came to Briscoe county in August, 1890, before the county was organized, and made Silverton her home for many years.

Those enjoying the festivities with Mrs. Waller and Mrs. Hollar were: Mr. and Mrs. Hugh Trussell and Billie Dean, Mr. and Mrs. Merlin Calloway, Marilyn Ann and Weldon Dean of Plainview, Mr. and Mrs. Jesse Moore and Virginia, Tullia; Mrs. M. P. Stone, Mrs. D. N. Montague, Mrs. R. L. Campbell, Mr. and Mrs. T. L. Anderson and Anna Lee, all of Silverton; Mr. and Mrs. W. M. Morton, Mavine and Emmalyn and Joe Terry, of Kress.

Here's one time it doesn't pay to be foxy!

REMEMBER the old fable of the fox who wanted some grapes that were high on a vine?

After vainly jumping for them a few times, he quit and said, "Oh well, those grapes are sour. I don't really want them anyway."

Sound familiar?

Aren't you sometimes like that fox when it comes to putting away money for the things you want?

You save for a while, then when things become difficult, you quit. You say to yourself, "Oh well, my savings would never amount to much anyway."

You're wrong there! Under the Payroll Savings

Plan, your savings really accumulate. As little as \$3.75 put into U. S. Bonds through Payroll Savings every week will grow into \$1004.20 in five years - \$2163.75 in ten years! Higher weekly savings pile up even more.

And think of what those dollars will buy - a new car, many new home appliances, a good education for your children. They can even be a substantial down payment on a fine home, too.

Keep saving!

SUPERVISORS FOR CAP ROCK DISTRICT—Earl I. Cantwell, Chairman, Louie Kitchens, Obra Watson, Pierce White and Bray Cook.

Roy McMurtry, a cooperater with the Cap Rock Soil Conservation District, recently constructed a system of diversion terraces on his ranch to increase the existing watershed of two stock water tanks. Mr. McMurtry estimates that he increased the drainage area of the present tanks approximately 100 acres by the construction of 4,000 feet of diversion terraces. The diversion will improve the drainage of two lakes and prevent their killing of grass in these areas. Mr. McMurtry had the assistance of local Soil Conservation Service Engineers in the lay-out of the above system on his ranch. Mr. McMurtry also repaired two stock water tanks by increasing the size and width of the spillway on one and the storage basin of the other, using the dirt to add height and body to the existing dams. Construction work was done with carryall grader and crawler type tractor.

J. L. Webb, a cooperater, who operates the W. E. Schott Ranch northeast of Silvertown is seeding approximately 45 acres of Austrian Winter Peas. This crop will be used for grazing and soil improvement according to Mr. Webb. A number of farmers have indicated a desire to plant a small acreage to Austrian Winter Peas. Seed may still be secured locally and should be planted by November 15th.

Earl I. Cantwell, a cooperater of the Grass Conservation Group, is seeding 100 pounds of Dixie Wonder Peas, which is an improved early variety of winter peas, on 3 1/2 acres of land. Mr. Cantwell plans to harvest the seed from this acreage.

Mr. and Mrs. Burton Hughes and son, Robert, attended the funeral of their nephew, Little Larry Hubert Hall, son of Mr. and Mrs. Hubert Hall, at Memphis Friday.

west markets in contrast to gains of \$5 to \$10 at midwest markets. Friday's prices quoted here were down from the week's peak. Houston sold common and medium steers and yearlings at \$13 to \$15 per hundred and good beef cows \$12 to \$13.50. Medium and good cows brought \$12 to \$16, San Antonio and Ft. Worth; good cows \$15 to \$16.50, Wichita and \$16.50, Denver. Oklahoma City quoted medium and good steers and yearlings \$12 to \$23 and top beef cows at \$20.

Southwest sheep and lamb markets reported advances of 50 cents to \$5 per hundred on lambs and 50 cents to \$1.50 on ewes. Friday's prices were somewhat lower than the extreme highs following meat decontrol. Common and medium lambs brought \$13 to \$15.50, San Antonio; medium and good fat lambs \$17.50 to \$21. Ft. Worth; good and choice lambs \$22 to \$23, Oklahoma City and \$22, Denver.

Trading in domestic wools was nil last week. Prices were up 3 to 5 percent under the new schedule. Finer grades of sorted mohair could be readily sold as soon as offered.

Most grain prices started down grade last week. Sorghums and corn lost the most ground. However, feed markets were unsettled as a result of the end of price control and restrictions on the use of by-products and mixed feeds. No prices were quoted, but the trade expected urgent demand for tight supplies would push prices well above former OPA ceilings.

Colorado onion and potato producing areas reported light shipments last week due to a freeze. Demand and prices were better for both. Most haulings of Louisiana and Texas sweet potatoes went into storage. Improved demand increased prices to \$2.75 a bushel for U. S. No. 1 washed Porto Ricans compared to \$2.03, the ceiling this time last year. New Mexico carrots were barely steady at midwest consumer markets. Light apple offerings from New Mexico, Kansas and Arkansas held about steady at most southwest markets.

Southwest egg and poultry markets felt the impact of meat decontrol. Demand sagged and prices dropped about 2 cents a dozen on eggs and about 3 cents a pound on fryers and hens.
