News to Publish big
mas-New Year Papers

The Briscoe County News will
publish two big editions of the
er during the next two weeks.
management announces this
k. The first edition which will
known as the Christmas edition
will be mailed to all sub-
scribers on Monday, December
17, carrying a date line of
Thursday, December 26th. The
New Year's edition will be mail-
ed to all subscribers on December
24 and will carry a date line
of Tuesday, January 2, 1946.

Reasons for the early publishing
are set forth in the foregoing
because the merchants and pro-
fessional men of Silvertown are
trying special holiday greetings
each edition and if these edi-
tions were to be distributed on
regular publishing day, their
effecting would be obsolete.

Santa Claus Letters
Recently the News named
December 19th as the day of
publishing Santa Claus letters.
This was also to be the date for
publishing the big Christmas
paper. Due to change of publish-
ing dates, Santa Claus letters will
be published on Monday,
December 23rd.

In case some of the children
need to get their letters to the
news office in time for publish-
ing in the Christmas edition, if
they will let their parents read
the letters to see that they don't
contain any mistakes in them, and
bring them to the News of-
fice, the editor will see that Santa
Claus will receive your message by
"wireless" although it isn't in the paper.

STORY OF CHRISTMAS
I'll tell me the story of Christmas.
My little one stood at my knee,
Her sweet gaze lifted to meet
my own,
As she made her gentle plea.

Looked at the tiny figure,
Of the innocent, pleading eyes
That had borrowed their radiant
glow
From their sunshine from the
skies.

Looked at the tiny features
And thought how that uncloud-
ed brow
Had some day be lined with
sorrows of life;
That head with suffering bow.

Thought of the sin that caused it,
That brought death to the fallen
race;
Thought of another sweet baby
like mine,
Who came to die in our place.

I told her the story of Christ-
mas
As tears filled her eyes so true;
And I gathered her to my bosom
and promised our Lord anew,

I'll tell her the story of Christmas
By the indwelling "Christ in
Me";
As long as my lips could speak of
His grace,
To tell how He set us free.

I told her the story of Christ-
mas,
Her baby lips tenderly smiled,
As she whispered close to my
listening ear—
"I'm glad; He, too, was a child."

Winston Churchill
Going to School
At Texas Tech

Placing long distance telephone
calls, cashing checks and register-
ing in hotels are major problems
for Winston Churchill, Texas
Technological college basketball
player. People think he is kidding
when he gives his name.

Churchill, a Sterling City lad,
is a fifth nephew of the former
prime minister of Great Britain,
for whom he was named.

"It's practically impossible for
me to cash a check regardless of
the amount of identification,"
young Winston declares. "When I
tell a hotel clerk my name, he
usually gives me that 'Yea, and
I'm Josef Stalin' look."

Churchill, who treasures a
telegram from his distant uncle
while the latter was prime minis-
ter, has had so much trouble
placing long distance telephone
calls he now uses his other name,
George, most of the time.

HOWARD AUTRY HOME
ON TERMINAL LEAVE

Howard Autry is home this
week on terminal leave following
fourteen months in the service,
much of his time being spent in
Alaska, it was reported this week.

Howard expects to receive his
honorable discharge on January
3rd.

Be Careful of
Your Health
This Christmas

"Despite the fact that America
has her share of post war
troubles, this nation as a whole
should not forget the true Christ-
mas spirit of Happiness and Good
Will, but we can do that much
better if we are well and strong,"
asserts Doctor George W. Cox,
State health officer.

"Many people are prone to
throw caution to the wind and
violate every principle of health-
ful living during the Christmas
season. As a result their health
is jeopardized and sometimes
serious damage is done," he said.

Doctor Cox pointed out the
danger of using lighted candles
on Christmas trees or in windows,
as a possible source of disastrous
fires. Excess eating, crowded
home conditions, lack of exercise,
and over-heated rooms often en-
danger health during the holiday
season, according to Doctor Cox,
and he warned parents against
too much excitement and too late
hours for small children.

"Intemperance during Christmas
week, whether in food or holiday
activities is not excusable from
the standpoint of good health
practice," he asserted, "and the
maximum of pleasure will be
gained by those individuals who
practice precaution along these
lines."

Emphasizing the fact that it is
the duty of every individual to
conserve his health as well as that
of his neighbor, Doctor Cox said
that from a standpoint of good
citizenship alone every Texan
should cooperate in promoting
good health at Christmas time as
he would at any other season of
the year.

Fall-Farrowed
Pigs to be Short
In Texas this Year

Supply of fall-farrowed pigs in
Texas will be very short this
year, according to a survey made
by E. M. Regenbrecht, swine
husbandman of the Texas A. and
M. college extension service.

The survey was conducted a-
mong county agricultural agents
and swine breeders in the state to
determine the number of pure-
bred pigs that are available for
distribution as future breeding
stock.

Reports indicate, says Regen-
brecht, that very large numbers
of fall farrowed pure-bred pigs
at weaning time were sold to
farmers for feeding purposes at
very attractive prices. Apparently,
the recent removal of ceiling
prices on fat hogs with the sud-
den resulting price increase, has
caused farmers who have a feed
supply on hand to think in terms
of feeding it to hogs, Regenbrecht
explains. Prices for fat hogs have
climbed as high as 25 cents per
pound. This sudden change in
prices for market hogs has de-
veloped a strong demand for
feeder pigs.

Demand for good pure-bred
breeding stock is very strong at
present and the supply is scarce,
the swine husbandman points
out. Breeders who have a supply
of breeding stock on hand are in-
clined to want to keep the animals
for breeding purposes on their
own farms, thereby expanding
operations. Quality of fall farrowed
pig crop is one of the best
Texas has ever produced, Regen-
brecht says.

Presbyterian Church
To Have Program
Sunday Night

A program by the children of
the local Presbyterian church is
to be held Sunday night at 6:30,
at the church, it was announced
this week.

The Christmas program will
include the singing of Christ-
mas carols and all the children
of the church and their parents
are cordially invited to attend.

Congratulations to:

Mr. and Mrs. Warner Ward on
birth of a 7½ pound son, Jack
Lawson, in the Tullia hospital.
Mrs. Ward is the former Sue
Gardner.

Misses Virginia Reid and Vir-
ginia Hunter, students at WTSC,
Canyon, were visiting in Silvertown
Thursday.

Dance to be in Vets'
Hall Tonight, Dec. 19th

The Melody Queens, the orches-
tra that furnishes the kind of
music the dancing public de-
mands, will play here again to-
night for the dance which is to
be held in the Veterans Hall of
this city.

The Queens, which is one of
the best orchestras yet to be pre-
sented under the auspices of the
American Legion and the Veter-
ans of Foreign Wars, are return-
ing to the Hall after being receiv-
ed for some six weeks doing re-

hearsels and practicing. Also the
orchestra has obtained the ser-
vices of another musician, Miss
Nola Witcher, the daughter of Mr.
and Mrs. Gay Witcher, a sax
player of local talent, which
means more and better music
than previously heard by this
orchestra.

Though no advanced publicity
has been released in regard to
tonight's dance, it is believed that
a record crowd will attend due
to the fine music to be heard.

Cold Wave hits City

Farmers Must Fill
Blanks Soon

Thousands of Texas farm and
ranch operators must soon bring
out their pencils and record books
and start figuring income tax re-
ports.

All farmers with a gross in-
come of \$500 or more are requir-
ed to file a return. C. H. Bates,
farm management specialist of the
Texas A. and M. College extension
service, reminds the farmer
that he has this choice in paying
income tax: he can file a declara-
tion of his estimated 1946 net
income by January 15, followed
by a final return by March 15, or
he can make a final return by
January 15, in which case he does
not have to file a declaration.

While a record number of
farmers will pay income taxes
for 1946, the average tax bill will
be less than in 1945 due to a re-
duction in rate and the combina-
tion of the normal tax and sur-
tax levies, Bates says. Farm in-
come taxes should average about
17 percent less than in 1945 pre-
dicts the farm management
specialist.

A change in the tax law permits
deduction, as a business expense,
on reasonable wages paid by a
father to a minor dependent
actually employed on the farm or
ranch.

Under certain conditions, only
50 percent of receipts from sale
of breeding cattle may be taxable.
Bates advises farm operators to
consult their county agricultural
agents for information on this
point or contact an Internal Re-
venue deputy.

The tax reporting job will be
greatly simplified by operators
who have kept record books
through the past year. Bates says.
The Texas Farm Record Book,
which is available at Texas
A. & M. College for a small cost,
is a complete and simple form
with spaces for recording all
necessary items for income tax
reports.

SWING OF THE
SOUTHWEST
FARM MARKETS

Cotton gained more than \$5 a
bale last week to hit 32 cents per
pound again. Cattle and grain
advanced and eggs strengthened,
but hog and feed prices dropped,
turkeys weakened and fruits and
vegetables were steady to easy,
USDA's Production and Market-
ing administration reports.

Wheat jumped about 7 cents per
bushel and sorghums 10 cents
per hundred last week above the
previous week's close. Barley and
oats went up, but corn weak-
ened. Feed prices continued to
drop. Bran was down \$2.50 per
ton, shorts \$4 and oilseed meals
\$3 to \$6. Hay moved slowly too
at easier prices.

Turkeys weakened after ship-
ping stopped buying. Best prices
stood around 28 cents per pound
for lightweight toms and 38 for
hens. Fryers and chicken hens
were strong. Good demand ab-

The cold wave which started
the first of the week in the
northern states and swept through
the Middlewest didn't miss Sil-
vertown, it has been noted this
week when citizens of the com-
munity have been wearing gloves,
ear-muffs and heavy coats of all
kinds.

The first touch of the cold
wave hit Silvertown in the form of
a sandstorm about 6:30 p.m. Mon-
day night and temperatures drop-
ped immediately and at a steady
pace until Tuesday morning when
a minimum of 18 degrees was re-
corded by Ray C. Bomar, opera-
tor of the Federal Weather
Bureau station here. The mercury
stood at a standstill all day Tues-
day with no wind blowing and
the sun shining. Wednesday
morning found the temperature
reading still at 18 degrees but a-
round noon it had begun to rise
and as we go to press, the high
since Tuesday morning is 34
degrees.

It is believed the cold wave has
run its course and trend now will
be toward higher temperatures
in the next few days.
No severe damage to crops or
stock has been reported of the
cold wave.

School to be Dismissed
Tomorrow for Holidays

Recital Program to
Be Held in Local
High School Tonight

Mrs. Wm. F. Talley is present-
ing her pupils of the Expression
and Personality singing class in a
recital tonight, in the auditorium
of the Silvertown high school, it
has been reported.

The program consists of many
good songs and readings, some of
which are, "Paper Doll", "Corns
for My Country", "Sioux City
Sue", "Honey", "White Christ-
mas" and many other top notch
songs. The readings include, "The
Little Rose", "A Christmas
Secret", "The Primitive Guy",
"The Monkey's Viewpoint", "A
Juvenile Opinion", and many
others.

All in all a good program has
been arranged and the public is
extended a cordial invitation to
attend and enjoy an evening of
fine entertainment.

Confucius say, "The best fertil-
izer for any land is the footsteps
of its owner."

Sharp declines in prices re-
ceived by farmers for cotton,
corn and poultry products lower-
ed the general price level of
farm products 3.7 percent from
mid-October to mid-November.

Gaiety galore will prevail to-
morrow at the local schools when
the doors swing open to turn the
school children loose for the holi-
day season, it was announced here
this week by Supt. Wm. F. Talley.

Schools will be dismissed at
2:00 p.m. following a Christmas
program by the student body,
which will be held in the high
school auditorium.

School will be resumed Mon-
day, December 30th. Mr. Talley
concluded.

The rural Electrification Ad-
ministration has approved loans
to three cooperatives at Cost,
Mart, and Groesbeck, Texas,
totaling \$59,000.

Electric lighting in a poultry
house can keep the laying flock
on a 14-hour working day, there-
by avoiding the winter laying
slump.

Tax Reduction Means Budget Reduction . . .

A great many of the members of the coming Congress have pledged themselves to early income tax reduction. But it obviously cannot be done so long as we stagger along under a \$40,000,000,000 annual national budget in a time of peace and record employment. The inescapable prelude to tax reduction is a very sharp and drastic reduction in Federal spending.

The details of the budget are the function of the budget bureau and Congress. But there are certain directions in which many millions can be pared from the budget which are obvious to any citizen. Further Federal development of power dams is on. At the present time, the managers of such socialistic enterprises as TVA are crying for more funds. Eager advocates of new and immensely costly ventures, such as the Columbia Valley and the Missouri Valley authorities are pelting Senators and Representatives with their demands. And the fact is that none of these tax-exempt proposals would give the nation a single, solitary thing that highly-taxed private enterprise cannot give it if it is permitted to go ahead, free of the fear of destruction through socialization.

Private money, instead of tax money, will give us all the electric resources we can employ now or in the future. And private money would create vast new taxable resources for communities, the states and the Federal government. Socialized plants, on the other hand, remove property from the tax rolls and demand more taxes from all remaining tax payers.

Congress, if supported by the people, can make an excellent start in the direction of tax reduction through expense reduction by saying a firm "no" to all such schemes.

Presby Auxiliary Entertained in Northcutt Home

Monday afternoon of this week members of the Presbyterian Auxiliary and their guests were entertained in the home of Mrs. D. T. Northcutt. A lighted tree and other Christmas decorations were used in the reception room.

Mrs. Clyde Wright had charge of the program for the afternoon. She was assisted by Mrs. Bob Dickerson and Mrs. Perry Thomas, Jr., in giving a beautiful Christmas devotional prepared for the Presbyterian Auxiliary programs for this Christmas.

Mrs. Kemp Thompson gave a reading from Dicken's "Christmas Carol."

Mrs. Clyde Wright as the Wise Man, Mrs. Fred Lemons as Mary and Mrs. True Burson as the Angel, presented a "Christmas Fantasy" after which the ladies marched by and presented their gifts to Him. These gifts, a bushel basket full, will be taken to the Presbyterian Orphans' Home at Amarillo by Mother Northcutt so that they may be used for the children's stockings this Christmas.

Names had been drawn previously and each member presented her "name" with a gift.

The hostess, assisted by those who had received aprons, served a refreshment plate to the following ladies: Mesdames Sid Richards, Monroe Lowery, True Burson, Kemp Thompson, Obra Watson, Clyde Wright, Mother Northcutt, Clete Jacobs and Mary Jane, Perry Thomas, Sr., Perry Thomas, Jr., Dan Wulfman, Roy Mayfield, Bob Dickerson, Fred Lemons, Gatewood Lusk, Roy McMurtry, O. T. Bundy, Tony Burson and R. G. Alexander.

Study Club Gives Library Big Book Shower Saturday

The 1925 Study Club sponsors the Silverton Library, which was started with a small book shower in 1935. Since then the book shower has become an annual event.

Last Saturday the 1925 Study Club was made very happy by the generous response of the public to the Book Shower held in the Library. A lighted Christmas tree, and decorations of cedar and candles made this a festive occasion. Fifty-two guests called during the afternoon. Forty lovely books were given. The silver offering was thirteen dollars and three cents (\$13.03).

The Library now contains over two thousand (2,000) books and subscribes to twenty-five (25) magazines.

Spiced tea and cookies were served to the guests from 2:00 to 5:00 o'clock.

Those present at the party were: Pat, Glynona, Millie, Lettie, Fern, Sydney, Billie Ann, Beth, Ann, Joy Faith, Kay, Mary, Faith, Junis, Shirley and Sandra.

Weekly SURPLUS NEWS WAA

Satisfying more and more merchants, veterans, small town and county governments in their purchases of surplus government property is the prime aim of Karl E. Wallace, Fort Worth regional director of War Assets Administration. This week he established a new Customer Service division on the 6th floor in the regional offices in the T & P Building, Fort Worth.

Headed by Bill Bishop, the Customer Service division will aid buyers in filling out orders for all goods now in inventory and, as an added service, if the desired goods are not in the 105 counties of Texas comprising the Fort Worth region, Bishop will channel orders to any of the other 32 WAA regions where desired property may be on sale. It will make buying from WAA simpler, faster and more satisfactory in every respect.

The disastrous fire which destroyed 12,220 square feet of the Tipton Orphans Home at Tipton, Oklahoma, enabled the Fort Worth WAA office to show how quickly it can act. To alleviate the suffering of 500 children, who were left without housing or schooling facilities, D. D. Myers, chief of the Public Interest division, slashed red tape and started making deliveries of badly needed surplus property within 72 hours from the first request made by W. I. Yoakum, dean of boys at the home. Kitchen equipment, bedding, furniture and other dormitory needs, school supplies, wood working shop equipment and sewing room equipment were speedily located and shipped to enable the school to resume operations.

If you have the coal—WAA has the stoves. WAA is offering 2800 surplus army barracks stoves at \$5.78 each—in minimum lots of five—to veterans in business and others December 20th. Orders from priority groups and commercial dealers will be filled after January 3 in priority sequence. The sale is being conducted by the Kansas City WAA office.

Mrs. D. R. Blackerby visited friends and relatives in Fort Worth recently. She returned home the first of the week.

WCS Has Xmas Party Monday

The Womens' Society of Christian Servie met in the home of Mrs. S. R. Turner on Monday, December 16, at 2:30 p.m., for their annual Christmas program.

The president, Mrs. R. M. Hill, opened the meeting with an inspirational talk on "The Good Tidings of Great Joy." The group then sang "Joy to The World." Rev. Barnett then led in prayer, after which Mrs. Shafe Weaver sang "Silent Night."

Mrs. Jeff Simpson read the Christmas story from the second chapter of Luke. Mrs. W. A. Dickerson read the poem "Going Home for Christmas" Mrs. Shafe Weaver then sang "Away in a Manger" followed by the group singing "O Come, All Ye Faithful."

After exchanging gifts, refreshments of fruit cake with whipped cream and coffee were served to the 16 members and the pastor.

Entertained With Xmas Party in Montague Home

Miss Lavelle Montague entertained with a Christmas party at her home South of town Wednesday night.

After playing games and exchanging gifts, refreshments were served to Lillian Brooks, Wilford Thomas, Bertha Pavlicek, Annette Wulfman, Eunice Elkins, Annette Wilson and the hostess.

"Gives You Texas"

I'm getting tired of looking at half-page ads in the Sunday papers, advertising new automobiles. I'd just like to see some new automobiles. And, by the way, since the so-called manufacturers don't seem to be manufacturing any automobiles, where do they get the money from to pay for those ads?

A young man was sitting in the T. & P. station in Fort Worth holding a baby in his arms. The baby began to cry, attracting everyone's attention. A man walked over with a smile of pity on his face and asked, "A woman gave you that baby to hold while she went to see about her baggage, didn't she?"

"Yes."

The man began to laugh and then remarked, "I tumbled to the fact as soon as I saw you. You expect her, I suppose?"

"Of course."

Again the other laughed, "This is rich! Looking for her, any minute?"

"That's right."

Once more the man laughed and then said, "I had a woman play that same trick on me once. Young man, you've been played for a hick. I would advise you to turn that baby over to a policeman and get out of here before some newspaper reporter gets hold of you."

The man holding the baby insisted, "She'll be back"

"What makes you think so?"

FARM FACTS WORTH KNOWING

What causes my cows to wood and pick up old bones new?
This indicates a lack of mineral in their rations. Make sure their diet has sufficient mineral. Or it may be that cows lack vitamins A and D which influence the absorption of minerals into the body.

How many turkey toms should be kept for breeders?
One tom for every 12 hens is the general rule, but if tom is practiced keep 50% toms than the above ratio, one tom for eight hens.

How can a hunting dog be bred of false pointing?
According to Earl Bufkin in "Hunting Your Hunting Dog," a recently published by the National Purina Co., St. Louis, false pointing is most often bred by excessive cautioning in the field. The master fears that the dog will overrun the birds and miss them. Thus the dog may be encouraged to stop and falsely point. Bufkin suggests that you let the dog do his own hunting and handling of game. Another

remedy is to wait for a point at a place where you are sure no birds are present and then simply ignore the dog and let him decide for himself that he is wasting time. Or the false pointer may be worked with an older dog who has too much sense to back an unproductive point.

Q. What percentage of lambs born finally reach market?

A. Only about two-thirds of the lambs born reach market. This average could be greatly increased through a program of good feeding, good breeding, sound management, and careful sanitation.

Q. What is the best type of hog for marketing?

A. Consumer preference plays a big part in determining the best type of hog. The "medium" or "middle of the road" type is more desirable than either the "chuffy", overdone hog or the rangy, underfed hog. The ideal type of hog should have a maximum of lean in proportion to fat and should have not more than 1 1/2 inches of fat over the back, loin, and hams.

Datis Martin, a cooper in the Rock Creek Conservation Group, is making plans to seed forty acres of Weeping Love Grass on his farm.

Early to rise, has been the motto of Tony Burson for the past few weeks as he has started mesquite eradication on his ranch land, using a D-7 crawler type tractor with a modified dozer attachment for tearing the mesquite and cedar from the ground. He is also using this same tractor with a regular bulldozer attachment and a carry-all for constructing stock water dams and farm roads over his ranch.

"Water is where you find it, but proper distribution is something else," says Wylie Bomar, of Silverton, who, with aid from Soil Conservation Service technicians, has started laying out an irrigation system on his farm.

Bray Cook thinks the time to build terraces on sloping land is now, and the equipment that can be successfully used is most any kind on the farm. He is completing construction of 18 miles of

terraces for the year, and in the process of building has used a disc terracer on a John Deere farm tractor, a two-bottom mold board plow, a harrow and a Fresno.

The Board of Supervisors of the Cap Rock Soil Conservation District met in their regular meeting on Friday, December 13, 1946, with the following members present, Earl I. Cantwell, Chairman, Bray Cook, Pierce White and Obra Watson. Applications for Soil Conservation Work were approved for Vinson Smith, 320 acres; Lester Monk, 63 acres; Abbie Hawkins, 160 acres; and Tom Pierce, 160 acres. Cooperative Agreements were approved for the following farmers and ranchers: R. L. Mullins, E. M. Bass, J. R. Stroup, W. A. Graham and L. J. Bedwell Estate.

Two Disc Terracers will be purchased by the Supervisors of the Cap Rock Soil Conservation District for the use of cooperators in building and maintaining terraces. These terracers can be used with Farm-all Model H and Model M, John Deere and Allis-Chalmers tractors. These terracers should be available by the end of the month and cooperators desiring to use these machines should contact their respective Group Leaders, or in the case of cooperators not having Group Leaders contact Mr. Pierce White, Quitaque, Texas. There will be a nominal maintenance fee charged for the use of these machines.

Veterans News

Transfer of the U. S. Naval hospital at New Orleans to the Veterans Administration for temporary use has been approved by President Truman and the Federal Board of Hospitalization.

The Naval hospital, which has a 600-bed capacity, will be opened to veterans as quickly as a suitable staff can be assembled. Dr. Lee D. Cady, VA's Medical Director for Texas, Louisiana and Mississippi, said.

In addition to the temporary facilities at New Orleans, VA's medical service now has 7,260 beds available for veterans in hospitals in the tri-state area administered by the VA Dallas branch office.

A total of 144 American veterans were studying in educational institutions of 16 foreign countries under the GI Bill on October 1, the Veterans Administration disclosed.

Two hundred and twenty-three others also had attended foreign schools up to the same date, but 143 had concluded short summer courses, chiefly in Mexico and Canada, and the remaining 80 had discontinued their studies for a variety of reasons.

Of the grand total of 387 who had enrolled in foreign schools under the GI Bill up to October 1, 164 had attended schools in Mexico and 111 in Canada.

About 40 per cent of all veterans studying abroad were enrolled in English-speaking countries.

The average age of veterans studying outside the United States was 28.5 years, compared with the average age of 26 for students at entrance into U. S. schools.

Liberal arts was the most popular course; Latin-American courses were second, and medicine ranked third.

A MESSAGE OF LOVE (CHRISTMAS LESSON)

LESSON TEXT—John 3:16; Ephesians 3:14-21.

MEMORY SELECTION—Thanks be unto God for his unspeakable gift.—II Corinthians 9:15.

When Jesus was born in Bethlehem there were only a few men and women of faith who could see in the Babe of the manger the glory and the power of Christ. It was a dark and unbelieving age into which he was born—and who will say that it is different in the day in which we celebrate Christmas, 1946.

Indifferent, ignorant and sinful people are glad to try to capitalize on the spirit of Christmas, but they still despise and turn away from the Son of God, Jesus the Saviour.

It behooves us, therefore, to present once more the message of the Saviour who came at Christmas, that all men may hear of him.

Our lesson speaks of God's great gift of love and tells what manner of men and women we should be because he did give his Son for us.

I. God's Christmas Gift to Us (John 3:16).

God loved—so God gave. Love prompts the heart to give. One may give without loving, it is true, but one cannot love without giving.

God's love for man existed from all eternity. It provided a way of redemption for man and in due season the Saviour came, to live, to love, to die for all mankind.

It was no chance event no accident in history; it was the heart of God speaking in his unspeakable gift II (Cor. 9:15) of his only begotten Son.

That leads us to our second Scripture and our second point. We who receive gifts try to express our appreciation in a polite and proper way.

II. Our "Thank You" to God (Eph. 3:14-21).

Paul's prayer for the Ephesian church (and for us also who are in the "family," v. 15) tells us how we may by our lives as Christians express our gratitude to God.

The church of Christ, made up of those who are believers in him, should show its relationship to God, and its appreciation of his grace by its

1. Strength (v. 16). It does not honor God nor is he properly represented in the world by those who are spiritually weak and ineffective.

It is the privilege of the believer to be "strengthened with might" (v. 16) and this takes place as the Holy Spirit has liberty "with power penetrating to your inmost being," as Weymouth translates it. No part of man's inner being is then left weak or without the light and grace of the Holy Spirit.

2. Love (v. 17). This is the strong foundation of all spiritual development and usefulness. Roots are put down deep (as we change the figure of speech) to hold the life steady, and to provide the nourishment for spiritual living.

This is all possible because Christ makes his home in the heart. Think of the privilege of making such a guest feel at home in our hearts! Let us be grateful, and let us recognize him and honor his presence.

3. Knowledge (vv. 18, 19). The believer has to know not only the knowable, but also that which passes knowledge, namely, the love of Christ.

We shall grow in grace as we grow in the knowledge of the love of Christ (II. Pet. 3:18). We with all of God's people—what a great and delightful company—are to comprehend, to really grasp, the length and breadth and height and depth of his love.

We say with the psalmist, "Such knowledge is too wonderful for me; it is high. I cannot attain it" (Ps. 139:6). But then we remember that it is as Christ dwells "in our hearts by faith" (v. 17) that we are able to comprehend such truth.

Most Christians live on a very

low plane, going along with a limited and unsatisfactory Christian experience when all this is available to them by faith.

4. Faith (v. 20). Here we see why it is possible to do the impossible, to know that which passes knowledge, to see the unseen. It is by faith in him who "is able to do infinitely beyond all our highest prayers and thoughts" (Weymouth, v. 20) and we attain unto this blessed place of blessing.

So this is the "Thank You" that God wants this Christmas. He wants the unbeliever to turn to him in faith, and the believer to really be what he ought to be and can be in Christ. Then a man's whole life will say, "Thank you, Lord, for saving my soul."

For the tenth successive year the writer of these notes expresses to his readers everywhere his good wish for a most blessed Christmas both in heart and home. May the Lord give us all special grace this year to thank

him for his great Christmas Gift by a life wholly dedicated to him.

Mr. and Mrs. Bob Dickerson, Ernest Dickerson and Mr. and Mrs. Alvie Mayfield attended the funeral of Geoyre Childress at Tulia Sunday.

Mrs. E. Hudson and son of Tulia visited with Mr. and Mrs. John McCain Sunday. In the afternoon, they all visited with Mr. and Mrs. Fred Fortenberry at South Plains.

Prevention and Cause Of Athlete's Foot Are Given by Dr. Cox

The common disease, popularly known as athlete's foot, is said to be the third most common disease seen by skin specialists during the summer, and the fifth most common disorder in winter. It is due to a little mold-like growth or fungus which thrives best where there is moisture and warmth. Therefore the feet make an ideal place for the growth of this germ.

"To have athlete's foot, the infection must be gotten either directly or indirectly from someone else" states Dr. George W. Cox, State health officer. "The most common places to contract the infection are around shower rooms, baths or bath houses, locker rooms, and other public places where persons go barefoot. And it is probable that at least one-half of all adults suffer from the infection at some time."

Dr. Cox suggested the following as some effective measures for preventing and avoiding recurrent attacks of athlete's foot:

1. After bathing, dry carefully and thoroughly the spaces between the toes.
2. Liberally apply a plain, unscented talcum to those areas and sprinkle it freely in socks, stockings, and shoes.
3. Wear properly fitting hose, that are absorbent but not too coarse.
4. Wear shoes that are not too tight, nor too large. They should fit the foot comfortably.

CO "SOME" WOMEN

By T-5 Robert H. Long

I'm sorry we fail to please you, girls.

You gals that write C & Q. I'm sorry our moral standards Don't quite agree with you.

Sure, we GIs have our gripes. Things that surprise you all. Gripes like—no mail at mail call. Or the chow at the mess hall.

It's too bad you had to come. To the honey bucket land. To come in contact with the vain GIs. And suffer great disdain.

You gripe about the water. Turned off from three to four. Complaints come in about the rug That adorns the parlor floor.

You use to press upon us. Degraded "Bill" and "Lou". You criticize and satirize. The guys that fought for you.

We won't stick up for the guy that's wrong. And for harm he's done to you. But some of us are gentlemen. And I—good soldiers too.

We'll try to bear with you, ladies. But get this in your dome. If the cocktails here get too darn bad. Just take the next boat home.

American dollars were worth 50 per cent more in 1926 than in 1920 when inflation of the first World War was at its zenith.

profit of from \$100 to \$200 per acre. Frank Davenport, Dallam county farmer harvested over 47 tons of broomcorn off 210 acres. Showing just how good a cash crop the broomcorn is, County Agent Simms says that Davenport sold the crop for \$300 a ton, which, after deducting production and processing costs amounting to \$100, gave him a net of approximately \$200 on each ton. How Davenport came out on a crop-rent arrangement is another success story concerning broomcorn. Simms says Davenport bought a quarter section of Dallam county land last spring for \$6 an acre, and rented it to be planted in broomcorn for one-sixth crop rent. The payoff on his rent amounts to approximately \$10 an acre this year, covering the entire cost of the land plus \$4 profit, from only one crop of broomcorn.

FARM MARKET—

sorted light egg supplies at firm prices ranging from 45 to 50 cents per dozen for current receipts, depending on market location.

Cattle advanced 25 cents to a dollar a hundred at most southwest markets last week. Houston sold common and medium steers and yearlings at \$12.50 to \$16 and canner and cutter cows at \$8 to \$10. San Antonio moved medium grass steers at \$16 to \$18.75 and common and medium calves at \$10 to \$15. Fort Worth quoted medium and good slaughter steers and heifers at \$16 to \$22 and common medium calves at \$10.50 to \$15. Most medium and good short fed steers averaged \$17 to \$23 at Oklahoma City where cows were down at \$12 to \$14. Medium and good light steers and yearlings realized mostly \$18 to \$23 at Wichita. Good steers sold at \$20 to \$25.25 at Denver.

Hogs closed 25 to 75 cents lower with top butchers quoted at \$22.50 per hundred at San Antonio; \$23 at Fort Worth and Denver; \$23.25 at Oklahoma City; \$23 to \$23.50 at Wichita. Sheep and lambs held steady at Texas markets but were lower at other terminals last week. Good and choice lambs brought \$19.25 to \$19.50 at San Antonio; \$22 at Oklahoma City and Denver; \$21.75 to \$22.25 at Wichita. Medium and good fat lambs brought \$17 to \$20 at Fort Worth.

Wool moved slowly. Some 1943 and 1944 Texsa wool was being revalued. Some buyers found it impossible to buy this revalued wool at present prices. Adult mohair was quoted at 62 cents per pound to growers.

Peanut market for farmers' stock was weak and prices remained mostly at support level.

Texas continued to lead the southwest in fruit and vegetable shipments. Rio Grande Valley prices for white grapefruit and early oranges rolled futher downhill. Tomatoes and peppers advanced slightly with the season drawing to a close. Cabbage firmed a little, but carrots were draggy. Texas spinach declined. Louisiana, Texas and New Mexico sweet potatoes remained firm. Colorado potatoes and onions were steady to weak.

CHRISTMAS TIME IS

Stock Up

TIME

With the holidays rapidly approaching now is the time to stock up with a good supply of quality staple food items in order that your Christmas menu will be "up to par". And for staple groceries that are as good as the best, may we suggest that you pay us a visit this weekend.

Our shelves are well stocked for the holiday season but we advise you to shop early in order to get most of the things that you will surely want for Christmas Dinner. Many food items are scarce and stocks of some merchandise are limited.
