Foot & Mouth Disease Threat to Meat Supply

Foot and mouth disease should be feared among American livestock, and easily strip the country's meat and milk supply down to starvation levels.

A warning came this week from the American Veterinary Medical Association as the nation's veterinarians kept a 24-hour watch for signs of foot and mouth disease outbreaks in cattle imported from Mexico.

Appearance of the disease in the United States recently caused the United States to close its borders to such imports, but there is great danger that cattle brought across prior to the embargo may yet spread the disease. In fact, the Association says, outwardly healthy animals harbor the agent of this disease, a virus, for an indefinite period and spread it long after the outbreak has seemingly subsided.

Cattle brought in from Mexico to the border was closed may, therefore, have planted infection in American herds that will not be evident for many months.

Threat to Humans

The deadliest form, foot and mouth disease can either kill or maim valueless practically all of the cattle, sheep and hogs it attacks. The Association points out, however, the caution that it sometimes attacks human beings. It also attacks deer and all wild animals of the deer family. Although this disease is widespread in many foreign countries, it has not been reported in the United States since 1929.

Local Danger Underestimated

Probably because the government has been so successful in its fight against foreign sources of infection, the Association believes, people have underestimated the damage this disease can do.

Threats to the health of American herds should bring renewed understanding of the danger of this disease and the need to follow it if foot and mouth disease should strike, these veterinarians emphasize. They believe that while America is praised today as the world's largest place to raise livestock, it may remain so through the absence of strict embargoes.

T. C. U. To Be 75 Years Old Next Year

Texas Christian University will be 75 years old in 1948 and plans are already taking form to celebrate the "Diamond Jubilee."

Col. Earl Gartin of Greensburg, Indiana, and Walter Britten of College Station, Texas, have been employed to cry the sale. The show and sale will be held in the big gas-heated sales ring located at Recreation Park one mile east of the city limits on highway 60.

Cattle will be placed by Mr. W. L. Stangel, Dean of Agriculture school at Texas Tech at Lubbock, on the 24th. Stangel will also judge the Junior Livestock Show—an annual feature sponsored by the Chamber of Commerce Agricultural Committee, and held in connection with the Hereford Breeders annual show and sale.

The Junior Livestock show will include 4-H Club and Vocational Agriculture Livestock from both Gray and Roberts counties. Last year's sale of Junior Livestock was one of the best held in the State, with the Grand Champion calf bringing \$1.00 per pound; the Grand Champion pig \$1.50 per pound; and the Grand Champion lamb \$1.00 per pound; with an over-all average of 40.7 cents per pound.

The placing of classes of the Junior Livestock Show will begin promptly at 9:00 a.m. on the morning of the 24th, and the judging and placing of breeding cattle for sale purposes will begin promptly at 1:00 p.m. on February 24th. The Junior Livestock will be sold beginning at 9:00 a.m. on the morning of the 25th, while the breeders sale will begin at 1:30 p.m.

Representatives from all of the leading cattle magazines are expected to be present at the sale. L. A. Maddox of Miami is President of the Top O' Texas Hereford Breeders association, and Floyd Imel is Chairman of the Agriculture Committee of the Pampa Chamber of Commerce, sponsors of the Junior Livestock Show.

Top O' Texas Show To be Held in Pampa Next Week

The Top O' Texas Hereford Breeders association annual show and sale to be held in Pampa next week on February 24th and 25th is expected to produce an all time high as to quality cattle. Thirty bulls and fifteen females picked from some of the best herds in the Top O' Texas area will be offered for sale.

Col. Earl Gartin of Greensburg, Indiana, and Walter Britten of College Station, Texas, have been employed to cry the sale. The show and sale will be held in the big gas-heated sales ring located at Recreation Park one mile east of the city limits on highway 60.

Cattle will be placed by Mr. W. L. Stangel, Dean of Agriculture school at Texas Tech at Lubbock, on the 24th. Stangel will also judge the Junior Livestock Show—an annual feature sponsored by the Chamber of Commerce Agricultural Committee, and held in connection with the Hereford Breeders annual show and sale.

The Junior Livestock show will include 4-H Club and Vocational Agriculture Livestock from both Gray and Roberts counties. Last year's sale of Junior Livestock was one of the best held in the State, with the Grand Champion calf bringing \$1.00 per pound; the Grand Champion pig \$1.50 per pound; and the Grand Champion lamb \$1.00 per pound; with an over-all average of 40.7 cents per pound.

The placing of classes of the Junior Livestock Show will begin promptly at 9:00 a.m. on the morning of the 24th, and the judging and placing of breeding cattle for sale purposes will begin promptly at 1:00 p.m. on February 24th. The Junior Livestock will be sold beginning at 9:00 a.m. on the morning of the 25th, while the breeders sale will begin at 1:30 p.m.

Representatives from all of the leading cattle magazines are expected to be present at the sale. L. A. Maddox of Miami is President of the Top O' Texas Hereford Breeders association, and Floyd Imel is Chairman of the Agriculture Committee of the Pampa Chamber of Commerce, sponsors of the Junior Livestock Show.

Home Gardening Is Smart Move for 1947 A & M Says

High cost of living and the low price of a vegetable garden makes home gardening a smart move this year, say Extension horticulturists of the Texas A. and M. College.

Giving pointers on February and March plantings, the horticulturists say that such vegetables as English peas, beets, carrots, spinach, lettuce, Irish potatoes, sweet corn and cabbage should be planted early. These are cool season plants, and may be planted now in Central, East and West Texas. In the southern part of the state, it may be advisable to substitute other plants, such as mustard or Swiss chard, for these cool season vegetables.

The horticulturists warn gardeners not to plant the entire garden now. Space should be left for tomato plants, pepper plants, butter beans, okra and eggplants. These vegetables can be started now in a plant bed, however, and given protection on cold days. Six or eight weeks later they'll be ready to transplant in the open garden. This practice will give the slow-growing, frost-tender plants a good head start, and make it possible for the gardener to have them out in the garden and producing vegetables from six weeks to two months earlier than usual.

Home gardeners can always call on county offices of the Extension Service for help on any phase of gardening, the horticulturists say.

Floyd Water Drops 4.2 Ft. In 1946 Report Says

A report on water levels on the high plains just released by the Texas Board of Water Engineers shows that underground water levels in Floyd county declined 4.2 feet in 1946. Hale county had the next largest decline of all South Plains counties with 2.2 feet.

The report, prepared in cooperation with the U. S. Geological Survey, states that approximately 5,500 irrigation wells were in operation on the high plains in 1946, an increase of approximately 1200 over 1945. It was estimated that 550,000 acres were irrigated in 1945 and 650,000 acres were irrigated in 1946, an increase of 100,000.

The number of irrigation wells was estimated at 418 in Floyd county, Hale county 1,005, Lubbock county 590, Swisher county 527, Deaf Smith county 405, Lamb county 390, Castro county 290, Bailey 200 with lesser numbers in other counties.

After the report had been prepared in November the co-operating agencies decided to make an additional measurement in January and the levels shown include that measurement. Measurements were made in every variety of well including stock and domestic wells, irrigation wells that had been idle for 4 months or more, some that had been unused for several years, others in heavily pumped districts and others in areas of light pumping.

Of the 163 wells measured, 146 showed declines. Fifteen of the wells showed rises ranging from a fraction of a foot to three feet.

The decline of water levels by counties from February, 1946, to January 1947, was reported as follows:

Bailey, 1.9; Castro, 2.1; Crosby, 1.9; Deaf Smith, 1.3; Floyd 4.2; Hale, 2.2; Hockley, 1.1; Lamb, 1.3; Lubbock, 2.1; Swisher, 2.1; and Briscoe county, unknown.

ENCOURAGEMENT

By Gertrude P. Arnold—
Quite often words of encouragement
Lodge within uncultured brain
Of someone searching for knowledge
Desiring thereby to obtain
Wisely degrees of understanding
By cultivating common sense,
Uniting time and work and talents
With adequate self-confidence.
Kind-hearted, intellectual scholars,
Answer to the amateur's call,
Constructive ideas promoting
action
Were intended for one and all.
 Oftimes the humble life advancing
Becomes reliable, prominent,
Because someone greatly interested
Gave friendly encouragement.

Mrs. D. W. McKay has as her guest her son, William McKay, and Mrs. McKay and son of Kermit.

Mr. and Mrs. Drew Holcomb and daughter were Sunday guests of Mr. and Mrs. T. G. Olive.

Mr. and Mrs. Floyd Wood and Keith spent Sunday with Mr. and Mrs. Billy Wood.

Dogs and Cats May Spread Brucellosis To Man

Brucellosis, commonly called Bang's disease in cattle and undulant fever in man, can infect dogs and cats without their ever showing outward signs of the disease, according to the Journal of the American Veterinary Medical Association.

This fact should be given serious thought by all pet owners, the Journal says, because it appears that dogs and cats may be capable of spreading this disease to their owners, as well as to other animals. Common site of brucellosis infection in pets is the genital organs, and often it can be detected only through an autopsy.

SWING OF THE SOUTHWEST FARM MARKETS

Strength featured the farm markets last week, as most commodities held their own or sold at higher prices, according to the Production and Marketing Administration, USDA. Weak spots appeared in some livestock terminals, however, and feed continued downward.

Cattle moved at mostly fully steady to higher prices at southwest terminals although beef steers and yearlings were weak at Fort Worth, and calves showed some weakness at San Antonio. Good to choice calves brought \$18.50 to \$22.25 per hundred at San Antonio; \$17.00 to \$20 at Fort Worth and Denver; and \$17 to \$18.50 at Wichita. Medium to good cows turned at \$12 to \$14 at San Antonio and Fort Worth; while common to good kinds sold for \$11.50 to \$14.50 at Wichita and \$11 to \$14 at Denver.

Hogs netted mostly 25 to 50 cents advance for the week at Texas markets, but were only steady to even lower at other southwest points. The week's top was \$23.50 at San Antonio; \$24.50 at Fort Worth; \$25.85 at Wichita; and \$26.25 at Denver.

Sheep ruled steady to strong at southwest terminals except for weakness on fat lambs at Denver. Good and choice lambs moved at \$19 to \$20 at San Antonio; and \$21.50 to \$22.60 at Wichita. Medium and good kinds brought \$20 to \$22 at Fort Worth and \$22.50 at Denver. Wool sales were limited largely to revalued lots heavily discounted for moth damage or deterioration. Contracting of spring clip mohair in Texas had reached about a half-million tons.

Grains strengthened materially last week. Wintry weather reduced marketings and demand continued active. At Fort Worth and Galveston, wheat and white corn were each about a nickel higher than the previous period, while yellow corn gained three cents. Oats were up two cents per bushel, and sorghums three to six cents per hundred pounds. Rice markets continued firm, with domestic and Cuban demand active. Feedstuffs showed a steadier tone, but wheat millfeeds, gluten feed, and cottonseed meal continued their downward trend. Hay supplies were sufficient for immediate and nearby needs, and quoted prices remained unchanged.

Fair to good demand for seasonally increasing supplies of fresh eggs held prices mostly steady at Texas markets, at 35 to 36 cents per dozen. Denver reported light demand and weaker

Last Rites for Earl Bell Held in Lubbock Friday

Funeral services for Robert Earl Bell were held Friday afternoon at 3:00 o'clock from a Lubbock Church of Christ. Earl Cantwell of Silverton officiated.

Earl, son of Fred S. and Ida Pearl Bell, was born September 14, 1905, at Frost, Navarro county, Texas. In 1942 he moved with his parents to Lubbock county. He later came to Briscoe county and on December 21, 1924, he married Miss Minnie Mae Francis.

Mr. Bell and his family moved to Lubbock in 1942, where he began Civil Service work. First he worked at L. A. A. F. and was then transferred to S. P. A. A. F., where he worked until about five weeks ago. He was then transferred to a base at Hobbs, N. M. He was working here at the time of his death, which came at 12:08 the morning of February 12. He met instant death in an automobile accident near Hobbs.

Bell was converted in October 1933 at Rock Creek. Ollie L. Cantwell was in charge of the services at this time.

Survivors include his wife; two sons, Roland Earnest and James Earl; one daughter, Modine Marie; his mother, Mrs. Ida Pearl Bell; two brothers, Thomas Elden of San Antonio and Morris Edwin of the U. S. Army, who is somewhere at sea; three sisters, Mrs. Al Mahaffay of San Juan, Mrs. T. B. Tallafiero of Orange and Mrs. H. G. Doyle of Abilene.

Pallbearers were five nephews, Garland Francis, Hollie Francis, Charlie Francis, Irvin Francis and Edwin Loftis and a cousin, Collins Bell.

Interment was in Memorial Park Cemetery, Lubbock.

Attend Bell Funeral Friday

A large number of friends and relatives from Silverton attended Mr. Bell's funeral.

Those from here attending were: Mrs. R. M. Hill, Mrs. Troy Burson, Mrs. Rex Dickerson, Mrs. Joe Mercer, Mr. and Mrs. Alton Steele, Mr. and Mrs. Edwin Crass, Lee Deavenport, Mrs. Earl Cantwell, Mr. and Mrs. J. Lee Francis and children, Mr. and Mrs. Louie Kitchens and Joe. Mr. and Mrs. Wade Steele, Mr. and Mrs. Louis Francis, Mr. and Mrs. Hollie Francis, Mr. and Mrs. Charlie Francis, Mr. and Mrs. Floyd West and children, and Mrs. Milton Frizzell and children.

Vern Kindrick, 9 Receives Broken Leg In Fall Saturday

Vern Kindrick, 9-year-old son of Mr. and Mrs. A. N. Kindrick of Parnell, received a broken leg when he fell from a horse he was riding Saturday.

The lad was taken to the Children's hospital, where the limb was set. He is reported to be getting along fine.

Vern is the grandson of Mr. and Mrs. J. J. Vardell.

Mr. and Mrs. H. Roy Brown visited with Mr. and Mrs. Sid Brown at Cedar Hill Sunday.

"Higher" Education . . .

One of the most alarming disclosures of the thinking of our time is contained in a two-volume standard text on economics in use in more than 100 universities. During the war it was the official manual on economics of the Armed Forces Institute. As such it was available to millions of young people seeking to educate themselves while serving their country. Significantly, this text, after much controversy, has been withdrawn from the curriculum of the Institute.

Page after page contains implied or direct condemnation of private venture and private property. It is so written that a gradual and confiscatory expansion of government authority seems the only solution to all major problems. The rich man is condemned time and again, and tax laws are advocated by the supposedly impartial authors which would utterly abolish wealth and finally result in state ownership of all land and accumulated savings.

On page 435 of volume two, socialism and communism are discussed. As to how these political theories could attain supremacy, the authors state, "Opinions differ as to the method by which land and capital would be brought under the ownership of society. It is sometimes suggested the present owners should be expropriated by violence and revolution . . . Many people realize, however, that such measures, while they might bring quick and thorough results, are subject to grave dangers. They are likely to repel all who are motivated by humanitarianism. Moreover, to cut down ruthlessly the present owners of land and capital would deprive society of some of the most capable executives and administrators. And if revolution were attempted but failed, society might swing to the opposite extreme so that collectivism would be impossible for many years to come . . . For these and other reasons, it seems that socialism, if it is to come, should await the time when a sufficient number of citizens appreciate its merits so that it can be voted into existence. But, in any event, if land and capital are to be acquired by society, there will remain the question of whether confiscation or purchase is the better method of procedure. In general, purchase appears to be sounder than confiscation. Of course, the compensation of present owners would perpetuate, for a time, the great inequalities in wealth and income to which socialists object so strenuously. However, since the lump sums or annuities, which might be granted to the present owners, would not be transferrable to their heirs, this problem would be a temporary one."

At no point is the fact brought out that sweeping destruction of private ownership of property, as envisioned above, would necessarily result in abolition of the American form of government which is based on the sanctity of certain individual rights, including the right to the ownership of property. Thus, the doctrines of communism are attractively presented to hundreds of thousands of immature minds in American universities.

A farmer who had spent his life in the country, retired and moved to the city. On the first morning in their new home, his wife said: "Well, Pa, it's about time you started the fire." "Not me!" he replied, nestling down deeper in bed. "We might as well start right now getting used to all the city conveniences. Call the fire department!"

Harry: "But, dear, don't you want to marry an economical man?"
 Doris: "I suppose so, but it's perfectly terrible being engaged to one."

Optimist and pessimist are often wrong, but the optimist has the most fun.

THE STATE OF TEXAS

TO: Robert N. Kaneen Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Briscoe County at the Court House thereof, in Silverton, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of April, A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 8th day of November, A. D. 1946, in this cause, numbered 1307 on the docket of said court and styled Violet Marie Kaneen Plaintiff, vs. Robert N. Kaneen Defendant.

A brief statement of the nature of this suit is as follows, to wit:

A Suit for divorce, and for the custody of the minor child of Plaintiff and Defendant, wherein Plaintiff seeks a divorce from Defendant by reason of the cruel treatment and tyrannical conduct by Defendant toward Plaintiff; Plaintiff also seeks the custody of their minor child, Teddy Bob Kaneen; there are no property rights involved, and Plaintiff seeks no order with reference to support of said child, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Silverton, Texas this the 19th day of February, A. D. 1947.

Attest:
 Dee McWilliams Clerk,
 District Court, Briscoe County, Texas
 (SEAL) 7-4c

THE STATE OF TEXAS

TO: Nona Wyatt Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Briscoe County at the Court House thereof, in Silverton, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of April, A. D. 1947, then and there to answer

FARM FACTS WORTH KNOWING

Q. What causes Coryza, or common cold, among poultry? Can it cause heavy losses?

A. A germ, Hemophilus gallinarum, which gains entrance into the nasal chambers is considered the primary cause of this disease. In the milder form the disease may be unnoticed. In more severe cases, accompanied by sneezing and gasping, there may be numerous

deaths, and affected birds may go off feed and gradually "waste away."

Q. How much should a cow produce a year to be a money maker?

A. According to the Program for Dairy Cattle published by the Ralston Purina Company, in general any mature cow which can't give 300 lbs. of butterfat a year will never make much money. Many cows giving less than this, though, could reach this money-making point if fed properly balanced rations in the right amounts. Here is what 300 lbs. of butterfat a year equals in milk:

	lbs. a day	lbs. a year
Jerseys	20	6,000
Guernseys	22	6,500
Ayrshires	25	7,500
Brown Swiss	25	7,500
Mixed Herds	27	8,000
Holsteins	30	9,000

Q. What is the advantage of raising broilers on the floor rather than in batteries?

A. Broilers raised on the floor

are of high quality because

1. Good feathering.
 2. Low shrinkage when ported to market.
 3. Few breast blisters or formities.
 4. Good fleshing quality.
- Q. How can the cattle get the most out of fodder?
- A. First use all suitable for feed. After the cattle used all the fodder they have for feed, use the remaining bedding, and in this way fertilizer for the fields.

Send your questions about farm management to FARM MANAGER, 855 South Eighth Street, St. Louis, Missouri. Questions will be answered without charge, either by mail or column, as a service of this paper.

Over 63,000 World War veterans are studying right on the farm under Federal laws administered by Veterans Administration.

John Henry Crow, who attended Texas Tech at the weekend spent the weekend with his parents, Mr and Mrs Crow.

THE GOOD SHEPHERD

LESSON TEXT—John 10:7-18. MEMORY SELECTION—I am the good shepherd: the good shepherd gives his life for the sheep.—John 10:11.

An open door! How inviting! Jesus had just been talking to the man once blind (John 9) who had seen the temple door closed against him...

I. The door of the Sheep (vv. 7-10). The preceding verses of chapter 10 are important, for they identify Jesus as the true Shepherd...

Do you know his blessed voice? Have you responded to his call? Will you follow him? Decide now. Consider the beautiful figure of the shepherd as the door of the sheepfold...

II. The Keeper of the Sheep (vv. 11-13). We think of sheep as peacefully grazing on the hillside—an idyllic picture in the summer sunshine...

III. The Saviour of the Sheep (vv. 14-18). He laid down his life for the sheep. Ah, yes, it is all too true that evil men laid wicked hands on him and crucified him...

Yes, he died for us, but he also died for every lost soul who will hear his voice. There are "other sheep" about whom the Lord is deeply concerned...

The present wartime price-support program will end December 31, 1948. A dollar or two spent for vegetable seed pays big dividends in food, health and economy.

PRESBYTERIAN CHURCH Sunday School 10:00, PREACHING Each First Sunday 11:00, Each Third Sunday 3:00, Auxiliary every 1st and 3rd Monday in the homes of the members

The wolves come out as the shadows gather. They come to kill and to scatter. Where then is the shepherd? If he is only a hireling, serving for what may "be in it" for him, he will flee.

How perfectly this pictures religious leaders, who, in spite of their swelling words and ingratiating manners, desert the flock in the hour of adversity. Fair-weather friends are they, who disappear when darkness and danger appear.

In the darkest hour Jesus is nearest at hand. He never fails. He has no fear, for has he not tasted the bitter death of Cavalry's tree for you and me? He is the Good Shepherd. He gave his life for the sheep. Those who have put their trust in him shall never be put to shame.

III. The Saviour of the Sheep (vv. 14-18). He laid down his life for the sheep. Ah, yes, it is all too true that evil men laid wicked hands on him and crucified him...

When the time came, Christ laid down his life in accord with "the determinate counsel and foreknowledge of God" (Acts 2: 23). He died for us, not as a martyr to a cause, or the victim of an accident or miscarriage of justice, but willingly, and for the glory of God.

Yes, he died for us, but he also died for every lost soul who will hear his voice. There are "other sheep" about whom the Lord is deeply concerned...

Giddon-Donnell Vows to be Read Saturday at Canyon

Mrs. Frances Giddon of Houston is announcing the engagement and approaching marriage of her daughter, Mary Frances, to Dean Donnell, son of Mrs. Cora Donnell of Silverton.

The vows will be read Saturday, February 22, at 10 o'clock in the First Methodist church at Canyon.

W. M. U. Holds Meet Monday with 12 Members Present

The W. M. U. of the First Baptist church met Monday afternoon with 12 ladies present.

After a short business session conducted by Mrs. G. R. Dowdy, Mrs. C. C. Garrison brought a devotional from the first chapter of James. Mrs. Buster Wilson, Mission Study chairman, taught the book "Shining Like The Stars."

The meeting was dismissed with a prayer by Mrs. Jim Bomar.

Lloyd Stephens spent Monday with Rance Stephens.

Mrs. C. L. Whitehead Named Honoree At Recent Party

Mrs. Barney Stephens entertained with a party Tuesday night honoring Mrs. C. L. Whitehead on her birthday.

Piano, guitar and violin selections were rendered during the evening. Games of "42" were played.

Cake, coffee, and hot chocolate were served to Mr. and Mrs. Bill Holt and Peggy; Mr. and Mrs. J. A. Ziegler, Joan and Riley Jr.; Mr. and Mrs. Jim Whiteley; Mr. and Mrs. Lee Deavenport and Roy Lynn; Mr. and Mrs. Fulton Gregg; Mrs. Morgan; C. L. Whitehead and children; Barney Stephens and children; the honoree and hostess.

COTTON GIRL

Warner Bros. "Cotton Girl of the Month" for December is Janis Paige. Here she wears a smart beige cotton dress. Only decoration is a bit of bright color along the throat line.

Recommendation by Social Security Adm. Made in Report

Extension of coverage under old-age and survivors' insurance to all gainfully employed workers is one of the recommendations of the Social Security Board in its eleventh and last annual report, John R. Sanderson, manager of the Amarillo, Texas, office of the Social Security Administration, said today.

In July of 1946 the Board was abolished, its functions transferred to the Federal Security Agency, and its organization designated as the Social Security Administration. The current report, required by the Board under the Social Security Act, is for the fiscal year 1945-46, and was submitted to Congress February 11.

Mr. Sanderson pointed out that the recommendation for extension was based upon ten years of administrative experience, which had demonstrated the feasibility of extension of coverage to the groups now without the protection of the program. Persons not at present able to earn protection under this program include those employed in agriculture, domestic service, non-profit organizations and Government service, and those who are self-employed.

In addition to protecting the groups not now covered, the extension of the program would reduce the number of persons who lose their rights to benefits by shifting in and out of covered employment, he added.

Another recommendation of the Board in the report calls for payment of benefits to insured workers during periods of permanent total disability, through expansion of the present Federal Government program of the old-age and survivors insurance. In making this recommendation for the inclusion of disability insurance, the Board said that the wage loss suffered by permanently disabled workers and their families probably runs from \$1,500,000,000 to \$2,000,000,000 a year.

A third major recommendation calls for changes in the method by which old-age and survivors insurance benefits are figured to increase the amount of the benefits, particularly for low-paid workers. The general level of

benefits should be raised, the report states, largely because of increased living costs.

Other recommendations of the Board call for increasing from \$3,000 to \$3,600 a year the wages that may be credited to the account of any worker, thus expanding the basis for determination of benefits, and an increase in the amount of earnings a beneficiary may receive in covered employment without having benefits suspended.

The board also recommended reduction of the qualifying age for all women beneficiaries from 65 to 60 years.

Soil building in East Texas and the coastal prairies depends largely upon the use of commercial superphosphate with clovers.

About 95 per cent of the substance in grass comes from light, air and water. The remaining 5 per cent is made up of nutrients from the soil.

Mr. and Mrs. Billy Woods have moved to one of the new apartments.

Mr. and Mrs. J. B. Nance of the Lone Star community spent Sunday with their son, R. Nance, and family.

Mr. and Mrs. D. V. Shelton of Canyon spent Sunday with their daughters, Mesdames Shirley and Kelton Newman. Little Newman returned home from a several day's visit.

Perkins-Edwards Wedding Vows to Be Read Soon

Mr. and Mrs. Marion Perkins are announcing the engagement and approaching marriage of their daughter, Frances, to Edward Edwards, son of Mrs. M. M. Edwards.

The wedding vows will be read the latter part of this month.

Former Resident to Mary Saturday

Mr. and Mrs. Walter Trengove are announcing the engagement and approaching marriage of their daughter, Evelyn A., to Teddy F. Hamrick, son of Mrs. Bertha Hamrick Burson of Washington state.

The wedding will take place Saturday, February 22, at the First Methodist church in Riverside, New Jersey.

Hamrick is the grandson of Mr. and Mrs. R. M. Hill.

The Bill Tennisons Honorees at Recent 6 O'clock Dinner

Mrs. Beth Joiner entertained with a 6:00 o'clock dinner Thursday evening in her home south of Silverton. Mr. and Mrs. Bill Tension were named honorees.

Baked chicken and dressing, creamed peas, potatoes, individual Valentine salads, hot rolls, cherry pie topped with nut cream and coffee composed the menu for the dinner.

Those present were Mr. and Mrs. Henry Howard, Mr. and Mrs. Floyd Williams, Beth Joiner, the honorees and the hostess.

Friends Entertained In Home of Joy Deavenport

Miss Joy Deavenport entertained a number of friends with a dinner Sunday evening at her home south of town.

Those present were La Nell Copeland, Mary Tom Bomar, Beth Joiner, La Rue Gilkeyson, Juanita Edwards and the hostess.

Jerry Patton Honored On Fifth Birthday

Mrs. James Patton entertained with a party honoring her son, Jerry, on his fifth birthday Thursday, February 14.

Punch and cake were served. Valentines and chewing gum were used as favors.

Those present were James Brown, Jeanette Brown, Susan and Joe Anderson, Joy and Waynell McCutchen, Paula and La Wanda Reid, Charles and Rebecca Cowart, Peggy, Dwain and Leloa Gean Davis, Glenda Ray and Mary Beth McWilliams, Myrnia Birmingham, Frankie Hunt, Jerry Dee and Larry McWilliams, Janice Donnell, Robert Hughes, Tom and Harry Thompson, Tommie Copeland, Derl Edwin and Reba Jo Maples, J. E. Patton and the honoree.

ROCK CREEK CLUB HAS MEETING

The Rock Creek Club met with Mrs. Eula Shelton February 11. One quilt was quilted by the group.

Three members, Mrs. Reed, Mrs. Ruth West and Mrs. Florene Fitzgerald, and one visitor, Mrs. Ruby Lee Ederman, were present.

The next meeting will be Tuesday, February 25, in the home of Mrs. Ruth West. Every lady in the community has an invitation to be present.

Quality Printing at the News-

John Vaughan, 73 Honored at Surprise Dinner Thursday

Mrs. John Vaughan and her children honored Mr. Vaughan with a surprise dinner on his 73rd birthday, Thursday, February 13.

Guests arrived at noon bringing well-filled baskets of food. Two long tables were in the dining room. Each was centered with a large cake. One of the cakes was decorated with pink and white with 73 candles on it; the other was iced with white and decorated with red roses and green stems.

After a prayer, led by Rev. H. W. Barnett, a bountiful dinner was enjoyed by Mr. and Mrs. M. L. Welch Lynn, Othel, Claudia, Carol and Ronald; Mr. and Mrs. L. V. Vaughan of House, N. M.; Mr. and Mrs. Elmer Vaughan; Mr. and Mrs. Troy Wayne Vaughan; Mr. and Mrs. Bailey Henderson, LaJaun and Carl Dean of Lockney; Mrs. Sidney Rogers of Plainview; Mrs. Luther Vardell and Sandra Kay of Clovis, N. M.; Mr. and Mrs. Walter Brannon, Patsy, Lynda and Luellen; Mr. and Mrs. Hershel Vaughan, Clea and Harry Nell of Hollis, Okla.; Mrs. E. H. Vaughan, Edd and Eural; Miss Lucindia Spencer; Mrs. Mary Rogers; Mrs. W. A. Stephens; Mrs. Loyd Stephens and Wayne; Mr. and Mrs. Arthur Grewe; the honoree and hostess.

Service Men and Guests Honored at Legion Supper

The American Legion Post No. 402 and the Auxiliary entertained with a dinner and "42" and skating party at the Veterans Hall Tuesday evening.

Those present were Mr. and Mrs. T. R. Whiteside, Mr. and Mrs. Edward Minyard, Mr. and Mrs. Berton Hughes and son, Mr. and Mrs. John McCain, Mr. and Mrs. Wayne Crawford, Mr. and Mrs. Conrad Alexander, Mr. and Mrs. Jim Stevenson, Mr. and Mrs. Arnold Brown, Mr. and Mrs. J. T. Gilkeyson and son, Mr. and Mrs. Ware Fogerson, Mr. and Mrs. Shirley Pitts, Mr. and Mrs. George Seaney, Mr. and Mrs. Clifford Alford, Mrs. Lewis Gilkeyson, Mrs. Alvin Redin, Mrs. Tom Bomar, Mr. and Mrs. Dee McWilliams, Misses Mable Littlejohn, Annette Wilson and Mary Dell Johnson, Garner Guest, Gene Vaughan, U. D. Brown, John B. Mercer, Joe Hood, Gordon Fore, Edwin Davis, John Earl Simpson, Edwin Dickerson, Carl Dean Bomar and Joe Powell.

Mr. and Mrs. J. R. Steele and son left Tuesday morning for Tonkawa, Okla., to visit his mother, Mrs. J. H. Stone. They will go from there to Kansas City, Mo., to visit relatives for a few days.

Mary Nell Kindrick spent the weekend with her parents, Mr. and Mrs. A. N. Kindrick, at Parnell.

Mr. and Mrs. Doc Wallace visited with Mr. and Mrs. T. D. Wallace Sunday.

Lona Ann Stephens spent Saturday night with Nelda Fay Montague.

WOMEN KEEP WARTIME JOBS

HOLDING FAST to a beachhead established during the war, 24 women employees in the engineering department of the Timken Roller Bearing Co.'s Canton factory, daily bend over drawing boards and find use for their triangles, compasses, dividers and other drafting equipment. Prior to World War II, Timken, like nearly every other manufacturing concern in the country, did not have a woman at work on engineering problems. But, when draft boards took two-thirds of the department's 60 men, six women were hired as an experiment. The experiment was a success and today the women are regulars. Each newcomer is given on-the-job training and some are so enthusiastic they have continued studies, leading to a degree in mechanical engineering, under a five-year cooperative plan offered by the University of Cincinnati. In the picture is Miss Evelyn Smith, 19-year old Canton girl, who went to work in the section 18 months ago. Neat, trim and pretty as can be, Miss Smith likes the work just fine. Asked if this was her career, she smiled prettily and replied, "Yes, that is until the right engineer comes along."

Veterans' News

All former members of the armed forces who had active service between October 8, 1940, and September 2, 1945, are eligible to apply for National Service Life Insurance, the Veterans Administration reports.

The only exception is when a person was specifically ordered to active duty for 30 days or less in the case of a few Reserve Officers, VA said.

A large majority of service men and women took out NSLI policies during their military service, but there were many who did not avail themselves of the government insurance and who are still eligible for the benefit, VA said.

There is some land in Alaska available to veterans for home-steading or purchase, the Veterans Administration has been informed.

Some areas are suitable for farming, but the chances for success on such farms are limited by lack of markets and transportation facilities, VA said.

Veterans interested in climate, farming conditions and markets in Alaska will find their best source for such information is the Director, Agricultural Extension Service and Experiment Station, College, Alaska.

Veterans in Texas, Louisiana and Mississippi filed more than 44,000 applications for government guaranteed loans on farms, homes and businesses during 1946, the Veterans Administration revealed.

The total of loans closed, 35,729, represented \$188,186,199 of credit expended by veterans in the Dallas Branch Area. All but 1,333 applications had been processed by December 31, 1946.

Three hospitals in the Dallas Branch Area of the Veterans Administration have been designated for the hospitalization of eligible veterans during neurosurgery.

They are Veterans Administration hospitals at Dallas, Texas, and New Orleans, Louisiana, and the U. S. Naval Hospital at Houston, Texas.

Mrs. Wood Hardcastle of White Deer visited recently with relatives here.

Mr. and Mrs. Cloud Kirkham and Mr. and Mrs. Eric Hillyard of Ralls were Silverton visitors Friday night.

Mrs. Roy Brown, Mrs. C. C. Garrison and Mr. and Mrs. J. E. Wheelock were Friday, dinner guests in the home of Mr. and Mrs. Sam Brown.

Mr. and Mrs. D. F. Wulfman were Lubbock visitors Tuesday.

Mr. and Mrs. Bill Holt had as guests Sunday Mr. and Mrs. Ronald Kitchens, Ronald Dale, Bobbie and Sandra, and Mr. and Mrs. Rex Holt.

Weekly SURPLUS NEWS WAA

About a million used all wool blankets, worth approximately \$8,000,000 when new, will be offered for sale by 23 War Assets Administration regional offices, including the Fort Worth office. Ten percent of the total offering will be reserved to fill orders received from Federal Agencies by 5 p.m., March 10. Other orders received before that date will be filled in priority order. The blankets weigh about four pounds each, are standard size in olive drab and gray. They are packed in various ways, including bales, cases and cartons, containing from 20 to 50 blankets each. Further information may be obtained from WAA, P. O. Box 1407, Fort Worth.

During the war, the armed forces had many robot planes, radio controlled, used as targets. Now, minus electronics equipment, 100 of them are being offered for sale to qualifying tax supported and non-profit educational institutions for instructional use at \$50 each. They have a righter type 0-15-1 six horsepower motor. Each aircraft is equipped with a pair of propellers and a parachute. The planes have a span of 12 feet and three inches, length of eight feet, four inches, and height of two feet, eight inches. They come disassembled and packed in three shipping crates. Orders, accompanied by checks payable to the Treasurer of the U. S. should be sent to the Educational Aircraft Disposal Division, Office of Aircraft Disposal, WAA, 425 Second St., N. W., Washington 25, D. C.

Three national bid sales of products used in repairing tires—cushion gum, tread gum and rubber vulcanizing cement—have been launched by WAA. Bids, which may be for any part or all of the items, will be opened at 10 a.m., March 7. All items are located at the General Service Depot, Ordnance Department, Columbus Ohio. The cushion gum and tread gum are in individual cartons packed for overseas shipment in sealed wax paper in wooden boxes of various sizes and weights. The vulcanizing cement is in 55-gallon steel drums, which may be retained by the buyer. Detailed information about the products and offerings may be obtained from any WAA regional office. However, all bids should be sent in duplicate direct-

ly to the WAA regional office, 704 Race St., Cincinnati, Ohio.

Surplus new turnbuckles in a wide range of sizes, finishes and types will be offered concurrently to priority claimants and trade buyers, including exporters, in a national fixed price sale by WAA. Prospective buyers may contact the Customer Service Division of the Dallas regional office, P. O. Box 6030, Dallas, which will attempt to locate the turnbuckles desired.

Texas turkey growers plan to reduce production of turkeys in 1947 five per cent below 1946, due to high feed prices and little change in turkey prices, the Bureau of Agricultural Economics reports.

From 1941 to 1946, living costs of farmers went up 70 per cent. Forty per cent of the farm land in the nation is in farms of over 1000 acres.

Mr. and Mrs. R. B. Byrd of Wayside visited with his parents, Mr. and Mrs. W. G. Byrd, Sunday.

Mr. and Mrs. Winston Hamilton visited with friends in Plainview Sunday.

Mrs. Pearl Simpson of Vigo Park visited with friends in Silverton Sunday.

Chevrolet Introduces New Line Passenger Cars This Week

T. H. KEATING
 General Sales Manager
 Chevrolet Motor Division
 General Motors Corporation

With virtually no interruption of production for the changeover, Chevrolet this week introduced its new line of passenger cars, comprising 11 models in three series, all smartly styled in the modern mode.

The three series are the specially styled Fleetline, the de luxe Fleetmaster, and the economy-range Stylemaster. All show marked advances over previous models in exterior styling and

trim, and in interior finish and fittings.

The historical shutdown for new model switch-over was bypassed in making the change at this time, according to T. H. Keating, general sales manager of Chevrolet Motor Division of General Motors.

"Not only was the usual shut-down for retooling avoided," Mr. Keating said, "but there was virtually no decrease in the rate of output when these models went into production. On the day of the change-over, the first of the new models followed the last of the old on the assembly lines almost without a gap."

"Chevrolet thus was quite successful in its determined effort to bring out an improved line of motor cars without halting or seriously retarding production, in order that the great number of waiting purchasers—both those who have placed orders and those planning to do so—should encounter no additional delay."

"This factor in the automotive picture is one reason why changes have been confined largely to those improvements that could be made without causing the carney public to face further inconvenience and disappointment," Mr. Keating added.

The most striking appearance feature of the new models is the result of the advanced treatment of the front end, especially of the fenders and hood, which gain sweepingly smooth overall contours through the omission of side hood moldings. Fenders and hood blend both in form and in color, to effect a clean-cut simplicity and an appearance of solidity, which is heightened by the elimination of hood louvers.

Frontal appearance is altered greatly, featuring an entirely new, more striking design of radiator grille, chiefly notable for the massiveness of its horizontal bar members, which extend beyond the grille opening to span the front-end sheet metal. Widely separated, larger parking lamps, of rectangular form, are mounted between the lower bars of the grille.

Newly designed decorative features are the chromium-plated die-cast name plates near the rear edge of the hood, a die-cast front-end emblem plate just above the grille, and a speed-lined ornamental hood ornament at the front of the top center molding.

The smoothness of the front end is extended through the door and body panels, whose contours are unbroken by horizontal moldings. At the crease line, where the lower panels meet the upper body structure, a narrow molding of stainless steel fills the crease

angle of the Stylemaster line as well as that of the higher priced models.

In all instrument panels, the dials, indicators, controls, clock and glove compartment locations remain unchanged, but the panels and their equipment are completely new in color and decoration. A one-piece die-cast radio grille of new design is the outstanding feature.

The valve-in-head type engine that has powered millions of Chevrolets is continued without basic change. Its pistons now are fitted with new wide-slot oil control rings, more effective in preventing carbon deposits from building up and blocking the drain holes in the ring groove. Another advantage is that these rings quickly wear in to a proper fit in the cylinders, thus effecting better oil control during the breaking-in period.

"STIR ME!"

"Stir me, O stir me, Lord, I care not how;
 But stir my heart in passion for the world;
 Stir me to give, to go, but most to pray;
 Stir 'till the blood-red-banner be unfurled
 O'er lands that still in heathen darkness lie,
 O'er deserts where no cross is lifted high.

"Stir me, O stir me, Lord, 'till all my heart
 Is filled with strong compassion for their souls,
 Till thy compelling 'must' drives me to prayer;
 Till thy constraining love reaches to the poles;
 For North and South, in burning deep desire;
 Till East and West are caught in love's great fire.

"Stir me, O Lord, Thy heart was stirred
 By love's intensest fire, 'till thou did'st give
 Thine only son, Thy best beloved one,

E'en to the dreadful cross that I might live;
 Stir me to give myself save back to Thee,
 That Thou can'st give Thyself again through me.

"Stir me, O stir me, Lord; for I can see
 Thy glorious triumph day begin to break;
 The dawn already gilds the Eastern sky!
 O, Church of Christ, Awake!—Awake!
 O stir us, Lord, as heralds of that day!
 The night is past, our King is on His way!"

CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxins, which overload the liver and other vital organs of the body, lessening your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and virus-laden mucus, enabling you to more effectively avoid or fight a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

Take CALOTABS

THE VETERAN'S FRIEND

claim my husband as a dependent in my income tax return though he is receiving compensation for disability while in the service during World War II?
A. Yes. Total disability income benefits authorized by recent legislation upon application, with

proof of good health and payment of an extra premium.

Q. For how long can I carry the World War II National Service Life Insurance that I bought while in service?
A. National Service Life Insurance is issued originally upon the 5-year level premium plan, which was extended three years for all policies issued before January 1, 1946. However, veterans have the privilege of conversion after one year from date of issue to permanent plans. The law provides that all level premium term policies unless exchanged for permanent policies on or before the expiration date. If term insurance has been converted, it remains in effect as long as the premiums are paid.

Why don't they put sage in sausage any more?
I reckon you could call that a "sage" remark.
And, come to think of it, all the sausage I've seen lately could stand a little more sausage in it, too.

The Republicans have backed down on their original intention of reducing the luxury taxes. The folks back home protested against the tax being lowered on fancy baggage, perfumes, furs and whiskey before the income tax on all of us is reduced.

Last summer Grover Sellers introduced himself to a man who asked, "What business are you in Mr. Sellers?"

After Sellers said that he was attorney general, the citizen asked, "Are you a candidate for something?" and was given the reply, "Yes, I am running for governor."

The voter who did not call his own name during the brief conversation, was Bill McCraw, himself former attorney general and once a candidate for governor. (This is bound to be just the way it happened because Bill told me about it himself.)

File under the heading, "What killed vaudeville?"

"And now friends I'm gonna sing that little ditty entitled, 'Peeping through a Knothole in Father's Wooden Leg.'"

Chal Herry, witty Texas paragon, remarks:
"Yes, it takes a heap o' livin' to make a house a home—and it also takes a house!"

"The test of your personality is which you had first—friends or money."

It was at Round Rock that Sam Bass met his fate—and I almost did.

I never go through the picturesque little town, 19 miles north of Austin, but what I think of an afternoon in the summer of 1934 when, as my car rounded a curve in the old, twisting highway, there was a spot wet from a shower and the machine began skidding. Another auto was approaching and only by the most strenuous effort was I able to avert a collision; then car and I wound up, right side up but in the ditch and on the wrong side—if there is a right side of a ditch to go into.

In case the state associations of history and literature want to mark the spot, you can see it on the old road, off to your right and below you, about 20 yards after you have crossed the big overpass on your way to Austin.

A sign in the little town of Salado calls the public's attention to the old stage coach inn, established in 1852.

Can you remember, back in Model T days, when Henry's product had only one windshield wiper and the driver had to use one hand to operate it?

Paul Bolton, Capital City newspaper-radio commentator, has written a most interesting book, "Governors of Texas." It is artistically illustrated and handsome in appearance.

Senator O'Daniel was quoted by the papers as saying, in substance, that all the Roosevelt legislation ought to be repealed. Among the laws passed during President Roosevelt's administration were social security, guaranty of bank deposits, crop payments to the farmers and old age pensions.

Says a sign in a cafe, "Coffee is still 5 cents a cup—but we don't fill the cup quite as full."

Approximately 3,000 of the 7-240 Veterans Administration hospital beds on the unavailable list at the end of November could not be used because of lack of personnel.

Quality Printing at the News-

Beautiful Features Make Oldsmobile 1947 Favorite

Oldsmobile for 1947, smartly styled in three colorful series, is now being displayed in dealer showrooms throughout America.

The car, while retaining its basic beauty, sturdiness of construction and economy of operation, is further enhanced in appearance by the addition of brilliant new styling touches that signalize it as the most distinctive automobile ever produced by Oldsmobile.

Twelve smart body styles comprise the 1947 offerings. All have available as optional equipment the new and greatly improved General Motors Hydra-Matic Drive. This revolutionary unit affords fully automatic shifting through all four forward speeds and totally eliminates the clutch pedal.

Oldsmobiles for last year were regarded by American designers as the most colorful, literally and figuratively, in the company's history. This reputation is being further enhanced for 1947 by the addition of strikingly original and appealing new colors--selections of the world's leading color stylists.

Mechanically the 1947 Oldsmobile incorporates all the improvements that have been developed by the Division's engineers during the past year. These,

plus the sound and proven engineering features that have been retained give to Oldsmobile for 1947 an all-round engineering excellence that is immediately sensed by any person driving the car.

Electro-hardened aluminum alloy pistons are employed. They are fitted with two compression and two oil control rings for better compression and increased oil economy. Full pressure lubrication to all main, connecting rod, piston pin and camshaft bearings, timing chain and cylinder walls is featured. Carburetion is of down-draft type, with built-in automatic choke. Cooling and recirculation systems are thermostatically controlled. Brakes are of super-Hydraulic, self-energizing type.

Bodies by Fisher are of Uni-steel Turret Top construction, completely bonderized and finished with six coats of high-grade lacquer. Quadri-coil springing, for maximum riding comfort, is utilized, with knee-action front suspension and heavy coil springs at rear. Four-way stabilization is achieved through dual stabilizing arms, front and rear ride-stabilizers and lateral stabilizer at rear. Double-action hydraulic shock absorbers are mounted front and rear.

All these, in combination, give Oldsmobile for 1947 the riding qualities in its history.

Pleasingly combined in the interiors of the cars are beautiful fabrics and artistry of Upholstery is of fine and quality, tastefully blending gleaming chrome and plastic controls. Seats are amply proportioned, ample room for occupants. Windows are large, permitting excellent visibility for all passengers. Dials are conveniently in a smartly arranged panel, contributing to the safety of driving.

Mr. and Mrs. H. L. Childress and Ross W. Dowdy. Amarillo spent the week at the home of Mr. and Mrs. Dowdy.
