## Last Rites Are Held For County Pioneer

Last rites were held here Sunday afternoon, February 15, at 2:00 p. m. for R. M. Hill, 74, a Briscoe County pioneer, who had made his home in Silvertown since coming to this county in a covered wagon in 1896. Mr. Hill succumbed following a short illness.

Services were conducted from the Methodist Church with Rev. Grady Adcock, pastor officiating. Rev. Adcock was assisted by Rev. G. A. Elrod and Earl I. Cantwell.

Robert Monroe Hill was born April 23, 1874 in Cross Timbers, Hickory County, Missouri, the son of Rev. and Mrs. W. B. Hill. Rev. Hill was a Methodist pastor.

In 1893 Mr. Hill was married to Millie C. Bailey and it was in this year that he and his wife came to Briscoe County to settle. To this union were born 12 children, eight of which were boys, four were girls.

Converted at an early age, Mr. Hill joined the Methodist Church. He has been a capable and dependable leader in his church and community for many years. He served his county as commissioner for 14 years. He was an honorary steward in the church at the time of his death. He did not care to be out in front, but served where he was called upon to serve. He made his mistakes like all of us but he loved his Lord and never lost sight of him for long at a time—if at all. He was a loving husband, a good father, a kind friend, a good neighbor and a faithful servant.

A friend that had known Mr. Hill for many years said, "Briscoe County lost one of the best men who has ever lived here." Though the community suffers a loss, Heaven has gained.

Mr. Hill is survived by his wife, Mrs. Alma Hill whom he married January 24, 1926, and 10 children. Two girls, Mrs. Bertha Burson and Mrs. Zelta Childress; six boys, Buel, Jessie, Richard, Robert, Hoyt and Pailey; two step-daughters, Mrs. Mildred Burson and Mrs. Gwendolyn Dickerson; 25 grandchildren, 23 great grandchildren, many other relatives and a host of friends.

Honorary pallbearers were: W. Coffee, Jr., P. D. Jasper, J. R. Foust, H. T. Gill, J. W. Lyon, Jr., Chester Burnett, Eldon Ledbetter, W. M. Stout, Jake Honea, T. L. Anderson, Ray Persons and Lewis Gilkerson.

Burial was in the Silvertown Cemetery with the Silvertown Funeral Home in charge of arrangements.

## Roping Club To Be Organized Friday Night

According to a report early this week by J. W. Brannon, a meeting will be held at the Coffee Implement Company Friday night at 8:00 p. m. for the purpose of organizing a roping club for Silvertown.

Everyone interested in the forming of such an organization is urged to be present and submit their ideas in the forming of the club.

## Mrs. M. L. O'Neal Hospitalized in Paducah this Week

Mrs. M. L. O'Neal, mother of D. O'Neal, was taken to the hospital at Paducah in a Douglas ambulance, last Sunday.

Mrs. O'Neal has been in failing health recently and became quite ill Sunday. She will remain with her daughter, Mrs. M. Carruth, while recuperating.

Lloyd Stevens, of Amarillo, was a Silvertown visitor last week-end.

## THE WEATHER

Whether it cold or whether it hot, we gotta have weather—either or not!

Cold tonight, with temperatures rising tomorrow. Low tonight expected to be near the 20 degree mark.

## Arteries Responsible For Length of Life, Doc Says

Some folks are old at sixty; others are mentally and physically alert at eighty. The number of years one has lived may not be a true index to one's physical condition. Actually, the length of a person's life span is influenced by the condition of his arteries. Premature hardening of the arteries, often due to avoidable infections, improper diet, and possibly worry and strain is to a certain extent, preventable, said Dr. Geo. W. Cox, State Health Officer.

Many of the problems connected with the hygiene of old age are due to lowered mental power. Therefore, a cheerful and optimistic attitude toward the aged, especially during sickness, is essential to their well-being. Old people regard their condition as far less serious when they can be fully dressed and out of bed. When they can be up, the excretory organs function more satisfactorily, too. However, when an elderly person complains of being overtired, or otherwise not physically fit, a day of rest in bed is advisable. By providing light and easily digested food and applying warmth to the body of an aged patient, he is often tided over a mild or threatened illness.

Special attention should be paid also to proper clothing, diet, and exercise of the elderly. With attention to certain well-defined and easily followed principles of personal hygiene, it is possible to grow old gracefully. Furthermore it is also possible, in many instances, to retain one's faculties to such an extent as to make old age a pleasure rather than a burden.

## Legion Ladies to Have Called Meeting Friday

A called meeting of the local American Legion Auxiliary will be held Friday afternoon at 5:00 p. m. in the Red Cross room of the court house, it was reported here Wednesday.

Important business is to be brought before the meeting and all members are urged to be present.

Subscription out? Subscribe now!

## Cemetery Association Receives \$68.00

According to an announcement by George Seapey, president of the Silvertown Cemetery Association, \$68.00 has been received during the past few days by that organization. All funds will be used toward the improvement of the Silvertown Cemetery.

Those people contributing and the amounts contributed are as follows:

Mrs. F. M. Autry \$5.00  
Mr. & Mrs. D. E. Chesher 10.00  
Mr. & Mrs. Pack McKenney 5.00

## Fifth Grade Pupils To Sponsor "Sweets" Sale Feb. 21st

The Fifth Grade pupils of Mrs. G. W. Lee will sponsor a "sweets" sale here on February 21. Mrs. Lee, teacher of that class, reported this week.

The sale which will consist of home made pies, cakes and candy, will be held at the Southwestern Public Service Company office in Silvertown from 10:00 a. m. until 4:00 p. m.

Proceeds from the sale will be used to buy needed equipment for the Grade School Playground.

To help the children of the Silvertown grade school help themselves, the people of this community are requested to go to the sale Saturday and buy the products the children are selling.

## Third Series in Safety Rules Are Given

This is the third in a series of safety articles released by the Texas Department of Public Safety:

A safety check may save your neck!

That was the terse advice offered today by W. J. Elliott, Chief of the Texas Highway Patrol, in urging motorists to keep the safety equipment of their cars in tip-top shape.

"We are cooperating with safety authorities throughout the nation in a picture no one will want to miss. "Cry Wolf", starring Barbara Stanwyck and Errol Flynn, will open at the Palace next Tuesday and show again Wednesday. According to movie magazines, it offers the best actors, action and theatre entertainment. This is a picture no one will want to miss.

Though the entire show program for next week consists of good pictures, it is believed that "Drums Along the Mohawk" and "Cry Wolf" are the two best movies of the week.

Mr. and Mrs. N. Vaughan, of Carpenters, California, have been visiting his mother, Mrs. E. J. Vaughan for the past two weeks.

## Palace Theatre Has Week of Good Bookings

The Palace Theatre has some very good movie bookings for next week, it was revealed here this week by Charles Jefferson manager of the theatre.

"Song of the Thin Man", starring William Powell and Myrna Loy, which shows tonight and tomorrow night, is tops in movie entertainment for both young and old.

Saturday's program calls for "Drums along the Mohawk", starring Claudette Colbert and Henry Fonda. This movie is fast-moving and of the days when Indians were in charge of this country, being a constant threat to the pioneers. It is a picture that will be long remembered by the cinema-loving public.

Next Sunday and Monday Olivia DeHavilland and Lew Ayres make their debut at the Palace in "Dark Mirror". Though not much is known about this picture—it being a late release, it is believed to be tops in a mysterious movie thriller.

"Cry Wolf", starring Barbara Stanwyck and Errol Flynn, will open at the Palace next Tuesday and show again Wednesday. According to movie magazines, it offers the best actors, action and theatre entertainment. This is a picture no one will want to miss.

Though the entire show program for next week consists of good pictures, it is believed that "Drums Along the Mohawk" and "Cry Wolf" are the two best movies of the week.

## Quarterback Club To Give Away Refrigerator

In an effort to raise funds for the Silvertown football field project and other essentials of the Silvertown football organization, the Quarterback club will accept donations of \$1.00 beginning next week.

All persons donating the sum of \$1.00 will be given a free ticket which will entitle them to a chance of winning a new 1948 model Admiral electric refrigerator.

Tickets for the drawing are being printed this week at the Briscoe County News and it is believed the drive to secure funds will begin Saturday.

The people of the community are urged to support the Quarterback Club by contributing to the support of the organization and at the same time take a chance on winning the new refrigerator.

The refrigerator will be on display at the Southwestern Public Service Company office should anyone be interested in seeing it.

## Congratulations To:

Mr. and Mrs. M. L. Burks on the birth of a son, M. L. Burks, Jr., born in a Lubbock hospital on February 7. The baby weighed six pounds.

Guests at a slumber party given by Faye McMinn last Tuesday night included: Jo Teeple, Betty Gardner, Neida Montague and Shirley Haynes.

## Red Cross Campaign To Open On March 1st

### New Foot-Mouth Disease Vaccine Is Reported

Efforts of the Argentine Republic to control foot and mouth disease with a newly developed vaccine are attracting attention from authorities now attempting to stop the spread of this infection in Mexico. Incident to a U. S. government announcement that vaccination would be used in an attempt to curb foot and mouth disease in Mexican livestock, Argentine veterinary officials reported they have used a newly developed intradermal vaccine to immunize cattle and sheep against the disease. Among a million cattle and sheep thus immunized, 93 percent were completely protected against infection for six months or longer, but the vaccine was not effective in hogs. They said this new product gives cattle and sheep quicker, better, and more prolonged immunity at lower cost than other vaccines now in use.

Betty Arnold spent Tuesday night with Sybil Watters.

Mr. and Mrs. N. Vaughan, of Carpenters, California, have been visiting his mother, Mrs. E. J. Vaughan for the past two weeks.

## Specialists To Be in Plainview On February 28th

Dr. Sim Driver and Eugene Legg, Orthopedic specialists of Dallas, Texas, will hold a clinic at the Plainview hospital on Saturday, February 28th for one day only, it was reported to the News this week.

It has been suggested that those with orthopedic problems, whether resulting from infantile paralysis or not, be at the hospital on February 28th for examination.

## Wheat School At Plainview Is Postponed

The Wheat Variety Identification School, scheduled for Plainview, which was to have been held on February 11th, was postponed due to adverse weather conditions, according to a release this week from the Texas-Oklahoma Wheat Improvement Association, sponsors of the school.

The date for the school to convene has been set for February 20th at the Hilton Hotel. Scheduled starting time is 9:30 a. m.

Mr. and Mrs. Enis Autry were Plainview visitors Wednesday of this week.

## SWING OF THE SOUTHWEST FARM MARKETS

Major farm products continued sharply lower trends last week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Wheat, corn and barley fell 27 to 33 cents a bushel in the week's trading, as oats lost a cent, and sorghums 35 cents a hundredweight, for a two-week decline of around 50 to 70 cents on most grains. Lower values brought decreased marketings and slack demand reflected traders' lack of confidence in recent high prices.

Feed prices nosedived along with grains for losses of \$10 to \$20 a ton, but hay and rice held firm. Farmers' stock peanuts sold at CCC support prices, and most shelled peanuts went to the government under contract for export.

Cotton prices dropped \$9 to \$10 per bale for the week in sympathy with other commodity markets. Sales decreased in less active trading.

Volume of fruit and vegetable shipments from the lower Rio Grande Valley swelled during the week but tapered off toward the close because of wet fields and unfavorable weather. Cabbage prices sank steadily most of the week to reach a low of 60 to 70 cents per 50 pound sack f. o. b. and \$10 a ton to growers. Spinach dropped sharply too but carrots, beets and broccoli sold steady to higher.

Prices eased a little on fryers and broilers during the week, but other poultry changed little, and eggs held firm. Fryers sold from 34 to 37 cents a pound in north Texas, around 37 at New Orleans, and 33 to 34 on Arkansas commercial farms. Current receipt eggs remained around 40 to 45 cents at Dallas and Fort Worth.

More sheep and hogs and fewer cattle went to market in the Southwest the past week. Cattle prices dropped \$1 to \$3 or more per hundred pounds in slow, weak markets. Denver moved good steers at \$21 to \$27.50, as medium and good steers and yearlings ranged from \$19 to \$25 at other southwest terminals. Common and medium cows brought generally from \$15 to \$18, and canners and cutters from \$10 to \$15.

Butcher hogs fell \$1 to \$3 or more for the week at southwest markets, and sows and pigs lost up to \$4 or \$5. Late-week top stood at \$21 at San Antonio, \$22 at Fort Worth, \$22.50 at Oklahoma City, \$22.75 at Wichita, and \$23.25 at Denver. Sows moved generally at \$16 to \$18, and feeder pigs \$10 to \$15.

Lamb prices closed the week \$1 to \$2 lower, as ewes declined 50 cents to \$1.50, and goats 50 cents to \$1. Most southwest markets took medium to choice slaughter lambs from \$19 to \$22.50, and

See FARM MARKET—Page 5

According to Leo White, Fund campaign chairman for the Briscoe County Chapter of the American Red Cross, the annual membership drive will open in Briscoe County, as well as over the entire nation on March 1st.

The quota for Briscoe county for this year has been set by the National Chapter at \$1,000.00. This amount is a slight increase over the quota for last year, but is far below the amounts required of us during the war years.

According to Mrs. Waunita Hutcheson, Red Cross Field Representative who visited in Silvertown last week, the increase in quota over last year is due to the following needs, both nationally and locally:

1. The ending of the fiscal year has been changed by the National Chapter from March 31st to June 30, therefore the money collected at this time will have to last sixteen months, or until June 30, 1949.

2. The Army and Navy hospitals all over the Nation have requested the return of Red Cross services, this will call for increased expenses by the Red Cross.

3. Last year was a very heavy disaster year over the nation and more than eleven million dollars was spent by the National Red Cross in areas stricken by storms, floods, fires, etc.

4. The Red Cross has been asked by the Army and Navy to set up a National Blood Donor program. This program has been approved by the American Medical Association and the Red Cross Board of Governors and will be a heavy financial drain on the Red Cross.

As in past years, community solicitors are being appointed to call on you for your contributions. These people give willingly of their time and efforts in this worth-while campaign, and your co-operation in helping in every possible way will be appreciated.

## Palace Drug to Sponsor Free Show Feb. 24th

A free show, "Lost Harvest" being sponsored by the Palace Drug will be shown at the Palace Theatre Tuesday afternoon, February 24th, at 2:30 p. m. it was announced here this week by owner of the store Dillard Scott.

Other than a good movie, those attending the show will also hear lectures and see demonstrations on diseases of livestock, poultry and plants. Two well-known authorities will be present and give details on these subjects.

At the end of the show, a drawing will be held and valuable prizes will be given those holding the lucky numbers. Those attending the show will be given tickets when they enter the theatre.

For further details see the Palace Drug advertisement on page eight of this edition.

M. L. Burks was a Lubbock visitor one day last week.

Little Jane Anis Morton is ill this week.

The first newspaper advertisement for ice cream appeared in the New York Gazette less than a year after the signing of the Declaration of Independence.

## WELCOME, NEW SUBSCRIBERS

We welcome the following new and renewal subscribers to The News this week. No restrictions are placed on weekly newspapers concerning the acceptance of new subscriptions, so if you are not now a subscriber, we hereby invite you to become one:

Joe Smith  
Paul B. Ragan  
T. G. Olive  
Bill Messimer  
R. C. Brodshaw  
Mrs. Arley Barnett

## PERSONAL ITEMS OF LOCAL INTEREST

Mrs. Annie Edwards visited her daughter, Mrs. Travis Gilliland, in Aspermont, recently.

Ray Teeple, of Amarillo, visited relatives and friends here last week-end.

Mr. and Mrs. Tommy Wyrick and Carolyn, visited Mr. and Mrs. F. M. McCarty in Happy last week-end.

Durward Brown was a business visitor in Plainview last Friday.

Betty Nan Burson, of Lubbock, visited her parents, Mr. and Mrs. True Burson, over the week-end.

Mrs. C. A. Grewe and son, Raymond, visited Mrs. Grewe's brother, E. W. Dietrich, in Plainview last Sunday.

Toby Penn, of Littlefield, was a Silvertown visitor last week-end.

Harold Autry, of Plainview, visited Mr. and Mrs. Enis Autry last Sunday.

Mr. and Mrs. Paul Newberry and Mr. and Mrs. Paul Rogers, of Floydada, visited in the Dillard Scott home Sunday.

Jimmy Price, of Canyon, visited his parents, Mr. and Mrs. Henry Price last week-end.

Enis Autry and Mrs. Lou Autry were Tulsa visitors Tuesday of this week. Mrs. Autry received medical treatment.

Grady Wimberly, Dillard Scott, and Ginger Scott were Quitaque visitors last Saturday.

Lynn Hamilton, of Quitaque, and Patsy Baird were dinner guests of Juanita Edwards last Saturday night.

Mrs. Lou Autry suffered a broken arm in a fall recently.

Mr. and Mrs. Wm. F. Telley visited friends in Canyon last week-end.

Dr. and Mrs. Richard M. Mayer were Amarillo visitors Monday of this week.

Guests in the home of Mr. and Mrs. T. G. Olive Sunday were: Mr. and Mrs. Bob Olive, of Petersburg; Mr. and Mrs. Thomas Olive, of Plainview; Mrs. Shaffer, Plainview; Mr. and Mrs. R. L. Johnson, Silvertown, and Mr. and Mrs. Drew Helcombe and Rebecca of Turkey.

Jeanne Dudley, of Lubbock, visited her parents, Mr. and Mrs. O. M. Dudley, last week-end. She had as her guest, Dorothy Harris, also of Lubbock.

Mr. and Mrs. Virgil Crow and Sybil and Glenn Watters visited Mrs. Charlie Watters in Fort Worth last week-end.

Mr. and Mrs. Felix Harris, of Dallas, and Mrs. George Lane, of Eastland, visited in the Jeff Simpson home Monday night. Mrs. Harris and Mrs. Lane are nieces of Mr. Simpson.

C. G. McEwin, who is employed by the Steele Construction Company of Houston, has been transferred to Borger this week. He spent last week-end here with his mother, Mrs. Estelle McEwin.

Leo White visited his parents, Mr. and Mrs. W. C. White, in Spring Lake last Sunday.

Mr. and Mrs. Bob Olive, of Petersburg, were Silvertown visitors Sunday.

J. R. Burson, of Plainview, is seriously ill in the Lubbock hospital.

Mr. and Mrs. Shelby Haynes and Shirley visited Mr. and Mrs. J. R. Burson in Plainview last Sunday.

Little Carol Lee Dunn has been confined at home this week because of illness.

Mr. and Mrs. Raymond Teeple and Norma Jo were Floydada visitors last Sunday.

## Outlook For Small Retailing . . .

Some years ago, it was widely feared that the small retail store was on its last legs, due to the growth of the chain systems. This led to a rash of proposals for levying punitive taxes against the chains as a means of destroying them on the theory that this was necessary to keep the independent in business.

As everyone now knows, the fear was groundless—the good small store stayed open, grew and prospered, and held its share of the trade. The future for small retailing, according to a study recently made by Paul H. Nystrom, Professor of Marketing at Columbia University, is excellent. The failure rate among beginners in retail business is still high—but it was much higher a generation ago than it is today. The sales increase of dependent stores, taken as a whole, have been fully as large as the increases registered by chains, mail order houses and department stores. In Dr. Nystrom's own words, "The future of small retailing looks bright, as bright as any business I know of and much brighter than many others that might be named. Whatever the general outlook for business, retailing, small retailing, is certain to go on and to grow as population and income increase."

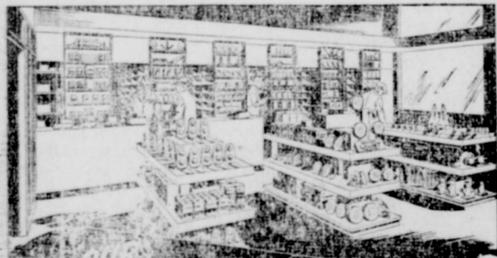

This doesn't mean that all small retailers will succeed. The man who lacks proper capital, training, experience and real management ability cannot make the grade in retailing or any other business. What it does mean is that the soundly established retailer, with a flair for the business and a willingness to work hard, will hold his own against the chains and all the other types of merchandising. And, from the small, one-man stores of today, will come the great stores of tomorrow. If one method of retailing cannot succeed without legislation to restrain a competitor, its existence is not justified.

## Behind The Scenes in AMERICAN BUSINESS

By REYNOLDS KNIGHT  
NOTE TO READERS—The information contained in this weekly summary of happenings in the world of business and industry has been obtained from sources we consider reliable but is not guaranteed. Opinions and forecasts are based upon careful analysis but are subject to change without notice.

—The Editor  
NEW YORK—That long awaited break in the price level has finally arrived. Old Man High Cost of Living, usually pictured in the cartoons as a tall, unfriendly creature, will never look the same again.

What is the ultimate meaning of this resounding crack in our primary markets? It immediately conjures memories of 1929. But few of the steady, farsighted observers expect this break to develop into a rout of our economy. This break, in the opinion of the few people worth listening to, is a correction of a maladjustment and not the beginning of the end. The correction was overdue. And some good things will come out of it. Your customer the American housewife has had her purchasing power increased. She can now buy more food and still have something left over for other needed items. There will be less pressure for higher wages. Some kind of tax cut will go through Congress. And the farmer's purchasing power will still be high. True, crops are better throughout the world, but there is still a vast hunger in many lands. And the government, which talks anti-inflation, will still spend \$40 billion, which hardly can be considered deflationary.

WALDORF FARM SHOW—Not many industrialists would choose New York's Waldorf-Astoria to introduce a new tractor, but Joseph W. Frazer, a showman to the core, did it last week with resounding success. Recalling the scenes in December 1945, when Frazer introduced his new cars in the same place, crowds of farmers from the area surrounding metropolitan New York stormed the hotel to get a first view of a revolutionary new farm machine—the "Jacques-Frazer" tractor, a lightweight, low-cost unit utilizing a "small engine-high torque principle" to achieve adequate power without unnecessary weight. Designed to sell for about \$695, the tractor combines a six horsepower aircraft-type motor with a six-speeds-forward transmission and, with its rotary tiller attachment, will prepare more ground for planting in less time than a high-horsepower tractor with two 12-inch plows, Frazer asserts. More than 20,000 persons thronged through the exhibit during the two-day show and orders were booked for 3,545 of the new machines—indications that the Frazer showmanship pays off.

THINGS TO COME—Mine owners are turning to airguns and away from explosives in mining coal. It is safer, said to be cheaper. . . . The man of the house, with muscles grooming from snow shoveling this winter, will be glad to know there is a new, power snow plow on the way. It cuts a 36 inch path. . . . Motorists plagued by toll-houses on highways can now get a little coin holder which fastens on the dash board, makes it easy to reach for that dime. . . . Plastic division of General Electric is making a plastic sailboat. . . . A new paste, which you mix with the water you use for cleaning floors, is said to catch germs from the air the way fly-paper catches flies. . . . For fancy-packing apples and berries, there is a new cardboard container that can be set up without glue, taping or stitching. . . . The Silux people will soon announce a new utensil made of crystal and chrome which will keep tea, coffee, other beverages hot while awaiting serving.

HOME OWNER'S DELIGHT—Virtually 100 per cent acceptance in American homes of products packed in tin cans was revealed in a nation-wide survey of can opener ownership reported by American Can Company. In 39 states covered by 444 investigators it was found that 99.6 per cent of all housewives possess one or more openers. On a sectional basis, can openers are most prevalent in the east, with only one housewife per thousand not considering them standard kitchen equipment. In the midwest, two housewives per thousand lack an opener; in the

## THE AMERICAN WAY

far west, five; in the south, 14. About 60 per cent of the housewives own modern types of openers—either the kind that is pressed into the can and operated by turning a handle on top or the kind that operates on the same principle but has the further convenience of being fastened on the wall.

BITS O' BUSINESS—The program sponsored jointly by industry and government to find new sources of fuel, such as oil from shale rock, is due for another boost. . . . Government economists say that small inventories will be a stabilizing influence in the market break. They do not believe the inventory losses industry will have to absorb as the result of a lower price level will be too severe. . . . Television is booming. More big advertisers are coming in to sponsor television shows as the potential audience grows rapidly. . . . Shoe manufacturers are beginning to worry as reports come in from retail stores that sales are down. Curiously, the heavy snows throughout the country put a bad crimp in shoe sales. It seems that people just put galoshes and overshoes over their old worn pairs and went merrily on their way. . . . In England, a public opinion poll reveals that most people would rather work for a private employer than the government, while here, most people want a government job.

**Weekly SURPLUS NEWS WAA**

All remaining buildings for off-site use at Camp Bowie, near Brownwood, will go to high bidders at a WAA location sale March 2, 3 and 4. The "windup" clearance is to include 481 buildings, many of them easily portable hutments, but including mess halls repair and maintenance shops, libraries, stable, a blacksmith shop and other special structures. Anyone is eligible to buy and title will be transferred the same day of purchase. The public is invited to make inspection of the build-

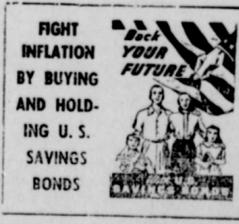

ings at the camp site from February 19 through March 1.

When 7,000 metal folding chairs went on sale in a recent war surplus offering, so many offers of purchase were received at the War Assets office at Grand Prairie that award officials had to resort to drawings to determine successful purchasers. As a result 70 veterans, many from the North Texas area, took the entire amount, each being allotted 100 of the chairs. Federal agencies, including several veterans hospitals, got some of the other items, including textiles, footwear, and hardware goods stored at Fort Worth and Oklahoma depots.

Another surplus army air field, located at Childress, is now up for disposal to state county and municipal priority claimants. The Childress airport property is to be turned over to applicants qualified under congressional law 289, so that it can be continued in operation. Special proposal forms are obtainable at the Grand Prairie WAA office, and offers will be given consideration until a cut-off date of February 24.

Into the processing hopper this week went a new, large scale plan for launching another war surplus donation program to schools, hospitals and tax-supported institutions. Current inventories in the Texas area, and elsewhere, are to be screened in order to determine what surplus needed by institutions, can be distributed on a cost-free basis. It is hoped that hard-to-sell surplus can be included, thereby saving the government warehouse and storage costs.

a recent U. S. Department of Ag-  
riculture press announcement that  
a plan of vaccination and quaran-  
tine of cattle would largely re-  
place slaughter operations in the

Mexican foot and mouth disease  
campaign. That announcement  
abruptly followed a series of  
USDA news releases which creat-  
ed an illusion of success and gave  
no indication the slaughter pro-  
gram was failing.

The Journal of the American  
Veterinary Medical Association,  
which is an official spokesman for  
the veterinary profession in North  
America, said that this nation's  
public, and especially livestock  
producers, had not been told the  
true facts about the cooperative  
U.S.-Mexican, foot and mouth dis-  
ease program which has already  
cost U. S. taxpayers about 35 mil-  
lion dollars.

The Journal questioned whether  
the "diplomatic and political  
aspects of the situation" were too  
delicate to allow plain talk on the  
problem and disclosure of the real  
facts to the American public.

Implying that State Department  
policies may have influenced the  
tone of the USDA releases, the  
Journal warned, "Foot and mouth  
disease is no respecter of diplo-  
matic secrecy and formalities any  
more than it is of international  
borders." Government leaders  
were cautioned that "plain talk  
and all the facts should be the  
order of things from now on" in  
reporting on this disease. Any  
other policy, declared the Journal,  
will endanger the nation's live-  
stock industry and lower the  
prestige of the government.

Fun With Pork

For an intriguing second-day  
meal that follows a pork roast,  
combine ground leftover pork with  
chopped apple, bread crumbs, and  
egg. Put this mixture in custard  
cups or muffin tins, then bake in  
a 350 degrees F. oven for 40  
minutes.

STATEMENT OF THE OWNER-  
SHIP, MANAGEMENT, CIRCULATION,  
ETC., REQUIRED BY  
THE ACT OF CONGRESS OF  
AUGUST 24, 1912.

Of Briscoe County News published  
Thursday at Silverton, Texas  
for October 1, 1947.  
STATE OF TEXAS  
COUNTY OF BRISCOE

Before me, a Notary Public in  
and for the State and county  
aforesaid, personally appeared  
Joseph B. Powell, who, having  
been duly sworn according to law,  
deposes and says that he is the  
Editor of the Briscoe County  
News and that the following is,  
to the best of his knowledge and be-  
lief, a true statement of the owner-  
ship, management, etc., of the  
aforesaid publication for the date  
shown in the above caption, re-  
quired by the Act of August 24,  
1912, embodied in section 443,  
Postal Laws and Regulations,  
printed on the reverse of this  
form, to wit:

1. That the names and addresses  
of the publisher, editor, manag-  
ing editor, and business managers  
are: Joseph B. Powell, Silverton,  
Texas.

2. That the owners are: Joseph  
B. Powell.

3. That the known bondholders,  
mortgagees, and other security  
holders owning or holding 1 per  
cent or more of total amount of  
bonds, mortgages, or other securi-  
ties are: Reconstruction Finance  
Corporation.

4. That the two paragraphs next  
above, giving the names of the  
owners, stockholders, and security  
holders, if any, contain not only  
the list of stockholders and securi-  
ty holders as they appear upon the  
books of the company but also, in  
cases where the stockholder or  
security holder appears upon the  
books of the company as trustee  
or in any other fiduciary relation,  
the name of the person or corpora-  
tion for whom such trustee is act-  
ing, is given; also that the said two  
paragraphs contain statements  
embracing affiant's full knowl-  
edge and belief as to the circum-  
stances and conditions under  
which stockholders and security  
holders who do not appear upon  
the books of the company as  
trustees, hold stock and securities  
in a capacity other than of a bona  
fide owner; and this affiant has  
no reason to believe that any other  
person, association, or corporation  
has any interest direct or indirect  
in the said stock, bonds, or other  
securities than as so stated by  
him.

5. That the average number of  
copies of each issue of this publi-  
cation sold or distributed, through  
the mails or otherwise, to paid  
subscribers during the six months  
preceding the date shown above  
is 975.

(Signed) Joseph B. Powell  
Sworn to and subscribed before  
me this 14th day of February 1948.

THE  
BIBLE  
SPEAKS  
By LOUIE D. NEWTON, D. D.  
International Uniform  
Sunday School Lessons

SCRIPTURE: Acts 2:37-47; Ephesians  
4:1-6  
DEVOTIONAL READING: Ephesians  
4:1-6, 11-13

Christian Fellowship  
Lesson for February 22, 1948

GEORGE WASHINGTON was a  
splendid example of Christian  
fellowship. If you will travel through  
the older portion of the United  
States, particularly in Virginia, you will  
come upon numerous instances of  
church pews marked as follows,  
"George Washington worshipped in  
this pew on blank date." Evidently,  
it was his custom to attend public wor-  
ship in whatever community he spent  
the Lord's day.

Thus he entered into Christian fel-  
lowship, gaining a blessing and ren-  
dering a blessing.

The lesson passage for Sunday is  
found in Acts 2:37-47 and Ephesians  
4:1-6, with several other passages  
which will be quoted before we fin-  
ish the column for this week.

A HAPPY TIME IN CHURCH

READ Acts 2:41-47, and you will  
find a picture of a group of very  
happy people. Think of it, three  
thousand people professing faith in  
Jesus and receiving baptism in one  
day! But read on—they were not  
only happy at church, but they were  
happy because they were in the  
church. They continued steadfastly  
in the apostles' teachings and fel-  
lowship and breaking of bread and  
prayer.

They praised God and had favor  
with all the people. By their daily  
living they were convincing the  
world that fellowship in Christ is  
not only good on Sunday while we  
are at the meeting house, but good  
every day.

The happy homes are the homes  
where Christian fellowship abounds,  
and it is equally true in every area  
of life.

AT CHURCH WITH FRIENDS

"I was glad when they said unto me,  
Let us go unto the house of the Lord,"  
Psalm 122:1.  
THAT is poetry, you will agree,  
but it is also actual testimony  
not only of the Psalmist, but of  
countless junior boys and girls  
throughout our land who eagerly  
await the sound of the church bells.  
Boys and girls delight to go to Sun-  
day school and worship when the  
life of the church is pervaded with  
Christian fellowship. There they  
meet the finest boys and girls in the  
community.

BELONGING TO THE CHURCH

THE passage in Acts 2:37-47 tells  
us how certain people, after  
hearing the great sermon by Peter,  
asked how they might be saved. He  
told them:

"Repent, and be baptized every  
one of you in the name of Jesus  
Christ for the remission of sins, and  
ye shall receive the gift of the Holy  
Spirit."  
When we invite intermediate  
friends to attend Sunday school  
and worship services with us, and  
they come to know of the love of  
God, they, too, will want to be  
saved. It is then the high privilege  
of Christian boys and girls to lead  
their friends to accept Jesus  
Christ as Saviour, and come into  
the church.

In Ephesians 4:4-6, we read these  
words: "There is one body and one  
Spirit, just as you were called to the  
one hope that belongs to your call,  
one Lord, one faith, one baptism,  
one God and Father of us all, who  
is above all and through all and in  
all."

ALL ONE IN CHRIST

THE above passage from Ephe-  
sians teaches clearly that there  
is a brotherhood of man, real and  
abiding, when we accept the Father-  
hood of God, through Jesus Christ.  
This is the meaning of the church.  
No amount of man-made creeds can  
save us. No amount of ritual and  
ceremony can save us. We are  
saved by grace through faith, and  
that is the gift of God. When we  
repent of our sins and believe on the  
Lord Jesus Christ, we are saved,  
and not until then.

The one adequate solvent for  
the crying needs of this frightened  
world is the grace of the Lord  
Jesus Christ. Just as thousands  
were saved on Pentecost and  
again on the Lord's Day when  
Peter preached in Solomon's  
porch, so today many may be  
saved where the Gospel is pro-  
claimed in its simplicity and  
power.

We are one in Christ, of every  
race and every tongue. The fellow-  
ship of Christian faith transcends  
every barrier—racial, economic,  
geographic, political, religious. We  
have but to proclaim the universality  
of this good news—proclaim it in  
our words and proclaim it in our  
daily lives.

THE  
VETERAN'S FRIEND

Q. I lost my original discharge  
papers. Is it possible to secure a  
copy of this certificate?

A. Yes. A Certificate in Lieu of  
Lost Discharge will be issued upon  
written application. The proper  
form on which to make such ap-  
plication may be secured through  
your local Veterans Administra-  
tion office.

Q. How can I get a job in a  
Veterans Administration hospital?  
A. You should make application  
to the Personnel Officer at the  
hospital you have selected. If a  
position is available, he will notify  
you.

Q. After I was discharged in  
1945, I dropped my \$10,000 Na-  
tional Service Life Insurance  
Policy. Later I reinstated \$2,000  
of this and now I would like to  
know if I can reinstate the other  
\$8,000?

A. Yes. You have until July 31,  
1948 to reinstate, usually without a

physical examination, provided  
you are in as good health as you  
were at the time of the lapse. Re-  
instatement is made by filling out  
an application form and by pay-  
ment of two monthly premiums.

Q. I feel that my husband, a  
veteran of World War II, is in  
need of hospitalization but he  
refuses to make application for  
medical treatment. What can Vet-  
erans Administration do in this  
situation?

A. Veterans Administration can-  
not force your husband or any

veteran to accept hospitalization  
or medical treatment.

Development of sleeping sick-  
ness in French Equatorial Africa  
is believed to have killed six mil-  
lion people in eight years.

Only One is No. 1—

Only Chevrolet Is First!

Men and women everywhere agree:  
Only one is No. 1—only Chevrolet is  
first—in all-round value as in popu-  
larity. Consequently, more people drive  
Chevrolets than any other make,  
according to official nationwide regi-  
strations; and more people want Che-  
vrolets than any other make, according  
to seven independent nationwide  
surveys. Here, in the new 1948 Che-  
vrolet, is record value. For new and  
even more luxurious styling, colors and  
appointments have been added to all  
of Chevrolet's other advantages of  
BIG-CAR QUALITY AT LOWEST COST!

**Legion Auxiliary Has Meeting With Marcella Brown**

At the regular meeting of the American Legion Auxiliary, which was held in the home of Marcella Brown recently, it was agreed among the members present that meeting night of the Auxiliary be changed from Monday nights to the first and third Wednesday nights of each month.

Eight members of the Auxiliary received new handbooks, which were received by the club last week. Books are available to the members at a cost of ten cents each. Officer's manuals of ceremonies are also available.

Following the business session reservations were made for the girl who will attend Girl's State and accepted by the group.

Prior to adjournment, Margaret McWilliams presented the monthly program which proved interesting. A game of wits on George Washington closed the program and

many left with the "Walking Man" taking a back seat in their minds while the contest on Washington baffled their History sense.

Roll call will be answered with a Bible verse in keeping with the Easter motive at the next meeting of the club.

**Leota Alexander Is Hostess to Ladies L. T. D. Club**

The L. T. D. Club met Tuesday, February 17, in the home of Leota Alexander. Valentine decorations were used and the members exchanged gifts.

"Guess Whats" were given to Weta Hill and Anna Tidwell.

Refreshments were served to Marcella Brown, Letha Lanham, Mozelle Scott, Jessie Mae Watson, Anna Tidwell, Weta Hill, Rhea Lusk, Jewell Lyon, Sylvia Fogerson and a guest, Bess McWilliams.

The next meeting will be on

**LOVELY TEXAN TELLS COTTON'S FASHION STORY**

Blonde and beautiful Matilda Nail of Ft. Worth, Texas, the cotton industry's 1948 Maid of Cotton, has begun a 33,000-mile cotton goodwill tour which will carry her to more than 40 key cities in three countries. She's pictured here in three of the 1948 cotton creations which are included in her glamorous all-cotton wardrobe. On the left, Matilda wears a romantic evening gown done in cotton chambray and organdy by Dorris Varnum. In the center, she poses in a sophisticated cotton suit with the new slim skirt done by Herbert Sondheim. And on the right the Maid of Cotton shows a modern version of the Gibson girl blouse and skirt in white cotton batiste and black poplin from Alice Stuart. The Maid of Cotton tour is sponsored by the National Cotton Council, Memphis Cotton Carnival, and the Cotton exchanges of New York, Memphis, and New Orleans.

Tuesday, March 2, in the home of Jewell Lyon.

**W. M. U. Circle Has Meeting With Mrs. Buster Wilson**

The W. M. U. Circle Number Two, met Monday afternoon in the home of Mrs. Buster Wilson. There were eleven members present and two visitors.

The next meeting will be Monday afternoon, February 23rd, at 2:00 p. m., in the home of Mrs. Lee D. Bomar. A book on "Home Missions," will be reviewed.

Businessmen And Farmers are Getting Acquainted

... The businessmen of the country ... —the farmers and ranchmen of ... America—and the businessmen of ... the cities and towns are getting ... better acquainted, and as a result, ... each group is obtaining a clearer ... understanding and a better ap- ... preciation of the others' business ... behavior, problems and poten- ... tialities.

... That's the way Tyrus R. Timm, ... extension economist for Texas A. ... & M. College summed up the cur- ... rent picture upon his return from ... Washington where he attended a ... meeting of the national agricul- ... tural committee of the United ... States Chamber of Commerce. ... Timm is one of the land-grant ... college representatives serving as ... members and consultants to the ... committee.

... Timm's belief that closer town ... and country cooperation is under- ... way is based on the work done by ... the national committee as well as ... his observations of farmer-busi- ... nessmen matters in local cham- ... bers of commerce, service clubs, ... county units of farm organizations ... and other groups. The time has ... passed, he says, when a speaker ... needs to explain why he is talk- ... ing about agriculture to a business ... group or any group of non-farmers. ... It is an accepted fact that their ... interests are, in the end, closely ... related.

... Timm points out that there are ... four main reasons why the need ... for better understanding and ap- ... preciation between businessmen ... and farmers is more urgent today. ... First, of course, if the food crisis ... which turns the eyes of the world ... to American agriculture.

... Second, the increasing special- ... ization and commercialization of ... farms, and the end of this trend ... is not in sight. This development, ... which means that cash expendi- ... tures by the farmer are greatly in- ... creased, is responsible for the ... greater efficiency in the farm ... business as well as the higher ... standard of living in the farm ... home, and means a growing de- ... pendence of agriculture upon the ... goods and services bought from ... businessmen in town. On the other ... hand, it means the welfare of the ... businessmen is more closely allied ... with the degree of farm prosper- ... ity.

... The fact that rural people, in- ... cluding those living in small ... towns, make up the highest poten- ... tial source of buying power in ... this country is the third reason. ... Obviously, the extent of their ... buying corresponds to the level of ... their net income.

... And fourth, adjustments for ... the extent and kind of population ... migration that goes on between ... farm and city requires under- ... standing between agriculture and ... business. Over the long haul, the ... migration is to the city and ap- ... parently will continue in that ... general direction. But a depres- ... sion turns the migration toward ... the farm and for a period of time ... this influx of population intensi- ... fies farm problems as well as the ... economic problems of non-farm ... life.

... As examples of evidence that ... farmers and businessmen more ... generally agree on the fundamen- ... tals affecting the nation's economic ... life, the economist points to the ... role of the government in assist- ... ing farmers when major adjust- ... ments are necessary or disturb-

Dr. James L. Cross

Musick Produce Phone 99 Night Phone 292-J

... ing conditions threaten; farmers ... cooperatives' place in farm econ- ... omy; the advantages of mechan- ... ization; the importance of a foreign ... outlet for substantial amounts of ... agricultural production, and the ... necessity of solving surplus farm ... population problems largely off ... the farm.

... Additional problems which af- ... fect farmers and businessmen a- ... like and on which there is better ... understanding are soil conserva- ... tion problems, which are basic to ... continuing business and farm ... prosperity; rural electrification, ... farm-to-market roads and other ... standard of living improvements ... which influence non-farm busi- ... ness; the influence of prosperity or ... depression upon the amount of ... farm production; the impact upon ... the farmer in dangerous inflat-

... ionary and deflationary periods ... with corresponding impact on ... businessmen, and finally, a rea- ... lization that research in agricul- ... ture largely must be of a public nature ... rather than a private venture of ... farmers.

... "There are many different ... points of view in regard to the ... practices and procedures to fol- ... low in obtaining these ends," ... Timm says. "But the important ... thing is that we are making pro- ... gress in our understanding of ... mutual problems and that is good ... for all of us."

... Approximately 4000 acres of ... Illinois land are planted to cotton ... annually. This land is located in ... Alexander and Pulaski counties.

PUBLICATIONS

The State Of Texas
To: JUANITA (BIDWELL) MOSES, Defendant, Greeting:
You are hereby commanded to appear before the Honorable District Court of Briscoe County at the Court House thereof, in Silverton, Texas, at 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of March A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 4th day of February, A. D. 1948, in this cause, numbered 1341 on the docket of said court and styled Charlie David Moses Plaintiff, vs. Juanita (Bidwell) Moses Defendant.

Don Moses, Sharon Ann Moses, John Francis Moses and Janice Gladys Moses; there are no property rights involved, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Silverton, Texas this the 4th day of February, A. D. 1948.

Attest:
Dee McWilliams Clerk, District Court, Briscoe County, Texas

The Colonel could find oil and he could make money but he

your Week FEBRUARY 16-22
WEEKSCOPE
MON 16 YOU WILL HAVE FUN AND SUCCESS WITH YOUR HOBBY THIS WEEK
TUE 17 1959 - JOHN BROWN RAIDED THE U.S. ARSENAL AT HARPERS FERRY, VIRGINIA
WED 18 THE FIRST KNOWN PUBLIC STAND AGAINST SLAVERY WAS RAISED BY THE QUAKERS IN 1688
THUR 19 1473 - NICHOLAUS COPERNICUS, POLISH ASTRONOMER, WHO FIRST SAW LIGHT THIS DAY, ORIGINATED THE THEORY THAT THE EARTH REVOLVES AROUND THE SUN
FRI 20 1829 - CONGRESS OUTLAWED DUELING, A DIGNANT CUSTOM WHICH PERSISTED OUT BETWEEN THE CIVIL WAR AND 1920
SAT 21 1948 - KNOW YOUR CALENDAR: HOW MANY DAYS IS IT FROM TODAY, THE THIRD SATURDAY IN FEBRUARY, TO THE THIRD SATURDAY IN MARCH - 7 QUIN!
SUN 22 GEORGE WASHINGTON'S BIRTHDAY - ALSO BORN THIS DAY WERE: ALTHUR SCHOPENHAUER, FRENCH POLITICAL THEORIST; JAMES RUSSELL LOWELL, AND EDNA ST VINCENT MILLEY.

couldn't keep it; he thought money was made to spend.

So he had plenty of ups and downs.

One day, I saw him in the Hotel Texas lobby in Fort Worth and he told me he'd hit a gusher in a negro cemetery in East Texas. So, because we were good friends, I made bold to say:

"Colonel, you are older than I; you have done many big things; you've made more money in a single year than I ever saw. But I'd like to offer you a little suggestion, if you won't resent it but recognize that it is sincerely made."

He said, "Go ahead." "Well," I continued, "you can't take care of everybody who is up against it. You owe some consideration to yourself and your own security in your declining years, as well as the security of your family."

The Colonel nodded agreement, "But what can I do?" I replied, "When one of these hard luck boys, that you have helped time and time again and he's never paid it back, gets ready

to hit you up for what he calls a 'loan', you can tell the touch is coming by the gleam in his eye—so beat him to it; ask him for a loan."

A few weeks later I was out in the West Texas oil fields and ran into a friend of mine, a happy-go-lucky shoe-stringer. He said, "Boyce, I saw the Colonel in Fort Worth the other day and he must be up against it. Why, he tried to borrow \$50 from me!"

It was all I could do to keep a straight face. The Colonel was using the system I'd suggested.

I've worn out two "lifetime pens"—you know, the kind that "write under water." That's the best place to use 'em—in fact, it's the only way to keep from getting ink stains all over your fingers.

Pork Roast Helps Solve Current Budget Problems

Current homemaking problems that have to do with the budget can be at least partially solved

with a group of meat cuts that are not very well known to the average homemaker, according to Reba Staggs, home economist.

For example, she continues, there is the sirloin roast of pork. It is a cut just as fine-flavored as the more-demanded centercut loin roast but, because it is not as well known, is not asked for frequently at the meat dealers. For this reason it is a better buy for the limited budget.

The same is true of the blade-end pork loin roast, says the food authority. Both come from the loin section of the meat animal just as does the centercut loin, so are equally tender and flavorful, and may be prepared in the same way. The blade-end roast, however, comes from the shoulder end of the loin, while the sirloin or ham end roast, as it is also known, comes from the leg end of the loin.

To prepare either of the roasts, place them fat side up in an open roasting pan. A rack is not needed to keep the meat off the bottom of the pan because a natural rack is formed by the ribs, just as in the center-cut loin.

Then roast the meat in a 350 degrees F. oven for 45 to 50 minutes per pound, or until a roast meat thermometer registers 135 degrees F. Because pork is a tender meat, it may be made appetizingly tender by roasting. This slightly higher oven temperature is desirable in order to bring out the flavor and cook the meat well done without drying it out. It is not necessary to baste the meat because, when it is placed with the fat side up, the fat that melts during roasting runs down through the meat and bastes it in that way. Nor is a cover on the pan necessary, for a cover would condense the moisture into steam, and the meat actually would be braised rather than roasted.

These less-well-known cuts may be found in other meats as well as pork. In lamb, for example, there are the shoulder chops that are just as delicious as the center-cut loin chops. This same is true of the center-cut pork loin chops—shoulder chops, often called steaks are just as fine eating. In beef, the less-demanded cuts such as flank steak, plate and chuck are just as tasty as the more popular steaks, when properly cooked by moist heat.

### Meat In 1948 Has Been Predicated

There will be fewer meat animals and less meat in '48 which is hard on the consumer but money in the pocket for the producer. The situation holds true for Texas as well as the whole nation.

Extension farm management specialists for Texas A. & M. College say there are several favorable factors affecting the live-

stock market. Cattle prices will be affected by the heavy marketing of cattle and calves in 1947, as it brought breeding cattle numbers down and means a short calf crop in '48 for certain. Fewer calves and strong demand mean good prices for beef. The recent cold wave may cause still more breeding cattle to be marketed because of the high cost of winter feeds.

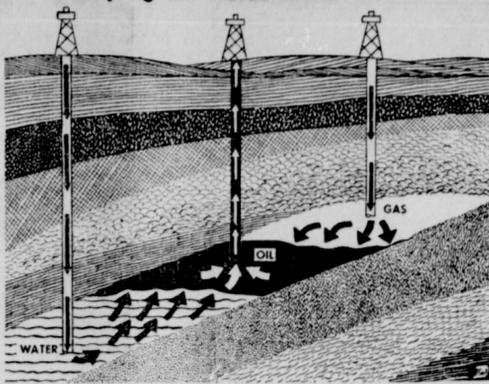

An early spring and good pasture conditions in the Feed Belt would make a good market for Texas cattle, as many farmers in

that area plan to buy younger and medium to good grade cattle for use on their pastures this spring and summer and will feed them only a little corn until the new crop comes on in the fall.

Not only will there be fewer cattle to market this year, but fewer lambs. Many ewes in Texas are in poor condition and won't be able to stand continued severe weather without heavy feeding. Winter wheat pastures in Texas as a whole are in relatively poor condition. Last year small grain pastures carried a million lambs, but very few moved to that area in late '47 because of the drought. Many ranchmen have culled their flocks closely.

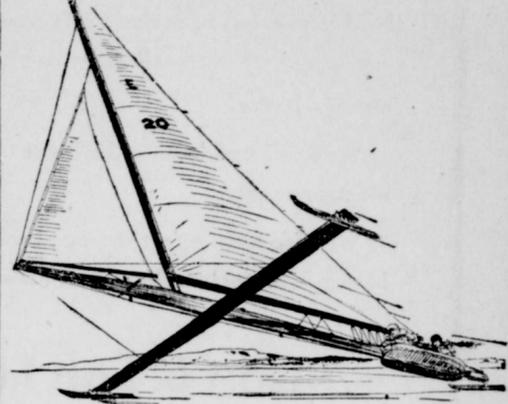

All in all, it looks like the demand will be good and the prices right for the livestock producer in Texas in 1948.

### Pumping Oil Fields in Reverse

PITTSBURGH, PA.—By pumping water and natural gas into the depths of the oil fields, modern science is bringing 10 to 50 per cent more oil to the surface. This typical cross section shows one way it's done. Here gas is pumped in above the oil pool, and water underneath it. These artificial pressures, from above and below, force the oil to flow thru the sand or rock in which it is imbedded and up the well shaft. Sketch is based on an explanation by Gulf Oil.

### 90 Million Social Security Cards Issued

"Over 90 million social security cards have been issued" to people in the United States," John R. Sanderson, manager of the Amarillo social security office, said today.

"Questions arise daily," he continued, "which show that the people having them are not clear about their use. All of you should remember:

"1. Your social security card is the key to your insurance policy with Uncle Sam. Hold on to it. You need it whenever you take another job to show to your new employer. You or your family will need it when you file claim for benefits.

"2. Your social security card should be safeguarded. Keep the bottom half in a safe place at home. If you should lose your card go to the nearest Social Security Administration office and ask for a duplicate, and you will get one with the same number that you were issued originally. Some 3

million cards are issued annually by local offices. The cost of these amounts to a considerable figure. You will be saving taxpayer money by taking good care of the card issued to you.

"3. If you change your name your local office can issue you another card with your new name bearing the same number as your old card.

"4. Tell your family where you keep your social security card and that they should get in touch with the Social Security Administration as soon as possible, in the event of your death. The local office in Amarillo is located at 324 Post Office Building."

### Weed Killers To Be Used During Year

Predicted widespread use of chemical weed killers on farms this spring has prompted a warning from veterinary authorities on the dangers of livestock poisoning. In a bulletin just issued, farmers are cautioned to "read label instructions carefully" and to take steps to protect their animals if there is any possibility that the weed-destroying chemical employed is poisonous. At least one

weed killer, 2,4-D, has been shown to be harmless to animals in the concentrations ordinarily used for spraying weeds, but it is possible that certain other products may not afford such a high margin of safety, the bulletin pointed out.

### Office Supplies at the News.

Q. Is there any remedy for Newcastle Disease in poultry?

A. There is no specific medicinal treatment of value which can be recommended at the present time. Birds suspected of having Newcastle Disease should be isolated and quarantined until definite and accurate laboratory diagnosis can be made. The best thing is to practice proper sanitation measures to prevent the disease.

Q. How long before calving should a cow be dried off?

A. About 60 days. This means that it is necessary to keep accurate breeding dates. The Rabston Purina Company issues a handy "Purina Barn Record Card" which will simplify this record keeping. One of these cards may be obtained free of cost from any Purina dealer.

Q. Will hogs make greater gains if fed salt?

A. According to a study made at the Purdue Experiment Station, hogs receiving some salt in their daily ration gained two and one-half times faster than those without it. In a 100-day study, the average daily gain made by those hogs getting salt was 1.7 lbs., while those receiving no salt gained only .67 lbs. daily. The salt was fed dry, free choice, in addition to mineral mixture. For each pound of salt consumed, there was an extra gain of 45 lbs.

Q. When should male goat kids be castrated?

A. Male kids should be castrated before they are one month old. A rubber band wrapped tightly around the scrotum next to the body cuts off circulation. In a few days the scrotum drops off, leaving a body scar as the only effect of this bloodless operation.

Q. What causes "spotted livers" in rabbits?

A. Spotted livers indicate that the rabbits have or have had coccidiosis.

Send your questions about livestock or poultry problems to FARM FACTS, 815 South Eighth Street, St. Louis 2, Missouri. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

## BRIGHT SCHOLARS

## NEED Right LIGHT

No child should be asked to do school work at home with insufficient or too powerful lighting. To make studying easier, to protect the precious eyes of your children, make sure that they have proper light.

It costs absolutely nothing to have a Southwestern Public Service lighting specialist check the lighting in your home, and it may insure not only better school grades, but the future vision of your children. Call or write for a lighting check TODAY.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS  
A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We have nothing to sell but good electric service.

### Senior Girl Scouts Held Regular Meeting Tuesday

The Senior Girl Scouts met in regular session Tuesday afternoon at 4 o'clock in the High School Auditorium.

Patrol leaders were elected. They are Marian Arnold and Joy Davenport. A Backward Party was planned for Thursday night in the home of Beth Joiner.

The next meeting will be Tuesday, March 2. All members are urged to be present.

### CARD OF THANKS

We wish to take this means of expressing our sincere thanks to everyone for their words of sympathy and kind deeds upon the death of our loved one. May God bless you all.

Mrs. R. M. Hill and children and grandchildren.
