## Owls Topple Mustangs 24-0 in Thursday Night game

The Silvertown Owls rode the Claude Mustangs to a 24-0 victory before a large homecoming crowd last Thursday night on the local gridiron. The Owls scored four touchdowns and had two called back in the rather one-sided game.

Joe Wayne Brooks started the scoring when he ran 15 yards around left end in the first quarter. Brooks scored again in the same period from the one to bring his season total to 37 points. In the second quarter, Melvin Hamilton scored on an end around play from the 30 yard line. The half ended 13-0.

In the third quarter, Freddie Hamilton scored on a bootleg play that covered 60 yards. This ended the scoring and the last quarter was played on more even grounds with the Silvertown substitutes doing the chores for the Owls.

The Owls regained their number 10 ranking in region 1-B with this victory. They will open conference play this week against their bitter rivals, the Quitaque Panthers, at Quitaque Friday night.

## Funeral Services Will be Held Friday For Bruce Wise

The body of Quitaque's first casualty of the Korean War will arrive in Amarillo aboard the southbound Fort Worth & Denver train at 11 o'clock Thursday night.

Funeral services will be held at 2:30 o'clock Friday afternoon in the First Baptist Church of Quitaque. Rev. W. M. Draper, former pastor of the church, will officiate. Burial will be in the Quitaque cemetery, under direction of Daniel Funeral Home.

Private Wise was 23 years old when he died in training maneuvers near Taegu, Korea, last April 10. A veteran of paratroop service in World War II, he was recalled to service in September, 1950. He was sent overseas a month later.

Information received by the soldier's family here indicates he met death when a truck in which he was a passenger ran over a land mine.

Private Wise was just "Bruce" to a host of friends in Quitaque and throughout this area, and the news of his death brought a sense of loss to the entire community.

Some of his friends will remember him as a soldier, others as the kindly young man who was gaining fame in the rodeo world when his country recalled him to duty.

Among his survivors he leaves his mother, Mrs. Gladys Wise of Quitaque; a sister, Mrs. Richard Tibbitt of Lubbock; and other relatives.

## Class Students of '92 Registered at Homecoming Thursday

The Silvertown Independent School District Homecoming which was held at the high school last Thursday was a big success. There were approximately one thousand in attendance. Former students from class of 1892 were among those who registered. Most of the classes from 1892 to 1951 were represented. Schools represented were Haylake, North Ward, Hickman, Rock Creek, Holt, Francis, Wallace and Silvertown.

Judge O. R. Tipps of Wichita Falls was the principal speaker. Judge Tipps was a former Briscoe County School Superintendent. M. G. Moreland, superintendent of Silvertown schools, was master of ceremonies and introduced present and past teachers of the schools. The oldest former teacher present was Judge J. E. Daniel of Floydada who began teaching here in 1892. He was also the third county school superintendent of Briscoe county. Present and past school trustees were recognized. Recognition of the different classes was next. Five members of the class of 1892 were present. They were Mrs. Bertha Donnell Alexander, H. L. Riddle, Clyde Wright, Mrs. Gertrude B. Arnold and Dr. Will Sedgwick. Three members of the first graduating class, the class of 1907 were present. They were Mr. and Mrs. Will Smithee and Mrs. Kenneth Bain.

Clovis Hill, a 1945 graduate, was the person who traveled the farthest. His address is San Diego, California and he has just recently returned from Japan. Mrs. Winnie Redin and Miss Anna Lee Anderson were presented with corsages for having taught the longest time in our schools.

The barbecue that was prepared and served by the FFA chapter was done in first class style. There were about five hundred who ate with them and all enjoyed the good meal very much.

At eight o'clock the Silvertown Owls met the Claude Mustangs in a friendly little game of football. (See story of this game elsewhere.) At the half time intermission Kay Steele was crowned Football Queen for 1951. Her attendant was Donna Jean Mayfield.

Ware Fogerson took the floor for a few minutes near the end of the program and ask for discussion of the idea of a homecoming for another year. The group decided in short order to have another homecoming on the third Saturday in September. Let us begin now to make plans for a bigger and better affair on that third Saturday in September. Remember Saturday, September 15, 1952.

Mr. and Mrs. Bud McMinn attended the funeral of Dave McMinn in Childress Friday. He was a cousin of W. L. McMinn. He was 80 years old.

## Farm News From The PMA Committee Briscoe County

### Price Support Rates Announced For 1952 Crop Oats, Barley, Rye, and Grain Sorghums.

Secretary of Agriculture Charles F. Brannon announced an increased level of price supports on 1952 crop oats, barley, rye and grain sorghums, in order to assure adequate supplies of feed grains to support high level livestock production.

The following national average price support rates for oats, barley, rye, and grain sorghums to be harvested in 1952 were announced:

Oats, 78c per bushel for grade No. 3 or better.

Barley, \$1.22 per bushel for grade No. 2 or better with discounts for lower grades.

Rye, \$1.40 per bushel for grade No. 2 or better or grade No. 3 or better weight factor only.

Grain sorghums, \$2.38 per cwt. for grade No. 2 or better, with discounts for lower grades.

The feed grain price supports announced are the equivalent of 80 percent of the latest parity price (August 15, 1951) as compared with a 1951 support level of 75 percent of the January 15, 1951 parity. The supports for 1952 will be implemented by Commodity Credit Corporation farm storage loans, warehouse storage loans, and purchase agreements. The Commodity Credit Corporation will determine discounts for lower numerical grades of barley and grain sorghums.

Price support rates for these commodities are announced at this time in accordance with "forward pricing" provisions of the Agricultural Act of 1949. Eligibility requirements and operating provisions are substantially the same as those for the 1951 crops. Loans and purchase agreements will be available through the offices of PMA County Committees from time of harvest through January 31, 1953.

### PMA Committee Elections Announced

PMA farmer-committee elections will be held in Texas during November 1 to November 23, B. F. Vance, chairman of the State PMA Committee, announced. These elections will be held in each of the 1468 designated agricultural communities in the state.

In each community, a PMA community committee, consisting of three regular members and two alternates, and a delegate to a county convention will be elected. At a succeeding county convention the delegates will elect a county committee, consisting of a chairman, vice chairman, member and two alternates. County Conventions must be held by November 29. Newly elected committees will take office December 1, 1951.

The committeemen elected at this time will administer the 1952 production marketing administration programs in their respective counties and communities. These PMA programs include the agricultural conservation program, price support operations, and the sugar program. Currently PMA committees also have many responsibilities in connection with defense activities, and with field operations of the Federal Crop Insurance Corporation.

Any farmer who is participating in any of these programs is eligible to vote in the election held in his community. Places dates of elections in each community will be announced by the county PMA Committee.

Mr. and Mrs. Glenn Allen and daughter, Marsha, of Amarillo, visited Sunday with Mrs. Allen's mother, Mrs. J. H.

## How Do You Rate As a WEATHER FORECASTER?

Most folks on the farm are pretty good at judging tomorrow's weather and making plans thereby. Must be some pretty rough weather in store the way people are opening checking accounts. You see, they aim to pay bills by mail with checks on stormy days.
