Century of Progress Study Club Adjourns Until September

May 14th found the Century of Progress Study Club in an open meeting with Mrs. L. D. Griffin and Mrs. Eloise West as hostesses. The club entertained their husbands and guests with a barbecue in the city park. Barbecue ham and all the trimmings was served at 8:00 p. m.

We wish to thank the city for the use of the lights and Mr. Glover for putting them up for us.

At this time we would like to thank each organization and individual who has helped in any way, financial or otherwise, in helping make it possible for us to build the tennis courts in the city park. This was a youth project and became our goal when we entered the youth contest in the spring of 1951. The contest was nationwide.

It would be impossible to name each person who has contributed to this project, but the organizations are as follows: The Silverton Lions Club, the Silverton Fire Department, The City of Silverton, The Girl Scout Troops, The March of Time Study Club, The F. H. A. of Silverton High School, The First State Bank, The Business Men and merchants, The Silverton High School boys and the men who donated time and labor, The County Officers, The Silverton Commissioners who donated time and equipment, The Claude Crossing Club, The Square Dance Club, to our husbands and individuals who donated their trucks, tractors and sand.

We would like to thank Roy Morris, Jimmie Webb and Buck Baird for their service with their loaders, to Ware Fogerson, we express our appreciation for helping make the courts possible. To date the courts are not fully paid for and the debt on them is to Mr. Fogerson.

The two courts cost us approximately \$2300. If there is any one who would like to make a donation to this project, you may see Mrs. James Davis or Mrs. L. D. Griffin, or notify any club member and they will contact you.

In closing, may I for myself and the Century of Progress Study Club, thank each and everyone for your help and co-operation in making the tennis courts a reality. To us, the club members, we are already rewarded for our efforts, in seeing the enjoyment the youth and individuals of the community have gained and are gaining from this recreation facility. If in taking this means of saying thank you, I have omitted anyone, my deepest apologies and to you "thanks"

The tennis courts will be formally dedicated when the entire debt has been overcome. Mrs. L. D. Griffin, Jr., Chairman, Civic Committee, Century of Progress Study Club.

V. F. W. Rodeo Attracted Many Visitors Over Week End

The three day V. F. W. Rodeo gave its last performance Monday night. Saturday night's performance was postponed due to unsettled weather. Also the parade and square dance that was scheduled for Saturday afternoon had to be called off due to the unsettled weather conditions.

After all their cash prizes were paid which amounted to \$1,220.00, and the top prizes paid for, their net was around \$800.00. Progressive registered and certified cotton planting seed breeders are changing to the slurry method of Ceresan treating all the seed they sell to farmers.

For a BETTER COTTON CROP

Progressive registered and certified cotton planting seed breeders are changing to the slurry method of Ceresan treating all the seed they sell to farmers.

The slurry is the newest method of treating and requires a different machine from the dust method. It is the result of years of technical development and testing.

The machine referred to as the slurry treater synchronizes the flow of the seed and the disinfectant so that every bushel of seed receives the same accurate dosage of chemical.

The slurry method combines most of the long-sought features for a new material, a better method and a more foolproof machine for treating seed. It is rapid, dust-free, accurate and thorough.

REGISTERED NURSE SAYS BIG 12 FORMULA IS BEST

When a registered nurse with years of experience in hospitals and private homes caring for sick people recommends a medicinal product one can be certain that the product has real merit. Mrs. Fern Collins, a registered nurse who resides in San Clemente, California and recently visited in Texas had this to say about BIG 12 Iron Tonic.

"I am a registered nurse, serving many years in hospitals and on private cases, and I have seen many instances where patients, suffering from stomach trouble, nervousness, sleeplessness, loss of appetite and a general run-down condition have been greatly benefited by taking a vitamin and mineral tonic such as BIG 12. In fact I should consider BIG 12 an absolute necessity where the patient's system is deficient in Vitamins B₁, B₂, Niacin, and Iron; this is especially true in cases of iron anemia of which there are many. I have studied the BIG 12 formula carefully and BIG 12 supplies by far more iron per daily dose than any similar product I have seen and I think I am familiar with all of them. BIG 12 also supplies in the daily dose as much of the new Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. I believe that BIG 12 Iron Tonic, supplying as it does, helpful amounts of Vitamin B₁, B₂, and Niacin in addition to Vitamin B₁₂ and with such a large iron content is undoubtedly the best tonic a person, young or old, can take to relieve conditions caused by these deficiencies. Also, because of its pleasant taste, BIG 12 is invaluable to mothers whose children are not thriving as they should, since children will readily take BIG 12 and this is important to mothers because other similar products usually taste atrociously and have to be diluted with water to enable an

adult to take them, much less trying to get such a dose down a child. BIG 12 requires no dilution with water, in fact BIG 12 can be placed in milk without causing the milk to curdle as will be the case with other similar products."

If you or any one in your family, a grownup, or child, is suffering with stomach distress, listlessness, poor appetite, nervousness, nagging aches and pains and sleeplessness due to deficiencies of Vitamins B₁, B₂, Niacin and Iron, you could not possibly do a greater favor than to purchase a bottle of BIG 12 Iron Tonic at your drug store and within a short time, often before the first bottle has been taken, you will note a decided change for the better, you'll note more energy, better appetite and a general improvement so why wait? BIG 12 is the product you have been looking for if you suffer from these deficiencies and it is as close to you as your nearest drug store. *Photograph shown is a professional model by Underwood and Underwood.

Answer to Waistline Problem Announced By Rexall Druggists

With 25,000,000 Americans over weight by at least twenty pounds, the health organizations, the medical profession and insurance companies have begun a concerted drive to point out to the American public that "your waist line is your lifeline."

One of the few people in this country who can say "I told you so" is Ann Delafield, famed expert and beauty authority. As head of a famous Fifth Avenue salon and author of numerous articles of expert guidance on the subject, Miss Delafield holds what must be the world's record for master-minding the disappearance of literally thousands of tons of unsightly, unhealthy and certainly unwanted fat.

But, characteristically, Miss Delafield isn't content to sit back and look smug as well as handsome as the all-out battle against bulges begins. She has come up with a new kind of answer which many medical and pharmaceutical authorities feel may be the answer. She worked out a new formula for a supplementary food wafer, non-fattening and low calorie, which is prescribed to be eaten between meals as an appetite appeaser (a "willpower pill," Miss Delafield describes it), allowing you to eat a normal amount of food and quieting

craving for excessive eating or gnawing hunger at or between meals. The wafer (which is also delicious to the taste) is part of a new weight reducing "package," called the Ann Delafield Appetite Reducing Plan, which the Rexall Drug Company has placed on sale in their outlets throughout the country. In addition to the month's supply of the wafers, the package contains a month's supply of vitamin capsules and Ann Delafield's new book to follow step by step as you reduce—and afterward, to give your new figure, new face and new personality their full glamour quotient.

Mr. Badgett of Badgett's Rexall Drug at Silvertown announced today that the new Ann Delafield Appetite Reducing Plan has arrived at his store. As one of 10,000 of the independent druggists associated with the Rexall Drug Company who are releasing this plan simultaneously throughout the nation, Badgett's Rexall Drug is exclusive distributor for this area.

Last year Texas farmers plowed under more than a million and a half acres of legumes as an aid to their soil improvement program. They harvested 44,452,000 pounds of legume seed from the acreage left for seed crops. The value of both was in excess of \$20 million.
