Cub Scouts Have Buse Week Away From Scouting

Due to other duties of many No. 3 did not have a meeting. busy there.

Den No. 4 met with the assistant den mother, Mrs. Clarence Anderson. Den Mother, Mrs. Charles Cowart, was ill with bronchitis and was unable to attend. She is better now. There were only three boys present, Charles Edwin Cowart, Gordon Lowry and Joe Anderson. The boys talked about the "Mardi Gras" which is their theme this month. The boys enjoyed the club news in last week's paper and were especially glad to have an account of their banquet and achievements in the paper.

BIRTH

Mr. and Mrs. Cecil Foster, of Tyler, have a baby girl. She was born February 19, weighed 7 pounds and has been named of the Auxiliary visited Mrs. Borger, are the parents of a Grace Laverne. Mrs. Foster is Farris Martin who is in the hosthe former Billie Hand, daughter pital there. of Mrs. F. C. Gatewood. Mrs. Gatewood went to Tyler on Thursday morning to visit the Fosters. T costs a lot to be an American. But not too much. The American principle of personal and economic liberty provides more opportunity and more good for more people than any other system devised by man. Privately owned and operated industry is the American principle at work.

In America, private industry pays its own way Pays the lion's share of taxes necessary to support our government. Were it not for private, taxpaying industry your individual tax would be much greater - for the burden of government would rest entirely on your shoulders.

Paste this in your hat. And when you file your income tax return, take off your hat to the American way of life.

Seein' Double?

NO! Because every PERFECT CIRCLE

is actually

wo sets in one!

IT'S A FACT! You'll get double the life from rings, pistons and cylinders with the Perfect Circle 2-in-1 Set . . . because solid chrome plating on the top compression rings and the steel rails of the oil rings greatly reduces wear and prevents harm-ful scuffing and scoring.

I hope you won't mind-

if I tell you what a wonderful thing you're doing and how proud it ought to make you feel, says Youtta Young

The wonderful thing I want to tell you about is something that you and I and millions of our friends and neighbors all over America are doing. Investing in U. S. Defense Bonds!

I think we ought to be proud that we're a part of the great team of Americans who now own more than 49 billion dollars worth of our country's interest-earning bonds.

A great success story proving that we Americans are determined to keep ourselves, our families, and our country strong and independent.

I hope you feel as proud of what we're doing as I do. And I hope you'll keep on investing in U. S. Defense Bonds regularly through the convenient Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank.

Great News! New money-earning features for U. S. Defense Bonds!

FIRST-Series E Bonds now begin earning interest after only 6 months. They earn 3% interest compounded semiannually when held to maturity. They reach full maturity value earlier (9 years 8 months) and the interest they pay is now bigger at the start.

SECOND-Every Series E Bond you own can now go on earning interest for 10 more years after it reaches the original maturity date -without your lifting a finger!

THIRD-During the 10-year extension period, every unmatured bond earns at the new interest rate (average 3% compounded semiannually).

FOURTH-If you want to be paid the interest your bonds are earning every six months, or if you want to invest more than the present \$20,000 limit for E Bonds, ask at your bank about the new Series H, J and K Defense Bonds that pay 2.76% interest!

> Peace is for the strong. For peace and prosperity save with U. S. Defense Bonds!
