MISD stops short of endorsing Sex Respect Program

Members support on individual basis

The Muleshoe Independent School District Board of Trustees on Monday night stopped short of officially endorsing a Sex Respect Program which will be conducted by Ruth Locker, Liz Tipps and other concerned parents at a local church or bank.

While individual school board members did show support for the program, the board as a whole decided not to endorse the program.

"We didn't endorse the program because we do not set the curriculum for it, they do," said Superintendent Bill Moore. "While individual members supported it, we did not want to set a precedent and have to endorse every program in the community."

The Sex Respect program is an abstinence-based program which will be held in the near future, possibly on Sunday afternoon for children in sixth grade and above. Financing for the program has been provided by the Bailey County Child Welfare Board and from the Muleshoe Rotary Club and Beta Sigma Phi.

Board president Cindy

Purdy said, "I think it is very exciting what yall are doing and feel it is very positive. I like the direction yall are taking."

In other business Monday, the board approved a recommendation by Moore to sign a Gun-free School Certification. By signing the certification, the school will be complying with the federal law and it will enable them to continue getting federal funds.

The Gun-free School Certification basically states that the board will follow guidelines for student discipline and expulsion if a student is found with a prohibited weapon on campus, has alcoholic beverages, controlled substances, or commits arson, criminal mischief, public lewdness, etc.

Also on Monday, the board approved the filing of a three-year waiver to teach Algebra I over a two-year period, awarding two credits.

The two-year course will cover all required essential elements and will be as rigorous as the standard one year Algebra I.

Halloween parade, other creepy events planned

Goblins, ghosts and other creepy creatures get ready! There will be plenty of Halloween activities in Muleshoe on Saturday, Oct. 29 to keep everyone spooked.

According to Lavon Hunt of the Muleshoe Chamber of Commerce & Agriculture, Saturday, Oct. 29 has been designated as the official Trick or

Treating Night in Muleshoe by the Muleshoe Police Department and Chamber of Commerce.

"The police department will have more officers on duty that night and feel it will be much safer to have trick or treating then," Hunt said.

A Halloween Parade on foot will begin at 5 p.m. at Main

and Ave. D Streets. The procession will end at the Mulelot, where judging for a jack-o-lantern contest will be held. Jack-o-lantern contests will be held for ages 12 and under and for ages 13 and older. Categories will include most comical, most frightening and most original. Prizes will be awarded in each category.

Each jack-o-lantern must have a candle in a container in the pumpkin. The Chamber requests that the pumpkins stay on display until 10 p.m.

The Chamber is encouraging everyone to drive by the Mulelot on Saturday night after the contest and see all of the jack-o-lanterns lit up.

Graves claims grid contest with win in the tie-breaker

Adam Graves of 901 West Ave. J in Muleshoe emerged from a three-way tie to snare first place in the Muleshoe Journal/Bailey County Merchants football contest for games of the week of Oct. 21-24.

Graves finished the week with a 13-3 mark, tied with R.G. Wilson and Terry Field, both of Muleshoe.

Going to the tie-breaker, Wilson and Graves remained tied as both chose Floydada to beat Muleshoe and Sudan to defeat Anton. But on the point totals, Graves had the edge, missing both games by a total of 31 points to claim the \$10 first prize.

Wilson received \$7.50 for

second place with a 51-point tie-breaker differential.

Field, whose 56-0 prediction in the Sudan-Anton game was the closest of the three, nevertheless was eliminated by picking the Mules to defeat Floydada and finished third for \$5.

There were 39 entries for the week. Following the three with 13-3 records were eight contestants at 12-4; four at 11-5, seven at 10-6, 14 at 9-7, two at 8-8 and one at 7-9.

Upsets during the weekend, such as Denver's win over previously unbeaten San Diego, played havoc with the contestant's picks.

LIFE SAVING EQUIPMENT - The West Texas Resource Conservation & Development recently donated an airpack which will aid the Maple Volunteer Fire Department in emergency firefighting. Mules trying to get back on track at Dimmitt

The Muleshoe Mules have to rebound from disappointment this week as they travel to Dimmitt to face one of the top area defenses.

Dimmitt is allowing 257 yards per game this season, while Muleshoe is piling up 301 yards a game on offense.

Dimmitt enters the game

on the heels of a 14-12 loss to Friona last week, while the Mules got beat by Floydada, 45-21. The Mules lost to Friona two weeks ago (9-6) on a last-second touchdown.

Wins in the final two games for Muleshoe (2-6, 0-3 in District 2-3A), would be a nice ending to a season

that was plagued by injuries. The Mules should bring a relatively healthy team to Dimmitt Friday.

Last week the Mules gave up over 400 yards of offense to the Whirlwinds, 244 came from running back Pete Cooper. The big play killed Muleshoe, as Floydada scored four times

from over 40 yards out.

The Mule defense will have to tighten up to stop Dimmitt's star runner, Derrick Thomas (5-10, 185). Thomas is averaging 119 yards a game and has eight touchdowns to his credit this season.

The Bobcat defense lines up in a 5-2 look. Defensive

end Chad Ellis (6-0, 180) leads the pass rush and fellow end Chris Everett (6-1, 205) is also a factor. Justin Stroud (6-0, 250) anchors both the defensive line and offensive line.

The Mules gained 328 yards against Floydada and

Rashad Kirven continued his rushing heroics with 139 yards on 21 carries. Kirven has gained over 100 yards in every game since he made the transition from receiver to running back. He has 673 yards (7.4 yards a carry) and four touchdowns.

Kirven did have trouble holding on to the ball, however, as he fumbled four times.

Jimmy Gauna, who left the game with a sprained ankle, completed 6-of-14 passes for 107 yards. Gauna is on pace to pass for over 1,000 yards this season, with 894 yards in eight games.

Gauna's ankle could be a factor in his quest for the 1,000 yard goal. His status is still unsure.

He has had trouble with his touchdown to interception ratio though, with nine scoring strikes compared to 13 interceptions.

Kickoff time is set for 7:30 p.m. Friday in Dimmitt.

ENMU library now has access to info network

PORTALES - Eastern New Mexico University's Golden Library now has access to L.E.I.A.N., the Llano Estacado Information Access Network. L.E.I.A.N. is a consortium of libraries in West Texas and Eastern New Mexico that have made a group purchase to gain access to "First Search," a group of large citation databases.

From the library Public Access Catalog (PAC) one can use Eastern's Internet facilities to telnet into L.E.I.A.N. and choose one of ten databases.

According to Research Librarian Jeff Conner, the telnet databases are available on a one year trial run. He says that the library will be "trying new things: seeing what works and what doesn't." By October or November there may be some new things available through this service.

Conner also said that lines may be busy at times because the whole process works by dialing into another computer through phone lines.

The databases list citations and sometimes abstracts for books and periodical articles on almost any major subject. One of them, WorldCat, has

the listings of libraries worldwide and contains 30 million records.

Article1st and Content1st both list articles from over 8,500 journals. ABI/Inform contains citations for business and management oriented periodicals. ERIC and GOP database are familiar to many library users from the CD Rom. These are educational resources and governmental documents, respectively.

Medline contains the abstracts of articles from medical journals. Abstracts are also available from PerAbs and PsychFirst. PerAbs has a listing of over 1,500 journal articles of all subjects and PsychFirst lists 1,300 articles. The MLA or Modern Language Association contains those citations that pertain to languages and literature.

One may log onto the PAC from a remote computer by dialing (505) 562-2610. Once material is located, one may print the citation. If the citation is for a book or article not in the Golden Library, it can be presented to a librarian who will aid one in completing an inter-library loan. This service is usually free. The article is

usually available within 48 hours.

Also available from the PAC are CARL, the Colorado Academic Research Libraries, and the Suggestion Box. CARL

contains 15,000 journals. The Suggestion Box is an opportunity to comment about Golden Libraries services and make suggestions for improvement.

"We are namely serving the entire community (through the blood drives, and these drives mainly help people with severe illnesses and injuries," Glenda said. "We are always short on our blood supply, particularly during the summer months."

Glenda has been working with local blood drives for five years and has been blood drive coordinator for two years now. She is responsible for getting the community together, distributing responsibilities and contacting organizations.

Glenda said that because the United Blood Services in Lubbock is still closed, she is mainly worked with UBS representatives from Albuquerque, N.M. They conduct about five blood drives a year in Muleshoe, with the next one scheduled for Dec. 15 at the Methodist Church.

Glenda is currently employed as a commercial clerk at Five Area Telephone Co-op, where she has worked for a year now. She and her husband Rick have two children, Leslie, 15 and Ryan, 10. Rick is employed at Southwestern Public Service.

Program on space shuttle to be aired

Premiering November 13 on the Discovery Channel, the Space Shuttle introduces the people who devote their lives to the space program. From the smallest task to the most intricate computer programming, individuals around the world orchestrate their lives for the safe launch and return of the shuttles. The producers of The Space Shuttle distinguished themselves with their earlier production, *Submarines: Sharks of Steel*, Discovery's highest rated program ever.

The Space Shuttle will not include the usual arms-length scenes of astronauts approaching the spacecraft, helmets in hand, or scenes of them eating strange liquid food in zero gravity. It will not show the usual shuttle landings and the astronauts climbing out of their craft to a hero's welcome. This is not a historical film.

It is a snapshot of the space program today. The people who are the space program will tell stories with a beginning, middle and end and, through intimate conversations with these people, the film will present the human dimension of this awesome technological achievement.

According to Scott Hicks, director of The Space Shuttle, Mission Director Story Musgrave is a "Spock-like figure with an odd bald head and prominent ears."

Like all interviews in this film, his is unique, shot in front of bizarre moving images, or wearing a space suit at one end of a huge bustling hanger, while being filmed from the opposite end. Story is one of the colorful characters who brings this film and the space program to life.

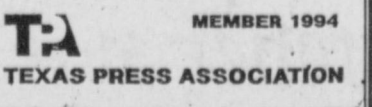

Among the other featured characters are Hoot Gibson, who scouts the weather conditions and describes feeling like you weigh 300 pounds after returning from weightlessness; Eileen Collins, the first female shuttle pilot; Frank Hughes, the head of the astronaut training program; and John Moratori, a flight director and one of NASA's self-described techno-geeks.

Throughout The Space Shuttle it is evident that NASA personnel are perfectionists. Every minute move they make is predetermined by rules written in huge manuals and procedure handbooks. The Challenger tragedy was revealed to be just slightly below the surface of everyone's mind at NASA. It provides part of this motivation to be perfect.

At every launch astronauts' children are invited to draw pictures of space and the space program. The Space Shuttle includes scenes of a NASA hallway adorned with these pictures. As she paints her picture, three-year old Rachel explains, her astronaut dad went, "bang, boom...launch--on his way to work."

Drive with caution; play it safe Halloween

It's nearing the end of October, the leaves are falling, temperatures changing and children getting excited about Halloween. Although private parties have taken over for the traditional door to door "trick or treats", still many young children will be taking to our neighborhoods for that all familiar chant.

Major Beckworth of the Texas Department of Public Safety said, "many disasters can be prevented this Halloween if parents and motorists will use good judgement." Major Beckworth stated, "small children should be confined to those areas that the parents are familiar with. Costumes should be light in color, non-flammable and any type of mask used should not prevent the child from being able to see."

Parents should also instruct their children in some traffic safety tips, insuring they look in all directions before crossing streets and to walk, never run. A flashlight carried by the child can serve as a warning to motorists and children should be instructed to use sidewalks, whenever possible.

Motorists should use extra caution in residential areas and be on the lookout for kids darting into the streets between parked vehicles. Remember, they are excited and pre-occupied with trick or treating. Drivers need to be extra alert. For those who wish to participate in this upcoming Halloween evening and receive a visit from that little ghost or goblin, it is a good idea to remember to leave that front porch light on and to insure there are no obstructions in the walkways.

Davis, Thompson united in marriage during ceremony

Micah Lea Davis and Peter LeMay Thompson exchanged wedding vows during a candlelight ceremony on Labor Day, Monday, Sept. 5 at the University Drive Church of Christ in Portales, N.M. The ceremony was officiated by George Calton, grandfather of the bride.

Micah is the daughter of Mr. and Mrs. Tom Davis of Portales, N.M. and the granddaughter of Mr. and Mrs. George Calton and Marguerite Davis, all of Portales. Micah's Great-Grandmother is Cora Calton of Hereford.

Peter is the son of Mr. and Mrs. David Thompson of Puyallup, Wash. He is the grandson of Mr. and Mrs. Eugene P. Thompson of Granger, Ind.

The bride was given in marriage by her father. She wore a formal, full ball gown of shantung silk. A fully beaded bodice was accented by full length Juliette sleeves capped by fabric roses. The chapel train was adorned with hemline beadwork and fell from a triple peplum, edged in pearls and attached at the waist by a cascade of fabric roses.

Micah's bridal bouquet spotlighted her chosen flower, a magnolia, nestled among ivory roses, grapes, grape vine and traditional Bridal accompaniments, including lace,

pearls, a small Bible, and lily of the valley. Micah's bouquet was created by her friend, Kay Jeffries.

The old-new tradition was observed with the old being a gold bracelet given to her Great-Grandmother in 1911. Her wedding attire was new, something borrowed were her Mother's earrings, and something blue was the ribbon in her garter, tatted by Mrs. Appalonia Beech.

The groom was attired in a formal black tuxedo complemented by an ivory vest and tie. His boutonniere was made of ivory roses and miniature grapes matching those in the brides bouquet.

Maid of Honor was Lianna Whittaker, friend of the bride from Portales.

The bridesmaids were Jill McCall, lifelong friend and cousin of the bride from Muleshoe, Rebecca Davis, sister-in-law of the bride, Jodie Foster and Jana Foster, cousins of the bride from Muleshoe. Jodie and Jana Foster also lit the candles for the ceremony. The bridesmaid's ensembles were made by the bride's Grandmother, Mrs. George Calton.

The flower girl was Katie Mann, cousin of the bride, from Sugarland.

The ring bearer was Billy Mann, cousin of the bride, from Sugarland.

The best man was Kip Spencer, friend of the groom from Tacoma, Wash. Groomsmen were Dean Tomlinson, cousin of the groom, from Fort Worth, Chad Davis, brother of the bride, Matt Rush, from Dora N.M. and Brady McAlister.

Groomsmen served as ushers, with Brian Kier of Portales serving as head usher.

Guests were registered by Jorie Jeffries and given programs by Janie Rush.

The pre-wedding music was provided by Triple Take, an accapella group made up of Kathy Rector, Beverly Johnson, and Cozetta Moore, and an eleven voice choir, including Jane Foster, Aunt of the bride, Nellie Dyer, Cozetta, Kathy, Beverly, Thom Moore, Floyd McAlister, Blake McAlister, Larry Johnson, Mark Mann, and Bill Calton, uncle of the bride. Soloists were Bill Calton and Sharron Melton.

Following the wedding, the bride and groom were driven to the reception in an early 1900 model, horse drawn surrey, driven by Andy Fair.

The reception was held at the Zia Room and Balcony at Eastern New Mexico University. Servers at the bride's table were Joan Johnson, sister of the groom from Auburn, Wash.

Servers at the groom's table were Sharon Tomlinson, cousin of the groom, from Colorado Springs, Colo. and Sidney Chapman, close friend of the bride and groom.

Mr. and Mrs. Peter LeMay Thompson

Members of the house party included Kim Mann, cousin of the bride from Sugarland, Kay Jeffries, Donna Hampton, the bride's High School friend's and the Chi Omega Fraternity.

The couple took a honeymoon to Ocho Rios, Jamaica, and are now at home in Portales. Peter is a 1994 graduate of Eastern New Mexico University with a major in Chemistry and Biology. Peter is employed by Strebeck Autoplex as a finance manager. Micah is a junior at Eastern New Mexico University, majoring in Communicative Disorders.

Out of town guests included

the groom's parents from Puyallup, Wash., his sisters, Joan Johnson and Paula Rovic, from Washington, cousin of the groom, Sharon Tomlinson, from Colorado Springs, Colo., and the groom's aunt and uncle, Mr. and Mrs. Jerry Boudreau from Lubbock. Gertrude Green of Houston, Tex., Kristi Bohm Hedley from Joplin, Mo., and Mr. and Mrs. Danny Ward and Dacia, The Joe Mendoza Family, Mr. and Mrs. Kip McCall, and Jane, Jodie and Jana Foster, cousins and aunt of the bride, from Muleshoe.

A special guest was Cora Calton, the 100 year old great-grandmother of the bride from Hereford.

Better Business Bureau

Consumer rights is the focus of this year's National Consumers Week which began October 23, and it is designed to increase consumer awareness and promote positive action in the marketplace. Equipping consumers from every sector of our economy to exercise their rights will make the marketplace more accountable to all consumers. Knowing and exercising every one of our consumer rights is indeed a challenge.

A good starting point is the Consumer Bill of Rights: Right to Choice; Right to Information; Right to Safety; Right to be Heard and Right to Consumer Education. Knowing their rights will help the consumer to also know their responsibilities.

If consumers know their rights and responsibilities, it will help promote fair and satisfactory transactions and

help to derail frauds and disappointments. Your Better Business Bureau works every day to teach these principles to children, students and adults. Call us 24 hours a day at (806) 763-0459.

Your telephone rings and the person on the other end says "I have a collect call for you and in order to put it through I need your calling card number." This is the description of the latest tele-scam to hit the South Plains. What happens if you accept the collect call having given your calling card number? The person on the other end asks you if you

are "Joe Doe" and you say NO, they say they are sorry, they have the wrong number. NOT!

Now that they have your number, calls can be placed anywhere in the world, usually overseas. The Better Business Bureau warns South Plains consumers to NOT give your number out over the phone to anyone. If you have a legitimate collect call, the phone company will ask your name and either give you the name of the caller or ask them to state their name. The phone company already has your number, they won't have to ask for it!

Those present were welcomed by the president of the Heritage board, A.V. Wood. Wood then gave a report on activities and accomplishments at the center during the past year and on the people and organizations who contributed in so many ways to the Heritage Complex.

Vivian White, treasurer,

gave the treasurer's report. She noted how important the support of the community is to the success of the center and reminded all to remember the Heritage Foundation when making memorials to loved ones.

Robert Shafer, a new Heritage board member, explained the plans for landscaping in the near future at the center. He passed out to all present the proposed landscape plan.

Dan Throckmorton, vice-president, told of the attempts of the Heritage Foundation to get grants to continue improvements at the center. He noted that so far, all of the

progress made at the Complex has been done through donations and through the support of this area.

R.A. Bradley, a long-time board member who has become active recently, told of the dreams and future plans for the Heritage Center. Furnishing the recently redone Janes Ranch House is one priority. Also, work on the old Muleshoe Cook house, the log cabin and landscaping of the grounds will begin soon.

He told of exciting plans for the annual Old Fashioned Christmas to be held again this December at the Heritage Center. The president then in-

troduced Audra Lee, the president of the Student Community Action Club (SCAC), a high school club which acts as an honorary Heritage board member.

She gave an update of the club's activities for the previous year.

The club took as its project furnishing and decorating the little girl's bedroom at the Janes Ranch House and Audra notes that this project is near completion. She noted that SCAC has been a big supporter of the Heritage Center since the beginning and will soon take on another project at the center.

Dan Throckmorton, vice-president, then conducted the nomination and election of new board members of the Heritage Foundation. The following were elected: Robert Shafer, Corky Green, Larry Hooten and Kristy Price. The open meeting was then adjourned and refreshments were served.

A short business meeting of the Muleshoe Heritage Board

was held and the following officers were elected for the coming year: President, Robert Shafer; vice-president, Dan Throckmorton and Jack Hicks; secretary, Kim Shafer; treasurer Vivian White; and publicity chairman, Jean Allison.

Other board members include R.A. Bradley, Gordon (Corky) Green, Terry Sowder, Evelyn Peat, Larry Hooten and Kristy Price.
