Provisions of Social Security Laws Are Explained Herewith

"Social security monthly retirement benefits may be available to workers when they are still employed," Mr. John R. Sanderson, manager of the Amarillo District Social Security stated today. Mr. Sanderson says that every man at age 65, and every woman at age 62 should be aware of the provisions of the law which determines whether one or more monthly checks are payable for the year. The application of these provisions is referred to as the Retirement Test. Under this test, an insured person whose earnings do not exceed \$1200 in a calendar year can receive payments for all months he was of retirement age. If his earnings exceed \$1200, one social security check will be withheld for every \$80, or fraction of \$80 of his earnings in excess of \$1200.

Cotton Planting Gets Off To Good Start In Briscoe County

Briscoe County cotton planting got under way full speed this week as the ground warmed up and moisture conditions became favorable. This cotton year looks as favorable as any ever did. Conditions are such that a good crop may be produced at a more favorable cost. The one thing, quality cotton, looms as the big question mark.

Mrs. John Vaughan Receives Injuries In Fall at Her Home

Mrs. John Vaughan fell at her home here on Wednesday of last week; she was alone and relatives did not find her for sometime. Mrs. Walter Brannon took her mother to the Lockney hospital and the doctor thinks she may have suffered a light stroke.

Mrs. Vaughan had a bad bruise behind her ear and had two gashes cut in her head.

Mrs. M. L. Welch, Mrs. Walter Brannon, Silverton, and Mrs. Elmer Vaughan, of Quitaque, spent last Thursday at the hospital with Mrs. Vaughan. Mrs. Welch and Mrs. Bill Long went down Saturday expecting to bring Mrs. Vaughan home but she was not feeling too well so did not come.

Mrs. W. L. Vardell, of Clovis, New Mexico, spent the weekend with Mr. and Mrs. Bailey Henderson, in Lockney, and both ladies visited Mrs. Vaughan at the hospital.

Jim Whitfield, director of the local A. S. C. office, has been a patient in the West Texas Hospital in Lubbock since Thursday of last week. Mrs. Whitfield is there with him.

LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by: MORRIS DRUG STORE, Silvertown. Mail Orders Filled. 18-5tc

ORDINANCE NO. 179

On September 16, 1955, an Ordinance was passed that the Citizens of the City of Silverton, Texas, must get a permit before they install a culvert in any ditch, or put any kind of a crossing in a ditch. The Ordinance reads as follows:

The Citizens of the City of Silverton, Texas, will have to get a Permit from the City Secretary, before they can put any kind of a crossing in a ditch. After they receive said permit, the Street Commissioner will look at the location that crossing is to be put in, and determine what size culvert or how low crossing should be to keep water from going across the road.

Phillips 66 Ammonia...

Jack Shelley, Hale Center, Tex., reports: "I picked 847 pounds of lint per acre on cotton fertilized with Phillips 66 Ammonia. This compared to 633 pounds on a check plot that got no ammonia."

Gives Southwest Farmers...

J. F. Martin, Hereford, Tex., reports: "I put down Phillips 66 Agricultural Ammonia pre-plant on irrigated cotton and made 2 bales to the acre. I use Phillips Ammonia on all my cash crops."

More Cotton Per Acre

From all over the Southwest, successful farmers report higher yields and more profit per acre using Phillips 66 Agricultural Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through higher grain yields and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

CARD OF THANKS

We want to take this means of expressing our appreciation to the many friends for letters, gifts, cards, visits and especially the many prayers during my stay in the St. Anthony's Hospital at Amarillo. Your many acts of kindness can never be forgotten and have brought us closer to our friends, whom we shall never be able to repay.

Mrs. Luke Thompson and Family.

Mrs. Ben Garvin, L. E. Garvin, Jr., and Mr. and Mrs. Dee Garvin visited in Lufkin last Wednesday week, with her daughters, and brought back the balance of her housekeeping things. They all reported East Texas as very beautiful at this time.

Mr. and Mrs. Rex Jones and Rickey were recent weekend guests of his parents, Mr. and Mrs. S. H. Jones, at Blair, Oklahoma; they also visited her grandmother, Mrs. W. F. Baldwin, at Sentinel, Oklahoma.

HUMBLE'S DRILLING COSTS UP—The annual report of Humble Oil & Refining Company reveals that the company's average cost of drilling a well like this in 1957 was \$170,600, almost 30 per cent more than in 1956. Total drilling costs for Humble last year were \$146 million, of which 42 per cent was spent in drilling wells that failed to produce either oil or gas. These dry holes, one of the expensive risks of exploratory drilling, cost Humble \$62 million.

Hereford, Tex., Man Reports—
**More Maize On Fewer Acres
 Using Phillips 66 Ammonia**

Earl Holt, Hereford, Tex., says: "I harvested more grain from 250 acres of irrigated maize fertilized with Phillips 66 Ammonia than I got from my previous larger acreage which received no ammonia. And I got this increase using only one irrigation well for the entire 250 acres."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through higher yields of grain and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.
