"\$7.34 invested in ammonia netted \$40.56 in wheat"

W. H. Jackson, successful High Plains farmer, says: "Phillips 66 ammonia proved to me it can help me make more money. The irrigated wheat I fertilized with Phillips 66 Agricultural Ammonia gave me a 25 bushel-per-acre increase over an unfertilized check plot. This netted me \$40.56 per acre."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

SCHOOL NEWS

The following letter from the Texas State Teachers Association is self explanatory:

September 3, 1958.

Dear Mr. Moreland:

Thank you for the 100 per cent enrollment in TSTA of the faculty of the Silverton Public Schools for the 1958-59 membership year.

You will be interested to know that Silverton is the thirty-third school to report a full enrollment for the new school year. It is such continued fine leadership and support that makes TSTA a great organization. We are grateful.

Membership receipts will be mailed within a few days' time. Please call upon us for service any time we may assist you or your teachers.

Sincerely yours,
CHARLES TENNYSON,
Executive Secretary.

For several years we have been 100% in membership but this is the first time applications for membership were sent in before the opening of school.

At the breakfast, which was held on Friday before the opening of school, all teachers made out their applications and they were sent in that day.

The School Annuals were received some few days ago and we are very proud of them. It would not be possible to have such an Annual if it were not for the advertisements. We would like to say to each of the advertisers, thank you.

Our Football Programs are furnished by the merchants and that is why we can give them to you at the games. The schedule cards are also furnished free to us by the First State Bank. Our thanks to these merchants and our bank. Come to think of it we get a lot of help and cooperation out of this town and community and we do appreciate it.

We have about 325 pupils eating in the school lunchroom which is just about 70% of our pupils. Some go home for lunch and others bring their lunch.

At a meeting of Superintendents and Coaches of League District 4-A in Ralls last Wednesday night, Mr. M. G. Moreland was elected Basketball Chairman for this school year. This is the first year in this district and the coaches and superintendent are well pleased with the new set up for our school.

The School Board met in regular meeting Monday night in the High School Lounge. Business was mostly routine. One matter of much importance was the furnishing free lunches to pupils. In view of the economic situation and the fact that the lunchroom did not make expenses last year, it was decided that no more free lunches would be provided after this week.

The Briscoe County Teachers met Tuesday night and had for their speaker Mr. Baggaly of the Tullia Herald. Baggaly is a former teacher and now a newspaper man. He is very well qualified to talk to teachers and his talk was appreciated by all. There were 34 teachers and four visitors. The visitors were: Mrs. Joe Holt, Mrs. Grady Martin, Mrs. M. G. Moreland and Alvin Redin. The next meeting will be at Quitaque in January.

Miss Joy Strange Wed to Edwin Bice In Home Ceremony

In a pretty home ceremony on Saturday evening, August 23, 1958 Miss Joy Strange, daughter of Mr. and Mrs. E. C. Strange became the bride of Edwin Bice, son of Mr. and Mrs. Woodrow Bice, Route 5, Tullia, Texas.

Rev. Merle Weathers, Baptist pastor of Summerfield performed the double ring ceremony before a background of white gladiolos, in the home of the groom.

Mrs. Bice, a 1956 graduate of Silverton High School has been employed by Swisher County Electric Cooperative the past year.

Mr. Bice a 1955 Tullia High School graduate was employed in seismograph work, before entering the farming business.

The bride wore a street length princess style dress of white nylon silk. Bows of same material lent front and back interest. Her net veil was held by a scalloped head piece brimmed in sequins and pearls. Her jewelry was a single strand of pearls with matching earrings. She carried a white bible topped with a bridal bouquet.

Jeannette Bice played the traditional wedding march. Mr. and Mrs. James Anderson of Canyon served as Matron of honor and best man.

Following the ceremony a reception was held. Mrs. Henry Rowell of Lockney, aunt of the bride, baked the beautiful wedding cake.

Members of the families and close friends attended. After a short trip to Colorado, the bride will be at home on the John Terry farm in the San Jacinto Community.

Mr. and Mrs. Lee Deavenport and Roy Lynn are enjoying a vacation trip with relatives in California.

Mr. and Mrs. Doyle Poole, of Lockney, visited his sister, Mrs. P. D. Jasper and Dawn Sunday afternoon.

Mrs. Joe Blocker, of Lubbock, recently underwent major surgery in Lubbock hospital. Mrs. Blocker formerly lived in Silverton.

Mr. and Mrs. Perry Whittemore and son, W. P., were home over the weekend from Dallas where they have been sometime with W. P., where he is receiving treatment. They returned with W. P. to Dallas Monday for further treatment.

PAVED BARNLOTS PAY

Cows use up energy that could have gone into extra weight gains on unpaved lots. Paved strip along side the feed bunk means more beef from each pound of feed, Purdue University agricultural researchers report.

Cattle kept out of the mud will gain extra pounds. Cattle have a firm footing they put on more weight when they have to wade around in muddy yards, say laboratory research men at Purdue University.

M. Beeson and Dr. T. W. Perry found out that a strip of concrete alongside a feed bunk will more than make up for itself in increased beef gains. In a research trial on lots of 14 steers confined for 112 days) the average steer in the lot with a 16-ft. concrete strip on one side of the feed bunk was 96 pounds compared to only 63 for each steer confined to the unpaved lot. Each concrete strip gained 33 additional pounds. The steers in the paved lot ate less total feed, but each steer required more feed to make a pound of gain.

From this extra beef means that paved strips are worth the cost. And by paving a small section of the yard each farmer will soon have a complete paved holding area which will save time and reduce labor. Also, valuable manure is more easily handled on a paved yard.

Other valuable research information was made available to farmers, stockmen and agricultural editors at Purdue's 1958 CATTLE FEEDERS' DAY. A copy of the research report on the paved versus unpaved strips is available on request to the Portland Cement Association, 530 North Dearborn St., Austin 1, Texas

Crosbyton's Keystone Kops deliver justice and Garnet Jones' stocks are an adequate punishment for his neglecting to wear appropriate Jubilee garb, which residents are wearing each Monday preceding the Golden Jubilee celebration, Sept. 7-10. Daily activities in the Golden Jubilee range from style show to Indian pageant, a spectacular pageant on the history of Crosbyton, Canyon Cavalcade, presented Monday, Tuesday and Wednesday nights at the Crosbyton rodeo arena.

American President Launches Farm Program

COSTA RICA — A good-will gift to the people of Costa Rica, a new diesel tractor, will be used to promote the development of this Central American country. President Eisenhower (right) and Costa Rican Ambassador to the United States Manuel Escalanti Duran (center) are shown with the national agricultural program on a small farm in Costa Rica. The sign reads "Ford Tractor Presented to Costa Rica."

Weather Predicting Peculiar Knack of Seminole Indians

WASHINGTON — Still relatively primitive, the Seminole of the Florida Everglades predict hurricanes as much as a month in advance.

They have their own curious version of the great Flood of Noah and an even more curious creation legend in which the story of Cain and Abel is mixed incongruously with the Christian tradition.

Punishment for crime is usually in the form of whipping administered by a relative. For murder the penalty can be death at the hands of the family of the offender, if it is inflicted within 5 days. Otherwise the slayer gets a respite until the next "Corn Dance," which may be several months away.

These are among the beliefs and customs of the Seminole related by Dr. Frances Densmore, research associate of the Bureau of American Ethnology, in a publication on the music of these people issued by the Smithsonian Institution.

Ability of the Indians to predict disastrous storms far in advance puzzles weathermen. For instance, Dr. Densmore relates, the great hurricane in the fall of 1926, one of the worst ever to hit the area, was known to the Indians at least 4 days in advance. They were so certain of it that they persuaded the Indian agent to move all his charges to a safe place, and thus they were entirely prepared for the catastrophe.

Rare Disease Puzzled Doctors

CHICAGO—A case of "seal finger," a disease usually found only among Scandinavian sealing expedition members, has been reported in the midwestern United States.

The disease, called "Spekkfinger" (blubber finger) in Scandinavia, occurs so rarely in this part of the world that it has been described in American medical literature only once before.

The midwestern case occurred to a St. Louis fur company employee who worked as a blubberer scraping fat from the inside of seal skins during an expedition to the Pribilof Islands in the Bering Sea.

Near the end of the season, one of his fingers, which had been cut, began to swell and become painful. American doctors, unfamiliar with the disorder, unsuccessfully treated it with "hot soaks," lancing and draining, and finally penicillin. Eventually an older company official suggested it might be seal finger. Tetracycline was given and the finger healed.

Marquis Once Refused To Kiss Hand of Lady

WASHINGTON—A pair of gloves now in the Smithsonian Institution recalls an incident in the early history of Baltimore. They were worn by a belle when the Marquis de Lafayette visited the Maryland city. When he met the lady, the Marquis bent gallantly to kiss her hand, only to halt short of performance.

There, staring him in the face, was his own portrait, carefully worked on the back of the lady's glove. Lafayette could not, he explained, kiss his own likeness.

Many of today's gloves do much more than serve their basic purpose of warming and decorating the hands. Special gloves are now made for special purposes. To name a few, there are fireproof gloves, rubber gloves for surgeons and electrical workers, and electrically heated gloves. A surgeon's glove impregnated with lead has been perfected to allow doctors to work with their hands constantly exposed to x-ray.

Extra Leisure Time Changes Way of Living

NEW YORK—Increase of leisure time is bringing the United States and other modern industrial nations to a new stage of civilization, says August Heckscher, Director of the Twentieth Century Fund.

"The working day has been shortened," Mr. Heckscher notes. "Two decades hence the five-day work week is almost certain to have been reduced to four. Vacations have been lengthened, and meanwhile at both ends of the life span—in youth and in age—the period uncommitted to a regular occupation has been extended."

Free time—and perhaps leisure time—is now within the grasp not of a small group of society as it has been through most of history; it is promised for all, and all seem determined to pursue it as a goal. Mr. Heckscher says. "The consequence," he points out, "must not only affect the economic system, but the whole quality and texture of the country's life."

Ranking second with a 2.70 average is Mrs. Irene Pullen, 211 Juanita, Plainview.

Lynn Rhoderick of Quitaque is listed third with a 2.60 average.

**\$8,019,024 A YEAR BEING PAID
IN TEXAS PANHANDLE TO OLD-
AGE, SURVIVORS AND DISABLED**

Old-age, survivors, and disability insurance benefits are being paid in the Texas Panhandle at the rate of \$8,019,024 a year, according to John R. Sanderson, manager of the Amarillo Social Security District Office.

"This is an increase of about 35% over last year," Sanderson said.

Payments to a retired worker average about \$65 per month, Sanderson said. The average for a widow with two young children is \$145. The maximum payment for a retired couple is \$162.80 a month, and the maximum for a family is \$200.

There were several reasons for the increase in benefits over last year," Sanderson said. One was the payment of benefits to people who were brought under the law for the first time in recent years—self-employed farmers, for example. Other reasons for the reduction in the retirement age to 62 for women and the starting of disability insurance benefits to disabled people 50 or over.

For the entire State of Texas, social security payments at the end of 1957 were being paid to 417,281 beneficiaries at the rate of \$19,975,900 per month.

The Nation's first forest conservation postage stamp goes on sale October 27 at Tucson, Arizona during the annual meeting of the American Forestry Association. The issue was designed by the Post Office Department to commemorate the 100th anniversary of the birth of Theodore Roosevelt, one of this country's earliest forest conservationists, and to salute the many private and public agencies whose cooperation has helped make possible the progress in forest conservation.

First-day mailings will be cancelled with the above die featuring the Smokey Bear and the Keep America Green forest fire prevention programs.

March Of Time Study Club Met With Mrs. Troy Burson

The March of Time Study Club met in the home of Mrs. Troy Burson on September 4 at 9:30 in the morning for a brunch which marked the opening of the 1958-1959 club year.

Mrs. Conrad Alexander gave the Invocation. Mrs. W. E. Schott, Jr. gave an outline of the projects for the club year. Mrs. True Burson gave a financial report and a budget outline. Mrs. Marvin Montague gave a parliamentary drill. The president, Mrs. Theron Crass, conducted the business meeting and welcomed Mrs. G. W. Lee, Jr. as a new member to the club.

The committee for the brunch, Mrs. J. W. Lyon, Jr., Mrs. Fred Mercer and Mrs. Roy Mayfield, served Swedish Trimbles topped with Chicken A La King, pineapple rings, cherries and coffee to the following members:

Mrs. Conrad Alexander, Miss Anna Lee Anderson, Mrs. Clarence Anderson, Mrs. Tony Burson, Mrs. True Burson, Mrs. Theron Crass, Mrs. Rex Dickerson, Mrs. G. W. Lee, Jr., Mrs. Alvie Mayfield, Mrs. Marvin Montague, Mrs. D. T. Northcutt, Mrs. E. Posey, Mrs. W. E. Schott, Jr., and Mrs. Ben Whit-fill.

Mrs. L. K. Gilkeyson and daughters, Mrs. L. B. Garvin, Jr., and children and Mrs. H. B. Simpson visited Mr. and Mrs. Earl Brock in Dimmitt Sunday afternoon; Mr. and Mrs. Glen Merrett and children, of Hart, and Bobby Brock, a student at WTSC, Canyon, were also visitors with their parents, the Earl Brocks.

Dr. and Mrs. W. A. Sedgwick were in Lubbock Sunday to visit their grandson and family, Mr. and Mrs. Stanley Sedgwick and daughters.

Frank Morris, of San Angelo, has been here working as pharmacist at the local drug store while his son and family, Mr. and Mrs. Gene Morris and Joel are away on vacation. Mrs. Frank Morris and her mother, Mrs. J. C. McKenzie, of Amarillo, brought him here on August 31 as they were enroute home from a vacation trip.

Mr. and Mrs. M. B. Self and Mrs. Eva Lou Cowan and children spent Sunday in the home of Mr. and Mrs. O. L. McGowen and Steve in Plainview. Misses Ella Rose McAlister, of Clovis, New Mexico, and Zobia Self, students at Wayland College, were also dinner guests in the McGowen home. Mr. and Mrs. Self are parents of Mesdames Cowan and Gowen and Miss Self.

Mr. and Mrs. Milton Dudley and Connie were in Stephenville on August 31; Mr. and Mrs. Claude Dudley, of Childress, accompanied them to Stephenville where they attended a Bostick family reunion at a park. The men's mother, Mrs. J. B. Dudley, of Texas City, one brother and three sisters of the original Bostick family were present, two sisters and one brother were unable to attend. A good crowd was present; a picnic dinner was served at noon.

Mr. and Mrs. Bud McMinn were in Hereford Sunday afternoon where they attended open house at the new First State Bank there. They ate supper with her cousin and family, Mr. and Mrs. John Hacker, and her mother, Mrs. John Culpepper. Enroute home they stopped in Dimmitt for a visit with Mr. and Mrs. Earl Brock and family, former Silverton folks; both Mona and Bobby happened to be visiting at home.

Mrs. Maude Brister and her brother, of South Plains, were Sunday visitors with her sister in law and family, Mr. and Mrs. U. D. Brown.

Mr. and Mrs. Bernie May and her daughter, Mrs. Clifton Stodghill, Mary and Donna were in Las Vegas, New Mexico, from Tuesday through Saturday of last week. On Thursday Mesdames May and Stodghill and daughters went to Taos where they visited an Indian Village and on to Santa Fe. Mr. May fished most every day and usually caught the limit; On Friday he and Judd Donnell, formerly of Silverton, and two other men enjoyed a horseback ride to Beaver Creek. The country there is beautiful. The folks say they had a wonderful time and slept under blankets each night. Bernice brought home the limit of fish allowed.

Miss Ina Lou Grabbe, daughter of Mr. and Mrs. Warner Grabbe, has returned to Pasadena, California, where she will attend Abbot-sador College again this year.

Home Lighting Tips

A thorough housecleaning often reveals the need for new shades for table and floor lamps.

When replacing shades, General Electric home lighting specialists suggest you select shades similar or alike in fabric, texture and color. This will create a new sense of harmony in almost any room.

Avoid translucent colored lamp shades that often produce a weird, distorted lighting effect. If you desire saturated color, to blend with a decorating plan, choose opaque shades with white linings.

Try using Coloramic bulbs in Dawn Pink, Sun Gold, Spring Green or Sky Blue in translucent white silk shades. The lamp shades will take on a subtle pastel tone, and the colored lighting effect can produce an exciting new atmosphere in any room.

When buying new shades, follow this handy G-E Guide to shade sizes for various types of lamps:

Large Floor Lamp—18-inch-20-inch bottom diameter.

Junior Floor Lamp—Swing Arm—16-inch diameter.

Large Table Lamp—16-inch for small sizes, 17-inch for taller lamps.

Pin-to-Wall Lamp—13-inch bottom diameter for 8 or 9-inch diffusing bowls, or 150-watt white indirect bulbs. Smaller lamps with 6-inch bowls will take 10-inch shades.

Dresser Lamp—Dressing Table Shades—Choose bottom diameter of at least 9 inches.

A lamp bulb in the luggage may sound like an unnecessary nuisance but try it once and you'll never start an overnight trip without one.

Packing a 150-watt bulb in its original carton in with your night clothes can give any strange motel or hotel bedroom all of the comforts of home. If you like to read in bed, or before retiring, replace the 40-watt with your own bulb.

Did you know that turning fluorescent lights on and off unnecessarily actually shortens the life of the tube? General Electric lighting specialists point out that it is wise economy to keep fluorescent lights burning when you leave the room for a short while.

ATTEND FUNERAL IN LUBBOCK

Funeral services were held in Pioneer Methodist Church in Lubbock on Friday, September 5, at 4:00 p. m. for Raymond Miller, 45, who died early Wednesday of a heart attack at his home there.

Survivors include his wife and four small children. Mrs. Miller is a sister to Dolen Rackley. Mr. and Mrs. Rackley were in Lubbock on Wednesday and they and their family attended the funeral Friday afternoon.

Mr. and Mrs. Will Smithee, Mr. and Mrs. Eugene Long, Mrs. J. S. Fisher, Jim Brooks and Albert Mallow transacted business in Tulia on Monday.

Mr. and Mrs. F. E. Hutsell were in Amarillo on Monday.

Mr. and Mrs. Milton Dudley and Connie were in Stephenville on August 31; Mr. and Mrs. Claude Dudley, of Childress, accompanied them to Stephenville where they attended a Bostick family reunion at a park. The men's mother, Mrs. J. B. Dudley, of Texas City, one brother and three sisters of the original Bostick family were present, two sisters and one brother were unable to attend. A good crowd was present; a picnic dinner was served at noon.

Mr. and Mrs. Bud McMinn were in Hereford Sunday afternoon where they attended open house at the new First State Bank there. They ate supper with her cousin and family, Mr. and Mrs. John Hacker, and her mother, Mrs. John Culpepper. Enroute home they stopped in Dimmitt for a visit with Mr. and Mrs. Earl Brock and family, former Silverton folks; both Mona and Bobby happened to be visiting at home.

Mrs. Maude Brister and her brother, of South Plains, were Sunday visitors with her sister in law and family, Mr. and Mrs. U. D. Brown.

Mr. and Mrs. Bernie May and her daughter, Mrs. Clifton Stodghill, Mary and Donna were in Las Vegas, New Mexico, from Tuesday through Saturday of last week. On Thursday Mesdames May and Stodghill and daughters went to Taos where they visited an Indian Village and on to Santa Fe. Mr. May fished most every day and usually caught the limit; On Friday he and Judd Donnell, formerly of Silverton, and two other men enjoyed a horseback ride to Beaver Creek. The country there is beautiful. The folks say they had a wonderful time and slept under blankets each night. Bernice brought home the limit of fish allowed.

Miss Ina Lou Grabbe, daughter of Mr. and Mrs. Warner Grabbe, has returned to Pasadena, California, where she will attend Abbot-sador College again this year.

Panhandle Old Settlers Ass'n to Meet in Elwood Park

The Panhandle Old Settlers Association will have its regular annual meeting in Elwood Park in Amarillo on Wednesday of Fair Week, which will be the 24th of this month. The session will convene at ten o'clock a. m. and remain in session until two o'clock p. m. and as much longer as the members desire to visit informally. In the event of inclement weather the meeting will be held in the YWCA building adjoining the park. Judge Stokes, of Amarillo, president of the Association, states that Rev. Leon Hill will be the speaker and a square dance of at least one set will be staged for the amusement of the members and guests.

A new feature of this year's meeting will be the manner in which the food will be provided. All of the members and others who attend are asked to bring basket lunches, if it is convenient for them to do so. All of the lunches will be assembled and spread on the table together in a kind of picnic style so that everyone present will feel free to partake whether he has brought a basket or not.

This innovation is made necessary because of the uncertainty as to the number of people who will attend. A musical program has been prepared and free drinks, such as Coco Cola, soda pop, Dr. Pepper, will be served.

Every person who has lived in the panhandle, generally known as the West Texas area, for twenty-five years or more is eligible for membership, the fee for which is one dollar. The management hopes that a large attendance will feature this year's meeting. All are invited to attend whether they are members or not.

John David Turner, 15, son of Mr. and Mrs. John Turner has recently spent several days in the Lockney hospital; his illness was diagnosed as sleeping sickness but he has seemingly recovered and was at the local school a couple of days last week.
