You may have plenty of horses under the hood, but if you don't feed 'em right you won't get the kind of performance you were hoping for when you bought that new car.

To make the most of your horsepower, fill your gas tank with clean-burning, high octane Phillips 66 Flite-Fuel. No other gasoline provides the combination of high performance components that make this the "Aristocrat of Motor Fuels."

The performance advantages of Phillips 66 Flite-Fuel are noticeable, and they are noticeable immedi-ately. Easy starting . . . freedom from stalling . . . lively acceleration . . . you get all these when you fill up at the station where you see the orange and black Phillips 66 Shield. Treat your horses right!

ELECTRIC HEATING ... as easy, safe and clean as switching on a light bulb!

That little man-of-all-things, Reddy Kilowatt, is ready to heat your home just as easily as he now lights your home. Electric heating is so easy, so safe, so clean - well, it's just like a light bulb - responds instantly to the touch of your finger on a control switch. Imagine, turn on a switch and a light lights up - turn on another switch and you have instant, comfortable, clean

P. S. Electric heating is really easier than turning on a light bulb. With thermostatic control you just set it and forget it.

BOOKLET

"The Inside Story of ELECTRIC CLIMATE CONTROL" - a new booklet that tells the facts about modern, convenient electric heating. If you're building or remodeling, you'll want this booket. Your Public Service manager has a copy for you.

There's a new, low electric heating rate now available. To get the facts, see your Public Service manager. PUBLIC SERVICE
