VOLUME 51 NUMBER 14 PUBLISHED EVERY THURSDAY AT SILVERTON, BRISCOE COUNTY, TEXAS THURSDAY, APRIL 2, 1959

Tulia Couple Purchases The Briscoe County News

In a sales agreement reached last Friday, Mr. and Mrs. Charles Sarchet, of Tulia, became the owners and operators of the Briscoe County News. The new owners took charge of the business on April 1. The former owners, Mr. and Mrs. M. B. Cavanaugh, have continued operations while Mr. and Mrs. Sarchet are moving and getting settled in their new home.

Mr. and Mrs. Sarchet, or Charles and Mary Ann as they prefer to be called, are not strangers in the panhandle country, as they have spent most of their lives in Tulia, where they attended and graduated from high school in 1953. Charles has worked on the Tulia Herald staff for a number of years and comes to the Briscoe County News well qualified to carry on the traditions established by the News. Mary Ann attended business school in Amarillo in 1953 and was employed by the late Clyde Kilpatrick's accounting firm from 1953 to 1958. They were married in June 1955, and have one son, Kenneth Allen, born February 10, 1958.

Parents of the couple are: Mr. and Mrs. H. F. Sarchet, Tulia, and Mr. and Mrs. J. M. Hill, Tulia. Mr. and Mrs. Sarchet are members of the Tulia First Methodist Church, and will take part in church and social affairs when they establish themselves in the community.

Mr. and Mrs. Cavanaugh have tentative plans to take a trip to Marlin, Texas, for a vacation in the near future. They have assured their many friends of the Silvertown area that they do plan to make their home here.

4-H Club Boys Exhibited 10 Steers In Plainview Show

Briscoe County 4-H Club boys exhibited 10 steers, three pigs and three lambs at the Plainview Jr. Fat Stock Show last week. Taking barrow and sheep demonstrations to Plainview were Jamie Johnson, Lonnie McDonald, Ginger Anderson, Lynn McDonald, and Orval Turner.

Rex Anderson, of Quitaque had the 1st place steer in the middle weight class. Max Garrison of Silvertown had the 2nd steer and Ray Gene Hutcheson had the third place steer. Out of the class, Briscoe County boys had 5 of the first 10 places. Others boys exhibiting steers were Dewey Estes, Dick Reid, Warren Merrell, Joe Kitchens and Terry Wood.

For the record, not a Briscoe County calf was sifted, and all but two placed in the prize money. More than 90 steers were entered in the show.

CLAUDE CROSSING CLUB MET THURSDAY

The Claude Crossing Community Club met Thursday for the regular monthly meeting in the Don Garrison home. One guest, Mrs. Jerry White, a new resident of the community, and twelve members were present:

Madams. E. Posey, G. Mayfield, Gabe Garrison, Wayne McCutchen, R. G. Alexander, D. T. Northcutt, Arnold Turner, Obra Watson, Bryan Eddleman, Bill Edwards, Pascal Garrison and the hostess enjoyed viewing Mrs. Northcutt's pictures of her recent trip to Hawaii.

Joe Bob Watson, Gail Mayfield, Jealeta Eddleman, Joan Turner, Carolyn Raye and Roy Garrison arrived a little after four on the school bus and enjoyed cake and spiced tea and a game of volley ball.

The April meeting will be with Mrs. G. Mayfield.

PROTRACTED MEETING WILL BEGIN APRIL 10, AT FIRST BAPTIST CHURCH

EVANGELIST PAUL L. WATSON, JR.
 Wichita Falls, Texas

This letter is from the Principal of Plains High School, the high school boys' basketball team we played in the regional final at Lubbock. We thought that you might like to read it.

Dear Silvertown Student Body:

We would like to express our appreciation for the co-operation and sportsmanship shown by the Silvertown Student Body and the Silvertown Owls during the regional tournament.

We think you have a fine student body and basketball team.

It was our pleasure to play you and we hope to see you again next year.

Sincerely,
 D. N. TALYOR,
 Principal Plains Cowboys and Student Body.

Plains High School Principal Offers Thanks

SONG LEADER WAYNE MONROE
 Midwestern University

A "New Life for You" is the theme of the Revival which is to be held by the First Baptist Church, beginning Friday night, April 10. Morning services will be held each morning at 10:00, prayer services each evening at 7:45, and preaching services each evening at 8:15.

Written Examinations Will Be Held On June 24 and 25

The Internal Revenue Service will conduct the first written examination in several years for special enrollment to practice as an agent before the Internal Revenue Service on Wednesday and Thursday, June 24 and 25, 1959, according to M. O. Tesson, Special Enrollment Examination Coordinator for the Dallas District covering the 143 counties in the northern half of Texas.

Mr. Tesson said the examination will be a two-day written test conducted simultaneously in the offices of District Directors of Internal Revenue and is the first to be given under the new examining procedures which were announced last fall.

The examination is open to qualified persons who seek special enrollment under Section 10.3 (e) of Treasury Department Circular No. 230. This circular is contained in the Internal Revenue Bulletin for February 16, 1959. Details of the education and experience requirements and the procedures for special enrollment are contained in the Internal Revenue Bulletin for March 16, 1959. Copies of these Bulletins may be obtained from the Government Printing Office, Washington 25, D. C., for 20c a copy.

Mr. Tesson said, "In general, applicants with college degrees or persons with four years of special accounting experience qualify. Persons interested in taking the examination must file an applica-

HELPING HAND CLUB MEETING

The Helping Hand Club of the Francis community met March 26, in the home of Mrs. Jack Jewell. Members present were: Mesdames Lenton Lanham, Jack Harris, Aubrey Rowell, Alva Jasper, Virgil Baldwin, Wade Steele, O. S. Fitzgerald, Clyde Bramlet, J. D. McGavock and the hostess, Mrs. Jack Jewell.

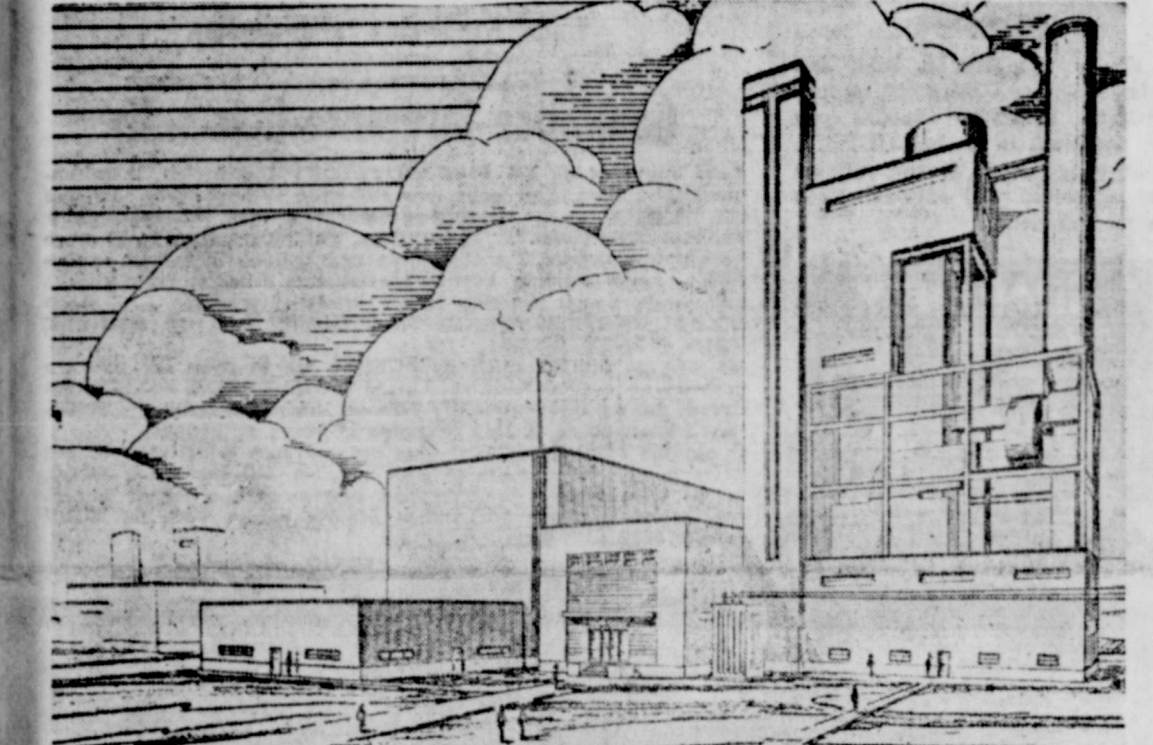

The next club meeting will be April 9, in the home of Mrs. Lenton Lanham with Mrs. Jack Harris as hostess. This will be an all-day meeting and each member is to bring a covered dish and a tion on Form 23 with the Internal

Mr. and Mrs. J. M. Thompson were Sunday visitors of Mr. and Mrs. Dick Franklin and children near O'Donnell. They attended church services with the Franklins. Mr. and Mrs. G. D. Schmidt and Gene of Lamesa were also visitors in the Franklin home.

CENTURY OF PROGRESS CLUB WILL MEET APRIL 8

Century of Progress Study Club members, there will be a regular meeting held in the home of Mrs. E. A. Birdwell on Wednesday, April 8, 1959. The program is "Women Designers in The Creative Arts."

tion on Form 23 with the Internal Revenue Service Director of Practice, Washington 25, D. C., on or before May 1, 1959. All applications must be accompanied by an examination fee of \$25.00 which is not refundable whether or not the applicant qualifies for enrollment."

This is an artist's sketch of Southwestern Public Service Company's twelfth electric generating station, now under construction north of Amarillo. With a generating capability of 150,000 horsepower, the new station is part of the company's five year construction program which will see an investment of approximately \$90,000,000 in new equipment and facilities.

Tuesday, April 7th, Date Set To Elect City Councilmen

On April 7, 1959, three City Councilmen are to be elected. This is a very important election, and appearing on the ballot are seven names to vote for three. Conrad Alexander, Jean Grundy, Glen Lindsey, William Long, Farley W. Martin, Loyd H. Nance, and Nellie Tomlin.

WENT EASTER HOLIDAYS IN WICHITA FALLS

Mr. and Mrs. Melvin Watkins and daughters, of Amarillo, came Saturday evening and spent the night with Mrs. Watkins' parents, Mr. and Mrs. Bud McMinn. Early Sunday morning the group went to Wichita Falls where they visited Mr. and Mrs. Travis McMinn, and Mr. and Mrs. Gaston Owens. The men folks, Bud, Melvin and Davis went to Possum Kingdom and fished until Saturday, and returned good luck. Sunday all the families attended the Down Town Baptist Church, of which Travis is pastor. Mr. and Mrs. McMinn and Mrs. Watkins and family returned home Sunday night.

SIT SON IN CANYON OVER WEEK END

Mr. and Mrs. J. E. Wheelock visited Friday night and Saturday with their son and family, Mr. and Mrs. R. D. Wheelock in Canyon.

Mr. Wheelock and R. D., visited Pete Cowart in the Northwest Texas Hospital in Amarillo Saturday morning and Loyd Lester and Gerald Arnold in Veterans Hospital. On returning home Wheelocks visited Mrs. C. McWilliams, Sr., in the Tulia hospital.

MRS. LUKE THOMPSON UNDER WENT 27TH OPERATION

Mrs. Luke Thompson was brought home last Saturday from St. Anthony's Hospital in Amarillo where she had undergone surgery the previous Saturday. She is thought to be recuperating satisfactorily from this, her 27th operation since she was injured in the May, 1957 tornado that critically injured her, her daughter LaGuan, and husband, Luke. She was in the hospital most of the time during the year.

State FHA Convention Delegates Selected

In a contest held recently by the Future Homemakers of America, La Guan Thompson and Joyce Fields were selected to attend the State Convention. Three girls were competing for points awarded on their respective projects. The final results of the contest are: La Guan Thompson, 10,846; Joyce Fields, 9,510; Carolyn Garrison, 8,800.

The Homemaking teacher, Mrs. Miller, will make the trip to Dallas with Miss Thompson and Miss Fields.

Mr. and Mrs. Ralph Glover, of Olton, spent the weekend with Mr. and Mrs. Glenn Lindsey. Mrs. Glover's mother, Mrs. Lena Nettles, visited Mrs. J. H. May and Virginia, and Darrell Glover, visited Kenny Thornton. The Glovers are former residents of Silvertown. He was manager of Southwestern Public Service Company for several years before moving to Olton.

Mr. and Mrs. Don Bean, of Tulia, are the parents of a son, born Thursday, March 26, 1959, in Tulia hospital, weight 7 pounds, twelve and one-half ounces. Michael Don's grandparents are: Mr. and Mrs. C. G. Cobb, of Tulia and Mr. and Mrs. J. K. Bean, of Silvertown.

Will Attend Annual Feeders Day at Spur Experiment Station

A group of Briscoe County Farmers and Ranchers will attend the annual feeders day at the Texas Experiment Station at Spur the 3rd of April. Several carloads are planned. The caravan will leave Silvertown at 7:00 A.M. Friday morning and will join a group at Quitaque at 7:30 to go on to Spur.

Paul Marion, Supt. of the Station has issued every farmer and rancher interested in cattle feeding, soil and water use and control a special invitation. The morning session will be composed of guided tours of the station and feedlots to inspect the cattle and the work going on there.

In the afternoon will be discussions of brush control, grazing, and the new drugs used in beef cattle feeding. Included will be discussions on tranquilizers, anti-biotics and hormones for stimulating beef cattle gains.

The Station is inaugurating some brand new work in beef cattle management for the rolling plains area. This will be cow and calf studies to be carried on at the station and at Throckmorton, Texas, where the station has obtained enough acres to make such an experiment possible. Heretofore the station has primarily been doing research on cattle feeding and water use and control.

CONTRACT IS SET FOR FARM-TO-MARKET ROAD

A contract for the construction of grading, structures, base and surfacing on Farm-to-Market Road 2464 in Briscoe County was awarded in Austin this week, Palmer Massey, District Highway Engineer at Childress has announced. The firm of Henry L. Stafford, Lubbock submitted the bid of \$131,499.87 on the project which runs from S. H. 86 south and east 9.79 miles, a distance of 9.717 miles.

Resident Engineer O. V. Johnson of Quitaque will be in charge and it is estimated that the work will take 100 days to complete.

Pharmacist Is Employed at Hospital

Richard Tunnell, formerly of Silvertown, has been employed as pharmacist at the Hi-Plains Hospital in Hale Center. He arrived at Hale Center yesterday and will start to work at the hospital Monday.

He recently received his discharge from the armed forces after completing two years of service in the Army. He was stationed for a year on the Marshall Islands in the South Pacific.

A four-year graduate of the University of Texas College of Pharmacy, he was employed as pharmacist at West Pharmacy in Plainview before he entered the armed forces.

He is a graduate of Silvertown High School, and a son of Mr. and Mrs. Clyde Tunnell of Silvertown.

Mr. and Mrs. R. O. Smith, Mrs. Clyde Basham, and Earl Basham, of Lufkin, spent the Easter holiday with their mother, Mrs. Ben Garvin.

Don Thomas, student at Texas Tech, spent the holidays with his parents, Mr. and Mrs. Perry Thomas, Jr. Don's college friend, John Freeman, of Lubbock, was his guest over the weekend.

Mr. and Mrs. Lee C. Yates and son, Stevie and Susie, of Bloomington, California, spent a week with his parents, Mr. and Mrs. L. C. Yates returning home last Friday.

Mr. and Mrs. Lee C. Yates and son, Stevie and Susie, of Bloomington, California, spent a week with his parents, Mr. and Mrs. L. C. Yates returning home last Friday.

SAFETY IS URGED

The Texas Farm and Ranch Safety Council reminds farm and ranch families that accidents among rural residents start increasing with stepped up tempo of farm activities. Be safe by practicing safety, they urge.

Mr. and Mrs. A. D. Arnold visited Gerald Arnold at the Veterans Hospital in Amarillo Sunday. They reported Gerald improved.

CARD OF THANKS

I wish to thank the many thoughtful friends for the beautiful flowers and such nice cards with lines of contentment. Also a number of Sunday School Classes — and some nice eats, again thanks a thousand.

R. M. HAVERTY, and family.

STUDENTS CARBON Paper at The News Office.

CARD OF THANKS

The extreme kindness and thoughtfulness shown us by our friends and neighbors during our recent sadness helped so much to comfort us. We are sincerely appreciative.

Mr. and Mrs. Elmer May and family

Mr. and Mrs. Bailey, Mrs. Cyrus Puckett, Mrs. Velma Rhodes, Henry Norrid and Jacke Spencer, of Amarillo, former Silvertown residents, have been recent visitors with Jim Crow, a patient at Northwest Texas Hospital, Amarillo.

Miss Anna Lee Anderson and Mrs. Clarence Anderson visited Mrs. Anderson's mother, Mrs. Mary Daniels, in Amarillo Sunday afternoon. They also visited Pete Cowart, of Canyon, a former Silvertown resident, and Jim Crow, who are patients at Northwest Texas Hospital in Amarillo.

Pete Cowart, caretaker of Palo Duro Canyon Park, who grew up in Silvertown, is recuperating satisfactorily from a recent heart attack at Northwest Texas Hospital, Amarillo.

Mrs. Roy Allard and her mother, Mrs. Lena Northcutt, were in Amarillo early last week for a check up with Mrs. Northcutt's doctor and a visit with relatives.

Mrs. Jean Grundy, Ben O. King and J. E. Minyard visited Jim Crow, at Northwest Texas Hospital last week.

\$25,000 Grant Given A&M For Research on Air Pollution Studies

A grant of \$25,000 for the current year has been received for research studies in the Department of Plant Pathology and Physiology at Texas A&M College for studies on selected air pollutants affecting plants and health.

Research will be conducted by Dr. Wayne C. Hall, head of the department. Support for the project was awarded by the Public Health Service, National Institutes of Health. The study will be conducted over a five-year period with support at \$18,500 yearly for the

four additional years. Dr. Hall will seek to determine the amount and extent of air pollutants, principally unsaturated hydrocarbons, which affect plant growth. Selected plants will be exposed to air pollutants to develop typical symptoms and then used in suspected areas as natural indicators of the extent of air pollution.

Mr. and Mrs. Walter Gross of Pie Town, New Mexico, spent Wednesday and Thursday in the home of Mr. and Mrs. Dock Wallace and family.

South Plains, Tex., Man Reports—
Maize Yields Increased 1800 Pounds Per Acre

Bryan Karr, who farms 600 acres near South Plains, says: "By side dressing my maize with 90 pounds of Phillips 66 Ammonia, I've increased my yields on an average of 1800 pounds of grain per acre. Year before last, the average would have been raised considerably, because I cut a 4050 pound crop after it was beat down by a high wind. I usually side dress my maize around July 1, when the plants are about 6 inches high."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Order Your Supply Of Phillips 66 Agricultural Ammonia Today!

Western Corn Stays Under on the Hi-Plains

Research on corn was included in the program of the High Plains by the Advisory Council organized the Station in the wisdom of this action

has been justified by the results obtained during the first two years of operation. Corn is expected to claim an increased number of acres in 1959.

One of the most serious hazards to corn production in the High Plains area is the Southwestern Corn Borer, which causes as high as 50% lodging (falling down). The High Plains Station conducted experiments in 1958 to find if this damage could be controlled or re-

duced by changing the date of planting. There is at present apparently no chemical method of adequately controlling the Southwestern Corn Borer.

Early, midseason and late maturing varieties were planted April 8th and 24th, May 5th and 21st, and June 19th. In this test the April 24th planting proved to be the most satisfactory date, for the lodging was only 8.75%. Lodging increased progressively upward with the later planting dates to 58.68% on the June 19th planting. The average yield for the 5 varieties used in the test that were planted on April 25th was 93.2 bushels. The same varieties planted on May 21st had the highest yield of 119.6 bushels per acre but with 58.38% lodging on that date, and the increased harvesting cost, made the yield from the April 24th planting more profitable.

Time of Year to be Careful About Snakes

This is the time of the year when poisonous reptiles, such as the very unpopular but wellknown rattlesnake, are coming out. According to H. D. Dodgen, executive secretary, Texas Game and Fish Commission, March is the month when the weather is just cool enough to keep the snakes in their dens and just warm enough to make it nice for an outing.

"This situation will not last long," declares the executive secretary. "Once the warm weather arrives in force, the rattlers will leave these dens and begin to slip through the brushland or just lie behind rocks and drowse in the sun."

Control Found For Iron Deficiency in Gardens and Lawns

Iron chlorosis, a condition of lawngrass and ornamentals characterized by yellow or bleached leaves due to iron deficiency, was favorably combatted with powdered iron chelate about 85 percent of the time in 78 demonstrations conducted by county agents last year.

Demonstrations were conducted in various areas of the state in soils ranging from sands to clays and from acid to alkaline.

"The problem is usually associated with soils high in lime, but sometimes occurs on acid soils," explained W. F. Bennett, extension soil chemist. "Nitrogen deficiency symptoms are similar to those of iron chlorosis and homeowners should make sure nitrogen needs are met before treating for iron deficiency."

Milk cases of the deficiency may be corrected with dry applications of iron sulfate, Bennett said. More severe cases on lawn grasses usually require treatment with iron applied as a spray, since it is generally more effective in this form.

Iron chelates are generally more effective and give longer-lasting effects than iron sulfate. Manu-

facturers directions for use of the chelates should be followed carefully. Suggested rates vary with the plant being treated and the condition of the soil.

Treatment about every four to six weeks may be necessary to maintain the desired color in areas where the problem is common or severe, Bennett said.

Youth Treatment

There's a lively, youthful feeling about motoring with Phillips 66 Flite-Fuel. And the reason is: Flite-Fuel is made with extra-lively components.

The extra amounts of high test natural and aviation elements in Flite-Fuel give you easier starting . . . faster engine warm-up . . . quick acceleration. You get the anti-knock benefits resulting from high octane, yet Flite-Fuel actually costs less than many other premium gasolines.

Give your car a "youth treatment." Fill up with Flite-Fuel at your Phillips 66 Dealer's.

J. C. MAPLES & SON
SILVERTON, TEXAS

By using early or midseason hybrids and planting early, a farmer can harvest his corn with a combine using a corn header attachment before too much stalk breakage occurs. Combines work best when the corn moisture is from 20 to 25 percent which makes artificial drying necessary. This operation is profitable because it permits harvesting earlier, eliminating much less from lodging and normal picking operations. The increased yield from combine harvest would probably pay the drying cost.

The corn varieties used in this test were TRF 3, TRF 9, TRF 13, Texas 17 W and Funk 779W. All varieties and all dates of planting received 50 pounds of nitrogen, 100 pounds of phosphorous and 25 pounds of potassium at time of planting and 150 pounds of nitrogen sidedressed when the plants were 10 to 12 inches tall. However, 120 to 150 pounds of nitrogen should be sufficient fertilizer on Pullman Clay loam of average fertility.

Early planting and early harvest before lodging takes place seems to be indicated for successful corn production, Douglas Owen, assistant agronomist, stated today.

Dodgen described the large catches made recently at Sweetwater as proof enough that there will be plenty of snakes in Texas when hot weather comes. Some four thousand rattlesnakes were captured during the two day snake hunt held in that ranching area.

"Be extra careful when on an outing," he warned. "These killers usually hide in places where you'd least expect them to be. Don't reach behind a rock or stump until you've checked for snakes. When lifting wood from a pile, jab it a few times to make sure there are no rattlers there. Know all the precautions and remember them when you're in the country or even in your own back yard."

He stressed the importance of at least one in a group knowing the first-aid for snake bites. "If you're going into the woods, know how to doctor a snake bite. There are all kinds of pamphlets out on this subject. Knowing it may save a life."

Leaflet Released On Perennial Sorgrass Growth Habits

"Perennial Sweet Sorgrass" is the title of a leaflet released recently by the Texas Agricultural Experiment Station.

The leaflet contains a thorough discussion of the characteristics of this synthetic tetraploid of the sorghum species which was develop-

ed recently by the experiment station after 15 years of breeding and selection. Some of the topics discussed are growth habits, growing the crop, value as a pasture crop, forage qualities, seeding habits, erosion prevention benefits and other related topics.

The leaflet is available free of charge from the Agricultural Information Office, College Station, Texas. Ask for L-430.

The Briscoe County News

MISS MILLIE PERKINS BECOMES BRIDE OF JOE DELL ROBERTS

Miss Millie Perkins, daughter of Mr. and Mrs. Ott Perkins, of Silvertown, and Joe Dell Roberts, son of Mrs. Eula Roberts, of San Diego, California, were united in marriage Friday evening at 8:30 p. m., at the home of the bride's parents, by Rev. Walker, of Plainview. The bride was given in marriage by her father, Ott Perkins.

Mrs. Donnie Perkins, sister-in-law of the bride was maid of honor, and Adrain Gonce, of Plainview, brother in law of the groom was best man.

The bride wore a white lace dress over taffeta with blue accessories, and her corsage was white carnations. Mrs. Perkins was dressed in blue linen and wore a pink carnation corsage.

A reception was held in the home following the ceremony. Mrs. Othra Denham, and Mrs. Bud Perkins, aunts of the bride served refreshments.

The groom was on 10-day leave from Fort Bragg, North Carolina. He will return to Army service Saturday and will secure a place for them to live, and his wife will join him later.

HUMAN INVESTMENT

A Human Investment of \$3.35 will return with high dividends in any one of ten ways when invested as a contribution for Red Cross.

It may return as life saving skills in the hands of three persons, and or as the life of your child or another parent's child saved through use of proper Red Cross skills.

To Help More—Give More.

CARD OF THANKS

Words can never express our sincerest appreciation to each of you for the many hours you have helped us, and for the beautiful expressions of sympathy extended us during the past months of our sickness and sorrow.

May God bless each of you for remembering us in so many kind ways.

MRS. H. P. HOWARD,
Mr. and Mrs. Floyd Williams,
Mr. and Mrs. R. L. Bigham.

DEADLINE NEARS

Forgot something?

That is the question Internal Revenue Service is asking of a quarter of a million North Texans. These 250,000 taxpayers are due a refund on their 1952 taxes but have not filed their tax returns. The Internal Revenue Ser-

vice is anxious to start processing these refund returns.

Incidentally, there are 350,000 other North Texans who have not filed their returns. These taxpayers owe money, Internal Revenue says, and now is a much better time to file than on April 16 when a penalty is due.
