## Farmers Union "Action Now" Rally To Be Held

Secretary of Agriculture Charles F. Brannan, will address area wide Farmers Union "Action Now" Rally at the high school Auditorium in Hale Center Friday, May 25. A barbecue will be held at 6:00 p.m. with music by the Farmers Juniors from Earth, Olton and Paducah. Mr. Brannan will arrive at 8:00 p.m. The delegation from Briscoe County includes: Mr. and Mrs. Woodrow Bice, Mr. G. A. Elms, Mr. and Mrs. N. P. Npton, Mr. and Mrs. Luther E. Reid, Mr. and Mrs. Edwin M. and Mrs. Fred Mercer,

Mr. and Mrs. Robert McPherson and Mr. and Mrs. Lewis Francis are planning to attend to let Mr. Brannan know that we loved and appreciated him "when" and even more now. Farmers Union is demanding an end to the ever and ever cheaper prices on farm commodities as advocated by the Republican Administration and the Farm Bureau. The Farmers Union calls for a parity of income for family farmers through a combination of price supports, loans, purchase agreements, market surplus diversion purchases, parity income deficiency payment direct to farm-

ers, regulation of imports, export incentive payments, stabilization operations by farmers and by Government, marketing premium payments for sale of livestock at desirable weights, other types of marketing premium payments designed to keep supplies in balance with demand, marketing standards and scheduling, and a system of marketing quotas for all commodities as a whole, for groups of related commodities, and for individual commodities, as needed. Everyone is invited to hear this Great Ex-Secretary of Agriculture speak.

### CORRECTIONS

Our apologies to Miss Paula Reid. Her name was unintentionally omitted from the list of senior averages which appeared in last week's paper. Miss Reid ranked fourth high in her class with an average of 93.43. The revised list of the first five reads: 1. Susan Anderson, 94.58; 2. Diane Fogerson, 93.78; 3. Kay Williams, 93.45; 4. Paula Reid, 93.43; and 5. Joy Baldwin, 93.41.

### OFFICIAL HIGHWAY MAP

#### NOW AVAILABLE

AUSTIN, TEXAS MAY 10—The new 1959 Official Highway Travel Map will be available for distribution Monday by the Texas Highway Department. Copies of the "travel encyclopedia" of Texas, as it has been called, may be obtained by writing the Texas Highway Department, Austin 14, or at the highway district offices and travel information bureaus. County tax offices have map cards available for requesting copies of the map. The new map is the answer to today's demand for more and more travel information. The steady growth of Texas from a state with a population of more than nine million is reflected by the information appearing on the 1959 map.

Nine more cities and towns are shown than on last year's map, making a total of 1,821. The increased mileage in U. S. state and farm-to-market roads is much in evidence. The map reflects some 1,600 miles of multilane divided highway now completed, including the completed sections of the National System of Interstate and Defense highways located in the state.

The map now shows approximately 61 major lakes and reservoirs, and includes countless rivers, creeks, and streams. Roadside parks, long cherished as rest stops and picnic areas by Texans and tourists alike, now number 1,046 as compared to the 1,026 shown on last year's map. City route maps are provided of the state's 12 largest cities—Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, San Antonio, Waco, and Wichita Falls. The reverse side of the map, with a theme of "Texas, land of

### FUNERAL SERVICES FOR

#### MARY P. TYE

PADUCAH, May 9 (Special)—Funeral services for Mary P. Tye, a native of King County and a resident of Wichita Falls, were conducted at 4 p.m. Saturday in the First Methodist Church here with the Rev. Robert Brown, pastor, officiating.

Miss Tye, 58, died late Thursday afternoon in the Wichita Falls Hospital.

She was born June 17, 1900, in King County. She was a graduate of Parkland School of Nursing in Dallas, and worked at the Veterans' Administration school in Amarillo until 1950, when she moved to Wichita Falls.

She was a member of the Floral Heights Methodist Church in Wichita Falls, Faith Chapter Order of the Eastern Star, Pat Carigan Post of the American Legion, and the Nurses Auxiliary.

She served with the Army Nurse Corps during World War II. Survivors include three sisters, Mrs. W. R. Biddy and Mrs. L. B. Simmons, both of Paducah, and Mrs. Marvin Russell of Amarillo; four brothers, Reubin Tye, C. R. Tye, and Joe Tye, all of Paducah, and Willard Tye of Beaumont.

Burial was in Garden of Memories here with military graveside rites conducted by the Sheppard Air Force Base Honor Guard. Arrangements were under the direction of Norris Funeral Home of Paducah.

## Drama To Be Presented At Baptist Church

Wayland Mission Band of Wayland College will present the religious drama, "The Challenge of the Cross," at the First Baptist Church on Sunday afternoon, May 17, from 5:30 until 6:30. Members of other churches are invited to see this inspiring presentation.

The Mission Band will also conduct the morning services at the local Baptist Church. Lunch will be served at noon and all who would like to visit with these young people are invited to attend.

Mr. and Mrs. A. R. Northcutt, of Canyon, were hosts at a family dinner on Sunday honoring his mother, Mrs. Lena Northcutt, of Amarillo. Those attending were Mr. and Mrs. D. T. Northcutt, Silvertown; Mr. and Mrs. Bob Farnsworth and Mr. and Mrs. Mack Neese, of Amarillo; and Mr. and Mrs. Roy Henderson, of Canyon.

"Contrasts," reflects, in 20 full-color pictures, some of the outstanding scenic, historical, and recreational attractions in Texas. A section entitled "Facts About Texas" gives facts and figures on Texas' natural resources, recreational opportunities, state and national parks, historic points of interest, flora, farming and ranching, terrain features, and climate.

The Official Travel Map is used by all states and governmental agencies in the state for determining highway distances, mileages, zones, and like information. The same map is equally useful to tourists seeking roads leading to good times in Texas.

## CAL FARLEY'S BOYS RANCH

### OBSERVES TWENTIETH ANNIVERSARY

Folks in this area figure practically everybody must have heard about Cal Farley—about the best friend hundreds of boys ever had.

In case you've missed the word, they're cranking up this month to see that no one remains uninformed.

Last week marked the twentieth birthday of Cal Farley's Boys Ranch, where 1,500 boys who might have become juvenile delinquents have grown to useful manhood.

The United Peace Officers of America, formed five years ago to support the ranch, is holding its convention in Amarillo, and has announced a \$25,000 gift to build another ranch dormitory. Governor Price Daniel has proclaimed May 17-23 Cal Farley Week.

Farley, 62, World War I soldier and ex-wrestler, sold out a successful business so he could devote his full time to his Boys Ranch and the problems of underprivileged boys.

"What I've got to do is find a place somewhere out in the country where I can get these kids out of the alleys," Farley told rancher Julian Bivens, with whom he discussed plans for expanding boys' club work in Amarillo.

Bivens had a happy thought about his old ranch headquarters, then rarely used, at Tascosa, a ghost town 40 miles northwest of luscious frontier trading post, peopled by such figures as Kit Carson, Billy the Kid, Bat Masterson and Wild Bill Hickok.

Pictured are Scoutmaster James P. Patterson and scouts Jerry Martin and Dick Reid. The Scoutmaster is demonstrating knots which were used at the Boy Scout Camporee held in Plainview recently.

James Rhoderick was in Plainview on Wednesday of last week.

Mr. and Mrs. Bruce Womack visited relatives down state over a long week end. On Saturday a Russell family reunion was held in the home of Miss Ivy Russell in Sherman. Twenty five relatives were present for dinner and supper; Mrs. Womack, two sisters and two brothers were present and one sister was unable to attend. Relatives from Dallas, Collinsville, Denison and Wichita Falls attended. Mrs. W. C. Womack, of Gordonville, returned home with her son and wife for a visit here.

Mrs. Lily Wofford, Mrs. Fred Mercer, Mr. and Mrs. Louie Kit-chens, Mr. and Mrs. Jack Estes and Mr. and Mrs. J. M. Thompson were in Plainview Monday afternoon where they attended the funeral of Mrs. Alice Johnson.

## Floydada Will Celebrate Golden Anniversary

Along with the Old Settlers Day in Floyd County, coming on May 28, the city of Floydada will be celebrating its Golden Anniversary as an incorporated city and plans have been made for a Golden Jubilee Celebration.

Beard growing by the men and the wearing of sunbonnets and pioneer costumes by the ladies are all part of getting in the mood for the jubilee. The celebration starting on Saturday, May 24, and continuing through the week, will include box suppers, dances, song fests, dinners, teas, etc.

Feature of the celebration will be the Pageant Spectacular, a story of the olden days in Floyd County, depicted in pantomime by a cast of some 300 Floyd County people. A stage 250 feet long will be erected on the Floydada football field on which the pageant will be presented.

The pageant will be presented in 16 different scenes and will be narrated over a public address system. Performances will be given each night Tuesday through Saturday nights the week of the Jubilee. Curtain time is 8 p.m.

The pageant will be produced by Lehr M. Knowles of Cleveland, Ohio, who is with the John Rogers Producing Company and Mr. Knowles is at Floydada working on the production now.

A young lady is to be chosen as Celebration Queen and she will reign over the Golden Jubilee during the week of festivities. Also her court of honor will be chosen. Bill Hale is chairman of the Queen committee and Adrian Field is chairman for the pageant committee.

Brothers of the Brush is the organization of men who are growing beards, and a "chicken license" is the only way to avoid punishment for not growing a beard. The women have organized the Jubilee Belles which organization encourages the wearing of the pioneer costumes and sunbonnets.

The annual Old Settlers Day will be held as usual on Thursday, May 28, and a large crowd of former residents are expected to attend as usual.

### NEW ARRIVALS

Mr and Mrs. Archie Souter of 1107 Park Avenue, Hereford, have announced the birth of a son, Jeff Wayne, on May 4, 1959. The baby weighed 3 lbs. and 9 oz., and must spend a few weeks in the incubator for pre-matures in Deaf Smith County Hospital. The mother, the former Lucille Clemmer, is doing well.

The grandparents are Mr. and Mrs. Melvin Souter of Olton and Mr. and Mrs. Jim Clemmer of Silvertown.

## Engagement Announced

and Mrs. Homer Stephens announce the engagement and pending marriage of their daughter, Elaine, to Douglas E. Snyder. The marriage will be solemnized May 27, 1959, at 4:00 in the Methodist Church.

## DE FOR CHRIST DRAWS FROM CHURCHES

Only three remaining sermons of the Crusade for Christ were given in praise of representative churches throughout the plains, officials of the crusade today.

Crusade speaker of the crusade tonight in Lubbock's Municipal Coliseum, is Hooper Butt, widely known area super market executive. He will address 80 Lubbock churches, the Lubbock Ministerial Association, helped to inaugurate the crusade.

Churches and members who participated in the Crusade programs by sending delegates to the 7:30 p.m. service. The crusade opened last afternoon and will continue through May 17.

Interdenominational Crusade campaign is the largest such thing in the area since Rev. Dudley Strain, general manager of the crusade, has led.

No definite account of the total attendance is possible yet, Rev. Strain believes the total attendance will exceed 20,000 for the crusade. Butt and the team of speakers have appeared in more than 100 meetings since their arrival in the area May 6. They have presented programs in schools, churches, civic centers, and many other groups. The people of the South Plains are urged to attend this "Crusade for Christ," Rev. Strain emphasized.

## BAKE SALE TO BE HELD BY CLAUDE CROSSING CLUB

The Claude Crossing Community Club will hold a bake sale on Saturday, May 16, 1959, starting at 9:00 a.m. in Nance Food Store with all the proceeds going in the fund for the upkeep of the hospital yard.

The weeds and grass bowed in front of the club member's hoes, rakes, and mowers Wednesday afternoon in the Briscoe County Hospital yard.

The members do thank Mrs. Whitfield for keeping the yard watered so well.

## Summer Sewing Course to be Offered

A basic sewing course will be offered during the month of June for anyone interested. A pre-planning meeting will be held Friday, May 15, from 3:00 until 3:40 in the Home Economics room. Those of you who would like to take this course, but will not be able to attend this meeting, please send your name to Mrs. Buster Miller, Box 154, Silvertown, by May 16. Anyone who would like to have individual help with their sewing, please write or get in touch with Mrs. Miller.

### SILVERTON SCOUTS TOUR

#### CARLSBAD CAVERNS

Mr. and Mrs. Loyd H. Nance and Scoutmaster, Rev. James E. Patterson accompanied a group of local boy scouts to Carlsbad Caverns last week. They left here Thursday afternoon and arrived at about 8:30 p.m. where they spent the night. They went through the Cavern on Friday and came home Saturday.

Scouts who enjoyed the trip were Jaye Towe, Larry McWilliams, Monte Smith, Dale Rowell, Tommy Perkins, Raymond Lee Steele, Greg Towe, Dick Reid, Jerry Martin, Gary Edwards, Fred Stafford, Roy Gene Stephens, Garner Garrison, Travis Gilkey, Guinn Turner, Wayne Nance, Jim Smith, Jimmy Reid, Gary Hunt, Rocky Curby and Roger Bingham.

### DISTRICT WSCS MEETS AT QUITAQUE

The Plainview District WSCS meeting was held in Quitaque on April 30. The theme of the program was "Walk in the Light." Mrs. Jeff Simpson, Mrs. J. S. Fisher, Mrs. George Seaney, Mrs. Charles Bishop and Mrs. James P. Patterson attended the meeting.

## Two Free Films To Be Shown

The Zeta Lambda Chapter of E.S.A. Sorority of Silvertown is sponsoring two films put out by the American Cancer Society. They will be shown in the fellowship hall of the Methodist Church on Thursday, May 14—this afternoon—at 2:30. These films are for women, and a doctor will be present to discuss the different types of cancer and to answer the questions.

Every woman of Silvertown who can possibly make the time, is urged to attend the showing.

### LAST RITES HELD FOR MRS. ALICE JOHNSON

PLAINVIEW, May 10 (Special)—The funeral of Mrs. Alice Johnson, 79, of Plainview was conducted at 2 p.m. Monday in the Lemons Funeral Home Chapel here. Mrs. Johnson died after a long illness.

The Rev. Arthur Digby, pastor of the First Christian Church, of which Mrs. Johnson was a member, officiated, assisted by the Rev. Frank Travis, pastor of the First Presbyterian Church.

Mrs. Johnson was born in Lampasas on Dec. 9, 1879 and came to Lockney in 1895. She was married at Lockney that same year to the late J. Wiley Johnson. They moved to Plainview in 1907. He was in the grocery business as a member of the firm, Hatchell and Johnson.

Survivors include a daughter, Mrs. Dana Lemons of Silvertown, a son, Wyley D. Johnson of San Diego, Calif., two brothers, A. B. and C. M. Bell of Fresno, Calif., two sisters, Mrs. Emma English and Mrs. Myrtle Brown of Plainview, two grandchildren and five great-grandchildren.

Mrs. Johnson was a member of the Eastern Star.

## Turkey Schools Robbed By Destructive Vandals

The Turkey Schools were broken into and damaged again recently with no clue as to who did the damage which amounted to far more than the amount of money found by the culprits. Two new doors were ruined in the new grade school building and locks were ruined on other doors. The soda pop boxes and the candy dispensers were broken into again and were heavily damaged.

According to Superintendent Loran Denton only \$40 was taken. Texas Ranger Leach of Memphis, as well as Sheriff Baton of Memphis, was called in to investigate.

Mrs. Bernie May was called to Denison on Friday of last week because the condition of her mother, Mrs. H. E. Bothe, who has been ill for a long time, had worsened. She reported as better early this week.

Lois Diane Lang was brought home on Tuesday; she had been a patient in Northwest Texas Hospital for several days. Mrs. Bill Long stayed at the hospital with her young daughter.

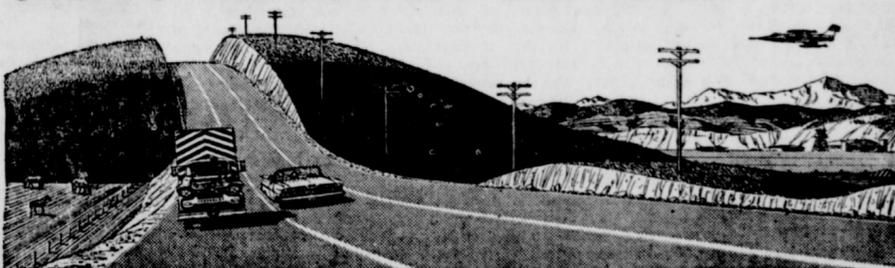

Mrs. Donnie Walker, Dona Lou, Linda Jane and Dwindia Lee, of Fort Worth, visited friends and relatives here from Thursday through Monday. They were house guests of Mr. and Mrs. Clyde Lightsey. Mrs. Walker, the former Verlin Joiner, lived here as a child.

Mrs. Grace Irion and son, Weld-

on Irion, of Amarillo, were week end guests of her brother and family, Mr. and Mrs. Clyde Lightsey.

Mrs. Ed Slaughter, of Trinidad, Colorado, and Dennis Bryant, of Denver, Colorado, have been here for a visit with their sisters and brother, Mrs. Dan Montague, Misses Anne and Nelle Bryant and Bill Bryant. A family dinner was held in the home of Mrs. Montague on Sunday. Others attending were Mr. and Mrs. James M. Henderson and Freda, Mr. and Mrs. Ray Teeple and children, Mr. and Mrs. Joe Montague and Quen, Mr. and Mrs. Earl Cantwell, Mr. and Mrs. Elton Cantwell and

### CHEVY'S THE HOTTEST ONE AGAIN!

**HOTTEST LOOKING, HOTTEST SAVING,**

A V8-powered Impala Convertible . . . unmistakably '59!

**HOTTEST SELLING OF THE LEADING LOW-PRICED 3**

What we mean—this new Chevy's whipped up a one-car heat wave. Its fresh style caught on right away, of course. But—whether you prefer a V8 or 6—where Chevrolet really

leaves the other cars in the shade is out on the road. A pair of Chevy 6's came in one-two in their class in this year's Mobilgas Economy Run. And the winning average was 22.38 m.p.g.

Why not drop down to your dealer's and see for yourself why Chevy's this year's hottest selling car? 

Try the hot one—see your local authorized Chevrolet dealer!

She: So, wake up, man and take your washboard and go.

Book Review of The Week

The following article was taken from the FBE BULLETIN, March 1959, page 17. This bulletin is published by the Foundation for business Education as a part of its program of planned liaison between education and business.

TWIXT TWELVE AND TWENTY

Truth is, indeed, often stranger than fiction. Who would ever have imagined that a teenager's idol would be a parent's delight? Yet that is exactly what has happened in the case of Pat Boone. Millions of those "twixt twelve and twenty" listen in rapt worship as he sings, but in every way he is the type of youngster that any parent would like to have for a son and any teacher would like to have for a pupil.

Before going on to tell you about Pat Boone, let me say that the purpose of this article, in fact in fact, is to share this discovery with you. Not being a teenager myself, not having been a teenager for a long long time, I knew only in a vague sort of way that he is one of the teenager's idols. Like most adults who have read of the unsavory goings-on of many of these teenage idols, I assumed that Boone was just one more of the same sort. Now I have read his book and investigated his life I am amazed, and I want to share my amazement with you in case you, too, may not be aware of the nature of the boy.

The first thing, and the thing that tells the whole story to us, is the fact that the royalties from this book have been assigned to the Northeastern Institute for Christian Education. Pat Boone permits nothing to interfere with his religious life. Until he was graduated from Columbia University last June, he permitted no radio, TV, movie, or stage work to interfere with his education. He originally attended the North Texas State Teachers College at Denton, Texas, and still says in his book that he would like to be a teacher. He transferred to Columbia and received his Bachelor's degree magna cum laude.

While still in college he married his childhood sweetheart. He now has four little daughters, to whom he is devoted. He realizes the tremendous influence that his popularity gives him with the teenager and with no thought of personal profit he has written this book to help to persuade the teenager that a good life is better for the youngster and better for the society in which the youngster lives. The teenager will take things from Pat Boone that would be scornfully rejected if they came from a parent or teacher.

At the suggestion of the FOUNDATION FOR BUSINESS EDUCATION, Pat Boone has agreed to send an original photograph of himself to anyone ordering his book as a result of this article. This offer is good only to those who specifically close of school and the picture will be sent only to those who specifically request it and mention that they found the offer in the FBE BULLETIN. You may get the book by sending \$2.95 to Prentice-Hall Inc., Department 200, Englewood Cliffs, N. J.

Thanks To A Sponsor

The success of class depends upon the sponsor. The sponsor carries all the burdens, takes all the responsibilities, and does nearly all the worrying.

A class sponsor will do anything for the class. The following examples give evidence of this fact: (1) The class was supposed to pull cotton. Only four class members and the sponsor showed up. The sponsor pulled more cotton than any one of the class members. (2) The class decided to have a car wash and bake sale one Saturday. Who do you think washed cars all day for nothing? You guessed right. The sponsor did. (3) Hardly anyone knew their part for the play. Something had to be done! The sponsor tried everything; he even tried making us mad at him. (4) May 4-5, 1959 our class was working as a team on the Jr.-Sr. Banquet. That unity was the result of our sponsor's efforts.

The Seniors of 1960 would like to say, "Thanks, Mr. Verden, for making our Junior year a success."

F.F.A. Boys Apply For Degrees

Each year the State FFA Association presents the Lone Star Farmer Degree to boys with outstanding supervised farming programs. This is the highest degree offered to any boy by the State Association. The Silverton FFA Chapter is proud to have Jerry Brannon, Dick Mayfield, Ronald Vaughan, Bobby Crass and Terry Don West applying for this degree. These boys have met all of the qualifications set up by the State FFA Association.

FROM THE HOMEMAKER'S SCRAPBOOK

- To have safe food all the way to the table:
1. Refrigerate anything that can spoil.
2. Keep nothing that can spoil at room temperature longer than three hours.
To make dishwashing easier wash kettles as soon as food is taken out and wash forks with a brush, to make sure the tongs are clean.
When peeling or cleaning vegetables, clean directly onto a newspaper, wrap and throw away when finished.
Eating is one of our most durable pleasures, and most of our activities in the kitchen have to do with preparing things to eat. Cooking is truly an art—an art that uses all five senses: taste, smell, touch, sight hearing. It gives challenge for creative management in planning and doing, and satisfaction in the finished results. . . . and it brings even longer-range benefits: healthy, vigorous people.

BATTLE RAGES

There is a battle being fought where more ink is spilled than blood. . . . Where brains are used instead of bullets. . . . Strategy deals with themes and theorems rather than retreats and advances. . . . This battle is being fought in the classrooms, in the halls, on the stairs, in the library and study hall. The warriors are four members of the Junior class who are continuing the contest begun as Freshman for scholastic honors at graduation. Straight from the Principal's Base Headquarters comes the names in alphabetical order. James Clemmer, Frankie Hunt, Marsha Monroe, Toni Rhode.

FIRST AID FOR DANCING

- If you should happen to fall flat on your face on the dance floor, here are a few graceful outs:
1. Stand up with a flourish as if it was just part of the dance.
2. Say loudly—"now let's everybody try that new step."
3. Break the heel on your shoe.
4. Start cleaning the floor and explain you work there in your spare time.

P. S. As this is written, TWIXT TWELVE AND TWENTY has been on the national best seller lists for many weeks. If you do not wish to buy a book, but would like to read it, it is available at the Silverton Public Library.

EDUCATED DOPICA

When Jessie, a farm girl, had been in college a few weeks, her family got a letter from asking that henceforth she be called JESSICA.

Her brother Tom, couldn't resist replying:
Dear Jessica: Glad to hear from you. Mommica and Popica are visiting Aunt Lizzica. The old cowica had a calfica, and we were going to call it Nellica, but it was a bullica, so we named it Johnica.

Your brother, Tommica

What If

Jimmy and Carolyn started going steady. Our Livestock Judging Team could beat Hale Center. Ann didn't know boys from other towns. Lou really liked David. Mike paid as much attention to Doris in all her classes as he did in English. James weighed 190. Dave wore size 4 shoes. Jerry Dan couldn't play baseball. Bull and Becky broke up. Nell could make A's on her English themes. Charles hadn't bleached his hair. James had known it was time for his speech. Dale made F in typing. LaQuetta and John broke up. Joyce Thomas was "grounded" some week-end.

Mother-Daughter Banquet Held

The Mother-Daughter Banquet presented by the FHA was presided over by Mistress of Ceremonies, Linda Brannon. The Mothers were served a selection of salads prepared by the girls. Joyce Fields, La Guan Thompson, and Mrs. Buster Miller told what they had done at the State FHA Meeting in Dallas. La Quetta Chitty received her Junior Degree. Those who received Chapter Degrees were Doris Estes and La Guan Thompson. The Mothers were entertained with several songs by Peggy Grundy, Linda Brannon, Paula Reid, Glenda McWilliams, Diane Fogerson, Eulane Rackley, Joy Baldwin, and Susan Anderson accompanied by Sam Brown. Everyone had a very nice time.

A GIRL'S DIARY

Mon: He asked me for a kiss. Tues: He asked me again. Wed: Ditto. Thurs: He said if I don't kiss him next time we went riding, he'd turn the car over and kill us both. Fri: I saved two lives today. Dad: "Don't talk about such things at the table." (later) "Now then, What were you saying about caterpillars?" Max: "Never mind. There was one on your plate, but its gone now."

A perfect definition of erosion: A nine year old boy washing his hands.

Peepin' Tom

Two Snoopy Sophomores
PEEPIN' TOM has spring fever and he's too lazy to answer these questions so maybe you can. Mr. Mayfield is always getting on his boys for leaning back in their chairs, but whose chair fell and who fell with it? Did Joy ask Robert to go steady during "Twirp Week" or did she back out?

Ronald, what were you and Dale doing out at Dale's house Sunday? Carolyn and Doris are planning on having a ball at the "ALL MALE" college this summer. Couldn't you even smell A&M the other day in P. E., Carolyn?

George, how are you and Velma doing? What's that about Mr. Rampley telling Mr. Adams about Nell and Dickie?

Toni, when did Bobby start wearing long hoops? LaGuan, where is the bar of soap you let the bus driver sign while you were in Dallas (also your pen)? Ronnie Hester, what about those cigarettes?

Celene, do you like bugs that bite? Why are a lot of the Senior boys going to Amarillo Friday?

Lou, who did you have in mind to ride around with Sunday, if you had gotten the car? Charles C. how are you and Aleta getting along?

What Sophomore girl, while on vacation broke her overnight case mirror while looking at a boy? Richard, did you and Don get rich waiting tables Friday night? Reba, did you take advantage of "Twirp Week" to ask Lonnie to go steady, or did you back out?

When Dyrle was hurt playing football and the pep squad nearly forgot to cheer for him? When Reba first met Jimmy? "OH!"

Sherry falling over that Edward's boy? Which one? Ask her! When all the sophomore girls and Mrs. Miller got into one car? When all that Robert Rhoad got out of holding hands in the show was a sweaty palm.

When Glenna saw all that money on the stage? (while hypnotized) When Eldon nearly took all of his clothes off on the stage? (while hypnotized)

Sign on a small foreign car. "Don't rush me, I eat bugs."

Mrs. Rhoad: What is one of the best inventions made and who made it? Monty Smith: I think one of the best inventions was the Morse code but I don't know the name of the man who invented it.

Mrs. Turner: What do you like to do best? Patricia Cagle: Collect pets and boyfriends. Turner: How many do you have? Patricia: Five. Turner: Pets? Patricia: No. Boyfriends. Turner: Now do you get so many? Patricia: Oh, their families just move into the neighborhood and I grab them.

Mr. Wilmeth: What do you want to be? Roy Gene: A traffic officer. Wilmeth: What would you do if you caught Marilyn Monroe speeding? Roy Gene: I'd kiss her first then arrest her.

James jumped at 1.30 after noon. He jumped 18 and 3-4 inches. James did as well as he did at regional ever, we are very proud of him. Since James is a junior year, we are looking forward to seeing him go all the way next year!

This week the SOPHOMORE and JUNIORS have taken over the paper staff, and the paper is mainly of articles and news they have turned in. The Sophomores and Juniors have worked hard and we are sure they will enjoy the paper.

SPRING

The following essays were written by two Junior students on an English assignment they gave a beginning and end sentence.

What a beautiful day it was Sunday! I awoke just in time to catch the first act of the play called Spring. This is not a play because it is both planned and directed by God. He has a scene and even does the music. The performance of the play is unmatched anywhere. The spotlights the first actor as show begins. It is Miss singing our old favorite "time." The sun's scope is and now we see Mr. Green is proud of his new green and is glad to bloom in beauty for us. But don't forget Mr. Blue Sky for here too. We are glad he is placing his brother Mr. Orange a soft sound is heard. I know a new spring breeze been born. The curtain of dress slowly falls and the draws to an end. I have some time watching, but it was not wasted. When could I see so beautiful a free? Today I woke to a colder scene. A white blanket of snow lay upon the ground. The wind was blowing and its chill. But I haven't lost. Although it is cold today, I seen many signs that let me spring is really here.

SPRING'S BEAUTY

What a beautiful day it was Sunday! The very few clouds the azure sky appeared as small patches of foam on a blue lake. Everywhere were bright, cheerful colors of daffodils and red tulips and restful lavender and purple lilacs and irises. Against background of houses, the greens of the budding trees looked like an artist's palette works inspired. The delicate of the budding fruit trees like cotton candy at the top mirages on the roads blending the sky so that there was an inky between the earth and sky. The night brought a just enough coolness to it pleasant to sit under the velvet sky and to watch the lions of stars glisten and like so many diamonds set in it is cold today, we have many signs that let us know spring is really here.

BROWN COMPETES AT STATE MEET

Mr. and Mrs. Raymond Bobby Crass, and Jerry Patterson accompanied James Roy Brannon to the State Track Meet in El Paso, Texas. The party left Silverton on Thursday night. They visited the State Hotel, went swimming, and went sight-seeing Wednesday. Thursday, the boys all reported very good time. James jumped at 1.30 after noon. He jumped 18 and 3-4 inches. James did as well as he did at regional ever, we are very proud of him. Since James is a junior year, we are looking forward to seeing him go all the way next year!

JUNIOR CLASS OUTING

On May 8, at 8:35 a.m., the Junior class left on its annual outing. Their destination was Amarillo. They got to Amarillo about 11:00, and went directly to the Western Bowl where they bowled until Mr. Verden gave up hope of ever beating Jimmy Smith bowling. The Juniors (especially Jerry Don Brannon) enjoyed watching the Amarillo High students go by but when the hamburgers were brought out, everyone settled down to eat. After they had eaten, Gordon Lowrey said that someone in his car knew where the Amarillo Community Center was so Mr. Verden said to take the lead. Mr. Verden was the first to the Center even though he did lose Gordon on the first corner. The Juniors went swimming at the Center until 3:00 p.m. Then they set up the Center's trampoline. Jimmy Smith got rather proficient on it. Mr. Verden decided he wanted to jump on it which he later wished he had not. The first jump, he caught the button on his back pocket in the trampoline and it came off. The next jump, the incredible happened—the back seam of his pants tore. Mr. Verden was overjoyed when two Junior boys appeared about 15 minutes later with a pair of blue jeans. The Juniors then headed to the ice arena where they ice-skated.

Wayne Stephens was finally able to stay on his two feet. Mr. Verden needed his skates elsewhere he decided. After getting rid of all signs of frost bite, the Juniors went to eat again. After that, the boys in Gordon Lowrey's car went to the show, but Mr. Verden decided he and his car load had had enough for one year.

SOPHOMORE CLASS PICNIC

The Sophomore Class went to Lubbock Friday on our end-of-school picnic. We were supposed to have started skating at 10 o'clock but we didn't get there until 10:30 because of the weather. After skating everyone had a big dinner at Underwoods. After dinner everyone went bowling and bowled nearly all evening. We couldn't help but notice that Dot was a better bowler than Grady. After bowling, some of us came home and others went to a show. Everyone had an enjoyable time and returned home very tired.

—SHS—

FRESHMAN END-OF-SCHOOL PICNIC

Eighteen over-anxious freshmen left Friday morning to go on their end-of-school picnic. Mrs. Albert Mallow, Mrs. Burton Hughes, and Mrs. Pascal Garrison supplied the transportation for them. They arrived in Amarillo about 9:45. Their first stop was at the Eastway Roller Rink where they skated from 10-11:30. Next stop was to eat. Everyone enjoyed the delicious lunch at "Shirley's." After lunch most of the freshmen went shopping. After shopping, everyone enjoyed a few games of bowling at the Western Bowl. The next stop was HOME.

There were quite a few tired freshmen when they arrived home between 1:30 and 3:00 p.m. Each and every freshman AND mother really enjoyed this trip. It isn't every day we get out of class ALL DAY so it was quite a treat.

MEMORABLE MOMENT

Long after graduation is over, pictures will keep the Great Day. It's a wise graduate who puts his gift camera to work before the day is out. Picture-pointers for this special occasion are no different from the usual common-sense ones. Choose a simple background, preferably one that offers contrast to the subject. The girl in the light cap and gown will look well against a dark wall, and vice versa. For pictures of people, it's generally a good idea to shoot from as close as you can without cutting off any important part of the picture. (Minimum shooting distance for most Brownie Cameras is about 5 feet, or—with a close-up attachment slipped over the lens—about 3 feet.) Above all, shoot enough pictures to assure a good selection. This is a picture-taking opportunity that can't be repeated.

Town and Area News

Mrs. H. P. Rampley, Mr. and Mrs. O. C. Rampley and Messrs. L. L. Thornton, J. D. McGavock, Jack Sutton and Truman Stephens attended the funeral of Mrs. Williams in Frederick, Oklahoma, Saturday afternoon. Mrs. Williams, mother of Richard M. Williams, of Floydada, former Minister of the Silvertown Church of Christ had been ill for a long time; she died on Friday and was buried Saturday afternoon at her home-town of Davidson.

W. M. Baldwin and daughter, Mrs. T. E. Coale, of Fort Worth, and Mr. and Mrs. Dean McWilliams, of Lubbock, were week end guests of Mrs. McWilliams parents, Mr. and Mrs. Alton Steele and Jim Ed. Mr. and Mrs. Virgil W. Baldwin and Dan and Mr. and Mrs. Alvin Redin were Sunday visitors in the Steele home. The entire party except Mr. and Mrs. Virgil W. Baldwin went to Plainview Sunday afternoon for a visit in the home of Mr. and Mrs. Harley Redin, Van and Kenney. Other visitors there were Mr. and Mrs. C. G. Willis, of Amarillo, and their son and family, Mr. and Mrs. Benny B. Willis and baby, of Odessa.

W. M. Baldwin is the uncle of Alvin Redin. Virgil Baldwin and Mesdames Steele and C. G. Willis. The Alvin Redins are parents of Harley Redin.

Mr. and Mrs. Herbert Stephens, Bobby, Roy and Cheryl and Mr. and Mrs. Elbert Stevens Wayne and Jerry spent the week end at Lake Thomas, near Snyder. They were met there by Mr. and Mrs. Milton Thornton of Odessa, and Mr. and Mrs. Donald Smith, of Monahans. Roni Thornton returned home with her grandparents, the Elbert Stephens, for a two-week's visit with them and her other grandmother, Mrs. Georgia B. Thornton. They had lots of fun boating, but did not catch many fish.

Mr. and Mrs. Travis Gilliland, of Bowie, were week end visitors with her mother, Mrs. Annie Edwards, and other relatives here.

Guests of Mr. and Mrs. Fulton Gregg over the week end were Mr. and Mrs. Andy Isbell of Belen, New Mexico, and their daughter, Mrs. Charline Techenon and Keith, of Albuquerque; Mrs. Nora Snodgrass, of Lockney; Mrs. Buster Snodgrass and Linda and Mr. and Mrs. Don Swindell and children, of Oklahoma City; Mrs. A. A. Boling and Mr. and Mrs. John Boling, and baby, of Lubbock; Mr. and

Mrs. Obra Watson, of Amarillo, and daughter, Mrs. Troyce Mitchell, of Albuquerque, New Mexico, spent Monday night and Tuesday of last week with Mr. and Mrs. S. R. Turner, parents of Mrs. Obra Watson. They also visited Mr. and Mrs. J. S. Watson, parents of Obra Watson.

Mrs. Shafe Weaver, who underwent surgery early last week in Northwest Texas Hospital in Amarillo, left the hospital Sunday and came home Tuesday after having spent a couple of days in the home of her aunt, Mrs. Bob Farnsworth, in Amarillo. Johnny says she is doing fine. Mr. Weaver stayed in Amarillo with his wife.

Tuck a handy pressing board in with your iron the next time you travel. Quilted white cotton bound with bright tape covers a sturdy hard-board base, designed for this purpose.

Mr. and Mrs. Richard Wayne Toler and Steve visited his mother Mrs. Bill Watters, and Mr. Waters, on Sunday.

Billy Gene Toler, of Electra, has been a patient in the Lockney hospital since Thursday of last week. He stepped in a hole and injured his right foot, but went on working several days before going to a doctor. A bone was chipped and he has a very painful sprain.

CAP ROCK SOIL CONSERVATION DISTRICT NEWS

Many people do not realize the relationship between good conservation farming and ranching and an abundant supply of wildlife. For instance, most of the farm ponds being constructed, though their major purpose is for livestock water, should be stocked with fish.

There is a large number of ponds being constructed or planned for construction especially below the cap in Briscoe County. Most of these will be fairly large ponds and should hold water the year around. These ponds will also hold water for fowl and other wild life.

Of course, all of us are familiar with the value of field wind breaks of trees for habitats for quail, dove, rabbits and other wild life. There are several grassed waterways planned near Quitaque that will furnish shelter, food and nesting places for quail. We all saw the value of sorghum alnum seedlings for quail protection and food this past winter. Other grass seedlings are just as good as sorghum alnum for wildlife habitats.

There are many odd areas on farms and ranches in this district that are better suited to wildlife areas than anything else. Farmers and ranchers can get assistance in establishing grasses, trees and fencing areas for wildlife habitats through the Great Plains Conservation Program. This practice can be set up along with other conservation practices and cost shares allowed for establishing this practice.

Mr. and Melvin Watkins and daughters, of Amarillo, spent the week end here with her parents, group spent Saturday evening with Messrs. Ed Vaughan and Ewing Vaughan. They enjoyed seeing family motion pictures made by

What About Cotton?

Is there any future for cotton? That question has been asked before in the long history of this fiber's service to mankind. It's being asked again.

There are an estimated 2.8 billion people in the world consuming an average of 6.7 pounds of cotton per person annually. They use more cotton than all the fibers put together.

World population is increasing and living standards are rising. This points to vastly greater markets for fiber and a staggering potential for expanding cotton consumption.

Synthetic fiber, fiber substitutes and foreign grown cotton are vying with the U. S. cotton industry for these markets. Price, quality, and promotion are the competitive challenges; and the U. S. industry is responding aggressively. Significant yield increases, lower manpower requirements, and improved fiber and textiles -- results of research -- are making cotton more competitive price-wise and quality-wise. Scientists say they are just beginning to unlock doors to tremendous new improvements. Promotion that has advanced cotton to the fashion peak in this country is being copied more and more in foreign countries.

Cotton is dependable and versatile. It is competing aggressively. Its market potential is exciting indeed. Cotton's future is promising. This is encouraging to all who depend on cotton for a livelihood.

SESAME RESEARCH PLANNED FOR HIGH PLAINS

PARIS, Texas, May 14. --Adaptability tests on some 200 preliminary strains of Sesame will be conducted this year on the Blacklands and on the High Plains of the Texas Panhandle in a continuing search for new and improved varieties of the oilseed crop which produced nearly one million dollars for the farmers of Texas last year.

The tests will be conducted by the United States Department of Agriculture on sites furnished by Texas Sesame Growers, Inc. and Tom Watson on his farm at Blossom in Lamar County and by Texas Sesame Growers, Inc. at Muleshoe in Bailey County. Dr. George W. Rivers, research agronomist stationed at College Station, will be in charge of the projects.

"Our farmers are growing sesame for a steadily growing market," says Robert L. Parker, executive vice president of Texas Sesame Growers, Inc., "and one of our greatest needs is for research which will provide us with better strains of Sesame and more information about its culture and growing habits. We are pleased to co-operate in these studies with the Department of Agriculture, and believe that Dr. River's work will produce much immediately useful knowledge."

At Blossom one experiment will compare yields of 30 advanced test strains of Sesame with presently available commercial varieties. Consideration will be given to yield, plant height, disease (if present), maturity, oil and protein content. The same kind of experiment will be conducted at Muleshoe on 30 advanced test strains.

Similarly, tests will be conducted in both areas to evaluate the adaptability of preliminary varieties planted under field conditions. Approximately two hundred strains will be checked in each locality.

Plant spacing, levels of fertility, frost damage studies and other research information will be sought by Dr. Rivers in additional experiments at Muleshoe.

Mr. Watkins last Christmas. Mr. and Mrs. Gaston Owens and Eddie, of Wichita Falls, spent the week end with the Messrs. Vaughan but came too late to enjoy the pictures.

Ed Vaughan is the father of Mesdames McMinn and Owens. The Owens family spent Sunday in Quitaque with his parents, Mr. and Mrs. George Owens.

Dr. and Mrs. Odell Walls and family, of Frederick, Oklahoma, were week end guests of Mr. and Mrs. J. C. Hill. Mr. and Mrs. Bun Long, and family were Sunday dinner guests in the Hill home. Mr. and Mrs. Hill are parents of Mesdames Walls and Long. Mr. and Mrs. Shirley Pitts and children, of Amarillo, and Mrs. Bailey Childress called in the afternoon.

Mr. and Mrs. George Seaney spent Sunday in Masterson with their son and family, Mr. and Mrs. Cecil Seaney and children.

SAFETY CHECKS FOR DRIVERS

AUSTIN, May 14 --Do you know (1) A quick way to tell whether or not your car's headlights are in or out of focus? (2) Where to put your right foot on entering a busy intersection? (3) A quick way to check for unequalized brakes?

"Knowing the answers to questions such as these could be instrumental in saving your life," J. O. Musick, general manager of the Texas Safety Association said today, "because they are typical of the advance thinking necessary to be a safe driver."

Musick explained that the defensive driver is one who drives in such a manner as to avoid accidents by expecting the unexpected.

"In addition to turning in a safe driving job himself, today's motorist also has a responsibility to make up for the shortcomings of others. Such an attitude comes naturally to persons accustomed to accepting their moral responsibilities in other areas of daily living," Musick said.

In answering the three questions above, Musick gave these solutions:

1. Once you are certain your headlights are in proper focus, drive your car into your garage with headlights on high beam. Make a cross with a piece of chalk on the wall in the exact center of each beam. This isn't a foolproof system, but it will help you detect any sudden change --which should be followed up with a thorough check by your mechanic.

2. Remove your right foot from the accelerator and place it lightly on the brake pedal until you are clear of hazards. This habit will reduce a major part of your reaction time in case you have to make an emergency stop.

3. When you first start your car, the brakes are cold. Pump the brake pedal slightly, at about 10 miles per hour. If the brakes are not gripping equally, the car will tend to sway.

PUBLIC OPINION POLL

Actually, President Eisenhower and Governor Daniel want each citizen's ideas about the state and nation's future citizens. President Eisenhower has called a White House Conference on Children and Youth, as each president has done every ten years since Teddy Roosevelt. This week Governor Daniel issued a call for all Texans to look at barriers to the future development of the state's most precious resource -- its children.

Governor Daniel has asked officials in every county to organize a large local committee to study all welfare education, health and spiritual resources available in each community to the juvenile delinquent, the hungry child, the

student in each independent school district, the ill and handicapped, those in day care while their mothers work, and children who need protection.

At the first meeting of the 129 prominent Texas civic leaders on the Governor's Committee for the 1960 White House Conference on Children and Youth, Daniel told his appointees, "Our purpose is not to go to Washington for someone to tell us what to do about our children. Rather, it is to generate public interest in how we in Texas can meet the needs and problems of our youngsters. Responsibility rests upon our homes, our schools, and our schools to give training to qualify our children for citizenship."
