Around Town
 by Mary Ann Sarchet

On this fourth of July, let us take a few moments from the busy day of fireworks and pause and remember this day really means to us is the anniversary of the signing of the Declaration of Independence of 1776, which is considered as the founding of the United States. Our Founding Fathers with the Declaration of Independence proclaimed the democratic principles "that all men are created equal," that they are endowed with certain inalienable rights and that governments are instituted to preserve these

Thousands of area motorists, today will signal the start of a carefree holiday, but for a number of Texas Department of Transportation Safety personnel, the same will be the beginning of a 96-hour nightmare. These men have the responsibility of trying to cope with the ever rising traffic fatalities down to reasonable figures. They will be trying to propp up motorists from the highway and the wise guy who drives the highpowered automobile several thousand miles of state highway. It will be a tough job, as motorists will be expected to arrive at their destination just as eager to get

Drivers are cautioned to exercise more than just the normal amount of caution when driving on the Independence Day holiday. All roads will be handling a heavier flow of traffic than usual. It is estimated that some 25 million cars will be on the highways. Do not let yourself become a traffic jam. Drive safely, and LIVE!

Silverton last week mourned the passing of one of its senior citizens, Clyde Lightsey. We were personally acquainted with Mr. Lightsey, by reason of our having lived here so recently, and we are grateful to Mrs. Lillie Wolf for furnishing us the following information.

Although Clyde and Montie Lightsey had no children of their own, they helped in rearing more than the average family. His mother died in 1924. The year his father, J. S. Lightsey, and his brother and sister and Grace, moved to Clyde Lightsey's home. The father died away two years later, but Clyde and Grace were at home until both married. After his husband died, she and her son, Weldon Irion, again lived with the Lightseys for several years. In fact, Weldon has with them the greater part of his life.

Montie's daughter, the late Mrs. Long, daughter of Montie's brother, Earl, lived with the Lightseys two years. Four of her children, Henry's, children were born and educated by Clyde Lightsey. They were Juanita, and Beryl.

His wife, Dottie, and two daughters are visiting with Montie now. His home is in Gardena, California.

It is indeed a modern-day miracle that two Good Samaritans, few would even consider taking in a family to raise, much less help to raise and educate their children as Clyde and Montie Lightsey.

Golden Rule is kept, indeed what we share with anyone; what we give, but what we give without the giver.

R. D. WHEELOCK
**R. D. Wheelock
 Receives Award**

Valley Forge Freedoms Foundation medals and citations have been awarded to two Canyon school teachers in recognition of their "patriotic contribution to notable youth leadership in the highest tradition of our nation."

Receiving the awards were Miss Elva Fronabarger, retired Canyon teacher, and R. D. Wheelock, Canyon teacher and coach.

Wheelock, the son of Mr. and Mrs. J. E. Wheelock of Silverton, was graduated from Silverton High School in 1931. He is married to the former Miss Maura Myrl Brewer, and they have a son, 19, and a daughter, 13. He has taught in the Canyon schools for fourteen years.

Dr. Kenneth D. Wells, president of Freedoms Foundation, in notifying the honorees, said, "Your exceptional classroom work in behalf of responsible patriotic citizenship and the American way of life has been singled out as an important professional contribution to maintaining our American Constitutional Republic."

Selection of the awards recipients from among teachers from all over the nation was by a jury composed of State Supreme Court Justices and elected representatives of national patriotic, service and veterans organizations.

Dr. J. A. Hill, president emeritus of West Texas State College, presented a medal and scroll to Miss Fronabarger and Rev. Straus Atkinson, pastor of the First Baptist Church, made the presentation to Wheelock.

Nominations for Freedoms Foundation awards come from all Americans, either for Teacher's Medal or the foundation's general program which honors people in all walks of life for things they have written, said or done to improve knowledge and appreciation of the American way.

Annual Tulia Swim Meet to Be July 10

The Tulia Literary Arts club extends an invitation to all swimmers in this area to participate in its annual swim meet at the Tulia pool, Friday night, July 10.

Thirty swimming and diving events will be open to boys and girls, men and women, with a gold cup to be awarded the first place winner in each event, and a ribbon given to each second place winner. Entries are now being accepted by Mrs. E. W. Howell, 44 Travis Road, Tulia, or at the pool.

Entrance fee for each event is 50c and no one may enter more than three events. Deadline for entering is noon the day of the swim meet.

The evening's entertainment will start at 7:00 with a Kiddie Parade. Parents may enter their children, ages one through five, by contacting Mrs. Clyde Kilpatrick, 115 N. E. 5th, Tulia, and paying an entry fee of 50c for each boy and girl.

High school girls, sponsored by Tulia merchants, will vie for the title of "Miss Tulia" during a special bathing beauty revue. Soda pops, candy, and snow cones will be sold at the concession stand. Admission price for spectators is 50c.

Funeral Services Held For Clyde Lightsey

Funeral services for Clyde Hampton Lightsey, 61, a retired farmer, were held at 2:00 p.m. Saturday, June 27, 1959, in the First Baptist Church of Silverton with the Rev. G. A. Elrod, pastor, officiating, assisted by Rev. Frank Story, pastor of the Silverton Methodist Church.

Mr. Lightsey died at 7:15 a.m. June 25, in a Plainview Hospital. He had been a resident of Briscoe County for 47 years.

He was born December 30, 1897, at Palmer. Mr. Lightsey was a member of the First Baptist Church of Silverton.

Survivors include his wife, Montie, of the home; a brother, Horace, of Maywood, California; a sister, Mrs. Grace Irion, of Amarillo; and two nephews.

Active pallbearers were Clifton Stodghill, Robert McPherson, Dee McWilliams, Roy Mack Walker and Perry Whittemore, of Silverton, and Bill Watts, of Dallas.

Honorary pallbearers were Doyle Stephens, Hubert Stephens, Bob Hill, R. E. Stephens, Eddie Edwards, Cliff Allard, Alvin Redin and Albert Mallow.

Burial was in Silverton Cemetery under the direction of Roberts Funeral Home of Silverton.

Honor Scouts At Camp Post

Silverton Scouts were among those selected for special honors at Camp Post last week.

Bill Schott: Sharp Shooting Pro Marksman, Marksman First Class, Camp Coue and P. C. Rope Yard.

Jimmie Smith: P. C. Rope Yard, Camp Coue, Totenship.

Jay Towe: Life Saving Merit Badge, Pro Marksman, Camp Coue.

Who Put The Fireworks in The Fourth of July

Who did put the fireworks in the Fourth of July?

Much of the credit goes to John Adams. This Founding Father declared that Independence Day "should be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illuminations, from one end of this continent to the other, from this time forward for evermore."

So, from that time forward, the birthday of the United States has been marked by brilliant explosions and noise... and the deaths that invariably accompany them.

Americans got the idea for fireworks from the Europeans, who got the idea from the Arabs, who were merely copying the Chinese.

In 1232 A. D. when a Chinese city was besieged by Mongols, the defenders cooked up a batch of saltpeter, sulfur and charcoal and frightened their attackers with "arrows of flying fire."

The Arabs were quick to copy these weapons, which probably were rockets. The Crusaders brought them back to Europe, where the Italians discovered that they made fancy exhibitions as well as formidable weapons.

By the time fireworks spread to England and France, figures and structures of wood and plaster had been added.

In 1520, when Henry VIII met Francis I on the field of the Cloth of Gold in northern France, the historic moment was celebrated by the appearance of a huge dragon that thundered across the sky breathing fire.

ATTEND BATON TWIRLING SCHOOL AT MATADOR

Linda and Lou Brannon, Joy Ann McCutcheon and Jane Brooks attended a baton twirling school in Matador last week. Mrs. Walter Brannon, Mrs. Wayne McCutcheon and Mrs. Jim Brooks took turns taking their daughters to Matador. Mrs. Brooks took the girls on Thursday and accompanied them to Roaring Springs for an overnight stay with the local home-making group of girls who were staying there. All had a good time. The girls attending the twirling school hope to qualify as official twirlers for the pep squad during the coming football season.

LEAVES FOR NATIONAL GUARD CAMP

I-Lt. Pat L. Northcutt was one of 125 men who left Amarillo in a 90 vehicle convoy from Amarillo for North Fort Hood for the annual two-week training of the Texas National Guard.

By the 1660's, fireworks had developed into such an art that two schools of thought had arisen to argue over methods of display. The Southern school, centered in Italy, concentrated on building elaborate structures such as castles and temples, from which the fireworks exploded. The technique of setting off fireworks was shrouded in mystery.

The Northern school, influenced by the Protestant movement in Germany, thought the Italian procedure smacked of popery. The Northerners exhibited their fireworks before the show, for all to admire, and then made them the important part of the display.

While the two schools fumed over their firecrackers, fireworks crossed the Atlantic and became an American institution.

ATTEND ROTC TRAINING CAMP

Kenneth Stephens, son of Mr. and Mrs. Homer Stephens, of Silverton, left last week for South Fort Hood, Texas, where he is in training with the ROTC unit from Texas Tech College.

VISITORS IN THE WEISS HOME

Mr. and Mrs. W. P. Smith from Tampa, Florida, have been here visiting her parents, Mr. and Mrs. W. N. Weiss. Mr. and Mrs. Kenneth Jones, of Slaton, were here last week end visiting with Mr. and Mrs. Weiss.

VISIT IN HEREFORD

Mr. and Mrs. Olos Chitty and Mr. and Mrs. Joe Grabbe and Pat visited Mr. and Mrs. Paul Neese, Alan and Connie in Hereford Saturday afternoon and evening.

CPL. MAY VISITING HERE ON LEAVE

Cpl. James May is spending a leave here with his parents, Mr. and Mrs. Elmer May, Mike and other relatives. James is now stationed at the Corp. Aux. Air Station in Beaufort, South Carolina, but expects to transfer soon to Pensacola, Florida, where he will be a Marine Aviation Cadet.

FORMER NEIGHBORS ENJOY VISIT

Mrs. J. A. Roe and Mrs. Vina Edmondson, of Hereford, and Mr. and Mrs. Foust Roe, of California, visited Mrs. Carl Crow on Thursday of last week. Mrs. Crow and the Roe family lived neighbors many years ago in Johnson County.

New Parents

Mr. and Mrs. Floyd Stidham are parents of a baby son, Steve Allen, born in the Tulia Hospital Wednesday, June 24, at 9:49 p.m.; weight 8 pounds.

Mr. and Mrs. Frank Gamble, Silverton, and Mrs. Lee Stidham, Tulia, are the grandparents. Mrs. J. T. Powell, of Hale Center, is the great-grandmother.

MRS. FISHER VISITING IN TENNESSEE

Mrs. J. S. Fisher is spending a visit with relatives in Tennessee. Mr. A. A. Dunnagin took her to Estelline on Wednesday of last week where she caught a bus to Oklahoma to meet other relatives whom she would accompany by car to Tennessee. She planned to visit her sister, Mrs. Lula Julian, of Algood, Tennessee.

Mrs. Carl Vaughan, of Hollis, Oklahoma, spent Friday of last week with Mrs. J. E. Vaughan.

Power Fails During Electrical Storm

Activity was halted in Silverton on Tuesday night when an electrical storm caused power failure which lasted some thirty minutes. The city was plunged into darkness until an emergency unit of Southwestern Public Service Co. could be put into operation. This same storm sprinkled 17 of an inch locally, according to the rain gauge of Ray C. Bomar.

BIG 5-PLOW POWER WITH FERGUSON SYSTEM

THE NEW MF 85 MAKES LIGHT WORK OF BIG-ACREAGE, ROW-CROP FARMING

Why don't you come in today and let us show you this big, new 5-plow Massey-Ferguson tractor. It's the only one made to handle so many fully mounted implements. It has precise implement and draft control that only the Ferguson System can offer. You'll see how maneuverable a big tractor can be, when you see the big MF 85. If you can't come in, call us. We'll be happy to bring one out to your farm for a demonstration. A work-test on your farm is the best way for you to see how the MF 85 can make your farming better and easier.

Massey-Ferguson & Allis Chalmers Dealer
SILVERTOWN, TEXAS

SHOULD OUR TOWN GROW?

On July 7, the citizens of Silvertown will go the polls to vote whether they should expand the present Water and Sewer Systems. We understand that the present sewer system is over loaded and needs to be enlarged, and that the water lines in certain areas of the town are too small to be adequate in providing the necessary water for the people and for fighting fires. It is our belief that if the voters are interested in the growth and expansion of our City of Silvertown, they should vote for the needed improvements. The last bond for improving this system was voted

in 1941 and it was small bond for only \$5,000, we understand. Other parts of the system are much older.

Being among the town's newer citizens, we will not be able to go to the polls to vote, but we do urge each and every one who is eligible, to vote. It is our hope that they, like we, are anxious to see our City in a position to grow, and not hindered, hampered and cramped like a large foot into a too-small shoe!

By all means do exercise the rights given you by our forefathers, and VOTE.

Drive Safely On The Fourth Of July

"Don't gamble on your holiday weekend—the cars may be stacked against you." This play on words was made by J. O. Musick, general manager of the Texas Safety Association, in an effort to focus attention on the increased dangers of highway travel during the fourth of July weekend.

Musick pointed out that since the Fourth falls on Saturday this year, many Texans will receive a holiday on Friday or Monday. This will give families a chance to take short vacation trips.

"Weekend travel is normally dangerous enough," he said, "but when you couple it with a holiday, it literally becomes murderous."

For those who do plan to take a trip, Musick had these words of safety advice: "There is a common saying which states that 'Accident is just another word until one happens to you! Any motorist will do well to remember this slogan before he gets behind the steering wheel. He should remember, too, that the most tragic accident is not necessarily the one in which he might be killed. If there is any doubt about this, ask the person who has been in an accident in which others were killed or one in which he lost his eyesight or was perhaps, permanently crippled."

"There are many people who live an accident every day of their lives, through mental anguish and physical suffering."

The safety expert emphasized that travelers should not undertake journeys of a greater distance than can be driven at a leisurely pace, with allowance for heavy traffic and other delays.

"Courtesy and common sense are still the best traffic accident preventatives," he said.

CARD OF THANKS

We wish to take this occasion to offer heartfelt thanks to the many wonderful friends and relatives who rendered such aid and comfort in our time of sorrow.

ELAINE STEPHENS AND DOUGLAS FORBES UNITED IN MARRIAGE

Miss Elaine Stephens, daughter of Mr. and Mrs. H. R. Stephens, of Silverton, became the bride of Douglas Forbes, son of Mrs. Charlotte Etgen, of Snyder, and C. C. Forbes, of Los Angeles, California, in an afternoon double-ring ceremony on June 27, 1959, held in the Silverton Methodist Church with Rev. James P. Patterson, of Cotton Center, officiating.

Mrs. Bill Edwards, organist, played traditional wedding music and accompanied Mrs. Fred Mercer who sang "Whither Thou Goest."

The church was decorated with candelabra and picardy gladiolas. The maid of honor, Miss Susan Anderson, wearing a street length dress of apricot silk organza over taffeta, carried a fan with matching picardy gladiolas. Also attending the bride were Miss Carol Grandy and Miss Glenna Thompson, attired in dresses identically styled to that of the maid of honor in turquoise, carrying fans with matching flowers.

Candles were lighted by Darlene Lytle and Marilyn Brown, who wore turquoise dresses and head pieces. The flower girl was Martha Etgen, sister of the groom. She wore an apricot dress, similarly styled to those worn by the candle-lighters.

The best man was David Forbes,

of Alpine, Texas, brother of the groom. Groomsmen were Bill Stephens and Don Stephens, brother of the bride. Joe Brannon was an usher.

Given in marriage by her father, the bride wore a floor length white silk organza and chantilly lace gown fashioned with a lace bodice and scalloped neckline. Her fingertip veil of silk illusion fell from a tiara of lace and seed pearls. She carried a white Bible topped with an orchid arranged with white rose buds.

The reception was held immediately following in Fellowship Hall of the church. Music was provided by Mrs. Bill Edwards and Mrs. Fred Mercer, who sang, "How do I Love Thee," "Because," and "Awards."

Others in the house party were Miss Shirley Fitzgerald, who registered the guests, and Misses Kay Williams, Vaughnall Brannon and Linda Brannon who presided at the serving table.

For her wedding trip to California, the bride traveled in a turquoise linen sheath dress with white accessories. After July 12, the couple will be at home in Silverton.

Mrs. Forbes is a 1959 graduate of Silverton High School.

Mr. Forbes is a graduate of Silverton High School, and now

Mrs. Douglas C. Forbes

lives at Tule Ranch which is owned by his grandfather, D. M. Cogdell, of Snyder, Texas.

Mr. and Mrs. G. H. Thomas spent Sunday in Memphis with their daughter and family, Mr. and Mrs. L. V. Shockley.

UNDERGOES OPERATION

Derron Thompson underwent an arm operation and bone fusion on his right arm on Friday of last week at Northwest Texas Hospital in Amarillo. The arm was broken about a year ago and recently rebroken while he was in Ft. Sill, Oklahoma, for Army Reserve training. Mrs. Thompson and LaGuan took him to the hospital on Thursday of last week and were also there on Friday for the operation; they brought him home Monday and he is thought to be recuperating satisfactorily.

Mrs. Waldo Prater and a friend, of Borger, came Saturday to return home her daughter, Roxie, who had spent last week here with her uncle and family, Mr. and Mrs. Luke Thompson, LaGuan and Derron.

MR. AND MRS. FOWLER RETURN HOME

Mr. and Mrs. Harry Fowler returned home late Saturday after having been at Portland with her son and family, Mr. and Mrs. Charles (Johnny) Quillen, Pat and Mike since last October. Both have been sick much of the time while there but are thought to be better now. Johnny brought them here and went home on Sunday.

SPEND WEEK WITH GRANDPARENTS

Mike and Lesa Rhoderick, of Lubbock, and Sammie Sue and Janis Kay Johnson, of Quitaque, spent last week here with their grandparents, Mr. and Mrs. J. C. Rhoderick, Sr. Mrs. C. N. Johnson came Saturday afternoon and took her children home.

ENJOYED PICNIC SUPPER

Mr. and Mrs. J. C. Rhoderick, Sr., Silverton; Mr. and Mrs. J. C. Rhoderick, Jr., of Plainview; and Mr. and Mrs. B. F. Rhoderick, Mike and Lesa, of Lubbock, met at the home of Mr. and Mrs. Lynn Rhoderick and John Scott in Aiken Sunday afternoon and enjoyed a picnic supper and watermelon feast. Mr. and Mrs. J. C. Rhoderick, Sr. are parents of the Messrs. Rhodericks.

Mrs. Raymond Reeves and Carol Ann, of South Plains, and Mrs. Freeland Bingham and Stevie spent Monday in Amarillo with Mr. and Mrs. Johnnie Bingham and Rhonda Beth. Stevie remained there for a longer visit. Mrs. Freeland Bingham is the mother of Mrs. Reeves, Johnnie and Stevie Bingham.

Mrs. Emma Paige, of Crestline, California, arrived here on Saturday for an indefinite visit with her son and family, Mr. and Mrs. Lester Paige, and other relatives.

Rackley - Wallace Vows Exchanged In Double-Ring Ceremony

In an impressive double-ring ceremony on Saturday, June 20, 1959, at 7:00 o'clock in the evening, Miss Eulane Rackley, daughter of Mr. and Mrs. Dolen Rackley of Silverton, became the bride of Charles Don Wallace, son of Mr. and Mrs. Dock Wallace of Silverton.

The organist, Sam Brown, played the traditional wedding music and accompanied Mrs. Berton Hughes, who sang "Because."

Miss Nell Rackley attended her sister as maid of honor. She was attired in a dress of white nylon organza embossed with blue flowers over blue. She wore a halo of blue velveteen and net and carried a nosegay of white roses.

The candles were lighted by Miss Gloria Wallace, sister of the groom. Miss Kay Rackley was her sister's flower girl, and she and Miss Wallace wore identically styled dresses of white nylon organza embossed with blue flowers over white. They wore head bands of seed pearls and wrist corsages of white roses.

Mr. Larry Wallace, of Silverton, brother of the groom, served as best man, and Dickie Mayfield, of Silverton, and David Bishop, of Slaton, were ushers.

The bride, given in marriage by her father, wore a full length gown of white Chantilly lace and nylon tulle over satin, designed with high neckline framed with up-standing queen's collar. The fitted bodice had a sheer yoke enhanced with applique of lace, featured long sleeves ending in points over the hands and terminated with a deep point at the front waistline. The full skirt was fashioned with deep pointed lace yoke joined to a wide ruffle of tulle. The veil of illusion fell from a queen's crown of seed pearls. The bride carried a white orchid bouquet a top a white Bible.

Vows were exchanged before the altar which was decorated with baskets of white gladiolas and lighted candles in candelabra. The bride is a 1959 graduate of Silverton High School. Mr. Wallace graduated from Silverton High School, and attended Draughon's Business College. He is presently employed by Miller & Miller Motor Freight Lines in

Lubbock. For her wedding trip to Carlsbad, New Mexico, Mrs. Wallace traveled in a pink sheath dress of cotton and rayon accented with white accessories and the orchid from her bouquet. After returning from their trip, the couple will be at home at 2012 15th, Lubbock.

Richard Wayne Toler, of Lubbock, has recently spent the week end here with his mother, Mrs. Bill Watters, and Mr. Watters.

Mr. and Mrs. Jim Boyce and family, of Groom were week end visitors with Mr. and Mrs. Edwin May and family and other relatives.

Rev. G. A. Elrod and Sam Brown attended the Brotherhood camp at Plains Baptist Assembly grounds south of Floydada on Tuesday. Sam was official pianist for the occasion.

VISIT AT LEMONS RANCH

Mr. and Mrs. Joe Lemons and children, of Los Alimos, New Mexico, have been here for several days visiting his mother, Mrs. Fred Lemons. They are all enjoying staying at the Lemons ranch home.

Mr. and Mrs. Bill Ferguson, Gary and Roy, of Lubbock, spent Sunday here with her parents, Mr. and Mrs. Jack Estes, Dewey and Doris.

Best Room!

JUST ONE OF 7 Big Bests Chevrolet OFFERS you over any other car in its field!

Take a tip from the experts... in their own words... and from on-the-record facts and figures: More than ever, Chevrolet gives you more than any other of the leading low-priced three! More room to relax in, for instance. A sampling of official dimensions reported to A.M.A.* makes this clear. Chevy front seat hip room, for one thing, is up to 6.9 inches wider than comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

Best Brakes Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a

NASCAR†-conducted test of repeated stops from highway speeds.

Best Style It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

Best Engine Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "... surely the most wonderfully responsive engine available today at any price."

Best Ride MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." You'll be

able to tell this yourself instantly, once you take the wheel.

Best Economy No doubt about this: two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22.38 miles per gallon—with Powerglide.

Best Trade-In Check in any N.A.D.A.† Guide Book. Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

Safe Home Hc, Window Styles Easy to Wash

Home safety researchers at the University of Illinois have recommended that all windows which cannot be reached from the ground or a porch should be of a type that can be washed from inside the house. The recommendation was made in the university's Small Homes Council bulletin, "Hazard Free Houses," which lists common dangers in a house and tells how to avoid them in new construction and remodeling. In its recommendation on windows, the Council refers to the

Special "lift out" window of ponderosa pine makes window washing safer, easier.

danger of falls while washing windows from ladders outside. A number of styles of windows of ponderosa pine are available that can be washed from inside the house without the need for ladders or step stools. These include models with sash that can be removed completely for cleaning, and styles that open in such a way that both sides of the glass can be reached from inside. Among the removeable sash windows of ponderosa pine are the popular double-hung styles and sliding sash models. Window types that can be washed from inside without removing the sash include awning, hopper, and casement windows.

308 PAY FINES FOR FISHING WITHOUT LICENSES

Austin, July 1—Fishing violations topped the list of arrests made by game wardens during last month, according to the report of the director of law enforcement of the Game and Fish Commission.

There were nearly 400 fishing arrests made by the wardens, with 308 of them for failure to have a license. The Texas license costs \$2.15 and is good for both fresh and salt water and for residents and non-residents alike.

Although all legal game hunting has been closed for several violations for killing quail, doves, ducks and even killing deer in the closed season.

The 448 persons arrested last month paid fines of \$7,596.45, plus court costs of \$852.

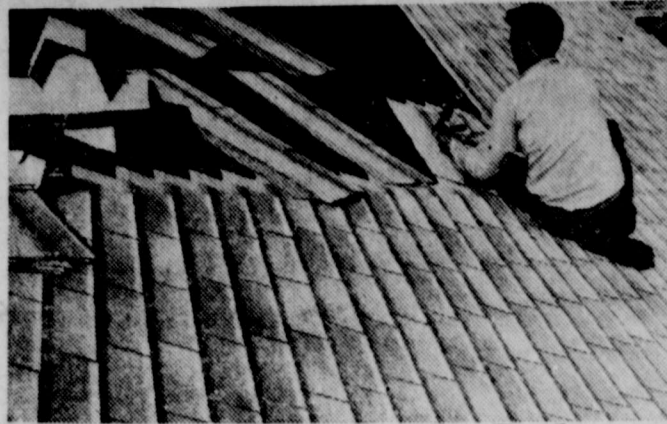

Eight persons served time in jail for their violations.

"We do everything we can to publicize license requirements for the fisherman," the director said. "Despite the warnings, however, people still take a chance on getting caught and many of them do. If you plan to fish outside your home county, or with a rod and reel anywhere and are over 16 and under 65 you'll need a license."

WHITE BASS AND CRAPPIE LEAD SURVEY

Nine lakes and reservoirs surveyed recently by Game and Fish Commission biologists showed on the average heavier populations of white bass and crappie than any other game fish present in those waters. These lakes are Bridgeport, Amon Carter, Garza-Little Elm, Grapevine and Lavon Reservoir, Texoma, Crook, Lone Star,

Pitched Roof Saves Money On Construction of Home

Roofers apply asphalt shingles in a light color to home with a roof pitch of 2 inches per foot of width. Builder of this home in a California development says the construction costs saved with this low-pitched roof enabled him to offer a high quality home for as much as 20 cents less per square foot than the same house would cost with a flat roof.

If you plan to build a home, you can save considerably on overall construction costs by careful selection of the roof style, says the University of Illinois Small Homes Council.

The Council's research shows that the most economical roof has a 2-in-12 pitch—that is, a slope of two inches for every foot of width—on a house either 28 or 40 feet wide.

In its annual Short Course for Builders, the university research group explained that only a few years ago houses 24 feet wide with higher pitched roofs were the most economical to build. The main reasons this has changed are:

1. Trusses with joints nailed and glued together are available today. These are less costly than the older method of joining members with bolts.
2. Today asphalt shingles can be applied to roofs with slopes as low as two inches per foot. This insures a top quality roof that is economical and will give years of trouble-free service. A further advantage of asphalt

shingles on a small, low house is that a light color can be chosen for the roof. This makes the house appear taller and larger.

3. Labor costs have gone up faster than material costs. Although a 28-foot house needs more material than a 24-foot house, it needs little more labor.

The Council points out that the most expensive house to build is one with a flat roof. Research shows that at average, nation-wide costs of labor and materials it would cost \$254 per 100 square feet of floor area to build a house 24 feet wide with a flat roof. The same house with a 2-in-12 roof would cost \$234 per 100 square feet.

Similarly, a house 28 feet wide with a roof pitched at 2-in-12 could be built for \$226 per 100 square feet, while the same house with a flat roof would cost \$242 per 100 square feet.

A house 40 feet wide with a flat roof would cost \$237 per 100 square feet, while the same house with a roof pitched at 2-in-12 could be built for \$211 per 100 square feet.

GIRLS RECOVERING FROM AUTO ACCIDENT

It is reported that Sue Lanham and Sheila Jarnagin are making daily recovery from their injuries sustained in an automobile accident recently. The girls are in the same room at Northwest Texas Hospital in Amarillo.

Local farmers report that there are some blue quail here. Some have encountered them along farm roads and report large coveys.

Texoma produced 178 whites and only 33 crappie.

Lone Star nettings produced only 10 crappie and four whites. However the nets caught 23 blacks the largest number taken from any of the impoundments surveyed. Bridgeport and Garza-Little Elm broke fairly even with the first having 105 crappie and 76 white bass and the latter having 30 crappie and 35 whites. No blacks were netted on Lake Crook or Amon Carter.

MRS. BROOKS IS HOME FROM HOSPITAL

Mrs. Bud Brooks was brought from the Methodist Hospital in Lubbock to the home of her daughter, Mrs. Glen Lindsey on Monday afternoon. She is thought to be recuperating satisfactorily from a broken hip sustained some weeks ago in a fall at her home here. Mrs. Jim Clemmer and Dan Smith are helping care for her in the day time while Mrs. Lindsey is at work.

ATTEND FAMILY REUNION

Mrs. Scott Smithe, Mrs. Rose McJimsey and Sue and Mrs. L. Self and children attended Brewster family reunion (the mother, Mrs. U. D. Brown (natives) in Dallas on Sunday. McJimsey and Sue went to Galveston to spend a few days with and Mrs. Sam G. Lusk and Mrs. The ladies are sisters.

NOTICE

The Nichols Medical Group announces the following changes in the Lockney Clinic Starting July 1. Dr. K. O. Crum will rejoin the hospital and clinic. The hospital will be open on a 24-hour basis. The clinic will be open each week day from 9 a. m. to 5 p. m. The staff consists of E. O. Nichols, Sr., M. D., E. O. Nichols, Jr., M.D., Joseph A. O'Grady, M. D., Herbert S. Woods, Jr., M.D., K. O. Crum, M. D. and Mrs. Dorothy Merrell, in charge of clinic. Phone Number Oldfield 4-2553, Lockney, Texas.

The Story of A Silverton Pioneer

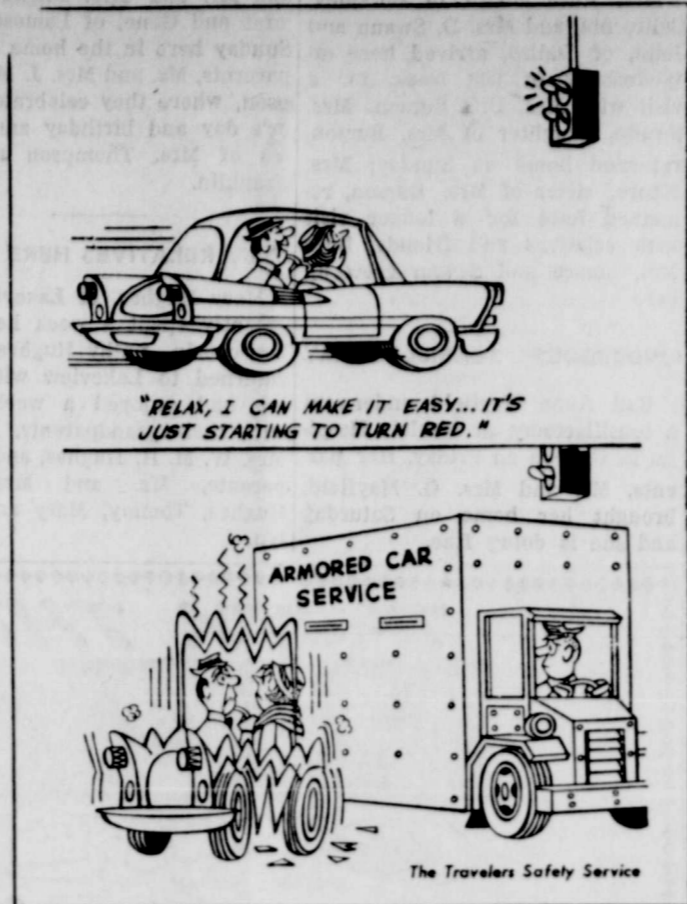

EDITOR'S NOTE: The following information was sent us by Jeanne Graham of the State Line Tribune at Farwell, Texas. She will be remembered as the daughter of Mr. and Mrs. Milton Dudley, and is known by most everyone in Silverton. She writes:

"Thanks for sending the News to us—you should be getting the Tribune by now. We always read our exchanges avidly—but the Silverton paper is special to me since I cut my journalistic teeth there.

"The enclosed story was mailed to us by C. O. Thompson in California, since one of the descendants lives in Farwell. Since Grandpa Farnham is referred to as the first treasurer of Briscoe County, I thought you might like the information . . ."

Did you ever think you would like to have lived in the frontier days when this old Southwest was all open country, a brand new territory waiting to be settled? Grandpa and Grandma Farnham knew those days well, because when they were young, this was still the land of the Indian and

The Luckless Legion by Irwin Caplan

Failure to grant right-of-way caused 610,000 casualties in 1958.

Individual weights were taken as the calves were placed on wheat pasture after nine days in the corral. The calves were weighed again individually after twelve days on wheat pasture. The average weight on the non-tranquilized calves on November 12 (weaning) was 504 pounds, the average weight on November 21 was 484 pounds, giving a nine day shrink of 3.97 percent. The average weight on December 3 was 503 pounds and at the end of 21 days the shrink was 0.29 percent.

The average weight of the tranquilized group on November 12 was 512 pounds and on November 21, 480 pounds, giving a nine day shrink of 6.25 percent. Their average weight on December 3 was 507 pounds and at the end of 21 days they had a shrink of 0.98 percent.

The progress report which gives more details on the test can be obtained by writing the Agriculture Information Office, College Station. Ask for PR-2090.

MRS. SIMPSON VISITS

IN TURKEY

Mrs. Jeff Simpson spent the week end in Turkey with her sister, Mrs. B. H. Turner. She went to Turkey with Mrs. Susie Wallace and grandchildren, of Tucumcari, New Mexico, who visited her sister and family, Mr. and Mrs. Algie Turner.

ENJOY VISIT IN

VAUGHAN HOME

Mrs. John Vaughan, Silverton, Mr. and Mrs. Dale Smalts and David, of Plainview, were weekend guests of Mrs. J. E. Vaughan, Mr. and Mrs. Homer Ragland, Jr., of Lockney and Mr. and Mrs. Bud Vaughan, Ronny and Dannie came in the afternoon and evening. They made ice cream and had a fine time together.

THE FUNDAMENTAL ISSUE

The question facing every man is whether to obey God's word or not to obey God's word. This has been the issue from the beginning. In Eden Satan posed the question, "Yea, hath God said . . . ?" Eve sinned in rejecting God's word.

Lot's wife rejected God's command and looked back toward Sodom. The Israelites rejected God's word and built the calf-idol. Nadab and Abihu rejected God's word and offered strange fire. Uzzah rejected God's word and touched the ark of the covenant. Jonah rejected God's command and fled from God's presence. King Saul rejected God's command and spared King Agag.

In the New Testament the Pharisees rejected God's word and substituted traditions and commandments of men. Jesus said, "But in vain do they worship me, teaching for doctrines the commandments of men." (Matthew 15:9).

It makes no difference what one may substitute for God's word, the sin is in rejecting God's word. It matters not whether the substitute has the endorsement of men or has a show of piety and is of long standing practice. It is not a choice between the teachings of men but God's word and the one thousand and one substitutes of men. It is sinful to accept anything but the word of God.

H. E. WILSON GRAIN CO.

buffalo, a land to be tamed and conquered by men on horseback, and settled by pioneer families coming west in covered wagons.

Grandpa grew up, and came west as a young man to the panhandle country of Texas. Here, with Wichita Falls as a base camp, he used to hunt buffalo over in Oklahoma territory. In those days, when they killed a buffalo, they would butcher right on the spot and smoke the meat in a teepee.

In his travels there near the Oklahoma line, Grandpa met Mary Eugenia Boon, a girl who was born in that Red River Country at Texarkana, Arkansas. The young buffalo hunter and Mary Eugenia were attracted to each other immediately. They were married in Vernon, Texas, in 1882. They homesteaded 160 acres at Antelope Springs near the Peas River. There their first four children were born.

In later summer or early fall of 1890, Grandpa and Grandma Farnham gathered up the little ones, packed their belongings and moved to a two-room adobe house in Silverton. This was before Briscoe County was ever organized, and later, when the people gathered to organize, it was at the Farnham house they met.

Grandpa Farnham was elected the first treasurer of Briscoe County, and also served as treasurer of Wilbarger County in Texas. The family lived in Silverton for twelve years, and during their first year here, Tom Watkins was born. In 1893 the grasshoppers ate every crop except the pumpkins, and the family lived on pumpkins the whole winter—also fed the stock with pumpkins. The following fall, Jack McKarty Farnham was born and the next two girls, Irene Imogene and Gertrude Claudia were also born in Silverton.

In June of 1902, the Farnhams pulled up stakes and moved to Bethel, New Mexico, near Portales. They drove through with 30 head of horses and 300 head of cattle. Horace James Farnham passed away in Porterville, California, on February 13, 1935, at the age of 83. Grandma Farnham's passing occurred 12 years and one month later, on March 13, 1947. When she passed away she had 35 grandchildren and 43 great-grandchildren. Today, all of her children are still alive.

Poultry Judging For Juniors Announced

College Station, July 1—The American Poultry Association Junior Poultry Judging Contest will be held July 19 at the Fort Worth stock show grounds, says E. D. Parnell, professor of poultry science at A&M.

This contest will begin at 1:00 p.m., and will have 4-H, FFA and Junior A.P.A. teams participating from several states. This is an invitational contest, says Parnell, and will not be considered as a national contest. This meet offers a real opportunity to gain additional worthwhile knowledge in the judging of poultry and eggs.

No formal certification or pre-arrangement is necessary; just be at the show grounds at the designated time, the professor says. If you have any questions which are not covered in the rules and

Tranquilized Calves Lost Weight At Weaning

College Station, July 1—Tranquilized beef calves in a weaning test at Texas Tech College's Pan Tech Farms lost slightly more weight than non-tranquilized calves, although they were quieter and walked the fence less. The tests were made on 42 Hereford steer calves which were weaned November 12, 1958.

All calves were weighed individually after being taken from their mothers. Twenty-one received intramuscular injections of 50 milligrams of perhenazine each and the remaining 21 were left as controls with no injections.

The calves were kept in a corral and were fed 10 pounds of sorghum fodder, 2 pounds of oats and one-half pound of cottonseed cake per head per day. There was no difference in the amount of feed consumed by the two groups. They were handled identically except that the tranquilized calves were in one pen and the controls which have been sent your local county agent, contact Parnell. His address is: Department of Poultry Science, Texas A & M College, College Station, Texas.

THIN PLASTICS ARE MENACE TO SMALL CHILDREN

AUSTIN, June 18—“Thin plastic coverings—such as laundry bags, vegetable bags and dry goods wrappings—were responsible for more than 20 deaths during the first quarter of this year.”

J. O. Musick, general manager of the Texas Safety Association made the above statement today in his Austin office, as he discussed one of the newest hazards to appear in the American home.

Musick said that no accurate data would as yet give a true picture, but that a poll of 48 state health departments were recently made by the National Safety Council and revealed that as many as 100 children may die during 1959 in mishaps involving plastic coverings.

“News reports alone, in recent months, have given sufficient evidence that thin plastics are a menace when left within easy reach of small children,” Musick said.

He explained that the danger lies in the fact that thin plastic will cling to the skin, sometimes causing infants to suffocate.

“Static electricity, similar to that on a comb after having run through hair, is generated on the thin plastic in handling. Any youngster getting the bag close to his face is likely to have it literally grab him through an electrical attraction.

“Also, in at least two cases, children have died from chewing off bits of plastic which lodged in the windpipe.

“Another hazard, especially among older and stronger children is created if the child puts the bag over his head. Before long he is breathing deadly carbon dioxide. The dizziness, inability to react promptly and muscle spasms, occur with more rapid breathing. Before the victim realizes it, he is too weakened to tear the plastic from his face.”

The safety expert said the remedy for such accidents is merely

Mr. and Mrs. Bill Waldrip, of California, visited Mr. and Mrs. D. G. Shelton Sunday afternoon.

DEAVENPORT FAMILY HAS REUNION

Mr. and Mrs. Lee Deavenport met Mr. and Mrs. Joe Earl Deavenport Diane, David Lee and Dara, of San Diego, California, at the airport in Amarillo Monday evening; on Tuesday Mr. and Mrs. Lowell Jarrett and Larry, of Lone Star; Mr. and Mrs. Arlie Barnett, Ronnie, Dana and Linda, of Amarillo; and Mrs. Charles Kelley, Karlease and Kim, of Muscogee, Oklahoma, came for a visit with the Deavenports. Mr. and Mrs. Lee Deavenport were happy to have all their children and grandchildren together except Roy Lynn who is attending school in Abeline.

Mr. and Mrs. Robert London spent Father's Day with her parents, Mr. and Mrs. R. N. Sheid, at Sagerton.

BIRTHDAY AND FATHER'S DAY CELEBRATED

Mr. and Mrs. Don Brown, Steve and Trent, were Father's Day dinner guests of Don's parents, Mr. and Mrs. P. L. Brown. A birthday cake was also enjoyed in celebration of Steve and Trent's birthday anniversaries.

ATTEND FUNERAL IN HEREFORD

Mr. and Mrs. Ernest Strange, Mr. and Mrs. Edwin Crass and Mr. and Mrs. W. H. Fitzgerald attended the funeral of Mrs. Strange Mr. and Mrs. George Seaney and Mrs. Bud McMinn visited the Strange relatives in Hereford on Thursday evening.

one of common sense and that once parents are told that these particular plastics are dangerous, most of them will simply keep the plastics away from small children, just as they would a poisonous insecticide or medicine.

VISIT RELATIVES HERE

Mrs. Ruth Moore, of Berkeley, California, and Mrs. D. Swann and John, of Dallas, arrived here on Wednesday of last week for a visit with Mrs. Una Burson. Mrs. Swann, daughter of Mrs. Burson, returned home on Sunday; Mrs. Moore, sister of Mrs. Burson, remained here for a longer visit with relatives and friends. Both Mrs. Moore and Swann grew up here.

UNDERGOES TONSILLECTOMY

Gail Anne Mayfield underwent a tonsillectomy at Neblett Hospital in Canyon on Friday. Her parents, Mr. and Mrs. G. Mayfield, brought her home on Saturday and she is doing fine.

Mr. and Mrs. Dick Franklin, Jerry Dee and Beth, of Odonnell, and Mr. and Mrs. Durward Schmidt and Gene, of Lamesa, spent Sunday here in the home of their parents, Mr. and Mrs. J. M. Thompson, where they celebrated Father's day and birthday anniversaries of Mrs. Thompson and Mr. Franklin.

VISIT RELATIVES HERE

Mary Hughes, of Lakeview, has recently spent a week here with her cousin, Kathy Hughes. Kathy returned to Lakeview with Carolyn and enjoyed a week's visit with their grandparents, Mr. and Mrs. W. M. H. Hughes, and Mary's parents, Mr. and Mrs. T. U. Hughes, Tommy, Mary and Carolyn.

HOME DAMAGED BY TWISTER

The home of Mr. and Mrs. L. G. Pierce, parents of Mrs. Jim Mercer, was one of the four homes which were damaged by high winds or small twisters at the North Phillips Plant near Pampa Sunday evening. Mr. and Mrs. Mercer and Kent went to Pampa for a short visit with Mr. and Mrs. Pierce and Mrs. Ralph Stout on Monday and report that the damage was not extensive; just the living room roof and a damaged rug.

Robert Hughes has spent the past two weeks in Lakeview with his grandparents, Mr. and Mrs. W. M. H. Hughes, and other relatives.

Mrs. H. C. Webb and Mrs. Don Williams and Patsy, of Austin, came Monday for a visit with their aunt, Mrs. Florence Fogerson, and Mr. and Mrs. Ware Fogerson, Diane and Stanley.

Mr. and Mrs. J. M. were in Plainview afternoon.

Mrs. P. H. McKenney and Paula Reid were Monday afternoon.

Mr. and Mrs. V. E. Kidwell spent Father's day in Shamrock with her father, E. M. Erskine, and other relatives. Shirley Griffin, of Dumas, returned home with her aunt, Mrs. Kidwell, for an indefinite visit.

DROVE TO CLARENDON SUNDAY
Mr. and Mrs. H. and Mr. and Mrs. W. drove to Clarendon Sunday noon. They saw much scenery and many fine the weather was most in comfort.

Mrs. and Mrs. Glen Green, of Amarillo, came by for her parents, Mr. and Mrs. H. A. Morris, Sunday morning and took them to Lockney where all spent the day with Mr. and Mrs. Walter Green, parents of Glen Green.

Mr. and Mrs. W. H. sons of Farwell, visited Mr. and Mrs. Miller Saturday afternoon.

WE WILL BE CLOSED JULY 4

Mr. Tax-payer:

Which of these pipes will your city use?

Texas-made Lone Star cast iron pressure pipe will last over a hundred years!

The use of cheap substitutes, such as foreign made cement-asbestos pipe, is wasteful and means probable replacement in a very few years. (This pipe was taken from a Texas city's water system. Photo is unretouched.)

Officials of most Texas municipalities know that when they buy and install cast iron pipe they are helping to support the American economy and the high standard of living we all enjoy. They are buying products made in America for use by Americans. They are not fooled by the slightly lower initial cost of foreign goods because they realize that this "paper savings" will be more than offset by the cost of excessive maintenance.

Domestic cast iron pressure pipe is time-honored, centuries-proved, and is backed by strong, resourceful American companies that will be in business for years on end to guarantee their product.

Really, who backs foreign-made pipe? Who answers for it when it fails? To whom will the few all-advised pipe-buyers look for the answers to these questions when trouble develops? Were they penny wise and pound foolish?

Take a look at some of these important factors back of the initial price tag, then pick up the telephone and call the first city official you think of and tell him you appreciate his good judgment in buying American-made cast iron pipe with your tax dollars. If he has been buying Lone Star pipe, tell him that we, too, appreciate the business!

Foreign products used in America deprive Americans of work

friends; she formerly lived here.

Mr. and Mrs. George Miller, Karen and Pat, of Lubbock, were week end guests of Mr. and Mrs. Gene Morris and Joel.

FORMER RESIDENT VISITS HERE LAST WEEK

Mrs. Susie Wallace and grandchildren and Mrs. Hilda Stalcup, granddaughter, of Tucumcari, New Mexico, returned home on Sunday. Mrs. Stalcup had been a guest of her daughter and family, Mr. and Mrs. Wade Welch and Mary; Mrs. Wallace has been here seeing after farming interests and visited friends and relatives at Turkey and Silvertown; she is a former Silvertown resident.

Mr. and Mrs. John C. Wimberly and sons, of Abilene, spent the week end here with his mother, Mrs. Grady Wimberly.

Mrs. Dock Salvage, of Albuquerque, New Mexico, has been here visiting her mother, Mrs. Katie Hill, and other relatives. She went on to Erick, Oklahoma, for a few days visit with other relatives and returned via Silvertown enroute home.

GUESTS IN TURNER HOME

Mr. and Mrs. Harvey Austin, of Albuquerque, New Mexico, visited her sister and family, Mr. and Mrs. S. R. Turner, several days recently. Mrs. Nancy Turner and son and family, Mr. and Mrs. Olen Turner and daughters, of Colorado, spent Wednesday of last week with Mr. and Mrs. S. R. Turner; Mrs. Nancy Turner is a sister-in-law to the S. R. Turners. Mrs. O'Neal Watson, of Amarillo, spent several days last week with her parents, the S. R. Turners.

JASPER RELATIVES ATTENDED FUNERAL

Seven brothers and sisters of the late C. M. Jasper, 70, attended his recent funeral here; all are older than Mr. Jasper and it seems remarkable that all were able to be here together.

They are Mr. and Mrs. Will Jasper, of Portales, New Mexico; Mr. and Mrs. John Jasper, of Claude; Mr. and Mrs. Nat Jasper, of San Diego, California; Mrs. Bettie Hodges and Mrs. Fannie Thompson, of Flomot; Mrs. Kit Washington, of Flomot; and Mr. and Mrs. C. R. Spear, of Tulia. Mrs. Hodges, 86, is the oldest of the group.

Mrs. Wayne McCutchen, Richard and Joy Ann and Jane Brooks were in Amarillo on Monday. They visited Waynelle who works in Amarillo.

SEES EYE SPECIALIST

Mr. and Mrs. Eugene Long were in Amarillo on Monday to see an eye doctor. Mrs. Cora Donnell accompanied them as far as Canyon and visited her son and family Mr. and Mrs. Deene Donnell and sons.

Mr. and Mrs. L. G. Trout, who are spending the summer at their farm at Brinkman, Oklahoma, spent Tuesday at their home here. She is a teacher in the local school.

ENTERS PLAINVIEW HOSPITAL

Mrs. C. L. Cowart entered the Plainview hospital on Sunday for examination and treatment. Mr. and Mrs. Charles Cowart took her over and Vernelle remained there through Monday. They were advised that she should rest quietly for a few days but could return home on Thursday.

Mr. and Mrs. Steve Edens and children, of Clarendon, visited Mr. and Mrs. H. A. Morris Sunday afternoon.

SPEND WEEK END AT LAKE ALTUS

Mr. and Mrs. Roy Montague spent a long week end at Lake Altus.

Mr. and Mrs. Al Stevenson and Shirley and Mrs. Helen Emro, of Cheyenne, Wyoming, arrived here on Sunday for a visit with his mother, Mrs. Minnie Stevenson, and other relatives.

Mr. and Mrs. Bud McMinn and

granddaughter, Debbie McMinn, visited Mrs. Travis McMinn and Rev. and Mrs. Bryan in the home of Mr. and Mrs. W. P. Smith in Plainview Sunday afternoon.

HAS CHECK-UP IN AMARILLO

Mrs. Minnie Stevenson, Mrs. Dean Allard and Mrs. James Stevenson, Silvertown, and Mr. and Mrs. Al Stevenson, Shirley and Mrs. Emro, of Cheyenne, Wyoming, were in Amarillo for a check up with Mrs. Minnie Stevenson's doctor. They were met there by Lee Stevenson and son, Ernie, and Jack Leatherwood, of Ft. Sumner, New Mexico, who came home with them for a visit here. Mrs. Stevenson got a good report from her doctor and the entire group had an enjoyable day in the home of Mrs. Iris Graham.

UNDERGOES MINOR SURGERY

Rev. and Mrs. Travis McMinn and Debbie, of Wichita Falls, spent last Thursday night here with his parents, Mr. and Mrs. Bud McMinn. Debbie remained here for a week's visit. Rev. and Mrs. McMinn met her parents, Rev. and Mrs. W. L. Bryan, of Almogordo, New Mexico, in Plainview Friday morning where Mrs. Bryan underwent minor surgery during the morning. Rev. McMinn returned home in the afternoon but Mrs. McMinn remained in Plainview to help care for her mother, Mrs. Bryan, who is recuperating satisfactorily in the home of her parents, Mr. and Mrs. W. P. Smith. Rev. and Mrs. McMinn, Rev. and Mrs. Bryan and Mr. and Mrs. Smith are all former Silvertown residents.

RECUPERATING FROM HEART ATTACK

Bernice Welch, of Wellington,

has been quite ill and in the hospital several days after suffering a heart attack. His sister, Mrs. Onar Cornett, spent a few days last week in Wellington with Bernice, Mrs. Welch and Charles who formerly lived here. Brenda Cornett recently spent several days in Wellington and operated her uncle's news stand while he was in the hospital. A phone call early this week verified that he was still recuperating satisfactorily.

FORMER RESIDENT

VISITS HERE

Darrell O'Connor, who attended high school here and graduated in 1954, was in town greeting friends Monday afternoon. Darrell has recently finished his hitch in the Navy. He was enroute from the home of Mr. and Mrs. Martin O'Connor, his parents, in Odessa, to Oklahoma City for a visit with his grandmother.

MOVES TO VIRGINIA

Mr. and Mrs. R. E. Beeler, of Pennington Gap, Virginia, were here from Tuesday until Thursday of last week transacting business and visiting relatives and friends. Her mother, Mrs. Kate Horn, returned home with them and plans to make her home in Pennington Gap. She has lived here many years.

VISIT RELATIVES HERE

Mrs. Mart Lea and Mrs. Joe Schnaible, of Roswell, New Mexico, have recently spent several days here with relatives, Mrs. J. B. Lanham, their mother, and others.

Becky Mallow left Tuesday for a visit with her sister and family, Mr. and Mrs. George Wayne Rampley and children in Denver, Colorado.

Cap Rock Soil News

by Virgil Henson

The local Soil Conservation has moved its office space in Silvertown. Formerly located in the balcony of the Whiteside Building, along with the offices of the A.S.C. and the County Agent, the S.C.S. office is now on the Northwest corner of the square, next to Belinger's Department Store. The new office space is more adequate and convenient and local farmers and ranchers are welcome to come in and inspect the new quarters. Local irrigation farmers are reminded that now is the best time to carry out your field levelling plans on harvested wheat acreages. For information and assistance this practice, visit the S.C.S. office.

SPEND WEEK

WITH COUSINS

Susan and Greg Marcus, of Lubbock, spent last week here with their cousins, Cliff, Jimmy and Cynthia Walker and Doug and Susie Arnold. The children's parents, Mr. and Mrs. Joe Marcus, visited Mr. and Mrs. Roy Mack Walker from Thursday until Saturday; the ladies are sisters.

Mrs. E. D. Wilmeth is spending the summer in Cordell, Oklahoma, with her father, R. N. Watson, 95. Mr. Wilmeth will also spend much of his time in Cordell while she is there.

ATTENDED FUNERAL

OF RELATIVE

Mr. and Mrs. Theodore Dudley and children and A. B. Sanderson, of Texas City, and Mr. and Mrs. Claude Dudley, of Childress, spent several days here early this week visiting friends and relatives.

IN TOWN FOR THE LIGHTSEY FUNERAL

Out-of-town friends and relatives here for the funeral of Clyde Lightsey on Saturday were Mr. and Mrs. Willie Winn, of Brownsville; Messrs. Homer Lightsey and Joe Lightsey, of Houston; Miles Lightsey, of Waxahatchie; Mrs. Gip Joiner and Mr. and Mrs. Don Walker, of Fort Worth; Mr. and Mrs. Bill Watts and family, of Dallas; Horace Lightsey, of Maywood, California; Mrs. Grace Irion, Weldon Irion, Henry Long and L. E. Paige, of Amarillo; and Mrs. Olja Long and Mr. and Mrs. Garvin Long, of Maples.

SUNDAY DINNER GUESTS

Mr. and Mrs. Roy Grimland, of Amarillo, were Sunday dinner guests of Mrs. W. K. Grimland. The group and Mr. and Mrs. Jesse Grimland and children visited Mrs. Florene Durham and family in the afternoon. Mrs. W. K. Grimland is the mother of Mrs. Durham and the Messrs. Grimland.

Gary Rose, of Lubbock, and David Hall, of Albuquerque, New Mexico, visited their aunt, Mrs. Obra Watson, Mr. Watson and Joe Bob from Thursday until Tuesday of this week.

BREAKS LEG IN INDIANA

Mrs. Joel Nance, of Lone Star, had the misfortune of breaking her leg last week while visiting in Lakeville, Indiana, but was reported to be recuperating satisfactorily early this week. Mrs. Nance and her husband, Mr. Nance, had been there visiting Mr. and Mrs. Howard Heines and children for several days; they are parents of Mrs. Heines and of Hugh Nance. Mrs. Joel Nance is a sister to Messrs. P. D. Jasper and L. B. Garwin, Sr.

Revealed for the First Time:

How Asphalt Armor Saved British Navy

The fascinating story of how asphalt was used to help bullet-proof the British Navy and win the Battle of Britain has been revealed for the first time in a new book just published in London.

The book, "Admiralty Brief," tells the almost incredible tale of how the author, Edward Terrell, a naval officer, discovered that a mixture you can "stick a pin into" was tough enough to shrug off high-velocity armor-piercing bullets, bomb fragments, and cannon fire.

The amazing discovery was a mixture of asphalt, limestone, and bits of granite, a compound

almost identical to the material used in modern asphalt roof shingles, which are surfaced with innumerable rock granules embedded in the asphalt.

Fleet Survived Attacks

Applied in a four-inch thick coating to vulnerable parts of merchant vessels and warships, the asphalt and granite armor protected them so well that it has actually been credited with saving the British merchant fleet in the early days of the war.

British merchant ships and war vessels protected with the "plastic armor," as it was called, survived repeated fierce attacks from German planes.

The Nazis' armor-piercing cannon fire, designed to slice through steel and concrete like cheese, thudded harmlessly into the asphalt and granite coating. Casualties and damage from ricocheting shells became almost non-existent. Shells either were trapped in the asphalt or bounced off gently.

Concrete Failed

Terrell's armor, kept top-secret throughout the war, was needed desperately by the British. American ships were armed with thick, heat-treated steel, but there was barely enough steel in England to produce offensive weapons, and a

substitute armor, thick concrete, proved to be ineffective against advanced German weapons.

The amazing asphalt armor worked so well that it became the standard armor for British ships throughout the balance of the war. In 1948, a grateful British Empire awarded Terrell 10,000 pounds for his invention, the highest award made to any naval officer of the war.

Another advantage of the new armor was its ability to protect ships from the weather. The natural waterproofing qualities of asphalt kept harsh seas and rain away from vital metal parts of the ship.

The Luckless Legion by Irwin Caplan

Driver error was responsible for 85% of the motor vehicle accident casualties in 1958.

Bankers Like To Lend Money For Remodeling

Families who want to remodel or otherwise improve their homes but are concerned about where to get the money would be wise to investigate all the methods of financing available for home improvements.

An encouraging note is that loans for this purpose are considered "preferred" by most banks and other lending institutions.

Here are the principal types of loans available for remodeling and home improvements:

- 1. FHA Title I loan. Amount up to \$5,000 are available at 5% interest, repaid in 2 1/2 years. Government-insured, these loans usually are easiest to get.
2. Open-end mortgage. Often the least costly of all, these are available to home owners who have an "open end" clause in their mortgages. This permits borrowing additional funds at the same mortgage rate without rewriting the mortgage or taking out a separate loan. Monthly payments are increased slightly.
3. Rewritten mortgage. If the home owner doesn't have an open-end mortgage, his bank often will extend another loan for home improvements. This usually amounts to a second mortgage which is consolidated with the first. Interest rates generally are lower than on short-term loans.
4. Conventional loan. Usually obtained from banks, this type of loan has no restrictions as to the type of improvement. It generally is limited to \$2,500 repayable in from three to five years.
5. "Own plan" loan. Many banks, savings and loan societies, and trust companies have special plans for home improvement loans. Interest rates may be higher than FHA loans, but conditions of the plan may be more suitable for certain home owners.

ed by the Texas speakers are: integration of commercial egg production, methods and demonstrations of measuring egg quality, cannibalism-habits of the bird and methods of prevention and new ideas on hatching egg care and incubation.

Wednesday evening, July 8, there will be a Chick-N-Que for those attending the Conference. Attending the conference provides the opportunity to exchange ideas that should be helpful in keeping abreast of the rapid changes taking place in the poultry industry. Everyone interested in the poultry industry is invited to attend. Wormeli adds. Ask your county agent to show you a copy of the program.

House Colors Affect Morale

The colors a house wears, inside and out, are important psychologically to the family who occupies it as well as to guests, neighbors, and casual passers-by, says Nancy Rubey, a leading San Francisco color consultant.

Mrs. Rubey, who color styles hundreds of homes annually in the booming San Francisco Bay area, points out that it's a psychological fact that color has the power to lift human morale as well as to depress it.

"Thus," she says, "good, tasteful colors inside—colors that aren't too warm and sharp or too cool and dull—actually have an uplifting effect on members of the entire family during their hours at home."

A similar color psychology applies outside, too, Mrs. Rubey adds. "A carefully chosen exterior color scheme with roof, trim, and sidewalks that are harmonious without being garish can actually make the house seem more inviting to arriving guests as well as to members of the family coming home from work or school."

Mrs. Rubey points out that in color styling a house, she often selects the color of the asphalt roof shingles as a "key" from which to choose harmonizing colors for sidewalks, trim, and accents.

Neighbors and passers-by are affected by the color of individual house, Mrs. Rubey says. "This may sound far-fetched," she explains, "but dull colors on the roof and sidewalks actually can make strangers decide subconsciously that the people who live there are dull and drab, too."

TRIPLE DUTY FOR LAWNS

A new lawn preparation now on the market kills crab grass seeds before they can germinate, kills most lawn insects, and fertilizes the soil, all in a single application.

Annual A&M Poultry Conference July 8-9

College Station, July 1—The 1959 Poultry Conference will be held July 8-9 in the Memorial Student Center at Texas A & M University. Pen Wormeli, extension Student Center at Texas A & M poultry husbandman.

This conference is designed to be of special interest to hatcherymen, breeders, hatchery and feed servicemen, related poultry industry personnel, and commercial producers of eggs and broilers. The emphasis of the program will be on the breeding, health, feeding and management factors that give maximum returns from egg and meat production, he says.

The speakers will include Texas poultry industry leaders, Texas A & M College System personnel and three out-of-state speakers. Dr. Daniel DeCamp, USDA, Washington, D. C., will discuss the problem of condemnations on the processing line. Dr. George F. Godfrey, a poultry geneticist and at the University of Arkansas, will discuss broiler improvements that are being measured by the random sample performance tests, and results of studies on the cause and cure of breast blisters of broilers.

Some of the topics to be discussed:
