All Around the Town

by Mary Ann Sarchet

You may have noticed already the announcement by the F.B.L.A. (on the school page) that they are offering public typing as a means of raising money to cover expenses incurred in getting out the school news. May I suggest that if you have a typing job to be done, that you investigate the plan they offer. They do a very neat job of typing copy, and we are sure they will do the same for you.

In addition, you must hand these kids to be offering to do their own money, rather than doing you for it like so many shops do.

Every now and then we come in contact with a problem that is very important to me. It has always been a source of disgust to me that many high school boys consider themselves in the "sissy class" if they choose to enroll for certain subjects at school that may be considered primarily for girls. I hate to see them become embittered if they can not keep up with the girls for the obvious reasons.

In these times, it seems there is a line drawn between those students for the boys and those for the girls—unless it is between farming and future home-making and you know, of course, that in many schools across the country, even these classes are co-educational.

The reason for this new concept is brought about by the entering of the business world by masses of women who today do men's jobs, women's jobs almost any job that is available. In the case I have in mind, there is a big husky football player who is enrolled in typing for the first time. His complaint is that after having a whole team follow him all over him, his hands included, in football practice, he just can't seem to make his hands behave at the typewriter board the next day. He has become accustomed to making good grades in other subjects and doesn't want to blot his record.

From my very limited years of experience, I'd like to relate a couple of cases I know of personally to show my feelings on the subject. My idea is that he should be plugging away, and though he may sacrifice a little of his plastic average, I think in the long run he will be able to look back and say, "I'm glad I did." (Know his teacher, and most teachers general, I think that anyone who applies himself and shows a genuine interest, will be given full credit of the doubt in the case of grades.)

The boy who was in my class last year was the quarterback of the football team, a good player, usually managed to get his name in the paper each week. He failed for typing, and managed to pass the course, but really didn't think too much about it except maybe it was a little easier to get that credit toward graduation than taking chemistry or geometry or another of the difficult courses. I discovered him just about six months after graduation in Amarillo enrolled in business school—for typing only. He was able to get a high grade for the privilege of typing what he could have had comparatively for FREE in high school. He had been able to get a job and needed the typing skill to be able to hold it. The last I heard of him, he had come home to the service and was enrolled in high school making up for lost time.

Another friend of ours is a boy who is naturally brilliant and talented in several fields.

LOCAL FEDERATED CLUB WOMEN HEAR MISS EVELYN OPPENHEIMER

The March of Time Study Club met on October 15, in the Methodist Church, with Miss Evelyn Oppenheimer of Dallas, as guest speaker.

Miss Oppenheimer, who appeared through the courtesy of the First State Bank of Silvertown, holds a degree in philosophy and a Phi Beta Key from the University of Chicago. She is a well-known radio commentator over WFAA in Dallas, and is a pioneer in establishing the profession of book reviewing as the most popular entertainment feature in adult education for women's organizations throughout the southwest. She is known over the state for her delightful and searching book reviews and numbers among her acquaintances many of the country authors whom she has helped to fame by her endorsement.

In 1954, Miss Oppenheimer received, for the second time, the Texas Press Women's Award for the best radio script writing for the year. For the past few years, she has been directing her talents in a new frontier, the popular education in finance for women. This program is designed to help them in their own and family money management, and she has

been in charge of the long-range program instituted by the Lubbock National Bank, of turning entertainment into education for the mutual benefit of their women depositors. She has been presented in this program by numerous banks in Texas and Louisiana and our own First State Bank now joins in this program for the benefit of Silvertown clubwomen.

For the local group, Miss Oppenheimer reviewed "Love is a Wild Assault" by Elithe Hamilton Kirkland, to the true story of a woman who was among the first settlers in Texas at the time of the war for independence; the story of her life and loves, as seen through her own eyes in her eighty-third year, written as a guide for her favorite granddaughter. This was the real Harriet Moore Paige Potter Ames, whose second husband was Robert Potter, for whom the panhandle county is named.

Mrs. Alvie Mayfield, president of the March of Time Study Club, was mistress of ceremonies for the occasion. Mrs. Marvin Montague gave the invocation, and the speaker was introduced by Miss Ruth Ford.

After the book review, refreshments were served by Mrs. Fred Mercer and Mrs. D. T. Northcutt from the table which was laid with a cutwork cloth, and which featured a fall centerpiece of pine cones and other dried materials. Silver candle holders with single white tapers complimented the centerpiece. Coffee was poured from silver appointments at both ends of the table. Hostess cookies and nuts were also enjoyed by the club members and guests.

Approximately fifty ladies took advantage of the opportunity to hear Miss Oppenheimer, some of whom were Mrs. A. L. Redin and her Senior English girls, visiting members of the Century of Progress Study Club, ten ladies from the LaVentana Study Club of the Lone Star Community, and the hosting March of Time Study Club.

The committee for arrangements consisted of Mrs. W. E. Schott, Jr., Mrs. Ben Whitfill and Mrs. T. T. Crass.

Floydada Livestock Sales Company To Open Next Week

Next Thursday, October 29, the Floydada Livestock Sales Company will have its opening auction sale at the big new sales arena on the Silvertown highway in Floydada. Cattlemen are invited to inspect the modern new auction ring and take advantage of the services offered there.

Tom Word and Virgil Brasher, owners, have planned adequate facilities so that you may expect to find plenty of pens, feed and water for your stock and in addition the company offers seating capacity for 300.

Floydada Livestock Sales Company will buy hogs six days a week and will hold an auction every Thursday, beginning October 29, at 12:30 p.m. An added convenience for those traveling to Floydada for the sales, is a cafe conveniently located to the sales facilities.

Junior Class To Sponsor Chili Supper

On October 23, the Junior Class will have a chili supper preceding the football game: Silvertown vs. Ralls. Chili, beans, pie and coffee or cokes will be served from 6:00 to 8:00 p.m. Prices will be 50c for seventh grade students or below and 60c for adults.

Tickets will be sold by all members of the Junior class. Come early and eat with the Juniors before going to the game.

ETA CHI TO CLOSE SALES OF CALENDARS

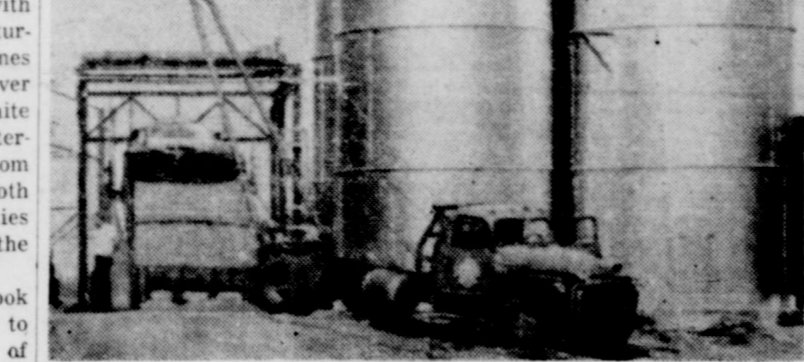

Sales have been under way this week of the Eta Chi birthday calendars. Anyone wishing to place a name on the calendar is asked to contact an FHA girl or an ESA member this week, as October 24 has been set as the deadline.

Edwards Named Cub Scoutmaster

Eddie Edwards has been named the Cub Scoutmaster for Silvertown, with Bobby McDaniel as the Assistant Scoutmaster. The den mothers are: Mrs. Jack Strange with Mrs. Charles Whitfill as her assistant, Den 1; Mrs. Bill Long, with Mrs. Dee McWilliams as her assistant, Den 2.

Fred Mercer is the Institutional Representative. Kenneth Tate is the Pack Committee Chairman, with Bill Long, Glenn Lindsey and Charles Sarchet serving on the committee.

Mr. Edwards urges all boys between the ages of 8-11 that are interested in cub scouting to contact Bill Long or himself. Any

Harvest Queen Grain Company this week is announcing the completion of new and modern facilities to replace those destroyed by fire recently. The new storage bins pictured above have a 30,000 bushel capacity. Another new feature is the Arid-Aire Dryer which has been installed. Elevator manager Glen Lindsey says they are glad to be back in business again, and are now able to offer customers more and better service than ever before.

LITTLE OWLS DEFEATED BY CROSBYTON JR. HIGH TEAM

Using a long-run scoring offense the Crosbyton Jr. High outtraced the Little Owls 28-14 Thursday night at Silvertown.

On the third play the Crosbyton team raced around end for their first touchdown. The Owls held the Chiefs, making the score 6-0 at the end of the first quarter. The second quarter saw the Crosbyton team deep in their own end of the field sweep right end for another T.D. The Owls received the kick and in 2 plays raced for their first touchdown, making the score 12-3.

The second half started with the Owls marching for their second T.D. putting them in front 14-12. The Crosbyton Chiefs came back in the final quarter to score two more T.D.'s making the score 26-14.

Scoring for Silvertown were Max Garrison, (extra points), Stafford and Stephens.

WELDING SHOP MOVES TO NEW LOCATION

Jennings Welding Shop has been moved to the building in back of Jennings Farm Supply. This new location will give Bobbie McDaniel manager of the shop, more room and will help him better meet the needs of their customers.

Announce Arrival Of Baby Girl

Mr. and Mrs. John Earl Simpson are parents of a baby girl, Samantha, weight 6 pounds and 1 ounce, born Wednesday, October 14, at 5:00 p.m. in Swisher County Hospital. Grandparents are Mrs. S. P. Atchley of Tulla, and Mr. and Mrs. Earl Simpson.

An interesting footnote to the naming of the Simpson baby is that unknown to them, they named her the same name as borne by her paternal great grandmother (deceased) who had the same date, October 14, for a birthdate.

Chieftans Scalp Owls

In last Friday night's conference opener, the Silvertown Owls went down in defeat at the hands of the Crosbyton Chiefs by score of 37-8.

Silvertown received the opening kick from the Chiefs, but were unable to gain yardage and were forced to punt to the Crosbyton eleven, who let out a war whoop and headed goalward. The Owls were able to jar the ball loose

Funeral Service Held For Cross McDaniel

Funeral services were held for Cross McDaniel, 70, in the Rock Creek Church of Christ, with Earl I. Cantwell, minister, officiating. Burial was in Silvertown Cemetery under the direction of Roberts Funeral Home of Silvertown.

Mr. McDaniel had been in poor health for sometime, his death was sudden and unexpected. He was 70 years, 10 months and 24 days of age at the time of his passing.

Mr. McDaniel was married to Nettie Pitts in September of 1911. She preceded him in death on March 22, 1943. On December 7, 1947, he was married to Beulah Pearl Fewell Townsend at Tulla, Texas. They moved to the Rock Creek Community 6 years ago from Tulla, and have made their home there since that time. Mr. McDaniel was engaged in stock-farming most all of his working life.

He is survived by his wife of the home, two sons, Ashel, of Silvertown and Billie of Amherst; one daughter, Mrs. Ruby McWaters of Silvertown; one step-son, Rayford Townsend of Harrison, Arkansas; five grandchildren and one great grandchild.

Funeral services were held for Cross McDaniel, 70, in the Rock Creek Church of Christ, with Earl I. Cantwell, minister, officiating. Burial was in Silvertown Cemetery under the direction of Roberts Funeral Home of Silvertown.

BRIDAL SHOWER HONORS MRS. L. E. PAIGE, JR.

Mrs. L. E. Paige, Jr., nee Edna Ellen Wright, of Amarillo, a recent bride, was honored guest at a miscellaneous bridal shower given in the home of Mrs. Clyde Lightsey, on Saturday, October 17, from 3:30 to 5:00 p.m. Mrs. Lightsey greeted the guests and presented them to the bride, who in turn presented them to her mother, Mrs. C. A. Wright, of Wellington, and Mrs. L. E. Paige, Sr., mother of the groom.

Mrs. Jim Whitfill of Lubbock, sister of the groom, registered the guests. Mrs. Hugh Nance and Mrs. Bill Long displayed the gifts. Mrs. A. L. McMurtry, Mrs. George Seaney, Mrs. J. K. Bean and Mrs. Dee McWilliams assisted in the hospitalities of the home.

The bride's chosen colors of orchid and white were used in refreshments and table decorations. The table was laid with a white lace cloth over orchid centered with an arrangement of white and orchid cysanthemums and gladioli. Crystal appointments were used in serving the white cake squares decorated with orchid wedding bells, orchid fruit punch, nuts and mints.

A nice group attended the shower and many invited guests who were unable to attend sent gifts.

Trailers Over 4000 Pounds Must be Licensed

Johnny Lanham, County Tax-Assessor-Collector says that certificates of title are "old hat" to owners of motor vehicles and house trailers. Now trailers over 4000 pounds must be titled too, to conform to a new law.

Serial numbers and ownership proof may cause delay, so to avoid last minute disappointment at re-registration time in February and March, Lanham urges that trailer owners apply now. The rush of those months is a poor time to get new things done.

Mr. and Mrs. J. E. Wheelock visited Friday night and Saturday in the home of their son, Mr. and Mrs. R. D. Wheelock and family, in Canyon. Mr. Wheelock attended the football game between Canyon and Dalhart Friday night.

Mrs. J. H. Burson and Mrs. Richard Quillen traveled to Amarillo on Tuesday of this week for a two-day visit with their daughters and their families. Mrs. Burson visited Mr. and Mrs. Clifford Davis and Mrs. Quillen visited her daughter, Mrs. Gladys Wood.

Tomorrow night we meet the Ralls Jackrabbits here at home. Last week Ralls was defeated by the powerful team from Idalou, but otherwise sports a good season record and is rated about second in our district, while Hale Center and Silvertown are presently battling for the cellar.

However, a shuffling of playing positions by the Owl coaches this week is hoped to bring the necessary results against our four remaining opponents.

Editor's Note: This is the third in a series of articles outlining the numerous boundary conflicts dating back to 1716, pointing up

little known facts which shaped the Texas of today. In claiming the Rio Grande to its source in present day Southern Colorado, the Republic of Texas was faced with establishing possession.

"Since possession is nine points of the law, the Texas weakness was its claim to a chunk of territory not occupied by settlers or patrolled by militia."

In the northwestern reaches of the Texas' claim was old Santa Fe.

"Lamar, President of the Republic of Texas, figured that if these people consent to becoming Texans it would go a long way toward solving the problem of actual occupation," Wilson says.

The Attorney General is an authority on Texas history.

Out of Lamar's idea sprang the disastrous Santa Fe Expedition. The real purpose was to persuade the New Mexicans peacefully to accept and recognize the jurisdiction of the Republic of Texas.

Over 300 men, including traders and soldiers, left Brushy Creek near Austin.

"I have a goat ranch on Brushy Creek and I cherish the old camp site which is on the site of Kinney's Fort about two miles east of present Round Rock," Wilson observes. The site is recorded by a marker erected by the school children of Williamson County.

They thought Santa Fe was only

500 miles away. It turned out to be 1300 miles in the long way the expedition traveled.

Three months on the trail, Indian attacks, starvation, and poor leadership put Texans in New Mexico in no condition to defend themselves from the sudden appearance of the Mexican militia.

As captives they were marched 2,000 miles to Mexico City under the order "If one of them pretends to be sick or tired on the road, shoot him down and bring me his ears."

Forty Texans died on the march. Those who lived were put in the dark dungeon of Castle Perote and in other Mexican prisons with lepers and criminals.

News of the Texans' fate reached the United States in January, 1842. Enraged, the Texas Congress resolved to annex all of Chihuahua, Sonora, New Mexico, Baja and Alta California and parts of Tamaulipas, Coahuila, Durango and Sinaloa.

"They believed that if Texas was going to war with Mexico they might as well make it worth their while," Wilson explains.

"Instead of fighting over half of New Mexico they would scrap over the whole hog. It is interesting to note that President Sam Houston vetoed the measure because he feared it would be taken as a bit of legislative horseplay."

Congress, however, immediately passed it over his veto.

Texans wanted war but had no money, troops, or equipment.

The failure of the Santa Fe expedition left the Republic of Texas with no possession of the disputed part of present day New Mexico and Colorado.

Mmes. Bud McMinn and Paul Ledbetter were in Plainview on Wednesday of last week. They called on Mrs. Alec Luster, cousin to Mrs. McMinn while there.

Mmes. L. A. McJimsey, W. A. McJimsey, Raymond McJimsey, Bud McMinn and Paul Ledbetter were in Tullia Saturday afternoon.

Mrs. L. A. McJimsey, Mrs. W. A. McJimsey and Helen have recently spent an afternoon in Plainview.

Messrs. P. B. Force and Lee Deavenport were in Amarillo on Saturday. Mr. Force went for a consultation with an eye specialist.

Mr. and Mrs. Eugene Long spent Thursday night of last week with Mr. and Mrs. Claude Grimes in Littlefield and Friday night with Mr. and Mrs. Willie Winne in Brownfield. They also visited John Garrison, an invalid cousin to Mr. Long, while in Brownfield.

Mr. and Mrs. W. E. Tait of Sweetwater, were week end guests of Mr. and Mrs. Eugene Long. The Tait's daughter and family, Mr. and Mrs. Ben Johnson and children of Pampa, spent Sunday in the Long home. Mr. and Mrs. Bill Long and children were also Sunday dinner guests and Mr. and Mrs. George Long and children called in the afternoon. Mr. Tait is a brother to Mrs. Eugene Long.

Mr. and Mrs. K. M. Fleming, Mr. and Mrs. Walter Fleming, Mrs. E. E. Tomlin, Mr. and Mrs. Shellie Tomlin, Mrs. Doodle Zachry and son, Mr. and Mrs. Jack Fleming and daughters, Mrs. Doyle Ray Tiffin and sons and Mr. and Mrs. Leo Fleming and son spent a long week end with relatives and friends in Wichita Falls, Byers, Henrietta and Ringgold. Most of the group attended the Byers High School Homecoming on Saturday. A large crowd was in attendance and graduates from as far back as 1909 were present along with a couple of early day superintendents. Most of the local folks had gone to school there and really enjoyed renewing old acquaintances.

Mrs. L. B. Garvin, Jr. and Danna and Mr. and Mrs. H. B. (Doc) Simpson returned home on Tuesday of last week after a two-week visit in California. They visited Mr. and Mrs. Joe Hamm at Whittier, Mr. and Mrs. Doyle Simpson and Mr. and Mrs. Henry Shannon near Modesto and Mr. and Mrs. Herman Gilkeyson in Los Angeles. Mrs. Hamm, nee Zollie Belle Driver, formerly lived here and is a cousin to Mmes. Garvin and Simpson. Mr. Gilkeyson is their uncle who grew up here. Mrs. Shannon is a sister to the Messrs. Simpson.

Mrs. Buel Simpson of Los Angeles, California, is visiting her son and family, Mr. and Mrs. H. B. Simpson and other local relatives. Doc and Sharon went to

Oklahoma City on Saturday to bring her here.

Mrs. M. B. Meeks of Hedley, is spending a few days with her daughter and husband, Mr. and Mrs. James Stevenson. Mrs. Meeks is thought to be recuperating satisfactorily from recent surgery done in a Pampa hospital.

Mrs. Roy Mack Walker and Cynthia spent several days last week in Lubbock with Mr. and Mrs. Joe Marcus and family who have a new baby son, Brent. Mesdames Walker and Marcus are sisters.

Mrs. Clay Mercer of Lockney visited her parents, Mr. and Mrs. J. C. Turner, Saturday afternoon.

Mr. and Mrs. W. H. Graham and sons of Farwell; Mr. and Mrs. Norland Dudley and daughters and Mr. and Mrs. Carol D. Davis and son spent a long week end with Mr. and Mrs. Milton Dudley and Connie. The Milton Dudleys are parents of Mmes. Graham and Davis and of Norland Dudley.

Mr. and Mrs. J. C. Rhoderick, Sr. spent Sunday in Aiken, guests of their son and family, Mr. and Mrs. Lynn Rhoderick and Scott.

Sgt. Hurst and Mrs. Lucy Sims of Clovis, New Mexico, and Mrs. W. A. Springer and Mrs. Phillips of Hereford, visited in the home of Mr. and Mrs. J. Lee Francis and Dale on Sunday afternoon.

Mr. and Mrs. H. Roy Brown attended the Dodge-Plymouth show in Plainview on Wednesday of last week. Mr. Brown slipped and fell while there and went to the hospital for an X-ray of a head injury sustained in the fall. They spent the night in the home of their son and family, Mr. and Mrs. Durwood Brown and came home the next day. Mr. Brown is up and around, but has a bump on his head.

Mr. and Mrs. J. Lee Francis and Dale and Mr. and Mrs. L. A. Calloway attended the Southern Mississippi-WTSC football game in Canyon Saturday evening. Several other local folks were also in attendance at the game.

Alva C. Jasper was brought home from the Plainview hospital on Thursday of last week. He is thought to be recuperating satisfactorily from a kidney operation.

Mr. and Mrs. Leroy Shipman of Plainview, were Sunday luncheon guests in the Luke Thompson home.

Mrs. J. S. Watson, 82, has been hospitalized in Plainview for treatment of a broken leg suffered when she fell at her home here on

Tuesday afternoon of last week. Attending physicians said X-rays revealed a break in her right leg below the hip. Mr. Watson, Mrs. Sid Richards, Mr. and Mrs. Obra Watson, Silverton; Mr. and Mrs. O'Neal Watson, Amarillo, and Rev. and Mrs. N. D. Nettleton of Teague, have been in Plainview with Mrs. Watson most of the time. She has had good days and bad days, but was thought to be improving on Monday.

Mr. and Mrs. K. N. Sharp and children visited her parents, Mr. and Mrs. H. L. Stewart, in Tullia on Sunday afternoon.

OFFICIAL PUBLICATION OF THE STUDENTS OF SILVERTON HIGH SCHOOL

down the

Editorial Rhoad

by Toni Rhode

Has it occurred to you readers what a co-operative enterprise a school newspaper really is? A city paper has a host of paid reporters, correspondents, editors, columnists, gag writers and analysts. THE OWL'S HOOT, your newspaper, has the same kind of staff, and YOU are it.

You, the readers and writers, have gladdened the heart and sent fresh spurts of ink through the veins of our sponsor, Mrs. Rampley, by your interesting news items and by your promptness in turning the stories in to the staff.

Especially appreciated are the contributions of the grade school teachers. Though they are overloaded with pupils and work, these teachers in the other buildings find time to give the paper news from their rooms. Their pupils are too small in many of the grades to do the reporting, but the teachers are faithful each week to answer our request for the items of work and play in the grades.

S.H.S. TOP TEN

LaJuan Curby—LaQuetta Chitty
Well, he has done it again! MR. BLUE is number one for about the fourth week, but he had better watch it because a lot of songs are coming up fast.

1. MR. BLUE, The Fleetwoods
 2. TEEN BEAT, Sandy Nelson
 3. JUST ASK YOUR HEART, Frankie Avalon
 4. PUT YOUR HEAD ON MY SHOULDER, Frankie Avalon
 5. DANNY BOY, Conway Twitty
 6. RED RIVER ROCK, Johnny and the Hurricanes
 7. POISON IVY, The Coasters
 8. SLEEP WALK, Santo and Johnny
 9. WHOO-HOO, The Bellnotes
 10. SEVEN LITTLE GIRLS
- Please cooperate in the "Top Ten" survey by listing your favorite songs. It seems that some of the students are wasting their votes by trying to be ridiculous.

Leftovers, desserts, salads, etc., may be stored covered in the food storage compartment, uncovered in a moist cold refrigerator except in the case of strongly flavored foods. Open canned foods may be stored covered in the can.

Paint two parallel "tire tracks" centering the entrance of your driveway. Aim your car toward these tracks to make sure you will not run into the curb.

Dress Shields to Match—Cut shields from clear plastic. Stitch to fabric that matches your dress, and they'll hardly be noticeable.

Protect Identification Tag—Glue a name tag inside a child's boot and coat the tag with clear shellac. The child's name will remain free of moisture and easy to read.

MACARONI: 150 SHAPES AND SIZES

There are more than 150 shapes of macaroni foods. There are shells, bows, stars, alphabets, spirals, etc. Macaroni foods combine well with meat, fish, seafood, poultry, eggs and vegetables. Macaroni serves to extend more expensive foods. It's a food that's always handy on the shelf and they may be interchangeable in recipes, just substitute them weight for weight.

FUTURE BUSINESS LEADERS OF AMERICA NEWS

We often hear the expression, "Those were the good old days—", but were they? Test these office rules of 1872 and see for yourself.

1. Office employees each day will fill lamps, clean chimneys, and trim wicks.
2. Each clerk will bring in a bucket of water and a scuttle of coal for the day's business.
3. Make your pens carefully. You may whittle nibs to your individual taste.
4. Men employees will be given one evening off a week for courting purposes, or two evenings a week if they go regularly to church.
5. After thirteen hours labor in the office the employee should spend the remaining time reading the Bible and other good books.
6. Every employee should lay aside from each pay day a goodly sum of his earnings so that he will not become a burden to society.
7. Any employee who smokes Spanish cigars, uses liquor in any form, or frequents pool or public halls, or gets shaved in a barber shop will give good reasons to suspect his worth, intentions, integrity and honesty.

Start heating oven. Sift flour with salt. Dissolve soda in pineapple. With electric mixer at "cream" (or with spoon), thoroughly mix shortening, granulated sugar and egg until very light and fluffy. At low speed or "blend", beat in, alternately, flour and pineapple until mixed. Drop by teaspoons onto greased cookie sheet. Bake until done. Meanwhile mix butter with brown sugar until creamy; mix in coconut; spread a bit on each cookie; broil until lightly browned.

Mr. Rampley: "Who defeated the Philistines?"
Robert Rhode: "Sorry, but I don't follow the minor leagues."

As previously announced, the Future Business Leaders of America Club is offering to render a typing service to anyone in the community who desires it.

The charge will be 15c per page for double spaced straight copy, or 20c per page for stencils and statistical work. The club will furnish the paper.

In order that we may plan our work ahead, we ask you to allow one week for delivery of the completed project. One page or short projects may be completed in less time.

We guarantee to do acceptable work for you. The money earned will be spent for photographic materials used in the publication of the school paper. It is our desire to run one picture a week as long as we are able to finance it. Contact Mrs. Rampley at the high school if you are interested in our service.

LOST AND FOUND

by George McJimsey

Many items are found at school each year and turned in at the office. As we were going through the items, the thought came to us, "How can people lose things and never miss them, such as an old worn billfold, earrings, tie clasps, keys and even eye glasses?"

Larry Elms, how have you gotten along without your billfold? I know it was a favorite because it was well-worn and you must have kept it a long time.

Lynda Brannon, where have you been keeping all your money since your faithful old red billfold has been lost—in your sock?

Below is a list of articles—perhaps you might claim one or more of them:

26 earrings, 26 different kinds; one pair earrings of copper with a dancing girl on them; 2 tie clasps, one with the initials GLD and the other with a blue set in the center; 7 bracelets; 2 ball-points; 2 fountain pens; 1 ever-sharp; 3 sets of keys; 1 tube of lipstick; 3 tubes lipstick; 1 medal; 1 gold belt buckle; 3 combs; 13 billfolds; 1 large brown button; 2 bead necklaces; 2 glass cases; 2 pairs of eye glasses; 1 blue ruler; 1 gold compact; 8 yards of red crocheted thread; 1 whistle in the shape of an ocean liner; 1 Timex watch; 3 hair clips; 1 comb; ad 1 handkerchief with blue and red flowers.

"This afternoon we shall take Mr. Frog apart and see what makes him croak," said Mr. Verden to his biology class. "I have a frog in my pocket to be used as a specimen."

He reached in his pocket and drew out a paper bag, the contents of which he emptied on the table. Out rolled a badly-squashed ham sandwich.

Mr. Verden mopped his brow. "My goodness!" he stammered. "I distinctly remember eating my lunch."

INTRODUCING

by Marsha Monroe

Silverton High School gained two new students last week. They are Bonnie McIntyre and Audielee Archer. The students of Silverton High School want to welcome these two new students to our school.

Bonnie is the daughter of Mr. and Mrs. C. L. McIntyre. She has three sisters and four brothers. She likes to listen to rock'n-roll on the radio. Bonnie is an extraordinary person because she has no dislikes. Her favorite food is chocolate cake which she says she eats all the time. Her favorite sports are basketball and football. Bonnie is a freshman this year and is taking English I, Algebra I, Texas History, general science and homemaking I. Bonnie is five feet four inches tall, has light brown hair and big brown eyes. She comes to S.H.S. from Bennington, Oklahoma.

Audielee comes to Silverton from Petersburg. She is the daughter of Mr. and Mrs. W. W. Archer. Audielee is a very lucky girl because she has five brothers. She is a sophomore this year and her subjects are these: world history, biology, Texas history, English II and homemaking I. Her favorite food is fried chicken. She likes every kind of sport and dislikes smart-alecs and show-offs. Audielee is five feet seven inches tall, has auburn hair and bluish-gray eyes.

We, the students of Silverton High School, wish to make these new people feel like part of this school. We hope this column has helped in some sort of way.

Last week the Sophomore Class had a meeting. The purpose of the meeting was to select our booths for the Halloween Carnival. Our first choice was the Fishing Pond. Our second choice was the Football Throw.

We put in last week's paper that we were planning a class party. But since everyone is very busy this time of year, we decided to postpone our party until after football season.

Remember to buy your tickets for the basketball games, November 2. If you buy now, you will receive the tickets for 10 cents less than the regular price.

ENGLISH

Department News

On Saturday, October 10, there was an all-day meeting in Canyon for English teachers. The featured lecturer was T. V. Smith, noted philosopher and poet, who gave an inspirational talk on "Oh, See Can You Say." Mr. Smith was not young; his voice was hoarse and weak, but that was forgotten a few moments after he began to talk. His transitions from prose to poetry were made as smoothly and cleverly as were his thoughts from serious philosophy to gentle humor. Mr. Smith's vocabulary seemed more than adequate; he never hesitated an instant groping for either a word or a thought.

One of the surest ways for young people to get jobs in the scientific or industrial field today is to major in English.

All English majors in college, even those preparing to be teachers, are sought by employers who need employees who can say what they mean clearly, concisely, and correctly.

Mr. Smith also said that "those who flow freely at the mouth" never need to see a psychiatrist. So it behooves everyone to "see that you can say."

Student Council

by Carolyn Frizzell

The Student Council picked the boy and girl of Freshman Week. The boy chosen is that wonderful young "lady" who acted his part very well all during Freshman Week. It was none other than David House. He won a prize for acting like a girl during Tuesday when the boys dressed like girls.

We felt that Clela Oneal was a very good sport. She did what she was told and never got mad. We chose Clela to receive the Freshman Girl award.

We would like to welcome the Freshmen into high school and hope they will look back on "Freshman Week" as a great event.

Thanks to Carolyn Williams and her sisters for putting on the wonderful assembly program.

Librarian Turns Hobo

Lines From the Librarian

by Glenna Wilson

Besides being a lot of fun, Hobo Day was a day of enlightenment to me. Once again, I looked up the word—"sophisticated". Maybe you've always thought of it as meaning "worldly wise"; that's the second meaning given in the big dictionary here in the library; the first definition is: "characterized by a lack of simplicity; refined to the point of artificiality."

Although most of us appreciate those who went along with the school tradition, and dressed as a hobo, it would not be fair to class all those who did not, as "poor sports" or "sophisticated."

We regret to learn that, if some students had dressed as bums, they would have met opposition at home. We hope these parents did not deny their children the joy of Santa Claus, the Easter Bunny, and fairies.

Maybe I'm not factual enough—too much of a dreamer, perhaps, but I hate to think of life, so correct and precise, without a bit of pretending and make-belief.

FIRST GRADE

Mrs. Trout

Bomar was chosen queen of our class. She is an attractive, cute little girl. She is choosing the king she lost no time. She chose Terry Bomar, so she wants to thank our nurse for her duty she doesn't seem to mind. We have received and are back at work to see what we can master. We are trying faithfully to make our time pay. We must work hard and also climb higher, we must try each day. Then at night, not forget to pray. You please help us one and all. We see, we are quite all.

FIRST GRADE

Mrs. Elms

Fernando DeLeon entered first grade we now have 33 boys and girls who are making jack-o-lanterns, black cats, and witches. We are all excited and making plans for the Halloween Carnival. We are wondering who will be lucky one to draw the beautiful and wardrobe to be given by our room at the carnival. We may see this doll and wardrobe at Nance's Grocery Store.

SECOND GRADE

Mrs. Bomar

Minyard was chosen as queen. She chose Gary Martin as her escort. We are planning to have a lot of fun at the Halloween Carnival.

SECOND GRADE

Miss Anderson

The children have been having tests this week. We found that we have some very good readers in this group. Brenda Garza has been absent this week. The nurse took her when she got sick at school. Shelia Sutton was chosen to read our room at the Halloween Carnival. She chose Steve Brown as her escort.

THIRD GRADE

Mrs. Wilmeth

Buckley is absent on account of illness. She has a perfect score in this six weeks. Nance was elected as Halloween Princess. She chose Sandy Sandefer as her escort.

THIRD GRADE

Miss Taylor

Our workbooks have really taken a beating this week, but we have caught up now so next week we can take it easy.

We have been getting ready for Halloween; the ole cats and big orange pumpkins have made it to our door. Everyone seems excited and looking forward to this trick-or-treat business. To represent our room at the Halloween Carnival we have chosen as our Princess Lee Ann Tidwell and as our Prince Kenneth Snow.

We have a new member in our group now and we are very glad to have him with us. His name is Kenneth Archer.

— SGS —

FOURTH GRADE

Mrs. Childress

We have a new pupil, Johnny Archer, from Happy, Texas.

This week has been test week and we have been very busy. Janet Hutsell and Roland Montague have been chosen for our Queen and King.

The new paddle on our teacher's desk has brought silence in our room this week.

— SGS —

FIFTH GRADE

Mrs. Rhode

We had our diagnostic reading test from the Weekly Reader and found that we have fourteen who had 6th grade ability in silent reading, one in 7th grade and five in 4th grade ability.

Richard Archer joined our class this week, giving us a total of 39. Margaret Minyard and John Montague are our candidates for Halloween queen and king. Our answer to the no visible means of income charge is that we are secretly selling frog hair and macaroni seed.

— SGS —

SIXTH GRADE

Mrs. Turner

The sixth grade has elected the following officers: President, Joe Self; Vice-President, Paula Carol Turner; Secretary, Jackie Durham; Treasurer, Cliff Walker. The sixth grade candidate for queen is Ruth Ann Minyard. Her escort is Wayne Rampley.

Darrell Long is singing "All I Want for Christmas is My Two Front Teeth." Darrell suffered the misfortune of having one front tooth knocked out and the other loosened in a playground accident last week.

— SGS —

SEVENTH GRADE

Miss Slavik

We had our election for king and queen yesterday. Brenda Martin was elected queen and Max Garrison was elected king.

Be sure and plan to come to the seventh grade booth at the Halloween Carnival.

WE LIVE IN THE CHRISTIAN AGE

The Bible discusses three great ages. These are the Patriarchal, the Jewish and the Christian ages. Patriarchal means the rule. It refers to the time when God spoke to the fathers and they to their children. This age extended from Adam to Moses. A new age began with the giving of the ten commandments at Sinai. It continued to Christ. The Christian age began in fact on Pentecost when Christ's death, burial and resurrection and terms of the gospel were first publicly announced.

Genesis 1 through Exodus 19 covers the Patriarchal age. Acts 1 through Acts 13 deals with the Jewish age. Acts 14 through Acts 28 deals with the Christian age. Although Jesus lived during the Jewish age, He all the while, introducing the truths and giving the commandments that were to be preached after His resurrection.

The Old Testament is historical and will build in us greater faith although none of its commandments are directed to us. We are to read of God's care for His people of that past and to see how He prepared the way for His son to come into the world to be given for the sins of man. However, we are in the Christian age. We are to obey the New Testament. Although we are to believe all of the Bible, we are to live in the New Testament. Its commands are directed to all men from age till the end of time.

You are invited to attend the Silverton Church of Christ study with us the word of God.

LIONS PAY RECOGNITION TO THEIR CAMP FOR CRIPPLED CHILDREN

Members of Lions Clubs throughout Texas this month are pausing to pay recognition to their camp for crippled children which has given 4,294 handicapped youngsters a new dimension of freedom since it was opened in 1953.

The camp, located at Kerrville in the Hill Country of Central Texas, is free to any crippled, blind, deaf or mute child between

the ages of seven and 16. The 16 permanent buildings dotting the 504 hillside acres represent an investment of more than \$600,000.

At the camp, these youngsters who have been denied a normal childhood through no fault of their own learn to shed their

shyness imposed by their handicaps by mutual association with other handicapped children and by skillful and gentle counseling.

These youngsters have found the freedom to grow, mentally and spiritually, into useful citizens of tomorrow.

While the Lions are paying tribute to their camp, we would like to pay tribute to the Lions and their friends who have supported this great venture of the heart. We know a man never stands so straight as when he stoops to help a crippled child.

LIKE APPLES OF GOLD

by Glenna Wilson

I never knew a friend, could mean so much — I never knew that flowers, or even, just a touch — I never knew a whisper, that the sun would shine, tomorrow.

I never knew these meant so much until I met with sorrow.

Now an apple of gold from God's pictures of Silver:

"Sorrow is better than laughter: for by the sadness of the countenance the heart is made better." Ecclesiastes, 7:3

Prepared by American Foundation for Animal Health

Farmers are taking a huge financial loss, today, because of infertility in some of their livestock.

When a cow fails to reproduce, the loss may range from \$50 to \$100. The total of present livestock losses due to sterility is now estimated at well over \$100,000,000. That whopping total has led authorities to focus on this problem with special efforts this month, as part of National Livestock Loss Prevention Year.

Animals which fail to reproduce regularly can be a drain on farm profits.

The problem involves two types of condition . . . temporary infertility, and functional infertility.

Temporary infertility can be caused by many diseases, some of which include trichomoniasis, vibriosis, brucellosis, infectious vaginitis, and vesicular vaginitis. These diseases may delay or interrupt normal reproduction. The symptoms are confusing, and the evidence is not always too clear. Diagnosis should be made by an experienced veterinarian in any suspected case, and his guidance should determine what to do.

So-called "functional" infertility sometimes is the result of physiological or hormone disturbances. More often, however, the problem involves disease, overproduction, faulty nutrition, or heredity. Here again, it is almost impossible to tell the cause without a competent examination. And, until the cause is known, one certainly cannot tell what to do.

Any program to stop losses from infertility should include regular pregnancy examinations, and the owner should likewise recognize that nutrition, also, plays an important part in the picture and that sound rations are necessary to maintenance of a high reproduction rate. The whole infertility-sterility picture is costing livestock owners far too much. It is time we did something about it.

RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Not everyone thinks much about trying to be happy, but, of course, everyone wants to be happy. There is no reason why we should not wish to be happy, but there are many reasons why we should not work for happiness per se. Happiness comes doing something hard and doing it well. It comes from following principles that are upright and honest even though following them may cause us great difficulty. Did you read the article in our school news written by a student on "Cheating"? Then did you see the article in the Amarillo paper under large headlines "Are Adults Setting an Example of Dishonesty?"

Why do we neglect the important things of life and clutter our lives with the things that are not essentially important. Are we trying to go too many places and do too many things. Most people appreciate sincerity, honesty, humility, genuineness; then why is so much time given to the superficial.

The United States was founded

on the idea that principle is more important than power, riches, happiness, or even life itself. Are we neglecting to teach our children that fact; are we failing to live up to it ourselves? Happiness for man comes from living harmoniously with his God, his fellow creatures, and his conscience. Then as paradoxical as it may seem, the harder we work for the right, the more difficulties we overcome, the more temptations we resist, the happier we will be—even though the thought of happiness never enters the mind.

Jasper and granddaughter, Mrs. Joe Lee Bomar, visited Mrs. J. B. Nance at Lone Star on Monday... Mrs. Florence Fogerson and Mr. and Mrs. Ware Fogerson and family were in Matador on Sunday... TEN YEARS AGO... James L. Allred of Amarillo, who was reared at Silverton and the brother of Mrs. Judd Donnell, has bought the Mansfield News and assumed management on October 1... Mrs. Joe H. Smith and Mrs. Grady Adcock attended a church meeting at the Methodist Church in Plainview Friday... Mrs. Clifford Davis of Amarillo spent the week end with her mother, Mrs. J. H. Burson... Miss Josephine O'Neal, daughter of Mr. and Mrs. J. M. O'Neal of Silverton was united in marriage to Uul Gunter... Carroll Garrison honored with birthday party at the home of his parents, Mr. and Mrs. Gabe Garrison... Mary Tom Bomar and Bonnie Watters spent the week end in Lubbock visiting Miss LaRue Gilkeyson... Mr. and Mrs. Charles Cowart and Mrs. James Patton and were in Amarillo Monday on business... Mr. and Mrs. Arthur Thomas of Tulia, spent the

sport he was. When graduation time came and the grades were averaged, he found that another boy who had actually had to work much harder at his studies ad who had kept plugging away during that one fatal year, had beaten him out of the valedictory by a mere fraction! I know this was a bitter disappointment to him, and I know he has mentally kicked himself a thousand times for not realizing at the time.

So, it doesn't really matter if a boy lets sports rob him of something he wants, whether he doesn't want to be considered a sissy or whether he considers education a nottoo-important item, in the long run it all amounts to his having cheated himself of something he will later wish for. I don't believe I can name a single career in which typing, especially, is not needed. (Our good Uncle Sam provides us with enough forms to fill out, that this in itself provides a necessity) And, who knows—if the boys took a little home-making they might accidentally find that it would come in handy in the service, at college or in a cute little bachelor apartment some day!

But, whatever reason, cause or effect, don't drop out of a class. "If at first you don't succeed, try TRY again."

The following seems timely, especially after that "clipping" the Owls took last week.

THE LIMIT OF EXPECTATION
The fullback has a broken leg. The quarterback, a muscle torn; For weeks the tackle 'round his head

A plaster paris cast has worn. The center hobbles 'round in pain, A bone bruise decorates his shin; They're slightly crippled, it is true,

But still we think they ought to win. Our left end's walking on a crutch. Three broken ribs the right end owns;

There's not a muscle that's intact And snug upon the halfback's bones.

The doctor now is working on A brace to fit the right end's chin; They're slightly crippled, that is true,

But still we think they ought to win. We know our fast men can not run, They'll have to hobble down the field,

And every man upon the line Has injuries that haven't healed. We don't expect a heavy score, For perfect shape the foe is in; But still, of course, we do expect Our bunged up football team to win.

For a Beautiful Cake!
By Betty Barclay

HEAVENLY frosting, delicately honey-flavored, and covered with frosty-white flaked coconut, makes a "beauty" out of the simplest of cakes! You can use bakers' cake layers; or you can make layers of a large loaf from a mix, or from your own favorite recipe.

Coconut Honey Frosting
2 egg whites; 1 1/2 cups sugar; 1/4 teaspoon salt; 1/4 cup water; 2 tablespoons light corn syrup; 2 tablespoons honey; 1/2 teaspoon vanilla; 1/4 cup Angel Flake Coconut.

Combine egg whites, sugar, salt, water, corn syrup, and honey in top of double boiler. Beat 1 minute until thoroughly mixed. Cook over rapidly boiling water, beating constantly with sturdy egg beater (or at high speed of electric beater) 7 minutes. Remove from boiling water. Add vanilla and beat 1 minute or until thick enough to spread. Frost cake and sprinkle with flaked coconut. Makes 5 1/4 cups frosting or enough to cover generously tops and sides of two 9-inch layers.

LOCAL FEDERATED CLUB WOMEN HEAR MISS EVELYN OPPENHEIMER

The March of Time Study Club met on October 15, in the Methodist Church, with Miss Evelyn Oppenheimer of Dallas, as guest speaker.

Miss Oppenheimer, who appeared through the courtesy of the First State Bank of Silverton, holds a degree in philosophy and a Phi Beta Key from the University of Chicago. She is a well-known radio commentator over WFAA in Dallas, and is a pioneer in establishing the profession of book reviewing as the most popular entertainment feature in adult education for women's organizations throughout the southwest. She is known over the state for her delightful and searching book reviews and numbers among her acquaintances many of the country authors whom she has helped to fame by her endorsement.

In 1954, Miss Oppenheimer received, for the second time, the Texas Press Women's Award for the best radio script writing for the year. For the past few years, she has been directing her talents in a new frontier, the popular education in finance for women. This program is designed to help them in their own and family money management, and she has

been in charge of the long-range program instituted by the Lubbock National Bank, of turning entertainment into education for the mutual benefit of their women depositors. She has been presented in this program by numerous banks in Texas and Louisiana and our own First State Bank now joins in this program for the benefit of Silverton clubwomen.

For the local group, Miss Oppenheimer reviewed "Love is a Wild Assault" by Elithe Hamilton Kirkland, to the true story of a woman who was among the first settlers in Texas at the time of the war for independence; the story of her life and loves, as seen through her own eyes in her eighty-third year, written as a guide for her favorite granddaughter. This was the real Harriet Moore Paige Potter Ames, whose second husband was Robert Potter, for whom the panhandle county is named.

Mrs. Alvie Mayfield, president of the March of Time Study Club, was mistress of ceremonies for the occasion. Mrs. Marvin Montague gave the invocation, and the speaker was introduced by Miss Ruth Ford.

After the book review, refreshments were served by Mrs. Fred Mercer and Mrs. D. T. Northcutt from the table which was laid with a cutwork cloth, and which featured a fall centerpiece of pine cones and other dried materials. Silver candle holders with single white tapers complimented the centerpiece. Coffee was poured from silver appointments at both ends of the table. Hostess cookies and nuts were also enjoyed by the club members and guests.

Approximately fifty ladies took advantage of the opportunity to hear Miss Oppenheimer, some of whom were Mrs. A. L. Redin and her Senior English girls, visiting members of the Century of Progress Study Club, ten ladies from the LaVentana Study Club of the Lone Star Community, and the hosting March of Time Study Club.

The committee for arrangements consisted of Mrs. W. E. Schott, Jr., Mrs. Ben Whitfill and Mrs. T. T. Crass.

Floydada Livestock Sales Company To Open Next Week

Next Thursday, October 29, the Floydada Livestock Sales Company will have its opening auction sale at the big new sales arena on the Silverton highway in Floydada. Cattlemen are invited to inspect the modern new auction ring and take advantage of the services offered there.

Tom Word and Virgil Brasher, owners, have planned adequate facilities so that you may expect to find plenty of pens, feed and water for your stock and in addition the company offers seating capacity for 300.

Floydada Livestock Sales Company will buy hogs six days a week and will hold an auction every Thursday, beginning October 29, at 12:30 p.m. An added convenience for those traveling to Floydada for the sales, is a cafe conveniently located to the sales facilities.

ETA CHI TO CLOSE SALES OF CALENDARS

Sales have been under way this week of the Eta Chi birthday calendars. Anyone wishing to place a name on the calendar is asked to contact an FHA girl or an ESA member this week, as October 24 has been set as the deadline.

Edwards Named Cub Scoutmaster

Eddie Edwards has been named the Cub Scoutmaster for Silverton, with Bobby McDaniel as the Assistant Scoutmaster. The den mothers are: Mrs. Jack Strange with Mrs. Charles Whitfill as her assistant, Den 1; Mrs. Bill Long, with Mrs. Dee McWilliams as her assistant, Den 2.

Fred Mercer is the Institutional Representative. Kenneth Tate is the Pack Committee Chairman, with Bill Long, Glenn Lindsey and Charles Sarchet serving on the committee.

Mr. Edwards urges all boys between the ages of 8-11 that are interested in cub scouting to contact Bill Long or himself. Any

Junior Class To Sponsor Chili Supper

On October 23, the Junior Class will have a chili supper preceding the football game: Silverton vs. Ralls. Chili, beans, pie and coffee or cokes will be served from 6:00 to 8:00 p.m. Prices will be 50c for seventh grade students or below and 60c for adults.

Tickets will be sold by all members of the Junior class. Come early and eat with the Juniors before going to the game.

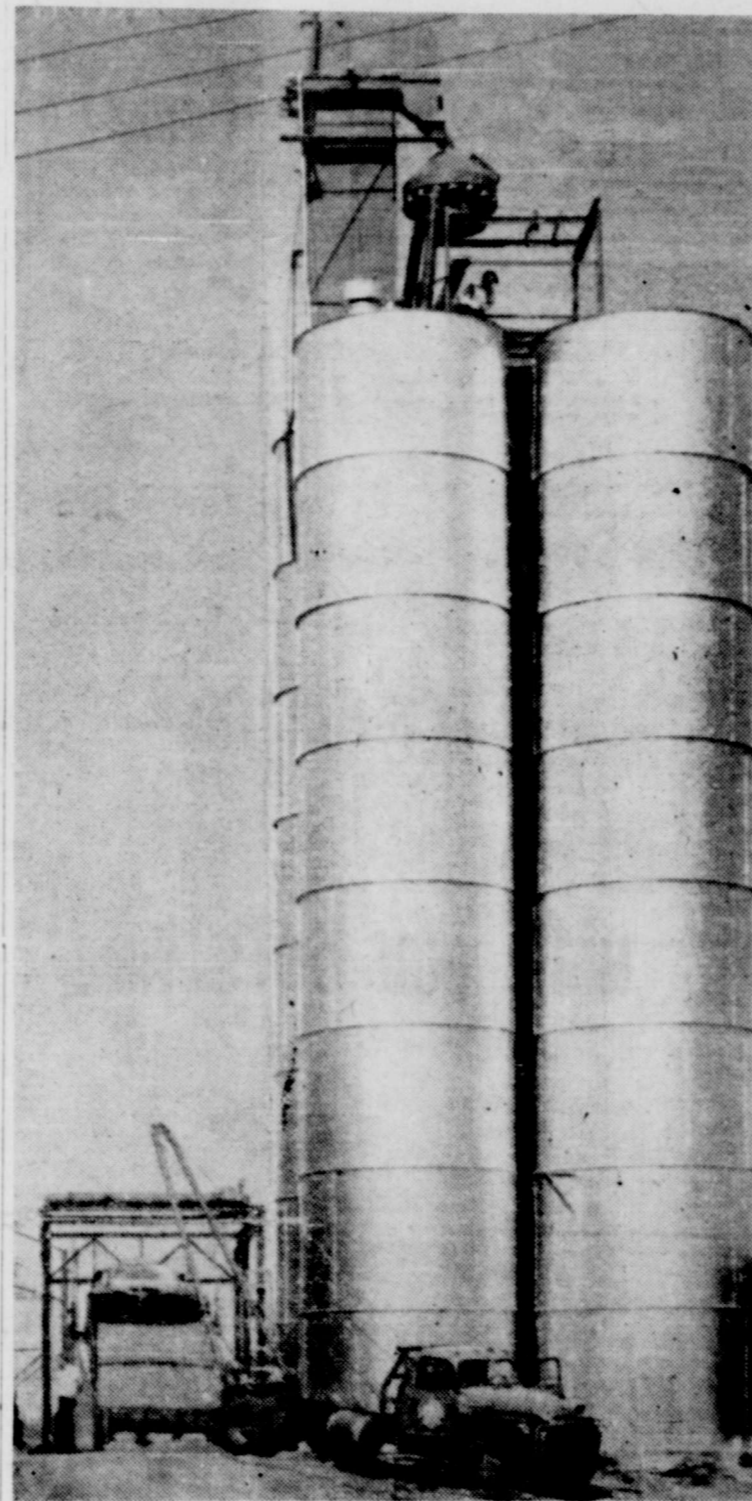

WELDING SHOP MOVES TO NEW LOCATION

Jennings Welding Shop has been moved to the building in back of Jennings Farm Supply. This new location will give Bobbie McDaniel manager of the shop, more room and will help him better meet the needs of their customers.

No amount of ridicule, boasting or bluff changes the facts. Get them and you will understand the news of the day, and gain a clear picture of events.

EASY THOUGH!
It's human to make mistakes and a big mistake to be too human.

Boy Scouts interested in being Den Leaders are also urged to contact Edwards.
The Scouts in Silverton are sponsored by the local Lions Club.

Harvest Queen Grain Company this week is announcing the completion of new and modern facilities to replace those destroyed by fire recently. The new storage bins pictured above have a 30,000 bushel capacity. Another new feature is the Arid-Aire Dryer which has been installed. Elevator manager Glen Lindsey says they are glad to be back in business again and are now able to offer customers more and better service than ever before.

LITTLE OWLS DEFEATED BY CROSBYTON JR. HIGH TEAM

Using a long-run scoring offense the Crosbyton Jr. High outtraced the Little Owls 28-14 Thursday night at Silverton.

On the third play the Crosbyton team raced around end for their first touchdown. The Owls held the Chiefs, making the score 6-0 at the end of the first quarter. The second quarter saw the Crosbyton team deep in their own end of the field sweep right end for another T.D. The Owls received the kick and in 2 plays raced for their first touchdown, making the score 12-8.

The second half started with the Owls marching for their second T.D. putting them in front 14-12. The Crosbyton Chiefs came back in the final quarter to score two more T.D.'s making the score 26-14.

Scoring for Silverton were Max Garrison, (extra points), Stafford and Stephens.

Announce Arrival Of Baby Girl

Mr. and Mrs. John Earl Simpson are parents of a baby girl, Samantha, weight 6 pounds and 1 ounce, born Wednesday, October 14, at 5:00 p.m. in Swisher County Hospital. Grandparents are Mrs. S. P. Atchley of Tullia, and Mr. and Mrs. Earl Simpson.

An interesting footnote to the naming of the Simpson baby is that unknown to them, they named her the same name as borne by her paternal great grandmother (deceased) who had the same date, October 14, for a birthday.

Chieftans Scalp Owls

In last Friday night's conference opener, the Silverton Owls went down in defeat at the hands of the Crosbyton Chiefs by score of 37-8.

Silverton received the opening kick from the Chiefs, but were unable to gain yardage and were forced to punt to the Crosbyton eleven, who let out a war whoop and headed goalward. The Owls were able to jar the ball loose

from the Chiefs in the end zone to prevent Crosbyton's scoring attempt. The ball was taken out to the twenty yard line, where the Owls retained possession of the 'skin.

On the third down, James Roy Brown made a nice run for the Owls bringing the teams near the fifty yard marker. About three plays later, Brown passed to Bob Stafford for a nice gain, but the referees ruled that Stafford stepped out of bounds, and called the play back. On the next play, the Owls were forced to kick.

Funeral Service Held For Cross McDaniel

Funeral services were held for Cross McDaniel, 70, in the Rock Creek Church of Christ, with Earl I. Cantwell, minister, officiating. Burial was in Silverton Cemetery under the direction of Roberts Funeral Home of Silverton.

Cross McDaniel was born November 17, 1888, at Ford County, Texas, the son of the late Mr. and Mrs. William F. McDaniel. He departed this life Friday morning, October 16, at his home in the Rock Creek Community following a sudden illness. Although Mr. McDaniel had been in poor health for sometime, his death was sudden and unexpected. He was 70 years, 10 months and 24 days of age at the time of his passing.

Mr. McDaniel was married to Nettie Pitts in September of 1911. She preceded him in death on March 22, 1943. On December 7, 1947, he was married to Beulah Pearl Fewell Townsend at Tullia, Texas. They moved to the Rock Creek Community 6 years ago from Tullia, and have made their home there since that time. Mr. McDaniel was engaged in stock-farming most all of his working life.

Mr. McDaniel was a member of the Church of Christ and had his membership in this Church for many years.

He is survived by his wife of the home, two sons, Ashel, of Silverton and Billie of Amherst; one daughter, Mrs. Ruby McWaters of Silverton; one step-son, Rayford Townsend of Harrison, Arkansas; five grandchildren and one great grandchild.

Pallbearers were: Lenton Lanham, Red Diesher, Edwin Crass, Roy Mayfield, John Turner and Wayland Fitzgerald.

Trailers Over 4000 Pounds Must be Licensed

Johnny Lanham, County Tax-Assessor-Collector says that certificates of title are "old hat" to owners of motor vehicles and house trailers. Now trailers over 4000 pounds must be titled too, to conform to a new law.

Serial numbers and ownership proof may cause delay, so to avoid last minute disappointment at re-registration time in February and March, Lanham urges that trailer owners apply now. The rush of those months is a poor time to get new things done.

Mr. and Mrs. J. E. Wheelock visited Friday night and Saturday in the home of their son, Mr. and Mrs. R. D. Wheelock and family, in Canyon. Mr. Wheelock attended the football game between Canyon and Dalhart Friday night.

Mrs. J. H. Burson and Mrs. Richard Quillen traveled to Amarillo on Tuesday of this week for a two-day visit with their daughters and their families. Mrs. Burson visited Mr. and Mrs. Clifford Davis and Mrs. Quillen visited her daughter, Mrs. Gladys Wood.

Crosbyton took the ball and marched steadily for the Owls' first gain, ending the march with a five-yard plunge by David Edwards for the first six-point of the game. John Tate received the pass in the end zone for the two-point conversion, to lead the ball game by an 8-0 margin.

Silverton again took the ball on kick off, and was unable to take advantage of the opportunity. No gains of any consequence were made by either team through the balance of the second quarter.

At halftime, the fans were entertained by the fine Crosbyton High School band, who proved to be equally good at their marching and playing.

The second half of the ball game consisted of five touchdown marches. The first came only seconds into the third quarter, when Crosbyton plowed over from about the two yard line, to raise the scorer to 14-0, favoring the Chiefs.

David Edwards received a lozenge pass in the end zone about a dozen plays later for another T.D. and the pass for extra points was also completed.

In about an equal number of plays later, Stevens ran the ball across the stripes again for another Chief tally and the pass for points gave Crosbyton a 30-0 edge.

Silverton, still trying to get in the ballgame, came back for another try only to have the same luck that dogged them all night, and lose the ball on an intercepted pass. The Chiefs decided to have passing practice, but the Owls broke them up, three in a row. The decision of the Chiefs to pass again was a bad one, for Bobby Crass intercepted it for the Owls. Very shortly Brown went fifty-five yards for Silverton's one touchdown of the evening. West ran for the two extra points, to put the Owls in the scoring column, trailing the Chiefs 37-8.

Unofficial statistics for the game showed that the Chieftans racked up twenty-seven first downs to Silverton's five. In the fumble department, Crosbyton fumbled two times and had both recovered by Silverton, while Silverton fumbled three times and recovered all of them. The Owls have certainly done a good job of spotting loose pigskins this year, as they have been able to recover most of their own and almost all of their opponents' fumbles as well.

In passing, Crosbyton passed 18 times, completed 9 of them and had one stolen. Silverton passed seven times, completed 3 of them and had two stolen.

The Crosbyton team received seventy yards worth of penalties, mostly in the first half of play, and Silverton was penalized 35 yards.

Tomorrow night we meet the Ralls Jackrabbits here at home. Last week Ralls was defeated by the powerful team from Idalou, but otherwise sports a good season record and is rated about second in our district, while Hale Center and Silverton are presently battling for the cellar.

However, a shuffling of playing positions by the Owl coaches this week is hoped to bring the necessary results against our four remaining opponents.

All Around the Town

by Mary Ann Sarchet

You may have noticed already an announcement by the F.B.L.A. (on the school page) that they are offering public typing as a means of raising money to cover expenses incurred in putting out the school news. May I suggest that if you have a typewriter you do, that you investigate the plan they offer. They do a very neat job of typing copy, and we are sure they will do the same for you.

In addition, you must hand these kids to be offering to turn their own money, rather than asking you for it like so many pups do.

Every now and then we come in contact with a problem that is very important to me. It has been a source of disgust to me that many high school boys consider themselves in the "sissy class" if they choose to enroll for certain subjects at school that may be considered primarily for girls. I hate to see them become unheartened if they can not keep up with the girls for the obvious reasons.

At these times, it seems there is a line drawn between those studying for the boys and those for the girls—unless it is between farming and future home-making and you know, of course, that in many schools across the country, even these classes are co-educational.

One reason for this new concept is brought about by the masses of women who today have men's jobs, women's jobs almost any job that is available. In the case I have in mind, there is a big husky football player who is enrolled in typing for the first time. His complaint is that after having a whole team follow him all over him, his feet included, in football practice, he just can't seem to make a behave at the typewriter board the next day. He has become accustomed to making good grades in other subjects and doesn't want to blot his record.

From my very limited years of experience, I'd like to relate a couple of cases I know of personally to show my feelings on the subject. My idea is that he should plug away, and though he may sacrifice a little of his plastic average, I think in the end he will be able to look back and say, "I'm glad I did." (Know this teacher, and most teachers general, I think that anyone who applies himself and shows a real interest, will be given full credit of the doubt in the case of grades.)

The boy who was in my class was the quarterback of the football team, a good player, usually managed to get his name in the paper each week. He liked to type, and managed to pass the course, but really didn't think too much about it except that credit toward graduation taking chemistry or geometry or another of the difficult courses. I discovered just about six months after graduation in Amarillo enrolled in business school—for typing only.

Mr. Edwards urges all boys between the ages of 8-11 that are interested in cub scouting to contact Bill Long or himself. Any

another friend of ours is a boy who is naturally brilliant and talented in several fields.

Why we built two cars for 1960 . . .
as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

He had been able to get and needed the typing skill to hold it. The last I heard of him, he had come home from the service and was enrolled at school making up for lost time.

Another friend of ours is a young man who is naturally brilliant and talented in several fields.

LOCAL FEDERATED CLUB WOMEN HEAR MISS EVELYN OPPENHEIMER

The March of Time Study Club met on October 15, in the Methodist Church, with Miss Evelyn Oppenheimer of Dallas, as guest speaker.

Miss Oppenheimer, who appeared through the courtesy of the First State Bank of Silverton, holds a degree in philosophy and a Phi Beta Key from the University of Chicago. She is a well-known radio commentator over WFAA in Dallas, and is a pioneer in establishing the profession of book reviewing as the most popular entertainment feature in adult education for women's organizations throughout the southwest. She is known over the state for her delightful and searching book reviews and numbers among her acquaintances many of the country authors whom she has helped to fame by her endorsement.

In 1954, Miss Oppenheimer received, for the second time, the Texas Press Women's Award for the best radio script writing for the year. For the past few years, she has been directing her talents in a new frontier, the popular education in finance for women. This program is designed to help them in their own and family money management, and she has

Harvest Queen Grain Company this week is announcing the completion of new and modern facilities to replace those destroyed by fire recently. The new storage bins pictured above have a 30,000 bushel capacity. Another new feature is the Arid-Aire Dryer which has been installed. Elevator manager Glen Lindsey says they are glad to be back in business again, and are now able to offer customers more and better service than ever before.

Floydada Livestock Sales Company To Open Next Week

Next Thursday, October 29, the Floydada Livestock Sales Company will have its opening auction sale at the big new sales arena on the Silverton highway in Floydada. Cattlemen are invited to inspect the modern new auction ring and take advantage of the services offered there.

Tom Word and Virgil Brasher, owners, have planned adequate facilities so that you may expect to find plenty of pens, feed and water for your stock and in addition the company offers seating capacity for 300.

Floydada Livestock Sales Company will buy hogs six days a week and will hold an auction every Thursday, beginning October 29, at 12:30 p.m. An added convenience for those traveling to Floydada for the sales, is a cafe conveniently located to the sales facilities.

LITTLE OWLS DEFEATED BY CROSBYTON JR. HIGH TEAM

Using a long-run scoring offense the Crosbyton Jr. High outtraced the Little Owls 28-14 Thursday night at Silverton.

On the third play the Crosbyton team raced around end for their first touchdown. The Owls held the Chiefs, making the score 6-0 at the end of the first quarter. The second quarter saw the Crosbyton team deep in their own end of the field sweep right end for another T.D. The Owls received the kick and in 2 plays raced for their first touchdown, making the score 12-3.

The second half started with the Owls marching for their second T.D. putting them in front 14-12. The Crosbyton Chiefs came back in the final quarter to score two more T.D.'s making the score 26-14.

Scoring for Silverton were Max Garrison, (extra points), Stafford and Stephens.

WELDING SHOP MOVES TO NEW LOCATION

Jennings Welding Shop has been moved to the building in back of Jennings Farm Supply. This new location will give Bobbie McDaniel manager of the shop, more room and will help him better meet the needs of their customers.

Announce Arrival Of Baby Girl

Mr. and Mrs. John Earl Simpson are parents of a baby girl, Samantha, weight 6 pounds and 1 ounce, born Wednesday, October 14, at 5:00 p.m. in Swisher County Hospital. Grandparents are Mrs. S. P. Atchley of Tulia, and Mr. and Mrs. Earl Simpson.

An interesting footnote to the naming of the Simpson baby is that unknown to them, they named her the same name as borne by her paternal great grandmother (deceased) who had the same date, October 14, for a birthdate.

BRIDAL SHOWER HONORS MRS. L. E. PAIGE, JR.

Mrs. L. E. Paige, Jr., nee Edna Ellen Wright, of Amarillo, a recent bride, was honored guest at a miscellaneous bridal shower given in the home of Mrs. Clyde Lightsey, on Saturday, October 17, from 3:30 to 5:00 p.m. Mrs. Lightsey greeted the guests and presented them to the bride, who in turn presented them to her mother, Mrs. C. A. Wright, of Wellington, and Mrs. L. E. Paige, Sr., mother of the groom.

Mrs. Jim Whitfill of Lubbock, sister of the groom, registered the guests. Mrs. Hugh Nance and Mrs. Bill Long displayed the gifts. Mrs. A. L. McMurtry, Mrs. George Seaney, Mrs. J. K. Bean and Mrs. Dee McWilliams assisted in the hospitalities of the home.

The bride's chosen colors of orchid and white were used in refreshments and table decorations. The table was laid with a white lace cloth over orchid centered with an arrangement of white and orchid crystal chandeliers and gladioli. Crystal appointments were used in serving the white cake squares decorated with orchid wedding bells, orchid fruit punch, nuts and mints.

A nice group attended the shower and many invited guests who were unable to attend sent gifts.

Trailers Over 4000 Pounds Must be Licensed

Johnny Lanham, County Tax-Assessor-Collector says that certificates of title are "old hat" to owners of motor vehicles and house trailers. Now trailers over 4000 pounds must be titled too, to conform to a new law.

Serial numbers and ownership proof may cause delay, so to avoid last minute disappointment at re-registration time in February and March, Lanham urges that trailer owners apply now. The rush of those months is a poor time to get new things done.

Mr. and Mrs. J. E. Wheelock visited Friday night and Saturday in the home of their son, Mr. and Mrs. R. D. Wheelock and family, in Canyon. Mr. Wheelock attended the football game between Canyon and Dalhart Friday night.

Mrs. J. H. Burson and Mrs. Richard Quillen traveled to Amarillo on Tuesday of this week for a two-day visit with their daughters and their families. Mrs. Burson visited Mr. and Mrs. Clifford Davis and Mrs. Quillen visited her daughter, Mrs. Gladys Wood.

Chieftans Scalp Owls

In last Friday night's conference opener, the Silverton Owls went down in defeat at the hands of the Crosbyton Chiefs by score of 37-8.

Silverton received the opening kick from the Chiefs, but were unable to gain yardage and were forced to punt to the Crosbyton eleven, who let out a war whoop and headed goalward. The Owls were able to jar the ball loose from the Chiefs in the end zone to prevent Crosbyton's scoring attempt. The ball was taken out to the twenty yard line, where the Owls retained possession of the skin.

On the third down, James Roy Brown made a nice run for the Owls bringing the teams near the fifty yard marker. About three plays later, Brown passed to Bob Stafford for a nice gain, but the referees ruled that Stafford stepped out of bounds, and called the play back. On the next play, the Owls were forced to kick.

Crosbyton took the ball and marched steadily for the Owl's first gain, ending the march with a five-yard plunge by David Edwards for the first six-pointer of the game. John Tate received the pass in the end zone for the two-point conversion, to lead the ball game by an 8-0 margin.

Silverton again took the ball on kick off, and was unable to take advantage of the opportunity. No gains of any consequence were made by either team through the balance of the second quarter.

At halftime, the fans were entertained by the fine Crosbyton High School band, who proved to be equally good at their marching and playing.

The second half of the ball game consisted of five touchdown marches. The first came only seconds into the third quarter, when Crosbyton plowed over from about the two yard line, to raise the scorer to 14-0, favoring the Chiefs.

David Edwards received a long pass in the end zone about a dozen plays later for another T.D. and the pass for extra points was also completed.

In about an equal number of plays later, Stevens ran the ball across the stripes again for another Chief tally and the pass for points gave Crosbyton a 30-0 edge.

Silverton, still trying to get in the ballgame, came back for another try only to have the same luck that dogged them all night, and lose the ball on an intercepted pass. The Chiefs decided to have passing practice, but the Owls broke them up, three in a row. The decision of the Chiefs to pass again was a bad one, for Bobby Crass intercepted it for the Owls. Very shortly Brown went fifty-five yards for Silverton's one touchdown of the evening. West ran for the two extra points, to put the Owls in the scoring column, trailing the Chiefs 37-8.

Unofficial statistics for the game showed that the Chieftans racked up twenty-seven first downs to Silverton's five. In the fumble department, Crosbyton fumbled two times and had both recovered by Silverton, while Silverton fumbled three times and recovered all of them. The Owls have certainly done a good job of spotting loose pigskins this year, as they have been able to recover most of their own and almost all of their opponents' fumbles as well.

In passing, Crosbyton passed 18 times, completed 9 of them and had one stolen. Silverton passed seven times, completed 3 of them and had two stolen.

The Crosbyton team received seventy yards worth of penalties, mostly in the first half of play, and Silverton was penalized 35 yards.

Tomorrow night we meet the Ralls Jackrabbits here at home. Last week Ralls was defeated by the powerful team from Idalou, but otherwise sports a good season record and is rated about second in our district, while Hale Center and Silverton are presently battling for the cellar.

However, a shuffling of playing positions by the Owl coaches this week is hoped to bring the necessary results against our four remaining opponents.

Funeral Service Held For Cross McDaniel

Funeral services were held for Cross McDaniel, 70, in the Rock Creek Church of Christ, with Earl I. Cantwell, minister, officiating. Burial was in Silverton Cemetery under the direction of Roberts Funeral Home of Silverton.

Cross McDaniel was born November 17, 1888, at Ford County, Texas, the son of the late Mr. and Mrs. William F. McDaniel. He departed this life Friday morning, October 16, at his home in the Rock Creek Community following a sudden illness. Although Mr. McDaniel had been in poor health for sometime, his death was sudden and unexpected. He was 70 years, 10 months and 24 days of age at the time of his passing.

Mr. McDaniel was married to Nettie Pitts in September of 1911. She preceded him in death on March 22, 1943. On December 7, 1947, he was married to Beulah Pearl Fewell Townsend at Tulia, Texas. They moved to the Rock Creek Community 6 years ago from Tulia, and have made their home there since that time. Mr. McDaniel was engaged in stock-farming most all of his working life.

Mr. McDaniel was a member of the Church of Christ and had his membership in this Church for many years.

He is survived by his wife of the home, two sons, Ashel, of Silverton and Billie of Amherst; one daughter, Mrs. Ruby McWaters of Silverton; one step-son, Rayford Townsend of Harrison, Arkansas; five grandchildren and one great grandchild.

Pallbearers were: Lenton Lanham, Red Diesher, Edwin Crass, Roy Mayfield, John Turner and Wayland Fitzgerald.

I heard one of my children describe his teacher the other day. He said, "She is a very pleasant woman." After thinking about it, I have decided that was a compliment of the highest degree. Certainly, I would like to have it said of me. A pleasant person could send us about our daily tasks with a smile and a light heart. Fortunate indeed is the individual who has a pleasant person for a teacher, friend or companion.

Then my introspective mind would let me have no rest. What about me? Am I a pleasant person? There is no point in not being honest with one's self. Much of the time I am not a pleasant person! I believe in facing facts, in "getting down to brass tacks," but is there danger in being "realistic"? Have we realistic persons a tendency to look at the dark side more closely than we do the bright side of life? Are we inclined to accept what is wrong as the rule, rather than the exception?

As you know I am an inveterate reader. Still thoughts come to me from the statement of a child who had no idea that he was saying something important. Perhaps my reading has been more for pleasure than for obtaining knowledge. There is a plaque over the entrance to Bowdoin College Library that reads:

"Who reads and reads and does not know what he knows, is like the one who plows and plows and never sows."

Mr. and Mrs. Louis Croft and children of Albuquerque, are spending a visit with her parents, Mr. and Mrs. D. Oneal.
