is very difficult for me to about the National Democratic Convention which is in progress in California without a little We had to go to press before the first ballot was cast, it seemed almost certain that candidate chosen will not be one of the people's choice.

is termed the paradox of the century that the man apparently possessing the votes to win the Democratic nomination is not even favorite among the delegates attending the convention.

The Texas Senator, Lyndon Johnson, for whose nomination we very good chance to win the Presidential seat in November, while the man most likely to be nominated has a very, very good chance of defeat. It seems that the youth Kennedy is being selected over an experienced leader who has given himself over and over.

It takes much money, I am told, to line up a nomination for the presidency and according to reports some \$5,000,000 was spent in the Kennedy movement. Comments were made months ago, that it was not necessarily said that the votes were actually bought, but the ambitious will give their support for what they can get out of it, either through favors or payments to office.

In the way of this political game of ours, the people's choice probably will not be the chosen to represent the Democratic party. As a result of this very poor judgment, I am fully of the opinion that Texas will give a large majority to the Republican candidate in November though he has not yet been named. Religious issues were not taken when Mr. Eisenhower defeated Adlai Stevenson, but it is believed that Stevenson was just the man the Democrats wanted.

So now many politicians are camping on the Kennedy bandwagon, cheering and waving his name. But I think that even as they cheer they are wishing to themselves that they could be cheering for the man of Texas, for whom I am ready to cast my vote. They are as well as the rest of us that are alone who could carry the torch standard to victory in number.

At-year-old Mike Sarchet, our son, who has been visiting at the EWS office from Fort Worth, up with the question: 'Why do you have a convention, any select a candidate for president we told him. "I don't see why," he puzzled, "people don't just go and vote whoever they want." "The words from a little boy, along with his elders, just understand why things are the way they are.

## NATION'S FARMERS VOTE JULY 21 ON MARKETING QUOTAS

The nation's farmers vote July 21 whether to continue present federal regulations on wheat, or adopt an alternate program allowing anyone to plant and market as much wheat as he wants.

For the last seven years farmers have voted for similar federal controls that this year limited national wheat production to 55 million acres and guaranteed a minimum price of 75 per cent of parity.

When parity is 100 per cent, in theory the farmer would be receiving a fair price for his crop in relation to the prices he pays.

## NAMED TO DEAN'S HONOR ROLL

Plainview—Zenobia Sue Self, Silvertown, with a 2.56 grade average, is among the students listed on the 1960 Spring Honor List recently released by Dean Cecil Cosper at Wayland Baptist College.

Miss Self, who recently completed her sophomore year at Wayland, is the daughter of Mr. and Mrs. M. B. Self, Silvertown, and a 1958 graduate of Silvertown High School.

Consistently named on the honor roll, Miss Self is seeking the B. A. degree in history and physical education.

## Five Boys Receive State Farmers Degree

Five boys from the Silvertown FFA Chapter will receive the Lone Star Farmer Degree in Houston, Texas, on July 20-22, at the annual State F. A. Convention. The boys who are to receive this degree are Joe Anderson, Dave Schott, Eldon Oneal, Jim Smith and Larry West.

This degree is the highest that the state presents. We extend congratulations to these boys for their fine work.

## Attending Ceta Canyon Camp

Mrs. Lem Weaver is a counselor at Ceta Canyon Methodist Camp this week. Kathy Hughes, Paula Carol Turner, Tina Weaver, Joe Self, Darrell Long and John Montague are attending camp there this week from the local Methodist Sunday School.

Mmes. Bill Long and Orville Turner and Rupert Hughes took the group to camp. Rowland Montague went to the canyon with them, but did not stay for the camp.

## Red Cross To Sponsor First Aid Course

The Silvertown Chapter of the American Red Cross Society will sponsor a First Aid Course here in the very near future. The exact time and place have not been decided upon as yet, so watch the columns of your local paper for further announcements.

All who are interested in such a course are asked to attend, and a special invitation has been extended to the Scoutmasters and Leaders to attend with their Scouts.

## H-SU Ex-Students To Hold Watermelon Supper

A watermelon supper for Hardin-Simmons University ex-students residing in the 11-county area around Silvertown will be held in Elwood Park in Amarillo July 21, at 7:30 p.m.

Chester O'Brien, president of the Amarillo area alumni association, is in charge of the arrangements for the meeting. Ex-students from Briscoe, Swisher, Armstrong, Deaf Smith, Oldham, Dallam, Sherman, Moore, Randall, Potter, Hartley, counties have been invited.

There are approximately 225 Hardin-Simmons ex-students in the area.

Truett Latimer, alumni director for the university, will attend the meeting. He will show a film entitled "Education Is Everybody's Business."

While not dealing specifically with needs at H-SU, the motion picture does relate them to the national program of higher education, O'Brien said.

The alumni were invited to bring their families with them to the informal get-together.

In addition to O'Brien, area alumni officers are Strauss Atkinson of Canyon, vice president, and Cordell Bales of Amarillo, secretary.

## SERVICES TO BE HELD AT SPANISH MISSION SUNDAY

Rev. Fidel Guzman, the new pastor of the Spanish Mission in Silvertown, has announced that services will be held this coming Sunday.

Rev. and Mrs. Guzman and their two daughters are moving to Silvertown this week.

All the Latin American residents are invited to attend the services.

Recent five and six inch rains which fell on Briscoe and surrounding counties swelled the Tule Creek to river proportions. The above picture was made after the water had gone down, but is still a good illustration of the amount of water that ran through the canyon and forever out of our area. By now the creek is probably only a trickle again, indicating our need for a dam across the canyon to save these waters for our benefit, instead of letting them go on to benefit none and most likely to add to flooding conditions elsewhere.

## TEXAS DEPARTMENT OF PUBLIC SAFETY WARNS CATTLE OWNERS

The Texas Department of Public Safety this week is reminding Texas Cattle owners that a new law went into effect July 1 aimed at controlling livestock on designated U.S. and state highways.

The new law makes it illegal for a person knowingly to permit his domestic livestock to roam at large and unattended on state and federal highways. It applies regardless of whether or not the highway right-of-way is fenced. Maximum fine for such violation is \$200, and each day the violation occurs may be considered a separate offense.

Farm-to-market roads are excepted from the law. The new law also gives law enforcement officers the authority to have such livestock picked up, when unable to locate the owner, and turned over to the sheriff or constable in the county.

The law does not prohibit the driving or herding of livestock across or along highways. It gives peace officers the authority to enforce provisions of the act without a warrant.

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, and state patrolmen will enforce provisions of the law in an effort to reduce the number of traffic hazards caused by animals on designated State and U.S. highways. He said that during the year 1959, a total of 1406 rural traffic accidents occurred in Texas involving animals of all types. In these accidents 216 persons were injured and four were killed.

## Attend Plains Baptist Camp

Mrs. Herbert Stephens and Mrs. Rex Holt, sponsors, and a group of 9-11 year-olds from the local Baptist Church, attended the Plain-Baptist Assembly Camp near Floydada from Monday through Wednesday. Those attending were Teri Lee, oyce Brooks, Kathy Maples, Debbie Dickerson, Rickie Bingham, Cheryl Stephens, Ian Lanham, Jan Hutsell, Nancy Long, Karen Holt, and Ruby Norris.

Mrs. Carrie Hall of Boswell, Oklahoma, and her son and family, Mr. and Mrs. Kenneth Hall and Judy of Tulsa, Oklahoma, spent the Fourth of July holidays here with Mr. and Mrs. Glenn Jones and Mr. and Mrs. Bill Verden and Debbie. Mr. Jones is a brother to Mrs. Carrie Hall.

## Spurgeon Family Reunion Held In Clarendon

A Spurgeon family reunion was held in the home of Mr. and Mrs. J. I. Spurgeon in Clarendon on Sunday, July 10, 1960. Mrs. W. T. Haley of Plainview and Mrs. A. A. Alexander of McKinney, sisters of Mr. Spurgeon, were the only members of the immediate Spurgeon family present.

Among those attending were a son and daughter of Mrs. Alexander from Garland; Mr. and Mrs. Ernest Davis of Texline; Jackie Bennett Green of Chandler, Arizona; Mr. and Mrs. Harley Spurgeon and family of Amarillo; Mrs. C. L. Wilson and Brad and Mr. and Mrs. Robert Haley Hill of Canyon; Mr. and Mrs. R. L. Hill and Susie of Silvertown and a large group of other relatives.

## 4-H Achievement Show To Be Held

The annual 4-H Achievement Show will be held Saturday, July 23, in the Showroom of Simpson Chevrolet Company beginning at 9:00 a.m.

Both boys and girls are eligible to exhibit articles in the following projects: clothing, foods, garden products, flower arrangements, and handiwork.

Entries for the foods division should be made in Cookies; refrigerator, rolled, drop or brownies; Cakes; layer or chocolate; Pies; cherry; Bread; yeast rolls, biscuits, or corn bread muffins.

Handiwork would include leathercraft or other such hobbies.

All members are urged to make entries in each of these divisions. Be sure to have your articles at the Showroom by 9:00 a.m. to be judged.

These articles will be on display to the public after 12:00.

Mr. and Mrs. Albert Mallow and Becky visited Mr. and Mrs. George Wayne Rampley and children and other relatives in Roswell, New Mexico, on Tuesday and Wednesday of last week. Doug Rampley returned home with his grandparents for a visit.

**THOUGHTS FOR THURSDAY**

(from The TULIA HERALD)  
by H. M. Baggarly

Inconsistencies appear in every phase of human activity—and churches are no exception. Most often, when inconsistencies are pointed out, extreme cases are noted. We divide black from white. One of the best articles we have seen in a long time appeared recently in The Presbyterian Survey, Ben Hartley, editor. The article is good because it is so timely and so descriptive not of the "perfect" church (which of course does not exist) nor the completely apostate church. It describes neither the black nor the white—but the gray, the lukewarm type with which most of us are most familiar.

We live in a day when it is popular to establish mission churches "for those who don't have clothes good enough to attend the First Church," for those who "don't fit" into First Church society. However, the man of prestige, the man with a sizeable bank account usually "fits," regardless of his spiritual qualifications. He not only fits into our membership but he fits into our official boards and places of honor.

The Presbyterian Survey article follows: A man came to our church door. He knocked. "Who's there?" we asked. "A sinner," he answered. "May I come in?" Inside, the righteous ones whispered. "I know this man—a drunkard!" one said. "I know him, too—he lives in filth!" another charged. "His clothes are dirty and ragged. And he never bathes!"

Despite his evil ways and disgraceful appearance, it might be possible to help this man become a respectable church member, we decided. So finally, we opened the door. But the man had gone!

Another sinner knocked at our church door. "I'm an ex-convict," he told us. "I accidentally killed a man in a barroom brawl. May I come in?" He waited while the righteous ones conferred.

"How do we know he won't kill again?" someone asked in tremulous tones. We would have to watch every move he makes!" another warned. But as Christians we must help rehabilitate this man, we agreed. So we opened the door.

But he, too, had departed. Another stranger came to our church door. He was black. Some of us were embarrassed, others indignant. But the liberal forces prevailed. "You may come in," we said. "But you won't be happy here!"

He went away and we sighed with relief. Another man came. But we could not understand what he was saying. He talked in such a funny foreign way, we could not keep from laughing.

"Draw him a map so he can find

An uncle of mine used to make the following statement: "God may not mind helping most of us now and then, but I reckon that He must get a mite tired jes' toten some folks all the time." Every now and then we are asking God to help us have our wants when we remember the above and stop to ask ourselves if we have done our very best to stand on our own. We believe that God would get just a bit impatient with us if we failed to use all of our own resources to help ourselves out of any predicament. When we have done the best we can then He will be nearby to lend us that helping

that Greek Church," someone suggested.

We were shocked because he spat on the sidewalk as he left.

We knew by reputation the man who knocked next. He was pink, possibly even a Communist.

"Tell him to go to Russia!" someone screamed.

"We hate Communists!" we shouted.

No sneaky, lying, godless Red would ever get into our church to contaminate us. We were to reserve our Christian love for a more deserving people.

We locked the door and barricaded it!

As the next man knocked, he slipped an envelope under the door. Inside we found a check for \$10,000 signed by a prominent man.

"Ah, a lost sheep returns—humble and penitent," someone said.

"We must forgive and forget his past sins," someone urged.

"He comes from a fine family—we must challenge this man by giving him a responsible job in our church," someone suggested.

We opened the door wide, rejoicing because we had brought a sinner—the right kind of sinner—into our church.

hand. Now and then we find folks who are the same way about the every day problems. We have seen those who seemed to have their hand outstretched for someone to give some help. It seemed that they always had some sort of a made-to-order emergency that would justify the neighbor's helping you.

On the other hand, most folks do not really want to be helped but would rather make it on their own. These folks can be persuaded to take some help when a real tragedy occurs but will soon be seen bouncing back into high gear and doing things for themselves.

God wants us to be humble, but He doesn't want us to become helpless. He wants us to trust Him, but He would not want us to stop trying on our own. He will provide us with the fishes but we are expected to keep on digging for the bait and tugging to our lines. God will help each of us with our problems, but the fellow who keeps trying to help himself will always be a bit farther down the

**THE RIGHT APPROACH**  
 The right approach to the Bible is important. Not reading this, some study it with the idea of making it fit into present day situations. We should be doing our best to bring situations today into line with the Bible.

For example, we see a divided Christianity. We see conflicting religious bodies each claiming to be a different way to heaven. Then we try to read such a situation into the Bible. We realize that the seven churches of Asia, (Revelation 1:20), must have referred to seven different denominations. We think the "branches" in John 15:2 must refer to different kinds of churches. And we reason that Jesus must have spoken of denominations in John 10:16 when He spoke of "other" sheep. We are trying to make the Bible support present conditions.

But such reasoning is faulty. Modern day denominationalism did not come into being until hundreds of years after the day of the apostles and the passage we thought supporting denominationalism were speaking of other things. The seven churches of Asia were seven congregations, the branches referred to individuals (John 10:6), and Jesus was speaking of the Gentiles as the "other" sheep who would soon be in the "one" fold (John 10:16) which was none other than His church.

Furthermore, Jesus prayed that His disciples be "one" (John 17:20, 21). Paul condemned division (1 Cor. 1:10; 3:3-9), and God's wrath abides upon all who preach a different gospel (Gal. 1:8).

All misunderstanding could have been avoided had we approached God's Word determined to let it speak for itself. We would not have to try to justify hundreds of conflicting bodies. We would learn of the one body, the church (Eph. 4:4; Col. 1:10). That church would be big enough to include every Christian because that is how He planned it. Our platform would be in the Bible alone.

## Tax Problem Coming Up For Attention

Gov. Price Daniel's money raising proposals indicate that many of next years tax battles will be fought on familiar terrain.

Basic program submitted by the governor to the State Finance Advisory Commission is the same as the one he submitted in 1959. Even the total goal is nearly the same.

In 1959 the Legislature passed a bill aimed at raising \$185,000,000 in new money. Governor Daniel estimates 1961 new-money-needs at \$193,000,000. This is to cover an expected deficit of about \$68,800,000 and increased annual spending of about \$62,527,000.

To raise this money, the governor suggests revising the corporation

tropical plants and flowers. You can stop off at a sidewalk cafe for an adventure in exotic foods, too.

franchise tax formula and increasing the liquor tax, gross, receipts abandoned-property act (allowing tax on utilities and the auto sales tax. He also suggests passing the state to take over unclaimed bank accounts, property, etc.) and putting a tax on beer and cigarettes sold on military bases.

Governor Daniel also told the Commission of four other tax ideas which he said had been suggested by others.

These include:

1. A 10 per cent increase on all items in the Omnibus Tax Bill except cigarettes, tobacco and franchises.
  2. A 1-cent-a-gallon increase in the gasoline tax.
  3. A tax of 1 cent per thousand cubic feet on the processing of natural gas.
  4. A 3 per cent tax on gross receipts of gas pipeline companies.
- Governor Daniel said he knew his proposal would be criticized as "riding the same old horses." But he said the affected tax sources would not be taxed any heavier than those in neighboring and competing states.

Finance Commission is to begin committee work this month and

## SOIL CONSERVATION DISTRICT NEWS

by Virgil Henson

Considering the amount of rain we have had recently, it probably seems out of order to mention irrigation. However, we all realize that later this summer we will have to irrigate if we expect a maximum yield. Of course, we all want to get maximum efficiency of our irrigation water with a minimum of soil and water loss.

A recent statement in an article by the High Plains Water Conservation District indicated that they intend to enforce their rules concerning waste of irrigation water.

Water can be applied at the proper rate for plant growth with little loss of soil and water. For instance, if you have a well that pumps 900 gallons per minute you are getting two acre inches per hour.

Figuring 80% efficiency, which is pretty high, you would have 1.6 inches per hour applied to be used by the crop.

Crops such as cotton and grain sorghum will use about 3 inches of water per day in late summer during peak use. This means that you will need to apply three to four inches of water every fourteen days for maximum yields.

Using the above as a guide, about twelve acres can be watered in twenty-four hours.

About 140 to 160 acres of summer crop, then, can be watered from a 900 G.P.U. well — if the water is properly applied. In most cases we have found that three or four or even five times too much water is applied or only half enough is applied for maximum efficiency.

The proper amount of water to apply per furrow to obtain three to four inches with minimum water loss can be determined. It depends on the slope of the land, the intake rate of the soil, the crop and the length of run.

Using the above, plus the amount of water the well pumps, the S.C.S. can assist anyone in figuring the optimum amount of water to apply for maximum efficiency.

## News From Quitaque

"the Queen of the Valley"

reported by Mrs. Charles Gowin

The O.E.S. Chapter No. 878 met in the Masonic Hall July 7, in the regular stated meeting. Mrs. Besie Saul, Worthy Matron, and Bill Saul, Worthy Patron, were in charge of the meeting.

Refreshments of cake, punch and coffee were served to twenty-one members.

Mr. and Mrs. Charles Gowin attended the wedding of her nephew, Richard Clinton Kelly, in Littlefield, on July 1. Wedding vows were exchanged in the First Baptist Church with the Rev. Robert Langshore officiating.

The bride is the former Miss Sherron Elaine Robison, daughter of Mr. and Mrs. C. E. Robison of Littlefield.

The couple is at home in Amarillo where they are both employed.

### Apply Early For Birth Certificates

This September, 262,420 children are expected to enter the public schools of Texas for the first time according to estimates of the Texas Education Agency.

Estimates are based on births six years ago, immigration estimates and projected birth-to-death ratios.

Nearly all public school districts in Texas require proof-of-age in the form of a birth certificate or a suitable certified copy stating that they are six years old on or before September 1.

During July and August, because of the increased demand for birth

certificate copies, the Division of Vital Statistics of the Texas State Department of Health is one of the busiest places in Texas.

At the peak periods more than a thousand requests for certified copies must be processed daily.

After the request is received with the correct information and fee properly accounted, a card is prepared which serves as a record of the transaction and an aid in locating the original record.

A special searching crew—extra personnel are needed during peak periods—locates the original birth certificate from information furnished on the record card.

The original certificate is photostated, officially signed and sealed and mailed to the person requesting the copy.

A record is kept of the transaction for accounting purposes with appropriate listings.

Parents who have children entering the first grade this year should check with the superintendent of schools regarding local regulations.

A certified copy of birth may be obtained from a local registrar, county clerk or the Division of Vital Statistics of the Texas State Department of Health, 410 East 5th Street, Austin, Texas.

Enclose one dollar with the child's name, date and place of birth, and the parents' names.

Ag Teachers Workshop To Be Held In Amarillo

Vocational Agriculture teachers throughout this area will attend a 2-day Motor Lesson Workshop at the Episcopal Church Conference Center, north of Amarillo, next Monday and Tuesday, it has been announced by Walter Labay, Supervisor, Vocational Agriculture, Area I. The workshop, conducted with the cooperation of Southwestern Public Service Company, will feature several instructors, all experts in their fields. Bob Jaska, Farm Electrification Specialist, of the Texas Education Agency, College Station, will conduct two sessions covering the Selection of Electric Motors and Putting the Motor to Use. Bill McCune, Director of Farm Electrification Research, Texas A & M College, will speak on Motor Protection and Care. The subject of Pelletting Machines will be fully covered by John Stump, sales representative for California Pelletting Mills, Oklahoma City. Motor Drives — Pulleys and Belts, a knowledge of which is necessary for full and proper utilization of electric motor power will be explained by Bill Seagriff, representing the Gates Rubber Company. Hay drying and Cross Flow Aeration will be discussed by Fred

FLOCCULENT MAY PROVE SUCCESSFUL FOR REMOVING PLAYA LIKE SEDIMENTS

College Station—Tests conducted recently on the High Plains indicate that a commercial flocculent, Separan AP-30, may prove successful for removing sediments from playa lake water used for groundwater recharge. Application of the flocculent reduced the amount of silt plus clay entering a recharge well in a 24-hour period by 49 percent. During the test, which consisted of a 24-hour recharge period, the flocculent was added at a constant rate of 0.7 ppm to the water at the inlet pipe in the lake. The irrigation pump was operated for one hour at the end of the recharge period. Samples were taken of the unflocculated water at the pipeline intake and of the flocculated water at the well inlet. Rabe, consulting engineer, and president of F. W. Rabe Engineering Company, Dallas. Other subjects to be on the agenda are: Common Electrical Terms, Need for Studying Electric Motors, Wiring Board Program, and Electric Heating, presented by Brac Biggers, Cecil Bradshaw Tom Field, Harry Webber and Joe Luscombe, Public Service Company specialists. The agriculture teachers, in addition to "learning their lessons" in an attractive setting will also enjoy swimming and other outdoor sports in their free periods. Registration for the workshop will begin at 9:00 a.m. Monday, and the sessions will conclude at 4:00 p.m. Tuesday.

ORIGIN AND CAUSE OF GIN FIRES STUDIED

College Station—Every year, Texas gingers suffer sizeable losses as a result of gin fires. In an effort to determine the causes of these fires and the effectiveness of recently developed preventive devices, the Texas Agricultural Experiment Station conducted a study of fires in approximately 10 per cent of the State's gins. Five types of gins were selected to make the reports: those with green boll or rock traps only, those with magnets only, those with rock traps and magnets, those with complete or partial carbon dioxide systems with magnet or green boll trap, or both, and a control group without any of these devices. Matches were found to be, by far, the greatest cause of fires. This can only be attributed to carelessness on the part of cotton pickers. No device has been developed to trap matches, and the only practical means used by gingers to reduce these losses is the distribution of safety matches to pickers. The gins with no devices at all had one of the best fire loss records. These results could be due to chance, or because of too small a sample or too short a test period. Complete results of the study have been published. This publication may be obtained by writing the Agricultural Information Office, College Station, Texas. Fulton Gregg is thought to be recovering satisfactorily from recent surgery in a Plainview hospital. He returned home a few days ago. Mrs. Wm. P. Smith, Tresa and Mike, of Tampa, Florida, are visiting relatives here. Mr. and Mrs. Kenneth Jones and children of Slaton, were here on Sunday. Mmes. Smith, Jones, and Dock Wallace are daughters of Mr. and Mrs. W. N. West. Mrs. Ellie Barnes of Oklahoma City, visited Mr. and Mrs. L. L. Thornton and Lynn the first part of the week. On Thursday the Thornton family planned to take her to the home of Mrs. P. D. Murray in Hollis. Mrs. Barnes is the mother of Mmes. Thornton and Murray. Mr. and Mrs. Mel Jowell and children of El Paso, have recently spent a day and night here with her sister and family, Mr. and Mrs. Gene Morris and Joel. Mrs. John R. Guest spent Monday of last week in Tulia with her good friend, Mrs. B. D. Tindall, who formerly lived here. The ladies were friends in Stephenville before they moved to Silvertown about fifty-three years ago. Mrs. Guest and her late husband came here one year before Mrs. Tindall and her late husband arrived. Mrs. Guest went to Lubbock on Monday evening of last week and visited her son and family, Mr. and Mrs. Garner Guest, John and Bill, through Friday. Mrs. Darrell Sorter and Brenda of Saint Louis, Missouri, and Mr. and Mrs. James Patton visited Mr. and Mrs. Martin Grindstaff in Artesia, New Mexico. Mrs. Rex Puckett of Phoenix, Arizona, was also a guest. She is the mother of Mrs. Grindstaff and Mr. Patton, all of whom lived here many years. Mr. and Mrs. Farris Martin, Brenda, Ginger and Mary McWilliams left Tuesday of last week for Galveston where they met Mr. and Mrs. G. C. Watters, Jerry and Guy, and all spent five wonderful days in the Watters' cabin in a Frewill Methodist Camp. Ginger was the champion fisherman — having caught 40 fish one morning. They brought quite a few fish home with them. The entire party came to the Watters' home in Fort Worth, where they spent two days. The girls enjoyed some water skiing on Lake Worth. They came home Tuesday. Mr. and Mrs. M. F. Russell and Linda, of Denison, have recently visited his sister and family, Mr. and Mrs. Bruce Womack for a day or two. Ike McClendon has been a patient in the Tulia hospital since Saturday afternoon. He was improved early this week. Mr. and Mrs. Rupert Hughes, Ronnie and Kathy, visited Mrs. H. Moreman at Hedley on Sunday. Mrs. W. H. Moreman of Memphis and Mr. and Mrs. Jack Moreman of Brice, joined the first group in a picnic dinner in a Memphis park. Ronnie had spent the last two weeks with his grandmother at Hedley. Mr. and Mrs. Jim Woodward of Hereford are staying with Mr. and Mrs. J. R. Porter, Sr., for a few days. Mrs. Woodward is a sister to Mr. Porter; they lived here several years ago. Mr. Porter is recuperating from a recent heart attack and Mrs. Woodward is recuperating from a broken hip.

FARMERS UNION FAVORS IKE'S SUGAR CUT

The following letter was sent to President Eisenhower by Alex Dickie, Jr., President, Texas Farmers Union, with regards to sugar beet acreage for Texas farmers: Dear President Eisenhower: Congratulations on having cut the Cuban Sugar quota. I think the vast majority of the citizens of this country feel this was long past due and you and the Congress have acted wisely. I would respectfully like to urge you to immediately take steps to have the Department of Agriculture distribute sugar beet acreage to our many thousands of adaptable sugar beet acres in Texas and surrounding states. Our farmers are in desperate need of this money crop. I strongly feel that the United States consumer would prefer sugar grown on American farm to that of any other country in the world. We in Farmers Union stand ready to help in promotion of the sugar beet acreage in the adaptable areas in any way that we can. Dickie stated that he would like to urge all interested farmers and sympathetic citizens to write their Congressmen and Senators to release sugar beet acreage to adaptable farm areas throughout Texas. We should all work through our organizations, both farm and civic, to get this story of the domestic production of sugar across not only to our elective officials, but to the citizens of the United States stated Dickie. Mr. and Mrs. F. A. Fitzgerald and Gary spent Friday night with Mr. and Mrs. W. H. Fitzgerald. Mr. and Mrs. Dale McGaugh spent Sunday in the Fitzgerald home. Mrs. E. C. Newman and Mrs. Virgil Crow, Gary and Phyllis visited Mrs. Elma Baker in Plainview Sunday afternoon. K. M. Fleming spent the week end in Byers. Mrs. Fleming went as far as Quanah and visited their daughter and family, Mr. and Mrs. Doodle Zachry and son. Mrs. Carl Hawkins, Kay and Penny, of Lubbock spent Tuesday with Mr. and Mrs. Ray C. Bomar. Mrs. Bomar enjoyed the day immensely as she took a day off from her regular duties to be with her sister and daughters. L. L. Thornton, minister of the Silvertown Church of Christ, held a revival at Allen, Oklahoma, from July 27—July 3. Mr. and Mrs. Thornton and Lynn stayed with his mother, Mrs. Bettie Thornton, at Stonewall, Oklahoma, and commuted to Hollis. Mrs. John E. Arnold reports that she and Mr. Arnold are just doing the best they can from day to day. He has been bedfast since September 1958, and is unable to speak. He has developed a slight irritation in one ear, but it does not seem to be serious nor extremely painful at this time. Mrs. Clyde Tunnell was in Memphis with her grandchildren, Susie, Bill and Jan Smithee from Thursday through Sunday and planned to go back on Wednesday for another stay with them. The children's mother, Mrs. Willie Amel Smithee, and new daughter, Shelly Ann, are in Northwest Texas Hospital in Amarillo. Mr. and Mrs. Verlin Towe took their sons, Greg and Jay, and Larry McWilliams to Lubbock Saturday afternoon for a shakedown camp in preparation for their attendance of the National Boy Scout Jamboree at Colorado Springs July 22-29. Mr. and Mrs. Towe went on to Lamesa and were week end guests of Mr. and Mrs. Jean Grundy and Carol, former Silvertown residents. Mr. and Mrs. Virgil Baldwin and Dan are spending this week in Los Angeles with their son and wife, Mr. and Mrs. Jack Baldwin and Debra, Jack, who is in the Navy, will leave soon for a six month cruise of the Far East. Mr. and Mrs. Aubrey Rowell and Mr. and Mrs. Joe Brannon and Brent attended a Harrison family reunion at Brownwood over the weekend. On the way to Brownwood they stopped for a visit with Mr. and Mrs. E. L. Gardner, near Rising Star. The Gardners lived here many years and raised their family in this community. Mrs. W. A. Rowell, her two sisters and three brothers were present at the reunion along with about fifty other relatives. She had been visiting relatives down state for about six weeks. She returned home with her son and family, the Aubrey Rowells. Mrs. Bud Schofield and Janna of Lawton, Oklahoma, are spending an indefinite visit with Mr. and Mrs. I. McJimsey and George. Bud Schofield is with the Army at Camp Chaffee, Arkansas, teaching units of the National Guard. Mr. and Mrs. I. McJimsey and Mrs. Bud Schofield and Janna visited Mr. and Mrs. M. J. Schafeld at Roaring Springs Sunday afternoon. Mr. Schofield is now Superintendent of the Roaring Springs school system. Mrs. Schofield will also teach there. They are former teachers in the Silvertown Schools.

## WHO'S NEW

Mr. and Mrs. Willie Amel Smithee of Memphis, are parents of a baby daughter, Shelly Ann, born in Northwest Texas Hospital in Amarillo on Friday, July 8, and weighed 10 pounds.

Mr. and Mrs. Smithee grew up in Briscoe County and lived here several years after their marriage. They have a son and two other daughters.

Mr. and Mrs. Clyde Tunnell and Mr. and Mrs. Will Smithee are the grandparents.

Mr. and Mrs. Clifford Youngquist of Plainview, are the parents of a baby son born at the Medical Center there at 4:00 p.m. Friday, July 8; weight 7 pounds and 1 oz.

They have two other children, Robert and Lareta.

Grandparents are Mr. and Mrs. Youngquist of Abilene, and Mr. and Mrs. Ewing Vaughan. Ed Vaughan is the great grandfather.

Mrs. Clayton Woods and children spent a few days last week with Mr. and Mrs. Sam Gordon Lusk and children in Dallas, and then returned here to visit relatives before going to their home in Dell City. Mmes. Wood and Lusk are the daughters of Mr. and Mrs. U. D. Brown.

Mr. and Mrs. Billy Woods spent Monday night and Tuesday of last week here with his parents, Mr. and Mrs. Floyd Woods. Billy, a CPA, and graduate of Texas Tech, works and lives in Guatemala City, Central America. Dena makes her home in Houston. Billy flew in to Florida Monday, Dena joined him at Houston airport, and they flew to Lubbock, coming to Silverton by car. They arrived here at 11:00 p.m. Monday and then caught a plane from Lubbock back to Houston Tuesday afternoon. He was to return to Central America on Wednesday.

## NEW WHEAT VARIETY RELEASED

College Station—Seed from Tascosa, a new hard red winter wheat variety which produces excellent yields of outstanding quality, will be available from producers of certified seed after the 1960 harvest.

Tascosa was developed by the Small Grains Section of the Texas Agricultural Experiment Station in cooperation with the USDA. It was named for Tascosa, the early Panhandle settlement west of Amarillo.

Tests on the Rolling Plains show Tascosa ranking first in yield.

## General Telephone Ninty Per Cent Dial

General Telephone Company of the Southwest served over 300,000 telephones at the end of June.

Ninety per cent of the telephones served by General Telephone Company of the Southwest were dial operated at the end of 1959.

Mr. and Mrs. J. B. Graham from Nocona visited his sister, Mrs. A. H. Chapell, and family.

Miss Ina Lou Grabbe arrived home Thursday from Pasadena, California, for a visit with her parents, Mr. and Mrs. Warner Grabbe and family. Ina Lou has been attending school at Ambassador College at Pasadena and received her Bachelor of Arts Degree there on June 3.

Mrs. Pat Northcutt, Christi and Susan, spent Wednesday and Thursday in Hart with Mr. and Mrs. Carol Davis and Alex.

In regional trials in 61 station-year tests, Tascosa averaged 33.7 bushels per acre over a 4-year period compared with 33.3 for Concho and 31.4 for Comanche. The new variety has not yielded as well as Crockett in North Central or Central Texas tests, and because of this and its susceptibility to certain diseases, it is not recommended for these areas.

Tascosa differs considerably from the present commercial varieties grown in Texas. The plants are shorter in stature and the straw is strong, which aid in resisting lodging. The variety resists shattering and may require special setting of the concaves for threshing because the kernels are held tightly by the glumes.

Further information about Tascosa can be obtained by writing the Agricultural Information Office, College Station, Texas, and asking for Leaflet 483.

Iweta Ann Joiner fell at her home in Houston July 3, breaking her hip. She grew up here and is sister of Mrs. Alvin Redin, who plans to go to Houston when Mrs. Joiner leaves the hospital where she is now recuperating satisfactorily.

# GO AHEAD! PASS IT! NOBODY'S WATCHING.

But note this: nearly 42,000 men, women and children will die in traffic accidents this year, if the present rate continues—wiped out by stop-sign passers, traffic-light beaters, speeders and other potential murderers.

And thousands of drivers will wind up with the brutal knowledge that they killed someone on the street or highway.

You save about 10 seconds if you don't stop at a stop-sign. What can you do with those 10 seconds when you pause to think about it?

### Traffic deaths can be halted if everyone does just this:

**FIRST**—Drive safely and courteously yourself. Observe speed limits and warning-signs.

Where traffic laws are obeyed, deaths go DOWN!

**SECOND**—Insist on strict enforcement of all traffic laws. Traffic regulations work for you, not against you.

Where traffic laws are strictly enforced, deaths go DOWN!

**THIRD**—Work through your church, PTA or civic group for extra policing where needed, better street lights and signals, and a school safety program.

Where people work actively for safety, deaths go DOWN!

**FOURTH**—Call on your local or state safety council for help in promoting better laws and uniform enforcement.

Where everyone understands the law, deaths go DOWN!

In city after city, day after day, it's been proved over and over again—

## JULY 24-30 PROCLAIMED FARM SAFETY WEEK

Governor Price Daniel by proclamation has designated the week of July 24-30 as Farm Safety Week in Texas. This same period has also been designated as National Farm Safety Week by the President of the United States.

In his proclamation, Gov. Daniel said: "The Nation's economy is dependent upon the continued well being and progress of our State's agricultural population. Accidents from farm work cause needless suffering, distress and loss of life each year among our rural families.

"By directing the attention of our rural residents to safety education, such worthwhile programs as are now being conducted can greatly reduce accidents. I urge all Texas farm families to increase their vigilance against needless accidents and further encourage interested organizations and individuals to participate in this program."

The Texas Farm and Ranch Safety Council points out that the purpose of the special week is to focus attention on the year-around need for reducing the number of farm accidents, and to cause those who can do something about the problem to act. The farmer and his family, says the Council, must carry safety in their everyday lives. Nationally, they add, farm accidents cost one and a quarter billion dollars annually, a sizeable sum any way you take it.

The ever-tightening cost-price squeeze faced by agriculturalists makes accident prevention even more important, says the Council, because a single costly accident can just about squeeze out the profits from most farm enterprises.

The Council joins Governor Daniel in urging rural residents and organizations to make safety their number one project for the months ahead.

Mr. and Mrs. Kirby Ashby of Plano, visited from Sunday to Friday with Mr. and Mrs. J. E. Wheelock. The group visited relatives in Hereford and Canyon on Tuesday.

Carl Wayne, Blakey and Debbie Lewis, children of Mr. and Mrs. Carl Lewis, of Lubbock, are spending an extended visit with their grandparents, Mr. and Mrs. T. M. Marshall.

Patti Marshall, daughter of Mr. and Mrs. Sid Marshall of Lubbock, is spending an extended visit here with her grandparents, Mr. and Mrs. T. M. Marshall and Mr. and Mrs. Bryant Eddleman.

Mr. and Mrs. Bud Long and Rocky Curby spent the weekend in Frederick, Oklahoma, with Dr. and Mrs. M. O. Walls and family. Jerry Walls returned home with them for a visit with relatives here.

Mrs. J. F. Tiffin, 63, of Quitaque, the mother of Keyth Tiffin, has been seriously ill in the Lockney Hospital for several weeks. She has good days and bad ones, it is reported. Spud Tiffin visited his grandmother Monday.

Mr. and Mrs. Glenn Jones recently went to Commerce for a couple of days visit and to return home Judy Ferguson, who had been here three weeks. Mrs. Otis Ferguson, Judy's mother, is a sister to Mr. Jones.

Mrs. Maxine Morris has recently visited Mrs. Freda (Jonsie) Jones in Burkburnett. Mrs. Jones, who formerly made her home here, is in fine spirits despite her long illness.

Mrs. Charlie Kelly, Karlease and Kimberly, of Muscogee, Oklahoma, arrived here on Friday for a visit with her parents, Mr. and Mrs. Lee Deavenport. Roy Lynn Deavenport, who attends school at Tech in Lubbock, spent Friday and Saturday here. Other visitors in the Deavenport home on Friday were Mrs. Arlie Barnett, Ronnie, Dana and Linda, of Amarillo. Linda remained for a longer visit. Mr. and Mrs. Lowell Jarrett also visited in the home. Mr. and Mrs. Deavenport are the parents of Roy Lynn and Mmes. Kelly, Barnett and Jarrett.

While in Silver City, Colorado, they visited Mrs. Boyn Zumalt and other relatives before returning home.

## ATTEND FUNERAL IN ARIZONA

Mr. and Mrs. A. D. Arnold, Mrs. Luther Gilkeyson and Mr. and Mrs. Roy S. Brown and Sam returned home on Tuesday of last week after having attended the funeral of Mrs. Arnold's sister, Mrs. Lela Bishop, 78, in Duncan, Arizona, on Saturday. Mrs. Bishop is survived by a daughter and two other sisters.

Mr. and Mrs. Bruce Womack visited Mr. and Mrs. Doug Sewell and LeAnne Womack in Lubbock on the Fourth of July holiday. LeAnne returned home with her grandparents, the Womacks, for an extended visit.

Mr. and Mrs. Paul W. Russell and Jane of Dallas, spent the week end with his sister and family, Mr. and Mrs. Bruce Womack and their granddaughter, LeAnne Womack, Sunday morning. Mr. and Mrs. Billy Joe Womack, Jo Lynn and Marsha Kay of Brownsville, arrived here for a week's visit with his parents, the Bruce Womacks, and other relatives in this area. Mrs. Doug Sewell spent Monday and Tuesday here with the Womack relatives.

Jerry Sweek spent the weekend in Turkey with Leedara Imel.

## Fishing Bug Bites Girl

Pretty Judy Cooper loves to go fishing, hunting and camping now that she can concentrate on having fun instead of fighting insects. She's discovered that Cutter's new insect repellent cream gives hour-long protection against pesky mosquitoes, chiggers and flies. It fits snugly into her skin pocket. Developed to the specifications of a physician-scientist, Cutter's new repellent cream is highly concentrated in little bit tints and tints and is packaged in an unbreakable plastic-squeeze flask. Protects against sun and wind burn, too!
