All Around the Town

by Mary Ann Sarchet

There's something new under the sun in Silvertown. Many telephone subscribers have been shocked and amazed when calling the home of Mr. and Mrs. Flute Hutsell, 3966. They are greeted by Junis' warm, friendly voice advising them that no one is home and their message will be taken by an electronic device. The caller is requested to state his name, telephone number and message. Most callers have been so astounded with this miracle of the modern age that they merely slam their phone back onto its cradle and postpone the call.

The purpose of this answering service is in regard to Flute's business, which requires that someone or "something" take messages for him during the day when he and Junis are not at home.

Telephone companies lease this equipment for a nominal monthly fee, and in many instances it has proven very satisfactory for small businesses which are not able to hire the services of a full-time receptionist.

Flute and Junis have been using the machine for several weeks and it is hoped that soon callers will become acquainted with the service and will be at ease with it. They are in hope in that soon callers will not be shocked speechless by the instrument and will be calm enough to state their message in an ordinary manner.

On returning home, the Hutsells merely play back the taped messages and return the calls. To acquaint yourself with the machine, why not call and say "hi" to Junis?

Rusty Arnold brought us the following this week which was mailed to him in 1925 by Judge Ernest Tibbetts. It is a newspaper clipping from the Athens Review.

"Judge E. J. McLeroy, widely known member of the East Texas bar, recently attended a negro camp meeting at which a negro deacon substituted for the regular preacher and the judge was so impressed with the deacon's opening prayer that he obtained a copy and gave to his friends. The copy of the prayer follows:

"O' Lawd, give thy servant dis maw'nin' de eyes of de eagle and de wisdom of Solerman; connect up his soul wid de gospel telephone in de central skies; luminate his brow wid de sun of heaven; pizen his mind wid love for de people; turpentine his imagination; grease his lips wid possum oil; loosen his tongue wid de sledge

Vehicle Inspection Lagging in County

Of the 2,085 registered motor vehicles in Briscoe County, only about 25 per cent have been inspected to date, according to Captain Alan Johnson, Motor Vehicle Inspection supervisor, of the Texas Department of Public Safety.

Drivers are urged to have their vehicles inspected early to avoid the last minute rush. This time of the year is noted for adverse weather conditions which may be predominate during the next two and one half months. As a result the number of inspection days will be cut down since stations cannot inspect vehicles under the adverse conditions.

"Texas law requires all registered motor vehicles in Texas to display a valid inspection sticker," stated Johnson. All motorists not displaying a valid inspection sticker will be subject to a fine of \$1.00 to \$200.00 plus court cost.

Captain Johnson further advised that all licensed trailers having a gross weight exceeding 4,000 pounds are required to be inspected.

"By having your vehicle inspected today, you will be driving a safer vehicle," Johnson pointed out.

NEWS has "New Look" This Week

Your copy of the Briscoe County News has an unfamiliar look this week. Press difficulties were experienced in the office last week, and the parts necessary for its repair had not arrived before press time this week. We are deeply grateful to the Tulia Herald and its employees for their help in making this week's edition possible.

The "extra" space along the edge of the page is there due to the fact that the Herald prints an eight-column page, while our own is only seven.

Sincere thanks to all those who worked extra hours last week in order that your local paper would be delivered to you on time.

We expect these difficulties to be corrected in the next few days, and by next week we will be back to normal.

Notice To Parking Violators

There are "No Parking" signs in front of his driveway now, and have been for some time. If the citizens of this community continue to disregard these "No Parking" signs and block their driveway, the City Marshal will start issuing tickets for parking in a "No Parking" zone, and the person who receives a ticket will have to pay a fine at the City Hall.

Does The Bible Teach Water Salvation?

The term "water salvation" is something used to make light of that which the Bible plainly teaches. 1 Peter 3:21 says, "... baptism doth also now save us ..."

The Bible does not teach that water and water alone has any power to save. It teaches that Jesus saves (Matt. 8:11). Yet, the Bible plainly teaches that Jesus saves men WHEN and ONLY WHEN they obey Him. This obedience consists of hearing the gospel (Romans), believing the gospel (Hebrews 11:6), repenting of sins (Acts 17:30), confessing faith in Christ (Romans 10:10; Acts 8:37), AND being immersed in water to wash their sins away (Acts 22:16).

1 Peter 3:21 says, "... baptism doth also now save us," yet we know that Jesus saves. There is no conflict here. It simply means that Jesus paid the price for sins and has the power to save and WILL save WHEN men have heard, believed, repented, confessed and been baptized. If Peter had said baptism doth NOT also now save us-one can imagine the use that would have been made of it.

It is true that baptism saves (1 Peter 3:21), yet it is not true that baptism would have any effect on sins without Christ. This would deny the blood atonement of Jesus. The blood of Christ pays for the sins of all who obey Him.

Although baptism is essential to salvation, Bible students do not speak of salvation as "water salvation" any more than they would speak of Naaman's healing (2 Kings 5) as "water healing". For we know that Naaman was healed WHEN he dipped himself as directed, not before. God healed him WHEN he obeyed. Naaman was healed BECAUSE HE OBEYED GOD. So today Jesus saves WHEN we obey as He directs.

This includes baptism to wash away sins (Acts 22:16, 1 Peter 3:21).

The Silvertown Church of Christ invites you to all the services of the church.

New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth traveler that rivals the luxury cars in everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style.

Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds up to less sway, less jounce, less dip, less dive, less tilt, less noise, less... well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. *Voila*, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.
