MR. AND MRS. LYON CELEBRATE GOLDEN WEDDING ANNIVERSARY

In observance of their fiftieth wedding anniversary, Mr. and Mrs. J. W. Lyon, Sr. celebrated with open house at their home in Quitaque on Sunday, June 18, 1961, from three until six in the afternoon. More than one hundred guests called to extend their best wishes to the couple, and many sent congratulatory messages and gifts who were unable to attend. Mr. and Mrs. J. W. Lyon, Jr. of Silverton, acted as host and hostess for the occasion.

The round refreshment table was laid with a gold taffeta cloth over which was placed a white ruffled net cloth. A centerpiece of golden yellow roses and the four-tiered anniversary cake decorated the table. The cake was iced with white and decorated with gold leaves, wedding bells and was topped with the golden numeral, "50". Gold mints, nuts and punch were also served.

Silverton Measures Another Inch Of Moisture

Weather continues to dominate the local scene with hot, humid days and nighttime rains.

Last Saturday night a high wind drove showers over the area. The official rain gauge of Ray C. Bomar measured .67 of an inch. Wind velocity was something over fifty miles per hour, with gusts of sixty-five or more miles per hour. In parts of the Panhandle gusts were reported up to one hundred miles per hour.

Local wind damage seemed to be confined to the breaking of tree limbs, bending of television antenna towers, haystacks and small outbuildings. Sunday night another .39 of an inch was measured here, raising the total for the week to more than an inch.

Rains have been gentle enough to cause no crop damage and no hail was reported in Briscoe County from these two thunderstorms.

Jehovah's Witnesses To Hold Assembly

Mr. Raymond H. Smith, supervising minister of Jehovah's Witnesses, will represent the Quitaque area at one of the largest assemblies of Christian families scheduled in the United States and Canada this year.

Slated for July 4-9 at Empire Stadium in Vancouver, British Columbia, the United Worshipers District Assembly of Jehovah's Witnesses is one of seven such conventions scheduled by the Watchtower Bible and Tract Society. The Vancouver gathering will draw some 30,000 to 25,000 delegates, according to V. D. Tiffin, presiding minister of the Quitaque congregation.

Silverton Merchants To Close For Fourth of July

Silverton merchants have this week expressed that they will be closed on Tuesday, July 4. Shoppers are reminded to stock up on items they will be needing for the Fourth to avoid their being inconvenienced by this closing.

Among those who have indicated that they will observe the holiday are: Silverton Cafe, Nance's Food Store, Stafford Grocery and Market, City Tailors, Salem Dry Goods, Tiffin's Department Store, Bellinger's Department Store, Seaney Hardware and Furniture, Morris Pharmacy. (For prescriptions on the Fourth call 3221 or 3761.) Briscoe County News

PROUDLY LET THEM WAVE!

Next Tuesday is the Fourth of July. We celebrate this date as our Independence Day. In these times of Communistic threats to our liberty, let us show our patriotism and love of country by displaying the Stars and Stripes. It matters not whether your flag has fifty stars, forty-nine, or the forty-eight we have so long loved. Fly it proudly as your contribution to the fight against those who would enslave us.

Tulia National Guard Invites Young Men To Meeting

Since young men of high school age and just past are top material for future military service, the Tulia Army National Guard unit invites you to prepare yourself.

Each able bodied male American has a military obligation to his country for six years. The sooner he takes the oath the sooner he retires this obligation. The national average draft age is 23. Add six years to this age and you will be 29 before you complete your military obligation. For example: Should you be 17 when you enlist, you can add six years to this age and you would have your obligation fulfilled when you reach 23 years of age.

Young men, their parents, and friends are invited to attend a discussion pertaining to future military service at the Tulia Army National Guard unit on the 29th of June, 1961, at 8:15 p.m. at the Armory.

Mr. and Mrs. George Miller went to Gainesville last week to return home their daughter, Karen, who had spent a month at Camp Sweeney. One hundred children are admitted to this camp each month. Arts and crafts, horseback riding, swimming, water skiing, hiking, and fishing are enjoyed by the children. Two doctors are on duty at all times for their protection. Karen enjoyed fishing and caught fifteen.

Mr. and Mrs. Darwin Long and three children of Las Vegas, Nevada, arrived here Sunday for a week's visit with his brother and family, Mr. and Mrs. Beryl Long, and other relatives.

HELPING HAND CLUB MEETS IN FITZGERALD HOME

The Helping Hand Club met on June 22, in the home of Mrs. O. S. Fitzgerald. The members enjoyed the afternoon visiting.

Refreshments were served to Mes. Zoe Steele, Lois Nance, Fannie Francis, Mae Rowell, Imnell Francis, Laverne Mercer, Miriam Jowell, Nettie Baldwin, and we were happy to have two guests, Hilda Hovath and Dan Baldwin. The club will meet with Fannie Francis on July 13.

Mrs. E. W. Yancey, Linda, Dorothy and Marsha, and Mrs. Dean Allard and Sue Lynn spent Saturday in Spur with Mr. and Mrs. J. C. Austin and family. They went to return home Carolyn Yancey, who had been there a week visiting her aunt and family.

Mrs. Grace Irion and son, Weldon Irion of Amarillo, were weekend guests of Mrs. Clyde Lightsey.

NEW BAPTIST MINISTER IS FINISHING SEMINARY WORK AT FORT WORTH

Rev. Carlos McLeod

Carlos McLeod of Dallas will move to Silverton this week to assume his duties as pastor of the First Baptist Church. He will fill the vacancy left by the retirement of the former pastor, G. A. Elrod. Carlos McLeod (the "McLeod" is Scotch and pronounced "McCloud") was born and reared on a farm just outside of Farmersville, forty miles from Dallas. He is now 32 years old and has been in the ministry for twelve years, pastoring churches in Snyder, Big Spring, Lubbock, Halfway, and comes here from the Hillburn Drive Baptist Church in Dallas. In 1957, while at Halfway, he was named "Rural Pastor of the Year" by the Baptist General Convention of Texas.

He attended Howard Payne College, Texas Tech, and Wayland Baptist College, receiving his Bachelor of Arts Degree from Wayland. Presently he and Mrs. McLeod are attending Southwestern Baptist Theological Seminary; he will receive his Master of Religious Education degree on July 21.

Brother McLeod is married to the former Bonnie Lloyd of Snyder, Texas. They have two daughters: Ann is nine years old and in the fourth grade while Gale is seven years old and in the second grade.

The McLeods will be here for Sunday services but will commute to Ft. Worth each week until they finish their seminary work on July 21.

Anyone interested is invited to bring lunch to the Educational Building Sunday to welcome this new family to service in our community.

MID-PLAINS RURAL TELEPHONE COOPERATIVE TO HOLD OPEN HOUSE

An invitation has been extended to all the residents of the four-county area served by Mid-Plains Rural Telephone Cooperative, Inc., to attend the open house at the Cooperative's new office in Tulia on Sunday, July 2, from 2:00 to 5:00 p.m. Dick Shackelford, manager of the Cooperative, advises that all are welcome to inspect the new facilities at the open

house and anytime that you happen to be passing their way. Co-Op's History Marked With Sacrifices

On October 23 1949, the Rural Electrification Act was amended by the Congress of the United States to allow the Rural Electrification Administration to make loans for the development of rural telephone systems in the United States. The amendment did not pass easily. It was contested bitterly all the way through the long and tortuous gauntlet of the legislature by the major telephone companies all over the nation. But through the efforts of the National Rural Electrification Cooperative Assoc-

DICK SHACKELFORD, Manager

The long and bitter battle to pass the law, ending in success only because the clock in the House of Representatives was run backwards to prevent adjournment, is a fascinating story of its own. Again the Cooperative proponents were pitted against the major telephone companies whose greatest fear was that the cooperatives were "socialistic" and "the government will take over the telephone industry if the bill passes." So convincing were their lobbyists that many of the legislators in both houses came to believe it, and final passage of the bill was by the narrowest margin.

The news traveled fast, and soon a great many of the rural electric leaders began lying the ground work for organizing rural telephone cooperatives patterned after the familiar rural electric cooperatives.

And so it was in Swisher County. A few of the community leaders began to meet and talk, a meeting was held in the Tulia School Auditorium, a board of organizers was elected, and the seed that would become MPRTC was planted.

Charter Granted in 1950 The Board of Organizers found themselves looking straight into hundreds of problems and almost as many jobs to be done. With the help of a budding young attorney, Burrell E. Evans, a by-laws was written and an application for a charter was filed with the Secretary of State in Austin. On October 30, 1950, the charter was granted.

The first official meeting of the Board of Incorporators was in the office of Swisher County Electric Co-op on November 7, 1950. By-laws were ratified, a form of application was adopted, a corporate seal was made official, a form of certificate of membership was approved, officers were elected and a manager was appointed. M. I. McGeehee became the first president, Victor L. Harman its first vice-president, and W. O. Hudson, a former member of the Board of Directors of Swisher County Electric Cooperative, became the first secretary-treasurer.

Ann Wingo To Represent Jets As Queen

Miss Ann Wingo has been chosen to represent the Silverton Jets, semipro baseball team, as Queen at the All-Star game to be played at Plainview Saturday night. Miss Wingo will compete with seven other candidates, representing the other Irrigation League teams, for the title of Queen of the League.

The Queen Contest will begin at 7:30 p.m. and the North vs. South All-Star Game will begin at 8:00 p.m.

Players from the Silverton Jets who will participate in the All-Star game are Bobby Stephens, Bobby Hanna, Deloy Myers, Harold Smith, and Bobby Diggs. Admission prices will be 75c, 50c and 25c. All boys wearing full Little League uniforms will be admitted free. A man's Hamilton Sportsman watch is to be given by Heard & Jones, Cottonseed Oil Mill and Star Grain to the fan holding the lucky ticket stub.

Tulia defeated the Jets Sunday afternoon by a 4-1 margin, with Harold Smith taking his first loss of the season. Pitcher Jesse Huron was the winner for Tulia.

Tuesday night Silverton defeated Plainview, 9-8. Harold Smith was the winning pitcher and Harold Green the loser.

Tonight the Jets meet Nazareth, and Sunday afternoon their opponent will be Tulia.

WHEN IN ONTARIO SAMPLE STEAMED CARROT PUDDING

"Steamed carrot pudding is delicious and well-known in Ontario. Don't let the name fool you." So says Bob Somerville of Ottawa, and he should know. Bob is general manager of the chain of Canadian National Hotels all across Canada which are almost annually cited for the excellence of the food they serve. At the famed Chateau Laurier in the Canadian Capital City of Ottawa, chefs of international fame have their own way of preparing Ontario's favorite pudding dish and this is the way professional chefs and Ontario housewives put it together:

- Steamed Carrot Pudding**
- 1 cup grated raw carrots
 - 1 cup grated raw potato
 - 1 cup chopped suet
 - 1 cup brown sugar
 - 1 cup seedless raisins
 - 1 cup currants
 - 2 1/2 cups flour
 - 1/2 tsp. baking soda
 - 1/2 tsp. cinnamon
 - 1/2 tsp. salt
 - 1/2 tsp. nutmeg
 - 1/2 tsp. cloves

Sift flour, soda, salt and spices. Wash raisins and currants, add to carrots, potatoes, suet and sugar and combine with dry ingredients; pour into greased mold or molds not more than two-thirds full. Cover top with greased paper, leaving enough room for pudding to expand. Steam 3 hours for large mold and 1 1/2 hours for individual molds.

Serve with foamy sauce. Note: Mixed peel, cherries and nuts may be added if so desired.

And for something a little bit different, but a dessert that is topped with the folks in Ontario, and visitors from the U. S. too, here, just as they prepare it in Canadian National Dining Cars, is:

Cherry Roly Poly

Mix and sift 2 1/2 cups pastry flour, 1/4 cup sugar, 3 tsp. baking powder and a dash salt. Cut in 3/4 cup butter until like coarse meal. Mix 3/4 cup milk with 1 beaten egg and stir into dry ingredients only until all is well moistened. This should be soft dough. Toss on lightly floured board and roll out 1/2 inch thick. Cover with 2 cups chopped fresh cherries or canned when fresh are not available. Sprinkle with 1 cup sugar and dot with 2 tablespoons butter. Roll as for jelly roll or just fold over and lift to greased baking pan. Tuck the ends of dough in to prevent loss of cherry juice. Sprinkle lightly with sugar and a whiff of cinnamon if you wish. Bake in moderate oven (375° F.) until nicely browned and oozing the rich red cherry juice. Serve warm with cherry sauce. Delicious.

A few drops almond flavoring and red food coloring adds interest to this sauce.

ment there is a guiding hand. Certainly there was with the organization of Mid-Plains Rural Telephone Cooperative, for it was largely through the timeless efforts and knowledge of Rural Electrification Administration Procedures provided by Mr. O. K. Woodall, manager of Swisher County Electric Cooperative, coupled with the grit and determination of M. I. "Cotton" McGeehee that the embryonic telephone coop became more than a scrap of paper. Many times the problems faced by the young organization seemed unsurmountable, but the team of McGeehee and Woodall always found a way. It was proper and fitting then, that O. K. Woodall was appointed the first manager of Mid-Plains Rural Telephone Cooperative. He served well and almost without pay until the Telephone Coop was underway and telephone service on the farms of the Panhandle was a definite reality.

Board of Directors Has Tremendous Responsibility
Establishing operating policies and rules for such a business is no small matter. Rules must be made to insure equal and fair treatment to all members alike. Loan contracts between the Coop and the Government must be worked out and executed. Contracts between the Coop and other telephone companies for long distance services, operator services, extended area service, and so on must be negotiated in the best interests of the members.

It is paradoxical that with all the responsibility, the directors serve virtually without pay. They give willingly of their time that their communities may have communications at the lowest possible cost to the members.

The original Board of Incorporators were M. I. McGeehee of Wayside who served as the Coop's first president, W. O. Hudson of Happy, the first secretary-treasurer, Victor L. Caution Should Be Used in Use of 2-4D

by Clarence Kerns
County Agricultural Agent

With the growing use of 2-4D chemicals to control weeds in grain sorghum, there are a few points we should remember to prevent damage to nearby cotton and to insure a good kill. Below are the points that have been established by Dr. Allen Wiese, Agronomist at the Bushland Station, in his research on weed control and sent out by Billy C. Gunter, Area Agronomist, Texas Agricultural Extension Service.

1. It should always be kept in mind that 2-4D, regardless of formulation, is extremely toxic to cotton and other broad leaf plants.
2. Grain sorghum should be sprayed when it is from 6-15 inches tall for maximum control of weeds and to minimize the injury to the grain. Earlier or later spraying can injure the grain sorghum.
3. Set nozzle so that good coverage of weeds is obtained—this will vary with type of nozzle and fan angle—setting the spray boom low helps minimize drift—about 20 inches above weed tops is usually a good spacing.
4. Never spray when wind is

bove 10 miles per hour and preferably less. Remember, drift is the thing that is most dangerous to nearby cotton.

5. Spray pressure should be just enough to make nozzle work, 15-20 pounds per square inch. This, too, minimizes drift. This is extremely important because high pressure produces small droplets which are easily carried by the wind.

6. Use only amine salt formulations, low volatile ester formulations or emulsified acid formulations to reduce the hazard of volatility.

7. To further reduce drift, use a large volume of total mix—10 to 20 gallons per acre.

8. One-half pound 2-4D per acre should be sufficient to control broad-leaf weeds.

9. Best results are obtained when the weeds are in a good growing condition.

Remember, 2-4D, regardless of formulation, is extremely toxic to cotton and other broad leaf plants

Mr. and Mrs. Bill Long, Darrell, Roy Lynn and Diane spent the week end vacationing in Ruidoso, New Mexico.

TANGIBLE PROGRESS in civil defense in Charlotte-Mecklenburg County, N. C., can be measured by the moving of its office from the trailer to the house, made possible by a new Federal cost-sharing program for State and local CD personnel and administrative expenses. Director Kenneth D. Williams and his secretary are in center. Hired under the cost-sharing program were Hugh A. Womack (on steps, at left), and Frank M. Culver. The expanded staff now can turn plans into operational readiness. (OCDM Photo)

NEW LAW AIDS C.D. BUILDUP

New muscle for understaffed State and local civil defense agencies is now resulting from a Federal program to match 50-50 with States or localities the expenses of additional civil defense staff workers. This new program, authorized by Public Law 85-606, provides \$8,000,000 in the current fiscal year for the hiring of additional State and local civil defense personnel and to meet added expenses such as office rental, furniture, necessary equipment and official travel. This is the first time Federal funds have supplemented State or local civil defense salary or administrative expenses. States and localities have requested funds for 3,633 employees under this program.

FRANK B. ELLIS, Director of the Office of Civil and Defense Mobilization, who administers the shared-cost program, stresses that the funds must be used to expand State and local civil defense capabilities and that hiring must be on a merit basis. Ellis declares: "We cannot maintain a status quo in civil emergency plan-

ning in the face of tensions that now beset the world. Civil defense at the local level must expand to keep pace with our national need to strengthen our resistance to aggression and our effectiveness in civil emergency operations." A typical example of how Public Law 806 is helping our States is that of North Carolina. Under its director, Major General Edward F. Griffin, the North Carolina Civil Defense Agency has hired 21 professional and clerical people to strengthen the State's readiness for emergency action. Hitherto its staff of 11 persons emergency preparedness. THE STATE, which was allocated \$13,000 by OCDM, passed on \$53,040 of its allotment to local civil defense organizations for the hiring of an additional 39 persons. The bulk of these are clerical workers, whose shortage in the past often has hobbled the executive staff with routine but necessary tasks.

"The Pioneer" Now Being Introduced in Area

A new line of dual-mantle gas lights is being introduced throughout the area served by Pioneer Natural Gas Company, officials of the company have announced. Manufactured by Bruest, Inc., one of the country's major producers of gas lights, the new light has been named "The Pioneer" as a result of improvements suggested by Pioneer Natural Gas Company. The major innovation is a distinctive dual-mantle which increases the amount of soft, diffused illumination characteristic of gas lights, with no increase in the cost of operation over the present single-mantle lights, according to R. P. McWilliams, local PNG manager. Mr. McWilliams also states that the prices on "Pioneer" gas lights will remain the same as on present models. The dual-mantle light is expected to further increase the demand for Gas Lights which have experienced a phenomenal rise in popularity since being introduced some three years ago.

The new dual-mantle featured in "The Pioneer" light is such an improvement that it will be incorporated in other models. Initially, the new "Pioneer" light will be introduced through Pioneer Natural Gas Company offices. However, the manufacturer will market these lights on a nationwide scale in the near future.

Boy Scouts Urge All to Display U.S. Flags

The nation's five million Cub Scouts, Boy Scouts, Explorers and adult leaders embark on a campaign to encourage all citizens to fly the United States Flag at their homes on holidays. Payne Reunion Held On Father's Day

Four generations of men were represented at the Cecil Payne family reunion held Sunday, June 18, in the Quitaque Park. Seventy-nine members of the immediate family, nieces and nephews, and Lockett and Cecil's only living brother came to help celebrate the day and help to make it a success.

A basket lunch was served picnic style at noon, and after lunch moving pictures were made as well as numerous still pictures. A lot of visiting was enjoyed by the ladies while the men played dominos.

Father's Day has been set as the regular date for the Payne get-together. All the Payne children were present but one. Mrs. W. R. Weems of Carlsbad, New Mexico, and three grandchildren and their families, Mrs. Virgie

George of Lockney, Mrs. Jim Fuqua of Portales, New Mexico, and Henry Payne of Denison.

The four generations present were Cecil Payne, his son, Archie Payne, his son, Joe David Payne, and his son, David Neil.

Henry Payne of Denison also has a son which makes the four generations of men represented twice in Cecil's family.

Mr. and Mrs. Cecil Payne have eleven living children, 26 grandchildren and 13 great grandchildren. Those attending the reunion were: Mr. and Mrs. Cecil Payne and Bill, Mr. and Mrs. E. F. Payne, Mr. and Mrs. O. C. Payne, Mr. and Mrs. Archie Payne, Frances, Jerry and Stanley, Mr. and Mrs. Warren Payne, Darrell, Lynn and Gene, Mr. and Mrs. Ray Payne, Garry, Shelia and Donny.

Also, Mr. and Mrs. Cecil Reagan and Barbara, Mr. and Mrs. Jim Stockton, Billie, Debbie and Glenda, Mr. and Mrs. Ronnie Carpenter, Mr. and Mrs. Bennie Rea-

gan, Mr. and Mrs. Archie Payne, Jr., and Laveda, Mr. and Mrs. Joe David Payne, Jona and Neil, Mr. and Mrs. Mart Hawkins, all of Quitaque.

Prepared by American Foundation for Animal Health

Today this column is going to turn from livestock problems to the subject of family pets . . . and to one of the worst diseases now affecting the health of dogs and cats.

The problem is distemper. It is widespread in every part of the nation. It kills tens of thousands of dogs and cats every year, and results in permanently impairing the health of many thousands more.

There are two tragic things about this disease. 1) The death of these pets need not have occurred because we now have dependable vaccines which give dependable protection. 2) Too many pet owners fail to recognize the symptoms of distemper until it is too late to save the animals.

One of the worst threats to health of our household pets today is distemper.

Distemper symptoms in dogs starts with a noticeable loss of appetite and dripping eyes or nose and the dog is sluggish, feverish, and other complications may occur. In cats, the disease is caused by a different virus which hits suddenly and may cause death quickly. Symptoms in cats include depression, vomiting and diarrhea. In both types of animals, those which recover may have lingering after-effects of a serious nature.

How to prevent this suffering, and these deaths, among our pets? The important thing to do is to have them vaccinated. Today's vaccines are excellent and give firm immunity. Vaccination is a wise and humane thing to do, in view of the wide prevalence of distemper.

If a dog or cat shows any signs of distemper, a veterinarian should check the animal and start treatment immediately. Early treatment can be quite effective, but if there is undue delay, late treatment is often unsuccessful.

The paramount thing to remember is that distemper is now very widespread in this country. If we value our pet animals, we will protect them against it by having them vaccinated before it strikes.

JUNE RELEASE

Tips on Touring

By Carol Lane Women's Travel Authority

Safety Award Anniversary

Next month marks the tenth anniversary of the only national program honoring women's work in the field of traffic safety.

The program is the Carol Lane Awards for Traffic Safety. It is administered by the National Safety Council through a grant from Shell Oil Company. The program honors nine women or women's groups that develop and direct outstandingly effective traffic safety programs during the 18 months preceding June 1 of the year in which award entries are submitted. The deadline for the 1961 Awards is June 1 of this year.

What constitutes an award-winning program? Winning projects have included: retraining programs for adults, a traffic safety training clinic for pre-school children, driver education, pedestrian safety and development of public support for legislation affecting traffic safety.

Awards are given in three categories: rural areas and cities under 25,000 population; cities of 25,000 and over; statewide projects. In each group are three awards: first, a \$1,000 Savings Bond and a bronze sculpture symbolizing woman's protective instinct; second, a \$500 bond and a plaque of the sculpture; third, \$250 in bonds and the plaque.

First place winners attend the National Safety Congress in Chicago in October as guests of Shell Oil Company.

For an official entry blank, or further information, write: Mrs. Eugene Carroll, Director, Carol Lane Awards for Traffic Safety, National Safety Council, 425 North Michigan Avenue, Chicago, Ill.

Mr. and Mrs. Dickie Mayfield

MISS RACKLEY, MR. MAYFIELD UNITED IN PRETTY DOUBLE RING CEREMONY

The First Baptist Church in Silverton was the scene on June 14, 1961, of the candlelight ceremony in which Miss Nell Rackley, daughter of Mr. and Mrs. Dolen Rackley of Silverton, became the bride of Mr. Dickie Mayfield, son of Mr. and Mrs. Alvie Mayfield, also of Silverton. The Rev. G. A. Elrod of Roscoe, Texas, read the double ring ceremony before the altar which was decorated with candelabra, entwined with tropical foliage and blue and white daisies, holding lighted tapers.

Mrs. Charles Don Wallace of Lubbock, sister of the bride, was matron of honor. She wore a dress of blue organza over taffeta, fashioned with a fitted bodice and double bouffant skirt. She carried a cascade bouquet of blue and white daisies.

Bridesmaids were Miss Brenda Cornett of Silverton and Mrs. Bennie Reagen of Quitaque. Their dresses of blue silk organza over taffeta were styled identically to that worn by the matron of honor with over-jackets of matching silk organza fashioned with three-quarter length sleeves. Their headpieces were brief hats decorated with three matching bows of blue tulle. They carried arrangements of blue and white daisies.

All the attendants wore pearl drop necklaces, gifts of the bride. Miss Sandra Kay Rackley, sister of the bride, was flower girl. Her dress and hat were identical to those of the other attendants, and she carried a white straw basket filled with rose petals.

Best man was Jimmy Smith, and serving as ushers were James Brown and Jack Mayfield, brother of the groom. The candles were lighted by Misses Doris Estes and Becky Mallow, both of Silverton.

The bride was escorted to the altar and given in marriage by her father. Her bridal gown was a full length dress of white chantilly lace and nylon tulle over taffeta. The fitted waist ended in points in the center front and back. The round neckline was embroidered

with tiny daisies and seed pearls with rhinestones. Her long sleeves ended in petal points over her hands, and her bouffant skirt was designed with a bussel in back. Her fingertip veil of silk illusion fell from a pearl embroidered crown. The bridal bouquet of orchids was carried atop a matching lace-covered Bible.

Sam Brown, pianist, and Mrs. L. B. Garvin, Jr., organist, furnished traditional wedding music. Mrs. Bill Verden sang "Because" and "Indian Love Call."

Mrs. Rackley, mother of the bride, wore a light brown lace dress with tan accessories. Mrs. Mayfield chose a light blue lace dress with white accessories for her son's wedding. Both mothers wore corsages of white carnations.

A reception was held immediately following the ceremony in the fellowship hall of the church. The bride's table was laid with a white lace cloth over blue. Silver and crystal appointments were used to serve the wedding cake which was decorated with blue and topped with a miniature bride and groom.

Mrs. Jack Mayfield, sister-in-law of the groom, presided at the guest book, and Misses Celene Lanham, Ann Wingo, LaJuan Curby and LaQuetta Chitty assisted with the serving.

Mrs. Mayfield and the girls at the serving table also wore corsages of white carnations.

For their wedding trip to points in New Mexico and Colorado, the bride chose a two-piece dress with white accessories and a white orchid from the bridal bouquet.

The couple is now at home near Silverton.

Both Mr. and Mrs. Mayfield are graduates of Silverton High School. He is a student at Texas Technological College, and they will make their home in Lubbock this fall.

Mr. and Mrs. Thomas Olive and Ronnie of Denver, Colorado, visited Mrs. T. G. Olive and Betty on Tuesday of last week.

uncle, Archie Newell, has been critically ill for some time. Mrs. Fleeter Boydston, mother of Mmes. Williams and Bingham, has been there with her brother for some time.

Mr. and Mrs. Arthur Bingham returned home on Thursday of last week after having spent three weeks with their son and family, Mr. and Mrs. "Man" Bingham and children near Oakland, California. "Man" came and drove his parents to California for the visit.

Mrs. A. E. Tate of Dozier, mother of Freeman Tate, has recently spent several days in a Shamrock hospital being treated for a rattlesnake bite. The Freeman Tate

family have been to the hospital several times to visit her. She was in Dozier on Friday of last week and says she is now at home and recuperating satisfactorily.

Mrs. Bob Roberts of Amarillo transacted business here one day last week and visited friends and relatives; she called on Mrs. V. Allard and Mr. and Mrs. P. McKenney.

Mrs. H. P. Rampley left Saturday for a visit with relatives at Silverton.

Mr. and Mrs. G. Mayfield and Gail Anne spent the weekend at Carlsbad, New Mexico, and toured the caverns there.

DOLPHINETTES TO BE FEATURE ATTRACTION OF TULIA SWIM MEET

Tulia (Special)— A special attraction at the sixth annual swim meet at the Tulia Pool on July 1, at 7:30 will be the Dolphinettes of Clayton, New Mexico, ten teenage girls presenting a synchronized swimming performance, "Around the World."

Colorful costumes and lighting will add beauty to the display of skill in the program numbers: "Sailor, Sailor," "Wonderland by Night," "Apache," "Wheels," "Malaguena," "April in Portugal," "Moulin Rouge," and "Mam'selle." Four boy clowns will entertain the audience between acts.

Members of the Clayton Aquatic Club, the swimmers are directed by Mrs. William H. Coiman.

Area swimmers are invited to participate in the swimming and diving events which include free

style races for the pee wees, boy and girls through 7 years of age; 25 and 50 yard free style races, and 150 yard relays for junior boys and girls, ages 8, 9, and 10; 25, 50, and 100 yard free style and 150 yard relays for intermediate boys and girls, ages 11, 12 and 13, and senior boys and girls, ages 14 through 18. There will also be diving contests for intermediates and seniors.

No entry fee is being charged for the events, but entrants are asked to pay the general admission fee. Each contestant may enter as many as three events. Deadline for entering is noon, July 1. Swimmers may register at the pool or with Mrs. Wayne Blount, 705 N. Armstrong, phone WY 5-3320.

Swisher County residents only are eligible for the "Miss Swisher" and the Kiddie revues to be held June 30 at 8 p.m. in the Tulia High School auditorium. Girls vying for the title will represent merchants of Happy, Tulia and Kress. They will wear formal dresses. Boys

and girls in the preschool parade will be dressed in play clothes. Winner will reign over the swim meet and Swisher County's Birthday Celebration on July 17.

The Tulia Literary Arts Club is sponsoring the two nights of entertainment, with proceeds to be used to send a girl to nurses' training school and to benefit the pool. Admission prices each night are 50 cents for adults and children 12 years and above, and 25 cents for all children under 12.

Hot dogs, soda pop, candy and snow cones will be sold at the swim meet concession stand.

CAN CHRISTIANITY BE TRUE?

Can we be SURE that Christianity is what it claims to be. To be sure, everyone admits that the moral teaching of Christianity is the best of all ages, and this argues well for Christianity, but is there a HEAVEN and a HELL: did this Jesus really rise from the dead? If man could just be SURE that Jesus rose from the dead, then objections to other things would melt away. It would be easy to conclude that the rest is true.

The Bible, without fuss or formality, without exhaustive proofs and evidences, simply says that Jesus rose from the dead, and that He was seen after His resurrection on several occasions—by His apostles, certain women, and on one occasion by "more than five hundred." No effort is made to PROVE this, yet certain proofs inhere that point to His resurrection as a certainty. These are probably best seen in the lives of those who were called "apostles."

Certain of these men had lived with Him for a period of some three years. They knew Him as no others. With the exception of one, of whom it was prophesied of his defection (further enhancing this belief) they all lived their lives as if His teaching was the only worthwhile thing in the world. They were willing to give ALL, suffer GLADLY, and finally DIE the death of martyrs, for their confidence in the existence of those promises spoken by the Christ. Admittedly, mostly they were unlearned men (with the exception of Paul) but even unlearned men will not do so much without a CAUSE. Remember, these were the ones who REALLY KNEW HIM. Would Peter, James, John, and the others die for one who was an IMPOSTER? Would Paul give up such a life as was before him for one in whom he had no confidence? The only answer that comes ringing to our ears is that these who really knew Jesus, had the conviction, whether they died for it or not, that Jesus ROSE FROM THE DEAD, and that they were going to live endless ages in the joy of eternity that He promised to them that love Him and keep His commandments.

Sacred history (Bible) doesn't even bother to record how these men died. We have to go to secular history to get this information — thus indicating that a cruel and unbelieving world would lend a hand in perfecting the evidence to the effect that Christ was indeed the Messiah, that He died, and AROSE, thus imparting to His followers the desire to GIVE ALL — even life itself — in dedication to the directives of the Master. The martyrdom of some described by secular history: Matthew, slain with a sword in Ethiopia; Mark, dragged through the streets of Alexandria until dead; Luke, hanged on an olive tree in Greece; John, put in a vat of boiling oil in Rome, but escaped to die naturally at Ephesus; James the great, beheaded in Rome; James the less, thrown from a pinnacle of the temple, then beaten to death with a club; Phillip, hanged up against a pillar in Phrygia; Andrew, bound to a cross where he preached until he expired; Thomas, run through the body with a lance; Bartholomew, flayed alive; Jude, shot to death with arrows; Simon, crucified in Persia; Paul, beheaded in Rome; and Peter, crucified head down in Rome.

The lives and DEATHS of these men and others who knew Him are a demonstration of the fact that Jesus was the Messiah; that He arose from the dead, and that He ever lives as a "rewarder of them that diligently seek Him." In the face of this evidence, can we say that Jesus was "just a man," and that He did not arise from the dead? That He was an IMPOSTER?

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Those interested in irrigated pastures as part of a farming or ranching operation should go by the Bill Bryant farm just south of Silverton. Bryant has just recently turned his cattle into a fifty-seven acre pasture of irrigated switch grass. This grass has made excellent growth this spring and is now about waist high. It has been irrigated once this spring.

Bryant can have an intensive livestock program now as the switchgrass will probably carry two cows per acre during the summer. He likes this program so well that he has seeded twenty-six more acres of switch grass this spring. He also seeded twenty-seven acres of a mixture of Indian grass and woodward sand bluestem plus fifteen acres of bermuda grass. Most of this will be ready to graze some this year.

As a participant in the Great Plains program Bryant has also planned and installed other conservation practices. Approximately three thousand feet of underground pipeline for irrigation has been installed. Just recently he has set a large tree windbreak for livestock protection. It is set below a windmill to catch excess water. This tree windbreak will also serve as a fine wildlife habitat especially for quail. Bryant has also installed a farmstead windbreak of Arizona cypress.

The Soil Conservation Service will gladly assist anyone interested in a livestock farming set up such as Bryant's.

LOOKING BACK

A new series of articles from back files of the Briscoe County News

By Jerry Williamson

Eighteen years ago Mr. and Mrs. R. E. Young of South Plains, Mr. and Mrs. Walter Brannon and girls, Mr. and Mrs. Seymour Brannon and boys, J. W. Brannon, Mr. and Mrs. Richard Hill and Fred Brannon were dinner guests of Mr. and Mrs. Jess Brannon for Thanksgiving.

Mr. and Mrs. Berton Hughes were the parents of a baby boy born Friday, November 26, 1943. He was named Robert William and weighed 8 pounds and 13 ounces. Mother and baby were in the Plainview Sanitarium.

Back in 1943 the war was raging in Europe and in the Pacific, the government was encouraging citizens to buy war bonds, and the Briscoe County News was reporting on home town boys in the service:

"Doc" Minyard had the luck to get to spend Sunday not so long ago with Jack Montague. They are stationed some thirty miles apart

OUTDOOR COOKING MADE EASY

— by Joe Bates, Jr., Guest Columnist

Part of the fun of fishing is to build a small hardwood fire in a safe and sheltered spot near the water to enjoy a hot drink and to cook some of the fish we've caught. Fish always taste better when they are freshest; cooked over an open fire outdoors!

Don't bother with pots and pans. Outdoor cooking is much easier than most sportsmen think it is. Just tear a few two foot sections from a roll of heavy duty aluminum foil and fold these all together, doubled over once, the long way. Wrap the folded foil around a small can of "EverReady" Cocoa, and put this in your fishing jacket. Wrap a few strips of bacon in some more foil; take along packages of salt and pepper (and a fork, if you wish) — and your basic lunch is compactly assembled!

A frying pan is unnecessary but, if you'd like one, just bring along an ordinary wire coal-hanger. If you want vegetables with your fish, slice some potatoes, onions and carrots and wrap individual portions in doubled foil, using the "drug-store fold" to keep each package compact. Add a little butter and condiments, if desired.

When lunch time comes, scoop out a small trench about six inches wide, a foot and a half long, and about six inches deep at the deeper end — as the sketch shows. Build a small hardwood fire in the deep end of the trench.

Let's enjoy the fragrance and flavor of "EverReady" Cocoa while preparing lunch. Fashion a cup from foil and a green forked branch, as shown, and fill the cup with water. When it boils, add two or three heaping teaspoons of cocoa. The "EverReady" kind is my favorite because it has sugar and whole milk already in it. This famous "Nestle's" product blends instantly with hot water or hot milk, and is especially energizing and delicious.

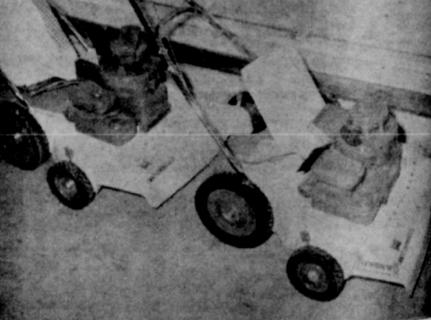

While sipping the cocoa, lay the vegetable package on or near the coals and let it cook slowly for twenty minutes or so, turning it over once with a stick.

Mr. and Mrs. Durward Brown and Lewis of Plainview, were Sunday visitors with Mr. Brown's parents, Mr. and Mrs. H. Roy Brown.

Mr. and Mrs. Eugene Long were in Tulla Monday afternoon, on a furlough to active duty with flying squadron.
