THURSDAY, OCTOBER 26, 1961

BRISCOE COUNTY NEWS

VOLUME 53 NUMBER 43

Bill Long and Glen Lindsey are shown greeting Mr. Cliff D. Green, Executive Director of the Texas Aeronautics Commission, on his arrival in Silverton last Thursday. An inspection of the airport and runway was conducted and Mr. Green enthusiastically stated that Silverton is fortunate to have these facilities nearby, as many larger cities do not have the convenience of fields as adequate. Mr. Green flew into the Airport shortly before noon, and addressed the Lions Club at their regular noontime luncheon, at which time he emphasized the importance and convenience of flying to merchants.

## Car Buyers Warned Of Salt Water Damage

Purchasers of automobiles have been warned to be on the lookout for vehicles with salt water damage from Hurricane Carla.

H. C. Pittman, executive vice president of the Texas Automobile Dealers Association, said, "Accord-

ing to reports received in our office, scores of persons throughout Texas are being victimized by unscrupulous bargain promoters who have purchased automobiles in the Gulf area, after they have been totaled by insurance companies, and are reselling them in other parts of the state to purchasers who are unaware of the salt water damage."

TADA is a state-wide organization of franchised automobile dealers, with headquarters in Austin.

"We have received reports of persons who have made special trips to purchase quantities of

these new cars," Pittman continued. "After cleaning them up and removing the factory stickers, they are selling them without advising the purchasers of the certainty of quick deterioration from salt rust. The public in the Gulf area is educated to this type of damage and therefore most of these cars are being sold in Central, North and West Texas.

"To protect themselves from such losses, automobile purchasers should beware of suspicious bargains, and should buy their automobiles only from well-known, established dealers in their own communities," Pittman stressed. "No legitimate dealer would handle such a sale. This same type of unscrupulous activity cost many hard working families their life savings when they purchased automobiles brought in from Louisiana after Hurricane Audrey," he added.

## Stinson TV Clinic Opens Shop

Elmer Stinson of the Stinson TV Clinic in Plainview, announces the opening of a shop in Silverton. The shop, which opened last week, is now furnishing the public with all service and repair needs for radio, television, etc.

Announcement will be made soon of a new line of television and radio, stereo and hi-fi sets which will be handled through Stinson TV Clinic in Silverton.

Mr. Stinson, no stranger in Silverton made his home here for a number of years and received a part of his schooling here. He states that Charles Cowart, who has a number of years' experience in the radio repair field, will be manager of the Silverton shop.

## 4-H CLOTHING CLASS MEETS IN KERNS HOME

The Clothing Class of the countywide 4-H Club met Tuesday afternoon, October 17, at the home of Mrs. Clarence Kerns. Mrs. Kerns gave the girls a lesson on make-up and its proper application. After the meeting, refreshments were enjoyed by Sandra Mercer, Raye, Carolyn, and Roy Garrison, Cynthia Kerns, Mrs. Kerns, Mrs. Don Garrison, and Mrs. Pascal Garrison.

## PVT. VILLANEL SERVING IN HAWAII

Marine Pfc. Martin E. Villanel, son of Mr. and Mrs. Martin Villanel of Silverton, is serving with the First Marine Brigade in Hawaii, a unit of an amphibious task force scheduled to take part in Operation "Silver Sword" on October 300, assaulting beaches on the island of Maui in the largest maneuver of its kind to take place in the Hawaiian Islands since World War II.

## ADDITIONAL CIRCUIT INSTALLED BETWEEN SILVERTON AND RALLS

The installation of an additional toll carrier circuit between Silverton and Ralls was completed last week, according to W. L. Frazier, district manager of General Telephone Company of the Southwest. Actual installation began in mid-September.

These additional facilities will help to improve toll service in Silverton as it will enable a greater number of local residents to place calls at any given time.

"In the past, a number of our customers were encountering an 'all circuit busy' condition when attempting to dial operator," Frazier said. "These new circuits should relieve this condition," he added.

According to Frazier, the Company makes periodic surveys to determine future telephone needs in its exchanges and makes provisions to provide such service. Silverton has enjoyed steady

growth over the years as is reflected in the 482 telephones in service at present. This is a gain of 34 telephones over last year's figures for the same period.

## SILVERTON FIRE DEPARTMENT TO OFFER EXTINGUISHERS

The Silverton Fire Department will have for sale a very good fire extinguisher for the home, truck, automobile or business, within the next few days.

The Fire Department plans to order a dozen of these extinguishers to start with, so if you need a good fire extinguisher at a reasonable price, let the Firemen know

by calling 2741 right away. These fire extinguishers are approved by the Underwriters Laboratories and the U. S. Coast Guard. It is a 2½ pound dry chemical extinguisher, complete with wall bracket, guaranteed for five years, and the Fire Department will keep refills on hand at all times. The fire extinguisher costs the Fire Department \$9.50 and will be sold for \$100.00. The retail price is regularly \$15.95.

The Fire Chief has expressed the hope that everyone who does not have a fire extinguisher in their home or business will buy one. They could bring a fire under control before a great amount of damage is done.

## DOWD SERVING IN STANTON, CALIFORNIA

Army Specialist Five George E. Dowd, son of Mr. and Mrs. Lamb Dowd, Route 1, Quitaque, recently was assigned to the 57th Artillery, a Nike-Hercules missile unit in Stanton, California.

Specialist Dowd, a member of the artillery's Battery A, entered the Army in 1956, and was last stationed in Redmond, Washington.

Dowd attended high school in Quitaque. His wife, Ruby, lives in Garden Grove, California.

afternoon with her parents, Mr. and Mrs. A. C. Barrett, and brother, Mr. and Mrs. Clarence Barrett and Charles. They also visited in Silverton with his parents, Mr. and Mrs. George Seaney.

Mrs. Charles Gowin and Mrs. J. W. Lyon, Sr. were in Silverton Tuesday, where they attended to business, visited, and Mrs. Lyon saw the doctor.

Mr. and Mrs. Ike Reed returned home Saturday from a two week visit with their daughter, Mr. and Mrs. James Gowin and family, Their son, Leo, who is stationed at Fort Leonard Wood, Missouri, spent one weekend with them. They visited relatives in Arkansas on their return home.

Mrs. Bill Woods returned home Friday after spending several days with her daughter, Mr. and Mrs. Weldon Griffin, and the new granddaughter, at Tulsa.

## LICENSE LAW GIVEN ON FARM TRAILERS

Concerning the new license law for farm trailers, Captain J. L. Miller, License and Weight Service of the Department of Public Safety, announced that the last regular session of the Texas Legislature amended the Texas Motor Vehicle Registration Law to allow farmers to register their farm trailers and farm semi-trailers for a \$5.00 fee providing the gross weight is not less than 4,000 or more than 10,000 pounds.

Farm trailers weighing less than 4,000 pounds, gross weight, are still exempt from registration by statute, Captain Miller said. Those exceeding 10,000 pounds, gross weight, must register as a regular commercial trailer.

Capt. Miller advised, however, that any vehicle bearing the \$5 plate must not exceed 30 miles per hour, be operated for hire, have steel or metal wheels in contact with the pavement and it must be equipped with an adequate hitch to remain secured to the towing vehicle and be operated and equipped in conformity with all other provisions of the law.

Violation of any of the above mentioned sections of the law nullifies the \$5 registration fee and the trailer will be subject to the regular registration fees and penalties prescribed by law.

This does not change the existing law which requires that all trailers or semi-trailers having a registered or gross weight in excess of 3,000 pounds be equipped with clearance lamps, side marker lamps, and reflectors as well as a tail light and stop light, if the stop light on the towing vehicle is obscured.

D. T. Johnston of Hollis, Oklahoma, and Mmes. R. C. Hutsell and J. E. Vaughan were in Oklahoma City most of last week where Jess Johnston is a patient in the hospital. He has pneumonia. The Messrs. Johnston are brothers to Mrs. H.L.O., mother of Mrs. Riddell, and D. T. Johnson is the father of Mrs. Vaughan.

Eldon Oneal, a student at Clarendon Junior College, spent the weekend here with his parents, Mr. and Mrs. J. E. Oneal and Clela.

Sammy Turner, son of Mr. and Mrs. John Turner, who entered the armed forces on October 9th, is now stationed at Fort Carson, Colorado.

## Favorite Foods Show To Be Held Saturday

The public is invited to the 4-H County Favorite Food Show in the Community Room of the local Production Credit Association Building on Saturday, October 28, 1961, from 2:00 until 4:00 p.m. This is the first food demonstration that has been conducted in this manner. Each girl will exhibit her favorite food with an appropriate menu, table setting and decoration.

The chairman is the Junior 4-H Leader, Dianne Davis, and with the aid of the adult leaders, planned and prepared this Favorite Food Show. The committees for the food show are as follows: FOO DARRANGEMENT:

Mrs. Obra Watson, Dianne Davis, Maria Costello, Camellia Camer.

HOSPITALITY: Mrs. Datis Martin, Joni Fay Self, Barbara Davis, Juannah Nance.

REFRESHMENTS: Mrs. Hugh Nance, Paula Turner, Chyrel Martin, Shyrel Stephens, Ricki Bingham, Judy Yancy.

SERVING: Mrs. Bill Long, Terry Lee, Ian Lanham, Vicky Vaughn, Linda Yancy, Joyce Brooks.

CLEAN-UP: Mrs. James F. Davis, Jan Hutsell, Debbie Dickerson, Nancy Nance, Nancy Fowler.

TOP WINNERS in the 4-H Club Clothing Demonstration Show held last Saturday in Silverton were Raye Garrison, who won one blue and one red ribbon; Dianne Davis, who took home two blue and two red ribbons; Margaret Minyard, who was awarded one

blue and two red ribbons; and Carron Montague, who won three blue ribbons. Scores were averaged, and Raye Garrison was named the Sweepstakes Winner of the Show.

## Clothing Demonstration Show Draws Large Participation From 4-H Girls

Fourteen of the twenty girls participating in the clothing demonstration were on hand last Saturday to exhibit their handiwork for judging in a show held last Saturday in the Community Room of the Production Credit Association office.

The clothing demonstrators and their placings are listed by groups: Carolyn Garrison, coat, first place; Raye Garrison, dress, second place; Sandra Mercer, dress, white ribbon; Dianne Davis, dress, sleeveless, first place.

Margaret Minyard, blouse, first place; Marie Costello, blouse, second place; Connie Dudley, blouse, third place. Mary Susie Campos, skirt, first place; Carron Montague, skirt, first place; Kathy Self, skirt, first place; Kathy Self, skirt, second place; Elsa Costello, skirt, fourth place; Amanda Costello, skirt, fourth place. Raye Garrison, flower arrangement, first place; Sandra Mercer, flower arrangement, two second places; Dianne Davis, flower arrangement, two second places; Carolyn Garrison, flower arrangement, three third places. Kathy Self, cookies, first place; Carol Ann Montague, cookies, two second places; Margaret Minyard, cookies, two second places.

Girls who did not participate in the show were Robbie Sue McJimsey, Paula Carol Turner, Mary Albina Garcia, Alga Petinio, Venita Teeple, and Mary Lane Whitfill.

Judges were Mrs. Jess Whittington, tea towels and garments; Mrs. R. G. Alexander, flower arrangements; Carolyn Garrison, Sandra Mercer and Raye Garrison, Cakes and cookies; Mrs. R. M. Ledbetter, record books. Articles and clothing were judged on construction and professional look.

## Breakfast To Kick Off Boy Scout Drive

A breakfast at Fred's "66" Restaurant in Silverton will kick off the 1961 drive for funds for the Boy Scouts of America. Sponsored by the Lions Club, the breakfast will begin at 6:45 a.m. Thursday, November 2.

Kenneth Tate, chairman of the campaign committee urges all the Lions and other interested persons to be on hand for breakfast. After breakfast the group will canvass the city for donations to the Boy Scouts, to help finance the coming year's work.

## Herb Byars Speaks

### To Study Club Group

The March of Time Study Club met in regular session on October 19, with guest speaker, Mr. Herb Byars of Tulsa, in the Community Room of the Production Credit Association office in Silverton. The club was hostess to the Century of Progress Study Club.

Mr. Byars spoke on "How Do You Stand Today?"

"Time For Federation" will be the theme for a meeting to be held early in November. The March of Time Study Club members will be guests of the Century of Progress Study Club at 3:00 p.m. in the PCA Community Room.

Mr. and Mrs. Ed Arnold, Paula and Lois of Midland, were recent weekend visitors with Mrs. Arnold's parents, Mr. and Mrs. J. E. Oneal and Clela.

Mr. and Mrs. M. B. Self and Zobia spent the weekend with relatives in Mineral Wells. His nephew, Robert Loftus, 22, had his right arm pulled off in an extractor in a commercial laundry there on Friday, but was thought to be doing satisfactorily.

Rev. Carlos McLeod, pastor of the local First Baptist Church, returned home Sunday night after having spent last week in Fritch

where he conducted a revival in the Calvary Baptist Church.

Mr. and Mrs. D. C. Hamilton and Jo Asher, LaRita Jackson, Sandy McLane and Earlene Neely, from Buckner's Home for Girls in Lubbock, spent Sunday in Silvertown. Mr. Hamilton, manager of the home, conducted the services at the local Baptist Church in the absence of Rev. McLeod. Mr. and Mrs. Hamilton and the girls were

dinner and supper guests of Mr. and Mrs. Winston Hamilton, his cousin. Mr. and Mrs. Wayne Hamilton and children were also dinner and supper guests of his parents, the Winston Hamiltons.

Mr. and Mrs. Winston Hamilton have recently visited his sister and family, Mr. and Mrs. T. I. Greer in Hillsboro, and Mr. and Mrs. Edgar Holt in Grand Prairie.

Captain and Mrs. Carol D. Davis and Alex, formerly of Hart, Mr. and Mrs. Norland Dudley and daughters of Hart, and Mr. and Mrs. W. H. Graham and sons of Farwell, and Mr. and Mrs. D. H. Davis were Sunday dinner guests of Mr. and Mrs. Milton Dudley and Connie. Capt. and Mrs. Davis and Alex left Tuesday for Fort Benning, Georgia, where he will be stationed after being recalled to active duty with the armed forces.

Mrs. Ruth Moore has recently returned here after a month's stay in California with her son and family, Mr. and Mrs. Boyd Moore, at Salinas. Mrs. Boyd Moore, who has been ill, is recuperating satisfactorily. Mrs. Ruth Moore flew to Midland for a short visit with another son and family, Mr. and Mrs. Otis Moore. Mr. and Mrs. Bill Stallings of Brownfield brought her home and spent the weekend here with their aunts, Mrs. Moore and Mrs. Una Burson, and other relatives.  
Mrs. J. H. Burson and Mrs. John-

nie Burson were in Amarillo one day last week. Mrs. J. H. Burson visited her daughter and family. Mr. and Mrs. Clifford Davis, and Mrs. Johnnie Burson visited her sister and family, Mrs. Harold Marler.

Mrs. Lloyd Meeker of Medford, Oregon, and Los Angeles, Mrs. W. A. Sedgwick and Lt. Col. and Mrs. R. A. Sedgwick left for the Sedgwick home in Montgomery, Alabama, early Friday morning of last week as Lt. Col. Sedgwick had to report for duty.

Mr. and Mrs. Walter Brannon,

## '62 CORVAIR MONZA

### NEW FACE, SAME SPORTING HEART

We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not. Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The air-cooled rear engine sees to that. You swing around curves flat as you please. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes. Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and out. Nice. And safety-belt installation is easier, too, and cheaper. So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?

See the '62 Corvair and Corvette at your local authorized Chevrolet dealer's

Mr. and Mrs. Eugene Long have recently attended the funeral of his cousin, Albert Doss, in Mineral Wells. Enroute home they visited relatives in Sweetwater, Brownfield and Blackwell. They stopped in Roscoe for a pleasant visit with Rev. and Mrs. G. A. Elrod.

Mrs. Ola McVickers of California, has been here visiting her girlhood friend, Mrs. Clyde Lightsey.

Mrs. R. E. Bell of Turkey was a Sunday visitor with Virginia May.

Rev. and Mrs. Marvin Fisher spent last week in Abilene attending the Willson Lectures, Layman's and Pastors' Schools at McMurry College. Mrs. J. M. Dye of Abilene, mother of Mrs. Fisher, became quite ill while they were there, necessitating that the Fishers stay longer. Rev. Fisher came home Sunday afternoon, but Mrs. Fisher stayed on for a few days.

Mr. and Mrs. R. E. Sweek, Jerry and Rhonda, spent a recent weekend in Mineral Wells with his mother, Mrs. J. B. Sweek, and other relatives.

Mr. and Mrs. Travis Gilland of Bowie, spent a long weekend here with her mother, Mrs. Annie Edwards. Mmes. Edwards and Gilland were in Lubbock one day to visit a sick relative.

Pete Hale, Derron Thompson, Wayne Green and LeRoy Vardell worked at the Tomlin-Fleming Inn in Byers last week.

# I Found The Rolls-Royce of Farm Tractors

by Tom McCahill

Note: To thousands of people, Tom McCahill is "Mr. Automobile." In the past 20 years he has written hundreds of articles on both American and European cars after giving them the "McCahill" test. Now, in a new role, Tom turns to tractors. He draws upon his knowledge of engines, mechanical features and modern manufacturing techniques to analyze the John Deere line.

As King Solomon once said, "There is one best of everything." Regardless of the field, there has always been a leader, whether it is diamonds by Tiffany, shotguns by Purdy, or dancing by Fred Astaire. In farm tractors, it's John Deere—the Rolls-Royce of the industry.

A great many parallels can be drawn between the automobile business and the farm tractor business. However, in the case of John Deere, there are many places where the automotive and tractor businesses are miles apart. For example, many auto manufacturers aren't nearly as concerned with endurance. They like to feel that each buyer of a new car will be in the market for another new car at least once in every three years. They make changes every year for the sake of change alone, in order to attract more buyers. If the John Deere Company operated this way, they would definitely be shortchanging the farmer. They offer their very best efforts in design and engineering right now, without holding back on items that might be sales come-ons a year or two hence.

John Deere's success through so many generations means that a farmer is sure when he buys John Deere equipment that he's getting the best that can possibly be produced. He buys with assurance that John Deere is anxious to see his confidence justified. When the sale is made, the Deere organization sincerely hopes that their tractor will meet the farmer's expectations not only now, but also far into the future. To make this statement about the automobile business would be sheer absurdity. John Deere's creed is "Carefully Planned Endurance" — not "Carefully Planned Obsolescence."

#### Quality First

John Deere builds the Rolls-Royce of tractors; this I believe, and here's why: I spent several days going through the gigantic Deere factories at Waterloo and Dubuque, Iowa. I was anxious to check on their quality control and how closely tolerances were kept, compared to automotive practice. I also wanted to see firsthand the

type of material and metallurgy going into these machines that would undergo hardships many times more severe than family sedans are ever subjected to.

Before I'd been in the factory many hours, one fact stood out like antlers on a hog—there was no nickel-and-dime savings influencing the quality of even the most hidden of parts. For instance, we know that many auto makers don't use the best or most expensive plating methods; we know that many cars reflect the influence of cost engineers whose purpose is to save a dime here and a penny there, where such savings would not be dangerous. Many parts on cars could be graded as "passable." This grade would not be tolerated in any component at Deere—everything must be the best they can build.

John Deere makes most of the parts that go into their tractors. The quality control and close tolerances of such things as gears, splines and shafts is very refreshing in this day of general production mediocrity. Some of the smaller parts—for example, those used in hydraulic systems—are held to tolerances so close they equal the specifications required for guided-missile work and other high-precision military uses.

Deere's testing equipment alone has a dollar value large enough to buy several banks. The precision inspectors went into long detail with me on how foolproof methods kept gear machining, for example, within tolerances that would frighten some automotive engineers. Every worker I talked with in these factories took a real pride in the fact that the material and tools he was working with couldn't be topped anywhere. These John Deere Tractors, regardless of size, reflect American workmanship at its finest. It's a shame we don't see more of it in other industries.

#### Common-Sense Design

For many years, the Deere Company built thousands of two-cylinder tractors that were known throughout the farming world as "The Mechanical Mules That Never Quit." They lasted for years, were easy to service and were as reliable as cool weather in Little America and heat in Panama.

However, with today's modern farming requirements, Deere recognized the need for a change that would bring the farmer still greater efficiency and more comfort; in fact, more of everything for his money. They decided not to "hang" new features on the old John Deere line, but to build an entire new series of power units from the ground up.

Five years of planning and test-

ing went into this New Generation of Power, utilizing to the fullest space-age advances in technology and design. It was Deere's ambition to bring the farmer a degree of working comfort unknown before; to keep the fatigue factor down to a minimum; to produce more usable power than ever before at less cost per horsepower; and, to provide features and accessories to handle working equipment with greater efficiency and ease. Even the seat, so important in a long day's work, is as comfortable (in fact, probably more comfortable) as any seat in your living room. It moves on an inclined rail, back-and-up or forward-and-down, to match any size operator's particular body specifications. It was designed by a well known doctor, specializing in this field, to eliminate typical tractor backaches. The seat's springing can even be controlled exactly to match the weight of the operator. I found this new seat as comfortable as the finest sports car bucket seats.

I drove several tractors on the Proving Grounds at the John Deere Research and Engineering Center near Waterloo. The first new feature I really appreciated was the wide platform (I weigh 250 pounds) where the operator can stand up and move around. In most other tractors, the operator has less room than a trap with three mice in it, but not so with the new Deere jobs. You could practice your tap dancing on one of these rigs while it's running down a furrow.

I also found that you don't have to be a pale vaulter to get abroad a new Deere tractor. There are convenient mounting steps and good handholds, and you don't have to cross any plumber's piping dreams to swing into the seat.

The instrument panel is right before you and easy to read. It contains a speed-hour meter and an electric fuel gauge. At the sides are easy-to-reach dash-mounted transmission and hydraulic controls. The battery is located in a convenient compartment where it is easy to service.

The biggest sensation I got from driving these tractors came from John Deere's new full-time power steering. Even with a heavy front-end load, the giant 4014 Diesel model required no more effort to spin around than my Imperial. The steering was actually feather-light as positive as taxes and as accurate as a tournament rifle. And talk about visibility! Well, you just can't top Deere tractors in this field. The narrow, tapered hood and high centered seat location allow you to see everything ahead and to the sides without any neck

twisting or other physical contortions. On some competitive tractors I drove, the visibility was as limited as a fat man's view into his watch pocket.

The accessories that go with the John Deere Tractor—from the crankcase heating element to the cold-weather shields and muffler covers—extend into dozens, as you may require them. They include such outstanding designs as the new Quik-Coupler (which allows you to attach or detach three-point equipment without even getting out of the seat). The new eight-piston hydraulic pump (on larger models) provides more-than-ample power for steering, braking and equipment control... singly, or all together if you please!

The new multi-speed Syncro-Range Transmission and the variable-horsepower engine give a complete selection of usable power and ground speeds. This means efficient speed and power for all jobs, and highway speeds up to almost 20 miles per hour when transporting from location to location.

John Deere, with the New Generation of Power, features the first power brakes on any tractor. They make tight turns at the end of a row as easy as inheriting money. The brakes run in oil, seldom require adjustment, and should last longer than the national debt.

It would take a big book to describe all the features of the John Deere Tractor line, and to cover all the models from the four-cylinder gas job to the big six-cylinder Diesel giants.

As I put them through their paces, including the test-ground mud bath, I could only conclude: These are the tractors farmers have dreamed about, and needed, since the mule first began to look tired.

In summing up, John Deere Tractors aren't cheap. They are the Rolls-Royce in the field; built to last for years by a company that takes genuine pride in building the best. For the professional farmer, there isn't a sounder investment, as this equipment will be serving him well long after his investment has paid off several times, and he has regretfully come to the end of his depreciation schedule.

Frankly, as I met the men of John Deere and closely checked all their manufacturing stages, I found myself with only one regret. "Boy, if they'd only build cars this way!" Of course, if they did, they wouldn't sell half as many cars—you wouldn't need another one for many years.

Regards,  
Tom McCahill

Mrs. Johnnie Thomas of South Gate, California, is visiting her brother, Mr. Marvin Tracy, and with other relatives at Silverton and friends.

Mr. and Mrs. Richard Tibbets and children of Amarillo spent Sunday with their parents, Mrs. Gladys Wise, and Mr. and Mrs. Elmer Tibbets.

Mr. and Mrs. James Hawkins and children of Lubbock, spent the weekend with her parents, Mr. and Mrs. John King and Mr.

and Mrs. Willie Hawkins at Turkey.

Mr. and Mrs. Henry Bedwell of Morton and Mr. Levi Bedwell returned home Saturday from a week's visit with relatives in Arkansas.

Mr. and Mrs. Bill Griffin and Johnnie spent the weekend with their son and family, Mr. and Mrs. Weldon Griffin and baby, in Tulsa, Oklahoma.

#### QUITAQUE LOCAL NEWS

Mr. and Mrs. Mofit Hawkins visited Sunday afternoon with her father, Mr. and Mrs. Lockett Payne, in Crosbyton.

Freddie Davidson, who is attending WTSC at Canyon, spent Friday night with his mother, Mrs. Estella Davidson. He returned to Canyon Saturday.

Mr. and Mrs. Jimmie Davidson and son and Mrs. Estella Davidson visited Sunday afternoon with Mr. and Mrs. Stewart McCracken.

Mr. and Mrs. Clint Hicks and family of Lubbock, spent the weekend with her mother, Mrs. Joe Woodruff. Other visitors in the home Sunday were Mr. and Mrs. Leroy Hamilton and boys.

Mr. and Mrs. Luther Woodruff of Murphersburg, Arkansas, visited in the home of Mrs. Joe Woodruff last week.

Mr. and Mrs. Howard Landry and children of Archer City, spent the weekend with her parents, Mr. and Mrs. Cecil Price.

Mr. and Mrs. Roy Smith and DeWayne spent the weekend with her sister, Mr. and Mrs. Norman Price and family at Idalou.

Mrs. W. E. Morrison went to Plainview Saturday to visit a few days with her children there.

Mrs. J. T. Persons, Mrs. Thetis Rogers, Mrs. R. J. Harmon and Mrs. Charles Gowin attended the Grand Chapter of the OES in Fort Worth last week. They returned home on Friday. Mrs. Harmon stayed for a visit with her sister, and Mr. Harmon went for her on Saturday, returning Mrs. Johnnie King and Kim to their home, who had been visiting his parents, Mr. and Mrs. John King, Mr. and Mrs. Harmon returned home Sunday evening.

Mrs. Richard Tidwell and son, James, of Amarillo, visited Sunday afternoon with Mr. and Mrs. Charles Gowin, while Mr. Tidwell enjoyed dove hunting.

### S. H. S. SPOTLIGHT

Sue Lanham steps into the SHS Spotlight to reveal the regal beauty of this tall and graceful Junior girl.

Sue is a good student in the classroom as well as a good friend to those about her. Her sound judgment is recognized by the fact that she is now serving her second term as Student Council Representative. She has been elected for the third consecutive year to serve as Secretary of her class.

Sue has been a member of FBLA for two years and FHA for three years; she was FHA Parliamentarian last year. Sue is a three year member of the Pep Squad and is Cheer Leader for the second time.

She was elected Class Favorite her Freshman year and was chosen for Who's Who her Freshman and Sophomore years. Sue received a certificate for a high score on the National Educational Development Test she took as a Freshman. She was a member of the Typewriting Team competing in the Interscholar League Contest last year.

Her height has proven to be a real asset to her on the basketball court; she has played for three years and has been a real asset to the team.

As everyone knows, Sue Lanham apparently never gets in a hurry, but quietly manages to accomplish all that she sets out to do.

Hats off to a fine girl!

☆☆☆  
As Jim Reid takes his place in this week's SHS Spotlight, we see

a fine young fellow who enjoys athletics and works especially hard at becoming a successful Future Farmer of America.

Jim has been a member of FFA for three years, and has participated in many activities of the Silverton Chapter. He has successfully competed on the FFA Judging Team and the Chapter Conducting Teams. He is Treasurer of FFA this year. Jim has participated in Track and Football for three years and is a three-year member of the S Club. He is presently serving as Vice-President of the Junior Class. Last year he was selected as Most Popular boy in high school and was candidate for Hallowe'en King from his class.

Jim's many friends all agree that he is very dependable and trustworthy. He is the "solid" sort of individual that makes the backbone of a good student body.

The SHS students have again discreetly chosen those who are worthy to stand in the spotlight.

### Football Queen Candidates Named

The Silverton High School football squad has selected the following girls as candidates for the 1961-62 Football Queen: Freshman, Rita Brown; Sophomore, Susie Hill; Junior, Marcelyn Lee; Senior, LaJuan Curby.

The candidate receiving the most number of votes will be crowned queen. Boxes will be placed around town for your votes. Each penny counts as one vote.

The Football Queen will be crowned this Friday night at the ball game.

# THE OWL'S HOOT

Official publication of the students of Silverton High School, compiled and edited by members of the Future Business Leaders of America.

### NOTABLE NOTES

by Robert Hughes

**Familiarity Breeds Complacency**  
There is an old saying that familiarity breeds contempt, but to apply this statement to the situation existing today I would like to paraphrase this so that it would read, "Familiarity breeds complacency." This latter statement sums up very well the method the communists are using in their gradual process of eating away the foundation of democracy.

People may be outraged by what the communists do, yet they do absolutely nothing about it. Soon familiarity with the communists breeds complacency, and people no longer realize or comprehend the danger existing around them. Communism is then able to proceed another step. This tragic pattern has been repeated many times in the past few years in many countries throughout the world. Unless we do something now, we are in danger of falling prey to this same trick.

How many people have actually seriously considered this question? "If the situation were too develop and you were forced to make a choice, would you rather be Red or dead?" The sad situation is that very few have. People simply cannot believe that they will ever have to make the choice. Familiarity with this incomprehensibly important question has bred complacency about it.

Isn't the danger in this situation self-evident? Can't people realize that this complacency bred through familiarity is exactly what the communists have been striving toward? Isn't it time for people to push the record button on their brain and start realizing that a stand has to be made against communism somewhere? Can't people see that it is not possible to just sit around and do nothing about communism and hope that it will go away? Familiarity may breed complacency, but action will blast complacency. Let's make it plain to the communists that there is no question in our minds as to whether we would rather be Red or dead.

cial thanks for his lending us his station without charge for the car wash.

We thank each of you Sophomore parents, too, for your cooperation in our plans. We fully realize that without you we cannot do anything.

#### THIRD GRADE Mrs. Hinds

We wrote thank you letters in English Class to Mr. Hinds and the School Board for our beautiful new schoolroom. We are really enjoying our work more in every way.

We have finished our Circus Unit and our books show we learned more about writing sentences and reading this week.

Robert Willis and Dy Ann Ray have been sick this week.

We are working hard for our Princess, Rhonda Dickerson, and her escort, Bill Strange. All the money we have made will be used to get some new games and equipment we need.

We are learning Hallowe'en songs and making things for our room. We think the "spooks" will feel very much at home when they drop in on October 31.

Our book of the week: **Davy Crockett** by Elizabeth Beecher and illustrated by Walt Disney. We are learning all we can about great Americans and everyone should know the life of this brave man. His friend Russel wrote the verses of the song with a verse he would have written if he had lived: "His land is biggest, and his land is best"

From grassy plains to the mountain crest; He's ahead of us all, meetin' the test.

Followin' his legend into the west. Davy—Davy Crockett, The man who don't know fear!" We have this book in our library.

#### FOURTH GRADE Mrs. Martin

We are getting ready for Hallowe'en. We are making scratch paintings. Monday we made cut-out pictures. We are very anxious for our queen to win. Clinton Dickerson brought a pumpkin.

We are reading about Raindeer people. We have only read seven pages.

#### FIFTH GRADE Mr. Jarrett

On Monday, October 2, the third and fourth grade rooms were finished which caused much moving and confusion. Our fifth grade moved from the High School Building to the Grade School Building. Johnnie Roy Weaver made the honor roll in our room.

We are working hard to get money for our King and Queen.

### HIGH SCHOOL HONOR ROLL

#### SENIOR

- Larry Elms
- Barbara Fisch
- Carolyn Garrison

- Connie Dudley
- Margaret Minaryard
- EIGHTH GRADE
- Orlin Grabbe

### REMINDER

Some dogs are still being seen around the school. Please keep your dogs at home. This is the last reminder.

### Date Of Halloween Carnival Set

The High School Student Council met in regular session Monday, Oct. 9.

A profit of \$97 was reported to have been made on the Powder Puff Football Game. The Student Council thanks everyone who took part in the game and helped them with it. Without each of you, the game wouldn't have been possible. We are all looking forward to another game next year.

Saturday, Oct. 28, was set as the date of the 1961-62 Halloween Carnival. The carnival will again be held at the football field. It will start at 6:30 and continue until 8:30. At 9:00 the crowning of the Grade School and High School King and Queens will take place in the gym. An admission of 10¢ per person will be charged at the carnation. The following committees were appointed for the coronation:

**Planning:** Sue Lanham, Carolyn Garrison, LaQuetta Chitty, Bill Schott, Van Breedlove, and Robert Rhode.

**Decoration:** Jealeta Eddleman and Janice Lewis.

### JUNIOR PANCAKE SUPPER

The Junior Class is having a pancake supper Friday, October 27. The tickets are 75¢ for every one.

Pancakes, bacon, coffee, milk, syrup, honey, and butter will be served — all you can eat for one ticket.

Everyone come early and enjoy pancakes before the Crosbyton vs. Silverton Game. The Silverton Football Queen will be crowned at this game. No one wants to miss that, so come and eat with us before going to the game.

Sponsor.....Mrs. O. C. Rampley

### PEEPIN' TOM

It doesn't take long to learn that machines, as well as humans, can make errors. Freshman Janice Lewis discovered this last week when she fed our coke machine two nickels, got no coke, and just one nickel back. After a wee bit of anger and not too gentle coaxings, the machine still refused to cough up the coke. The Student Council needs to look into this delinquent vending machine before it cheats someone else.

It's amazing to see how girls react to different incidents. Carolyn Garrison almost "spanked" Stanley Tomlin for throwing a real dead snake into the Pep Squad section during the Rails vs. Silverton game here. While all the other girls were screaming, running, climbing over people, trampling babies, etc., Carolyn, that strong hearted female, calmly took the snake away from Stanley and restored order.

Later when Stanley returned with his snake, Sandi Rhode, another iron-nerved girl, gingerly picked the snake up and pitched it out of the stands.

Someone has been kind enough to inform me that Robbie Sue is NOT GOING STEADY!!!

Lou seems to have taken part of old SHS with her. Everyone will miss her cheerfulness and her good-naturedness. It certainly won't be the same without Lou.

Martina, are two forks too heavy to carry. Couldn't you have brought your friend one? This is similar to another incident which happened a few days ago. Did you have to ruin someone's cake by dumping salt on it?

What if Mary Monroe let Louie Strange out of the corner?

To Peepin' Tom: Thanks for the idea of the banquet. We might try it. The Sophomore Class

Is it true that every Sophomore girl that goes with a Junior boy thought they were the one being shunned by the other Sophomore girls?

Ray Matthews, can't you make up your mind between Donna and Sandi?

Well, it looks like Kenneth Cole finally won Patricia Cagle. After all, Rome wasn't built in a day.

### SENIORS TAKE NEDT TESTS

Monday, October 23, 21 Seniors took the Iowa Educational Development Test. The test took most of the day and will rate individual Senior's abilities in 9 different categories. The test also served as a practice session for those Seniors who will take the ACT college entrance tests Saturday, November 4th.

He: "I never knew love was like this."

She: "Neither did I. I thought there were more chocolates and presents and movies to it."

### Thanks!

The Senior Class would like to take this opportunity to express their appreciation to everyone who attended their chicken supper. Your attendance helped to make the supper a success. Everyone be sure to come to the Hallowe'en Carnival and win a cake at the Senior Cake Walk.

### LUNCHROOM MENU

Thursday, October 26  
Sandwiches — tuna or pimento cheese, soup, crackers, milk, bread, oranges.

Friday, October 27  
Fish and tartar sauce, Mexican style beans, rolls, butter, milk, honey, and apricots.

Monday, October 27  
Wennies and cheese, peas, corn, rolls, butter, milk, sliced tomatoes, honey, and apricots.

Tuesday, October 31  
Pinto beans, buttered rice, spinach, corn bread, butter, milk, and apple sauce cake.

Wednesday, November 1  
Texas hash with ham burger meat, peas, rolls, butter, milk, cole slaw, and chocolate pudding.

**HAVE YOU MET THESE?**  
He who knows not, and knows not he knows not,  
He is a fool, shun him.  
He who knows not, and knows he knows not,  
He is simple, teach him.  
He who knows, and knows not he knows,  
He is asleep, wake him.  
He who knows, and knows he knows,  
He is wise, follow him.

### FIFTH GRADE GIVES HALLOWE'EN ASSEMBLY

Mrs. Baker's fifth grade gave a Hallowe'en assembly to the grade school recently. The assembly opened with prayer by the Student Council and the grade school singing AMERICA. Two boys wanted to pull Hallowe'en pranks on their friends and neighbors, and soon found out what it would be like if the pranks were pulled on them in the program.

### SOPHOMORE CLASS NEWS

Jerry Garrison, Reporter  
On October 17, the Sophomores held a meeting in Room 16. Final plans for the bake sale were made, and discussion of other projects was directed by President Tomlin and Mrs. McAlpin, our sponsor. Two students expressed their desire to resign as members of the Sophomore Class. Their resignations were accepted.

It was found at this meeting that our Christmas cards were sold overnight, with only a few boxes left.

To Mr. Joe Brooks, we give spe-

## ANNOUNCEMENTS

**CARD OF THANKS**  
I wish to thank everyone for the cards, gifts, calls and flowers for me while in Amarillo and since coming home. All the nice and helpful things done for me will long be remembered and appreciated.  
May God bless you is my prayer.  
Mrs. J. H. Burson

**CARD OF THANKS**  
We want to thank our friends for the cards, letters, flowers and food and each kind and thoughtful deed that was done for us at the recent loss of our loved one, Dr. Sedgwick.  
Mrs. W. A. Sedgwick  
Col and Mrs. R. A. Sedgwick  
The Sedgwick grandchildren  
Brothers and sisters of the Smithee family

**CARD OF THANKS**  
We take this means to express our sincere appreciation to all those who showed concern or helped in anyway with the fire which destroyed a barn filled with hay and other valuables.  
We were not aware that the fire department was restricted to help only in the city limits, but we thank them from the depths of our hearts, as they probably prevented a larger barn of hay and grain from burning.

WE'LL BE DELIGHTED TO PROVE...

**NO OTHER LUXURY CAR IS SO EASY TO OWN AS THE '62 GALAXIE BY FORD**

Galaxie... its new low price makes it the world's easiest-to-own fine car.

No other luxury sedan can equal the sheer zest of Galaxie's optional 390 Thunderbird V-8! Not one can hold a candle to that lean, clean Thunderbird roofline! And Galaxie for '62 introduces twice-a-year maintenance... cuts routine service down to every 6,000 miles! So why pay hundreds more when you can ride in pride at our new low Galaxie price?

**WHATEVER YOU'RE LOOKING FOR IN A CAR... LOOK TO THE LONG FORD LINE**

SEE 13 stunning new Falcons, including the Falcon Squire. Side panel looks like real wood... optional front bucket seats... long-est compact loadspace! Plus an even more efficient version of the Falcon Six engine.

SEE a whole new family of Thunderbirds... unique in all the world. Starring the world's most versatile personal car, the brilliant Thunderbird Sports Roadster. And don't forget to see our new Ford Wagons!

See the features of the future, now—
