March went out like a roaring lion Saturday. April began Sunday with a beautiful clear day and spring is more real every day with wild flowers showing their colors along the highways.

This is also the beginning of spring hay fever season. No one knows how to sympathize with a hay fever sufferer until you become one yourself.

BAIRD — Saturday, March 31, at 2:30 p. m., the smoke cleared and nine brave men put away their shooting irons and strolled into the house. No, it was not another "Gunfight at O. K. Corral." It was the celebration of Kyle Kuykendall's sixth birthday and the guys were looking for something cool to drink.

A six-gun contest was held and there were so many fast draws that a winner could not be determined, but those who entered were: Scott Strange, Kirk Whitehurst, Terry Broadfoot, all of Clyde; Kye Corn, Bobby Lovell, Tim Powell, Jeff Clark, Mark Harris and the hero, Mr. Kuykendall.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

**AUSTIN** — The complex job of rewriting the 97-year-old State Constitution began officially last week with initial work sessions of the new Constitutional Revision Commission.

Commissioners outlined plans for a series of public hearings in 18 areas.

The hearing will be held between now and next fall in Houston, Dallas-Ft. Worth, San Antonio, Corpus Christi, McAllen, San Angelo, Lubbock, Longview, Wichita Falls, El Paso, Amarillo, Abilene, Midland-Odessa, Laredo, Tyler, Lufkin, Beaumont-Port Arthur-Orange and Austin.

Chairman Robert W. Clivert, former Texas Supreme Court judge, said the hearing may "determine largely whether people accept the final product."

The 37-member Commission heard advice from a large group of experts, then divided into seven sub-committees to study specific areas of the Constitution which one of the advisors labeled an "appalling" document.

Revision Commissioners received these key bits of advice: Do the best job they can of streamlining the Constitution, but be prepared for the Legislature to "water down their recommendations."

"Don't try to solve the problems but make clear who solves the problems."

Sweep out detailed property tax provision . . . get rid of the grants and loans prohibition and provide "home rule" for counties.

The Commission will be backed up by a statewide advisory committee.

Revision drafts must be completed by November. The Legislature will convene January 1 as a constitutional convention.

**OPEN MEETINGS BILL** — An amended version of legislation to strengthen state laws requiring that the business of state government be conducted in public has been finally passed by the Senate.

A much-revised version of the bill to shield newsmen's sources of information, meanwhile, advanced to the Senate calendar with Jurisprudence Committee blessing.

The Texas Joint Media Committee representatives and "Common Cause," the people's lobby, termed the open meetings bill as passed by the Senate an improvement over both present law and the Jurisprudence Committee bill.

One controversial section of the latter was amended to allow closed session on "negotiated contracts" only for gifts or donations to the government. The bill would allow private sessions of governing bodies to discuss purchase, exchange, lease or value of real estate - but not the sale of property. Also stricken from the Committee bill was a provision for closed sessions with attorneys on "possible avoidance of litigation."

Remaining as exemptions from meetings guarantees are a wide range of discussions of personnel matters including "employment evaluation."

The revised shield bill would allow forced disclosure of information and sources of mandamus by the State Supreme Court which could be sought by any individual to prevent "substantial harm or injury . . . or substantial injustice."

**VEE REVACCINATION URGED** — Texas Veterinary Medical Association called for immediate revaccination of all horses for Venezuelan Equine Encephalomyelitis (VEE).

The Association said 100 per cent immunity can be established and reservoirs of the disease eliminated. It urged revaccination of all horses vaccinated in 1971, vaccination of all newborns, those six months of age and older and those coming into the state length of immunity is uncertain.

**COURTS SPEAK** — Persons who have sexual relations with wives or husbands of others can be sued for damages, the State Supreme Court held.

The High Court turned down an appeal of a Dallas lawyer

who lost his license after a jury found he asked a client for \$500 more than his legal fee, allegedly to prosecute an assistant district attorney.

The Supreme Court set a hearing April 25 over whether Austin could sell 32 acres of park land to a school district without an approving vote of local residents.

The Court of Criminal Appeals overturned convictions for sale of heroin (an 1800 year sentence from Ector County) and possession of marijuana (25 year sentence from Tarrant County) due to judicial error.

A Lipscomb County youth ordered fined and jailed for aggravated assault on a deputy sheriff he called a "pig" won a new trial on appeal to the Court of Criminal Appeals, which held the boy's contention that he was resisting what he considered unlawful arrest should have been presented to the trial jury.

**AG OPINIONS** — A bill (HB 168) proposing to give the governor budgetary authority over state agencies and require submission of quarterly expenditure plans is unconstitutional, Atty. Gen. John Hill held.

Hill said, however, the legislature might confer on the governor's discretion to approve or disapprove expenditures of funds appropriated to restructured agencies discharging only duties which could be constitutionally discharged by the governor.

In other recent opinions, Hill held:

A district judge has discretion to grant a prisoner credit for pre-trial time spent in jail between trial and final conviction and must give credit for time spent in jail awaiting determination of appeal. However, he cannot reduce a sentence due to a good behavior and prisoner reform.

Hunting club employees can carry firearms but unless they are law enforcement officers have no more right to enforce the law or to protect the club property than any other individual.

An individual convicted of a felony three years ago, and is now on probation, is not qualified to be appointed a deputy sheriff.

**FIRMS TO BE HONORED** — Five industrial firms will receive the governor's industrial expansion award for 1972 at a conference here May 10.

Selected to receive the 1972 awards at the Governor's Conference on Industrial Expansion are Stemo Manufacturing Co. of Longview, Redman Mobile Homes Inc. of Burleson, Lonchart Homes of Childress, Can-Tex Industries of Mineral Wells and Weber Aircraft of Gainesville.

All were named by local chambers of commerce and selected by Texas Industrial Commission based on economic and civic contributions to their communities during last year.

**SHORT SNORTS**  
Gov. Dolph Briscoe went to Washington to protest that new federal regulations would destroy the social services programs in Texas for non-welfare recipients and increase welfare rolls.

A bill to set up a "little Hoover commission" on reorganization of the executive branch of state government finally won Senate approval and now goes to the House for consideration. New state bank charters are being sought in Houston, Austin and Comanche.

Of 7,572 roadside park facilities in the nation, 1,959 are located in Texas, according to a U. S. Department of Transportation Survey.

The Sabinal Canyon area (1,280 acres) in Bandera and Real Counties, has been purchased by the Parks and Wildlife Department for \$512,000.

August and September primary election dates received Senate approval.

City officials are urging Governor Briscoe to recall a bill granting collective bargaining rights to policemen and firemen for amendment.

## Explore Roles - Extend Goals" Theme of National FHA Week

CLYDE — April 1 through 7 has been designated National FHA Week. Members of Future Homemakers of America will carry out special activities and observances designed to share their experiences and accomplishments with family, friends and neighbors.

The theme chosen for this year's National FHA Week is "Explore Roles - Extend Goals" to focus attention on what over half a million young men and women in FHA and HERO chapters throughout the country are doing to explore the multiple roles individuals play in family, community and career life.

Dicy Scott points out that several million young people have been challenged by the unlimited opportunities offered through membership in Future Homemakers of America over the 28 years since its establishment as the national organization for high school students in home economics and related occupations. "FHA plays an effective role in the educational system," she stated, "by keeping us involved in activities that benefit us not only as individuals but as family and community members. In other words, it serves as a bridge between the classroom, the home and the community and it is the key for developing the potential of each individual member for a productive life in our society."

The 125 members of the Clyde FHA chapter have scheduled a number of activities for this week. Plans outlined by the President include the following: Monday, flowers will be presented to Mr. Alexander, principal of Clyde High School, and to Mr. Newton, superintendent of Clyde School. Also, cookies will be served at the breaks in the high school. The homemakers will take an ecology hike Tuesday and have a litter clean-up which will end with a picnic. Wednesday, the flowers will be given to the lunchroom workers in appreciation for their work. Thursday, a party for the 8th grade girls will be given to explain the purposes of FHA. On Friday the homemakers will celebrate a Sadie Hawkins Day when the girls will be allowed to walk the boys to class, carry their books, ask for dates, etc.

Future Homemakers of America is a nonprofit, self-supporting organization officially sponsored by the U. S. Office of Education, through the Division of Vocational and Technical Education and the American Home Economics Association. It encompasses two types of chapters: FHA chapters for students

in homemaking, consumer and family life education; HERO for students enrolled in home economics related occupation courses. High school economics teachers serve as advisers to the 11,000 local FHA chapters over the country. National headquarters are located in Washington, D. C.

Officers of the Clyde chapter are: Dicy Scott, President; Cheryl Allen, 1st Vice President; Lynn Key, 2nd Vice President; Call Yarborough and Melinda Bynum, 3rd Vice President and Assistant; Pat Cotten and Jan Dowden, 4th Vice President; Jeri Pruet, Secretary and Treasurer; Karen Long, Reporter; Linda Gabbert, Historian; Christy Smith, Parliamentarian; Sherry Hock, Pianist.

Sponsors are Mrs. Sharon Geyer and Mrs. Bettie Allen.

### New Housing Units Filling Rapidly

BAIRD — In the past few weeks, new residents have moved into the new Housing Authority units, which were completed in February. The 22 units brought the total to 50 units for the City of Baird, to ease housing problems - one of our main problems.

The new residents in the East 4th, Spruce and Walnut Streets area are: Mrs. Altie Foller, 334 E. 4th; Mrs. Jimmy L. Stewart, 325 E. 4th; L. J. Hill, 310 East 4th and Lora Brecheen, 306 E. 4th.

Residents on Spruce Street are: Bea Peebles, 404 Spruce; Effie Richardson, 408 Spruce; and residents having Walnut Street addresses are: Florence Loper, 407 Walnut; Alice Crutchfield, 413 Walnut; Ila Bolton, 421 Walnut and Mary Ivie, 427 Walnut.

The new units near the school lists: Louise Collins, 627 Girard; Steve Odom, 626 Poplar; Mary Ann O'Jnes, 636 Poplar; Lillie McKennon, 635 W. 7th; Fannie Knott, 629 W. 7th; Mrs. George Kelly, 623 W. 7th and Viola Tatum, 615 W. 7th.

The new units will soon be filled with 17 residents already moved in to the one and two bedroom units, with five left to be filled. This eases the housing problem here somewhat, but housing is still a problem as new residents are moving here and there are no houses for rent, and even less for sale.

## "Beauty For Business" Campaign Headed by Baird Delphian Club

BAIRD — 'Beauty for Business' is the program, sponsored by the Delphian Club to encourage business firms to make improved appearances during a paint-up, clean-up campaign for a new look in community environment. Making the announcement was Mrs. Archie Nichols, project chairman, and Delphian Club President, Mrs. Tom Windham Jr.

Business for Beauty, which has been conducted nationally since 1968, is co-sponsored by General Federation of Women's Clubs and Cities Service Oil Company, through Cities Service Foundation.

Mrs. Nichols stated, "A community's environment depends upon many things, among them the visual standards of businesses and homes. Business establishments which do not reflect high standards of design, landscaping and maintenance, can be a particular liability since they are usually located on heavily traveled streets and highways. On the other hand, good appearance helps both the business and the community."

All local businesses in Baird completing any kind of improvement to their exterior appearance since July 1, 1972, and February 15, 1974, will be recognized with certificates of commendation from the Club. One local firm will be singled out for additional recognition and go into further competition.

All local firms are certainly invited and encouraged to contact Mrs. Nichols if planning to make any improvement, so they

may be recognized. During the "Business for Beauty" campaign, let us all join in to make our city more attractive, whether it be a vacant lot, home, yard, or business firm. Let's cooperate with the Delphian Club as it promotes and sponsors this clean-up campaign. It is very important that we care about our homes, businesses and other property, so let our visitors say, "Isn't that a well cared for community."

### "Billy Jack" Coming To Plaza Theatre

Warner Brothers release Billy Jack by the National Student Production Co. Inc., showing Saturday and Sunday at the Plaza Theatre, is a film which has been a big box office success across the U. S. Most teenagers who have seen this film have felt that it should receive an Academy Award for best screenplay.

"Billy Jack" is about an Indian ex-Marine who uses karate he learned in the Marines to protect children and other living things from prejudiced bigots that try to make little things like buying an ice cream cone from the community snack bar a difficult thing to do. Made by school and college students, "Billy Jack" was an effort to express the younger generations feelings of today's inequalities to the world.
