PCA Stockholders Meeting, March 31

In a recent board meeting the Annual Stockholders Meeting of the Plainview Production Credit Association was set for Saturday, March 31, at the Plainview High School cafeteria and auditorium, beginning with a barbecue lunch at 11:00 a.m., entertained by the Stamps Quartet at 1:00 p.m. follow-

ed by the regular association business including the Annual Report of the Board of Directors, the Secretary-Treasurer's Report, and the election of one director.

The term of Leroy Durham expires this year. The nominating committee elected by the stockholders last year met Monday, February 19th, and nominated Leroy Durham for re-election and John Norfleet, who lives 10 miles west of Edmonson, for this position on the board.

The present board is Leroy Durham, president; Henry Hayes, vice president; Grady Shepard, D. S. Anderson, and Don Garrison.

Olan Alexander is secretary-treasurer and General Manager; Fred Conner is assistant secretary-treasurer and Assistant General Manager.

Methodist Youth To Attend Sub-District Meeting Sunday

The Methodist Youth Fellowship will have a sub-district meeting on Sunday, March 4, at 2:00 p.m. in the First Methodist Church at PETERSBURG.

All youth of the Silverton Methodist Church are asked to make plans to attend, with the goal of

bringing home the attendance banner.

Transportation will be furnished. The group will leave the church here at 12:45.

City and School Officers to be Nominated This Saturday

There will be a meeting in the County Courtroom on Saturday, March 3rd, 1962, from 9:30 until 10:00 a.m., for the purpose of nominating citizens of this community to fill the vacancies in the City Council and the board of Silverton Independent School. The names of the persons that are nominated at

the meeting will be placed on the respective ballots for the upcoming city and school trustee elections.

The terms of the Mayor and three (3) City Councilmen expire on Tuesday, April 3rd, 1962, those being Shellie Tomlin, mayor; and J. B. Stafford and Ray Thompson, councilmen. Three or more persons

must be nominated to fill the vacancies of councilmen and one or more to fill the vacancy of mayor.

The names of the persons nominated will be placed on the official City Election ballot for the election on Tuesday, April 3, Faris W. Martin and William Strange are the two remaining members of the City Council.

WORLD DAY OF PRAYER TO BE OBSERVED AT SILVERTON FIRST METHODIST CHURCH

On March 9, World Day of Prayer will be observed in the Silverton Methodist Church. A 12-hour prayer vigil will begin at 7:00 a.m. Any and all peoples of the com-

munity will be welcomed to come and stay as long as possible. Some will be at the altar of the church from 7:00 a.m. until 7:00 p.m. No program will be given.

Worshippers will come to the church to pray as they desire, as it is a recognized fact that the world is in great need of prayer.

Special Study Given For Guild And Night Circle

The first part of a special study, "Churches For New Times," was presented by Jane Ledbetter on Wednesday evening of last week to the Wesleyan Service Guild and night circle of the W.S.C.S. The joint meeting was held in the basement of the Methodist Church, with Josephine Anderson and Mary Ann Sarchet as hostesses.

Mr. and Mrs. Carl Satterfield went to Plainview Saturday afternoon to bring home their son, Kelly, who had been there for two weeks during his parent's illness. Mr. and Mrs. Satterfield are recuperating from hepatitis, and are able to be up and about some of the time.

Refreshments of coffee, soft drinks and cake were served after the program.

The study will be concluded in another joint meeting of the two groups to be held Wednesday, March 21, at 7:30 p.m. in the basement of the church. Members of the W.S.C.S. will be hostesses.

City Secretary Fred A. Strange advises that anyone who wishes to run for office may do so and have his name placed on the official ballot by filing his application at the City Hall.

The terms of three (3) school trustees expire on April 7, 1962, those being E. A. Birdwell, Robert Hill and Albert Mallow. Three or more persons must be nominated at this meeting Saturday to fill the vacancies on the Silverton Independent School Board.

The names of the persons nominated will be placed on the official ballot for the upcoming School Trustees election on Saturday, April 7, 1962, according to Verlin Towe, Assessor and Collector for the Silverton Independent School.

Recent visitors at the Methodist parsonage with Rev. and Mrs. Marvin Fisher have been Rev. O. B. Herring of Memphis; Delbert Devin of Tulsa; Clyde King and Wallie Dughean of Amarillo, and Mr. and Mrs. E. J. Hamilton of Quitaque.

Rev. and Mrs. Marvin Fisher visited with Mr. and Mrs. R. C. Burleson in Lubbock one day last week. Mr. Burleson has been quite ill.

Quitaque Cagers Advance to State Class B Tournament

The Quitaque Panthers, by taking a 71-60 overtime decision from the Briscoe five in the Regional Basketball Tournament held in Canyon last weekend, have advanced to the State Tournament which opens in Austin today, March 1, 1962.

The Panthers have drawn Aspermont, the team favored to win the State Class B Championship, as their first opponent. This first contest of the state tournament is scheduled to begin at 10:00 o'clock this morning.

Wyatt Heisler of Wayside spent Monday afternoon with Joe H. Smith.

Mr. and Mrs. Eugene Long were in Lubbock on Thursday of last week. Enroute home they visited Mr. and Mrs. Harlan Day near Floydada.

Mr. and Mrs. Billy Joe Womack and daughters, Marsha and Mrs. Ruben Frausto and Jayme, of Brownsville, spent most of last week here and in Amarillo. They were guests of Mr. and Mrs. Bruce Womack here. Mrs. Billy Joe Womack visited in Amarillo with her parents, Mr. and Mrs. F. M. Hill. Mr. Hill has been very ill but was slightly improved Saturday.

Mr. H. E. Fowler and Mrs. J. E. Oneal visited H. E. Fowler, a patient in the Lockney Hospital, Monday morning.

Mr. and Mrs. L. E. Paige, sr., planned to leave Thursday morning for Bolton, Mississippi, to spend a few days with her sister and family, Mr. and Mrs. J. H. Gearhart.

Mr. and Mrs. A. E. Gragon of Quitaque visited Mrs. C. R. Badgett Monday.

Pvt. Charlie Spann is spending a two-week leave here with relatives and friends. He is staying in the D. T. Northcutt home.

Alva Jasper has been a patient at Plainview Foundation and Clinic for several days. He underwent surgery there on Tuesday.

Regional winners from all parts of the state will meet in the state tournament. Quitaque will be trying for the State Class B title, as will Santa Rosa, Hawley, Kyle, Aspermont, Robston, Snook and Huntington.

Named to the Class B All-Regional team from Quitaque were Sammy Johnston, who made the winning two points with free throws in the championship game with Briscoe, Dellis Monk and James Starkey.

The Panthers have a 33-3 season record, having lost to Price College, Kress and San Jon. School was dismissed Tuesday afternoon in Quitaque in order that all students and faculty members would have an opportunity to attend the state tournament.

According to Coach James Roberts, this is the first year that Quitaque has played for the state championship.

Mr. and Mrs. Bud McMinn were in Plainview Monday for her checkup. They visited Mrs. Bailey Henderson of Lockney, at the Plainview Foundation and Clinic and found her recuperating from an injured leg. They also visited Mr. and Mrs. W. P. Smith in Plainview and Mr. and Mrs. Odie Dorman in Aiken.

Mr. and Mrs. Dean McWilliams of Plainview, visited relatives here Monday afternoon.

Dearwood Oneal was taken from the Tulia hospital to Northwest Texas Hospital in Amarillo early this week. He underwent surgery there this week, but of a different nature than the lung surgery he has been recuperating from.

Mrs. Carl Yocum of Amarillo, O. C. and James Maples spent the weekend in McKinney where they visited their brother, V. C. Maples, who is a patient in the VA Hospital there.

Stephens Completes Officer Orientation

Army 2d Lt. Kenneth R. Stephens, 25, son of Mr. and Mrs. Homer R. Stephens of Silverton, completed the eight-week officer orientation course at The Artillery and Missile School, Fort Sill, Oklahoma, on February 8.

Lieutenant Stephens was trained in the duties and responsibilities of an artillery officer. He received instruction in communications, artillery transportation, tactics and combined arms, gunnery and target acquisition.

The lieutenant entered the Army last November.

Stephens is a 1953 graduate of Silverton High School and a 1961 graduate of Texas Technological College in Lubbock.

Jerry Fielder and Pete Murphy of Dixon, California, were visitors here during the weekend and on Monday with Murphy's sister and family. Mr. and Mrs. Elmer May and Mike.

Mr. and Mrs. Rusty Arnold have recently learned of the death of his sister-in-law, Mrs. Claude Arnold, in California, on February 12. She and the late Mr. Arnold formerly lived at Hamlin.

Mr. and Mrs. Travis Gilland of Bowie, were weekend guests of her mother, Mrs. Annie Edwards.

Mrs. McJimsey Is Haylake Hostess

The Haylake Club met Thursday afternoon, February 22, in the home of Maud McJimsey. Peanut Pals were revealed and names were drawn for the next three months. The afternoon was spent embroidering friendship quilt blocks for Doralene Montague.

The next meeting will be an all-day quilting in the P.C.A. community room, March 18, with Peggy Garvin as hostess.

Refreshments of applesauce cake and whipped cream, coffee and cokes were served to the following members and guests.

Mae Rackley, Ikie Bingham, Margaret Stephens, Mary Lee Watters, Bettye Wheelchel, Eudean Crow, Blanche Newman, Mildred Brooks and Roy Lynn, Lillus Ruth McJimsey, Mary Rampley, Doralene Montague and Debbie, Ruby Brannon, Winnie Smith, Ella Leah Riddell, Peggy Garvin and Dara, and the hostess, Maud McJimsey. Guests were Anna Belle Tipton, Susie Bean, Opal Hyatt, and LaJuana McJimsey and Todd.

Mr. and Mrs. L. E. Paige, sr., planned to leave Thursday morning for Bolton, Mississippi, to spend a few days with her sister and family, Mr. and Mrs. J. H. Gearhart.

Mrs. A. E. Gragon of Quitaque visited Mrs. C. R. Badgett Monday.

Pvt. Charlie Spann is spending a two-week leave here with relatives and friends. He is staying in the D. T. Northcutt home.

Mike Long, son of Mr. and Mrs. Beryl Long, has recently spent several days in the Tulia hospital with pneumonia. He is at home now but was not able to return to school early this week.

Alva Jasper has been a patient at Plainview Foundation and Clinic for several days. He underwent surgery there on Tuesday.

Farm Gas Legislation Explained To Local Farmers

A meeting of Briscoe County Gas Users Association was held in the County Courtroom in Silverton Tuesday, February 20, for the purpose of organizing the county irrigation gas users in preparation for the next attempt to pass legislation.

The irrigation gas users of the plains have attempted to pass legislation to give the Railroad Commission control over private gas

companies. This would give farmers the right to appeal when rate increases are proposed by the gas companies. Previous attempts to pass legislation have not been successful; however, farm gas users are hopeful that the bill will soon be passed.

Among the guest speakers at the meeting in Silverton were David Burgess, president of the Plains Gas Users Association, Tulsa; John

Aiken, attorney for Plains Gas Users Association, Hereford; Andy Rogers, State Senator, Childress; H. G. Wells, State Representative, Tulsa; Bruce Parr, director of Plains Gas Users Association, Farmer County; J. Boston, secretary-treasurer of Plains Gas Users Association, Hereford. Also attending were a number of Briscoe County gas users and other interested persons.

Mr. and Mrs. Jack Harris have recently returned home after having spent several days at Truth or Consequences, New Mexico.

Mrs. Ray C. Bomar and Grady Wimberly spent the weekend in Amarillo. Mrs. Wimberly was a guest of Mr. and Mrs. Carl Wim-

berly. Mrs. Bomar spent the weekend with Mrs. Avis Cowart and Mr. and Mrs. J. A. Windsor Sunday.

DOES SALVATION COME BY "FAITH ONLY"?

If the Bible teaches that one is saved by "faith only", that immediately solves the problem. There is no need to pursue the question further. We are, however, quite concerned over the apparent silence of the Bible on this matter. The only place we read of "faith only" in the Bible, there appears to be a considerable discrepancy between man's teachings on the subject, and the Bible's teaching, (James 2:24).

Discounting James' teaching (James 2:14-26) which is an answer to THIS VERY QUESTION, it is interesting to note that Jesus said in Luke 13:3,5, "I tell you nay, except you REPENT, ye shall all likewise perish." Now everyone knows that repentance isn't faith, and faith isn't repentance, but if one be saved by "faith only", then Jesus must have been kidding. But if Jesus was telling the truth, then men aren't saved by "faith only".

In 1st Cor. 13:2, Paul says . . . "Though I have ALL FAITH, so that I could remove mountains, and have not charity (love), I am nothing." In the 13th verse of the same chapter, Paul says love (charity) is GREATER than faith — or hope. If it is, how can one be saved without it? Still, if one is saved by "Faith only", he is surely saved without love, for love isn't faith, and faith isn't love. Then again, if love is necessary for salvation, one isn't saved by "Faith only."

Certainly it isn't hard to see that one is saved BY FAITH. There are many scriptures to indicate this. But one goes so far as to say that one is saved by "faith only", he becomes guilty of saying that all the other commands of Christ are unnecessary.

To men who don't know the Bible, the doctrine of "faith only" may be "a most wholesome doctrine, and very full of comfort," but to those who KNOW the Bible, it affords no such comfort. Admittedly, it is an "easy" religion. The only regret of this writer is that it isn't a "safe" religion, (Mt. 7:21).

L. O. A. STUDY CLUB ELECTS FIRST SLATE OF OFFICERS

The L.O.A. Junior Study Club met February 20, 1962, in the clubroom for the purpose of electing officers for the coming year. The name chosen for the new study club is "L.O.A." which stands for

Love One Another. The object of the club will be "to strengthen and refine intellectual and moral growth through organized effort."

Charter officers for the coming year are Mrs. Billy Settle, president; Mrs. Guinn Fitzgerald, first vice president; Mrs. Jim Whitfill, second vice-president; Mrs. J. E. Patton, recording secretary; Mrs. Bill Baird, corresponding secretary; Mrs. Douglas Forbes, treasurer; Mrs. Bill Durham, reporter; Mrs. Jack Mayfield, parliamentarian; Mrs. Charles Mayfield, federation counselor; Mrs. Carroll Welch, historian.

Those present were Meses. Don Cornett, Jim Whitfill, Billy Settle, Guinn Fitzgerald, Bill Baird, Joe Brannon, Doug Forbes, Kenneth Stephens, Carroll Welch, Jack Mayfield, J. E. Patton, and Mrs. True Burson of the March of Time Study Club, the L.O.A. club advisor.

Mrs. Strange Feted With Shower

Mrs. Charles (Bud) Strange, a recent bride, was honored with a miscellaneous shower in the community room of the Production Credit Association in Silvertown from 2:30 until 4:00 o'clock Tuesday afternoon, February 20.

Mrs. Florence Fogerson greeted the guests and presented them to the bride and her mother, Mrs. W. M. Corgill of Turkey, and to Mrs. Ernest Strange, mother of the groom.

The bride's chosen colors of orchid and white were used in refreshments and table decor. The table was laid with a lace cloth over orchid, centered with a miniature bride and groom on a white heart with orchid net trim. Crystal and silver appointments were used to serve the orchid punch, white cake squares, nuts and mints. The white napkins were embossed with "Sue and Bud" in orchid.

Mrs. Strange was the recipient of an array of gifts for her new home. Out-of-town guests included Mrs. Edwin Bice of Tulia, sister of the groom, and Mrs. Louis R. Stapp of Lockney, maternal aunt of the groom.

Mrs. Virgil Baldwin and Dan spent the weekend in Amarillo as guests of Mr. and Mrs. Jack Baldwin and Debra. Mrs. Baldwin visited Mrs. Lenton Lanham, a patient in Northwest Texas Hospital, Sunday afternoon.

Mr. and Mrs. R. A. Day of Matador, were Sunday visitors with their daughter and family, Mr. and Mrs. Ware Fogerson and Stanley, and Mrs. Florence Fogerson.

M. C. Kitchens came home from the Lockney Hospital on Wednesday of last week and is thought to be improving slowly.

Marsha Iwana Monroe

Mr. and Mrs. O. Carver Monroe announce the engagement and approaching marriage of their daughter, Marsha Iwana, to Mr. David Marshall Miller of Olton. The wedding will take place on March 16, in the home of the bride's parents.

MARCH OF TIME STUDY CLUB TO HEAR BOOK REVIEW

The theme, "Time For Texas," will be the feature program for the regular meeting of the March of Time Study Club on March 1,

1962. After the invocation by Mrs. Roy Mayfield, the hostess, Mrs. G. W. Lee will introduce Mrs. Fred Mercer, who will review the book, "A Texan At Bay," by Paul Crume, a Dallas journalist, who tells of the early life of a young boy growing up in West Texas.

The meeting will be in the home of Mrs. G. W. Lee.

Claude Crossing Club Hosted by Mrs. Turner

The Claude Crossing Club met Thursday, February 22, in the home of Kate Turner.

Lorena Edwards presided over the business meeting, during which the election of officers was held and the club voted to send a quilt to Boys Ranch.

Officers for the coming year are Donaleta Garrison, president; Ruby Lee Eddleman, secretary-treasurer; and Joyce McCutchen, reporter.

Members present were Johnny Weaver, Lorena Edwards, Lois Posey, Ora Alexander, Lottie Garrison, Joyce McCutchen, Jo Turner, Donaleta Garrison, Helen Ed-

dleman, Artie Northcutt, Dottie Long, Zelma Lee Mayfield, Janie Garrison and Kate Turner.

Mary Lou Northcutt and daughters were visitors.

The next meeting will be March 22, in the home of Jo Turner.

COOKIES FOR EVERYONE

By Jane Ashley

You will certainly decide that home baked cookies are best when you have tried this recipe using the new Mazola margarine. Not only do they taste good, but this margarine has the nutritional benefits of corn oil as well.

They are simple to prepare, and so many different variations can be made with the one dough that you can please everyone with one baking.

All Purpose Cooky

- 1/2 cup corn starch
- 1/2 cup confectioners' sugar
- 1 cup sifted flour
- 1/4 cup Mazola margarine

Sift together corn starch, confectioners' sugar and flour into bowl. Have corn oil margarine at room temperature. Blend margarine into dry ingredients with a spoon until a soft dough is formed. Bake cookies in 300° F. (slow) oven for 20 to 25 minutes or until edges are lightly browned. Makes 1 to 3 dozen cookies.

Prepare in any of following ways; form cookies with a cookie press in shape desired; or form into balls, rolls or crescents by hand. Roll dough in chopped nuts before baking; or dip cookies in melted chocolate or dust with sifted confectioners' sugar after baking. Make a depression in center of balls before baking and fill with jelly afterwards. For double decker cookies press dough into an 8 inch square pan; bake for 40 minutes. Sprinkle the top with 1 cup chocolate chips and put back into oven to melt. Sprinkle with 1/2 cup coconut. Cut into squares.

WHO'S NEW

Mr. and Mrs. Lonnie Payne are parents of a son, Lonnie Wayne, born in Swisher County Hospital at Tulia, at 12:12 a.m. Saturday, February 24, 1962. He weighed 7 3/4 pounds. This is the first child for the Paynes.

Grandparents are Mr. and Mrs. Roy Edwards of Turkey and Mr. and Mrs. Buck Payne. Mr. and Mrs. Cecil Payne of Quitaque are the great-grandparents.

Mr. and Mrs. Clifton Stodghill are parents of a baby girl, Carol Anne, weight 7 pounds, 2 ounces, born in Swisher County Hospital at Tulia Saturday, February 24, 1962, at 11:48 p.m.

Grandparents are Hugh Stodghill of Gainesville, and Mr. and Mrs. Bernice May. Mr. Homer Bothe of Gainesville, is the maternal great-grandfather.

Clifton and Joy have two other daughters, Mary and Donna.

Mr. and Mrs. Dale Snell are the parents of a boy, Denby Dale, born on February 25, 1962, in Swisher County Hospital at Tulia. The young man weighed 8 pounds, 1 ounce.

Grandparents are Mr. and Mrs. Julius Hansen of Tulia and Mr. and Mrs. Irvin Snell of Lamesa. Great-grandparents are the Harry Sorrensons of Tulia.

Mr. and Mrs. Robert Whelchel are parents of a red-haired baby daughter, Bob Ann, born on February 4, 1962. The lass came to make her home with the Whelchels on February 26. She weighs 8 pounds, 4 1/2 ounces, and according to the coach's report, is eligible for "Powder Puff Bowl" games only.

6, with Mrs. Hugh Nance and Mrs. Farris Martin presenting the program, "The Great Physician Is Still Healing."

W.S.C.S. Meets With Mrs. Alexander

The W.S.C.S. of the First Methodist Church met in the home of Mrs. Gordon Alexander at 9:30 a.m. on February 27th.

Mrs. Gene Morris continued the study she is presenting to the society entitled, "The Christian and Responsible Citizenship."

The president, Mrs. George Seaney, conducted a short business meeting after which Mrs. Lem Weaver dismissed the group with a prayer.

The hostess served coffee and cupcakes to thirteen members. The next meeting will be in the home of Mrs. George Seaney on March

Mrs. Bud Strange

Mr. and Mrs. Will Corgill of Turkey announce the marriage of their daughter, Sue, to Mr. Bud Strange of Silvertown. The wedding vows were exchanged on February 3. The couple are at home in Silvertown.

Mrs. Lenton Lanham has been a patient in Northwest Texas Hospital in Amarillo since Thursday of last week. She underwent surgery there Friday, and was reported to be resting well early this week. She is expected to be home later this week.

Tips on Touring

By Carol Lane
Women's Travel Authority

Women and Cars

What do you think of the new cars? If you consider yourself an "average homemaker," you may find your views reflected in a recent magazine survey of women's tastes. Here's what they said they liked.

Good craftsmanship. They suggested bringing out a new model every two years rather than every year.

American-made compact cars. However, the women said they preferred the more familiar manufacturers' names to the new names.

Less horsepower, more safety features, large glove compartments, a place for hanging pocket-books, no hump in the center, higher seats, and labels on engine parts.

More mechanical education so they'd know "what to do when the motor won't turn over on a cold morning." As women's travel director for Shell Oil Company, I meet thousands of women every year... and I'm amazed at how little they know about what makes a car run.

And here's something they said they don't like: automobile advertising built around a glamorous model in a cocktail dress.

So much for the "average" view. How does it square with yours?

Glimpses of Briscoe County History
Since 1892

The Texas-Santa Fe Expedition, sent by Lamar from Austin to Mexico City in 1841, camped near Quitaque. A scouting party of one hundred men was sent on to Mexico for supplies. They rode up on the Cap in Briscoe County and crossed Quitaque and the Tule Canyons west of Silverton. The men were arrested and the rest of the party was sent for. Their wagons were placed in a circle for protection and when the Mexican scout troop came for them, the wagons were abandoned and burned. The remains of the camp were undisturbed for years until an "F" Ranch cowboy found the circle and decided there was a pot of gold buried in the center. Strange to say, people dig for many many years for gold in the east part of Briscoe County.

Settlements were made in Briscoe soon after the battle of San Jacinto; the Spaniards came to this country and set up the ranching business. There was digging around the Cap in an effort to locate the ore in paying quantities. Those coming at a later date found the remains of old forts, corrals and a shaft of the lost mine. It is believed that the ore was exchanged for loot brought in by outlaws who made their headquarters in Tule Canyon. The James brothers are supposed to have been among those who retreated to this section.

As early as 1876 applications were being made to the state for the right to file on land in Briscoe County and on August 2 of that same year the county was created from Beaver and Young Counties.

In 1877 L. R. Dyer brought from the Raton mountains in New Mexico a herd of about two thousand cattle. They belonged to two brothers, James and George Baker. Their headquarters were in the northeast corner of Floyd County which is under the Caprock but much of the ranch territory was plains. They took the name Lazy F, which was also their brand. Cattle were branded Lazy F on the left hip and swallow Fork on the left and underbit the right ear marks; the horses bore the Lazy F on the left hip.

In 1879 the ranch was bought by Colonel Goodnight, who was agent for the Adairs; Goodnight

became manager. The "F" headquarters served people who lived for miles around. There was no nearby post office, no railroad, no town or even any stores. About once each month the supply wagon drove to Clarendon or to Newlin. The trip was slow and tedious. There was no road except the one laid off by the Goodnight Ranch. The wagon returned with a supply of food, new togs for the cowhands and a flour sack with the mail in it. The mail was dumped into a box where it stayed until it was taken out by the owners who drifted in at intervals. It was a treat to get the mail.

Food for the ranch hands was good; there was always beef which they could keep by hanging it in the cottonwood trees and in the fall, venison. There was black coffee, and hot biscuits three times a day, spotted mule (rice and raisins cooked together) and sun-dried-a-gun. Flour and sugar were bought by the barrel and tomatoes corn and hominy by the case.

The ranch had a general manager, range boss, wagon boss, wagon cooks and headquarters cook, but when the boys were camped out in different sections, they were all of the above. Any entertainment they had was furnished by themselves, and they would go for a month at a time without seeing a person.

The cattle and horses of the Lazy F in Briscoe County ranged from the canyons to Rock Creek and to Lockney.

Henry Hughes was stationed in Briscoe County, south of where Silverton is now, and he was the only person in the county on the plains; his duty was to look after the cattle and horses ranging in that section. When stationed out in camp, the boys were ever in danger of being hurt and nobody finding them. Mr. Hughes would tell of mounting an outlaw horse caught on the range, and with no other choice, riding him. Grass in Briscoe County and on the plains was wonderful. The haylake grass grew waist high and it was baled for winter feed; mesquite grass was good too, and there was a curly grass that almost made a carpet.

Trails to the markets were long. Once each year the cattle were started on the trail to market in

April. The boys looked forward to this trip with its tiring ride and dangers they had to face. On the drive went the chuck wagon with food and bed rolls, a remuda and always enough boys to protect the herd in danger.

Mr. Goodnight began early to dig for water in Briscoe County and drilled one well at the head of Ross Canyon four hundred feet deep and then didn't get water. The first successful well was dug south east of Silverton and a windmill was put there. Windmills were then put all over the county. By 1890 settlers were drifting in slow but sure. The land, acres of it free for the asking, was a gold mine too sure to be left unclaimed for the next person. The desire for new territory, a yearning to master a new land lurked in the breast of the hardy pioneers and they came to Briscoe County.

W. S. Gregg, 1890; W. E. Schott, 1891; T. L. Anderson, 1890; J. F. Jago, 1893; Mrs. W. C. Baird, 1889; V. R. Bomar, 1892; P. E. Cowart, A. P. Donnell, 1891; J. E. Daniel, 1892; A. E. Frieze; 1891; J. B. Porter, M. C. Potter, H. C. Seaman, 1891; J. C. Wagley, 1891; W. E. Burleson, 1894; and Mr. Watson, 1891.

C. G. Harrison was brought home from the Tullia hospital on Thursday of last week and is reported to be doing satisfactorily. Mr. and Mrs. Hershie Harrison and Mr. and Mrs. Leo Hoffman of Hereford, and Mr. and Mrs. Walter Via of Canyon, have been to visit their parents since he came from the hospital.

Linda Discards Braces, Crutches; Mother Praises March of Dimes

(EDITOR'S NOTE: Dorothy E. Breese, young Columbus, Ohio, mother, tells of the remarkable progress made by her daughter in overcoming the disability caused by a severe birth defect.)

By DOROTHY E. BREESE
My little Linda has done far more things in her five years than most people even dream of being able to do in an entire lifetime.

As the March of Dimes 1961 National Poster Child, she met President Kennedy in person and rode on a float in his inauguration parade. She starred in an hour-long television program with some of the country's most popular television and movie stars.

Linda has traveled from coast to coast and seen her picture in nearly every newspaper printed. She has autograph books filled with the signatures of celebrities and famous people she has just visited.

These are just some of the things Linda has done that are beyond the reach of most of us. But the one thing we wanted most for her was something the average person takes for granted—the ability to walk alone and unaided.

There were many times during the years that my husband, Dean, and I thought that Linda would never be able to throw away her braces and crutches. And to be truthful, there were terrifying moments when we feared we might even lose her.

Linda was born with an opening in her spinal column, a condition known medically as spina bifida. As a result, her body was seriously affected from the waist down.

When she was only a few hours old, Linda underwent a delicate operation that partially corrected this condition. The surgery was performed at Children's Hospital in Columbus where subsequently The National Foundation with March of Dimes funds established the first of its Birth Defects Clinical Study Centers in 1959.

When she was nine months old, it was found that Linda had water on the brain, which has the medical name of hydrocephalus. This condition was

Linda at 23 months after two operations for birth defects. And . . .

. . . Linda today, now able to walk without her crutches or leg braces.

treated by the insertion of a "shunt" tube which drains the excess fluid from the head into the blood stream.

You can imagine how much we worried about our little girl in those early days, because we knew she was never far from death. It could have come at any time. After all, 250,000 infants are born in this country each year with a significant birth defect and 21,000 of them die.

But Linda continued to improve. She received specialized treatment at the March of Dimes-supported center. She got her leg braces and crutches. Linda hated them, but she learned to use them.

When, though—if ever—would she be able to run and play with her sister and two older brothers and the other neighborhood children?

The answer to that question depended on Linda, her doctors, the rehabilitation therapists, and us. We all worked together. We worked long, and we worked hard, but it was worth it.

Only the other day, Linda took her first halting steps across our living room without her crutches or leg braces. It was an unforgettable experience. In my excitement, I telephoned the good news to everyone I knew—and probably quite a few I didn't know. It was a real shout-from-the-house event.

Linda has won through. She improves every day. Now her trips to the birth defects center have been cut to just one every three months. Best of all—we have been able to enroll her in kindergarten.

Dean and I and the children remember the gloomy days. We know that many other parents of afflicted children are going through similar days of anxiety and heartbreak right now. But we also know that The National Foundation-March of Dimes is looking for the cause and cure of birth defects. March of Dimes contributions led to the triumph over polio, and I'm a firm believer in the slogan that "Your Dimes Will Do It Again."

Robert (Bob) McDaniel, III, has been plant manager of Silverton Metal Works, Inc., since the organization of the company on September 15, 1961. Bob was born in Amarillo on March 22, and was married to Hazel on June 19, 1948. They are parents of three children, Mitchell, David and Janell.

Adolfo (Shorty) Campos has been lead man for Silverton Metal Works, Inc., since the organization of the company on September 15, 1961. He was born at Taylor, Texas, on May 22, and was married to Matilde on October 14, 1947. They are parents of nine children, Susan, John, Elviro, Carolina, Aurelia, Felix, Pedro, Lupe, and Pablo. Shorty's hobby is gardening.

W. Trout of Mangum, Oklahoma spent the weekend here with his wife, a first grade teacher at the local school.

Frank A. King came Tuesday and took her mother, Mrs. Badgett, to the King home for an extended visit. Reports that Mr. King, who has been seriously ill, is improv-

re-elect

TRAINED MECHANICS do more accurate work than other mechanics do because of the training from General Motors Training School in Oklahoma City. Joe Grabbe has just received his certificate for attending a three-day school on new products. He is now more essential to Simpson Chevrolet and can complete work on your car or truck more quickly and at less cost to you. Jimmie House of Simpson Chevrolet, pictured above, and Kelly Atchley of Simpson Motor Company in Tulsa, attended a three-day school for professional salesmen and manpower development program, as well as a two-day school on business management. (Briscoe County News Photo)

ASCS Office News

Producers who wish to comply with the 1962 feed grain program will sign up between February 8 and March 30, reports C. H. Bates, extension farm management specialist.

Provisions of the 1962 program are very similar to those for 1961. One change is that idle and fallow land for the years 1959 and 1960 will be considered in the soil conserving base for farms. This will give less flexibility in the use of land diverted from feed grains, explains Bates.

Payment rates for diverted acres will be in line with those for 1961

because support prices for feed grains have been set at identical levels. The rates are again based on the normal production of the farm times the county support rate. The minimum acreage reduction (from the 1959-60 base) is 20 percent, which will earn a payment based on 50 percent of the local support price. For diversion of between 20 and 40 percent the payment will be figured at 60 percent of the local support price.

Barley, which was not included in last year's program because of late passage of legislation, is included in the 1962 program. A producer having barley plus grain sorghum or corn can participate in barley reduction independent of

the other crops. If he wishes to comply on barley alone, however, he must stay within his 1959-60 base on corn and grain sorghum if he wants to receive price supports. On the other hand, if he wishes to comply on the corn and grain sorghum he must not exceed his base acreage for barley.

Cooperating farmers will be eligible for price supports on their 1962 crops of corn, grain sorghum, barley, oats and rye, subject to the base yield limitations, Bates continues. Also, they are permitted to draw one-half of their total diversion payment at the time of their sign-up.

Non-cooperating producers will not be eligible for price supports

on feed grains, but they will receive payment for any additional conservation use.

Grain producers should study carefully their individual alternatives in these programs. Decisions should rest on the estimated outcome for each operator, based on the goals he is seeking, says Bates.

Producers having questions about the effects of varying levels of compliances on their 1962 operations should contact their local County ASCS office manager or their local county agent.

Prepared by American Foundation for Animal Health

A serious livestock disease from some remote part of the world might well break out in this country tomorrow, next week, or next month. That is not a prediction, but it shows what could happen in this day of modern stepped-up traffic between America and other parts of the world.

A case in point is equine piroplasmiasis. This horse disease slipped into this country by means of a zebra imported from Africa. The African red tick, known to be a carrier of foreign diseases, has also been discovered in two states.

Still another instance is bluetongue, a disease of cattle and sheep which gained a foothold here in 1947. It had been a problem in Africa for 100 years.

What can be done to keep the threat of the many dangerous foreign diseases out of America. Watchfulness on the part of the farmer himself is of first im-

American livestock is in danger from foreign diseases which may leap our boundaries. Farmers should keep an alert for these.

portance. Along with this, veterinarians, regulatory and quarantine officials constitute our first line of defense.

If strange or unusual disease symptoms appear in a herd or flock, the owner should call his veterinarian at once to have the disease checked. Then, if it is one of the new foreign disease threats an alert can be sounded and it may be possible to stop it before it becomes a serious problem over a wide area.

Farmers need to remember especially that some of these foreign diseases may look like common livestock diseases already well-known in this country. For example, with America's intensive drive against hog cholera now under way, it is interesting to note that African swine fever resembles cholera... but there is no remedy for swine fever, while cholera can be prevented by vaccination.

The important thing is to keep a constant alert. If suspicious symptoms appear, the wise farmer will have his animals checked at once.

AFTER THE INSIDE STORY, this young reporter checks the maw of a giant black sea bass caught off the coast of California. Popular Mechanics magazine for February tells how shifting ocean currents have warmed West Coast waters in the last five years, causing an influx of fish usually caught only much farther south. Similar shifts in East Coast currents, the magazine says, would bring about spectacular fishing there.

Speaking of Cards

DID YOU KNOW?

—That playing cards began in China where the arts of printing and paper making flourished long before they were known in the Western World.

—That cards made their way to Europe from the Near East in the 14th Century, introduced by itinerant merchants or fortune-telling gypsies or returning Crusaders.

—That Europeans promptly Westernized the cards, adopting as honors a group of familiar medieval court figures. Charlemagne was one of the early kings and Sir Lancelot an early jack.

—That one of the earliest decks that came into existence was a 14th century tarot deck which had 78 cards divided into four suits of four face cards and ten numeral cards each plus 22 special trumps representing the forces of the universe. The deck is still being used today in the Mediterranean region.

—That the simplified 52 card deck we use today descended from this.

—That the earliest European cards were exclusively for the use of the nobility, necessarily expensive and hard to come by. In 1415 the painter Marziano de Tartona was paid 1,500 pieces of gold for executing a deck of cards for the Duke of Milan.

—That the deck of cards as we know it today has remained unchanged in its essentials of number and suit for the past four centuries.

—That the present 52-card deck contains 30 cards that cannot be held "upside down." Before the "double-headed" face card was introduced nearly a century ago, all the kings, queens and jacks were full-length portraits.

—That the only major change in the deck in modern times has been the introduction of the Bridge deck, a quarter of an inch narrower than the Poker or regular deck, to make it easier for a player to hold as many as thirteen cards in the hand.

—That three out of every four Americans play cards—120 million of our 180 million population. The number of people who play cards is greater than the combined total number of people who bowl, fish, or go boating.

—That Contract Bridge alone is played by more than 40 million Americans and has been the subject of more than 12,000 books, more than have been written on any other game including non-card games.

NEW H-O-N DESKS

STRUCTURALLY SOLID HANDSOMELY DESIGNED

Trim, symmetrical lines enhance the appearance of the H-O-N CONVAIRE desk. Front and back construction is contoured to provide attractive styling and design. Rugged, long-lasting structural features, practical function, sound-proofed pedestals, anodized aluminum legs, full-depth drawers, nylon-quiet drawer performance, central locking, highest quality tops—all are yours with this CONVAIRE desk. Double pedestal model illustrated.

Available in spruce green, sandalwood brown, or gray. Delivery can be made to your home or office in one week. \$162.50

BASIC DATA

What is Cancer?

Cancer is a family of diseases characterized by abnormal growth and spread of cells. If this malignant process is not controlled or checked, the patient will die. However, many cancers can be cured if detected early in their development and treated by surgery or radiation.

How treated?

Cancer today is treated by surgery, radiation, and a considerable number of drugs, chemicals, hormones, and radioactive substances.

How Many Will Get Cancer?

About 45 million Americans now living will eventually have cancer; one-in-four persons, according to present rates. Cancer will strike over the years in approximately two of three American families.

How Many With Cancer?

This year about 800,000 Americans will be under medical care for cancer.

New Cases Annually

There will be about 520,000 new cancer cases (diagnosed for the first time) in 1962.

How Many Die?

In 1961 about 270,000 Americans died of cancer. In 1960 it was 265,000; in 1959, 260,000. This year about 275,000 will die of the disease; that is 750 persons a day, one every two minutes. Of every six deaths from all causes in the U.S., one is caused by cancer.

National Death Rate

There has been a steady rise in the national cancer death rate. In 1935, the number of cancer deaths per 100,000 population was 108; in 1940 it was 120; by 1950 it had risen to 140; and in 1960 the number was 148. Except for lung cancer, age-adjusted cancer death rates in general are leveling off and in some cases dropping off.

Survival Rate is One-in-Three

In 1937 only one-in-seven cancer

victims was being saved. A few years ago, only one-in-four was saved. One cancer patient in three is now being saved. The gain in lives saved amounts to some 42,000 patients each year. Of every six persons who get cancer today, two will be saved and four will die.

Numbers 1 and 2 will be saved. No. 3 will die but might have been saved had proper treatment been received in time. Nos. 4, 5, and 6 will die of cancers which cannot yet be controlled; only the results of research can save these patients. This means that today half of those who get cancer could and should be saved by early diagnosis and prompt treatment. Thus, the immediate goal of cancer control in the United States is the annual saving of 160,000 lives, or half of those who develop cancer each year.

"To Cure More — Give More" is the theme of the 1962 Crusade.

How Many Actually Being Saved?

About 173,000 Americans will be saved from cancer this year.

How Many More Could Be Saved?

About 87,000 cancer patients will probably die in 1962 who might have been saved by earlier and better treatment. Over One Million Now Living - Cured

There are now 1,100,000 Americans, alive today, who have been cured of cancer. By "cured" we mean they are alive without evidence of the disease at least five years after diagnosis and treatment. An additional 700,000 cancer patients diagnosed and treated within the last five years will live to enter the ranks of those we call cured. This means there are actually 1,800,000 Americans cured of cancer, although 700,000 will not formally be counted as cured until they have completed the five years.

U. S. Cancer Deaths by Age

In 1961 there were about 22,500 cancer deaths of patients aged 15 to 44. Cancer is the leading cause of death among women aged 30 to 54. Almost half of all cancer deaths last year were among persons under 65.

U. S. Cancer Deaths by Sex

More men than women died of cancer last year. This has been true since 1949. The ratio in 1962 will be about 54 men to 46 women.

Cancer and Children

Last year cancer took the lives of more than 4,000 children under 15 years of age. About half of them died of leukemia, which is a cancer of blood-forming tissue. More school children died of cancer than from any other disease. Today there are over 300,000 American children under 18 who have lost their fathers to cancer. Over 250,000 have lost their mothers.

Hospital and Medical Costs of Cancer

The annual hospital bill for cancer is estimated at about \$350 million. The average hospital bill is \$675.

Economic Loss Caused by Cancer

Each year cancer costs the national economy nearly 50,000 man-years of productivity; about \$215 million in services and salaries; almost \$189 million in estimated spending earnings; at least \$26 million in income taxes, plus loss of other tax moneys at least equal to that.

Cancer also costs American business and industry such intangibles as the loss of valuable executives at the peak of their efficiency and the loss of trained workers at the height of their productivity, plus the general loss that occurs when the disease strikes in an employee's family.

Shellie Tomlin came home from the Tulia hospital on Wednesday of last week.

Mrs. Bruce Wornack accompanied Mrs. J. E. Minyard and Annette to Amarillo on Tuesday of last week for Annette's checkup. She is doing fine, the doctor says, and will not need to return until March 20th for another checkup.

Doyle Ogletree, 39, of Stinett, was killed near there in a wreck on Tuesday night of last week. Survivors include his wife and five children. His aunt, Mrs. Mattie Childress, who lives here, was in Borger and Stinett with relatives from Wednesday through Saturday and attended the funeral in Stinett on Friday.

Weldon Irion of Amarillo, spent Friday night and Saturday here with his aunt, Mrs. Clyde Lightsey. He reports that his mother, Mrs. Grace Irion, who has been a patient in Northwest Texas Hospital in Amarillo since suffering a heart attack several weeks ago, is slowly improving.

Mrs. D. O. Bomar of Lubbock and Mrs. T. C. Bomar spent Thursday night of last week in Amarillo with Mrs. Avis Cowart. Mrs. Bomar spent the rest of the week in Canyon with her sister, Mrs. Kitty Lawler.

Mrs. E. E. Tomlin returned to her home Friday afternoon of last week.

Mrs. Clyde Lightsey entered the Tulia hospital Monday morning for examination and possible treatment for arthritis. Mrs. Earl Long of Vian, Oklahoma, and Mr. and Mrs. Eugene Long took Mrs. Lightsey to the hospital.

Mrs. Bustetr Lowrey left for Snyder on Tuesday for a few days to transact business. Mr. and Mrs. Lowrey live in Snyder, but have made their home here for some time as he is employed here.

Mr. and Mrs. Richard Eddleman teachers at Idalou, spent the week

end here with their parents, Mr. and Mrs. Bruce Eddleman and Mr. and Mrs. Lowell Callaway.

Mr. and Mrs. Sid Richards were in Amarillo on Thursday of last week.

Mr. and Mrs. Gerald Wakefield of Oklahoma City, and Mr. and Mrs. Jack Wakefield of Dallas, Oregon, were weekend guests of the men's parents, Mr. and Mrs. F. B. Wakefield.

CARD OF THANKS

We are using this means to send our heartfelt thanks to our friends for all their kindnesses, for the cards, letters, gifts, flowers, visits and prayers, while Mr. Harrison was in the hospital. May God bless you and keep you.

Mr. and Mrs. C. G. Harrison

CARD OF THANKS

We want to say thank you to our many friends for their cards, flowers, telephone calls, and the fine food during the time we were sick.

Your kindness and thoughtfulness are greatly appreciated.

Boots and Mary Helen

CARD OF THANKS

We wish to thank our friends for their cards, phone calls, and visits while I was in the hospital. We also want to thank everyone for the donations that they gave and to the ones who worked getting the donations. We will never forget you and will always be grateful. You are the kind of friends that money can't buy.

Thanks again,
Maurice and Doris Kitchens

Mrs. Nell Hampton, who has been staying in the home of Mrs. J. H. Burson for some time, has been a recent patient in Northwest Texas Hospital in Amarillo.

Mmes. J. P. Ledbetter, Bud McMinn and Ronald Vaughan were in Plainview one day last week.

Mr. and Mrs. Olas Chitty spent the weekend with relatives in Amarillo. They were overnight guests of Mr. and Mrs. Paul Neese, Connie and Alan.

Recent Sunday visitors with Mrs. J. C. Turner were Mrs. Mamie Allen, of Altus, Oklahoma; Mr. and Mrs. Clarence DeBord and children of Amarillo; John Turner, Childress; Dock Turner, Wellington; Mr. and Mrs. Gene Lowe, Muleshoe; Mr. and Mrs. Clarence Ray Tiner and children of Hereford; and Mrs. Clay Mercer.

Shot Allard of Fort Sumner, New Mexico, has been a recent visitor with his mother, Mrs. W. Allard, and other local relatives.

Janet Montague was hostess at a slumber party on Friday night of last week. Her mother, Mrs. Roy Montague, took Janet, Rhonda Drewry, Roy Dale Garrison, Kay Fleming and Marsha Teeple to Tulla for bowling Friday afternoon. The girls enjoyed good eats and visiting until Saturday evening.
