All Around the Town
by Mary Ann Sarchet

The weather has been the general topic of conversation this week. All are holding their hopes that the rains will go away for a few weeks so farmers can get into the fields to replant, some for the third and fourth times.

The city weathermen have pronounced this a "million-dollar rain", but those of us who depend solely on agriculture for our living could tell them a thing or two about our present prospects. We could almost say that this has been a "million-dollar minus rain" if it continues for another week or ten days.

Even in the face of a serious situation, though, some can joke about the weather. Ben Whitfill got out of bed Monday morning, looked out the window and saw a large bullfrog having a look in his rain gauge. The rain was pouring down and the rain gauge was spilling over on the frog, and he turned to Ben and croaked, "Cafrope, Cafrope!"

Aren't We All?
Said the farmer to his faithful mule: "Well, Lightnin', you're just a mule, the son of a jackass, and I'm a man and made in the image of God. But here we work, hitched up together year in and year out, and I often wonder if I work for you or you work for me."

"Maybe it's a partnership. Anyway, I work as hard as you do plowing or cultivating. We cover the same ground, but I do it on two legs while you do it on four, so I do twice as much work per leg as you do. Soon we'll harvest the corn."

"I'll give one-third to the landlord, one-third to you and the balance is mine. You eat all of yours but the cob. I have to divide mine with my wife and seven children, six hogs, 60 hens, two ducks and a banker. If you and I both need shoes, you'll get them."

"Yes sir, Lightnin', you're getting the best of me. I ask you now, if it's fair for a mule, the son of a jackass, to swindle a man, the lord of all creation, the most intelligent of animals?"

"You only help me plow and cultivate, and I must cut, shock and husk the corn while you heehaw at me over the pasture fence. All year the whole family has to help, from grandma to the baby, to scratch together enough to pay the taxes and the interest on the mortgage."

"You onery old critter, I even have to worry about the mortgage on your tough, ungrateful hide. About the only time I've gotten anything on you is on election. I can vote and you can't. But after election day I realize right away I've been as big a jackass as your papa was. And then I begin to wonder if politics was made for men or jackasses . . . or just to make jackasses out of men."

"Honest, now, Lightnin', when you know all these things, how can you keep such a straight face, and look so dumb and innocent?"

Mother Nature Finishes Harvest For Briscoe County Farmers

Virtually all crops in Briscoe County with the exception of scattered fields of grain sorghum and alfalfa have been destroyed by rain, hail and wind storms which have also shattered the nerves of local residents almost every day for two weeks. Four pounding hail storms which have covered large areas of the county's best irrigated farms in the past several weeks and locally heavy hail storms have caused the loss on the Plains area of the county. Below the Caprock, less severe hailstorms have damaged crops less than the washing of heavy rains.

Moisture measured during the past week in Silverton by Grady Martin have been: Thursday, .98; Friday, .96; Saturday, .02; Monday, 1.78, and .84 of an inch Tuesday. Measurements of four and five inches were reported south of town, with rain gauges running over in some places on Friday and Monday. James Davis measured hailstones at his place on Thursday afternoon which were eight inches around after they had lain outside for a little while.

At Quitaque .19 of an inch was measured on Thursday of last week, followed by 1.10 Friday and 1.19 Monday. Property damage from tornadoes has been more than \$15,000 on one farm alone last week. Gordon Montague estimated that he lost \$12,000 worth of farm equipment in the twister which swept his farm, completely destroying a house and damaging outbuildings, a windmill and a granary. No personal injury resulted

from any of the four tornadoes which were sighted Thursday afternoon of last week. Two of the funnels were seen south of town, a large one near the Jack Estes home on the Lemons Ranch and the other at the Montague place. A third large

The yawning gap in Johnny Cagle's dam released a large volume of water which had been caught Thursday and Friday of last week. It appears that the water began to seep through several feet from the top of the dam and the seepage soon brought the dirt tumbling down from above with the bulk of water soon finishing the job. Polio Vaccine To Be Given Free Here

Century of Progress Study Club announces that polio vaccine injections will be given Thursday, June 14, at 4:30 p.m. at Muckleroy Clinic.

The vaccine is free and all are urged to take advantage of this program of the Century of Progress Study Club. Dr. R. N. Muckleroy will administer the vaccine. It is now urged that everyone have booster shots of polio vaccine every spring. The community goal will be—no cases of polio in Silverton.

Johnny Griffin Hurt In Gun Accident

Johnny Griffin, 9-year-old son of Mr. and Mrs. W. A. (Bill) Griffin of Quitaque, was accidentally shot at about 2:30 p.m. while he and Earl Lee Woods, 13, played.

The Woods boy is the son of Mr. and Mrs. Bill Woods, also of Quitaque. The boys were playing with a .22 calibre pistol that Mr. Woods keeps at the Gulf Oil Company warehouse. Mr. Woods is the Gulf Oil consignee at Quitaque.

The boys were playing in the warehouse when they apparently found the pistol and began playing with it. When the gun accidentally discharged the Griffin lad was shot in the abdomen. The bullet pierced his liver and a lung and apparently went entirely through his body.

He was rushed to Swisher County Hospital at Tulia and was later transferred to Northwest Texas Hospital in Amarillo when attending physicians were alarmed at his loss of blood.

A report from the hospital early Thursday indicated that Johnny had a good night and seemed to be doing fine. Doctors had told Mr. and Mrs. Griffin that the next 12 hours will be the important ones for Johnny, as any infection that could set in will do so in that period. No surgery was thought necessary.

Mr. and Mrs. Billy Rhoderick and children of Lubbock spent Sunday night with his parents, Mr. and Mrs. J. C. Rhoderick. Mrs. Billy Rhoderick and children are spending this week in Quitaque with her mother, Mrs. S. C. Brown.

twister was seen traveling on the ground east of Quitaque by James Brunson, Quitaque City Secretary. One was sighted east of Silverton by Gerald Smith. Joe Wayne Brooks sighted a funnel on the Roy Mayfield ranch west of Silverton the same afternoon.

One Briscoe farmer who lives south of Silverton laughed when he related the ironical fact that he and his family could have been killed by a tornado which approached while they stood near the entrance of their storm cellar watching another tornado dance toward them from another direction. Another reported that he drove south in an effort to travel at a right angle to the tornado only to realize that it was traveling with him, and related further that he narrowly missed being caught up in it while he was turning his vehicle to flee in another direction. His closeness to the twister was indracted by the fact that he could drive only 40 miles an hour in his retreat because of the pull of the wind.

The storms have attacked Silverton from every direction, and have traveled in all directions. Contrary to common belief that tornadoes travel from southwest to northeast, those which have been seen in Briscoe County traveled in various directions.

Ranchland that is not under water or that was not hailed out has taken on a rich green appearance. Ranchers who had been faced with sacrificing cattle and those who had had to feed their cattle because of the drought conditions on the range, have been saved.

Lakes are full, some have joined and lakes have sprung up in places that have been dry for so long that many had forgotten they were lakes.

Besides the problem of drying, farmers are faced with the scarcity of cottonseed and planting deadlines are near. It was estimated by P. John Monk of the local ASCS office that 21,000 acres on top and 7,000 acres below the Caprock are allotted to cotton production this year. Approximately 90 percent of the Plains cotton in Briscoe County will have to be replanted, and Monk estimated that at least 50 percent of that in the Quitaque area will also have to be replanted. He reported that a sandstorm on Monday afternoon shredded leaves of the tender young plants under the Caprock, doing far more damage than hail has done in that part of the county.

An aerial view of the Roy Mayfield lake reveals its size and shape to those have only seen the water from the highway. It is apparent that many thousands of gallons of runoff water has been saved, and will likely be used for irrigation purposes rather than for wildlife and recreation as is the use of most Briscoe's lakes. Cottonwood Lake was at its maximum Monday afternoon when this aerial photo was made. Water was going out the draw pipe and over the spillways as runoff water continued to rush into the lake. Gerald Smith estimated that ten inches of rain has fallen at the lake during the past week. (Briscoe County News Photo)

Richard Jarnagin Cited for Scholarship

Richard Jarnagin, son of Mr. and Mrs. Marlin Jarnagin of Silverton, has been cited for outstanding scholarship for the spring semester that ended at Southwestern (Oklahoma) State College on May 25.

This honor goes to students who are enrolled in 12 or more semester hours on the campus and who earn 3.0 (B) or better grades in all courses.
Karen Miller is spending a month at Camp Sweeney near Gainesville.

Attend Sweek Family Reunion

Mr. and Mrs. M. B. Self, Mr. and Mrs. Bill Self, Mr. and Mrs. Pete Hale and children, Mr. and Mrs. Roy Younger and family, Mr. and Mrs. R. E. Sweek and girls, and Miss Ann Smith attended the Sweek family reunion in Mineral Wells on June 2.

Mrs. J. B. Sweek, the mother of M. B. Self and R. E. Sweek was honored to have her nine children present along with 32 grandchildren, 21 great-grandchildren and a host of other friends and relatives. A total of 120 enjoyed the annual occasion.

Funeral Services Conducted Here For Carl Wayne Gauntt

Funeral services for Carl Wayne Gauntt were conducted at 10:00 a.m. Wednesday in First Baptist Church of Silverton, with the Rev. G. A. Elrod of Roscoe, and the Rev. Jack Williamson of Silverton, both Baptist ministers, officiating. Interment was at 5:00 p.m. Wednesday in the cemetery at Rochester, where Mr. Gauntt had formerly lived. Services were under the direction of Wood-Dunning Funeral Home of Plainview.

Mr. Gauntt died at 12:30 Monday afternoon, June 11, at the Plainview Hospital and Clinic where he had been admitted an hour and a half earlier. Gauntt, unit manager of Southwestern Investment Company in Plainview, was stricken at his office and was taken to the hospital by ambulance. He had complained during the morning of not feeling well.

Gauntt was a coach in the National Farm League of the Plainview summer baseball program. He was an active member of the Plainview First Baptist Church and the American Business Club. The father of three young children, he moved his family to Plainview from Amarillo in 1958, and readily assumed an active role in the community.

Gauntt was born October 15, 1938, at Haskell. He later moved with his parents to Rochester from where he moved to Silverton about nine years ago.

He and Dona Gale Garrison, daughter of Mr. and Mrs. Don Garrison of Silverton, were married June 6, 1956, at Tucumcari, New Mexico. In 1957 they moved to Amarillo and from there to Plainview. Gauntt served in the armed forces from August, 1958, until August, 1960.

Survivors include his wife, Dona, and children, Mickey, Shonda and Renee; his father and stepmother, Mr. and Mrs. C. A. Gauntt; one sister, Cindy Gauntt, one brother, Buddy Gauntt, all of Bovina; and a great-grandmother, Mrs. W. P. Murphy, of Plains.

Silverton Loses To Springlake 9-7

Pitcher Roy Max Perrin from Andrews struck out 12 batters and also hit a home run for Silverton.

Dale Jones, catcher, of Amarillo, led the team in hitting, with two singles and a double. The bases were loaded for the Jets in the top of the ninth, but they were unable to score.

Bob Hanna of Turkey also hit a home run. Herb Stephens turned in a fine defensive game in center field.

Perrin has struck out 25 batters in the last two games. The Jets play Amarillo Thursday night, June 14.

Farmers Union To Hear Ralph Wheeler

Mr. and Mrs. Ralph Wheeler of Edmonson will be guests at the meeting of the Farmers Union, Friday, June 18, at 8:00 p.m. in the community room of the Plainview Production Credit Association.

Mr. Wheeler will show pictures that he made on their African trip and vacation. Everyone is extended a cordial invitation to attend, according to Gilbert Elms, and members are especially urged to be present.

Rev. and Mrs. Marvin Fisher Involved In Auto Accident

Rev. and Mrs. Marvin Fisher and Mrs. J. M. Dye were shaken and bruised in an automobile accident on Wednesday of last week at about 9:30 a.m. in Abilene, Texas.

Rev. and Mrs. Fisher were driving the 1962 Chevrolet automobile which they had recently purchased when they were hit by a 1955 model Chevrolet driven by an elderly woman. The woman had no drivers license and no insurance, Rev. Fisher reported, but he was very happy that they escaped serious injury in the accident.

The Fisher car was heavily damaged.

Editor's Note: This letter was written by Anita Kay Green, a 1952 graduate of Turkey High School, for publication in the Turkey News as a message to her friends. Since her grandparents, Mr. and Mrs. Will Smith, live in Silvertown, and since her parents, Mr. and Mrs. R. C. Green, have both lived here, we thought the readers of the Briscoe County News might also enjoy sharing this open letter.

Sister Grace Carmel Green

Dear Friends:
Easter Greetings from the heart of Maryknoll! It's cool, beautiful, and quiet (usually!) up here in the Westchester County hills north of the big city. How fortunate we

Maryknollers are to have a place like this. Just the other day, while driving through northern Manhat-

tan and the Bronx, I saw what looked like thousands of apartment-house dwellers getting a little sun and fresh air in the "Park"—a three block long wide strip of sidewalk with benches on either side facing one another running down the middle of the street! I wonder if a West Texas wheat field would be as shocking to them as their park was to me.

Then again, where a place is doesn't make so much difference as what the place is! Early Easter Sunday morning I drove along one of the most picturesque back roads winding up and down the forest-covered hills to Mt. Kisco to a beautiful location but not so beautiful a place, The New York State Women's Prison and Girls' Reformatory (girls age 16-22). Four of our Sisters teach the Catholic girls there (about 100) religion and music. Two of the Sisters had charge of the music for Easter Sunday Mass, and it was an experience for me to attend the Service with these young restless girls.

On June 9th, 38 Maryknoll brothers will be ordained Priests—a great, great day both for them and for their parents. They already have received their foreign mission assignments and will bring the trumpeting Christian message and hope for a better life to countless pagans in Asia and Africa and to large numbers in Central and Latin America who have been so long neglected that many hardly know who Christ is—let alone His message of everlasting life, human dignity, Truth and Justice.

Our Sisters will receive assignments some time in May or June. We are all Missioners at heart or we wouldn't be here, and the most thrilling thing that can happen to a Maryknoll Sister is to receive a foreign mission assignment. We who are kept here at the Center realize, of course, that in order for many Sisters to be sent to the missions, some "chosen few" must stay at home to take care of so large an organization (almost 2000 of us). Also, the Sisters must be trained in the best way possible for their important work, and this training takes time and money. So we have a group of Sisters working full time all over the U. S. just trying to make our work known, to obtain funds for financing our work, to interest girls in a mission vocation and most of all, to interest Americans in spreading the Gospel of Christ throughout the

while world (before long perhaps throughout the universe!) by their prayers, friendship and support.

We have about 18 Sisters in a beautiful little house upon the hill just north of the main convent who live a strictly cloistered life of prayer and penance; we call them "Maryknoll's powerhouse" because more things are wrought by prayer than this world dreams of.

Also, how much we depend on the prayers, good wishes and friendship of our personal sponsors! I feel that they too are a powerhouse of prayer and zeal for the spread of Christianity. True, the dollar-a-month they send is a big financial help (some of the Sisters have over 50 sponsors) but the love and sacrifice it represents is their really important contribution to the Missions.

Forgive me for being so bold as to ask you, my good Protestant friends, for prayers and support, but somehow I just know in my heart of all the friends I have (including fine Catholic classmates and their families) the "Turkey folk" are the most generous and care the most not just for me but chiefly for the good dedicated type of life I represent and work I do. I know you are interested in this work and the sponsor program and would like to write me a letter now and then but just don't know quite what to say to "one of your own," so to speak, who seems to have chosen a way of life so very different from yours, but is it really that different? Well yes, in a certain sense, we Sisters being instruments in a totally dedicated life by vowing Poverty, Chastity and Obedience. Believe it or not though, Sisters are still people, and I've found people pretty much the same everywhere! It's also a small world according to Sister Regina Montfort who writes me from Language School in Japan saying:

"There is a man from Texas going to the Language School where we go. So, thinking of you I said, 'Have you ever heard of Turkey, Texas?' Imagine my surprise when he answered, 'Yes, I used to live in Turkey.' His name is Mr. Bremmer and he has 11 brothers and sisters. He and his wife are here as missionaries and have one little girl. He's not a Baptist though. One of our classmates is. Another is a French Jew."

She adds, "Please pray for us; keep up your very fine apostolate with our sick." So you see more of the chosen few who must stay at home are we nurses assigned to Bethany Convent. It's a joy to be here and to know we have a place to take care of those who have literally spent their lives for the Missions—coming home with many of the exhausting Oriental and Tropical diseases—and forming another "powerhouse" of prayer and suffering. I like to call Bethany the "Cloister in the Valley" (It's below our real Cloister on the hill!)

It's even possible that I will be assigned to the foreign missions this year, but one is never told before-hand, and the suspense is exciting!

Perhaps this letter is somewhat sentimental, but I have a message well-worth sharing with you all and have neglected to do so too long. You haven't been neglected in my prayers and thoughts though. Don't think a little girl who grew up among such fine friends and relatives could forget them or stop loving them when she left them to be an Apostle for Christ!

God bless each of you,
Sister Grace Carmel Green

Continued From Page 1

ing has caused anxious moments for Mr. and Mrs. Gerald Smith, as the dirt dam is in its first year of being full and it was not known of the dirt spillways could be relied upon to handle excessive runoff. Smith was happy when his theory that a rock formation existed under the left spillway was proven. Saturday morning's inspection revealed that the water had cut away all the dirt and exposed a natural solid rock spillway.

"I was just almost positive it was there," Smith smiled, "but one can never be sure until he sees it!" The perforation on the draw-down pipe has kept a six-inch pipe

running full for five days and nights, and water was sent over the spillway in renewed quantities with Monday's early morning rain.

"I can see right now that I am going to have to raise the dam about two feet," Smith added, indicating the water level had reached a point about three feet below the top of the dam, "and since the left spillway has done the job so well I think I will doze it off a little more on the side away from the dam as added protection."

More than ever, Smith is looking forward to the completion of the W. T. Graham dam to be built above Cottonwood Lake. Work is to begin this summer after the rains are over. The Graham lake is to be a large one, and will help prevent the loss of fish, fertilizer and water suffered this week at Cottonwood Lake. The Smith lake is constantly supplied with spring runoff and has no need for any runoff water at all.

An aerial look at Burson Lake, with the cooperation of Bill Long, did not reveal any undue stress on the dam. Dusty Taylor reported a total of 6.75 inches of rain has fallen at the lake during June, and said, "I have been here 68 years and the weather beats anything I can remember." Taylor had pumped a large amount of water out of the lake earlier in the spring "in anticipation of spring rains."

The dam on the Roy Mayfield ranch north of the Rock Creek Store west of Silverton is holding more water than it ever has since its completion several years ago. Two years ago it held the second-largest volume of water, providing the Mayfields with enough water to irrigate their cotton crop twice. It now holds much more, and having had several years to settle and to adjust to lesser amounts of water, it appears to be in no danger from the flood waters.

"Red" Deisher at the Rock Creek Store measured .70 of an inch on Monday of this week, and another .70 of an inch the night before.

Other small dams have been going over their spillways all over the county. A dam which was completed in May across a draw on the Johnny Cagle place three miles west of Quitaque was washed out Friday night of last week. The dam had washed out during its completion several weeks earlier and had been re-done.

The rains, with all their beneficial and destructive qualities, have been quite general. All of Briscoe County has had a soaking.

AN OPEN LETTER TO MY DAD
M. W. Norris, Jr.
The Father's House
Somewhere

Dear Dad,
I know that it may seem strange, my writing to you now, but somehow I feel that you will know and understand. It's been just a year now since you were called away, and somehow this place hasn't been the same since then. We knew you filled an important place in our lives, but, really Daddy, we didn't know just how big a place that was until you weren't there anymore. We surely rejoice in your promotion, and know that your life in the Father's House is rich and full, but we have certainly had to do some fancy re-arranging to get along down here without your generous heart and ready wit and mind.

Somehow it seems we (being big, strong men, and all that) never could really say all the things to each other we might have said. . . at least I couldn't; and now I know you often wanted to, and I wouldn't listen. Now, with sons of my own, I am getting to feel that I know and understand you much better than ever before. And with this comes a deepened sense of love, admiration and appreciation for you. I know that I would be much better prepared to be the right kind of father, husband and man if I had listened when you wanted to speak—or even when you did.

Down here in a few days it will be "Father's Day" and memory of you fills my mind and my soul overflows with gratitude that you, dear Daddy, were my Father. I want to thank you over and over for all that has meant to me. Remembering, I shall always try to stand a little taller, walk a little straighter, and be a bit more kind and thoughtful while I am here. For while your departure to be with Him has made Heaven more real to me, it has made the challenge of a good life here more pressing also. I shall try to keep the name you gave me, your name, in as good a repute here as you left it. I want to feel that you will not be ashamed when I present my

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dynes)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation 22. At all drug counters.

TENNIS TOURNAMENT AND CLINIC SLATED AT TURKEY HIGH SCHOOL

A tennis tournament and clinic will be conducted June 28 through July 1, 1962, on the Turkey High School and City Courts.

Divisions will be for grade school, high school and open. A contestant may elect to play in a higher division, but not in both, according to Loran Denton, Superintendent of Turkey Schools.

All area tennis players are invited to enter, according to Mr. Denton, and a contestant may enter singles, doubles and mixed doubles.

There shall be a \$1.00 fee for each entry, \$1.00 for singles, \$1.00 for doubles and \$1.00 for mixed doubles, with a maximum fee of \$3.00.

Grade school play will begin at 8:00 p.m. Thursday, June 28, for the clinic and to draw for places. High school play will begin at 8:00 p.m. Friday, June 29, with the clinic and drawing for places, and the open division will begin at 5:00 p.m. Thursday, June 28, with matches scheduled for late afternoon and evening.

Grade school finals will be at 8:00 p.m. Saturday; high school and open (singles) at 4:00 p.m. Saturday; and high school and open (doubles and mixed doubles) Sunday, at 8:00 p.m.

Tennis balls will be furnished and individual trophies will be awarded by the Turkey School. The deadline for entries is 8:00 p.m. Thursday, June 28, for grade school; 5:00 p.m. Thursday, June 28 for open division; and 8:00 p.m. Friday, June 29, for high school.

Mail your entries to Loran Denton, Box 397, Turkey, Texas.

Art Exhibit Winners Chosen By Public Vote

Due to the absence of a judge for the art exhibit of the students of Mrs. Louise Vaughan recently, the choices of those who viewed the paintings were taken as the official decision. Most of those who cast votes expressed the opinion that an accurate choice was impossible, due to the large number of fine paintings shown.

Winners in the Adult Division were (1) Lanell Montague's "Miner's Dispair," which was a large painting of an old man panning for gold; the expression captured was his realization that in his pan was only fool's gold; (2) Maybelle Francis' "Pearly White City;" and (3) Nadine Mercer's "Red Rocks."

Lanell Montague and her "Miner's Dispair"

In the Intermediate Division, (1) Cliff Walker's "Pink Roses"; (2) Jerry Garrison's "Arkansas Red Barn"; and (3) Randy Hughes' "Snow Capped Mountains," were the winners.

Junior Division winners were (1) Roy Ann Bomar's "Apple Blossoms"; (2) Jimmy Walker's "Yellow Oriole;" and (3) Jimmy Walker's "Yucca."

Eighty pictures were entered in the show. Exhibitors included (Junior Division) Jimmy Walker, Donald Dee Weast, Juannah Nance and Roy Ann Bomar; (Intermediate

Division) Randy Hughes, Cliff Walker, Peggy Phillips, Sam Brown, Jerry Garrison, Dickie Mayfield and John McGavock; (Adult Division) Nina Martin, Maybelle Francis, Bethene Sharp, Lanell Montague, Nell Bryant, Faye Whittemore, Carolyn Montague, Mildred Burson, Polly Montague, Nadine Mercer, Jewel Lyon, Vernell Cowart, Peggy Jennings and Avenell McJimsey.

Mom says it's a lot easier to keep house, now, because there ain't... I mean "isn't"... as much dust around. And you should hear Dad go on about how his hay fever's let up since we bought the Arkla-Servel. An' you know what? It runs so much cheaper than our old job that the folks increased my allowance from the savings! All I know is that when I get a house, I'm gonna have an Arkla-Servel Sun Valley, too. Say, ain, I mean "isn't," that a funny name for an air conditioner!

HISTORY OF THE ROCK CREEK CHURCH OF CHRIST
By Earl Cantwell

Conclusion

Previously it was mentioned of the minor resistance on the part of religious adversaries of the church in which they were forced to change the time of worship from morning to afternoon. This continued for a matter of three years, during which time opposition grew more bitter until finally one Lord's day in 1919 they came to worship and found the schoolhouse locked against them. This did not deter them from their worship. As this writer recalls the events and scenes, there was not even any bitter recriminations at that time for it was worship time. They just made the best of it. As there was not time to go to anyone's house to worship, they proceeded to conduct services on the front porch and yard of the school.

Brother Frank Copeland was there to preach that day. The table was spread on the front porch and the preacher preached just as long as was customary (more than an hour), while the congregation rested themselves as best they could, some sitting on the ground on the blankets that were available (brought for the little ones to sleep on) and some of the menfolk leaned against the walls of the schoolhouse. Having services out of doors was not uncommon in those days, but it was usually by choice and not because

others had denied christians the common right to worship as they chose in their own schoolhouse. This event, instead of discouraging the church, spurred them on to something which has been a blessing inherited by all who have come after.

Without any delay the men gathered and decided on a bold and then ambitious program, "Let us build our own place of worship," said they. Not one opposed. The land was given by Brother Cantwell and all the others assumed the responsibilities involved. Plans were drawn. Money was raised, and materials put on the ground. Within a week the work was begun and never lagged until the house was ready for occupancy. There was some six weeks between the "shutout" and the entering into the new place of worship. On the Sundays in between the church met to worship in the Cantwell home.

The time soon came when the house was near enough finished to be used. So, in the fall of 1919, the church held its first services in the new building. The floor was not yet laid, nor the walls sealed. The people, however, did not have to sit on the ground, though the seating was none the less uncomfortable, for all had to sit on the bare floor joists. Services went on, and as seemed to be fitting, Brother Copeland was again on hand to preach. It was at this meeting that something else happened that was destined to exert a great influence on the lives of us, for it was at the first invitation extended in the new meeting house that our late, beloved Brother Jasper heeded the gospel call. He lived to become Elder of the church and served as such until his death.

It is easily seen that this persecution served to launch the church on a great effort which

resulted in continued growth. Though the building is the same structure, it has undergone many changes deemed expedient by all the church.

Looking at the turn of events, one is made to realize that God's hand is in it all. The old schoolhouse is gone; so are the services of those who sought to put an end to the worship of our church.

Where once the church had assembled once each week, the zeal had grown to the point that a goodly number of the members gathered at other appointed times to further train and prepare themselves for the work of the Lord.

The church has never suffered a division, nor any serious internal strife, but strives always for peace and harmony and to keep the respect of those without.

It has changed from meeting in a borrowed schoolhouse to services in our own spacious building, from the discomfort of the frontier times to the comfort of today's conveniences. From baptizing in stock tanks or any available water we now have our baptistry.

Other changes have led us to appreciate a little less perhaps, the faith of our fathers. Punctuality in beginning may have lessened the tolerance we should have for those who are late. We can but miss a little the ministrations of discipline when mothers spanked the child during services. We would love to hear again the singing in which all engaged whether or not there was perfect harmony, but during which all made melody in their hearts. One even misses a wee bit that slight persecution when the enemies of Christ called christians "Campbellites." It is pleasant to see in our reveries the littlest ones lying asleep on the pallets thus peacefully passing through long sermons. How we who were a bit older longed to lie down also and sleep.

These changes are good so long as they do not lead us into the ways of the drifting religious world, nor beyond that which is

written. As the years rolled on people were converted and constantly moved on into other parts of the world, some of course turning back, but many more taking their place in the work of the Lord in whatever place they settled. We feel certain that both God and history has smiled on their efforts, and that they have played an invaluable part in the cause of Christ.

The membership of the congregation seems to remain about the same in numbers. This is good and not bad, for those who understand God's plan know that it is His purpose that we as His children and messengers should go everywhere bearing the word of life. So, from our little congregation at Rock Creek has gone the gospel.

Beginning next week—

CARD OF THANKS

Our hearts are full of appreciation for all the kindnesses toward us during the illness and at the loss of our loved one. Words are so inadequate to express our thanks for the food, floral offering, donations to the cemetery fund, and other expressions of sympathy.

Friends are, indeed, wonderful at a time like this.

The family of
Walter W. Fogerson

Mrs. Bud McMinn visited her aunt, Mrs. John Vaughan, a patient in Lockney General Hospital, Saturday afternoon.

Charles Sarchet and Ken and Robert Sarchet, Barry, Freddy and Waco of Plainview enjoyed a weekend camping trip to Cottonwood Lake.

Mr. and Mrs. Zeph Fogerson of Clovis, New Mexico, and Mr. and Mrs. Jack Fogerson and Zeph of Midland, were weekend guests of Mr. and Mrs. J. C. Rhoderick.
