What Is 'The Law of the Land?'

by Ben Ezzell, Editor  
The Canadian Record

This is a government of laws—  
not a government of men.

This nation in general, and the  
state of Mississippi in particular,  
has just had a hard lesson in this  
fundamental truth.

When the Governor of the State  
of Mississippi openly defied an  
order of a United States Court to  
implement a decision of the Sup-  
reme Court of the United States  
... a decision reached after  
through deliberation and after  
recourse to all the privileges  
of law ... then the Government  
of the United States had no fur-  
ther recourse but to use force to  
enforce its courts.

This was a decision undoubt-  
edly as painful to the President  
of the United States as it has  
been to countless thousands of  
citizens ... but it was a deci-  
sion which was inevitable, and a  
decision which was right.

The law, and the orders of the  
courts which interpret it, must  
be upheld if orderly government  
is to endure. Any other course  
leads swiftly and surely to an-  
archy.

When the United States govern-  
ment fails to enforce the decisions  
of its courts, both the courts and  
the government will fall.

Whether we like the law or not,  
we must obey it. Whether we agree  
with the law or not, we must  
respect it.

And what is the law? In this na-  
tion, it is the Constitution of the  
United States ... that great char-  
ter which outlines the broad prin-  
ciples under which we govern our-  
selves ... plus that great body  
of specific ordinances and rules  
passed by the national congress,  
and by the legislature of our fifty  
states, within the framework of  
that national charter.

And what does the law mean?  
It means what the duly constitu-  
ted courts of this nation declare  
it means, in specific cases,  
and under specific circumstances,  
as determined by evidence pre-  
sented to the courts and weighed  
by their justices.

This is the Constitutional pro-  
cess for self-government. The law  
means what the courts determine  
it means. It does not mean  
that you or I, as individual citi-  
zens, may choose to decide that it  
means. It does not mean that the  
editor of the Amarillo Daily News,  
or the Governor of the State of  
Mississippi, or a Committee of the  
congress, or even the Attorney  
General of the United States may  
decide that it means ... but only  
that the courts, after due process  
of deliberation, have determined  
what it means.

The Congress may make the laws,  
and with the consent of the  
people, change the laws ... but  
under our system of government,  
only the Courts may interpret the  
laws ... and the Executive arm  
of the government, local, state or  
national, is charged with the duty  
of obligation of enforcing these  
court decisions.

★ ★ ★  
The above is a thoughtful com-  
mentary on a current situation by  
one of the Panhandle's Republi-  
can editors who has the respect  
of fellow editors in both parties.  
The incident in Mississippi is  
similar to the ruling on prayers in  
a classroom which was handed  
down recently. Our first reaction  
was that finding was anger, but  
after considering it further we  
realized that this is how our  
forefathers meant it to be when  
they wrote the Constitution of  
the United States. What wise men  
they must have been to write a  
document which could for so long  
endure. We wonder if there are  
any today who could have done  
so well.

Mr. and Mrs. P. H. McKinney,  
Eggy Phillips and Mrs. Paul Reid  
spent Sunday in Weatherford, Ok-  
lahoma, with Mr. and Mrs. Jerry

drove to El Reno, Oklahoma, for  
a visit with Percy Presley, a cou-  
sin of Mrs. McKinney.

## Owls Take Win From Hart, Open District Play Friday

The Towe brothers are small, but tough on the football field. Gregg, left, is Silverton's 115-pound quarterback. Though inexperienced in the command post, he has proven capable of smooth ball handling and quick thinking on the spur of the moment. Jay is a 145-pound senior halfback, whose running ability is unquestioned. In last Friday's game with Hart, Jay gained more than 110 yards for Silverton in addition to a good kick return. On several of his carries he was able to get away from two or three tacklers to gain valuable yardage for the Owls.

### MR. AND MRS. HENDERSON TO OBSERVE 50th ANNIVERSARY

Mr. and Mrs. J. E. Henderson will observe their golden wedding anniversary on Sunday, October 21, with a reception in the home of their daughter and family, Mr. and Mrs. Monroe Lowrey, in Silverton.

Mr. and Mrs. Lowrey, Mr. and Mrs. Roy Henderson, Canyon and Mr. and Mrs. James M. Henderson, Silverton, will be hosts.

The actual date of their anniversary is October 19. All friends of the couple are invited to call between the hours of 2:00 and 4:00 p.m. Sunday. Mr. and Mrs. R. L. Bigham and Ricker of Lubbock, visited her mother, Mrs. H. P. Howard, and sister and family, Mr. and Mrs. Floyd Williams, Martina and Annette, Sunday afternoon.

Fred Stafford, number 10, is pictured as he takes off on the 25-yard run which added six points to the score for the Silverton Owls in their victory over the Hart Longhorns

The Silverton Owls managed a 36 to 28 victory over the Hart Longhorns last Friday night to own a 2-3 non-conference record. Silverton gained approximately 245 yards rushing the Longhorns, with Fred Stafford picking up 75, Max Garrison making about 50, and Jay Towe carrying for more than 110 yards. Hart gained approximately 185 yards on the ground.

Silverton's Owls made 12 first downs, eight of them in the first half. Hart made eight first downs, all of them in the second half.

Hart attempted 14 passes, completed six of them for a total of eight points, and had one intercepted for the Owls by Emmett Tomlin. Silverton attempted three passes, completed one for a touchdown, had one intercepted and one fell short.

The Owls were penalized 85 yards for a variety of infractions and Hart was penalized 35 yards.

The Owls fumbled on several occasions, one of which the Longhorns recovered on the Silverton two-yard line. Hart fumbled several times and managed to control most of their own as well as those by Silverton. John Baird recovered one Hart fumble for the Owls.

Silverton held the Longhorns to a 6-0 first quarter, but rallies in the second and fourth quarters hurt the Owl margin. Hart scored 16 points in the second quarter via the fumble on the two-yard line and an 82-yard return of a Silverton kick after touch-down.

Fred Stafford opened the scoring by running over from seven yards out. In the second quarter, Stafford took the handoff in a perfectly executed double reverse play and ran 25 yards all alone to score. Jay Towe ran around end for two extra points, and the score was Silverton 14, Hart 0.

Johnny Kittrell ran over a Hart touchdown from one-yard out after Silverton fumbled a Hart punt and lost the ball on their own two-yard line. Joe Rubalcaba ran for two extra points.

Later in the second quarter Jay Towe ran for a Silverton touchdown from two yards out, and Emmett Tomlin carried the conversion. Hart's Rubalcaba took Silverton's kick after touchdown 82 yards for a touchdown. Dennis McLain ran into the end zone for two extra points and at the end of

the second quarter was Silverton 22, Hart 16. Hart controlled the fourth quarter as Billy Joe Farris ran four yards for a touchdown, and shortly afterward received a pass and ran six yards for another with ten seconds remaining on the score clock.

The Owls travel to Ralls Friday night to open conference play. The Jackrabbits do not own an outstanding record for the season, having met and been defeated by several of the better AA teams. The 'Rabbits are big and tough. The Owls could very well be the district "sleeper," but the entire team will have to play the kind of ball they played at Kress to come out victor over Ralls.

Representing the local chapter of the American Cancer Society, H. B. (Doc) Simpson, county chairman, accepts a certificate of award from Joe Bob Johnson of Lubbock, field representative for District 3-South, The five-year award was presented to the Bris-

coe County Chapter for exceeding their goal during five consecutive Crusades. One other such award was presented at the District Convention, to the Floyd County Chapter.

## Plains Co-op Oil Mill To Handle Soybeans

The board of directors of Plains Cooperative Oil Mill in Lubbock voted recently to begin handling and processing of soybeans for farmers of the Plains area.

The beans will be stored in one of their new cottonseed warehouses, and will be processed through the new plant when it can be done most conveniently.

There will be one price f.o.b. the mill in Lubbock. The directors are

hoping this generally will be a competitive price being offered, and will be announced from time to time.

The beans must be delivered by truck and each truck sampled by the Lubbock Grain Exchange, located at 920 Avenue A. Outturns will be based on the grades, including foreign matter.

The soybeans and cottonseed will be in separate pools or departments and each will have its own profit and loss statement, according to Roy B. Davis, general manager of the Cooperative. The soybean profits will be paid to the cooperatives which deliver the beans.

The handling and processing of beans will be of some inconvenience and of some financial risk to the mill, but they hope that in the long run it will be to the best interest of all to help develop new crops for the growers of this area, and it is their hope that all will do their part to assist in the development of the soybean industry of the South Plains.

### Brother-in-Law Dies In Kermit

U. D. Brown was notified of the death of his brother-in-law, Jeff Worley, at Kermit on Tuesday of last week. Survivors include his wife, the former Mrs. Nonie Davis, sister of Mr. Brown, who lived in this community years ago.

Mrs. H. P. Rampley and Mr. and Mrs. Albert Mallow took Pam Rampley to Clovis, New Mexico, Sunday where they met Pam's parents, Mr. and Mrs. G. W. Rampley of Roswell, who took Pam home. Pam had been visiting her grandparents here for some time.

## Mrs. J. H. Burson Observes Birthday

Mrs. J. H. Burson was honored Sunday afternoon on her 84th birthday by friends and relatives who called at her home with gifts, flowers, greeting cards and best wishes for her happy birthday.

Birthday cake and golden punch were served to Mr. and Mrs. Clifford Davis, Mr. and Mrs. Mr. and Mrs. Arthur ... and Mrs. Wayne Hamilton and children, Rev. and Mrs. Carlos McLeod and daughters, Mr. and Mrs. Willard Patton, Gerald Ann and Joyce, Mr. and Mrs. Carroll Welch, Donna and Kay, Mr. and Mrs. Johnnie Burson and Jimmy, Miss Luree Burson, Mr. and Mrs. Fred Arnold, Silverton; and Mr. and Mrs. Paul West and Paula of Plainview.

### Returns Home From Hospital

A. A. Dunnagin returned home early this week after having spent several days in a Plainview hospital. His daughter and husband, Mr. and Mrs. Bryan Jones of Electra, have spent some time here recently because of his illness.

## Garrison Reunion Held in Plainview

A Garrison family reunion was held in the community building in the Plainview park on Sunday.

Those attending included Mr. and Mrs. Gabe Garrison, Mr. and Mrs. Carroll Garrison and Jerry, Mr. and Mrs. Don Garrison, daughters and grandchildren, Mr. and Mrs. Pascal Garrison and Max, Mr. and Mrs. Gabe Garrison, Silverton; Mr. and Mrs. Elmer White, Grady, New Mexico; Mr. and Mrs. Leroy Saul and family, Kress; Mr. and Mrs. C. C. Garrison, Mr. and Mrs. Keltz Garrison and family, Mr. and Mrs. Fred Garrison, Plainview; Mr. and Mrs. Carl Bruce and son, Lubbock; Mrs. Arville Richardson and daughters, Wichita Falls.

### Premium Given For First Bale of Cotton

A premium of \$215.00 was paid by the Silverton merchants to Esdell Hutsell for the first bale of cotton delivered here. Silverton Gin purchased the cotton at 40 cents per pound.

The cotton graded strict middling, according to gin manager, Bill Williamson, and the staple was 15/16 of an inch.

The cotton contained 1820 pounds seed cotton, and the turn-out was 502 pounds lint and 880 pounds seed.

### Visit In Floydada

Mmes. Erma Piercy of Turkey, A. L. McMurtry, Minnie Stevenson and Dean Allard spent last Friday in Floydada, guests of Mrs. Kenneth Bain.

Mrs. Mollie Riddle, Mrs. Jim Brooks and Janet McWilliams spent Sunday in Tulia, guests of Mr. and Mrs. Chris Ward and Christi.

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

used him for a war horse and emperors of China called him the "Heavenly Horse." He was a "sacred horse" in early Persia. He migrated to this country by way of the Spanish colonies in Chihuahua, and from there spread up the West Coast to the Columbia Basin. The Nez Perce Indians made him famous from the valley of the Palouse. People started calling the spotted horses "a Palouse horse," which became Appaloosa.

The government, in its campaign to confine the Indians to reservations, ordered a wholesale slaughter of the Indian mounts; and they were virtually wiped out. A few, accidentally or otherwise, escaped and narrowly kept the breed alive.

Their revival started several years ago, and is still going on, fostered by the usual state and national associations. Appaloosa fans admit to a bad case of "spotted fever," and are devout believers in their breed.

**Appaloosa Is Newest Craze Among Horse Lovers**

The Appaloosa horse, one of the world's oldest, is the newest craze among horse lovers. There is plenty of good reason for this. They are an amazing combination of looks, versatility and disposition. They make excellent ranch-cutting horses, polo ponies, jumpers, trick-riders horses. For plain and simple riding, by kids or grandmas, they are superb.

Despite their inherent stamina and toughness, there is that gentleness which has to be seen to be appreciated. Kids can stand behind an Appaloosa and rub his hind legs. Stallions, young or old, will rest their heads on a lady's shoulder with obvious quiet enjoyment. Colts not six months old can be walked up to in a pasture and petted like dogs.

The Appaloosa has a unique, endless variety of colorings, notably spots on his hips or scattered over a light-colored body. He also has a storybook history. He is like the buffalo, making a comeback after near-extinction.

He was the famous and feared "Indian pony" of the West and Northwest, which drove the U. S. Cavalry to distraction. Ancient drawings indicate his ancestors may have been the caveman's first mount, and perhaps his food. Genghis Khan is supposed to have

## HOME WORMING

It's fairly common knowledge that today's household dog, as pampered and petted as he may be, will still have worms at one time or another. What is not so well known is that most types of worms can now be treated easily and safely at home.

According to recent findings by Sergeant's Dog Care Center of Richmond, Va., close to one-half of the dog-owning population may be unaware that there are a variety of worming products available for effective treatment at home.

A puppy should be treated for large roundworms as early as six weeks old, or as soon as he has been weaned. These parasites can be easily eliminated through use of a special worming capsule. The capsule is simply opened and the contents then mixed with the dog's food.

Regardless of the loving care he receives, a grown dog can acquire worms, too, from the ground, from fleas, from rubbish and from other dogs. Easily administered, worm capsules for dogs under and over 10 pounds can also be obtained for them at drug or pet stores.

### GREENHOUSE

There's nothing as effective as a greenhouse for growing healthy plants and producing seedlings for spring plantings. The one shown has a continuous, sloping roof that saves a lot of trouble in building since a single set of rafters supports both the shingled and glazed sections. Complete drawings and building instructions are given in Booklet L39, 25¢. Order from Service Bureau, c/o this newspaper, 200 E. Ontario St., Chicago 11, Ill. ## She works for you, too

Secretaries and stenographers perform many important duties at your telephone company. They process the required business correspondence, maintain the files, compile reports and statistical data, and assist in office operation in many other ways. These ladies are dedicated members of the General Telephone team which works so hard to give you good telephone service. They, and all of us, suggest the convenience of additional telephones in homes and offices, to save time and steps as the busy Fall season gets into full swing.

# LET'S TALK FACTS... NOT PLATTITUDES

In twelve years of representing all the people of the Panhandle, Walter Rogers has fought for and courageously acted on these principles...

### SAFEGUARDING THE CONSTITUTION

The Constitution is the foundation of our Government. This matchless document vests certain inalienable rights in the individual and in the sovereign States; they must not be abrogated by Federal socialization or control in education, housing, medicine, civil rights, or in any other area.

Regard for Law constitutes civil peace and justice. Secret-organization witch-hunts, which try to panic us into autocratic methods, would have us trade the foundation of America's greatness for neurotic nightmares.

Power-grabbing Measures cannot be tolerated. Such pressures for centralization of power include—increased Executive authority, near-exclusive Federal taxing power, packing of Congressional committees, socialization of education, medicine and industry, and usurpation of law-making power by the Supreme Court.

### FAITH IN AMERICA

Faith in America and her institutions is indispensable to a healthy patriotism. Extremist groups who saw our public schools, our churches, our free press, our courts and our public leaders are under Communist control, are finally only spreading hate, suspicion and disunity—the prize goal of the Communists. What internal Communism exists in the U.S. will best be overcome by a thoroughgoing utilization of our democratic institutions and Constitutional safeguards, and not by adopting the methods of the Communists themselves.

Competitive Private Enterprise is essential to the maintenance of a free American economy, and it should be free of Government control except for the adjustment of wrongs brought about by bad faith. Management and labor should be allowed to settle their own disputes, with Government only in the role of arbiter.

Small Business and The Family Farm are essential facets of the future and progress of America. The exodus from the farms and small communities is responsible for many of the social ills which confront the metropolitan areas of our Nation.

### PREPAREDNESS AND DEFENSE

Preparedness and Defense of this country are first considerations. We must not trifle with our Nation's security by skimping on vital appropriations. Streamlining of bureaucratic procedures and demanding efficiency and care in procurement will strengthen our defense as well as save taxpayers money.

The National Sovereignty of the greatest nation on earth must not be compromised. The Connally Reservation, limiting the power of the World Court, must remain. No disarmament agreements will be made without the approval of Congress.

The Crisis in Cuba poses a great threat to our national security. Walter Rogers introduced legislation which would deny foreign aid to any country whose ships carry goods of any kind to Cuba. He authored the bill calling for the closing of U.S. ports engaged in trade with Cuba.

### AMERICAN AGRICULTURE

American Agriculture has, through ingenuity and hard work, demonstrated an ability to produce an abundance of food and fiber, and the farmers who have accomplished this ill-deserve the brickbats presently being hurled in their direction. A sound and realistic farm program must be found: one which will be of the farmer's own choosing, giving him real alternatives and still providing for the dissolution of our market-depressing surpluses, with the right of appeal from bureaucratic edicts.

### A BALANCED BUDGET, A SOUND DOLLAR

Drastic Reduction of Government Costs, abolition of overlapping bureaus, cleaning out of over-stuffed departments, and demanding a full and fair day's work from every Government employee must be achieved. The efficiency and economy of Walter Rogers' own office proves these are possible goals.

Foreign Aid, while designed to provide an increased measure of security for the U.S. in our life-and-death struggle with Godless Communism, has proved itself an overall bad investment. The program which was germinated in the highly successful Marshall Plan shortly after World War II, has grown so large that the expenditures of our dollars cannot be accounted for. Foreign Aid has found its way to Communist-controlled countries, it has served to sap our gold reserves, and has won few real friends. Walter Rogers has vigorously opposed these give-aways. Development and Conservation of natural resources is essential to this Nation's future. Reaching toward our potential in water, helium, and minerals development is an investment which will bring multiple dividends to the Panhandle as well as the United States as a whole.
