

All Around the Town

by Mary Ann Sarchet

Texas' No. 2 Killer

Texas' number two killer—cancer—continues deep in second place behind the nation's front runner—heart disease.

Statistics make dull reading. However, some interesting facts concerning Texas' cancer picture come to light with a close look at the final 1962 figures compiled on cancer-death sites and ages.

A grand total of 12,282 Texans suffered death from cancer last year—or as the statisticians call it—malignant neoplasms.

Ages 55 to 79 are the dangerous ages for cancer, claiming well over half of all victims—7,604.

Sad fact of the matter is that many of the cancer deaths which occur during these years may have been prevented had their beginning in earlier years—perhaps as young as the age of 40.

For this reason public health authorities have been urging people to start a program of definitive physical examinations, each year once they have passed their 40th birthday.

Deaths from cancer continue to mount. Each year the statistic is a little bit higher and a little bit sadder.

Cancer involving the digestive system, for instance, reaps the largest toll among cancer causes. It claimed 3,686 lives last year.

Early diagnosis, before the malignancy has a chance to spread throughout the digestive tract, followed with modern treatment could cut this figure in half.

Breast cancer took 947 lives last year—often women in the prime of their lives. For a long while now regular medical examinations, supplemented with self-examination, have saved hundreds of lives each year.

Perhaps the most tragic statistics point out the hundreds of Texas women who die each year from the effects of uterine cancer.

Examination by laboratory specialists of a smear sample, which is obtained quickly, easily and painlessly by a physician, can determine the presence of malignant organisms long before the disease reaches the deadly stage in its victims.

Follow up medical procedures are nearly always successful—provided the diagnosis is made early enough.

Texas cancer statistics could be a lot lower, but meanwhile, the yearly compilations of the latest death figures continue to rise. This is due to improved diagnosis and reporting coupled with better methods of case finding.

Pvt. Dale L. Smith

Army Pvt. Dale L. Smith, son of Mr. and Mrs. Gerald L. Smith, Quitaque, completed eight weeks of military police training at the U. S. Army Training Center, Fort Gordon, Georgia, September 27. During the course, Smith received instruction in such subjects as civil and military law, traffic control, map reading, prisoner-of-war control and self-defense.

The 23-year-old soldier entered the Army in May, 1963, and completed basic training at Fort Polk, Louisiana. He was graduated from Quitaque High School in 1958.

Mr. and Mrs. D. T. Northcutt spent Wednesday and Thursday at Middlewater with her brother and wife, Mr. and Mrs. Dick Lowrey.

BRISCOE COUNTY NEWS

THURSDAY, OCTOBER 10, 1963

Silverton (Briscoe County) Texas

VOLUME 55 NUMBER 41

Owls Stun Kress Kangaroos 44-14

The Silverton Owls completely dominated three quarters of the game last Friday evening to defeat the Kress Kangaroos 44-14. The score going into the fourth quarter of play was 44-0. The Kangaroos rallied after completing a pass against the Owl second team and came back to score two touchdowns in the final period.

Kress received the toss and elected to receive the ball. The Owls booted them an onside kick which was recovered at the Kress 40 by Fred Stafford. Silverton then proceeded to roll up four consecutive first downs and arrived on the Kress eight yard line. From there Greg Towe passed to Dennis Tomlin for the counter, and the Owls led 6-0.

Kress held on to the Owl's after-touchdown kick and sent Benny Tye, a senior halfback, scooting for a 15-yard gainer. The Owl defense bowed its back and held the Kangaroos to a nine-yard gain in their next four tries. Shortly after taking over the ball again, Silverton sent Max Garrison 20 yards for the second Owl score. Conversion points were scored on a pass from Towe to Stafford, and the Owls led 14-0.

The second quarter began with the Owls in possession of the ball again after Kress had made one first down on a pass completion to Johnny Watson, a sophomore fullback, and lost the ball after making only six yards toward another first.

The Owls moved to their own 35-yard stripe on a pass completion from Stafford to Dennis Tomlin, and two plays later Stafford carried to the Kress 30-yard line. A pass completion from Stafford to Tomlin moved the ball to the Kress 10, and two plays later Max Garrison carried the pigskin in for another Owl TD. Stafford ran for the conversion points and the score stood at 22-0.

IT'S WHAT'S UP FRONT THAT COUNTS! When Quarterback Greg Towe drops back to locate a pass receiver it's what's up front in the line that gives him time to make his decision and send the ball to its destination. The tough Owl line was able to contain Kress' running game, and opened the way for Silverton ballcarriers to romp to the 44-14 win. Pictured are Larry McWilliams, Gary Hunt, Towe, Dick Reid, and Orville Baker Turner.

Latin American Services at Assembly of God Church Here

A Latin American services will be held in the Assembly of God Church here October 11, at 7:30 p.m.

Rev. Johnnie Menoz, pastor of the Amarillo Section of Latin Assemblies of God, and other ministers will attend the meeting. A good singing and sermon in the pentecostal fashion will be heard.

All the Spanish people are invited to attend.

Children's Pictures to Be Made Here

Winston B. Lucas, photographer from Irving, Texas, will be in the office of the Briscoe County News from 10:00 a.m. until 6:00 p.m. Friday, October 18, to make pictures of the area's children.

There will be no charge for having the pictures made. All the children in a family may have their pictures made. All photographs will be published in the Briscoe County News. Only the photographs made by Winston B. Lucas on Friday, October 18, will be published in this group as all must be of uniform size.

A local contest will be conducted, and three free pictures will be given for the best pictures made in Silverton.

Parents do not have to be subscribers to enter their children in the contest. Neither are they obligated to purchase pictures after they are taken. Those who do want additional prints may obtain them by arrangement with the studio representative when they select the pose to be printed in the newspaper.

Appointments for sittings may be made by calling 3381.

James A. Feagan Buried Last Week

James A. Feagan, 89, dean of Texas court reporters, died in Fort Worth Thursday morning of last week. He was a brother of the late Mrs. John R. Guest. Garner Guest of Lubbock was in Fort Worth to attend the funeral.

New Cap Rock SCD Booklet Available Now

A Conservation Needs Inventory booklet published by the Cap Rock Soil Conservation District is now available for distribution. This inventory shows the conservation practices needed now and by 1975.

A description of the classes and subclasses of land in Briscoe County is included in the booklet. These classes and subclasses are groupings of land with similar characteristics and problems as used by the Soil Conservation Service. Charts and pictures of the different classes are shown giving acres and land treatments such as irrigated and dry cropland, rangeland, pasture, and woodland. Pictures included show problems of irrigation, erosion by wind and water, and brush control needs.

Conservation practices completed are illustrated with pictures of terraces, diversions, and waterways such as the one on the W. M. Currie farm near Quitaque. Range and pasture seeding will be needed on approximately 40,000 acres by 1975. One picture shows indiangrass seeded on the Joe O'Neal place southeast of Quitaque.

Brush control will be needed on approximately 157,000 acres by 1975. A thick stand of mesquite brush is shown in a picture made on the E. A. Birdwell ranch prior to control.

Lt. and Mrs. James Hill, jr. of Big Spring, Mr. and Mrs. J. M. Hill of Tulia and Mr. and Mrs. Charles Sarchet and Ken of Silverton attended the Texas Tech vs Texas A&M football game in Lubbock Saturday night.

al of his uncle in the Meadowbrook Methodist Church of which he was a member. Fellow court reporters were pallbearers and members of the Noble Benton Bible Class were honorary pallbearers.

Survivors include his wife, three daughters, one son, three sisters, three grandchildren and six great-grandchildren.

Pictures of ponds and erosion control dams constructed on the H. T. Luther and Tom Barbee places are shown. These are needed for livestock water, erosion control and some irrigation. Recreation areas are shown by pictures of Burson and Cottonwood lakes.

Kent Creek Watershed is described by showing organization, need for conservation practices inside the watershed, and a map of the watershed. The map shows the location of dam sites, channel, drop structures in channel, roads, etc. Pictures are included which show conservation practices applied and needed inside the watershed.

These booklets are available at no cost at the Soil Conservation Service office, at First State Bank in Silverton, and at First National Bank in Quitaque. Some of the books have been mailed to individuals throughout the county.

DeKalb Field Day, Barbecue Planned

DeKalb seed dealers, Ledbetter, Rhode Farm and Ranch Center and Alva C. Jasper, announced today that they will sponsor a barbecue and field day Thursday, October 10, in the City Park at Silverton at 5:00 p.m.

The event will feature a tour of a cotton plot west of town on the Bryant Eddleman farm, and views of some of the newer grain sorghum varieties.

The free barbecue will start at 6:00 p.m. All old and prospective DeKalb customers are invited.

Immediately after the barbecue, a short program featuring Dr. Jack Duclos, DeKalb cotton breeder, will be heard. At this time the DeKalb dealers will kick off their annual early-booking drive.

Quarterback Club Has Regular Meeting

Silverton Quarterback Club met in regular session in the school auditorium Monday evening, and reviewed the film of the Silverton vs. Kress football game. Coach Robert Wheelchel pointed out plays of importance for the fans.

Mrs. Joe Granato Is Shower Honoree

Mrs. Farris Martin, Mrs. Vinson Smith and Mrs. Shafe Weaver hosted a surprise layette shower honoring Mrs. Joe Granato at her home at 9:30 Saturday morning.

A number of friends attended the informal affair and were served coffee and donuts.

Mrs. Granato received a number of layette gifts.

Out of town guests included Mrs. George Kempson, mother of Mrs. Granato, Penny Know and Nancy Noel of Brownfield.

Funeral Services For Mrs. Kitchens Held Here Saturday

Funeral services for Mrs. Ester Estelle Kitchens, 32, were conducted at the First Baptist Church in Silverton at 3:00 p.m. Saturday, October 5. The pastor, Rev. Carlos McLeod, and the Rev. Marvin Fisher of Lubbock, former pastor of the Silverton Methodist Church, officiated.

Mrs. Kitchens died at Plainview Hospital and Clinic at 1:15 a.m. October 4, after a short illness.

She was born at Bryan, the daughter of the late Mr. and Mrs. B. J. Guice, on March 10, 1931. She was converted at the age of 12, and united with the Baptist Church. At the time of her death she was a member of the First Baptist Church in Silverton.

She was educated in the Silverton Schools, and had been a resident of Briscoe County for 21 years.

She was married to Ronald C. Kitchens on November 9, 1962, at Silverton.

Survivors include two daughters, Martha Ann Rucker and Kena Jean Rucker; two brothers, Clifton Guice of Silverton and William B. Guice of Waco; three sisters, Mrs. Ben Dobbs and Mrs. Carrie Hall, both of Boswell, Oklahoma, and Mrs. Glenn Jones of Silverton.

Pallbearers were Edwin Dickerson, Alvin Redin, Bryant Eddleman, Fred Mercer, Bill Watson and C. C. Reed. Interment was in the Silverton Cemetery under the direction of Roberts Funeral Home.

Owl Scoring Attack Is Divided This Year

Owl scoring this season has been divided among five players, with various combinations accounting for touchdown-pass plays.

Passes from Quarterback Greg Towe to Fred Stafford, Dennis Tomlin or Max Garrison have been good for valuable yardage as well as passes from Stafford to Tomlin or Garrison.

Silverton's passing and running attack has scored 112 points as compared with 34 points scored against the Owls this year.

Fred Stafford leads the Owls with five touchdowns and three conversions for a total of 36 points. He has also passed for two touchdowns.

Dennis Tomlin is second in the scoring column with 32 points. He has scored five touchdowns and one conversion.

Monty Smith has run for three touchdowns and two conversions for a total of 22 points.

Max Garrison has scored three touchdowns and has run one conversion for a total of 20 points.

Greg Towe has run one conversion for a total of two points, and has passed for four touchdowns and three conversions.

The Owl record so far this season is three wins and one loss.

Among those from Silverton who were in Lubbock for the football game Saturday night were Mr. and Mrs. Fred Mercer, Mr. and Mrs. Arnold Brown and Rita, Mr. and Mrs. W. E. Schott and Mary, Mr. and Mrs. Bud House and Mr. and Mrs. Bryant Eddleman.

holding, offside and clipping. Kress was penalized ten yards for delay of the game.

The Owls united in a beautiful team effort to stop Kress cold. Almost all of the Kangaroo attack was by air because they were unable to dent the Silverton defense.

All of the Owls deserve a pat on the back for their spirit and performance, especially those leading the scoring attack, and Monty Smith, Larry McWilliams and Gary Hunt. Jim Smith and Dick Reid also played well for the Owls. Almost every boy who suited out played during the game.

Silverton will travel to Hart Friday night. The Longhorns tied Kress 6-6 recently, but game statistics don't mean much if a team lets down and doesn't give its best the entire game through. The Owls still need to cut down on mistakes and the penalties which have haunted them the entire season will be their downfall if not corrected. The Owls will be favored to defeat Hart by three or four touchdowns, and will do so if they give their best effort.

MEMBER OF PANHANDLE PRESS AND TEXAS PRESS ASSOCIATIONS

President John F. Kennedy is coming to Texas around November 22 to help lift the 1964 Democratic presidential campaign off the launching pad in this state.

As early as he is, the President appears to be somewhat behind the political timetable of Texas.

Gov. John Connally, who announced the President's visit, called in nearly 50 of his top supporters to begin getting his own campaign organization in shape.

Republicans also summoned key local leaders to Austin for a leadership conference. They pow-wowed over finances, talked up their talent scouting for candidates and began organizing a drive to register 600,000 new members of the GOP.

The Republicans picked up another candidate for the U. S. Senate, Dr. Milton V. Davis, Dallas chest surgeon. George H. W. Bush of Houston announced last month.

Shell-Dredging Wrangle

A coastal region crisis is being claimed by the state's four largest shell-dredging firms.

Firms are Parker Brothers, Inc., W. H. Haden Company, Horton and Horton, and Bay Dredging Company.

State Parks and Wildlife Commission took under advisement their application to expand dredging activities in Galveston and Trinity bays.

Applicants claimed \$1,000,000,000 worth of industry and 10,000 jobs are threatened by an acute shortage of oyster shell in authorized areas. Dredgers supply shell to rebuilding and concrete industries, as well as chemical, paper and other manufacturing firms in the state.

Oyster fishermen, sports fishermen and conservationists also were on hand during the two-day hearing. They claim that they would face a crisis if shell-dredging areas are expanded in the two bays. Commercial fishermen, who produced 64 per cent of the 1962 oyster crop in Galveston Bay, claimed they would be run out of business. Sportsmen said destruction of live oyster reefs, or reefs which can be revitalized, would destroy every natural attraction in the bays.

Both sides feel that the application fight is a life-or-death situation . . . either for the shell dredgers or for the oyster men and the vast sporting industry on the upper Gulf Coast.

CATTLE KILLER

Agriculture Commissioner John White warned Texas farmers against the "deadly danger" of letting livestock graze in fields which have been defoliated by the use of certain cotton chemicals. Warning came after a Breckenridge farmer lost more than half his herd of cattle from the effects of arsenic poison.

White urged farmers to seek

Immediate Relief!

A few drops of OUTGRO® bring blessed relief from tormenting pain of ingrown nail. OUTGRO® softens the skin underneath the nail, allows the nail to be cut and thus prevents further pain and discomfort. OUTGRO® is available at all drug counters.

full information on the effects of any chemical before applying it to their fields.

OIL INDUSTRY WOES

The Texas oil industry is in a three-way bind. Governor Connally told the Texas Independent Producers and Royalty Owners Association. Stabilization of foreign imports would strengthen the troubled industry, he said, but Texas oil is also losing markets to other states and to natural gas. TIPRO backed legislation to require pooling of small tract oil and gas leases for operational purposes. Connally went to Washington to ask the Secretary of Interior Stewart Udall for more import controls.

Old-Age Health Plan Underway

Fifty-three insurance companies have joined the statewide coop, authorized to write health insurance for citizens over age 65. Among the first senior citizens to sign up for insurance were Gov. Connally's mother and father-in-law, Mrs. J. B. Connally of Floresville and Arno Brill of Austin.

The voluntary health insurance plan is available to all those 65 and older regardless of their health condition. Plan was authorized by the 58th Legislature.

BUDGETMAKERS BALK

Legislative Budget Board declined to give its immediate consent to a new \$1,000,000 conference center building at The University of Texas. Members said they feared Governor Connally might red-line the item.

Board approved additional outlays for new high speed data processing equipment for the State Highway Department and a study to determine future needs of all agencies for such equipment.

Board Director Vernon McGee warned of an approaching revenue problem. He said scare studies of smoking results might drastically cut tobacco tax income.

EDUCATION FUNDS NEEDED

The Committee of Governing Boards of State Colleges and Universities estimated \$15,000,000 more will be needed by Texas' 20 tax-supported colleges and universities this fiscal period to keep up with the national pattern of teaching salaries, libraries and research.

Governor's study committee and the Texas Commission on Higher Education to blueprint educational growth. Governor Connally told the college board members they should take a searching look at their own schools to see if all programs are necessary.

HAPPY WITH PARK GIFT

Land Commissioner Jerry Sadler applauded the gift of 3,000 acres of lake property in Jefferson County to the State Parks and Wildlife Department. Gift was from the J. L. C. McFaddin Estate. He withdrew an old request to the Attorney General to push a State claim to the acreage. Sadler predicted the waters will be developed into a "sportsman's paradise."

COURTS SPEAK

Vending machine operators selling items which cost less than 25 cents each have to pay the state sales tax on their take, the Supreme Court ruled. However, the Legislature now has adopted amendments to exempt vending machines, newspapers and merchants with a majority of sales less than

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyn®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

25 cents. The Supreme Court ordered the state to pay back four utility companies in Houston, Corpus Christi, Shreveport and Abilene \$355,000 plus interest in franchise taxes. It found the corporations were exempt from paying the tax on sums kept in reserve to pay deferred federal income taxes.

The high court heard new arguments over constitutionality of the 1961 dedicated reserve gas tax.

HUNTING LEASE LOTTERY

Sportsmen will cast lots for the right to hunt game on six State preserves. Applications, available from State Parks and Wildlife Department, must be returned before October 31. Winners of the drawing will be notified a few days thereafter.

Preserves open for the hunt include Kerr Wildlife Management Area; Sierra Diablo area in Culberson County; Gene Howe area in Hemphill County; Angelina area in Sabine and Cherokee counties; Black Gap area in Brewster County; and Engeling area in Anderson County.

Truck Drivers Complimented

R. L. Atwell, jr. of Houston says Texas truckers have an excellent safety record because "we live with safety, we breathe it, we think it all day and dream about it at night."

That's why the Texas truck driver is known and recognized as the safest man on the highway, the TMTA director stated.

His remarks were made at an Austin meeting of the Texas Council of Safety Supervisors and the Oil Field Haulers Council of Safety Supervisors.

Atwell's own operation, Coastal Transport Company, Inc., is a leader in the field of safety. Coastal has won national and other awards for accident-freedom.

SHORT SNORTS

Shipment by the State Library of raille books and "Talking Books" for blind people reached all-time highs in September, according to Dr. Dorman H. Winfrey, State Librarian.

Bureau of Business Research statisticians are conducting a detailed study of seasonally-adjusted indexes of Texas business activity, with an eye to determining whether the 30-month upward climb on the business barometer has run its course.

The Railroad Commission ordered oil field brine pits in Stephens, Shackelford, Eastland and Callahan counties be abandoned by March 1.

Lee Thomas was promoted to general counsel of Texas Employment Commission to succeed C. M. Turlington of Marshall, who resigned.

Texas aeronautics Commission's 14th annual "Fly-A-Thon" covered a 34-city and 3,000-mile tour of the state.

State Highway Department is offering a free 16-page calendar of 448 events that are scheduled for Texas towns during the Fall and Winter months.

Am I His Keeper?

Once I planted a vine beside a trellis. How carefully I tended the little sprout, watering it and teaching the tendrils to twine about the slats. Warmed by the strong sun, and nourished by the refreshing rain, the vine grew, and little by little climbed halfway up the trellis. Then the leaves began to unfold, and in a little while it began to provide cooling shade, and became a thing of beauty.

But one dark night there came a storm. The wind blew furiously, and the rain fell in torrents. The next morning, when I looked at the little vine, it was lying prone on the ground, half submerged in muddy water.

Then what did I do? I stooped down and tenderly lifted the fallen vine out of the mire, and twined it carefully about the trellis again. In places I fastened its tendrils to the slats with pieces of soft string, and it began to hold up its head once more. Then I watched it grow day by day, and observed with pleasure that the vine I had lifted up was taking a fresh hold.

Do I ever think to be as considerate of my fellowmen—the men and women who suffer, and weep, and waver, and fall—as I was of that little vine, that knew neither pain nor pleasure? Am I as eager to lift up my brother who has fallen low?

Kind of leaves the high-priced cars some explaining to do, wouldn't you say? Long and luxurious—with a fresh-christened look. Richer roomy interiors with subtle new blendings of colors and fabrics. Like the ultra-soft vinyl upholstery in the new Chevrolet Impala Super Sport Series.

A choice of seven engines, no less, with output all the way up to 425 hp.* And a choice

of four smooth transmissions to go with them. And underlying it all, the opulent feel of this '64 Chevrolet's Jet-smooth ride.

Matter of fact, the most noticeable difference between this beautiful new 1964 Chevrolet and the high-priced cars is the price itself.

Let your dealer show you how much luxury that reasonable Chevrolet price now buys.

*Optional at extra cost

SILVERTON, TEXAS

Clubwomen Hear Program Given By Dan True of Amarillo

Dan True, KFDD-TV (Amarillo) weather forecaster, presented the program for the Century of Progress Study Club on September 25 in the home of Mrs. George Long. Mrs. O. C. Rampley was co-hostess.

A short business meeting was held immediately following the program. Roll call was answered with "My Cure for Blue Weather." The club voted to send in the usual contribution to the Endowment funds.

Plans are being made for the annual Christmas Bazaar to be held in December.

Mrs. Norman Strange, president, welcomed the club's new guest member, Mrs. Jim Wurgler.

Refreshments consisting of cake and coffee were served to Mrs. E. A. Birdwell, Mrs. James Davis, Mrs. L. D. Griffin, Mrs. George Long, Mrs. Joe Montague, Mrs. Jim Mercer, Mrs. Gene Morris, Mrs. Neville Muckleroy, Mrs. Pat L. Northcutt, Mrs. J. W. Reid, Mrs. Norman Strange and Mrs. Jim Wurgler.

LEGAL NOTICE

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, JULY 2, 1946 AND JUNE 11, 1960, (74 STAT. 208) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF Briscoe County News published every Thursday at Silverton, Texas, for October 1, 1963.

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Publisher, Charles R. Sarchet, Box 255, Silverton, Texas; Editor, Mary Ann Sarchet, Box 255, Silverton, Texas; Managing Editor, Charles R. Sarchet, Box 255, Silverton, Texas; Business manager, Mary Ann Sarchet, Box 255, Silverton, Texas.

The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual member, must be given.) Charles and Mary Ann Sarchet, Box 255, Silverton, Texas

3. The known bondholders, mortgagees, and other security holders owning or holding one per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.) None

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

L.O.A. Study Club Has Regular Meeting

L.O.A. Study Club met Tuesday, October 8, in the home of Mrs. Ware Fogerson. The thought for the day was "Science has made us neighbors, religion must make us brothers."

Mrs. Ben Lesley, chairman, presided over the business meeting. The invocation was given by Mrs. John Plunkett. Mrs. Billy Nye presented her resignation, which was accepted.

The constitution was amended to raise the membership. A federation project to help finish the Statue of Liberty project by a donation was accepted.

The program on Eastern Religions was given by Mrs. Ben Lesley with Hinduism being the main topic of discussion.

Apple cider and cookies were served by the hostesses, Mrs. Jack Mayfield and Mrs. Bill Durham, to Mrs. Don Cornett, Mrs. Billy Settle, Mrs. Doug Forbes, Mrs. W. D. Rowell, Mrs. Bill Baird, Mrs. James Hawkins, Mrs. Joe Brannon, Mrs. Leo Fleming, Mrs. J. E. Patton, Mrs. Jerry Clayton, Mrs. Ben Lesley and Mrs. John Plunkett.

Mrs. J. N. Cantwell and Mrs. Marie Bishop have been notified that their daughter and sister, Mrs. Katie Hill of Erick, Oklahoma, was injured in an automobile accident near Rotan Saturday night as she and her daughter, Mrs. Ulman Gragson, also of Erick, were enroute to Big Spring to attend the funeral of a great-grandchild of Mrs. Hill. Mrs. Hill was injured about the head and shoulders and was hospitalized at Rotan. She was later transferred to a Big Spring hospital.

5. Understanding Gained From Foreign Travel

(From the Borger News-Herald) Mrs. Thomas Brooks, 1305 Davis, is one of the most cosmopolitan persons in Borger, for she has lived in a private home in Bristol, England, in another in Graz, Austria and in yet another in San Juan, Puerto Rico. Then she taught school for two years in Anchorage, Alaska.

The story of the girl who went places and gained understanding of other ways to live began in New Berlin, New York, where Esther Camp was one of six children of Mr. and Mrs. Harrison Camp. She earned her bachelor of education degree from New York State University in 1947, majoring in elementary education and minoring in music. Then, after teaching in New York state, she went on to St. Lawrence University to gain her master's degree.

After a year's teaching in Herkimer, New York, she was chosen in a competition to be the town's ambassador to Bristol, England, in a remarkable community-sponsored project under the sponsorship of the Experiment in International Living, an organization which sends young people abroad to live in private homes, which has its headquarters in Putney, Vermont. Esther was given a training program to inform her on Bristol and to review her knowledge of Herkimer and its area.

Esther Camp joined other young people and traveled to England. She lived with a family with one daughter. The father was head-

master of a boys' school. Living a normal British life, then Esther and the other nine students in the area treated their English hosts to a camping tour of the Cotswald section of England. Then, with another girl, Esther toured Holland on her own before the summer's end.

When she returned to Herkimer to teach another year, she was committed to make talks before local groups, sharing her understanding and appreciation of English life with the Americans who sent her as their ambassador with the aid of colored slides.

So strongly did she appreciate her experiences that she desired a repetition, so under the auspices of the Experiment in International Living, but paying her own expenses, she went to Austria the following summer, to live for a month in the Graz home of a welfare officer and to enjoy the company of his daughter who was her age. With the other students, she toured Austria, Italy and Germany, really getting to know people and places, for the tour was by chartered bus, the accommodations sleeping bags and tents.

Back to Herkimer, the traveling young lady took advantage of a short term experiment of the EIL, and spent her spring vacation of 10 days in San Juan, Puerto Rico, flying down to live in the home of a teacher, and to enjoy warm, friendly hospitality.

Then, Esther Camp took a teaching position in Alaska, taking a leave of absence from her New York job for a year. But she liked living in Anchorage so much that she asked to be relieved, and taught another year in Alaska. In the summer between the two years, she decided she needed graduate study, and enrolled at the University of Wyoming, becoming acquainted with a Texan, Thomas Brooks, (son of Mr. and Mrs. Jim Brooks of Silverton) who was doing graduate work there in history and government after having earned his master's degree at UT and his bachelor's at West Texas State.

It was fun in her country's largest state, for Esther entered into community life, playing her violin cello in the Anchorage Symphony orchestra and singing in a Community Chorus. But Texas Tom persuaded her that life was good in Texas, too, so they were married and six years ago came to Borger, where Mrs. Brooks is a faculty member of Frank Phillips College.

Esther Brooks taught one year at Gateway School, then settled down to rearing children: Steven, now 4, and Phillip, now 2. But in Borger, as in every place she has made her home, she helps her community. She is cellist in a chamber music group of the Borger Federated Music Club, a member of Borger Study Club, of the First Baptist Church choir, of the Woman's Missionary Union, of Eastern Star, of the board of Tri-City Concert Association.

About her experiences, Esther Brooks said, "It all seems like a dream to me now." But in her daily home life, in her teaching of her children, in her community and church activities, Esther Brooks shows greater understanding, deeper appreciation, wider knowledge than the average American of the far-away places in which she has lived. She emphasizes that knowing others makes for understanding, that understanding makes for love, and cherishes her experiences as a part of families abroad, wishing more American young people could have such opportunities.

Mr. and Mrs. Dee McWilliams attended the football game in Canyon Saturday night.

New Arrivals

Mr. and Mrs. Wayne McMurtry are parents of a baby boy, Michael Kelly, born Friday, October 4, at 2:40 p.m. in Swisher County Hospital. He weighed 7 pounds, 10 ounces.

Wayne and Anne have two other children, Ty Wayne and Lee Ann.

Grandparents are Sheriff and Mrs. Rufe Jordan of Pampa and Mr. and Mrs. A. L. McMurtry.

Mr. and Mrs. Robert Haley Hill are parents of a baby boy, Michael Bryan, born Friday, October 4, at 10:30 a.m. in Swisher County Hospital. He weighed seven pounds.

Robert and Carlye have one other son, Greg.

Grandparents are Mr. and Mrs. Robert L. Hill and Mr. and Mrs. Carver Monroe. Mr. and Mrs. Charles Simpson of Lockney and Mrs. W. T. Haley of Canyon are great-grandparents. Mrs. Alice Simpson of Amarillo is the great-grandmother.

Honor Thy Father And Thy Mother

by Mary Monroe

Exodus 20:12 says: "Honor thy father and thy mother: that thy days may be long upon the land which the Lord thy God giveth thee."

Honoring your mother and father is not done by just one or two things, but through many small and large acts which show that you do honor and respect them.

To honor your father and mother shows an appreciation for everything they have done for you. You may honor them by speaking reverently of them, showing them in small and large ways that you love them, and by doing as they ask even if it means giving up something you want to do very badly.

To refer to your parents as "my old man" or "my old lady" is one of the most disrespectful things you can say. They should always be referred to as "Mother" and "Daddy" or whatever you call them to their faces.

Your parents are really a lot smarter than you think. It has been said that the older you get the smarter your parents become. Their knowledge doesn't really increase as much as your awareness that what they have said is true and for your benefit.

Remember this quotation by William Penn: "Next to God, thy parents."

ELEPHANT JOKES:

A New Fad In S.H.S.

Everywhere one goes in S.H.S. these days he hears about an elephant. Then he stops in to hear what is going on and finds out that they are telling ELEPHANT JOKES.

Here are a few samples of the wacky jokes that can be heard in the halls of S.H.S.

Q. Why do elephants wear green sneakers?

A. So they can hide in the tall grass.

Q. Why can't elephants ride tricycles?

A. They don't have thumbs to ring the bell.

Q. Why do elephants have wrinkles around their ankles?

A. Their sneakers are too tight.

Q. How can you tell elephants from blueberries?

A. Elephants are gray.

Q. What did Tarzan say when he saw the elephants coming?

A. Here come the elephants.

Q. What did Jane say when she saw the elephants coming?

A. Here come the blueberries. (She was color blind.)

Q. How can you tell if there is an elephant in the refrigerator?

A. By his footprint in the cheese cake.

THURSDAY, OCTOBER 10, 1963

PLAYERS OF THE WEEK—Greg Towe and Dick Reid received Player of the Week certificates last Friday morning for their outstanding effort in the Silverton vs. Happy football game on September 27. Towe, the Owl quarterback, has been outstanding on both offense and defense this year. Reid, who received the defensive award, is tough at the guard-tackle slot every week. The certificates were presented by Coach Robert Wheelchel on behalf of the Silverton Quarterback Club. Awards are made to the outstanding team members in pep rally each Friday at 10:40 a.m. The public is invited to attend these meetings in the school gymnasium.

—Briscoe County News Photos

Pigskin Review

by Coach Robert Wheelchel

The Owls defeated the Kress Kangaroos by a score of 44-14 Friday night. The Owls passed for three TD's and ran for three more. The passing attack looked the best of the season, and the Owl defense contained the running attack of the Kangaroos for three quarters.

The coaching staff felt the team did a great job both offensively and defensively. Some of our blocking assignments were missed and it kept us from going all the way two or three times. We looked good on recovering fumbles and our kick-off team did a splendid job.

Offensively, we felt that Dennis Tomlin, Greg Towe, Max Garrison, Gary Hunt, Fred Stafford and Dick Reid turned in outstanding jobs. We have had an outstanding backfield in scoring our touchdowns this year. By this team cannot key one back, since all of our backs can go for a TD.

Defensively we felt Monty Smith, Dick Reid, Gary Hunt, Larry McWilliams and Greg Towe did a great job. Larry McWilliams blocked a punt and did a good job at playing defensive tackle for the first time. Gary Hunt blocked two pass attempts and made a number of tackles with two men trying to block him. Greg Towe turned in a good job at defensive halfback.

We felt that the younger boys did a good job while they were in the ballgame, but they made some mistakes that they should not have made. By playing them they are able to gain valuable experience and they can develop into great football players.

We feel that Hart will be a tougher team than Kress. They have a good passing attack and have a good quarterback with a good halfback. We will have to work harder this week than any other week so far.

Congratulations to the team, fans and student body on a job well done Friday night against the Kangaroos from the coaching staff. It is your team so let's be part of it!

Facts And Figures

There are 558 students in the Silverton Schools. There are 136 in high school and 442 in grade school.

—Supt. J. S. Hinds
The sixteen adults who are enrolled in the weekly bookkeeping class are finding it a real challenge to compete with the 20 seniors who are enrolled in the regular class. I suspect that two mothers may soon be asking for help from their children.

—Prin. O. C. Rampley
Mathematicians tell us that the field of mathematics has developed more in the last ten years than in its entire previous history.

—Mrs. A. L. Redin
A total of 173 books has been added to our high school library.

Mrs. Manley Wood

An Archited Talks About Math Values

By Mrs. A. L. Redin
I am an architect and math is a necessity. I could not earn my living without it.

Asking if math is valuable is like asking me if money is valuable. I recently asked several people if they had received much good from the math they studied in high school, and, believe it or not, they all said "yes" and for a number of different reasons.

Some, as I do, find math a necessity in their jobs. Some said it helps them with their budget and in figuring their monthly payments. Several fellows said it helped in making out their income tax returns.

But one man told me he received no good from his math—he fact he flunked math in high school. He added that he'd give anything for a chance to start in math again. He is a salesman—and a good one, but he has to let someone else do his figuring.

His wife and the help he can hire do a pretty good job of keeping his records straight. But sadly shaking his head, the fellow who failed math said, "Nothing can help with the embarrassment I suffer when my son asks me how to work one of his problems."

Official publication of the students of Silverton High School, prepared by members of the Future Business Leaders of America.

THE OWL'S ROOST

The little owl in the Owl's Roost nearly starved to death this week from lack of items to feed upon. This column cannot continue unless he gets fed.

...Melody Emmett asked Mrs. Ben Lesley the other day if the people in Holland speak the Hollish language.

Cinderella must have been at the bonfire last Friday night. Someone found a beautiful slipper, size 6. If it is yours Mr. Rampley has it in his office.

It is being rumored that a certain "lover boy" just gave up his romance.

There seems to be a new romance in S.H.S. How about it, Jerry and Nena?

If you are out on the streets some night this week and don't see any of the kids out riding, don't worry—they aren't sick—it is six weeks test time.

A Point of View About English

by Mrs. Alice Lacy
What is English?

English is the native language of nearly 300,000,000 men, women and children. It is a second language for even more. Foreign exchange students who have visited our school tell us that they are taught English from their early school years.

English is the language of much of the world's significant literature, a part of the ever-growing heritage of the best that has been thought and written, available to all of us in the writings of Chaucer, Shakespeare, Milton, Emerson, Whitman, Churchill, Frost and hundreds of eminent authors. Their wisdom, their keen observation and the power and beauty of their language have contributed richly to man's understanding his fellow man.

Assembly Variety Given For Students

by Mary Schott

In the assembly on Wednesday, October 2, Mrs. Ben Lesley's English II class presented a one-act farce, "The Trusting Place." Rocky Curby gave the invocation.

...
Thursday, October 3, Rees Bryant, evangelist for the revival which was in progress at the Silverton Church of Christ, spoke in assembly of his missionary work in Nigeria.

F.T.A. Chapter Seeking Members

by Mrs. Alice Lacy

Would you succeed as a teacher? Ask yourself these questions:

1. Am I a good leader?
2. Do I like school?
3. Do I enjoy working with young people?
4. Am I physically fit?
5. Am I reasonably intelligent? (A general average of 75% or above.)
6. Am I emotionally well-balanced?
7. Do I like to help others?
8. Do I, in general, like teachers?

If your answers are predominantly "Yes" you'd enjoy teaching. If you are thinking of making teaching your career, you must find out if you are suited to the work. The purpose of future teacher clubs throughout the nation is to acquaint those who are interested in teaching as a career with the facts about the teaching profession.

Sigma Eta Sigma F.T.A. chapter of Silverton High School is recruiting new members throughout the month of October. If you wish to become a member, check the questionnaire above by writing "Yes" in the blanks to which you

truly can give an affirmative answer. Then clip the questionnaire and give it to Mrs. Lacy, the advisor of the local chapter, and she will advise you further. The chapter meets twice monthly, each first and third Monday during activity period in Room 20.

Economical GAS can help you

CUT

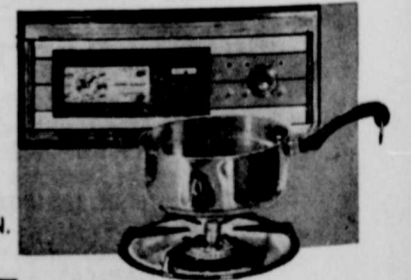

HOUSEKEEPING

COSTS

With costs continuing to climb, it's wise to examine every area of your budget for possible economies. You may find some expenditures unnecessary... others which could be trimmed by more careful planning. Two good ways to make substantial savings (and actually achieve superior results) are by cooking and drying with Gas!

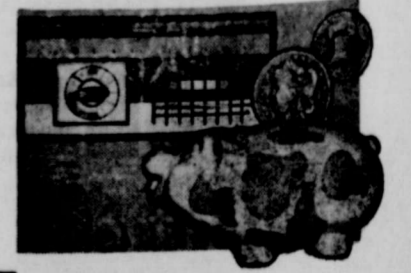

A GOLD STAR RANGE...

costs less to buy, install, operate & eliminates food and fuel waste; thermostatically-controlled burners prevent boil-overs and burning, measure the precise amount of heat for best results & broils and roasts meat with less shrinkage & keeps entire meals savory and serving-ready for hours in the OVEN-WITH-A-BRAIN.

A GAS CLOTHES DRYER...

starts working instantly, shuts off instantly to save you time and fuel & pampers all fabrics... helps clothes last longer & operates nine times more economically than the coil-type kind & saves you as much as \$24.72 a year in utility costs!

See Your Appliance Dealer, Now, and Start to LIVE MODERN FOR LESS... WITH GAS!

Are We Counting on the Other Fellow to Take Care of Our Future...

when he may not be working at the job

COPYRIGHT 1958 D. G. SCOTT

This is a good way to arrange for an unsatisfactory future . . . physical or economic.

For instance . . . some of us depend on our good neighbors to spend THEIR money in the home community to keep it going so we can make a living in it . . . while we do OUR buying somewhere else.

But . . . sort of like when a couple of fellows in a car each thinks the other one is driving . . . the habit of "Letting George Do It" can darken the future if George happens to be letting YOU do it.

And, anyhow, even if we DO have lots of good neighbors trading at home to support US, and

our schools and churches and other community activities . . . THINK how much BETTER all of these would be supported if ALL OF US were buying everything we could at home.

Trading with home merchants is just good practical business sense anyhow . . . because we automatically get more for our money from them than out-of-town stores can give us . . . the EXTRA PREMIUM of community prosperity that only home business establishments can throw in for free with the goods we buy.
