

**All Around the Town**

by Mary Ann Sarchet

In the news these days there has been much about the battle over the federal budget. The high cost of defense absorbs much of the appropriation but there are a good many other items in the budget which cause it to be hiked higher and higher each year. Some of them are important and some are not so important, but when all things are considered it all boils down to the fact that every one of us is in some way responsible for the increasing federal budget.

Just as more and more individuals tend to live beyond their budgets the federal government also is piling deficit upon deficit. A chart which shows where the money goes was published in Readers Digest recently. The years 1955 and 1964 (estimated) were compared. The greatest item in the budget, national security, will have risen from \$43.0 billion to \$82.9 billion. The missile and race-for-space program account for approximately \$4.2 billion of the 1964 sum. I am not a believer in the interplanetary travel possibilities and am not too concerned with beating Russia to the moon, but I am for the space program because of the scientific data to be gained in space relating to weather and communications. When I think of the space program I envision weather stations in outer space capable of re-routing hurricanes, dissipating tornadoes curtailing drouth and hail storms. Manned stations for this purpose are not beyond my comprehension, even though they are probably not in our very near future.

The interest item of the budget has risen from \$4.7 billion to \$7.7 billion, not quite doubled while veterans expenditures will be about \$6.0 billion as compared with \$5.1 billion in 1955.

Welfare expenditures have more than doubled from \$5.4 billion to \$12.3 billion. Social security is another item which has gotten completely out of hand, rising from \$4.5 billion to an enormous \$16.7 billion.

Surprisingly enough, agricultural expenses have risen from \$4.4 billion to \$5.8 billion, a very small increase in view of the blame which continues to be placed on the nation's agricultural programs.

Miscellaneous expenditures accounted for \$3.4 billion in 1955 and probably will require about \$11.1 billion in 1964.

Lawmakers constantly are seeking federal funds for projects that their constituents back home are pressuring them to secure.

An Indiana Congressman pressures the White House to add 25 MILLION dollars to the budget to help build a deep-water port in his district; an Illinois Senator pushes successfully to get a new post office for his hometown, seeks federal aid for a new state hospital; a Virginia Representative introduces legislation for a 39 MILLION dollar James Madison memorial building in the nation's capital.

Are these free-spending New Frontiersmen? Not at all. The Indiana lawmaker is House Republican Leader Charles Halleck. The Illinois Senator is Everett Dirksen, GOP Senate Leader. The Virginian is arch conservative Howard Smith. Even these outspoken advocates of economy continue to push for more spending for their own areas.

Even Barry Goldwater of Arizona, whom a majority of Republicans seem to be pushing toward the Presidential nomination because he is a Conservative, directs many, many dollars of federal money to his home state every year. Arizona receives much more in relation to what they contribute than most of the other states.

Even if defense spending were held at last year's level, all old programs were held in check and no new programs were begun, the budget still would increase. The reason is a growing population which creates automatic increases in federal spending.

VOLUME 55 NUMBER 46

Six of the most valuable players for the Silverton Owls will don their red and white football uniforms for the last time Friday night as they go into the last game of the season with the Petersburg Buffaloes there at 7:30 p.m. They are Dennis Tomlin (81), Gary Hunt (73), Dick Reid (75), Jim Smith (20), Emmett Tomlin (22), and Orville Baker Turner (57).

## Owls Travel To Petersburg Friday

The Owls travel to Petersburg Friday night for their last conference game of the season. The Buffaloes rated fourth in the state until their game with Crosbyton last week, will be as mad as a hive of bees after being tied by the Chiefs. Petersburg received the win on penetrations but their state rating will likely suffer from their having been tied.

The Owls long ago set their caps for the Buffaloes, and are looking for a win Friday night. Petersburg has had the district title all wrapped up, but a Silverton win could hand the title to one of the other conference foes, depending upon the outcome of Friday night's other games. The Buffs could have their state championship bid knocked from their grasp by the win-hungry Owls of Silverton High School.

## Funeral Services For Mrs. A. H. Turner

Funeral services were conducted at 2:30 p.m. Friday in the First Baptist Church in Lockney for Mrs. A. H. Turner, 62, who died at her home there at 7:40 p.m. Wednesday.

Burial was in the Lockney Cemetery. Mrs. Turner was the mother of Billy Gene Turner, who is employed by Ledbetter-Rhode Farm and Ranch Center here.

Among those from Silverton who attended the services were Mr. and Mrs. Billy Gene Turner and Gary, Mr. and Mrs. H. B. Simpson, Mr. and Mrs. Harold Storie, Rev. Carlos McLeod, Carman Rhode, Robert Ledbetter and R. A. Edwards.

## Mrs. Troy Burson To Give Book Review

March of Time Study Club will meet November 21, 1963, at 3:00 p.m. in the P.C.A. community room for the Texas Day program. Mrs. Troy Burson, Texas Heritage Chairman, will review the book, "Life In The Saddle," by Frank Collinson.

pital and will have to remain in a cast for several weeks. Her brother and sister-in-law, Mr. and Mrs. Gaston Owens of Quitaque, visited her Monday.

## Haylake Club Meets In Cornett Home

Haylake Club met in the home of Elsie Cornett Thursday afternoon, November 7. Refreshments of pumpkin pie with whipped cream, coffee and hot apple cider were served to 14 members and the hostess.

The afternoon was spent doing handwork and visiting by Blanche Newman, Maud McJimsey, Mary Rampley, Eudean Crow, Ikie Bingham, Mary Lee Waters, Ella Leah Riddell, Ruby Hester, Winnie Smith, Mildred Brooks and Roy Lynn, Vaughnell Brannon, Paul and Brent, Betty Wheelchel and Bob Ann, Ruby Brannon and the hostess, Elsie Cornett.

The next meeting will be in the home of Eudean Crow on November 2.

Christi Ward of Tulia, Stephen and Phillip Brooks of Borger have recently spent a week here with their grandmother, Mrs. Jim Brooks.

## Graveside Rites For Kleibrink Infant

Graveside rites will be conducted at 3:00 p.m. Thursday, November 14, in the Silverton Cemetery for Kevon Kleibrink, infant son of Mr. and Mrs. Von Kleibrink. The Rev. Carlos McLeod, pastor of First Baptist Church, will officiate.

The baby boy was still-born in Swisher County Hospital at Tulia at 6:15 p.m. Tuesday. Survivors include the parents and grandparents, Mr. and Mrs. Bud Driver of Cleburne and Mr. and Mrs. Bill Kleibrink of Clifton.

## 4-H Awards To Be Presented Saturday

The annual Briscoe County 4-H Awards Program will be held Saturday, November 16, at 7:30 p.m. in the school auditorium. Theme of this year's program will be "What It Means to Give to 4-H." Dr. Willa Vaughn Tinsley, Dean of the Home Economics Department at Texas Technological College, will be guest speaker. Joe Bob Watson will be master of ceremonies, and awards will be

## Bridge and "42" Marathons to Open

March of Time Study Club will open the Fall "42" and Bridge Marathons soon. All those interested in playing should contact Mrs. True Burson, Mr. Alvie Mayfield, Mrs. J. W. Lyon, Jr., or any other member of the club. Proceeds of the marathons go to support the Silverton Public Library. Five dollars per couple will be charged.

Rev. and Mrs. J. Malcolm Prince of Loco Hills, New Mexico, visited their daughter, Mr. and Mrs. Dwain Henderson, Thursday and Friday of last week.

## Caution Suggested In Handling Castorbeans

Growers on the High Plains will soon be harvesting the largest acreage of dwarf-internode castorbeans ever planted in the area. Gross income from the 1963 crop is estimated at over \$4,000,000. Yields of Dawn, Hale, Hale Hybrid and Lynn appear to be equal to those of 1962, when production ranged from 2200 to 3400 pounds

per acre on properly fertilized and irrigated fields. A sufficient number of harvesters appear to be on hand to handle the crop, with custom machines available where needed. Harvest normally begins about ten days after a killing frost, if normal drying weather prevails.

For efficient harvesting, capsules should be dry enough for the seed to hull when rubbed between the hands.

Every precaution should be taken to see that trucks used to haul castorbeans are thoroughly cleaned before being used for other agricultural products, as the seeds are poisonous to humans and livestock. Contaminated feed grain cannot be sold, so every effort should be made to prevent mixing of a single castorbean seed with feed grain. Persons harvesting or hauling castorbeans for the first time should especially be warned about the poisonous nature of the seed when ingested.

The present outlook for the 1964 crop indicates an increase in castorbeans acreage for the High Plains of Texas. The United States is still importing the largest portion of the castor oil which is used annually, so further increases are expected as more growers turn to castorbeans as a profitable cash crop.

## Queens Defeat Peru Twice, Enter Third Game Tonight

Hutcherson Flying Queens of Wayland Baptist College defeated the Peru National All-Stars of Peru, South America, in the first game in a series of three here Monday night. The final score was 54-40.

The second game of the series was played in Plainview Tuesday night with the Flying Queens coming out on top, 46-36. The Queens have been led in scoring in both games by Judy Everett.

The final game of the series will be played tonight (Thursday, November 14) in Gallup, New Mexico. Tip-off time is 8:00 p.m.

## Farmers Union To Meet Monday Night

Farmers Union will have its regular meeting at 7:30 p.m. Monday, November 18, at the Fire Hall in Silverton.

Mr. and Mrs. Beade Northcutt and children spent the weekend in Abilene with her parents, Mr. and Mrs. T. J. Talley. Mr. Northcutt's mother, Mrs. B. M. Northcutt of Pecos, was also a guest in the Talley home.

## Silverton Owlets Lose Two Games

The Silverton High School Owlets met the Wayland College Queen Bees (freshman team) in the local gym Monday. The Bees defeated the Owlets 45-25, with the high school team hitting only 24 per cent of their shots.

Tuesday evening the Owlets traveled to Claude for two games. The "B" team girls lost their match 43-23.

The "A" teams battled to a 33-23 decision for Claude with Martina Williams the high point girl for Silverton with 13 points. Nancy Blassingame was high individual for Claude with 16 points. At halftime the Claude girls led Silverton 15-9.

## Briscoe Voters Okay Two Proposals

Briscoe County voters went to the polls in small numbers Saturday to cast their ballots on four proposed amendments to the State Constitution. A total of 393 voters, 82 of whom voted at Quitaque, of the approximately 1,500 qualified voters "had their say the American way."

On proposed amendment No. 1, Poll Tax Repeal, 55 county voters cast their approval and 307 voted against.

Proposed amendment No. 2, Welfare Payments, 235 approved and 158 voted against.

Proposed amendment No. 3, Jefferson County Pensions, 65 approved and 188 voted against.

Proposed amendment No. 4, Veterans' Land Fund, 149 approved while 148 voted against.

Over the entire state the only one of the proposed amendments which carried was No. 2, approving increased welfare payments for the needy.

## TANE Speaker To Report Here Sunday

Jerry F. Dawson of Wayland College will present a TANE report to First Baptist Church in Silverton Sunday, November 17.

Dawson, who was interim pastor here before Rev. Carlos McLeod, is well known by the members of the church.

TANE is your Texas safe-guard against the alcohol menace. The Texas Alcohol Narcotics Education, Inc., investigates and reports to the people all matters relating to alcohol legislation, including the voting record of the men who represent us in the state government.

TANE is instrumental in helping wet counties vote dry, in ridding areas of liquor advertising and in making the cities and country side safer for all Texans and their children.

Gov. John Connally has made public the itinerary of his famous guests, President and Mrs. John F. Kennedy.

They are due in the Lone Star State on November 21 and 22.

The Kennedys will visit San Antonio, Houston, Fort Worth, Dallas and Austin—in that order.

In San Antonio the President will preside at dedication ceremonies at the Aerospace Medical Center. He will arrive at Kelly Air Force Base at about 3:00 p.m. on November 21.

That evening he will attend a dinner in Houston for Congressman Albert Thomas.

Next morning, Kennedy will be honor guest at a breakfast sponsored by the Fort Worth Chamber of Commerce.

At noon, he'll attend a Dallas Citizens Council and Graduate Research Center luncheon in Dallas.

Then he'll fly to Austin, arriving at Bergstrom Air Force Base about 4:00 p.m. That evening Gov. and Mrs. Connally will honor the Kennedys with a reception at the Mansion. Elected Democratic State officials and their wives will attend.

**Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain**

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dynes)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation 129. At all drug counters.

**Tickets By The Ton**

Most touted attraction of President Kennedy's Texas trip is the \$100-a-plate dinner, which the State Democratic Executive Committee will sponsor in the Austin Municipal Auditorium at 7:30 p.m. on November 22.

An SDEC aide estimates that a ton of invitations—60,000 in all—have been mailed to Democrats over the state.

*here and there*

You will become as small as your controlling desire; as great as your dominant aspiration.

America is the result of pioneers not knowing when they were well off. Risking their lives on the salty deep, starving and rained by fever, shooting and being shot by Indians, snatching garden patches out of the wilderness, moving west and doing the same thing over and over and over again. Why didn't they stop somewhere? Didn't they know when

they were well off?

When are we well off? Who can say? Europeans say the American is crazy, running around and getting nowhere. The American answers that business in America is a game, not a job, it excites the sporting instincts as much as the acquisitive instincts.

If we knew when we were well off, would there be anything that seems worth having? We climb and climb; a few fall and get up again; a few retire only to wind we want to get back into the game; it is the climbing upward that has put America at the top.

Moorman was state GOP finance chairman during the Nixon-for-President Campaign, and in U. S. Sen. John Tower's race in 1961.

GOP National Committeeman Albert B. Fay of Houston appointed members of the party's Candidates Committee to recruit "a blue-ribbon slate of candidates" for Republican primaries in 1964. They will meet in Dallas on December 12, for Republican primaries in 1964.

Recruiting Committee includes Fay, Mrs. Ike Kampmann, jr., of San Antonio, State Chairman Peter O'Donnell, jr., of Dallas, Mrs. G. N. McDaniel of Berger, Mrs. Tobin Armstrong of Armstrong, Wilton Fair of Tyler, W. J. Klattenhoff of Slaton and J. C. Man, jr., of Wichita Falls.

**Hospital Policies Aired**

A special committee to review hiring policies in State hospitals was named by the State Board for Hospitals and Special Schools. Action followed disclosures that a convicted kidnapper and former mental patients have worked as doctors at some state institutions.

Dr. Raleigh R. White of Temple said he considered employment by the San Antonio State Hospital of a woman doctor who had served a prison sentence for kidnapping an "error in judgment."

Board Chairman Howard T. Tellepsen of Houston, reacting to newspaper criticism of hiring a former mental patient as a doctor at Wichita Falls State Hospital, pointed to progress made throughout the hospital system.

"Out of a total of some 220 doctors, we have a wonderful, dedicated group of men," Tellepsen commented. "You will find a few sour apples even among personnel of private companies which pay the best salaries, and we don't have a high wage scale compared to private industry."

Tellepsen named Dr. White to the personnel study committee.

# the Sharp Trader buys at better than wholesale

*...because he buys where his bread is buttered*

A REAL sharp trader doesn't need "connections" or "special discounts" or catalogs, or any other gimmick to get what he buys at BETTER than wholesale.

Maybe you think we're kidding?

Not at all. It's a fact. When you BUY in the community you LIVE in, you know that every cent you pay for goods and services above wholesale cost stays here at home with you. By staying here, it can

get around to buying MORE good things for you and your family.

It's trading material . . . and TRADE ALONE builds communities with better opportunities, better schools, better churches, better neighbors.

Any ONE of these advantages could bring you returns beyond measure in a BETTER LIFE, as well as real CASH returns in the form of increased business,

improved property values, a better job, more people to help you carry the load of normal community expense.

All of this — which you don't get for your money when you buy somewhere else — makes the cost of the actual GOODS very low . . . when you buy them at home.

That's how the SHARP TRADERS get BETTER than wholesale values.

# 'Sweetheart' from Day of Birth Is National March of Dimes Girl

"She was a sweetheart from the day she was born." This is the way her mother describes winsome, bright little Mary Lou Graves, 5, of Flint, Mich., who has been named the 1964 National March of Dimes Child.

Blonde, blue-eyed, vivacious Mary Lou is indeed a sweetheart, but one who has had more than her share of sadness. She was born with a birth defect called spina bifida, which means that the base of her spine was not closed properly. At the age of one month, she underwent an operation to correct this condition. Since then, Mary Lou has fought to be able to walk, and sometimes, she has had to fight to live.

Today, the lower part of her body is paralyzed, and she is extremely vulnerable to infections. In spite of this, Mary Lou is a cheerful little girl determined not to miss any of the pleasures of growing up.

Proud of the fact that she lives in a state known as the auto capital of the world, Mary Lou tells visitors that her wheel chair is a "Kadlac." She has a frisky puppy named Prince, and she scurries after him as fast as Kadlac's wheels can take her. She tags along after her mother, helping to sweep the floor, dust the furniture and dry the silverware.

One of her favorite jobs is baby sitting for her two younger sisters and brother who were all born without defects.

**March of Dimes Symbol**  
The National Foundation-March of Dimes has chosen Mary Lou to symbolize the 250,000 children born with a serious birth defect each year in this country.

Basil O'Connor, president of The National Foundation, explains the problem of birth defects, and the voluntary health organization's attack on it, in this way:

"Why did something go wrong when Mary Lou's tiny body was being formed? Why is a seriously defective child born to one out of 10 American families?"

"Can more of these children be helped with present medical knowledge?"

Favorite hairdresser of Mary Lou Graves, 1964 National March of Dimes Child, is her mother, Mrs. Raymond Graves of Flint, Mich.

"What more must we know to prevent this from happening to babies yet unborn?"

"Simply stated, these are the questions for which hundreds of March of Dimes-supported scientists seek answers."

Because the answers which come from scientific research will come too late to help children already afflicted like Mary Lou, the March of Dimes is fighting the problem of birth defects in still another way—through a growing nationwide network of March of Dimes hospital centers seeking the most effective treatment for these children. Currently, there are 44 of these centers across the country.

**Grateful for Help**

Mary Lou may be unaware of all the national and international efforts to help solve the birth defects mystery, but her parents are not. Mr. and Mrs. Raymond Graves are grateful to the Genesee County (Mich.) Chapter of The National Foundation for financial help to help

with Mary Lou's frequent hospitalizations.

"The March of Dimes is the greatest friend we ever had," Mrs. Graves says. "The March of Dimes helped us pay for hospital bills, medications, the wheel chair and other necessary items."

Mary Lou wants to be a nurse when she grows up, Mrs. Graves reports. "Wouldn't it be wonderful if she could be?" the March of Dimes Child's mother says. "Then maybe she could pay back some of the kindness shown to her. Until then, my husband and I can only say thank you to everyone who contributes to the March of Dimes, because more knowledge might mean more medical techniques that may help our Mary Lou."

As March of Dimes President O'Connor points out, the ultimate aim of knowledge gathered from this scientific research is to prevent birth defects from harming thousands of tiny bodies not yet born.

D. T. Northcutt, W. E. Schott, William Strange, G. W. Lee, Don Garrison and Pascal Garrison were among the approximately 100 cattle feeders and businessmen from four states attending a dinner at the Herring Hotel in Amarillo Tuesday evening of last week. After a description of the organization of the T-bone Club by Willard Simms, manager of the National Western Stock Show in Denver, and an open discussion, plans were made for the formation of such a club at a later date.

Mrs. Frank A. King of Houston arrived here Monday. She returned Wednesday taking with her Mrs. C. R. Badgett who has spent the summer at her home here. After a visit with her daughter and Mr. King, Mrs. Badgett plans to go to Fort Smith, Arkansas, to spend the winter with her sisters as she did last year.

Mr. and Mrs. R. A. Day and Mr. and Mrs. Kem Wilkerson of Mataro were Sunday dinner guests of Mr. and Mrs. Ware Fogerson.

Mrs. Earl Simpson and Mrs. A. Deisher have been spending much of their time in Plainview helping care for their mother, Mrs. Flora Hudgins Foster, who is ill.

**Lyle Robinson Is Guest Speaker For Study Club Meeting**

March of Time Study Club met November 7, at 7:30 p.m. in the community room of Plainview Production Credit Association for an Americanism Day program.

Mrs. Marvin Montague, chairman, welcomed the guest speaker, Mr. Lyle Robinson of Tulia, U.S.A. manager of R.E.A., and other guests.

The invocation was given by J. S. Hinds, Superintendent of the Silvertown Schools.

Mr. Robinson has traveled extensively in the West Indies, British Honduras, Brazil, Ascension

Islands, across Africa from the African Gold Coast to Anglo Egyptian Sudan. He was chosen as one of four United States managers to take rural electrification to Colombia, South America, to set a pattern for rural electrification as we have it in the United States for the rest of the free world and especially South America. The work done consisted of helping to establish statutes so that rural electrification could become a legal entity. Mr. Robinson helped form the cooperative and completed economic feasibility studies to determine if the economy could support an electric cooperative. Later when construction begins people of the Peace Corps will help with the wiring of homes and construction of lines. Slides were shown of Colombia after which there was a question and answer session.

Hostesses were Mrs. Clarence Anderson, Mrs. J. V. Self and Mrs. Roy Mayfield.

Refreshments were served to the guests. Mr. and Mrs. Lyle Robinson, Tulia; Mr. John Shanklin of Albuquerque, New Mexico, who is with the Department of Agriculture, an irrigation specialist working with the R.E.A.; and to Mrs. Clarence Anderson, Mrs. Bertha Pavlicek, Mrs. Ruth Baker, Mr. and Mrs. True Burson, Mr. and Mrs. Troy Burson, Mr. and Mrs. Tony Burson, Mr. and Mrs. H. A. Cagle, Mr. and Mrs. Ben Whitfill, Mr. and Mrs. Fred Mercer, Mr. and Mrs. Marvin Montague, Mr. and Mrs. Roy Mayfield, Mr. and Mrs. Alvie Mayfield, Mr. and Mrs. J. V. Self, Mr. and Mrs. D. T. Northcutt, Mrs. W. E. Schott, jr., Mrs. Alvin Redin, Mrs. Alton Steele, and Mr. J. S. Hinds.

Joe Ward, five-month-old son of Mr. and Mrs. Dwain Ward, who suffered a broken leg about a month ago, had the cast removed Saturday and seems to be doing fine.

Mr. and Mrs. S. E. Pennington, Susan and Randy have spent a recent weekend in Electra with Mr. and Mrs. M. J. Jones, parents of Mrs. Pennington, and other relatives. Mrs. Jones has been ill but was able to leave the hospital last Saturday.

Pricilla Carthel

Mr. and Mrs. W. L. Carthel of Lockney announce the engagement and approaching marriage of their daughter, Pricilla, to Mr. Bobby Durham, son of Mr. and Mrs. Mars Ratliff, also of Lockney.

Vows will be exchanged on December 27.

**L.O.A. Study Club Hears Program**

L.O.A. Junior Study Club met in the community room of the P.C.A. building here Tuesday afternoon for their regular meeting. The invocation was given by Mrs. Jerry Clayton, and Mrs. Jack Mayfield presented the program on education.

A film prepared by the New Mexico NEA, "Should I Know My Child's IQ?" was shown.

During the business meeting which was presided over by Mrs. Ben Lesley, chairman, new members were welcomed into the club.

Refreshments were served after the meeting was adjourned by the hostesses, Mrs. Lesley and Mrs. Leo Fleming.

Those present were Miss Elaine Simmacher, Mrs. Don Cornett, Mrs. Joe Granato, Mrs. Doug Forbes, Mrs. Bill Baird, Mrs. James Hawkins, Mrs. Billy Settle, Mrs. W. D. Rowell, Mrs. Joe Brannon, Mrs. Jerry Clayton, Mrs. Johnny Plunkett, Mrs. Bill Durham, Mrs. J. E. Patton, Mrs. Ben Lesley, Mrs. Leo Fleming, Mrs. Jack Mayfield, Mrs. Charles Sarchet, Mrs. Robert Haley Hill, and Mrs. Sue Osburn of Tulia.

Mrs. Don Shurbet and Janna Jill of Stephenville have recently spent several days in Floydada with her parents, Mr. and Mrs. Rufus Young, who formerly lived in this community. Mr. and Mrs. Don Young and daughter of Floydada and Mrs. Seymour Brannon went to Stephenville to return home their sister, Mrs. Shurbet and baby. Mrs. Brannon visited in Stephenville with relatives and returned home with her son, Jerry, a student at Tarleton College. Jerry spent a long weekend here before returning to school.

## FUTURE FARMERS PREPARING FOR LEADERSHIP CONTESTS

Silverton F.F.A. Chapter is currently preparing for the District Leadership Contests to be held in Plainview Saturday, November 23. The chapter will compete against 17 other chapters in the Plainview District.

The various contests the chapter will enter are Senior Chapter Conducting, Junior Chapter Conducting, Senior Farm Skill, Junior Farm Skill, Radio Broadcasting and F.F.A. Quiz. The winning team in each contest will compete in the Area Contest the following week in Lubbock.

Highlights of the District contests will be a banquet on Monday night, November 25, at Floydada. Banners will be presented to the top four teams in each contest and the District Sweetheart will be selected. Gloria Wallace, Silverton

F.F.A. Sweetheart, will compete against other chapter sweethearts of the Plainview District. The winner of the District Sweetheart contest will compete with other District sweethearts in May for the title of Area Sweetheart.

### New Date Set For F.H.A. Tasting Party

The date of the F.H.A. Tasting Party has been changed to Thursday, November 14. It will be held in the school lunchroom from 6:00 until 8:00 p.m. Admission is \$1.00 for adults, and 75 cents for children under 12.

Food will be served buffet-style and you will be able to choose from approximately 50 dishes prepared by members of the Future

### English Class Presents Suspense Drama

Wednesday, November 6, Mrs. Alice Lacy's English II-A class presented the one-act play, "The Monkey's Paw," for the students and faculty.

The suspense drama took place in an old cottage on the outskirts of London. It was the story of a mummified monkey's paw—with a spell on it so that it would grant three wishes to its owner—and the events that resulted when an old retired worker makes these three wishes.

### FBLA Members Hear Talks by Candidates

Four members of the Future Business Leaders of America gave talks at the regular meeting on Thursday, November 7, as a partial requirement for their Supervisors' degrees.

Martha Mills gave "What is Next in Typewriters"; Pat Cagle gave "Certified Public Accountants"; Camellia spoke on "Accounting Jobs for Women"; and Jeanne Davis gave "Suggested Activities for F.B.L.A."

Mrs. O. C. Rampley, sponsor, reminded club members of the workshop at West Texas State University which was coming up Saturday, November 16. Membership cards were given to those who had completed the requirements for degrees.

Mr. Hinds, drawn for jury service, asked the judge to excuse him. "We are very busy at the school and I ought to be there," he said.

"So you are one of those men who think the schools couldn't get along without them," remarked the judge.

"No, Your Honor," replied Mr. Hinds. "I know they could get along without me, but I don't want them to wind it out."

## THE OWL'S ROOST American Education Week Observed

by Mary Monroe

There is a new saying going around S.H.S., "Forget about it and maybe it will go away." I wonder if this holds true with lessons?

Allen Thomas had a secret admirer in the second grade (Judy Bingham). The inscription on an old picture reads, "Thomas—my boyfriend." But as those early romances go, she marked his name out and stuffed it down in the back of a chair.

Sandra Watters is starting her Christmas list early this year. At the top of the list is "another Army convoy."

And speaking of the Army convoy, it is rumored that one of the soldiers threw Kathy Hughes his address as he went by.

Was Raye's nickname really "Nasty Nelly" at one time?

Hope Orville likes his new English class at sixth period. He's the only boy in it.

American Education Week, November 10-16, has been a time set aside each year to consider the contributions and obligations of the American educational system.

A proclamation by the President has appeared in the newspapers, bringing a greater awareness of the special week.

Sigma Eta Sigma chapter of Future Teachers of America sponsored the showing of the film, "And Gladly Teach," in assembly Wednesday. This program emphasized the 1963 American Education Week theme, "Education Strengthens the Nation."

The film dramatically pointed up the deep satisfactions of teaching—the "lovely magic" when a small face lights with comprehension, or a boy who hates school suddenly finds there's an important spot waiting for him on the basketball team or in F.T.A.

Perhaps most important of all, the point was made that it isn't just "anyone" who can teach. "Teaching," said the film, "must tap the best and most promising youth . . . and then their skills must be refined and sharpened in an exacting period of preparation."

## F.T.A. Officers Attend Workshop in Canyon

by Ann Smith

The Future Teachers of America District Convention was held on the campus of West Texas State University Tuesday, November 5.

Rita Brown, Dianne Davis, Ann Smith, Brenda Martin, Jeanne Davis, Janice Lewis, and Dwight Rampley, accompanied by their sponsor, Mrs. G. E. Lacy, and Superintendent J. S. Hinds, attended the all-day meeting.

Guest speaker for the general assembly was Miss Loula Grace Erdman, noted writer.

The group ate lunch on the campus, then attended various workshops. One of the members of Sigma Eta Sigma chapter remarked, "We got many new ideas for our F.T.A. and enjoyed the day tremendously."

## STRAIGHT FROM THE SHOULDER

Lester L. Grabbe

Where would this world be without government? It is already in a pretty bad shape now, even with the government there is. Just think what it would be like if there were no government.

When I say government, I mean several things. For one thing I mean authority—I mean someone in charge. There is authority in everything. There is authority in school, in the home, in the business, in the city, in the state, in the nation. Even when people collect in a small group, someone seems to naturally take charge.

But authority is to be obeyed, even if it is sometimes unjust or wrong. If authority is not obeyed, anarchy results. This means that certain groups over the country, who say they will have passive disobedience of the law if certain measures they want are not passed, are wrong. Authority must be obeyed.

Another thing I mean when I say government is self-government—self-discipline. Just look at Krushchev. Is he governed? No! And look at what is resulting from it.

No authority on this earth can remain in authority if we are not self-governed. This is a responsibility for everyone.

How many of us are really governed? How many of us obey our teachers, our parents, our bosses, our government, even when it is inconvenient? How many of us control our actions, our feelings, as we should?

Yes, how many?

DENNIS: "There are a lot of girls who prefer not to marry."  
HOWARD: "How do you know?"  
DENNIS: "I've asked them."

O. C. RAMPLEY: "My razor doesn't cut at all."

MRS. RAMPLEY: "Don't tell me your beard is tougher than the linoleum."

MISS SELF: "Can anyone tell me what makes the Tower of Pisa lean?"

JEANNE DAVIS: "I don't know; if I did, I'd take some myself."

# Silverton Owls Battle Out Of District Cellar At Lorenzo

The Silverton Owls traveled to Lorenzo Friday night and sogged out a 24-6 victory before a dampened crowd of fans. Rains had soaked the field during the afternoon and while no downpour resided during the game a light mist kept players and spectators cool as Lorenzo won the District 4-A cellar.

The Hornets were undefeated going into conference play this year and have not won a single district game. The Owls were 3-5 as they traveled to Lorenzo and are now 4-5 with one district win to their credit.

Silverton made 17 first downs as compared with eight for the Hornets. The Owls were penalized 42 yards while the Lorenzo eleven had 90 yards stepped off against them.

Silverton completed seven passes from Fred Stafford to Dennis Tomlin, and from Greg Towe to Dennis Tomlin and Stafford, had seven fall incomplete and had one intercepted.

Lorenzo completed one pass, had six fall short, and had one intercepted.

The Hornets fumbled twice and lost one of them to the Owls. Silverton controlled the ball without fumbling.

Towe opened the scoring for the Owls in the first quarter as he scampered around right end for six points. The Hornets apparently didn't know where the ball was as Silverton lit up the scoreboard. Towe repeated the end run and added two conversion points.

Lorenzo took the Owls' after-touchdown kick on the 50-yard line and proceeded to move the ball. After one first down the Hornets fumbled and Silverton recovered.

In the second quarter Joe Reed, a sophomore back, sneaked through from two yards out for a Lorenzo score. No conversion points were made, and Silverton led 8-6.

A Silverton quick-kick to the Lorenzo 20 opened a Hornet drive which was short-lived. Towe stole a Hornet pass and ran it back to the Lorenzo 12 to set up an Owl score. Stafford passed to Dennis Tomlin.

Tomlin in the first quarter as he scampered around right end for six points. The Hornets apparently didn't know where the ball was as Silverton lit up the scoreboard. Towe repeated the end run and added two conversion points.

Tomlin in the first quarter as he scampered around right end for six points. The Hornets apparently didn't know where the ball was as Silverton lit up the scoreboard. Towe repeated the end run and added two conversion points.

As Silverton drove in for another tally, Johnny Gestes intercepted an Owl pass at the Lorenzo 30 and ran it back to the Silverton 35 where he was overtaken and brought down by Dennis Tomlin.

Lorenzo ran into a stout defensive wall after driving inside the Silverton 10-yard line. The Owls held and took possession at their own one-yard line. On the first play from scrimmage Stafford went up the middle to the Silverton 15 to get their backs off the goal line.

As the game ended the Owls were threatening again on the Lorenzo 20.

## Awards Presented To Two Seniors

Emmett Tomlin and Gary Hunt received Player of the Week awards during a pep rally in the school gymnasium Friday morning.

Coach Robert Wheelchel presented the award for Best Defensive Player during the Crosbyton game to Hunt, who has received the award before, and for Best Offensive Player of that same week to Emmett Tomlin, who was injured earlier in the season and had been unable to play on offense until that week.

The awards are sponsored by the Silverton Quarterback Club, and are presented on Fridays at 10:40 a.m. in the school gym. During the pep rally this week a bale of cotton will be given away by the Quarterback Club.

## Pigskin Review

by Coach Robert Wheelchel

The Owls journeyed to Lorenzo Friday night with their sights set on defeating the Hornets. The final score was 24-6 in favor of the hard-hitting Owls. The football team gave their 110 per cent and played hard-nose football. We had some of our injured boys return to the line-up.

The coaching staff was very pleased with the way our boys played football and controlled their tempers. We felt like our passing attack looked good. Greg Towe and Fred Stafford did an excellent job of calling plays, running and passing. Max Garrison, Dennis Tomlin and Emmett Tomlin turned in good games. Our linemen did a good job of blocking and making the big holes.

Defensively we let them have one touchdown which was a good effort on our part. We intercepted one pass at first and did a good job of rushing the passer. Outstanding on defense were Monty Smith, Max Garrison, Gary Hunt, Greg Towe, Larry McWilliams and Dick Reid. We had some great efforts on kick-off and punt returns.

This week we have a game with Petersburg. They are ranked as high as fourth in the state. Last week they were tied by Crosbyton but won the game on penetrations. We will have to play tough defense.

fense to stop their running attack. Petersburg will try to beat us by fifty points this Friday in order to make up for the tie with Crosbyton. We will have to play our best. We can beat this bunch!

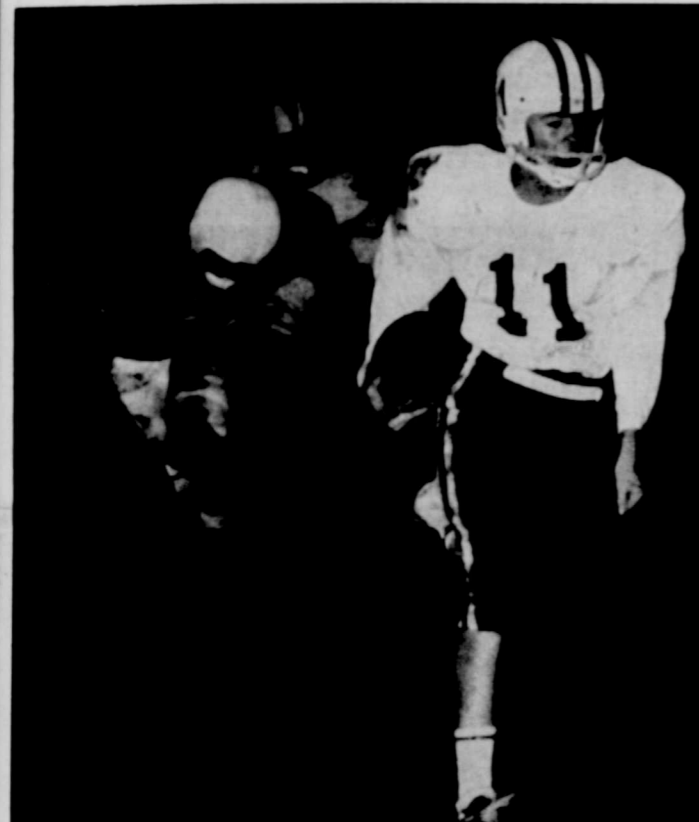

From the coaches to the players on Friday's game, "Congratulations to the best team in District 4-A."

Zearl Thomas of Lamar, Colorado, spent Thursday night and Friday here with his sister, Mrs. Lee Deavenport. Their sisters and husbands, Mr. and Mrs. Beth Joiner of Clarendon and Mr. and Mrs. W. R. Kendall of Lockney came Thursday evening for a visit. All formerly lived here. Others calling in the evening included Frank Fisch and Mr. and Mrs. Louie Kitchens.

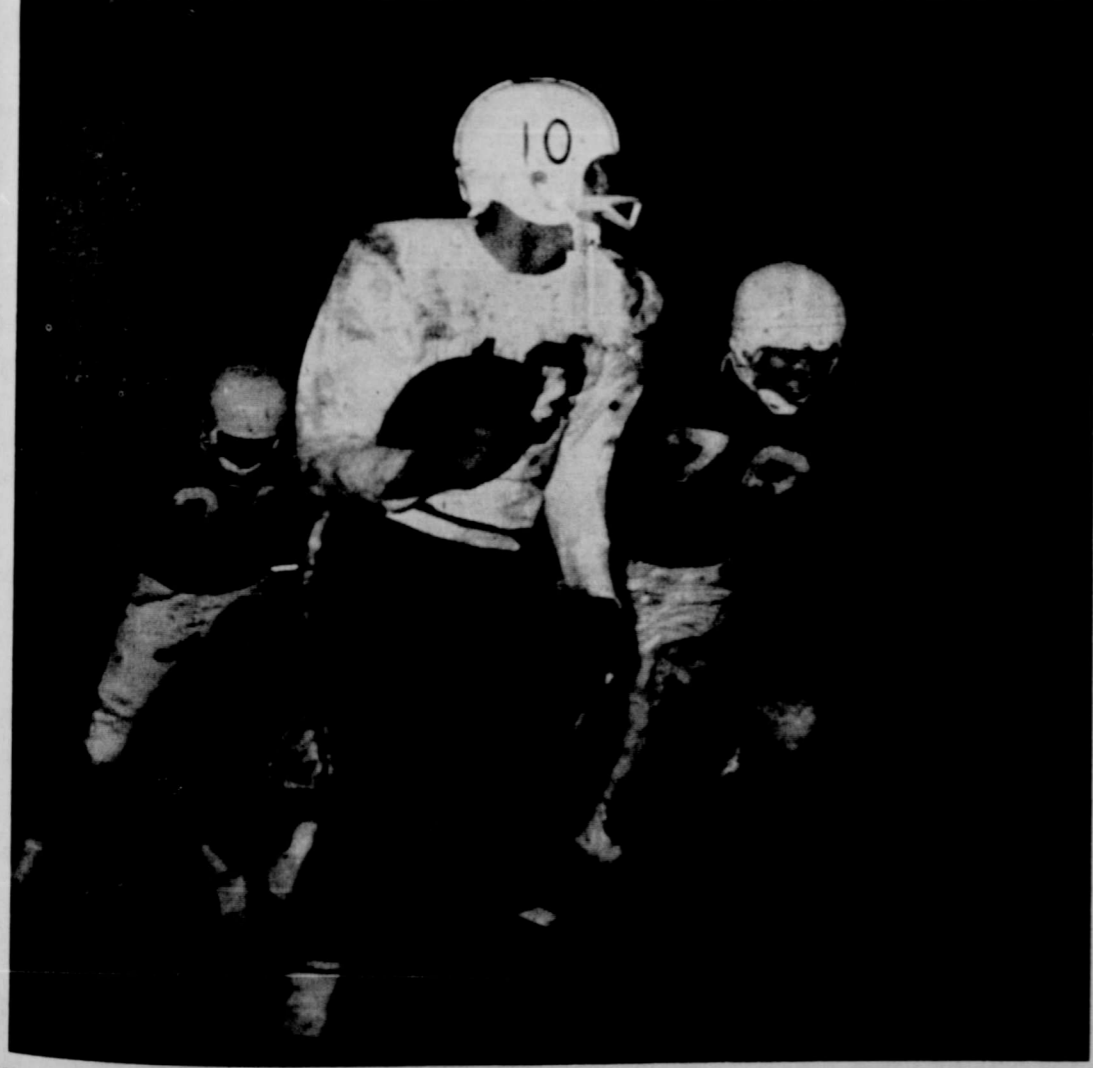

Zearl Thomas and Mrs. Lee Deavenport called on Mrs. H. P. Howard and Mr. and Mrs. W. N. Weast Friday morning of last week.

Dinner guests of Mrs. H. P. Howard on Friday of last week were Mrs. Gray Wimberly of San Angelo, Mrs. Shelby Haynes, Mrs. H. P. Rampley and Mrs. Ray C. Bomar.

Mr. and Mrs. Norland Dudley and daughters of Hart were guests of Mr. and Mrs. C. A. Holt and Mr. and Mrs. Milton Dudley and Connie Friday and Saturday.

Silverton's cool quarterback, Greg Towe (11), listed at 130 pounds, showed the Lorenzo Hornets that you don't have to be big to play football as he scored the first touchdown from 11 yards out Friday night...

The Lorenzo Hornets found Fred Stafford for the Owls. A Junior, Stafford has scored 62 points this year and passed for a number of touchdowns and conversions. ... called signals during part of the game, passed, ran and received passes for big yardage

Defensively for the Owls, Dennis Tomlin (wearing helmet no. 64) and Larry McWilliams (63) were tough against the Lorenzo Hornets Friday night. Tomlin is pictured making a jarring stop on Lorenzo's Joe Reed, who scored their only touchdown, assisted by Gary Hunt (73) on the ground and McWilliams. Briscoe County News Photo

CARD OF THANKS  
Words cannot express the gratitude in our hearts for the many acts of kindness shown us during our illness. Especially do we thank Bro. Carlos for his untiring efforts in securing blood donors, and to those who gave blood our sincere thanks and appreciation. We are also so grateful for your prayers, visits, cards and flowers while in the hospital. To our many friends and neighbors who have been so kind and thoughtful in every way since we came home, we extend our deepest appreciation, and remember, even a cup of cold water given in the Saviour's Name will not lose its reward. May our Lord richly bless, and give you such friends in time of need as you have been, is our prayer.

## CARD OF THANKS

I would like to express my appreciation to my Silverton friends who were so thoughtful during the time I was hospitalized at Big Spring. The cards, letters and gifts all were appreciated so much.  
Katie Hill

## CARD OF THANKS

M. J. O'Neal, who is now at home and doing fine, wishes to thank his friends for cards and letters sent to him in the hospital.

R. C. Hutsell was in Plainview on Thursday of last week for a checkup. He is still in a cast but is improving.

Mrs. Robert McDaniel III, Robbi and Mitchell were in Floydada on Wednesday of last week when Mitchell was fitted with new glasses.

Walter Dunham and Mitchell McDaniel were in Floydada on Friday of last week to take tests for drivers licenses.

Mr. and Mrs. Rex Voyles and family of Vernon have been recent visitors here with his grandmother, Mrs. W. A. Rowell, and other relatives.

**PLOW DOWN FOR MORE PROFIT**

In order to do the most good for next year's crop, your turned under stubble must be completely decomposed. Nitrogen helps this stubble decomposition process. That's why it is wise to apply anhydrous ammonia to your soil now instead of later. Then, when you plant in the Spring, all the nitrogen you put down now, plus all the nutrients it has helped release from the stubble, will be waiting to feed your young plants at germination.

By providing the necessary plant foods available right from the start, a plow down application could increase your yield by 10% or more. Since the extra yield does not add to the cost of your crop, it is all profit!

Your best source of nitrogen, in its most efficient form, is anhydrous ammonia. Shamrock's Nitromite is a fine brand of anhydrous ammonia available at
