All Around
the Town
by Mary Ann Sarchet

I received a printed announcement in the mail last week that read:
"Congratulations on having been chosen to deliver the keynote address at the Grand Opening of the Frosty Fanny Nudist Camp on Porcupine Mountain, Thursday at 7 p.m."
I didn't know who mailed me the announcement from Amarillo, but since I assume he or she reads my paper, I'd like to say that Jack Strange got an announcement just like this a couple of weeks ago—and I wouldn't think of appearing on the same program with him!

Club Yearbook Wins First Place In State

The 1963-1964 yearbook of the Century of Progress Study Club of Silverton won first place in the state at the Texas Federation of Women's Clubs Convention in Houston earlier this month.
Planners of the yearbook were Mrs. L. D. Griffin, Mrs. Wayne Vaughan and Mrs. James Davis, and the book was printed by the Briscoe County News.
"A Pocket Full of Miracles"

was the theme chosen by the club to be carried out in their programs this year. The book is bound in a cover of subdued yellow with green printing and green tassel to carry out the club's colors, yellow and green.

The Century of Progress Study Club was organized in 1949 with sixteen members. Of this number, seven of the charter members are still active members. The club was federated in 1950, and entered the ranks of the senior clubs in 1960.

Mrs. Norman Strange has served as president for the past two years, and Mrs. O. C. Rampley will be installed as president on May 27.

The Caprock District T.F.W.C. of which the three federated clubs of Silverton are members had only two winners at the state convention. The other was the Teacher of the Year, Mrs. Fred B. Hegel of the Phoebe K. Warner club in Tahoka. Also entered in state competition were the pressbooks of the Century of Progress Study Club and the L. O. A. Junior Study Club.

Mrs. Bill W. Davis of O'Donnell, immediate past president of the Caprock District, was elected to serve as treasurer of the Texas Federation of Women's Clubs during the convention in Houston.

Mrs. J. L. Ginnings of Pilot Point is the new T.F.W.C. president. The T.F.W.C. theme during the new two years will be "Community Service Is Americanism." In her address, Mrs. Ginnings told the assembled clubwomen, "Your best efforts in this direction will make the Texas Federation of Women's Clubs a vital force toward fulfillment of the American dream of a full life in peace and freedom."

Mrs. Robert N. Tipps of Denver City is the new Caprock District president, and Mrs. Joe Taylor of Lockney succeeds Mrs. Lane Deck of Floydada as Caprock Junior Director.

Annual Meeting Held By Silverton Co-op

The annual meeting of stockholders of Silverton Co-Op Elevator was held Saturday night at Redin's "66" Restaurant. Bill Lane of Producers' Grain Corporation was guest speaker.

Pascal Garrison was elected a director of the co-op. True Burson retired as a director after 16 years of service. The annual auditor's report was heard.

This Senior League team will consist of 15 players only from ages 16 through 18. They will be entered in a league with Floydada, Matador and Roaring Springs. They will play two games a week, one at home every Monday night and one away from home at one of the above-listed towns. The winner of this league will go to the State Tournament sometime in August. If some man is interested in managing this team, please be at this meeting.

The Little League teams are entered in State Teen-age League a gain this year. Last year we had five Little League teams, and it is hoped that there will be that many again this year.

There were only two Pony League teams last year, and there should be at least three teams in Silverton. Boys in the 13, 14 and 15 age group can sign up to play ball this summer in the Pony League.

Rate Based On Normal Yield

The extra price support payment available to growers who keep their upland cotton acreage within the farm's "domestic allotment" will be based on the farm's normal yield, Louie Kitchens, Chairman, Agricultural Stabilization and Conservation County Committee, said today. The grower, in effect, thus has a crop insurance feature to cushion any possible loss from crop yields which are below normal, he declared.

Each upland cotton farmer has been informed of his farm's domestic allotment, the normal yield, and the rate per acre of the price support payment which will apply to the acreage planted for harvest within the domestic allotment.

For farms with small allotments the domestic allotment is the smaller of fifteen acres or the farm's effective allotment (the regular allotment after any release or re-portionment). For other farms, the domestic allotment in most cases will be 67 percent of the farm's effective allotment.

The extra price support payment, amounting to 3.5 cents per pound on the normal yield of acreage planted to cotton on the farm, is made available to farmers who voluntarily reduce their cotton acreage so that it is within the farm's domestic allotment. Thus the payment helps offset the loss of income the grower would otherwise have received from planting the entire acreage of his effective allotment. Acreage so held out of cotton production may be planted to other crops, provided the feed grain acreage (on farms with an effective cotton allotment of more than 15 acres) does not exceed the feed grain base. Thus, the grower will be provided with an additional source of income.

Mission Bible School Starts June 1

The Spanish Baptist Mission of Silverton will have Vacation Bible School the first week in June. Classes will start Monday, June 1, at 8:00 a.m. and will last until 11:00 a.m. each day.

Registration will be Saturday, May 30, from 9:00 a.m. until 12:00 noon.

Mrs. Hubert Hall of Memphis, Mrs. Berton Hughes and Mrs. Troy Cox were in Lubbock last Thursday to attend the graduation program of Robert Spence Modeling School in Dunlap's Tea Room. Mrs. Fritz Overmyer of Lubbock, sister of Mrs. Hall and Mrs. Hughes, was one of the graduates. She received her second diploma, and hopes to teach modeling. She and three other models showed clothing from Dunlap's.

Smith plans to train as an assistant county agent at Pampa until his placement.

No signup is needed if the cotton grower decides that he wishes to grow his upland crop according to the farm's domestic allotment; he merely plants on the basis of that allotment. When his acreage of cotton is determined, he will have a period during which he can adjust the acreage if it does not agree with the allotment. After the planted acreage is verified, the eligible producer will then file an application for the price support payment at the ASCS county office.

Club Officers To Be Installed

Members of the Century of Progress Study Club will assemble at 3:00 p.m. May 27, to install officers for the 1964-65 club year.

Mrs. E. A. Birdwell will be the hostess for the last meeting of the club year, and Mrs. Joe Montague will be co-hostess.

Mr. and Mrs. J. M. Thompson were in Lubbock one day last week.

Mrs. Walter Fleming returned home Monday, and is recuperating from major surgery.

Study Club wish to express their sincere appreciation to all who participated in the marathons. Prizes were awarded to the high and low scorers in each marathon. Proceeds go to help support the Briscoe County Library.

AUSTIN—Inadequacy of general hospital facilities in the Plainview area is reflected in the newly revised State Plan for construction of hospitals and other medical facilities under the Federal Hill-Burton Act.

In the revised State Plan, now available for inspection at the State Health Department, the Plainview area (Briscoe, Floyd, Hale, Motley and Swisher counties) has been given a "B" priority. This rating puts the area in a good position to receive Hill-Burton funds to be allocated in the 1965 fiscal year.

The "B" priority covers areas which are meeting only 40 to 59 per cent of their general hospital bed needs. The new State Plan shows only 44.5 per cent of these needs being met in the Plainview

area. The ratings range from "A" (0 to 39 per cent of bed needs met) to "E" (100 per cent of bed needs met).

The report shows 128 beds in the Plainview area conforming to Hill-Burton standards and indicates that another 159 "conforming" beds are needed. The report also states that existing hospital facilities in the area have a high rate of use.

The new State Plan will go to the 12-member State Advisory Hospital Council and the State Board of Health for approval in June, and then will be forwarded to the U. S. Surgeon General in Washington. There it will join the state plans of the other 50 states to form the basis for the allocation of almost \$14 million in federal Hill-Burton funds in

Texas for fiscal 1965.

Texas, which has led all states in the federal allocations in recent years, was given \$13,998,928 for fiscal 1964 and \$13,589,493 the previous year. The present Hill-Burton Act expires on June 30, but Congress is expected to give it a five-year renewal starting July 1.

The U. S. Bureau of the Budget will study the State Plan for each of the 50 states and recommend allocations to states on the basis of need, population, growth, per capita income and the ability of the individual states to do their own hospital financing.

(The Hill-Burton funds do not have to be repaid.)
Texas will not know until August what its share of the Hill-Burton Funds will be. When this a-

mount is known the September agenda of the State Board of Health will list all applications for Hill-Burton projects in the descending order of their priorities.

The "percentage of bed needs met," calculated according to a strict mathematical formula prescribed by federal law, determines the priority of each project.

The Texas State Department of Health already has received about 30 applications for new projects for fiscal 1965, with that number expected to hit near 50 before the May 31 cutoff date for applications. Only public and other non-profit hospitals and facilities are eligible.

Right now Texas has 27 projects in planning stages, 20 under construction and 16 completed and

either under audit or awaiting audit by the State. Total cost of these 73 projects is \$130,700,116, of which \$448,006,396 is Federal money.

Since the federal program began in 1946, Texas has had 329 projects. Costs through June 30, 1963, totaled \$340,756,300, including \$123,446,791 from the Federal government.

The Federal share of the "matching grant" projects varies from state to state ranging from one to two-thirds of the cost of construction and equipping general, chronic, mental and tuberculosis hospitals, nursing homes, diagnostic and treatment centers, rehabilitation facilities and public health centers.

FUTURE HOMEMAKERS ENTERTAIN AT MOTHER-DAUGHTER BANQUET

The Silverton chapter of Future Homemakers of America honored their mothers at the annual Mother-Daughter Banquet, Tuesday, May 12. The theme, "Carrousel," was carried out with stuffed

animals as the centerpiece of each table.

Susie Hill, F.H.A. vice president, welcomed the guests. A salad supper followed. After this the chapter mothers and girls who had earned degrees were recognized.

Jerry Lynn Garrison, Janice Lewis, Kathy Peugh, and Masako Nakabe gave an account of the State F.H.A. Convention which they had recently attended.

The evening ended with entertainment by Jeanne Davis and Dianne Davis, accompanied by Jerry Lynn Garrison.

Student Council Presents Assembly

by Sandi Rhode and Camellia Comer

The Student Council presented an assembly Wednesday, May 13, during activity period. Instead of the usual installation of officers by ceremony, the members of the Student Council presented a short skit, written by Mrs. Redin, for the purpose of installation of officers for the coming school year.

After each officer told his duties and promised to do his best to fulfill these duties, the entire Student Council led the student body and faculty in singing the Alma Mater.

The "future freshmen" were guests.

Lesley in health class: "Do you think you will be able to drink in the next world?"

Sandi House: "No, but you will probably smoke."

ELAINE SIMMACHER

Miss Simmacher To Join Peace Corps

Miss Elaine Simmacher, Silverton High School teacher of home economics, has received and accepted an invitation to attend the training program for Peace Corps volunteers.

Her training begins June 19, and it will be on the campus of one of the universities in the United States. After eleven weeks of training, she expects to be sent to Puerto Rico for three more weeks of training. Miss Simmacher selected Latin America as the area she would like to serve, and if she is accepted she will serve two years, including the training period.

Volunteers for the Peace Corps are from all 50 states, Puerto Rico, the Virgin Islands and Guam. The minimum age for volunteers is 18. Peace Corps selection is based on merit alone. Selection is made for individual projects and every project has its particular requirements. Volunteers receive intensive training designed to achieve one basic objective: to prepare them for effective service overseas. After completing sessions at a college, university or private agency, training programs are generally continued at one of the Peace Corps' two training camps in Puerto Rico. There, language study is intensified and physical conditioning programs completed. Training concludes with orientation in the host country before actual work begins.

While in Silverton Miss Simmacher has participated in community affairs, has assisted with 4-H Club judging, and has been a member of the L. O. A. Junior Study Club.

Her home town is Pep, Texas.

Verden was annoyed by some seniors in the rear of his class. At last, losing his patience, he shouted, "Boys, boys! Get quiet! You're making so much noise I can't hear the sound of my own voice."

Dennis: "Don't worry, Verden—you ain't missing anything."

F.B.L.A. Hears Student Reports

The Silverton chapter of Future Business Leaders of America met Friday, May 15. The meeting was called to order by the president, Lester Grabbe, and Susie Hill called the roll and read the minutes. A letter of regret from Mr. and Mrs. Charles Sarchet was read to the group. Jealea Eddleman reported that at the present the chapter had \$703.88, but that the new calculator had not been paid for.

Several reports were given by students who were completing requirements for degrees. Those who gave reports for their Leader's Degrees were Linda Harvell, "Alaska After the Earthquake;" Dwight Rampley, "Electric Typewriters;" Dianne Davis, "Electric Computers;" Those who gave reports for their Supervisor's Degrees were Mary Schott, "Medical Secretaries;" Elaine Boyles, "Should You Be a Secretary;" Wayne Rampley, "How To Increase Office Efficiency." The chapter voted to accept these reports.

Lester Grabbe gave his farewell message to the club and expressed his appreciation to the chapter.

Due to an insufficient amount of time to complete all the business, a meeting was called for May 22. Anyone who wishes to give a report for a degree will be given an opportunity to do so during the called meeting.

School Year Is Slowly Drawing To A Close

by Janice Lewis and Chyrel Cowart

Do you realize that there are only a very few days left in the 1963-64 school year? Have you accomplished all you intended to this year?

Some of you may not know until May 29 whether you have accomplished what you intended to for the year, that of passing. Some may have made the honor roll for the first time during their high school years. Some may have made preparations for next year, decided what college they will attend, and chosen the career they will pursue after graduation.

All students can't be judged by the same standard of accomplishment. To have done your best would be considered an accomplishment for those of you who haven't done this before. To have established regular study habits would be an accomplishment. Some may have continued good practices established in previous years. Some may have helped establish better student-teacher relations. Some may have refrained from visiting the office so often.

We would like to take this opportunity to congratulate those of you who have accomplished something this year. So as not to leave out those of you who haven't accomplished anything this year (if there be any) we would like to wish you better luck in the years to come. On behalf of the Junior class, we leave you with this thought: "If at first you don't succeed, try, try again."

JANICE LEWIS

Janice Lewis Is State Degree Recipient

by Elaine Simmacher

The Degrees of Achievement program is the one way that the Future Homemakers organization gives recognition to its members who have worked effectively toward the purposes and objectives of the organization and have contributed to the improvement of their home, school and community.

The first two degrees, the Junior and the Chapter degrees, are the stepping stones to the final and highest recognition of the Future Homemakers of America, the State Degree.

Janice Lewis, a Junior in Silverton High School, received the State Degree on May 1, 1964, at the Municipal Auditorium in Austin in a very beautiful and impressive ceremony.

Janice began working for the State Degree when she first entered high school by completing her Junior and Chapter degree requirements, by working on F.H.A. activities, by serving as Chapter treasurer this year, by belonging to and working in other school and community organizations, and by maintaining an above-average scholastic average.

The Silverton F.H.A. Chapter congratulates you, Janice—we are all proud of you.

F.T.A. Has Meeting

Sigma Eta Sigma chapter of the Future Teachers of America held a regular meeting Monday, May 11. The meeting was called to order by Dwight Rampley, president.

Plans for the May 25 meeting were made. Members decided to have the election of officers at that meeting.

Miss Self to Freddy: "Young man, does your mother know you smoke?"

Freddy Stafford: "Yes, but does your father know you speak to strange men on the streets?"

Mrs. Rampley to her Typing I students Friday when it started to sprinkle: "Don't look anyone; it might stop raining."

Mrs. Ralph Hill Is Shower Honoree

The home of Mrs. Raymond McJimsey was the scene of a miscellaneous bridal shower honoring Mrs. Ralph Kay Hill, nee Janice Hester, on Saturday, May 16, from 3:00 until 5:00 p.m.

Mrs. McJimsey greeted the guests and presented them to the honoree; to her mother, Mrs. Ted Hester; her mother-in-law, Mrs. Bailey Hill; and to Mrs. G. H. Thomas and Mrs. Donie Hester, grandmothers of the bride.

Ruth Ann Minyard directed the guests to the registry, while Mary Schott and Chyrel Cowart displayed the gifts. Nena Kay McDaniel and Elaine Boyles served refreshments.

Orchid and white, the bride's colors, were used in refreshments and table decor. The serving table was laid with a white lace cloth over white and an arrangement of orchid iris provided a center of attention. Crystal and silver appointments were used.

An orchid bouquet floated in an ice ring in the punch. Orchid cake squares, nuts and mints were served and napkins embossed with the names of the couple and their wedding date were used.
