# BRISCOE COUNTY NEWS

THURSDAY, MAY 28, 1964

Silverton, (Briscoe County) Texas

VOLUME 55 NUMBER 22

## Commencement Exercises Friday

Commencement exercises for the 23 spring graduates of Silverton High School will be held Friday, May 29, beginning at 8:00 p.m. in the school auditorium.

Earl Cantwell, minister of the Rock Creek Church of Christ, will give the invocation.

The salutatory address will be given by Jerry Lynn Garrison, daughter of Mr. and Mrs. Carroll Garrison. Lester L. Grabbe, son of Mr. and Mrs. Warner Grabbe, will give the valedictory.

Awards will be presented by O. C. Rampley, and Superintendent J. S. Hinds will present the diplomas.

Ralph Wayne of Plainview is the commencement speaker.

The Rev. Larry Watts, pastor of the Assembly of God Church,

will give the benediction.

The processional and recessional marches will be played by Mrs. L. B. Garvin, jr.

Members of the graduating class are Jealeta Eddleman, Jerry Garrison, Raye Garrison, Linda Harvell, Susie Hill, Sandi House,

Sheryl May, Mary Monroe, Shirley Myers, Masako Nakabe, Martha Shelton, Becky Thomas, Gloria Wallace, Sharon Weaver, Lester Grabbe, Riley Harris, Jimmy Myers, Dick Reid, Jim Smith, Dennis Tomlin, Emmett Tomlin, Guinn Turner and Orville Turner.

### Addresses of Former Students Sought

Anyone having addresses of former Silverton school students and teachers are asked to contact Mrs. Pascal Garrison.

The Ex-Student and Teacher Association of Silverton is attempting to get as many addresses as possible for their permanent file.

Mr. and Mrs. Eugene Long and Mrs. A. H. Chappell were in Lockney Sunday afternoon to visit Mr. Chappell and Floyd Woods, who have been patients in the hospital there for several days.

### Mrs. Schott Heads Democratic Women

The first meeting of the Democratic women of Briscoe County was held in the school auditorium at 8:00 p.m. May 14. Ralph Wayne of Plainview spoke to the group on the duties of the Democratic women in politics.

Mrs. Wyle M. Bullock of Muleshoe, Democratic Committeewoman of the 30th District, discussed the organization of a women's group and acted as chairman during the election of officers.

Mrs. W. E. Schott, jr. was elected chairman; Mrs. J. W. Lyon, jr. vice chairman; Mrs. Dee McWilliams, secretary-treasurer; Mrs. Alvin Redin, legislative director; Mrs. Alton Johnsin of Quitaque, parliamentarian. The following committee chairmen were also elected: Mrs. Carl Bomar, membership; Mrs. Charles Sarchet, publicity; Mrs. J. V. Self, campaign chairman; Mrs. Ben Whitfill, finance; Mrs. Vinson Smith, program chairman for June.

After the election, the constitution and by-laws were adopted. The name "Briscoe County League of Democratic Women" was selected for the organization. Dues of \$1.00 per year were decided on, and after the meeting 26 members paid dues.

Meetings were set for the second Thursdays of each month in the county courtroom at 8:00 p.m.

## John Bull-Njaa Will Be Next Exchange Student

Johan Bull-Njaa of Stavanger, Norway, will be Silverton High School's first male exchanged student under the American Field Service program.

The Norwegian boy will be a student in the local school, a citizen of the community, and a member of the Pascal Garrison family from August 1964 until June 1965.

John has studied English for five years. He also speaks German and French in addition to his native Norwegian.

His father is head of the public employment service, vocational guidance and rehabilitation service.

John's grandfather, who was an engineer on a Norwegian steamer, died in the United States in 1928 and is buried in the churchyard, "Norwegian's Rest," in New Orleans.

PASCAL GARRISON FAMILY

### McWilliams Elected Head of Phi Delta Chi

Jerry McWilliams was elected President of Phi Delta Chi, national pharmacy fraternity for 1964-65 at Southwestern State College at Weatherford, Oklahoma.

Southwestern's chapter of Phi Delta Chi was one of ten chapters in the United States to tie for first place in the organization's achievement awards program.

Southwestern was also one of four winners in the Southern regional competition. Other schools sharing top honors are the University of Texas, Auburn University, Alabama, and the Medical College of Virginia.

Achievement trophies will be presented to representatives of the chapters at the annual Phi Delta Chi breakfast during the American Pharmaceutical Convention in New York City next August.

## Rain Finally Dampens Area

The first general rain was received in the Silverton area beginning shortly before 1:00 a.m. Wednesday. The official gauge in Silverton measured .66 of an inch, while other gauges measured up to an inch in other parts of town.

Roy Mayfield reported .30 of an inch Tuesday afternoon and night, and another .80 of an inch on Tuesday of last week. Oscar Weeks measured only .10 to .12

of an inch Tuesday night.

Sunday afternoon several reports of measurements to .80 of an inch were reported from east and southeast of Silverton. These measurements were accompanied by hail ranging in size from small pellet to golf ball and up to the size of baseballs in some localities.

M. E. Smith, who operates the Caprock Station and Grocery, had some windows broken by hail Sunday evening.

Mrs. J. E. Patton reported that their crops and the flowers in their yard southwest of Silverton were battered by hail last week. Other reports of heavy rain and heavy hail with little rain were reported by those who were in the path of a storm which moved from southwest to southeast of Silverton early Wednesday afternoon. A salesman who called on Salem Dry Goods told Troy Jones that he watched a tornado dance about and finally disappear into the clouds south of Silverton that afternoon.

Only a few small hailstones have fallen in Silverton so far this spring.

The rain prospects for Wednesday and Thursday were predicted to be good under heavily clouded skies.

These rains brought the first appreciable moisture to the entire Panhandle area since the snows which fell in February.

### Margaret Thornton Is Outstanding P.E. Major At Tech

Margaret Thornton, daughter of Mr. and Mrs. Elbert Stephens, has been elected Outstanding Woman Physical Education Major of the year at Texas Technological College in Lubbock.

This honor, voted on by the students and faculty, is given to the women who have contributed the most to the field of physical education through the Physical Education Department and Major-Minor Club.

Mrs. Thornton is a senior, and plans to receive her degree in January, 1965.

JOHAN BULL-NJAA

entatives are Sandi Rhode and Greg Towe.

Mr. and Mrs. Garrison and Max will be John's family during the months that he is attending school in Silverton. They were chosen in the New York office of the American Field Service by workers who were striving to place the foreign student in the home into which he would best fit. Individual characteristics were carefully matched on the application forms, and the "adoption" was affirmed for a year.

Mr. and Mrs. Garrison and Max will be exchanging correspondence with John very soon, and as they become better acquainted the date of his arrival will be fast approaching.

Under the American Field Service program, John will receive an allowance of approximately \$10 a month to cover incidentals, and he will receive meal tickets without charge from the school cafeteria.

DAN TRUE

## Public Invited To Hear Dan True

Dan True KFDD-TV's weather forecaster, will speak to the Silverton Young Farmers at 7:30 p.m. Thursday, May 28, at the school auditorium.

The public is invited to hear the "True View of the Weather" man whose predictions, admittedly, are only educated guesses.

True was born in Nashville, Tennessee, and grew up in the oil fields of Oklahoma, Kansas, New Mexico, Illinois, Indiana and Mississippi. Apparently the family kept him on the move so much that he never had a chance to grow. He attended 24 different grammar and high schools before graduating.

He served in World War II in the Army (Infantry, Signal Corps and Air Corps). His overseas duty was in Europe and the Philippines. He spent V.E. Day in Paris and V. J. Day in Manila.

True attended Kansas State Teachers College one year; Arkansas College two years, the University of Illinois one semester, and is presently enrolled at Amarillo College.

He instructed flying on week ends while in college and flew crop dusters in the summers. While dusting corn in Illinois, he met the girl he married, and they now have three boys and three girls.

True moved to Amarillo from Fort Worth in 1953 as District Manager for Central Airlines. He started doing TV as a sideline in 1953 and full time in 1954.

His hobbies are raising children, wildlife photography and golf.

MILTON F. CLEMMER

Milton F. Clemmer, son of Mr. and Mrs. Jim Clemmer of Silverton, will assume his duties as head of Kaiser Industries in Ghana, West Africa, on June 1.

Clemmer is a graduate of Silverton High School and holds his degree in English and Labor Relations from UCLA. He also attended Santa Monica City College in California.

Clemmer and his wife, Gloria, have two children, Cynthia, 8; and Brad, 5.

### Campfire Girls To Sell Poppies

The Silverton Camp Fire Girls will be selling poppies Thursday and Friday afternoons. The money they make will go into a building fund.

Mr. and Mrs. Bern May have promised the Camp Fire Girls that they will match the amount the girls make from sale of poppies up to \$75.

The need for a meeting place for the Camp Fire Girls and Blue Birds is great. The groups each meet one afternoon a week, and since the groups are large and require space for crafts, no suitable meeting place has been located. The leaders have decided to begin raising money for the purpose of building a meeting room for the girls, and the fund will be started with the proceeds from the poppy sales. Buy a poppy from a Camp Fire Girl this week!

### PUBLIC NOTICE

Notice is hereby given by the Parks and Wildlife Department that a public hearing will be held at 10:00 a.m. on June 8, 1964, at the County Courthouse at Silverton Briscoe County, Texas, for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for the above mentioned county.

22-1te

First load of new wheat was delivered to Silverton Elevators, Inc. early Monday by Vaughter Self. The load which was cut Sunday afternoon was from a field located below

the Caprock. The dryland crop was yielding about ten bushels to the acre. Carl Tidwell, elevator manager, is pictured with Mr. Self.

## "LET'S GO!"

... to a lake resort in General Telephone Country

### Texoma - Water Wonderland

This great lake lying in the romantic Red River Valley, is one of America's most popular resort centers, with favorite access routes through General Telephone towns such as Sherman, Whitesboro and Gordonville. Seventy million people visited it in recent years exceeding Yellowstone National Park attendance. More than 8000 boats from small craft to luxury yachts make highways of its sparkling waters. Its millions of visitors are attracted by facilities which range from convenient camp sites to luxurious resorts, with overnight lake-side accommodations for 1500 or more people. It is, in fact, a water wonderland for swimming, fishing, boating, skiing and all water sports — a shining example of fabulous places to go and things to see in General Telephone Country.

**Course Of Study Chosen For New Year**

"Legend of Life" was the topic chosen by the Century of Progress Study Club to be the course of study for the 1964-1965 club year at their regular meeting May 13 in the home of Mrs. Wayne McMurtry. The subject was chosen from a number of suggestions pre-

sented by the program committee, Mrs. Joe Montague, Mrs. Jim Mercer and Mrs. Pat Northcutt. Mrs. Norman Strange, club chairman, presided over the meeting which featured the theme of "Miracles of Music." Roll call was answered with "What music does for me." For the devotional, Mrs. James Davis presented a tape recording of the Pledge of Allegiance to the Flag and a student prayer. Both were sung by Sharon Weaver, Paula

Turner and Dianne Davis, accompanied by Jerry Garrison, all students in Silvertown High School. Mrs. Strange expressed her appreciation to the club members for their cooperation and participation during the 1963-64 club year. Mrs. L. D. Griffin also expressed appreciation to the club on behalf of the yearbook committee.

Following the business meeting the program "Miracles of Music" was presented. "Living With Music" was the topic discussed by Mrs. F. E. Hutsell. Mrs. Edwin Dickerson commented on "Folk Music in America" and "The Pros and Cons of Modern Music" were presented by Mrs. Jim Mercer.

Mrs. Pat Northcutt and Mrs. Wayne McMurtry were hostesses and members attending were Mmes. O. C. Rampley, James Davis, Norman Strange, Jack Strange, L. D. Griffin, Wayne Vaughan, Carol Davis, Von Kleibrink, Carl Bomar, Gene Morris, Edwin Dickerson, Jim Mercer and Flute Hutsell.

Mr. and Mrs. Coy Chappell of Amarillo and Mr. and Mrs. Jerry Dee McWilliams of Weatherford, Oklahoma, and several local relatives were Sunday guests of Mrs. C. M. Chappell.

**JAUNTY JESTER CURTAINS**  
Cut a four-inch square of paper, fold it in half, and cut across it diagonally. Unfold and use as guide to draw points on a long strip of paper. This is your pattern for top and bottom of curtains. Cut matching facings, stitch to curtains with right sides together, clip seam and turn. Hem sides of curtains. Attach plastic rings across top with whipping stitch. Sew ball fringe to bottom points.

lett, Bee McLaughlin, Pearl Latham, Mary John Harris, LaVerne Mercer, Modean Callaway, Nelda Jasper, Ima Nell Francis, Lorene Crass, Lois Nance, Zoe Steele, Fannie Francis, Felice Franks and the hostess.

The next meeting will be in the home of Zoe Steele on May 28.

**Shrinks Hemorrhoids Without Surgery**  
Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

**Mrs. Majors Honored In Tiffin Home**

Mrs. Roger Majors was honored recently with a pink and blue shower in the home of Mrs. Carl Tidwell. The table was laid with a lace cloth, and the centerpiece was an arrangement of pink roses and gladioli with green fern.

A miniature baby was surrounded with tiny blue diapers filled with mints. When the honoree arrived she was presented with a corsage of blue carnations with pink trim with a tiny baby doll arranged in the center.

Pink cake squares trimmed with blue, coffee and soft drinks were served.

Mrs. Majors received many lovely and useful gifts, including a bassinet complete with liner from the hostesses, Mrs. Snooks Baird, Mrs. Rex Tiffin and Mrs. Carl Tidwell.

Guests attended from Quitaque, Flomot and Silvertown.

Mr. and Mrs. W. L. Starwalt of Blair, Oklahoma, visited Mr. and Mrs. R. E. Stephens and Mrs. W. A. Stephens over the weekend.

Mr. and Mrs. Herbert C. Stephens, Cheryl and Roy Gene of Turkey; Mr. and Mrs. R. E. Stephens and Mr. and Mrs. Doyle Stephens attended graduation exercises at WTSU in Canyon Sunday evening. Bobby Stephens, son of Mr. and Mrs. Herbert Stephens, received his Bachelor of Science degree.

Mrs. Olen Lane of Van Horn, Mrs. George Owens and Mrs. Gaston Owens of Quitaque transacted business here Saturday afternoon and also visited Mr. and Mrs. Bud McMinn.

Mrs. C. L. McWilliams spent Wednesday of last week with Mrs. Bobby McWilliams and Mrs. Billy McWilliams at Quitaque. Dean McWilliams returned home with his aunt for an overnight visit with Linda and Janet.

### D. T. (Chick) NORTHCUTT RECEIVES CERTIFICATE OF APPRECIATION

D. T. Northcutt of Silvertown has received a certificate of appreciation from the late President Kennedy.

The Presidential citation has been awarded for his service as a Board Member on the draft board serving Briscoe County. Mr. Northcutt has served fifteen years, performing his duties without monetary compensation, as a public service. In a brief ceremony at the Local Board Meeting on May 15, 1964, Mr. Northcutt was presented an emblem for his fifteen years of service to the United States Government in addition to the certificate which was also signed by Governor John Connally.

Lieutenant General Lewis B. Heshy, director of Selective Service, and Colonel Schwartz.

The presentation was made in representation of the President at the request of Colonel Morris S. Schwartz, State Selective Service director.

### Calf Roping Results Are Announced

**Miss Reynolds Is Bride of Billy Ford**

Miss Jimmie Nell Reynolds, daughter of Mr. and Mrs. Marvin Reynolds, and Billy Ray Ford, son of Mr. and Mrs. D. Ford of Claude, were married Saturday, May 23, at 2:30 in the afternoon in the First Baptist Church at Quitaque. The Rev. Roy Davidson, pastor, officiated.

Mrs. Freddie Hamilton of Silvertown and W. Ford of Claude attended the couple.

After a short wedding trip the couple is at home in Silvertown where Mr. Ford is employed by General Telephone Company of the Southwest.

Carren Goodwin of Lubbock spent the week end with her grandparents, Mr. and Mrs. Allen Kellum. Mr. and Mrs. Gene Goodwin came for their daughter late Sunday afternoon.

Clayton Woods of Dell City spent Monday and Tuesday of last week with his parents, Mr. and Mrs. Floyd Woods, at the Lockney Hospital, where Mr. Woods is a patient.

Mrs. Ethel Forbes, Mrs. Myrtle Lawler and Edd Turner of Happy and Mrs. Floyd Woods visited Mr. Woods at the Lockney Hospital Sunday afternoon.

Mrs. Ollie Fines of Desdemonia, sister of Mrs. Milton Perry, has been seriously ill in a Stephenville Hospital for three weeks.

Mr. and Mrs. D. H. Davis and Mr. and Mrs. Marlin Jarnagin attended the graduation exercises at Southwestern (Oklahoma) State College School of Pharmacy in Weatherford last week. Richard Jarnagin was a member of the graduating class.

Mr. and Mrs. Bud McMinn spent several days in Stanton last week where he underwent examination and treatment by Dr. J. M. Shy, who formerly operated a hospital here. They returned home late Friday after visiting his mother, Mrs. W. L. McMinn at Colonial Manor in Lubbock. They were overnight guests of Mr. and Mrs. Elma Seaney at Morton and were luncheon guests of Mr. and Mrs. Henry McMinn at Levelland.

Mr. and Mrs. W. J. Hyatt, jr. and children of Lubbock spent Sunday with his parents.

Mrs. Fred Lemons is undergoing tests and examination in St. Anthony's Hospital in Amarillo.

## SENIOR CLASS PHOPHECY

Here it is April 25, 1967, just three years from the year 2000. We are trying to locate 23 classmates from the Senior class of 1964. In Washington, D. C., our woman President, Jealeta Eddleman, has expressed her desire to have all of her classmates with her before she dies from the lack of sleep. She has made such a wreck of the world through her leadership venture that we may not be able to trace the rebellious Seniors of 1964.

She calls in her personal dress designer and hair dresser, Raye Garrison, formerly famous for her R. G. Originals, to locate Bill Verden, now Professor of Science at Harvard.

Bill is assigned to gather all the former classmates together at the White House for one last reunion before President Eddleman dies. Bill will be sent to the four corners of the earth to notify the Silverton Seniors of '64 of the dilemma in the White House. Because Bill always had more girls than boys, he decides to investigate the whereabouts of one of the more adventurous girls first.

Investigating the whereabouts of Sheryl May, Bill locates her in Kentucky in a home for old maids. Sheryl's favorite pastime is betting on the horses in the Kentucky Derby.

Traveling on to Nashville, Tennessee, Bill meets Jimmy Myers, now a professional acrobat and sound effects man for the local television show.

While touring Florida, Bill discovers a lonely beachcomber on the shore. He turns out to be Lester Grabbe, who explains that he is now married to Tuesday Weld who is in South America making a picture. Bored with all the money she has made for him, Lester decides to roam the beaches to pass the time.

Bill then travels on to Cape Kennedy to catch Gloria Wallace, the lady astronaut, before she takes off for Venus. Of course, Gloria hasn't boarded the space ship yet. She was due to take off the day before but she couldn't decide what to wear and she is still combing her hair. She tells Bill that she will go to Washington as soon as she returns from her trip.

Bill then decides to return to his old home town to see if any of his seniors still live there. He goes to the school which is now run by Dennis Tomlin. He is both principal and superintendent, because he is so familiar with the office and all the pranks that a high school boy can dream up. The kids that go to Silverton High School now don't get away with anything while Dennis is around.

At the 1967 World's Fair in Amarillo, Bill locates Jim Smith. Jim is now a famous animal trainer who was asked to pose in the cage with all the wild animals he has trained for the Fair. Bill tells him of the reunion, and then resumes his journey.

Bill is forced to go through red tape to make it possible for Shirley Myers to make the trip to Washington. She is the notorious stripper "Shirley the Girly" in Las Vegas.

While Bill is in Las Vegas he hurries into the Arthur Murray dance studio where Orville Turner is the head hula instructor. He has successfully taught such Hawaiians as Sandi House and Emmett Tomlin. Having located these two he surfs to Hawaii to tell them about the reunion. He finds Sandi modeling grass skirts which Emmett has designed especially for her. The only thing Bill wondered about was the presence of a lawn mower in the back of Emmett's skirt factory.

Leaving Hawaii on his private yacht, he tunes in his HAM radio and hears a familiar voice over the radio. "Come in W5DYT." "This is Becky Thomas in Toronto, Canada, calling anyone in distress. Over and out."

Bill locates Jerry Lynn Garrison on a lonely island in the South Pacific. Drawing upon the novels of the late Tennessee Williams, she has fashioned herself to be one of the great novelists of all time. She doesn't stay on the island by choice—she is forced to by her public every time one of her books is published.

Bill then docks off the shore of Alaska. He discovered after much investigation that Riley Harris has rebuilt Anchorage and calls it Harrisburg. When arriving in Harrisburg, he finds that Riley has declared himself Mayor, Chief of Police and Tax Collector. Bill arrives back in the United States to hear that one of his former seniors, Linda Harvell, has just re-

GREG TOWE

Greg Towe has been selected to attend the American Legion Boys State program to be held at the University of Texas June 4-11.

Greg will be one of some 700 boys there. Traditionally, these boys are the outstanding youth leaders from across the State of Texas.

## Eighth Grade Graduation Is Today

The Eighth Grade Graduation will be held today at 10:30 a.m. in the school auditorium.

Miss Patricia Grabbe will deliver the valedictory address and Miss Deborah Dickerson will deliver the salutatory address. The perfect attendance awards will be given to students who have been neither absent nor tardy. Honor roll awards will be given to students who have been on the honor roll all six six-weeks periods.

The public is invited.

"Tina W." asked the teacher, "what is your greatest ambition?" T. W. considered thoughtfully, "I think," she said, "it is to brush Verden's teeth."

gained her title as the World's Greatest Lady Wrestler. He informs her of the reunion and finds out from her that Mary Monroe now lives in a small village in Arizona. Bill journeys back to Arizona to that small village, only to find a convent. Mary has become a nun. Informed of the reunion, Mary says she will try to get permission to leave the convent and go to Washington as soon as possible.

Bill boards his private plane and resumes his journey. He decides to fly to Europe and lands first in France. There he locates Guinn Turner, who, with his blond hair, has rocked the country with his portrayal of Dr. Darekell of Blair General Hospital on Channel I.

Traveling to Paris, Bill finds that the famous reformed Irma La Shelton is none other than the Martha Shelton he taught in high school.

Bill finds Sharon Weaver on a singing tour in England with the Beatles. Bill discovers after a brief conversation that she is now married to Ringo Starr.

Traveling to Africa, he runs across Susie Hill in a small village in South Africa. Susie was a former private secretary in the states but was fired after her boss discovered her trying to type a letter he had dictated five days before. It seems she couldn't read her own shorthand. Susie moved to Africa to teach the natives how to play basketball. Bill tells her of the reunion and travels on.

At the South Pole Bill discovers that Dick Reid has become a famous veterinarian. He nurses homeless penguins and drunk husky dogs. After a bit of teasing, Dick is convinced that there really is to be a reunion, and begins making plans for it.

Joining Cotton John in Japan, Bill finds Masako Nakabe, our first foreign student, starring in the Japanese version of Cleopatra. We always knew she was star material since her hit debut in the Senior Play, "Me and My Shadow." On the set with Cleopatra, Bill finds Mark Antony in the person of Riley Harris, who had been run out of Harrisburg for some reason. Masako and Riley have become internationally famous with their great love affair.

Well, it has been just 15 days since Bill began his search for the Seniors of '64. They are now being admitted to the White House chambers by the White House aide O. C. Rampley, who has always been good at admitting these same seniors to other chambers. The great reunion ends when Jealeta declares the nation a disaster area as she surveys the remnants of the Silverton Senior Class of 1964.

THURSDAY, MAY 28, 1964

## Last Will And Testament of The Class Of 1964

We, the Senior class of 1964 of the high school of Silverton, city of Silverton, county of Briscoe, and state of Texas, being of sound mind and memory, do hereby make, publish, and declare this to be our last will and testament, hereby revoking any will or wills therefore made by us.

First, we direct that all of our just debts and expenses be fully paid and satisfied, as soon as conveniently may be, upon our departure.

Second, we give, devise and bequeath our earthly goods as follows:

I, Mary Monroe, being of non-mathematical mind and sound body, will to Jeanne Davis and Ann Smith my ability to stay behind in bookkeeping.

I, Richard Warren Reid the Second, being in sound body and unsound mind, will all the troubles I've had with my car to Gary Hunt and Freddie Stafford.

I, Jealeta Eddleman, will my ability to keep a cool head and temper on the basketball court, and my magnificent figure to Pat Cagle and Tena Williams.

I, Sheryl May, upon my death from writer's cramp, will my chair in the shorthand room to Kathy Peugh, in hope that she will pass shorthand.

I, Jim Smith, being in good standing with the coaches, will my letter on my football jacket to Garner Garrison in hope that he can get in the "S" Club next year.

I, Raye Garrison, with knowledge of the acute need, will to Sandi Rhode my ability to sew.

I, Susie Hill, being of slow wit and quick reflexes, will to Martha Mills and Brenda Martin my ability to be dense when I hear a joke.

I, Dennis Tomlin, being of jovial mind and energetic body, do hereby will my good knees, shoulders and muscles to Larry McWilliams and Robert Bomar.

I, Becky Thomas, will to Sue Neeley, Gale Whitfill and Fern Brooks my place in the Spanish II Class next year in hope that they all make the best grades.

I, Sharon Weaver, being of scatter-brained mind and healthy body, will to Dianne Davis my lover's spot in the trig room in hope that she will see fit to use it.

I, Riley Harris, possessing over-used vocal chords and never-still body, will to Ike Bruton and Dwin Davis Mrs. Rampley, in hope that they can get along with her better than I did.

I, Linda Harvell, will to Pam Marler my ability to get along with the Quitaque boys.

I, Emmett Tomlin, being of un-intoxicated mind and body, will to Greg Towe the ability not to carry off any television sets while sleep walking.

I, Jerry Garrison, being of sound body and strong mind, will to Janice Lewis my ability to get to town in six minutes flat.

I, Orville Turner, being of sound mind and big body, will to Steve Miller, Robert Davis, Travis Gilkeyson and Jerry Martin my ability to sleep in class, in hope that they won't over-indulge in the privilege and all snore at one time.

I, Shirley Myers, will to Peggy Phillips and Susan Laney, my chair in the government room. This they must share because there will not be enough to go around.

I, Lester L. Grabbe, being of uncertain health and worse mind, do solemnly will my battle-scarred, veteran briefcase to any two strong, husky students with a wheelbarrow—preferably Dwight Rampley and Rocky Curby if they will take turns pushing it.

I, Guinn Turner, being of sound mind and little body, will my football playing ability to Max Garrison and Wayne Nance in hope that they can use it better than I.

I, Sandi House, being of peroxide hair and normal body, will to Rita Brown and Donna Stephens my ability to get into jams with parents.

I, Jimmy Myers, being of sound mind and sufficient health, do hereby will to Joe Bob Watson and Tony Allison my ability to mess up welding projects in hope that they may improve the catastrophe.

I, Masako Nakabe, being of for-

## Moving-Up Ceremony Held

The purpose of the Wednesday, May 20, assembly was to honor the seniors. Max Garrison, next year's Student Council president, began with a speech praising the seniors. After Max's speech, Sharon Weaver sang the Pledge of Allegiance to the Flag. Then Jim Smith, senior class president, gave a reply to Max's speech and concluded with "We now vacate these seats to next year's seniors," after which he led the seniors to the back of the auditorium.

Wayne Nance expressed the inadequacy the Junior class felt in trying to occupy the seats left by the seniors but nevertheless accepted the invitation and led the future seniors to the front rows of the auditorium.

Each class followed suit: the sophomores moved up to where the juniors had been; the freshmen occupied the places relinquished by the sophomores; and the eighth graders moved in where the freshmen had been.

Following this, the cheerleaders for next year led the student body in yells for the seniors.

The program was concluded with the singing of the alma mater.

## Parties Being Given In Honor of Seniors

by Linda Harvell

The seniors have been attending a number of home-sponsored parties in the last-minute rush before graduation.

The first was a barn dance at the home of Riley Harris. It was a real success and everyone had lots to eat and had fun dancing. Most of the seniors have learned to do the Arizona because everybody has been practicing up on that dance more than any of the others.

Another party was held in Susie Hill's backyard, where everyone ate hamburgers and roasted marshmallows. I don't think anybody left without eating at least two hamburgers each. Some of the seniors brought their gifts and exchanged them while everyone was together. It was very fun and filling.

Lottie Garrison, Bonnie Tomlin and Iwana Monroe have planned a progressive dinner for all the seniors. Betty Reid is having a party at her house for the class, and Wanda Wallace and Lee Harvell are having a party for everyone with eats, dancing and visiting planned.

## The Staff Expresses Its Thanks

The OWLS HOOT staff wishes to express its thanks and appreciation to Mrs. O. C. Rampley, sponsor of the OWLS HOOT, for everything she has done for us this year.

To Mr. and Mrs. Charles Sarchet we want to say thank you, too. Without you there would not have been an OWLS HOOT.

Each one of us has a special assignment and body, will to Sandi Rhode my Texas accent. I also will my ability to understand Mr. Rampley's mumbling to next year's exchange student.

I, Gloria Wallace, will to Camellia Comer and Chyrel Cowart my bookkeeping practice set since they enjoy practice sets so much.

Martha Shelton, being of sound mind and short body, will to Jeanne Davis my privilege of going to school only one-half of the day so she will have more time for gadding around.

We, the entire Senior Class of 1964, will to the junior class all of the work-weary teachers and their pet peeves in hope that they may successfully cope with them.

In witness whereof, we, the Senior Class of 1964, have set our hand and seal this twenty-fifth day of April in the year of our Lord one thousand nine hundred and sixty-four.

## SENIOR CLASS HISTORY

On September 5, 1960, there were 45 freshmen who entered Silverton High School for the first time. Those entering were Emmett Tomlin, Jim Smith, Mary Monroe, Linda Harvell, Jealeta Eddleman, Gary Hunt, Jerry Baird, Dwin Davis, Gary Edwards, Phyllis Fields, Evelyn Gamble, Jerry Garrison, Raye Garrison, Travis Gilkeyson, Lester Grabbe, Riley Harris, Sue Hill, Sandi House, Mary Jacobs, Carrie Jones, Sandra Kitchens, Helen Lewis, Jerry Martin, Ray Matthews, Sheryl May, Bonnie McIntyre, Mary McWilliams, Steve Miller, Roy Morrison, Jim Myers, Shirley Myers, Sue Neeley, Mike Norris, Joe Patino, Dick Reid, Dale Rowell, Jerry Stephens, Jerry Sweek, Becky Thomas, Dennis Tomlin, Sue Thompson, Guinn Turner, Orville Turner, Gloria Wallace, Sharon Weaver, Carolyn Yancey.

Our sophomore year there were 38 entering. We gained Deanna Ritchey, Kenneth Cole, John Turner, Mike Ridgley, and lost Ray Matthews, Roy Morrison, Binnie McIntyre, Sue Neeley, Joe Patino, Dale Rowell, Jerry Stephens, Carolyn Yancey, Phyllis Fields, and Carrie Jones.

Our junior year 30 students registered for class. We gained Martha Shelton and Jerry Tucker. At mid-term we lost Sandra Kitchens, Helen Lewis and Jerry Tucker.

On September 3, 1964, 26 registered as seniors. We have had the privilege of having Masako Nakabe the foreign exchange student, in our class. Out of the 26 who started with us at the first of the year, there have been only two who aren't completing the year with us, Mary McWilliams and Jerry Sweek.

## Rained Money, But People Starved

Paper money floated down from the skies all day long over every part of the world, an imaginative contemporary says in offering a short lesson on basic economics. People scooped up this falling money and everybody was a millionaire. Everybody quit work. Why labor when they had all the money they could use, and even more?

Soon no one was producing anything. The supply of goods ran out, store shelves were bare because there was nothing to put on them. Farmers all stopped producing food and fiber, and moved to town to enjoy the bright lights of prosperity.

Everybody had money but there was nothing they could buy with it. Mass starvation, poverty and chaos resulted.

The important fact, of course, is that money can never replace things essential to living. Our nation's high standard of living depends on production.

America is the world's richest nation not because it rains money, but because it rains production which is absolutely essential to progress and prosperity.

## It Won't Be Long Till School Is Out

It won't be long till school is out, Then we can throw away our books and shout!

It gives me a thrill just to think of the fun I'm going to have when school is done.

Just think, I can have a date every night, And thro wevery book I see out of my sight.

No more teachers or bad grades and such, I know I'll enjoy that ever so much.

Yes, I graduate this year, then I'm through, And I don't envy the rest of you. You have to go back next year some more, And study and do things that I did before.

But yet, I get a tear in my heart When I think of the time when I shall part With my friends, my classmates, My teachers, coaches and all, I just want to sit down and bawl. Still I have a future to look forward to

And in my career I'll have plenty to do To keep me from getting homesick and Jonesome and blue, And missing the old friends I once knew.

## STRAIGHT FROM THE SHOULDER

by Lester L. Grabbe  
DON'T QUIT!

This will be my last editorial and I could take this space to say I've enjoyed writing to you (which I have) or how sad I am that I won't get to write to you again (no comment). But I won't. Instead I want to pass on some valuable information.

The message I want to get across to you is this: "Don't quit!" I know that you juniors will be seniors tomorrow. It's pretty easy to get into a lacksadaical attitude that seniors often get into (the voice of experience).

But it just doesn't pay off. You can still flunk your senior year. So make your senior year your best one.

To you future sophomores and juniors—sure you have two or three years left, but don't goof off and let your grades drop. You would be surprised how hard it is to make up a wasted year.

And you future freshmen—it's kind of hard to tell you not to quit when you haven't even started, but if you will compare the grade averages of the seniors when they were freshmen to what their senior avrag is, you will find that most students spend three years of high school making up their freshman year.

Please, please! make it a point to start off right. The freshman year is probably the hardest of the four, but if you are prepared for it you won't have any trouble.

Do well now and you will be glad later.

## It's Been A Wonderful 4 Years!

by Mary Monroe

Since this is my last editorial, I want to tell you that I have really enjoyed being co-editor this year. It has been a great privilege and an honor.

This is the time of year when another class of seniors graduates—this year it is the Class of 1964. As we go our separate ways, we will always remember the days at SHS with mixed emotions. Most will remember it with happiness and joy. We will never forget Silverton High because this is where we got our start in life. What we did and learned here will go on with us for the rest of our lives.

All in all, the past four years have been wonderful years. We will always remember them, from our freshman initiation to our graduation. The classmates we graduate with will always be dear to us.

Most of the seniors are eager to get out and fly on their own two wings now. They will eventually find out if this quotation is true: "Your high school years are the happiest years of your life."

## GETTING ALONG

by Mrs. A. L. Redin

I read an article recently on "The Art of Getting Along" that contained good ideas that if put into practice would help all of us—students and teachers. Some of the ideas were these:

If a person is wise he knows that life is a mixture of good and bad, victory and defeat, give and take. Some things he should let go over his head like water off a duck's back. The other fellow's grouch should not be taken too seriously. Carrying a chip on his shoulder is the easiest way for a fellow to get into a fight.

Everyone in an organization is important, but no one indispensable. If a person is wise, he learns that most of the other people are as wise as he, that they have as much ambition, and that hard work, not cleverness, is the secret of success. He learns that worry does not help but industry does.

No one ever got to first base alone; it is only through cooperative effort that we move on to better things.

Folks are no harder to get along with in one place than another, and about 98 per cent of the getting along depends on our own attitude and behavior.

Why am I worrying and grieving about what to be? When I should be rejoicing about Spring and —oh, gee— About school being out and vacation so near I'm catching spring fever so I'd better quit here.

## Silverton Schools Have Winners In U.I.L. Contests

by L. R. Dunn

The Silverton elementary school contestants completed competition in the Interscholastic League events recently. The speaking events were held in Lorenzo April 17. The remainder of the literary events were held in Petersburg April 18.

The local school was well represented in these contests this year and several of the students from Silverton were winners in these events.

Those who competed from Silverton were:

STORY TELLING: Kaedeen Bomar

SUB JUNIOR DECLAMATION: Cathy Jones, Gary Martin

JUNIOR DECLAMATION: Rex Bingham, George Masey

FIFTH AND SIXTH GRADE SPELLING, PLAIN WRITING: Leta Holt, Gary Martin

SEVENTH AND EIGHTH GRADE SPELLING, PLAIN WRITING: Randy Pennington, Crest Grabbe

NUMBER SENSE: Joe Mace, Randy Cantwell, Crockett Goble

READY WRITING: Vicky Vaughan, Nancy Long

The contestants who brought home ribbons and honors were:

Sub-Junior Declaration: Gary Martin, first; Cathy Jones, first

Junior Declaration: George Masey, second

Spelling and Plain Writing: Randy Pennington and Crockett Grabbe team, third

Number Sense: Joe Mace, Randy Cantwell and Crockett Grabbe team, first

Crockett Grabbe was high individual scorer in the contest with a score of 355 out of a possible 400.

Ready Writing: Vicky Vaughan, first

## Scads of Grads To Mitt Sheepskins

Scads of grads will mitt the sheepskins after four years detention in the nation's skull foundaries where they acquired a new knowledge and a lot of useless information.

Maybe you seniors can do something to better the finky world conditions created by the current crop of adults. That won't be hard.

When you seniors grab your freedom tickets and go out into the cold, cruel world, you're going to find out what life's really like. My favorite definitions for life are these:

A tale told by an idiot (Shakespeare).

One long dirty trick (Thomas Smith).

A sentence that people have to serve for the crime of being born (Calderon).

An artichoke—you have to go through so much to get so little (Lad).

A span of time in which the first half is ruined by your parents and the second half is ruined by your children.

A sure sign of coming death. A word that has a big H in the middle (life).

A toothless, hairless beginning and a toothless, hairless ending between which one sandwiches marriage and other mistakes (anon).

A vapor that appeareth for a little time, then vanisheth away (the Bible).

You, seniors, have our (underclassmen's) sympathy and love. Good luck!

### Students Initiate Memorial Campaign

A special fund-raising drive has been launched by young people throughout Texas in a campaign to erect a memorial statue to the late General Douglas MacArthur, to be placed on the grounds of the Douglas MacArthur Academy of Freedom in Brownwood, Texas.

Jack Mashburn, executive secretary of the Student Councils of Texas, said the idea for erecting the statue came in response to a "space roots desire" from young people that "we show our appreciation, particularly since a fitting memorial is already in existence in our own state."

"It is altogether proper then," he added, "that Texans should be enhancing the beauty and prestige of the Douglas MacArthur Academy of Freedom."

Student Councils of the various schools throughout the state are taking the initiative and leadership in this endeavor.

"Our organization has been singularly honored in that it has been invited to sponsor the collection of gifts by the school students of Texas," Mr. Mashburn continued. "We hope that every young person as well as adults who wish to join us, will have a part in contributing to the cost of the statue."

The students of the local high school, junior high and elementary schools cooperated on the project.

### Question of the Week

What other course would you like to be offered in S.H.S., and why?

**ROCKY CURBY:** Fundamental electronics including the advanced math and formula used in the course because this is one of the newest and widest fields. It has wide opportunities for advancement. It is a very interesting field if you like math and science.

**WAYNE RAMPLEY:** I think we should have a school band.

**RUTH ANN MINYARD:** Italian, because I want to go to Italy.

**RANDY HUGHES:** I would like to have speech offered in the school. It teaches you to pronounce words correctly, and not to be afraid to get up before a group to speak.

**PAM MARLER:** I think they ought to offer another language such as French. They ought to offer a class in home and family living also. French is a useful basic language. Everyone needs to have at least a working knowledge of another language and some people don't care for Spanish. Home and family living is a good course for those who are going to be married or start new homes.

**JIMMY BURSON:** Sociology, because you will learn to solve individual and group problems.

Donations of five or ten cents were encouraged by the Student Council. A total of \$22.00 was sent from here to the Memorial Fund.

## CIVIL DEFENSE JOB IN ALASKA LAUDED

When the most violent earth shocks of this century shook Alaska last Good Friday and tested the mettle of its citizens, Alaskans found in civil defense a new ally in their endless battle with the elements.

Measures taken under a not nearly completed program to help Alaskans survive a nuclear attack were found to be invaluable in surviving a natural calamity. The skeleton State Civil Defense staff of eight became the nucleus of an expanded operations center coordinating the efforts of the armed forces, private organizations such as the Red Cross, the Salvation Army and the YMCA, and the work of local governmental units.

Among the functions performed by civil defense were:

- Compiling and issuing casualty lists.
- Disseminating tidal wave warnings.
- Coordinating private, municipal and military efforts for relief and recovery.
- Initiation of emergency broadcasts to instruct and inform the people.
- Distribution of auxiliary electric power equipment, medical supplies, hospital equipment and safe drinking water.

In Alaska, a powerhouse of the Nation's defense, many of the resources readily available to help out were military. Lt. General Raymond J. Reeves, Commander-in-Chief, Alaska, stated that he quickly discovered after the earthquake that it was necessary to funnel all requests for assistance through Civil Defense to assure coordination, lack of duplication of effort, and the most efficient operation.

Looking back to the first frantic days after the quake, Alaska's Governor William A. Egan noted:

"When we were dropped to our knees by the earthquake and tidal waves in Alaska, the Civil Defense organization was there to pick us up and get us started on the road to recovery."

"I can't give enough praise to the Civil Defense organization. Anyone in Alaska who had reservations about Civil Defense in Alaska, I am sure, has changed his mind now after seeing the great job this agency did and is continuing to do for our people."

Army units moved quickly after Alaska's Good Friday earthquake to help alleviate suffering, such as the 55 officers and men ordered to Valdez (see business district above) to work with the city's civil defense forces. Valdez Mayor Bruce Woodford praised the job done both by the Army and civil defense. Valdez evacuees inland also got Army help, including medical care at Glenallen (right) and a field kitchen set up at nearby Gulkana. (U.S. Army Photos)

EMERGENCY WATER containers sent to Alaska by the national Office of Civil Defense and moved by the armed services to points of need after the March 27 earthquake were used by the populace to carry away drinking water supplied by Army tank trucks in disaster areas. Some public facilities, such as Providence Hospital in Anchorage, also had filled such drums in case of war emergency, and found the reserve supplies useful after the quake. Charles C. Ralls (left), Director of OGD Region 8 which includes Alaska, and Dominick Torrago of the Anchorage Water Department, check on a stock of drums in downtown Anchorage.

RADIO COMMUNICATIONS proved vital in the hours immediately after the Alaska earthquake of March 27 because of the need to call for outside help despite the destruction of land lines and power systems. Ernest Hewett (left), Alaska's chief officer for the Radio Amateur Civil Emergency Service (RACES), used a civil defense radio in his car to help fill in the gap. He also directed other radio "hams" at the State Civil Defense command post in Anchorage (right) in setting up the first emergency communications net tying in military, civil defense and commercial radio facilities to get help where and when needed in a land of vast distances.

MAYOR PERRY STOCKTON (right) of Seward, Alaska, tells newsmen how the city of 2,000, struck by earthquake, tidal wave and fire on March 27, survived the ordeal with the help of the Army and the civil defense rations, medical supplies, electric generators and fuel which had been stockpiled there in case of an enemy attack. He said: "Seward would have been a total loss without the training we had. Twenty minutes after the earthquake hit we were in operation through Civil Defense. The light plant was knocked out immediately, but we had a CD generator in the basement of the hospital and CD headquarters was set up there."

RESCUE CHIEF for Anchorage Civil Defense, Bill Hendricks, smashes through a window prior to entry into an apartment building to search for victims of the earthquake which devastated Alaska on March 27. A soldier on guard duty reported hearing cries for help earlier, but no victim was found. Hendricks personally removed two dead victims from the ruins of buildings.

MAYOR PERRY STOCKTON (right) of Seward, Alaska, tells newsmen how the city of 2,000, struck by earthquake, tidal wave and fire on March 27, survived the ordeal with the help of the Army and the civil defense rations, medical supplies, electric generators and fuel which had been stockpiled there in case of an enemy attack. He said: "Seward would have been a total loss without the training we had. Twenty minutes after the earthquake hit we were in operation through Civil Defense. The light plant was knocked out immediately, but we had a CD generator in the basement of the hospital and CD headquarters was set up there."

### Livestock HEALTH HINTS

Prepared by American Foundation for Animal Health

Efforts to lift a \$55 million annual millstone from the backs of American swine growers are showing encouraging results as the current nationwide drive to eradicate hog cholera continues. However, progress of the drive has now reached a critical stage in some areas and soon will be reached in others. This stage involves lowering the incidence of cholera infection. It is critical because, as the incidence of hog cholera declines, there may be a tendency among owners to feel the job has been accomplished and they may relax protective measures. One of the most important of these protective measures is vaccination. It has been estimated that at least 75 per cent of the swine herds in this country need to be immunized, to guard against widespread outbreaks of hog cholera. Vaccination also is one of the cornerstones on which the eradication program is built and it is especially important now, because spring is one of the seasons of heavy cholera outbreaks.

### Hog cholera is America's worst swine killer. Pigs should be vaccinated against it.

Authorities warn, however, that successful vaccination against cholera is not just a routine procedure. There are many factors involved if the hogs are to be assured of firm immunity. Considerations entering into the picture include the condition of the pigs, history of cholera in the area, and choice of the type of vaccine which is best to use in the individual case. Because of these things, it is wise to have a veterinarian examine the condition of the pigs, choose the type of vaccine to be employed, and do the actual vaccinating. Otherwise, the owner may not only waste the cost of the vaccination, but risk a cholera outbreak as well. Eradication of cholera would be an important breakthrough in the fight against this No. 1 swine killer, and proper vaccination is a cornerstone in the campaign. Mr. and Mrs. Ted Hester and Ricky, Mr. and Mrs. Bailey Hill were dinner guests of Mr. and Mrs. Ralph Hill at Hereford Sunday.
