VOLUME 56 NUMBER 48

Self, Nance 4-H Gold Star Winners

Joni Faye Self and Wayne Nance were named 4-H Gold Star Girl and Boy for Briscoe County last Saturday night during the Annual County 4-H Awards banquet. The awards program was attended by more than 100 persons. Guest speaker was State Rep-

resentative-elect Ralph Wayne of Plainview. Bill Gunter, newly-appointed District 2 Extension Agent, was introduced. A complete list of the awards will be included in next week's edition.

Mapping Project Underway Here

Engineering field parties of the Topographic Division, U. S. Geological Survey are initiating surveying operations for the preparation of accurate topographic maps of approximately 490 square miles in the vicinity of Silverton. The area includes parts of Briscoe, Swisher and Floyd counties; extending approximately 15 miles south, 20 miles north, 12 miles west and 3 miles east of Silverton. This mapping is a part of a continuing nation-wide program that has been under way for many years, the objective of which is to complete and maintain a series of standard topographic maps covering the United States. This particular mapping is of high priority because of the interest of the Texas Water Commission in development of the water resources of the area.

David G. Stubbe, Project Supervisor, has set up field headquarters at the Swisher County Courthouse in Tulia. Two additional field parties will be stationed either in Silverton or Tulia. The finished topographic maps are published in rectangular sheets called quadrangles. They show roads, trails, houses, political boundaries, and all other man-made features, as well as lakes, ponds, the courses of streams, and other water features. In addition, these maps depict the shape and slope of the land surface, its hills and valleys, and give its altitude above sea level. Quadrangle maps of adjacent areas can be joined to show any desired area, such as a city, a county or a school district.

Topographic maps serve as a basis for the study and solution of many problems relating to activities that are affected by the character and relief of the earth's surface. The problems may involve mineral or water resources, prospecting and mining, military requirements, and recreation. Good maps facilitate the development of all projects that deal with the land. Although any one mapping project may be partially related to a particular development program or a specific need, the topographic mapping of the Geological Survey is done essentially because these maps have a general-purpose value, and because it is sound economy to have them on hand for any specific planning that future

Barrett Rites Held In Quitaque Monday

Services for Mrs. Neva Mary Barrett, 49, a resident of Briscoe County for 35 years, were conducted at 10:30 a.m. Monday in the First Baptist Church in Quitaque, with the Rev. Roy Davidson of Lorenzo, a former pastor, officiating.

Born in Prague, Oklahoma, Mrs. Barrett died Saturday evening in Swisher County Hospital. She was married to Clarence Barrett on September 14, 1935, in Turkey, and was a member of the First Baptist Church.

Survivors include her husband; a son, Charles, of the home; her father, J. G. Gowin of Quitaque; two brothers, Charles Gowin of Quitaque and John Gowin of Lawton, Oklahoma; and two sisters, Mrs. Bob Hulet of Amarillo and Mrs. Floyd Bodkins of Tulsa, Oklahoma.

Mr. and Mrs. Cecil Seaney, Susie, Jim and David of McLean, Mr. and Mrs. George Seaney, Mr. and Mrs. J. C. Rhoderick, Mrs. K. N. Tiffin, Mr. and Mrs. J. W. Lyon, Jr., Mr. and Mrs. H. G. Boyles, Mr. and Mrs. Pascal Garrison, Mrs. W. Arnold Brown, Mrs. Gordon Lowrey, Johnny Lanham, Mr. and Mrs. Dud Waters attended the services.

developments or investigation might require. In the preparation of these maps, the most modern engineering methods are employed. Aerial photography and precise photogrammetric instruments are part of the basic mapping process, but field surveys are still required. Control points must be established; that is, elevations above sea level and geographic positions. The accuracy of the map as drawn from aerial photographs and the complete identification and classification of buildings, roads, streams, political boundaries, and other features must be determined. The field surveys are now in progress in this area. The cooperation of local residents and landowners in assisting the field parties engaged in these surveys will be greatly appreciated.

Over twenty thousand topographic maps have been published by the Geological Survey and several million copies are distributed annually. Available without charge are state indexes showing areas covered by published maps, a folder describing topographic maps, and a brochure entitled "The Geological Survey." Most of the topographic quadrangle maps are sold for thirty cents a copy and may be ordered from the Geological Survey, Federal Center Building 25, Denver, Colorado 80225. Copies of the aerial photos and geodetic control lists used for this mapping are available at nominal

John W. Ewing Buried At Quitaque

John William Ewing, 76, the first mayor of Quitaque, died at 9:30 a.m. Saturday in the Nichols Clinic at Plainview.

Funeral services were conducted at 2:30 p.m. Monday in the First Methodist Church of Quitaque with the Rev. Al Jennings, pastor, the Rev. Kenneth Metzger, former pastor, and the Rev. Wesley Daniel, pastor of the Plainview Methodist Church, officiating.

Burial was in Resthaven Cemetery under the direction of Quitaque Funeral Home. Mr. Ewing, the brother-in-law of Fulton Gregg of Silverton, was born in Missouri, and had been a resident of Quitaque since 1909 when he moved from Lockney. He married Ruby Gregg on April 10, 1910, and served many years on the board of the First Methodist Church. He had been in the furniture and hardware business for 39 years, and had served as a justice of the peace since 1952.

Survivors include his wife, of the home; and nieces, Anna Belle Wilson of Kilgore and Charlene Smith of San Antonio. Attending from here were Mr. and Mrs. Fulton Gregg, Mr. and Mrs. B. J. Boling, Mrs. Willard Merrell, Mr. and Mrs. J. W. Lyon, Jr., Mr. and Mrs. J. C. Rhoderick, Mr. and Mrs. John Boyles, Johnnie Lanham and Mrs. Dud Watters.

Blue Birds To Have Fly-Up Ceremony

The Blue Birds will have their Fly-Up Ceremony December 2 at 3:30 p.m. in the school cafeteria. Everyone is invited to attend, and a special invitation has been extended to the sponsoring organizations, the Silverton Jaycees and Eta Chi chapter of Epsilon Sigma Alpha International, and to the parents of the Blue Birds.

News Printed Early This Week

The Briscoe County News was printed early this week to make possible a Thanksgiving holiday for the publisher's family. The pictures which were to have been included this week did not arrive in time to be included, and will appear in the next issue.

Mrs. Mart Norris and Mrs. Jack Davis were in Tulia Monday afternoon.

Silverton Cagers Win Two From Lockney

The Silverton Owlets won a 49 to 38 decision over the Lockney girls in the local gym last Friday.

Tena Williams led the scoring by dropping in 24 points for the Owlets. Martha Mills scored 11 points, followed by Connie Dudley with 7, Donna Stephens with 4, Jeanne Davis with 2 and Kay Strange with one point.

Silverton jumped off to an early lead, and at the end of the first quarter the score was 12 to 6, favoring the locals. At halftime, the scoreboard read 20 to 18, with the Owlets holding a slim lead.

The Owlets had broadened the gap somewhat by the end of the third period with a 32 to 25 margin.

The next girls game will be with Claude here on November 24. Game time is 7:00 p.m.

The Silverton Owls made a clean sweep of the double-header by downing Lockney 41 to 24. Fred Stafford lead the scoring with 15 points, followed by Greg Towe with 13.

The Owls led 12 to 1 at the end of the first period of play. At halftime the Owls had increased their lead to 21 to 7. At the end of the third quarter the Longhorns trailed 13 to 39.

Gold Star Banquet Set For December 7

Two outstanding 4-H'ers from each of the 20 counties in Extension District 2 will converge on Lubbock for a District-wide Gold Star Banquet Monday, December 7. County Extension Agent Leon Grosdidier said the outstanding 4-H boy and girl who will be at the banquet representing Briscoe County are Joni Faye Self and Wayne Nance, both of Silverton.

In addition to the Gold Star boys and girls and their parents, many others will be attending the banquet. They include County Extension Agents, their wives or husbands and other special guests. The banquet will begin at 7:00 p.m. in the First Methodist Church in Lubbock. Opening the program will be the invocation by Francis Price of the Hockley County 4-H Council. Welcoming the group will be Johnnie Ammons, manager of the Midwest Electric Cooperative. Roby. Response will be given by Ronnie Wood, Second Vice-Chairman of the District 4-H Council.

Master of ceremonies for the program will be Gene Linn, Farm Director of KCBT-TV, Lubbock. Entertainment will be by the Griffin Sisters, a McAdoo singing group. Narrator for the program will be Jerry Sanders of radio station KZZN, Littlefield. Speaker will be Mrs. Roy Bass, well-known Lubbock speechmaker who is billed as a Christian homemaker and speaker. Presenting the Gold Star certificates to each of the honored boys and girls will be District Extension Agents, Mrs. Aubrey Russell

Annual Bull Sale Set For December 2

The Rolling Plains Registered Beef Cattle Association will hold its 6th annual bull sale in Clarendon on December 2, 1964 at 12:30 p.m. at the fair building. Walter Britten will be the auctioneer.

Seventy-one bulls will be offered for sale, featuring top blood lines, good beef producing bulls and good herd bull prospects. There will be 50 Herefords, 10 Galloways and 11 Angus bulls in the sale.

The new sales arena is heated and you will be comfortable regardless of the weather. If you wish to come by plane, you can land at the city-county airport. Bus the fair building and a car will meet you. Those wishing a catalog in advance of the sale can write to H. M. Broedlove, Secretary and Manager, Clarendon.

Among those who attended the Arkansas vs. Texas Tech football game in Lubbock Saturday were Messrs. and Mmes. Verlin Towe, Fred Mercer, F. E. Hutsell, Jim Mercer, Norman Strange, Claude Jarrett, Floyd Williams, Troy Burson, True Burson, Dr. and Mrs. Neville Muckleroy, Kay Strange, Martina Williams, Max Garrison, Ray Mattheus, Fred Scott Dunham, Larry McWilliams, Jay and Greg Towe.

and Bill Gunter. This award is the highest a Texas 4-H'er can receive at the county level.

Sponsoring the banquet are twelve Rural Electric Cooperatives operating in the South Plains.

Enumerators Named For 1964 Ag Census

Enumerators have been named in Briscoe County for the 1964 Census of Agriculture, Crew Leader W. V. Swinburn said today.

Enumerators in Briscoe County will be Arnold M. Turner, LaVerne Stephens and Garrett W. Morrison.

Jaycee-Ettes To Give Away Skipper Doll

The Silverton Jaycee-ettes are giving away a Skipper doll and wardrobe on December 19 at 4:00 p.m. during Santa's visit to Silverton. The doll will be on display at Salem Dry Goods December 1.

Santa To Arrive In Silverton December 19

Santa has notified his friends in Eta Chi chapter of Epsilon Sigma Alpha International that he will arrive in Silverton at 3:00 p.m. Saturday, December 19.

He will meet the children on the square in Silverton, and will have treats for all.

They will be part of a force of 23,000 throughout the nation employed temporarily by the U. S. Bureau of the Census for this year's Census of Agriculture.

Enumerators are key workers in an agricultural census. It is the enumerator's responsibility to locate every farm within an enumeration district assigned to him, determine of the operator of the farm has answered all questions on a questionnaire that will be mailed to the farmer by the Census Bureau, help the farmer complete any unanswered questions on the form, check answers for accuracy, and deliver the form to the Census Bureau.

A Census of Agriculture is tak-

en every five years in the years ending in "4" and "9" to gather needed, up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventory, information on farm equipment and improvements, farm products sold, and on some production expenditures. Information also will be collected on use of fertilizers, insecticides and herbicides.

Questionnaires for the Agriculture Census are now being mailed to farmers and ranchers in Briscoe County, according to Swinburn. The questionnaires are expected to reach all the farmers within a few days. This will allow the farmers a period of time in which to consult their 1964 farm business records in order to answer questions on the form accurately before enumerators begin calling to collect the questionnaires. The visits are scheduled to begin on November 27 in this county.

The do-it-yourself aspect of the farm census is aimed at saving time and effort.

L.O.A. Study Club Entertains Husbands

The members of L. O. A. Junior Study Club entertained their husbands Monday evening at the Elm Tree Inn in Tulia with a Thanksgiving dinner party.

The invocation was given by Charles Sarchet, after which a menu of Rock Cornish game hen, stuffed baked apple, creole-styled green beans, rice, tossed salad, tea, coffee and cake was enjoyed.

Attending were Mr. and Mrs. James Alexander, Mr. and Mrs. Bill Baird, Mr. and Mrs. Don Cornett, Mr. and Mrs. Bill Durham, Mr. and Mrs. Randall Eddleman, Mr. and Mrs. Leo Fleming, Mr. and

Wisconsin. Teh ladies attending will enjoy a luncheon at noon Monday at the Amarillo Country Club with a style show produced by Colberts of Amarillo.

Producers Grain Corporation is a regional grain marketing cooperative owned by Silverton Co-Op and other local grain marketing cooperatives for the purpose of handling, storing and merchandising the farmers' grain.

Changes Affect Local Mail Service

Some changes have recently been made which affect local mail service according to an announcement by Postmaster Grady Martin.

The majority of Silverton's mail now arrives here at 7:15 a.m. by carrier from Quitaque.

Mail for Route One closes at 8:30 a.m. Mail from Tulia now arrives at 10:30 a.m. Mail closes for Tulia and Tulia Route at 11:00 a.m. Floydada mail arrives at 11:20 a.m.

Quitaque Route mail closes at 11:45 a.m. Mail closes for Floydada, South Plains and Lockney at 12:45 p.m. Also, all air mail, Texas and New Mexico mail closes at 12:45 p.m.

Quitaque Star Route mail closes at 5:00 p.m. No mail will be worked in the local office after 5:00 p.m.

The last time the outside box is tapped daily is at 5:00 p.m. On Saturdays, Sundays and holidays, the last time the box is tapped is at 3:25 p.m.

Any mail deposited in this system is supposed to be delivered to its destination six hours earlier than under the old system, said Postmaster Martin. "We request patrons to get all mail in the post office before 5:00 p.m. Patrons are encouraged to use ZIP Codes on all mail," he said.

"We have four different Christmas stamps available now," the Postmaster said.

The Postmaster also said that Christmas cards mailed with 4c stamps on them will not be forwarded if the addressee has moved. If cards are mailed with 5c stamps on them they will be forwarded and no additional postage will be collected.

"Carriers will affix postage stamps on the routes when change is left in the rural boxes," said the Postmaster. "However," he added, "carriers are not required to perform this service during the month of December due to the extra load of Christmas mail. Please do not ask your carrier to place stamps on your mail during December."

As a final word, the Postmaster issued a second plea that postal patrons use the ZIP Codes for more efficient handling of mail.

House Accepted By Fraternity

David House, son of Mr. and Mrs. Jimmie House of Silverton, was one of 45 men accepted into pledgeship in Gamma Gamma chapter of Kappa Psi Pharmaceutical Fraternity this fall at the University of Texas College of Pharmacy. David is in his first Professional Year in the College of Pharmacy.

Kappa Psi, national professional pharmacy fraternity, provides the benefits of fraternal affiliation, as well as the opportunity for attainment of greater professional competency and achievement within the pharmaceutical field. Consequently Kappa Psi limits its membership to those men who are enrolled in accredited schools of pharmacy, who possess sufficient scholastic average, and who possess high moral character.

Mrs. Doug Forbes, Mr. and Mrs. John Fowler, Mr. and Mrs. James Hawkins, Mr. and Mrs. Robert H. Hill, Mr. and Mrs. Larry Jarrett, Mr. and Mrs. Ronald D. Kitchens, Mr. and Mrs. J. E. FRESH WINTER PEAR WEDGES MAKE GOOD CHEESE DIPPERS

Wedges of fresh Western pears, perfect cheese dippers, are a refreshing change from traditionally heavy party foods. Choose from any of the three equally delightful varieties, Anjou, Bosc or Comice.

Fresh winter pears, though alike in appeal, are quite different in appearance. The Anjou is characteristically light green in color even when fully ripe and, as all pears, will yield to gentle pressure when ready for eating. The Bosc is recognized by its long tapering neck and russet color skin. The Comice pear is known as the "gift box pear". It is heart shaped and often has a reddish blush on its greenish yellow skin.

All varieties of fresh Western pears offer elegant eating when baked, broiled or munched out of hand. Next time you want an exciting appetizer, snack or dessert, serve pears with Dips.

Pears With Dips

Chill Anjou, Bosc or Comice pears. Slice and arrange on tray around bowl of cheese dips. Let each snack-snitcher help himself by dipping pear slices into dips.

Triple Cheese Dip:

- 8 oz. cream cheese
- 1 cup cream style cottage cheese
- 6 oz. bleu cheese
- 1/4 teaspoon seasoned salt
- 1/4 teaspoon Worcestershire sauce

Combine ingredients and chill to blend flavors. Garnish with paprika.

Devilish Ham Dip:

- 8 oz. cream cheese
- 1 (4 1/2 oz.) can deviled ham
- 1/4 cup finely chopped chutney

Combine ingredients and chill. Garnish with parsley.

Give Furniture Proper Care

Too much wax, oil and polish can actually dim the beauty of wood finishes, says Mrs. Wanda Meyer, Extension Service home management specialist at Texas A&M University.

Furniture manufacturers themselves point this out. The best cleaning care, according to the American Walnut Manufacturers Association, is to wash furniture with suds and water.

Wash it once or twice with a cloth wrung out of warm soap or detergent suds, then wipe all surfaces with a clean damp cloth and

rub dry. All wood pieces—modern or antique—thrive on this basic cleaning, as the suds remove various types of soil which are not affected by simply applying another coat of oil, polish or wax. When all surfaces are thoroughly clean, use any preferred type of finishing touch.

Polishes or waxes applied too often tend to build up a film which reduces the beauty of the original finish. Authorities recommend that most furniture be waxed only once or twice a year.

Salt Analysis Of Water Advised

It's poor business to guess at the quality of your irrigation water. Rather than be in doubt as to possible harmful effects of the water on future soil productivity, Jim Valentine, area Extension soil chemist, suggests you have the water evaluated by a chemical analysis. The ideal time to collect samples is during the highest period of water use.

This need is particularly acute with new wells and in instances where wells are deeper than average for the area. Valentine says it is known that common salt in high concentrations may exist below the red bed formation. If wells extend into this strata, there is a greater possibility of dangerous salt levels in the water.

Soils vary widely in their ability to tolerate salt without being harmed—and some crops are more tolerant than others. Clays, where the water intake rate is already slow, can be made even less porous by a water high in sodium. Obtaining stands can become a problem on lighter soils due to sodium accumulation that "seals" or crusts the surface.

Water samples may be submitted to the Soil Testing Laboratory at Texas A&M University. Samples must be accompanied by the completed Information Sheet D-617, available at the local county agricultural agent's office. The present fee is \$5.00 per sample.

U.S. Infant Death Rate Too High, March of Dimes Physician Says

By VIRGINIA APGAR, M.D.

Director, Division of Congenital Malformations, The National Foundation-March of Dimes

Did you know that 10 nations have a lower infant mortality rate than the United States? That every year we lose about 105,000 babies aged one year or less?

That this tragic and discreditable situation exists despite the fact we have the best trained physicians, the most medical schools, more hospital beds than any other nation, and probably more prenatal clinics than any other country?

How, if at all, can our infant mortality rate be lowered?

In the course of my work with the program of The National Foundation-March of Dimes to eliminate birth defects as a leading cause of infant mortality and disability, I have talked to scores of obstetricians and pediatricians, leaders in public health and other experts to seek answers to the problem of the infant mortality rate in our country. All feel that better prenatal care would help.

Everyone agreed that probably the most blameworthy culprit is a young woman we might call Sally B. She is 20, reasonably pretty, a high school dropout after a year, and she is married to a laborer whose education ceased at age 12. She has had one baby stillborn and two miscarriages, and more such shattering experiences are probably in store for her.

Intimately acquainted with this prototype is Vera R. Keane, now research director at Yale University School of Nursing, New Haven, Conn., and formerly director of parent education, New York Hospital-Cornell Medical Center. She has had long experience as a public health nurse, and to me she describes the group to which Sally B. belongs in these terms:

"At any given time in the United States, we estimate that there are some two million women pregnant. Of these, about 500,000 belong to that hardcore, lower socio-economic group who turn a deaf ear to prenatal advice and refuse to attend prenatal clinics because, they say, they don't consider pregnancy as being 'sick.'"

"When you ask these women and girls why they won't go to prenatal clinics in communities where these facilities exist, they say they don't need any advice, if they do, they can get it from a girl friend or

neighbor; or they don't have the time; or they don't have the money for transportation to the clinic and for a babysitter while they're away from home; or even if they are pregnant they're much more concerned about their husband being out of work, or worried about where they are going to get next month's rent or the money for this week's food. They just poohpooh the whole idea of the protective and preventive health service. That's your typical Sally B."

But let me say to women in early pregnancy that even if they do feel some reluctance about making their first visit to a prenatal clinic we usually find that only about one in five will need to return frequently. Those who are requested to return at close intervals are the high-risk cases where we find such disorders as diabetes, high blood pressure, anemia and obesity. I hasten to add that in these cases there are remedial measures that can be taken. If our infant mortality rate remains shocking and frightening, that tragedy is no justification for doing nothing to improve it. The time is long overdue for us to roll up our sleeves and get to work. We most certainly can make our prenatal clinics more inviting and less wearing on those expectant mothers who should use them.

Mrs. Ben Bingham has recently spent several days in St. Anthony's Hospital in Amarillo, where she was treated for a lung condition. With home therapy she is now doing better.

Spencer Long has been a patient in the Plainview Hospital since last Thursday. He is undergoing tests, examination and treat-

ment. Beryl Long sees his uncle each day, and reports that he is showing improvement.

H. C. Mercer has been a patient in Swisher County Hospital since early Monday. His sons and other relatives have been at the hospital with him much of the time.

Mr. and Mrs. J. W. Reid, Bill, Rebecca and Nancy were in Lubbock Saturday. J. W. attended the Tech football game in the afternoon.

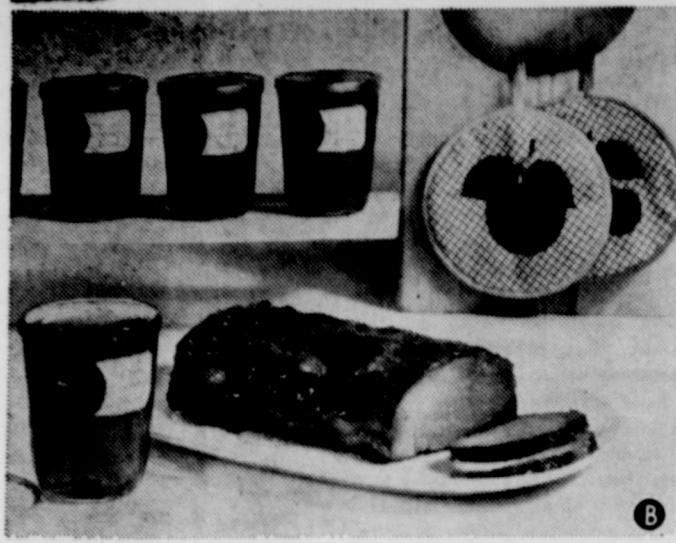

Tommy Strange has recently returned here from Denton and plans to make his home in Silverton. He is staying with his mother, Mrs. Bryan Strange, and assisting his brother, Ted, in the Spudnut Shop at Tulia. Mrs. Tommy Strange and baby will remain in Denton with relatives until about January 1. She commutes daily to her job in Dallas.

A family dinner was held Sunday in the home of Mr. and Mrs. Wayne McCutchen honoring Richard McCutchen, Mrs. J. W. McCracken and Stanley Couch of Gruver all of whom have November birthday anniversaries. This was also the family Thanksgiving dinner. Mrs. Stanley Couch and Russell and Kevin Weatherly came here on Wednesday of last week for a visit with her parents, the McCutchens. Mr. Couch came for the weekend, and he and his family returned Kevin home to Amarillo Sunday afternoon as they returned to Gruver. Mr. McCracken also enjoyed the dinner.

Mrs. Eva Byrd, mother of Mrs. J. W. McCracken, has left Swisher County Hospital and is now staying with her grandson, Mr. and Mrs. Wiley Byrd, near Tulia. Mr. and Mrs. McCracken visited her there Sunday afternoon.

Mrs. Eddith Morgan, Mr. and Mrs. Stevie Morgan, sr. and Mr. and Mrs. Stevie Morgan, jr. and children, all of Kress, visited Mr. and Mrs. Olos Chitty Sunday.

EASY GLAZE FOR BACON

Canadian style bacon, that tender strip of cured and smoked pork loin, can become a specialty dish when given a sweet 'n' spicy seasoning. The effective way to do this is to baste the bacon with a tart-sweet glaze of Cider Cinnamon Jelly, easily made with apple cider, red hot cinnamon candies, sugar, and liquid fruit pectin.

Cider Cinnamon Jelly

Yield: about 11 medium glasses
 4 cups sweet apple cider
 7½ cups sugar
 2 tablespoons red cinnamon candies
 1 bottle liquid fruit pectin

Measure cider into a very large saucepan. Add sugar and candies and mix well. Place over high heat and bring to a boil, stirring constantly. At once stir in liquid fruit pectin. Then bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon, and pour quickly into glasses. Cover jelly at once with ¼ inch hot paraffin.

Mr. and Mrs. Gene Morris were in Amarillo Sunday.

Mr. and Mrs. Melvin Watkins and daughters of Amarillo, Debbie and Dudley McMinn of Kress spent the weekend here with Mr. and Mrs. Bud McMinn. All were Sunday dinner guests of Mr. and Mrs. Gaston Owens and Eddie in Quitaque. Other dinner guests in the Owens home included Mr. and Mrs. Ewing Vaughan, Eural Vaughan, Mr. and Mrs. Dwain Henderson, Mr. and Mrs. Ronald Vaughan, Douglas and Delton.

Mr. and Mrs. Jack Dempsey were unable, due to illness, to attend the funeral of his brother, A. L. Dempsey, in O'Donnell last week. Mr. Dempsey died of a heart attack after coming up on an accident in which his son had been involved shortly after leaving the family home near O'Donnell. A. L. Dempsey was also a ginner, in the O'Donnell area. Jack Dempsey is still ill at his home near Silverton, and is unable to attend his ginning operations at the present time.

DON'T YOU READ BEFORE YOU BUY?

And don't you sometimes re-read, study, compare, figure, clip, save, and show to friends? When you're on the brink of buying, aren't you hungry for facts, features, dimensions, styles, colors, capacities, prices?

Print advertising puts people who are close to a purchase close to the kind of information they demand. Newspapers, magazines and brochures let them linger with your message for as long as they like.

Print imparts important details, allows for colorful presentations, makes lasting impressions, takes people straight to the point—of purchase. If you've something to sell, it will pay you to promote it reg-

ularly in print—where ready-to-buy people can keep their eyes on it, get their hands on it, make the most of it. Print makes sense because print makes sales.

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY

THE PRESCRIPTION

In Greco-Roman medicine, Rx heading a prescription symbolized a prayer to Jupiter and was frequently the only active ingredient.

By contrast, the prescription now symbolizes the advances of healing arts—the skill of the physician founded on centuries of increasing medical knowledge—the background of research to develop new effective drugs—the intergity and know-how of the pharmaceutical manufacturer—and the professional skill of your pharmacist—uniting to bring you even more valuable drugs compounded to the exact specification of your physician.

Harvest Queen Grain

Tragedy Struck One Year Ago

Sunday, November 22, was the first anniversary of the assassination of John F. Kennedy, 35th President of the United States. It was an occasion of sorrow and grief. There was a certain calm and contemplation of past events, throughout the nation on that date. It was a time to consider the importance of a human life.

John F. Kennedy still lives in the hearts and minds of the nation, but only as a legend. He would have preferred, I believe, to remain on earth as a physical being. It was not, however, his choice to make.

We hate to think about the existence of such men as Lee Harvey Oswald. Could it be a failure on the part of the American people that Oswald felt the need to act as he did? We, as a Christian nation, should be concerned about the spiritual, as well as physical, well being of each individual. The challenge is great and ever present. It will take strength and courage on the part of every American to face this challenge.

This Thanksgiving, let us give thanks for life itself and for the many wonderful experiences we have had. Then let us ask for guidance and endurance to remain faithful in the fast-moving, complex world of today.

End Of Six Weeks

The time of reckoning is here once more. It is time to receive those grades reporting the kind of work you have done during the past six weeks.

Will your name be removed from the failure list in the hall, or will it be added? Did you work hard this six weeks or did you loaf? The amount of time you spent in actual study will tell the tale.

If you worked hard, your grades will be your reward and you will continue to profit from your improved study habits. If, on the other hand, you loafed this six weeks, you will be duly punished by having to work twice as hard next six weeks to make your grades.

It may seem harder, at the time, to make good grades, but it is easier in the long run.

SPEEDY RECOVERY

Melvin Kirkland, one of the janitors employed by our school system, has recently undergone surgery of a rather serious nature. He is a patient in the Groom Hospital, and reported to be doing as well as can be expected.

The S.H.S. student body and faculty wish him a speedy recovery.

F.B.L.A. NEWS

by Ruth Ann Minyard

At our last meeting it was reported that we made \$433 on the Variety Show. Two ten-key adding machines have been ordered for the business department. We would like to thank everyone who took part in or came to the show. Several of our own F.B.L.A. members placed in the contests at F.B.L.A. Day at W.T.S.U. Janice Lewis placed second in spelling; Pat Cagle placed third in the Miss F.B.L.A. contest, and Robert Bomar placed second in the Mr. F.B.L.A. contest.

NEWSPAPER

NOMINATIONS

The newspaper staff recommends the following nominations for your approval!

BEST CARPENTER — Howard Tomlin, who dreams of dismantling the cabinets in the English room.

MOST PATIENT — Mrs. Woods on the day before book reports are due.

MOST TACTFUL — Mrs. Rampley when she asks for her turn to talk.

MOST PROMPT — Jeanne Davis when she is on time to bookkeeping class.

MOST INFORMED — Pam Marler when she discusses any topic in English.

MOST DECEIVED — The Senior girls English class when a pop test is no longer referred to as such.

MOST WITTY — Mr. Grosdidier when he refuses to discuss politics.

MOST ACTIVE — Freddy Stafford when he sees a mouse.

MOST THOUGHTFUL — Miss Self for checking with the students to be sure they have insurance before she allows them to sit under the dangling light fixture in the history room.

MOST COOPERATIVE — Mr. Verden and Mr. Mayfield for being the only two men teachers to participate in the Variety Show.

If you would like to nominate anyone for anything, place your suggestions in the Owl's Nest box in the Typing Room.

TO ALL WHO

CHERISHED SUMMER

November's fallen leaves and widened skies
That shine through branches' candid filligrees
Are seldom deprecated by the wise
Who love essential inwardness of trees.
And never have enough of heavenly space
Whether it be a festival of blue
Where celebrating clouds perform with grace
Or chastened gray with silver shimmering through.
What though the jubilee of leaves is past
And only muted grays and browns remain?
To all who cherished summer it will last
As long as they; and they accept the plain
Bestowals of November with thanksgiving,
Habitually enjoying all of living.

The Pilgrims Came

by Annette Wynn

The Pilgrims came across the sea,
And never thought of you and me;
And yet it's very strange the way
We think of them Thanksgiving Day.

We tell their story old and true
Of how they sailed across the blue.
And found a new land to be free
And built their homes quite near the sea.

Every child knows well the tale
Of how they bravely turned the sail,
And journeyed many a day and night,
To worship God as they thought right.

The people think that they were sad,
And grave, I'm sure that they were glad—
They made Thanksgiving Day —
that's fun —
We thank the Pilgrims, every one!

Mrs. Baker's Fifth Grade News

Our class has been working hard this year in all our school work. Mr. and Mrs. Sam Brown have been helping us with some special songs. We are now working on Christmas songs.

We need a piano in our room. When we get the rest of our candy sold, we will have \$68. Is there anyone who has a used piano we can purchase for this amount? We have our band instruments to use in keeping time.

In art we have made plaques and we are now painting them with water colors. They are on display in our room.

Assembly News

On Wednesday, November 18, Dr. W. Neil Record, assistant to the president of Wayland College, appeared before the student body. He invited the students to visit the campus in Plainview at any time, after which he introduced Jerry Watson, the drama instructor at Wayland.

Three of Jerry Watson's drama students presented the play, "Box and Cox." The play, written in 1847, was a prime example of how good drama and comedy have not changed. The cast was Byron Lincoln as Box; Don Drisham as Cox and Chestine Todd as Bouncer.

Dr. Record brought literature concerning Wayland College for the students who were interested in that information.

WHAT IF

Howard went to the office every time he was sent out of class?

Weldon wanted to pass typing badly enough to quit watching his hands?

Sandi was asked to give a report on the District F.T.A. meeting?

Kathy did not use the word "tad"?

The shorthand class did not love Mrs. Rampley?

Freddy and Larry were not so naive in government class?

Ann did not talk to herself in bookkeeping?

Mr. Hill hurt Travis' boil?

Mrs. Redin did not have to work math ten minutes before she baked cookies?

There was one more student in government?

From Kathy

Over 300 years ago our forefathers celebrated their landing on Plymouth Rock by observing a day of thanksgiving. Today this day is a National Holiday. It is set aside to give thanks to God for all of our many blessings.

I wonder what this day means to most of us. Is it just a time for vacation from school or work? Is it just a time to visit relatives or is it really a time for thanksgiving.

It seems to me that today we do not observe this day as it was intended to be observed. It is almost overlooked in anticipation of Christmas. People begin to advertise Christmas gifts even before Thanksgiving.

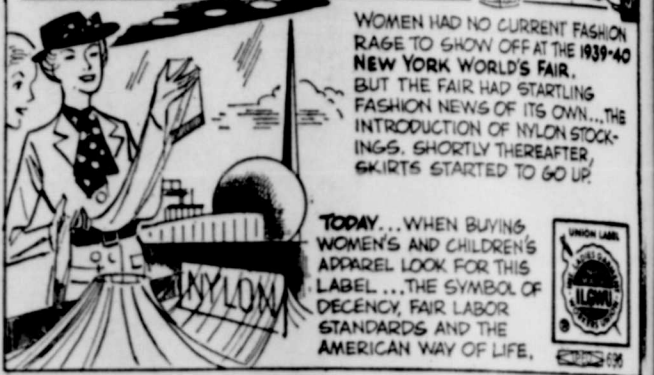

Maybe if we thought about all that we have to be thankful for, we would regard this day with more feeling. We, the American people, have so much to be thankful for. We should be thankful that we live in such a beautiful and free country and that we are able to worship God freely.

Has your child mentioned having had his hearing tested? Slowly, we are checking each child's hearing with a new instrument recently acquired by the school, namely an audiometer.

This small device is designed to locate children who have poor hearing through a series of small hums at different frequencies. The sound is similar to that of a tuning fork.

Although this instrument serves only as a screening device, it is very beneficial, for we can proceed to help the child find a suitable remedy.

in 18 Minutes—Blessed Freedom!

At 3:30 P.M. on April 21, 1836, General Sam Houston launched his attack. So sure was Mexican Army Commander Santa Anna of his troops' superiority that he did not even post sentries during the customary afternoon siesta.

The freedom-inflamed Texans, shouting "Remember the Alamo!", sprang upon the enemy. In the incredibly short space of 18 minutes Texas' freedom was won.

Santa Anna was captured. Six hundred and thirty officers and men were killed; the rest taken prisoner. Texas lost only nine men killed or mortally wounded, with 30 less seriously wounded. When the captured Santa Anna ordered his troop commanders to leave Texas, the last threat to peace was removed. Texas was free!

FREE MEN DEPEND ON US!

Today, we cannot—with one decisive stroke—wipe out the threats to freedom that are all around us. Instead, we must join together for an almost unending task of holding at bay those who would destroy the liberty we hold so dear.

Our dollars, banded together in U.S. Savings Bonds, help keep our defenses strong—making sure that no enemy will smash through to victory over freedom.

You can be an active partner in defending freedom by buying U.S. Savings Bonds at your bank or on the payroll savings plan where you work.

Thanksgiving Prayer

Dear Lord, we give Thee thanks this day,
But not alone for daily bread—
For all Thy gifts which bless our lives.

We thank Thee for love, that makes life's burdens light,
For friendships shared, for hope and joy,
But mostly for the precious right

To think and speak as conscience leads,
To worship Thee, each in his way,
To walk in freedom where we will,
Lord, as we pause to praise and pray.

'Little Gal of the Golden West' Is National March of Dimes Child

A blue-eyed lady of four years, known affectionately in her home town of Denver as the "Little Gal of the Golden West," is the 1965 National March of Dimes Child. Her name is Michaeline ("Mickey") Lea Heinicke.

Mickey symbolizes the quarter-million American infants born every year with severe birth defects on whose behalf contributors to the March of Dimes have financed programs of research, medical care and education.

Mickey's mother, Maxine, tells of the tragedy that today befalls one in ten families in the United States.

"Like tens of thousands of other couples, Paul and I were heartbroken and numb when we learned the truth a few days after Mickey was born. I am a nurse, and I had had some experience with babies born with an open spine, which was the case with Mickey. I was under no rosy illusions that this third child of ours would ever walk.

"But," asks Maxine, "do you remember that song, 'Did You Ever See a Dream Walking?' The refrain comes back to me every time I see Mickey walking on her crutches and braces, or furiously riding her hobby horse in the parlor, or doing an Indian war dance to her phonograph records. I say to myself, 'that's my little dream walking.'"

"But my husband and I would never have experienced this real-life dream without March of Dimes help."

Mickey, whose spinal rupture was repaired when she was only three days old, is now midway through a tour that precedes the coast-to-coast March of Dimes campaign in January. Although severely handicapped, this four-year-old thrives on the long days, tedious air-hops between cities, appearances at conventions and the strain of meeting Senators, Congressmen, Generals, stars of stage and screen and other public figures.

Mickey is already a veteran trouper, unimpressed by the mighty in high places. Her

WHOA! Aboard her pony, Mickey Heinicke, 4, Denver, 1965 National March of Dimes Child, reins in for benefit of photographers.

mother says, apprehensively: "In January, when we expect to have the privilege of visiting the White House, I know I will faint dead away when Mickey will undoubtedly bubble over to the President, 'Hiya, Podner,' or something awfully familiar and western to the First Lady."

Birth defects are the greatest medical problem threatening the nation's children. To help provide patient aid in this area, contributors to the March of Dimes now support 50 treatment and study centers at leading medical centers and university-affiliated hospitals.

Basil O'Connor, president of The National Foundation-March of Dimes, says that the need for many more such centers is acute.

"Birth defects," he adds, "are a much more serious problem than polio ever was."

"To attain the same successful end that was achieved in eliminating polio, we need not 50 birth defects centers but fully 150 centers to help these afflicted infants and children. Funds are also needed desperately to support research inquiries into the many scientific problems involved."

"I sometimes look at the crippled Mickeys around our country, at children born without arms or legs, at other tots doomed unnecessarily to lives of mental retardation—all due to birth defects; and I wonder how many of our warmhearted citizens can fail to demand and to finance a means to end this shocking destruction whatever the cost."

Our founding fathers braved the dangers of an unknown land for the precious freedom to live and worship as they pleased. As we pause today and count our many blessings as a nation, let us look ahead and plan that next year, more families will enjoy the greatest blessing of all - - Peace.

Mrs. Baird Is Bridal Shower Honoree

Mrs. Mike Baird, the former Miss Janna Kay Crenshaw of Matador, was honored with a miscellaneous shower in the home of Mrs. Ware Fogerson on Wednesday, November 11, from 3:00 until 5:00 p.m.

Mrs. Fogerson greeted the guests and presented them to the honoree; to her sister, Mrs. Rex Johnson of Turkey, and to Mrs. John D. Baird, mother of the bridegroom. Mrs. Fogerson also directed the guests to the registry.

Mrs. Marlin Jarnagin and Mrs. Noel Deavenport served refreshments, while other hostesses alternated in the other hospitalities of the home.

The bride's chosen colors of blue and white were used in refreshments and table decor. The table was laid with a Quaker lace cloth and a centerpiece of white mums flanked by blue tapers was used. Crystal and silver appointments were used in serving fruit punch, cake squares, mints and nuts.

Mrs. Baird received a lovely

array of gifts for her new home. The hostesses' gift was a set of stainless steel cookware.

Forty guests were registered. Mrs. Lois Martin of Flomot was among those registered.

Mr. and Mrs. Elmer Gilkeyson of Dallas brought her mother, Mrs. S. R. Turner, home recently and spent the weekend here. Other Sunday dinner guests in the Turner home included Mr. and Mrs. O'Neal Watson of Amarillo, Mr. and Mrs. Arnold Turner, Mr. and Mrs. Orville Turner, Paula and Orville Baker and Mr. and Mrs. Willie Martin.

Mrs. J. N. Cantwell and Mrs. Marie Bishop returned home on Sunday after having spent last week with Mrs. Katie Hill at Erick, Oklahoma.

Mrs. Joe H. Smith suffered a light stroke at her home here on Tuesday evening of last week, and was taken by ambulance to the Tullia hospital. Vinson Smith spent the night with his mother and reported Wednesday morning that she was better.

Miss Anna Lee Anderson and Mrs. Ruth Baker spent Saturday in Amarillo.

CARDS OF THANKS

Our sincere appreciation to all who took part in the Turkey Shoot last Saturday, and to all those who helped make it possible. Even though the weather wasn't the best, the venture was a success. Thanks again,

The Silverton Young Farmers

May we take this opportunity to express our sincere thanks to each of you for the visits, prayers, cards, and every kindness extended to us at the loss of our brother, A. L. Dempse. All are appreciated more than words can adequately express.

Mr. and Mrs. Jack Dempsey

We want to express our heartfelt thanks and gratitude to all the many kind friends and neighbors who assisted us in any way at the passing of our loved one, and for all the food that was brought and the beautiful floral offering.

May God bless and keep each of you in your hour of need.

The family of Mrs. J. J. Vardell

I would like to take this means of thanking everyone for the many cards and flowers, visits, telephone calls, food and prayers during my recent surgery. May God's richest blessings be yours.

Victoria Chappell

I WILL HAVE ALL THE DISHES left at my home at Nance's Grocery Store. Mrs. D. Oneal.

Mr. and Mrs. M. A. Graham and Mr. and Mrs. Jack Graham, Jack and Connie, were dinner guests of Mrs. M. A. Graham's sister and family, Mr. and Mrs. F. L. Montgomery in Lubbock Saturday. All attended the Tech football game in the afternoon.

Mr. and Mrs. Doug Coleman of Dozier and Mr. and Mrs. James Ross Alexander were in Lubbock over a long weekend visiting with friends. They attended the homecoming and football game at Texas Tech Saturday.

What They Wore... by PHYLLIS JOYCE

CHILDREN HAVE NEVER BEEN BETTER DRESSED THAN THEY ARE TODAY... AND A LOOK AT THE PAST PROVES IT. BACK IN 1760 CHILDREN WERE STILL BEING DRESSED LIKE MINIATURE ADULTS.

IN THE 1830'S GIRLS WERE SUBJECTED TO FULL LENGTH TROUSERS, AN ARTICLE THAT WAS CONSIDERED ABSOLUTELY ESSENTIAL. DRESSES WITH PUFFED SLEEVES AND CAPS WITH RUFFLES ONLY EMPHASIZED THE INCONGRUITY.

THE BEGINNING OF THE 20TH CENTURY WAS CONSIDERED THE ERA OF CAN-DIDLY IMPRACTICAL CLOTHING. CLOTHES WERE OVERLY FUSSY, TOO OFTEN WHITE... AND UNWASHABLE.

TODAY... WHEN BUYING WOMEN'S AND CHILDREN'S APPAREL LOOK FOR THIS LABEL... THE SYMBOL OF DECENCY, FAIR LABOR STANDARDS AND THE AMERICAN WAY OF LIFE.

ARTHRITIS-RHEUMATISM

Do claims and double talk make you doubt you can get any relief from arthritic and rheumatic pains? Get 100 STANBACK tablets or 50 STANBACK powders, use as directed. If you do not get relief, return the unused part and your purchase price will be refunded. Stanback Company, Salisbury, N. C.
