# First Wheat Delivered Here Last Wednesday

The first sample of new wheat was delivered to Silverton Elevators, Inc. by G. W. Lee last Wednesday afternoon, May 26. Test weight was 61 pounds per bushel, moisture 14.69.

The wheat was harvested from acreage located below the caprock. J. D. McGavock delivered 13,000 pounds of new wheat harvested on top of the caprock to Silverton Co-Op Elevator late Tuesday. It tested 60 pounds per bushel and 17% moisture.

## SOME HARVESTING FINISHED

Much of the wheat crop which would have been ready for harvest this week was harvested by Mother Nature at about 6:00 a.m. last Thursday. The damage appeared to be worse east of Silverton than it was south and southwest of town. The strip, about four or five miles wide, extended east northeast to east of Quitaque, with there being lighter and heavier spots along the way.

Heaviest hail damage was received in the south part of town, and some residents of the northernmost part of the city were actually unaware of what had happened.

Almost all residents of the south portion of town received 100% damage to the roofs of their homes and some business buildings were also completely ruined. The hailstones, not extremely large in size, but ranging from the diameter of a nickel to perhaps almost golf ball size, pelted

the area for several minutes, leaving everything in its path looking as if the locusts had come and eaten everything in sight. Grady Martin melted the hail

which fell in his rain gauge, and it measured 81 of an inch. Another shower was received in the area Sunday evening and early Monday morning.

# Mackenzie Reservoir Bill Signed Into Law

House Bill 622, by Representative Ralph Wayne of Plainview, was signed into law on May 28 by Governor John Connally.

The law empowers the cities of Tulia, Lockney, Silverton and Floyd

to plan for and meet their water needs in a unified effort within the Mackenzie Municipal Water Authority. The Authority will be governed by an eight member Board of Directors, two appointed from each city by the governing body of each city. The Authority will be able to acquire and develop ground water, but may not produce over two acre-feet of water per surfaced acre acquired. Water rights must be acquired by purchase or lease, the same as anyone else. It is specifically spelled out that the Authority does not have the power to condemn underground water rights.

The law is to take effect immediately.

# Local Farmer Appears Before Committee

Norman Strange of Silverton appeared before a Congressional Agriculture Committee in Washington, D. C. last week in support of a strengthened farm bill with increased farm income programs.

Strange, a member of the Texas Farmers Union, testified in behalf of the National Farmers Union, an organization of 750,000 family farm members.

The Farmers Union is leading efforts to bring a unified effort and approach to solving the critical problems facing farmers and rural America.

Jay I. Naman, President, Texas Farmers Union, Waco, said their efforts have been very successful because Congress is impressed with appearances of "dirt-farmer witnesses who provide the labor, management and capital necessary to run their farming operations, and then go to Washington at their own expense to support farm legislation."

# Two Silverton Boys Injured In Accident

A Memorial Day weekend traffic accident at Plainview claimed the life of a 19-year-old Tulia resident, Howard Wayne Galloway, and injured three other youths.

Injured in the one-car mishap were Ralph Loyd Gamble, 18, of Silverton; his brother, Timothy Royce Gamble, 15, both of Silverton, and Frank Stidham, 15, son

of Mr. and Mrs. Floyd Stidham of Tulia. The Gamble boys are sons of Mr. and Mrs. Frank Gamble, and are cousins of the Stidham youth.

Ralph Loyd Gamble was receiving treatment in the intensive care ward at Methodist Hospital in Lubbock. He suffered a fracture of his neck and other injuries. The other Gamble youth and Stidham received treatment at the Plainview Hospital, and later Tim Gamble was also moved to Methodist Hospital. Both were considered to be in serious condition.

The accident occurred less than a mile east of Plainview on FM 400. Officers said the automobile driven by Galloway went out of control on a sharp curve, hit an embankment, and overturned several times. All occupants were thrown out and the car was demolished. The accident occurred at about 11:50, and Galloway apparently died instantly.

Funeral services for the Galloway boy were conducted at 2:00 p.m. Tuesday at the Donley Street Church of Christ in Tulia. Interment was in Rose Hill Cemetery there.

Galloway was born at Gainesville and moved with his parents, Mr. and Mrs. Dallas Galloway, to Tulia five years ago. Surviving are his parents, a brother and three sisters.

**THE OPEN DOOR**

"Behold, I have set before thee an open door . . ." Rev. 3:8

by Rev. Clyde Cain

This past week we have had Vacation Bible School in our church. This was, in every respect, an unforgettable week. Skinned knees and elbows, a few tears, a dirty dress and torn trousers, were all a part of the week; however, there was much more. There

was love and there was learning. This made it all worthwhile.

The time invested in the development of a child is one of the best investments one can make. The precious lives that one works with is an investment in the future. I ask you now, is this not an "open door" of opportunity?

I do feel that we need to work today to prepare for tomorrow. This can be done best through working with our children.

# WEAVER - STAFFORD VOWS EXCHANGED IN PRETTY CHURCH CEREMONY

Miss Sharon Merle Weaver became the bride of Freddy Lynn Stafford in a pretty church ceremony at 7:00 p.m. Friday, May 28. Rev. Carl Nunn, pastor of First Methodist Church, officiated at the public ring ceremony. Parents of the bride are Mr. and Mrs. Shafe Weaver, and Mr. and Mrs. Jack Stafford are parents of the bridegroom. Vows were exchanged beneath

an archway decorated with a fan-style arrangement of pink and white gladiolas entwined with pink daisies. Two baskets of gladiolas and daisies flanked the arrangement. Candelabra holding white tapers were on either side and back of the altar. Pink and white satin bows decorated the center aisle of the church. Given in marriage by her father, the bride wore a traditional white

wedding gown designed of imported silk with sabrina neckline. Her cathedral train which was edged with lace was attached at the shoulders, and her veil of imported alencon tulle fell from a cluster of seed pearl embroidered leaves to shoulder length. She carried a cascade bouquet of pink roses surrounding orchids atop a white Bible. She carried out the bridal tradition by carrying the Bible which she carried to church as a child, borrowing a handkerchief from her maternal grandmother, wearing a blue garter, and having two tiny bluebirds of happiness tucked

inside her bridal bouquet. She had a penny in her shoe as well as a keepsake 25c piece. Susie Hill was maid of honor, wearing a street-length dress of enchanted pink designed with full skirt and buttoned down the back with tiny self-covered buttons. Her headpiece was a circlet of pink caught with a velvet bow, and she carried an arrangement of pink roses on a lace fan. Candles were lighted by Johnny Roy Weaver, brother of the bride, and Gary Hunt. Ushers were Johnny Roy Weaver, Robert Bomar, Garner Garrison, and Gary Hunt. Bob Stafford,
