Dump Trucks Needed For Cemetery Work

As many dump trucks as can be secured are needed for a work day to be held at the Silverton Cemetery Monday, August 30, beginning at 8:00 a.m.

An attempt is going to be made to caliche some of the roads in the cemetery, and trucks, drivers and some workers are needed.

The Silverton Cemetery Association is sponsoring this project.

The first load of new maize was delivered to Service Elevator on August 17 by Gilbert Escalon, who farms for Brooks Speer. The milo contained 16% moisture, 57 test weight, and was estimated to be making 2,000 pounds to the acre on dry land. Pictured with Escalon is elevator owner and manager, Glen Lindsey. Brooks Speer has had the first milo delivered here for several years.

Winners of trophies in the junior and senior riding club divisions were announced last Thursday by Silverton Riding Club.

The first-place trophy, donated by First State Bank, went to the Hale County Sheriff's Posse; second-place, donated by Simpson Chevrolet, was won by the Canyon Riding Club; and the third-place trophy, donated by the Silverton Jaycees, was won by the Tulia Sheriff's Posse.

In the junior division, the Comancheros of Plainview, won the first-place trophy donated by Brown-McMurtry Implement; the Hart junior club won the second-place trophy donated by Salem Dry Goods; and the third-place trophy, donated by City Cafe and Jean's Beauty Shop, was won by the junior club from Lockney.

The Silverton Jaycees have announced that the winner of the floats division of the parade was the Camp Fire Girls, Group No. 1. The scene depicted was that of an Indian village, and the girls on the float were using authentic Indian relics, flint knives and scrapers, corn grinders, etc. from the collection of Bern May. The \$50 first prize was donated by Ray Thompson Implement Co.

Second-place float was entered by Agnes Bingham and Jean Brannon. Third place went to the Clarendon Jaycees, and fourth place was won by the Silverton Pep Squad.

Jana Boyles, daughter of Mr. and Mrs. H. G. Boyles, was winner of first prize in the kids' bicycle decoration contest. The three-year-old kept the pace on her tricycle, which was decorated with blue and white crepe paper streamers fashioned into an umbrella.

Second-place winner in the bicycles division was David Cornett, son of Mr. and Mrs. Micky Cornett of Amarillo. Kelly Bomar, son of Mr. and Mrs. Joe Lee Bomar, was the third-place winner.

Texas-Size Eats, Entertainment At Boys Ranch

Texas-size barbecue beef sandwiches will be a feature attraction when the 21st annual Boys Ranch rodeo is held Sunday, September 5th and Monday, September 6 at Cal Farley's Boys Ranch.

The boys who are studying cooking as a vocation will barbecue beef from the Ranch's own herd and serve it western-style on a giant bun along with iced tea for \$1.00, including tax.

A record attendance is expected for the two performances which will take place at 2:30 both afternoons in the Ranch's rodeo arena. There are 336 youngsters, ranging in age from 4 to 18, from 32 states now making their home at Boys Ranch and each will have a part in the famous rodeo which is the only one of its kind in the nation.

The older boys will compete for honors on professional rodeo stock and others will ride calves or work in the behind-the-scenes activities necessary to a successful rodeo. The Ranch is located 36 miles northwest of Amarillo on Ranch Road 1061, and 22 miles north of Vega on Highway 385.

Tickets for the Boys Ranch Rodeo may be purchased at the arena or in advance from the Boys Ranch office, Box 1890, Amarillo. Reserved box seats are \$2.50, general admission is \$1.50 and military personnel and children's tickets are 75c.

Sam and Mary Catherine Brown will be registering music students for the 1965-66 school year on Friday, August 27, between 10:00 a.m. and 12:00 noon. Students are asked to go to the music studios or call 5901 for lesson times. Piano, voice, organ and theory will be offered.

Indian Dances Staged In City Park

The two groups of Camp Fire Girls staged Indian dances in the City Park at 5:00 p.m. during the Lions Club barbecue last Thursday afternoon. The groups are under the leadership of Mrs. Bern May and Mrs. Clifton Stodghill.

The dancers were accompanied on the Indian drum by Mrs. Stodghill. Taking part in the dances were Kaedean Bomar, Barbara Ledbetter, Rhonda Sutton, Rhonda Sweek, Donna Stodghill, Sharon Storie, Ramona Martin, Lucy Croft, Marian Hooten, Barbara McCraven, Mary Stodghill, Dorothy Yancey, Linda Childress, Annette Williams, Ellen Thomas, Sue Lynn Allard and Pam Vaughan.

The girls in Group 1 have been studying Indian Lore for about eight months. Their study has included a field trip to the Rogers Canyon area which was the scene of the slaughter of the Indians' horses by Gen. Ranald Mackenzie and his rangers. They saw the faint remains of Indian writing on the canyon wall, and learned to identify the remains of Indian fire pits, etc.

The two groups camped out two nights this summer at the Bern May farm, and Mrs. May's group is enjoying a two-night campout in Palo Duro State Park this week. They plan to return to Silverton Friday, and hoped to attend the presentation of "Thundering Sounds of the West" in the Pioneer Amphitheatre one night.

Mmes. Ray C. Bomar and T. C. Bomar spent Sunday in Amarillo. Mrs. T. C. Bomar visited Mrs. Avis Cowart, and Mrs. Ray C. Bomar visited in the home of Mr. and Mrs. J. A. Windom. His sister and family, Mr. and Mrs. Houston Harvey of Austin, were also guests in the Windom home.

Mr. and Mrs. K. N. Sharp, Ronny, Amy and John enjoyed a vacation in Colorado last week.

Quarterback Club Meets Monday Night

The Silverton Quarterback Club will have a meeting on August 30 at 8:00 p.m. in the school cafeteria.

THE OPEN DOOR

"Behold, I have set before thee an open door . . ." Rev. 3:8

by Rev. Clyde Cain

It is such a temptation to just "give up" when the going gets rough, yet this is the last thing one should do. I felt that this poem might help give courage and strength to carry on.

"Men seldom mount at a single bound

To the ladder's very top; They must slowly climb it, round by round,

With many a start and stop; And the winner is sure to be the man

Who labors day by day, For the world has learned that the safest plan is to just keep pegging away.

You have read, of course, about the hare

And the tortoise—the tale is old, How they ran a race—it counts not where

And the tortoise won, we are told;

The hare was sure he had time to pause

And t obrouse around and play, So the tortoise won the race because

He just kept pegging away.

A little toil and a little rest And a little more earned than spent,

Is sure to bring to an honest heart

A blessing of glad content; And so—though skies may frown

and smile—
Be diligent day by day;
Reward shall greet you after while
If you just keep pegging away."

G.S.P.A. Works For New Sorghum Uses, Markets

Grain sorghum first came to Texas a little more than a hundred years ago. The pioneer settlers learned quickly that their homelands crops would not grow in the semi-arid areas of West Texas. They diligently sought a remedy for this and so found grain sorghum, and with it cattle and catmen for a market.

Sorghum, it is believed, actually arrived in Texas in 1837 when the Indian Service sent seeds of Chinese cane to the Comanche and Brazos Reserves in Throckmorton and Young counties. Research on sorghums probably started about 1904 on the XIT Ranch near Channing and at the Chillicothe Experiment Station in 1905. The hybrids of today, developed by research and enthusiastically utilized by farmers, bear no resemblance to those original sorghums. It has been said of Dr. R. L. Karper, a pioneer in sorghum research with the Texas Experiment Stations, that "he has done so much to sorghums that it will never be the same."

Agricultural authorities frankly admit that one of the effects of the "farm revolution" now in progress is the expansion and spread of sorghums for cattle and poultry feed. Texas alone produces almost half of all the United States and grain sorghum is Texas' largest acreage crop. It is the second

highest money-producing crop in the state, topped only by cotton.

Within easy recall of present West Texas farmers, the rise of grain sorghum has changed the economy not only of their areas but of the state and the nation. It has been one of the true "spectaculars" in agriculture, equalled in significance only by the use of the windmill and barbed wire in the Southwest, which has now given way to irrigation pumps, flame cultivation and open turnrows.

Specialized Programs

As the spokesman of the grain sorghum producer, the Grain Sorghum Producers Association conducts a wide-ranging program of Research, Market Development and Service, both at home and abroad, to promote new uses and new markets for Texas' largest acreage crop, with the entire program being financed by a voluntary two-pound per thousand deduction from farmer deliveries to local elevators.

New Outlets

The research program of the Association goes on apace and it will again next year sponsor a Grain Sorghum Research and Utilization Conference which attracts professional research workers every two years from all over the country to coordinate the technical and economic aspects of their

programs. Individuals to be honored with the Outstanding Service Award by the National Grain Sorghum Research Committee are now being selected.

Creating better things for better living through research is the task of industrial chemists who work to find new means of utilization of grain sorghum—from deserts to dog food, pharmaceuticals to pudding, and arcelan and adhesives to wallboard and wave-set, there is scarcely an area of our lives today which is not touched in some fashion by products which may be made from grain sorghum.

Continuous Service

The service program of GSPA includes dissemination of research information to producer members for more efficient grain sorghum production, higher quality and more profitable marketing. It includes vigilance in representing the Association's position as the voice of the grain sorghum producer in connection with the many varied farm bills affecting their product. Officers and staff of GSPA work with the USDA and administration officials, as well as leaders of other farm organizations to get, always, "the best deal possible for grain sorghum" as new farm legislation is developed.

Serving the needs of the grain sorghum producers, whether they

be legislative, administrative or promotional continues to be the goal of GSPA; representation in all such matters is constantly one of their principal aims, and sorghum producers serve on committees such as State A.S.C. Committees, National Conservation and Water Resources Committee, National Conference of Commodity Organizations, State Fertilizer Advisory Group, National Feed Grain Advisory Committee, agricultural research station boards and market development councils, such as U. S. Feed Grains Council of which a sorghum producer, R. G. Peeler of Hereford, recently served as president.

Expanded Markets

To keep pace with the astounding growth of production by the development of new markets has been one of the chief aims of GSPA. Since its formation in 1955, grain sorghum producers, economists, nutritionists, and marketing experts have ranged the world to tell the "grain sorghum story."

In 1958, a cooperative agreement was developed with Foreign Agricultural Service of USDA and this work is now being carried on through GSPA's membership in the U. S. Feed Grains Council which has offices in London, Rotterdam, Rome, Tokyo and Gogota, Colombia, with offices for feed grain marketing open in

Athens, Hamburg, Barcelona and Madrid.

The visit of foreign "teams" to study grain sorghum production and utilization has become almost commonplace. Following the exchange of government-sponsored feed grain study teams between the U. S. and Japan, delegations from commercial firms such as Zenkoren Feed Mills representing 14 Japanese feed manufacturers, have made the High Plains and West Texas one of their established stops. The effect of the visit of these teams, particularly the Japanese, is clearly seen in the jump from no exports to an expected export of 800,000 tons this year to Japan. Importers, technicians, agricultural teachers and study groups are expected during September-October from Greece, England and Japan, with groups from other countries to follow.

Cattle farmers, bankers, elevator operators and grain sorghum producers were members of a special tour to California and Arizona, co-sponsored by GSPA and the West Texas Chamber of Commerce, to study and promote grain sorghum cattle feeding programs in those areas.

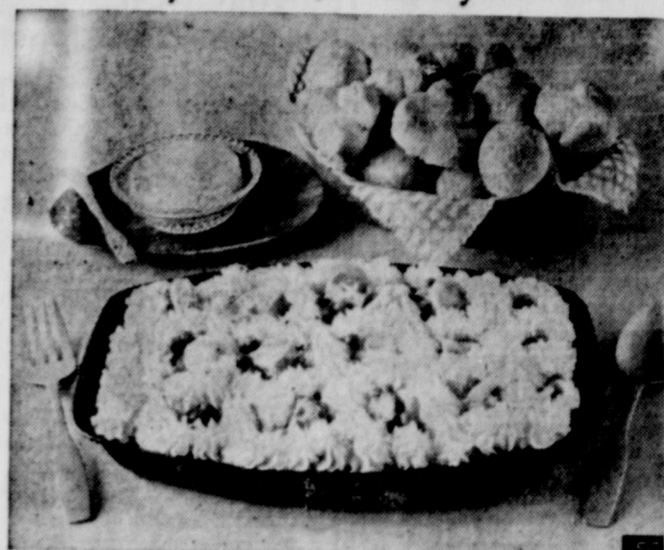

Impetus has thus been given to establishment of new feeding operations here in West Texas. It is believed the income-producing ability of grain sorghum can virtually be doubled when marketed through feed lot cattle. The economic value to our communities may be quadrupled when the "turn-key" job of producing, marketing, storing and feeding is all done locally, for operation and construction of feed lots requires purchases of steel, lumber, concrete, labor, electric power, water, pumps, banking, legal services and many other job-priming facilities and services. The feeding of cattle is a community affair.

Area officers of GSPA are Elbert Harp, Abernathy, president; Bill Nelson, Amarillo, executive vice president; Pat L. Northcutt, Silverton, vice president for education and research; Frank Moore, Plainview, vice president for legislation; R. G. Peeler of Hereford, vice president for marketing development; and A. W. Antony, Jr., Friona, secretary-treasurer.

Briscoe County GSPA officers are John Francis, president; True Burson, vice president; Glen Lindsey, elevator representative; Ray Teeple, secretary-treasurer; Lowell Callaway, Carver Monroe and A. T. Bingham, directors.

From rags to riches—from "catch crop" to Texas' largest acreage crop, the rise of grain sorghum is a true spectacular and the future of it is as wide as the rich West Texas fields where it is grown, and the efforts of the men who raise and work with it.

Sunday's Roast; Monday's Encore

Leftovers never linger when the encore's as tempting as the first performance—a big Sunday roast that stars again as "Monday Beef Pie." The marvel of this Borden Kitchen recipe? An instant nonfat dry milk that's truly a low-cost convenience.

Monday Beef Pie (Makes 4 to 6 servings)

- 2 cups (1 lb. can) sliced carrots
- 2 cups (1 lb. can) sweet peas
- 1 beef bouillon cube
- 2 tablespoons instant minced onions
- 1/2 cup Starlac instant nonfat dry milk
- 2 tablespoons flour
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1 tablespoon butter
- 1-1/2 cups diced cooked beef
- 2 cups prepared Borden's Instant Whipped Potatoes

Drain carrots and peas. Reserve and measure juice to make one cup of liquid. Pour into top of double boiler. Add bouillon cube and onions. Heat to dissolve bouillon cube. Combine nonfat dry milk, flour, salt and pepper. Sprinkle over surface of bouillon. Beat with a rotary beater until just blended. Place over hot water. Stir constantly and cook about 5 minutes or until mixture thickens; stir in butter. Combine with drained vegetables and beef and heat for about 10 minutes. Pour vegetable-meat mixture into a 2-1/2-quart casserole. Prepare instant whipped potatoes according to package directions. Spoon or flute potatoes over surface of meat-vegetable mixture. If desired, place under broiler (about 3 inches from heat) until potatoes are lightly browned. Serve.

Mr. and Mrs. Jean Arnold, Salina and Lydia of Union, South Carolina; Mr. and Mrs. A. D. Arnold, Mr. and Mrs. Carroll Garrison and Jerry, Mr. and Mrs. Buck Hardin, Wendell, Ann, Linda and Marilyn enjoyed a family picnic in Palo Duro Canyon Monday evening of last week and attended "Thundering Sounds of the West" in the Pioneer Amphitheatre.

Mr. and Mrs. Ewel Jones of Kress spent Sunday with his cousins, Mr. and Mrs. Floyd Williams, Annette and Martina.

Mr. and Mrs. Riddell Hutsell and children left for their home in Miami Springs, Florida on August 7, after having spent some time visiting his parents, Mr. and Mrs. R. C. Hutsell, and other relatives. Sally and Ricky Hutsell, who remained for a longer visit when their parents returned home, left by plane from Lubbock Tuesday for their home in Miami Springs.

Willard Vardell recently attended the funeral of a friend, Glenn Davis, in Pecos.

Mrs. Berta McDonald of Kansas City, Missouri, is spending the summer with her daughter and family, Mr. and Mrs. Frosty Bishop in Lubbock, and with her sister, Mrs. Cass Fowler in Silverton.

Floydada Club To Present Style Show

The 1962 Junior Study Club of Floydada extends a cordial invitation to the citizens of the South Plains to attend its first annual CAVALCADE OF COTTONS on Friday evening, August 27, 1965 at the Floydada High School. Unique displays of the countless uses of cotton and its by-products will be available for public viewing in the high school cafeteria at 7:00 p.m.

At 8:00 o'clock the evening's activities will feature a first showing of new fall and winter fashions for every member of the family as well as many home decorator items which are all-cotton products. Mrs. Joe Taylor of Lockney, the Caprock District Junior Director, will be the fashion commentator. Outstanding entertainment from the area will be featured in this portion of the program.

After the evening's fashion and home decorating highlight, the displays will once again be open and free coffee will be served.

This entire evening of information as well as entertainment may be enjoyed for only \$1.00 for adults and 50¢ for children. Preschoolers will be admitted free when accompanied by their parents. Tickets may be purchased in Floydada from members of the 1962 Junior Study Club or at the door. Drawings for door prizes will be held during the evening. Bring the entire family for a delightful time at the CAVALCADE OF COTTONS.

CHANGE-OF-LIFE...

does it fill you with terror ...frighten you?

READ HOW COUNTLESS WOMEN HAVE FOUND THE WAY TO OVERCOME CHANGE-OF-LIFE FEARS

Have you reached that time of life when your body experiences strange new sensations—when one minute you feel enveloped in hot flushes and the next are clammy, cold, drained of energy, nervous, irritable? Are you in an agony of fear? Too troubled to be a good wife and mother? Don't just suffer from the suffocating hot flashes, the sudden waves of weakness, the nervous tension that all too frequently come with the change when relief can be had.

Find comforting relief the way countless women have, with gentle Lydia E. Pinkham Tablets. Especially developed to help women through this most trying period. In doctor's tests 3 out of 4 women who took them reported welcome effective relief. And all without expensive "shots."

Don't brood. Don't worry yourself sick. Get Lydia E. Pinkham Tablets at your druggists. Take them daily just like vitamins.

FORT RICHARDSON

... a long time between paydays!

Across the western face of Texas, the brooding ruins of forts . . . here and there a restored barracks or hospital bring back a bloody page in history. A history that tells of marauding redskins thundering southward from Indian Territory, killing in their wake, pushing on to the Mexican border. A history that tells too of the hard and lonely life of the U.S. Army troopers who manned these strategic forts.

Fort Richardson, near Jacksboro, was one of the more important of these outposts. Here Kiowa Chieftains Satanta and Big Tree were incarcerated before their trial for a bloody massacre. But life in all frontier posts was much the same . . . best expressed by the soldiers themselves, "a long time between paydays."

BUT IT ISN'T SO FAR BETWEEN PAYDAYS NOW . . . with U. S. Savings Bonds!

Today, there can also be a long time between paydays for those who have not established the thrift habit. But through the U.S. Savings Bonds program you can take care of this situation quickly and effectively.

For example, with as little as 63¢ a day you can buy an \$18.75 Savings Bond every month. Keep this up for 40 months and you'll own a stack of Bonds worth \$1,000, at maturity, which cost you only \$750 in easy installments.

Buy U.S. Savings Bonds every payday automatically through the payroll savings plan.

Gordon Alexander chauffeured his wife and two other pioneer residents of this area in the parade here last Thursday afternoon. Pictured from left are Mrs. Tina Schott, Mrs. Cass Fowler, Alexander and Mrs. Alexander, as they boarded the 1919 model automobile which was the parade entry of the Briscoe County Historical Society museum committee.

—Briscoe County News Photo

Some May Not Know, But Gordon Alexander Remembers How To Crank A 1919 Model 'T'

by Mary Ann Sarchet
Gordon Alexander proved last week that there is no substitute for experience. Even though some years have passed since folks traveled in automobiles of the 1919 vintage, he still hasn't forgotten how to crank and drive one!

The car was borrowed from Dick Guest of Floydada (son-in-law of Mr. and Mrs. Pete Chitty) to be used as the Briscoe County Historical Society museum committee's entry in the parade held Thursday afternoon. When it arrived and time came to start it up, it was

Gordon who had to do the job. Riding with Alexander in the parade were his wife, Ora, Mrs. Cass Fowler and Mrs. Tina Schott. Mrs. Ora Alexander came with her parents, the late Mr. and Mrs. A. P. Donnell, to Briscoe County in 1891. She and Gordon live on the place Mr. Donnell filed on when he came here.

Gordon came to Hall County in 1891 with his parents, the late Mr. and Mrs. S. G. Alexander, and he moved to Briscoe County in 1910 after his marriage to Ora. They have made their home here since except for about six years.

Mrs. Schott came to Briscoe County on July 1, 1894, with her parents, the late Mr. and Mrs. J. F. Kitchens. She married the late W. E. Schott, sr. in 1907, and has lived here continuously since settling here in 1894.

Mrs. Fowler came to Briscoe County with her parents, the late Mr. and Mrs. J. H. McClendon, in the spring of 1891. Her father had come here in the fall of 1890, and moved his family here the following spring. She was married to the late Clay C. Fowler.

When a summer shower came up as the parade was forming Thursday afternoon, someone in the crowd remarked, "Bet Gordon will have the side curtains up when he comes by." This writer thinks that if he had had the curtains and had wanted them up, he would have just hopped out and put them up. Doubt that he has forgotten how to that either.

The Briscoe County Historical Society, of which Mrs. C. O. Alford is chairman, is undertaking at

the present time to establish a museum in Briscoe County which will house relics of the early days. Doubtless, the four pioneers mentioned will be able to recognize, identify and remember using much of what will be placed in the museum. Their combined knowledge and memories of pioneer days in the Texas Panhandle are priceless.

Mr. and Mrs. Kemp Thompson of Vega attended the parade and barbecue here last Thursday.

Mr. and Mrs. Melvin Cook and Dean of Amarillo visited her mother, Mrs. A. G. Stevenson last Friday.

Mrs. Annie Williams, Mr. and Mrs. R. E. Sweek and Willard Vardell were in Anardarko, Oklahoma,

Saturday to attend the funeral of their uncle, S. A. Walls. Mrs. Walls was a sister to the late Mrs. J. J. Vardell.

Mrs. Mildred Bennett of Monahans visited over the weekend with her sister, Mrs. J. H. Burson, other relatives and friends. Mrs. Maggie Ziegler was also a visitor with Mrs. Burson last week.

What! An extension telephone in the barn?

Time was when a telephone in the barn was the last thing you'd ever expect. Not so today. Many of our rural customers have extension telephones in barns, stables and poultry houses, to save time and trouble just as city people do. Here is another example of how Communications can be your Tool for Progress. For full information about our many communications services, please call our Business Office.

Strong Claims

backed by facts

Our local business firms are in good shape to back up strong claims of giving you **MORE VALUE FOR YOUR MONEY.**

Because . . . It's a simple fact of economic life that home merchants have about a 30% head start on their out-of-town competitors in the run for our money.

This is true because near 30% of every dollar spent at retail goes to support and to build up the prosperity of the community in which it is spent . . . and you benefit from the work done by that part of your money **ONLY** when you live and do business in that community.

Where goods, service and price offered by home stores and by the out-of-town stores are otherwise equal . . . the **HOME DEAL** is still close to one-third better . . . and may be many times better for you . . . as bigger trade volume at home prospers the area where **YOU** live . . . and make your living.

CARDS OF THANKS
 Our sincere thanks to Tomlin-Fleming Gin, Davis Drilling & Pump Company and Brown-McMurtry Implement Company for the use of facilities, trailers and tractors to pull our float entry in the parade last week. Without your cooperation, our floats could not have been entered in the parade.

Thanks als to Mrs. Lem Weaver, Mrs. Bill Edwards and Mrs. Farris Martin, who were our "baby-sitters" on our children's float. L. O. A. Junior Study Club

Please accept my sincere thanks for all the cards, visits and other kindnesses during the time I was in the hospital and since I came home. All were greatly appreciated.

How to save for a rainy day and help your country now

Sometime, you may have an emergency which will affect the future of your family. It's kind of comforting to have a fund standing by to help you meet that emergency.

Your country also has emergencies to meet in the day to day job of keeping peace and standing up for freedom.

You can help meet both needs with U. S. Savings Bonds.

Your fellow Americans are already holding \$47 billion in Savings Bonds—for rainy days, and sunny days, too. Why not join them? And see if you don't feel pretty good about it.

Buy Bonds on the Payroll Savings Plan where you work. Or at any bank. No charge for the service.

Keep freedom in your future with **U.S. SAVINGS BONDS**
