Sophomore Class Elections Held

by Nancy Long The Sophomore class met recently to elect officers and Student night? Council representative.

Randy Cantwell was elected as Sophomore representative to the Student Council. Tim Mattheus was elected president; Mary Whitfill, vice president; Ricki Bingham, secretary; and Nancy Long,

BACK THE OWLS The bonfire Thursday night was proclaimed a big success. The students showed a lot of spirit and enthusiasm led by the real "spirit builders," the cheerleaders.

The winning spirit is an important ingredient in a winning team.

School Daze

Now we know what color of make-up Randy, Jimmy and John like. Randy likes green eye shadow -- it goes well with his blue eyes. Jimmy likes light pink lipstick. John likes gray eye-lined-it does wonders for his big brown eyes.

Ricki Bingham makes a perfect armrest for William while going down the hall.

Ask Kathy why she has BON-FIRE ankles.

Roy Ann has reminded Mr. Rampley that she is still waiting for the boy friend he promised he would find for her last year.

Coaches, why was it so hard for Ruth Ann to get the girls to RUN around the bonfire Thursday

-CLIP AND SAVE!-

Red, white, & blue chip investment

You won't get rich overnight buying U.S. Savings Bonds. But for the long run, they make an excellent investment.

You get a guaranteed rate of interest-33/4% when held to maturity-so there's no ups and downs to worry about.

You also get certain tax advantages since Savings Bonds aren't subject to state or local income taxes and the federal tax can be deferred until the Bonds are cashed.

But probably most important is that Bonds pay off in more than dollars. When you get your Bond investment back you know it has helped Uncle Sam strengthen the cause of freedom (your cause) all around this troubled world of ours.

Every **S** You Spend Is a Vote FOR or AGAINST BALLOT L BOX Your Own Future Prosperity

Spend a dollar here at home and it's a vote FOR the improvement of your own individual well-being.

Because it's a dollar that keeps on working for you . . . circulating and creating more trade volume in your own community.

Trade volume that makes YOUR business better, YOUR job more secure, YOUR schools and churches better, YOUR local investments more valuable and profitable.

Spend a dollar away from home and it's a vote AGAINST the life and growth of this community . . . the prosperity of which has much to do with the kind of living that YOUR work will provide for you.

PAGE SEVEN

Many small town folks have helped to vote themselves out of business, out of jobs, and out of investments which were the savings of a lifetime, by casting their S-ballots AGAINST the community in which they live.
