All Around the Town

by Mary Ann Sarchet

The News Office will be closed next week. We will be on a trip to Grand Assembly in Corpus Christi with about 25 Rainbow Girls from Silvertown and Lockney. Charles and the driver doubtless will have lots in common as they listen to "girl talk" on the twelve-hour trip. We'll be leaving by chartered bus at about 10:00 p.m. Saturday and will return home Thursday evening.

Making the trip from here as sponsors are Durene Nance, Dorothy Bomar, LaVerne Long, Diane Davis and ourselves. The girls going from here are Carron Montague, Jane Self, Janet Montague, Gail Mayfield, Nancy Long, Roy Ann Bomar, Barbara Lynn Davis and Nancy Nance.

While we are away we are also planning a trip to Padre Island and a side trip to the LBJ Ranch. The new ranch road was opened back in May, and we hope to see some of that beautiful Pedernales River country that was shown in the program on the President which was on television last month. The group will be attending Grand Assembly Monday through Wednesday.

Farmers Union Local Hears State Report

The Silvertown Local unit of the Texas Farmers Union met in regular session in the P.C.A. community room June 7, with Fred Mercer presiding.

The Briscoe County president, G. A. Elms, presented reports of the state board of directors meeting of the Texas Farmers Union held Saturday, May 21, in Mineral Wells.

The seventy-member board of directors approved a letter to President Johnson urging him to favor income tax reforms "that will discourage non-farm and hobby interests from speculating in agricultural land where such speculation is destructive of family farm agriculture."

Citing a recent study by two Texas A&M University professors, the letter points out that "land prices continue to rise in spite of the fact that net farm income has declined during the period 1947-1949 and 1963, which was the period covered in the study." This, according to the letter, has created an "unhealthy" situation in which "family farmers are no longer able to compete for land ownership."

"Inflate land prices are a detriment rather than an asset to the operating farmer who must consider a return on his land a part of his operating expense. This is particularly true of the young farmer who must rent land. . . High land prices and speculation by hobby farmers make it difficult for the tenant farmer to rent land at a price he can afford to pay at present farm price levels."

"It is further hoped that price support and payment levels on other commodities which are provided with additional acreage to meet foreign commitments will reflect parity income to the farmer, as is the case regarding labor and industry when industrial goods are produced for export."

The board approved a letter to Governor Connally, urging him to consider the problems facing livestock producers in Texas, so that he might use his leadership and influence to help the hog producers of Texas.

The next regular session of the Silvertown Local will be July 5, according to Mrs. Fred Mercer, reporter.

Decision Made To Continue With Project

A meeting of the "Project Youth" planning group was held Thursday night, and Jack Strange reported that he, Dee McWilliams and Bryant Eddleman had deter-

mined that it would cost from \$13,000 to \$15,000 to repair and recondition facilities at the local drive-in theatre.

After a lengthy discussion, it was decided to sell shares in the theatre company for \$150.00 a share. The checks given for this purpose are being held at First State Bank to see if there is enough interest to continue with the project.

Anyone interested in supporting this project is asked to contact Jack Strange, Jimmie House, Hugh Nance, Dee McWilliams or Bryant Eddleman.

Another meeting is planned for Tuesday, June 21, at 8:00 p.m. in the county courtroom.

PVT. JOE EDD MILLS

Last Rites Today For Former Resident

Funeral services will be conducted at 2:00 p.m. today (Thursday, June 16) at the First Baptist Church, West Broadway at Crosby, in Tulia for Pvt. Joe Edd Mills, 19, a former Silvertown resident.

The soldier died in an army hospital at Fort Dix, New Jersey, Monday morning after becoming ill last week. His parents, Mr. and Mrs. Edgar Mills, were notified late Sunday that their son was suffering convulsions, and after his death it was learned that he had had encephalitis. He had been in an isolation ward since last Friday.

The boy was born January 5, 1947, in Tulia. His parents, who are both Silvertown High School graduates, were living in Silvertown at the time of his birth.

The family moved to Tulia in 1950, and Mills graduated from Tulia High School in 1965.

He was a past master counselor of the Order of the DeMolay. While in high school, he worked three years as an announcer for radio station KTUE in Tulia.

He enlisted in the Army January 3, and took his basic training at Fort Bliss at El Paso. He reported to Fort Dix April 2 after a three-week leave which he spent at home.

At Fort Dix, he had just completed advanced infantry training and was scheduled to report to Fort Sill, Oklahoma, July 24, to attend Officer Candidate School.

Survivors, in addition to his parents, include a sister, Ann, of the home; his grandmothers, Mrs. Ola Mills of Tulia and Mrs. Bertie Neatherlin of Anson. Martha Mills of Silvertown is a cousin of the deceased.

More Rain, Hail Received Here

Rainfall received here Tuesday night officially measured 1.90 inches. Other rain gauges measured upward of two inches.

Some small hail fell on the town section and damaging hail was reported in some rural areas.

The wheat harvest is halted in most areas until some drying takes place.

In other agricultural news, the spraying of grasshoppers in the ranching portion of the county has proceeded well at hours of the day when winds have been calm enough to permit spray operations.

Five spray planes covered more than 10,000 acres early this week and a good kill is being reported with some 'hoppers still dying.

Provision of 1967 Wheat Program Are Announced

"These provisions for next year's wheat crop will assure increased production of needed wheat and at the same time will bring producers more income," Secretary of Agriculture Orville L. Freeman said recently.

Farm allotment notices will be sent to producers shortly.

Key factors in the 1967 program are:

A. Price-support loan level will be \$1.25 per bushel.

B. Domestic marketing certificates on estimated 520 million bushels will be valued at difference between full parity as of July 1, 1967, and \$1.25 loan value. (This year's certificate value for the 1966 crop will be about \$1.32 per bushel.)

C. Marketing certificates to be issued represent expected production on 40 percent of farm allotments on cooperating farms, which reflect increased 1967 national allotments of 59.3 million acres announced earlier. (For 1966 this allocation percentage was 45 percent on effective national allotment of 51.6 million acres.)

D. There will not be acreage diversion program for wheat. Cropland Adjustment Program as it applies to wheat will be announced later.

E. Wheat may continue to be planted on feed grain acreage on farms participating in both programs and feed grains may be planted on wheat allotment acreage. Producers will be able to substitute wheat for oats and rye on same basis as in 1966 program.

Road Crash Fatal To Clarendon Man

The Rev. Joe Winston Allison, 50, of Clarendon was killed and two other persons were injured in a head-on collision Thursday morning 12 miles east of Silvertown on Highway 256.

Highway Patrolman D. J. Black of Tulia said the Rev. Mr. Allison was driving west when his car was in a collision with a truck loaded with fertilizer.

Driver of the truck was Arnell Green, a Negro from Littlefield.

If barley included in 1967 feed grain program, wheat can be substituted as in prior years. If it is not included, wheat can be substituted for barley in same manner as for oats and rye in past programs.

F. "Excess wheat options" contained in the 1966 program will be continued in 1967. Under this option, producers can plant in excess of their allotment acreages and be eligible for certificates and price support loans, provided wheat acreage does not exceed allotment by more than 50 percent, excess production is stored and farmer complies with other terms and conditions similar to those in effect in 1966.

G. Program participation requirements for 1967 will be same as in 1966 except there will be no required or additional diversion. Off-setting and cross-compliance requirements also will be same as in 1966.

Since there will be no acreage diversion under the 1967 program, production of alternate non-surplus crops will not be possible as was case in prior wheat program years.

USDA also announced that resale policy for CCC-owned wheat for 1966 crop marketing year beginning July 1 of this year will be continued as announced in December 1965. Wheat will continue to be offered at market prices but not less than 108 percent of loan rate plus carrying charges. The 108 percent markup represents about same margin in cents above loan rate as 105 percent did in past when loan rates were at higher levels.

May estimate of wheat supplies for coming year approaches 2 billion bushels. At estimated rates of usage, total wheat carryover on July 1, 1967, will be below the carryover on July 1, 1966.

CCC uncommitted stocks of wheat at end of May totaled 307 million bushels. In addition, about 65 million bushels wheat stored on farms under resale farm

His wife, Beulah, a passenger in the truck, was transferred to Northwest Texas Hospital in Amarillo with serious injuries. Her husband was released late Thursday from Swisher Memorial Hospital.

The Rev. Mr. Allison moved to Clarendon two years ago from Pampa, where he had been pastor of the Highland Baptist Church. He was employed as a sales representative for a church architectural firm in Cleburne. At the time of the accident he was enroute to Silvertown, Tulia, Kress and Hereford on business. His firm is planning the proposed building project for First Baptist Church here, and he had met with the church membership on Wednesday night.

He was a member of the First Baptist Church in Clarendon and was a World War II veteran.

Survivors included his wife, Ernestine; two daughters, Lanette and Nelda, of the home; his father and stepmother; four half brothers and three half sisters.

Mrs. Hardin To Head Young Homemakers

The Young Homemakers met Thursday night, June 9, 1966, and elected Virginia Hardin to serve as their president for the coming year.

Other officers elected were Joni Mayfield, first vice president; Elaine LaBaume, second vice president; Pat Fitzgerald, secretary; Glenda Francis, treasurer; and LaTrilla Flowers, historian. Installation of officers will be at the Elm Tree Inn in Tulia in August.

Bobby Jack Hamm, owner of Midway Drive In at Quitaque, donated four show tickets to the Young Homemakers to be given as prizes at "Teen Time."

Mr. and Mrs. J. W. Reid, Rebecca, Nancy and Bill spent a recent weekend in Lubbock, where Rebecca was a finalist in the "Our Little Miss" pageant. Rebecca was among 38 little misses who modeled play clothes and party dresses at the Lubbock Theatre Center.

price-support loan as of April 30. About 45 million bushels of 1965-crop wheat still outstanding under loan as of that date.

HOME NOTES

by Becky Hall
Home Demonstration Agent

June traditionally is observed as "Dairy Month," and one way that homemakers can show their appreciation to the industry is to use more milk and milk products all through the year.

Milk is one of nature's most perfect foods. It is outstanding as a source of calcium, protein, vitamin A and riboflavin, the "big four" ingredients which make milk important in the diet. If you put the cost of milk on a nutri-

tional basis, it's almost impossible to find an equal. Milk is a far more concentrated food than many of us realize. Actually, it contains 13 percent solids by weight—more than many of the so-called "solid" foods.

So don't pass the dairy foods section in your favorite grocery store without considering their health-giving value and cost in relation to other foods.

According to the "Food for Fitness" Guide, children need 3 to 4 cups of milk daily, teenagers 4 or more cups of milk daily, and adults 2 or more cups of milk

daily. One way you homemakers can increase your family's milk intake is to add up to 1/2 cup of concentrated dry milk to almost any of your baked products, gravies and cream soups without a flavor or texture change. But you have made a considerable nutritional change. Senior citizens need to remember that you, too, need some milk daily unless otherwise directed by your physician. If you are in the market for appliances the outlook is good. A steady price decline has been the rule for appliances, television and radio in the last five years, in contrast to most other consumer products.

Homemakers who are in the market for new appliances should evaluate the new accessories carefully. Frequently a rise in price is related to an engineering change in top-of-the-line models or an accessory that may or may not have advantages for you. Later, such accessories may be included in less deluxe models with lower price tags.

Some new features in household equipment this season includes:

Refrigerators have emphasis placed on design and styling. No-frost models are still higher in price than the manual defrost and automatic defrost types, but lower than when first introduced. Features also include automatic ice makers, a seven-day meat keeper, adjustable shelves and increased movability of the refrigerator.

Ranges with easy-cleaning features are popular. Many have removable Teflon-coated panels or removable over liners. Intense heat self-cleaning ovens, lift-off oven doors and oven rack supports, top heating units and cooking surfaces. More ranges are featuring programmed cooking, no-turn broilers and meat probes.

Vacuum cleaners of the new cordless type are approximately \$50 higher than the regulation type. Running time is less than an hour and recharging time is about 17 hours. Built-in vacuum cleaning systems are now available for homes.

LANHAM - DUNHAM VOWS REPEATED IN PRETTY CANDLELIGHT CEREMONY

Double ring wedding vows were solemnized at 6:00 p.m. Thursday in the First Baptist Church by Miss Clenda Sue Lanham and Freddie Scott Dunham. Rev. Clyde Cain directed the exchange.

Parents of the bride are Mr. and Mrs. Johnnie Lanham, and the bridegroom is the son of Mrs. Gene Morris and the late Scott

Dunham.

The bride was attended by her sisters, Mrs. Roger Allen of Austin and Miss Ian Lanham. They wore identically styled floor-length skimmer dresses of ivory lace over yellow taffeta, tied at their empire waistlines with ribbons and with streamers in back. They wore matching fabric bows

in their hair and carried fans to which were attached arrangements of yellow rosebuds.

Given in marriage by her father, the bride wore a long sheath gown of Italian cotton pattern lace with a voile midriff. The back of the gown was accented by a detachable airy chapel-length train with lace appliques. Her matching lace mantilla was secured by a crystal trimmed pillbox. Her bridal bouquet was a white orchid surrounded by yellow rosebuds and was carried atop a lace-covered white Bible.

Best man was Walter Lynn Dunham of Silverton, brother of the groom. Groomsman was John Howard Burson of Canyon. Ushers were Benny Bingham of Amarillo, Charles Christian of Canyon, Dave Schott and Jim Reid.

Flower girl was little Miss Jill

Traditional wedding selections were played by Mrs. L. B. Garvin, jr., organist, who also accompan-

Vows were repeated before an arch and gateway decorated with fan-shaped arrangements of white gladioli and greenery intermingled with yellow roses. Candelabra with votive cup candles framed the nuptial area and the aisles were marked with tapers.

The reception was held immedi-

ately following the ceremony in the church fellowship hall. The bride's table was laid with net over white taffeta and held the tiered wedding cake which was flanked by white candles. Mrs. Jim Reid of Amarillo was in charge of securing names for the bride's book, and Miss Lyneth Becker of Richardson, Miss Nancy Sutton of Amarillo and Mrs. Jerry Baird served refreshments.

For traveling, the bride chose an Irish linen coat dress which she had designed and made, black and white patent accessories and the orchid from her bridal bouquet.

Mrs. Dunham is a graduate of Silverton High School, and has attended the University of Texas and Texas Tech. She is attending summer school at West Texas State University and plans to continue her studies at Tech in the fall. At Tech she is a member of the Home Economics Club and has served as food representative for Clement Hall.

The bridegroom is a graduate of Silverton High School, has attended Tarleton State College and expects to receive his degree in agri-business from West Texas State University in August. He is an officer of the Block and Bridle Club at WTSU.

The couple will be at home at 2400 9th Avenue in Canyon this summer.

MERCER - CHASE VOWS EXCHANGED IN ABILENE CHURCH SERVICE

Miss Peggy LaVerne Mercer and George Edward Chase, Jr. were united in marriage at 3:30 p.m. Saturday at Crescent Heights Baptist Church in Abilene. Dr. Lindell O. Harris, professor of Bible at Hardin-Simmons University, read the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Frank Mercer and the bridegroom is the son of Mr. and Mrs. G. E. Chase, Sr., Abilene.

Given in marriage by her father, the bride wore a floor-length white gown designed with scooped neckline and fitted bodice. Her long sleeves ended in petal points over her hands, and the skirt had a chapel-length train attached at the waist. A lace mantilla completed her ensemble. Her bride's bouquet was an arrangement of yellow roses.

The maid of honor was Miss Jerry Taylor of Stamford. Other attendants were Misses Linda Patterson of Abilene and Tommie Mae Jordan of Kenosha, Wisconsin. They wore identically-styled yellow street-length dresses fashioned with fitted bodice and A-line skirts. The attendants wore hat rings with yellow net and carried arrangements of white carnations.

For traveling, the bride chose a yellow linen suit with matching accessories and a corsage lifted from her bride's bouquet.

Both the bride and groom are students at Hardin-Simmons University. The bride is a graduate of Silvertown High School and is a junior at H-SU. Mr. Chase is a graduate of Abilene High School and is also a junior at H-SU. He

THE OPEN DOOR

by Rev. Clyde Cain

Behold, I have set before thee an open door . . . " Rev. 3:8

The following article appeared in the Christian Crusader, October 1964, by Jack Barron:

Noticed several weeks ago in newspaper a letter written by unhappy woman who wrote her husband thought it funny to make their pet cat drunk continually pouring gin in its bowl. The distressed woman complained that she didn't think it was doing the cat a bit of good the cat would dance like mad, stagger around in circles, and finally fall in a heap in a corner to go to sleep.

Besides the woman reported, the cat was now losing all her hair as a result of the gin diet, what did a cat look like without any hair?

Immediately letters poured into newspaper from aroused readers all over the country denouncing the husband, and suggesting

various degrees of punishment for a man who would be so cruel to animals.

Perhaps I have a warped sense of humor, but the reactions of the readers struck me as ironically funny. Give an animal liquor and you are considered cruel. Give a man liquor and you are considered sophisticated. Let an animal reel, act foolish, fall in a drunken stupor, and immediately it is an occasion for readers from coast to coast to howl protest. Let a man do the same thing and we simply ignore it.

We wouldn't give liquor to a dog—it is inhumane. Yet we give it to our sons and daughters, and with all of the advertising media at our command we continually encourage him to drink.

It's not fit for a dog or a cat, but it is fit for our children. HOW CRAZY CAN WE GET?

Isn't this worthy of consideration?

I bought my first Savings Bond 25 years ago

I was 14 years old

**NOW
PAYING
4.15%
WHEN HELD TO
MATURITY**

Mr. Jack Benny, distinguished star of the entertainment world, may not have a computer's memory when it comes to his age, but his dates are accurate about Savings Bonds.

The first Series E U.S. Savings Bond was issued 25 years ago on May 1, 1941, by Secretary of the Treasury Henry Morgenthau to President Franklin D. Roosevelt.

Mr. Benny was already famous as a radio comedian (the youngest in the business, by his own admission). And in the years which followed, he proved himself to be a good friend of the Bond Program, not only buying Bonds, but helping to sell them to the American people.

Through his efforts and those of countless other volunteers in radio and TV, stage and screen, and in all walks of life, the American people have bought more than \$150 billion in Bonds.

Of these, about \$100 billion have been cashed in for emergencies, homes, retirement, etc. The balance is being held by tens of millions of American families—a star-spangled nest egg for the future.

Why not start building your nest egg with Savings Bonds—for yourself, and to back up our men in Vietnam. But give it a chance to build up by starting young. Like Jack Benny.

NOW—Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.
