**All Around the Town**  
 by Mary Ann Sarchet

(from the Canadian Record)  
 With a late start, a relatively unknown candidate, and a well-financed Republican opposition, Democrats of the 18th Congressional District face an uphill battle to retain their congressional seat in November.  
 But Amarillo District Attorney Dee Miller, who got the nod and the nomination from the thirty county Democratic chairmen of the district is young, personable, energetic and just might be able to get the job done.  
 Miller has a few things going for him to offset his obvious disadvantages, and one of his best assets may be his youth.  
 Dee Miller hasn't been in politics long enough to develop any lasting political enemies, or to acquire any records of non-performance which he might have to live down. He presents the public image of a clean-cut young American who, with his twin brother, was a star athlete at Borger High School not too many years ago. A relatively recent law school graduate, he has held the DA's post at Amarillo just long enough to establish the image of a hard-working young prosecutor doing a capable job.  
 And his friends among some of the more experienced attorneys around the area say the public image is the real one.  
 None of this can hurt him as a political candidate. Whether it is enough to help him is going to have to depend on the hard-working campaigning of Dee Miller himself to a considerable degree.  
 We hope that he works and that it does.  
 If Dee Miller is the up-and-coming politically-moderate young man that the Democratic elders obviously believe him to be, and if the voters can be convinced of it in time to give him a majority at the polls in November, he may well be just what the 18th District needs. For youth, in this race, is important right now. Effective Congressmen are not created overnight—at the polls or in the Congress—and no freshman Congressman is going to set any worlds on fire. It's staying power that counts in the House of Representatives and while ability is important, so is seniority.  
 If the Democrats can elect Dee Miller this year and if he's got the stuff to win re-election two years from now, the party may be able to develop this young man into a valuable asset for his district, his political party, and his nation. We hope he can, we wish him luck, and we intend to give him the most effective support we can toward making a start on the job by voting for him at the polls in November.

## Why You Should Join The F. H. A.

by Vicki Vaughan

Will you be beginning high school this coming fall as a Freshman? Perhaps this will be your first year at S.H.S. because you have just recently moved here?

At the beginning of each year there are always the problems of what clubs to join. Some kids join all the clubs open to them just to be in on everything. Some join because they have nothing else to do. Some because their friends do. But no matter what your reason, you will probably join some. I urge you to join the Future Homemakers of America.

You ask, "Well, why should I join F. H. A.?" I'll tell you. First of all there is one reason why almost everyone joins F.H.A. I can sum it up in three short words — the Sweetheart Banquet. As everyone knows this is THE event of the year in Silverton High, and almost everyone goes, because the girls ask the boys — and who would miss a chance like that!

Second, there is the fact that we have so many other activities to participate in. There is the Get Acquainted Party in September for the Freshman girls. There is our Halloween Booth at the Halloween Carnival in October. All of us come up to the lunchroom and bring all kinds of goodies from different countries to the Around the World Dinner in November. In December we begin plans for the Banquet, and by January the plans are really well underway. January is also the month we select our F. H. A. Beau and discuss Daddy Date Night. At last we have the long-awaited, hard-worked-for, anxiously looked forward to Sweetheart Banquet. In March we elect new officers for the next year and they get to attend the Area Workshop in Lubbock during the summer. The president gets to go to the State meeting with the voting delegate, and we can all go to the Area meeting in Amarillo. In April there is National F. H. A. Week when we attend church together on Sunday, and have Leader's Appreciation Day, Teacher Appreciation Day,

### WHAT IS A SCHOOL LUNCH?

In the primary grades it's a threat: "You can't go out to play until you eat." In the elementary grades it's a contest:

"My plate's clean first; can I have my seconds now?" In high school it's a tool for asserting new-found sophistication:

"I can't eat this slop." In the faculty room, it's a wail: "If I eat it, I'll get fat."

In the kitchen it's a worry: "Will they like it today?" To the manager it's a challenge: "How can I make it on this budget?"

To the Federal Government it's a Type A Meal:

1 glass of milk, 2 ounces of protein food, 3/4 cup of fruit or vegetable, and bread and butter. To a busy mother it's a blessing.

Silverton Lunchroom workers this year will be Bula Baird, manager; Georgia Thornton, Lessie Baird, Fern Parker, Kathryn Stanford and Dorothy Crossin, helpers and cooks.

**LUNCHROOM MENU**  
August 29 — September 2  
Monday

Spanish rice and ground beef, cole slaw (cabbage, carrots, raisins), cherry cobbler, bread, butter and milk.

Tuesday  
Sandwiches—Grilled cheese or Tuna fish, buttered mixed vegetables, fruit, plain cookies, bread,

and the Grandparents' Tea. In May there is the Mother-Daughter Banquet and the officers' installation. So you see, we have a full year in F. H. A. and we enjoy every minute of it, even the tedious decorating for the Sweetheart Banquet.

But there is another side of F. H. A. This is the side that teaches you responsibility and appreciation for being a woman who will someday have a home of her own. It teaches you respect and love for those around you. It teaches you to "face the future with warm courage, and high hope," as our creed says.

So you see, you have every reason in the world to join the Silverton Chapter of the Future Homemakers of America. Won't you? We will welcome you warmly.

### HOME NOTES

by Becky Hall

Home Demonstration Agent

It has been a rewarding week with visits to prospective 4-H Ad-Project Leaders. We should have several names to release to us soon. I wish we could promise more affluence or a nice nest of cash for working with youngsters, but we can promise that it is very rewarding. There are so many intrinsic satisfactions in having a small part in the growth and development of a young person. If you can possibly change your schedule to work one of these groups let us know, for you will gain as much as we give.

We've surely been enjoying the

cucumbers Mrs. Elton Cantwell gave us the other day. It seems I happened along at just the right time. She had a nice box of cucumbers for door prizes at a party she had given that morning and several were just waiting for a taker.

We've had several calls lately for "pickle and relish" bulletins and the one on "How to Make Jellies, Jams, Preserves, Marmalades, Butters at Home" MP-279. If you have need of either call us 4271 and we will be glad to mail one to you. Mrs. Eugene Long has a good grape jam recipe. Icephein, we like it and thank you for sharing with us.

Some of the 4-H Goods Project groups are finishing up their units before school starts. Joni and Kathy Self, junior 4-H Foods Project

Leaders were covering several lessons with their groups last week. Also, Mrs. Dale Smith is planning to finish her unit soon. Now is a good time to finish up the foods and clothing projects for this year so the 4-H members can work in child care, home management, money management, and public speaking projects this fall.

What's better than one hot dog? According to 18 million young people who participate in the National School Lunch Program in the United States, 389,500,000 hot dogs are! That's the number they consume during a school year.

The number of hot dogs devoured in public school lunch programs during the 1965-66 school year would weigh 85 times more than the Statue of Liberty, accord-

ing to a spokesman of the Sausage Council of the National Live Stock and Meat Board of Chicago.

Students usually choose to ignore the nutrition aspect when it comes to satisfying hunger pangs, snacking on only that which is either tasty or filling or handy, says Jacque Filiatreau, secretary for the Sausage Council. He explains that the hot dog is all three, but in addition it contains body-building protein, plus many vitamins and minerals and contains only 146 calories.

The Sausage Council spokesman added that "the hot dog is certainly the noblest dog of all. It feeds the hand that bites it," he quipped.

While it is common to think of the hot dog as reclining in a bun, the versatility and flexibility of the popular food knows no limitations. It turns up in casseroles, salads, pizzas and hors d'oeuvres. Selling more frankfurters is one method of selling more beef, pork, and veal since the meat that goes into sausage products comes from the same animals that produce steaks, chops and roasts.

L. A. McJimsey underwent surgery in Methodist Hospital in Lubbock Tuesday. He had been a patient there since Sunday. Mrs. McJimsey, Mr. and Mrs. Chafe Tipton, Arthur McJimsey, Mr. and Mrs. Raymond McJimsey and Robert McJimsey were at the hospital during the operation.

Mr. and Mrs. G. W. Trout returned to their home here early this week. They spent the summer at their farm near Mangum, Oklahoma.

Mr. and Mrs. Garland Francis and Jace recently returned home from a vacation to Nevada and California.

# What to do while the line is busy

1 Take for granted that whoever is talking on the line will hang up soon.

2 Hope that no one left his receiver carelessly off the hook.

3 Think about how reliable a telephone connection is once you get it. And how Gen Tel is constantly at work to modernize and improve service.

4 Be patient. After all, you may have talked for 20 or 30 minutes once yourself. So decide not to call the telephone company to report an out-of-order phone.

5 Think again about trouble-free telephone service. Then, when you get a line, think of the other party, too.

### Strange - Garrison Vows Exchanged In Formal Church Ceremony Saturday

Miss Kay Strange became the bride of Max Garrison at 7:30 p.m. Saturday, August 20, in the First Baptist Church here. The Rev. Clyde Cain, pastor, officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Norman Strange and Mr. and Mrs. Pascal Garrison, all of Silverton.

Vows were exchanged before an emerald archway decorated with doves, wedding bells and white gladioli. Baskets of white gladioli and candelabra stood on either side of the altar and emerald palms formed the background. The aisle was marked with candelabra tied with yellow ribbon, white gladioli and emerald palms.

Escorted and given in marriage by her father, the bride wore a gown of white French silk designed and made by her mother with long sleeves extending to petal points over her hands and a chapel-length train attached with self bow at the waistline. The neckline and skirt front were appliqued with roses of Alencon lace and this design was repeated on the train. Her shoulder-length veil of illusion fell from petals of illusion outlined with pearls. She carried a cascade of yellow roses surrounding orchids, pearls and wedding lace leaves atop her white Rainbow Bible.

As the bride was escorted to the altar, she paused to present to her mother a rose from her bouquet. As the couple left the altar following the ceremony, she handed a rose to her new mother-in-law.

She carried a linen handkerchief which belonged to her great-grandmother, wore a blue garter and had '47 and '48 pennies in her shoes.

Attending her sister as maid of honor was Miss Diana Strange. She wore a yellow linen dress with self bow at the waistline trimmed with yellow linen lace and had a matching bow in her hair. She carried a colonial bouquet of yellow gladioli and pearls.

Renee Gaunt, cousin of the bridegroom, was flower girl. Darla and Ronnie Strange, cousins of the bride, were candlelighters. Renee and Darla wore dresses of yellow peau de soie with wristlets

of rosebuds and peau de soie rosebuds in their hair.

Mike Holt, cousin of the bride, was ring bearer. Best man was Wayne Nance. Bill Strange, brother of the bride, Garner Garrison, cousin of the bridegroom, Larry McWilliams and Greg Towse seated the guests.

Mrs. Strange chose a pale green silk suit and a corsage of yellow rosebuds for her daughter's wedding. The bridegroom's mother wore a toast silk suit with a yellow rose corsage.

Mrs. Wayne McMurtry was organist, and accompanied Mrs. Clyde Cain who sang "Ah Sweet Mystery of Life," "More" and "Wedding Prayer."

Special guests at the ceremony were the four sets of grandparents of the couple. All four grandmothers and the sister of the bride-

Captain and Mrs. Carol Davis of Aurora, Illinois, are parents of a son born there August 22. He weighed six pounds, one ounce.

Capt. and Mrs. Davis are parents of another son, Alex, 9. Grandparents are Mr. and Mrs. Milton Dudley and Mrs. D. H. Davis. Mrs. H. Roy Brown is the great-grandmother.

Mr. and Mrs. John Howard Burson of Canadian are parents of a son, Robert Coty, born Monday, August 22, at 9:00 a.m. in the Plainview Hospital. He weighed four pounds and fourteen ounces.

John and Robbie Sue have another son, Jaye, three years old. Grandparents are Mr. and Mrs. Johnnie Burson, Silverton, Robert McJimsey of Lubbock and Mrs. Ava Nelle Huffman of Lockney. Great-grandparents are Mrs. J. H. Burson, U. D. Brown, Mr. and Mrs. L. A. McJimsey, Silverton, and Mrs. Della Jacobs, Plainview.

Mr. and Mrs. C. T. Loudermilk returned home Sunday afternoon after having spent last week with her sister, Mr. and Mrs. Dyke McMurry, in Dumas.

Mr. and Mrs. Virgil Crow, Gary and Phyllis recently visited Six Flags, and spent two nights in Arlington and visited relatives there and at Alvarado while away.

groom, Mrs. Gordon Lowery, were ushered in and wore gardenia corsages.

A reception was held immediately following the ceremony in the church fellowship hall. The bride's table was laid with a white tulle overskirt over taffeta. An arrangement of yellow roses in a crystal and white epergne was used. Assisting in serving the three-tier wedding cake topped with wedding bells and yellow roses in cascade design were Misses Margaret Minyard and Tina Weaver. Miss Connie Dudley presided at the guest book. An arrangement of yellow gladioli and votive candles decorated the guest registry.

Others assisting with the reception were Misses Sue Neely, Raye Nell Garrison, Rita Brown, and Mary Lynn Schott.

For their wedding trip to Colorado, the bride traveled in a beige plaid suit with beige accessories. She also wore the orchid corsage lifted from her bridal bouquet.

After September 1, the couple will be at home in College Station, where he is a sophomore student. Both are graduates of Silverton High School, she having finished the requirements for a diploma this summer.

#### REHEARSAL DINNER

The rehearsal dinner was hosted by the bridegroom's parents at the 66 Restaurant Friday, August 19.

#### LINGERIE SHOWER

A lingerie shower honored the bride-elect in the Carman Rhode home on August 5.

The chosen colors of yellow and white were carried out and chips, dips and cold drinks were served.

The girlfriends of the bride made net rice bags for the wedding.

Twenty-five attended.

That Section 62 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a subsection (c) which shall read as follows: "(c) The Texas Legislature is authorized to enact appropriate laws to provide for a System of Retirement, Disability and Death Benefits for all the officers and employees of a county or other political subdivision of the state, or a political subdivision of a county; providing that when the Texas Legislature has passed the necessary enabling legislation pursuant to the Constitutional authorization, then the governing body of the county, or other political subdivision of the state, or political subdivision of a county shall make the determination as to whether a particular county or other political subdivision of the state, or subdivision of the county, participates in this System; providing further that such System shall be operated at the expense of the county or other political subdivision of the state or political subdivision of the county electing to participate therein and the officers and employees covered by the System; and providing that the Legislature shall never make an appropriation to pay the costs of this Retirement, Disability and Death Compensation System. "The Legislature may pro-

vide for a voluntary merger into the System herein authorized by this Constitutional Amendment of any System of Retirement, Disability and Death Compensation Benefits which may now exist or that may hereafter be established under subsection (b) of Section 62 of Article XVI of the Texas Constitution; providing further that the Texas Legislature in the enabling statute will make the determination as to the amount of money that will be contributed by the county or other political subdivision of the state or political subdivision of the county to the State-wide System of Retirement, Disability and Death Benefits, and the Legislature shall further provide that the amount of money contributed by the county or other political subdivision of the state or subdivision of the county shall equal the amount paid for the same purpose from the income of each officer and employee covered by this State-wide System. "It is the further intention of the Legislature, in submitting this Constitutional Amendment, that the officers and employees of the county or other political subdivision of the state or political subdivision of a county may be included in those systems regardless of whether the county or other political subdivision of the state or political subdivision of a county participates in the Retirement, Disability and Death Benefit System authorized by this Constitutional Amendment, or whether they participate in a System under the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as the same is herein amended. Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1966, at which all ballots shall have printed thereon: "FOR the Constitutional Amendment authorizing the Texas Legislature to establish a State-wide Cooperative System of Retirement, Disability and Death Benefits for the officials and employees of the various counties or other political subdivisions of the state, or political subdivisions of a county; providing that the Legislature may provide for a voluntary merger into the system authorized by this Amendment by those officers and employees covered by the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as now existing or may hereafter be established; providing that costs of this System shall be borne by the counties and other political subdivisions of the state and political subdivisions of the county electing to participate therein and the officers and employees covered by the System; and forbidding the Legislature from making any appropriations for the operation of this System." "If it appears from the returns of said election that a majority of the votes have been cast in favor of such amendment, the same shall become a part of the Constitution of the State of Texas. Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and have notice of said proposed Amendment and of said election published as required by the Constitution of Texas, and laws of this state.

**PUBLIC NOTICE**  
**Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT**

**PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.**

**SENATE JOINT RESOLUTION NO. 1** proposing an Amendment to Article IX of the Constitution of Texas by adding thereto a new Section 12; authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, with power to issue general obligation bonds, revenue bonds, or both of them, for the purchase, acquisition by the exercise of the power of eminent domain or otherwise, construction, reconstruction, repair or renovation of any airport or airports, landing fields and runways, airport buildings, hangars, facilities, equipment, fixtures, and any and all property, real or personal, necessary to operate, equip and maintain an airport; shall provide for the option by the governing body of the city or cities whose airport facilities are served by certificated airlines and whose facility or some interest therein, is proposed to be or has been acquired by the Authority, to either appoint or elect a Board of Directors of said Authority; if the Directors are appointed such appointment shall be made by the County Commissioners Court after consultation with and consent of the governing body or bodies of such city or cities, and if the Board of Directors is elected they shall be elected by the qualified taxing voters of the county which chooses to elect the Directors to represent that county, such Directors shall serve without compensation for a term fixed by the Legislature not to exceed six (6) years, and shall be selected on the basis of the proportionate population of each county based upon the last preceding Federal Census, and shall be a resident or residents of such county; provide that no county shall have less than one (1) member on the Board of Directors; provide for the holding of an election in each county providing for the creation of an Authority to be called by the Commissioners Court or Commissioners Courts, as the case may be, upon petition of five percent (5%) of the qualified taxpaying voters within the county or counties, said elections to be held on the same day if more than one county is included, provided that no more than one (1) such election may be called in a county until after the expiration of one (1) year; in the event such an election has failed, and thereafter only upon a petition of ten per cent (10%) of the qualified taxpaying voters being presented to the Commissioners Court or Commissioners Courts of the county or counties in which such an election has failed, and in the event that two or more counties vote on the proposition of the creation of an Authority therein, the proposition shall not be deemed to carry unless the majority of the qualified taxpaying voters in each county voting

thereon vote in favor thereof; provided, however, that an Airport Authority may be created and be composed of the county or counties that vote in favor of its creation if separate propositions are submitted to the voters of each county so that they may vote for a two or more county Authority or a single county Authority; provide for the appointment by the Board of Directors of an Assessor and Collector of Taxes in the Authority, whether constituted of one or more counties, whose duty it shall be to assess all taxable property, both real and personal, and collect the taxes thereon based upon the tax rolls approved by the Board of Directors, the tax to be levied not to exceed Seventy-Five Cents (75c) per One Hundred Dollars (\$100) assessed valuation of the property, provided, however, that the property of the Authority shall be assessed on a valuation not to exceed the market value and shall be equal and uniform throughout the Authority as is otherwise provided by the Constitution; the Legislature shall authorize the purchase or acquisition by the Authority of any existing airport facility publicly owned and financed and served by certificated airlines, in fee or of any interest therein, or to enter into any lease agreement therefor, upon such terms and conditions as may be mutually agreeable to the Authority and the owner of such facilities, or authorize the acquisition of same through the exercise of the power of eminent domain, and in the event of such acquisition, if there are any general obligation bonds that the owner of the publicly owned airport facility has outstanding, the same shall be fully assumed by the Authority and sufficient taxes levied by the Authority to discharge said outstanding indebtedness; and likewise any city or owner that has outstanding revenue bonds where the revenues of the airport have been pledged or said bonds constitute a lien against the airport facilities, the Authority shall assume and discharge all the obligations of the city under the ordinances and bond indentures under which said revenue bonds have been issued and sold. Any city which owns airport facilities not serving certificated airlines which are not purchased or acquired or taken over as herein provided by such Authority shall have the power to operate the same under the existing laws or as the same may hereafter be amended. Any such Authority when created may be granted the power and authority to promulgate, adopt and enforce appropriate zoning regulations to protect the airport from

hazards and obstructions which would interfere with the use of the airport and its facilities for landing and take-off; an additional county or counties may be added to an existing Authority if a petition of five per cent (5%) of the qualified taxpaying voters is filed with and an election is called by the Commissioners Court of the county or counties seeking admission to an Authority and the vote is favorable, then admission may be granted to such county or counties by the Board of Directors of the then existing Authority upon such terms and conditions as they may agree upon and evidenced by a resolution approved by two-thirds (2/3rds) of the then existing Board of Directors, provided, however, the county or counties that may be so added to the then existing Authority shall be given representation on the Board of Directors by adding additional directors in proportion to their population according to the last preceding Federal Census." Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following: "FOR the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars (\$100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters." Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election, and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

## I bought my first Savings Bond 25 years ago

I was 14 years old

**NOW  
PAYING  
4.15%  
WHEN HELD TO  
MATURITY**

Mr. Jack Benny, distinguished star of the entertainment world, may not have a computer's memory when it comes to his age, but his dates are accurate about Savings Bonds.

The first Series E U.S. Savings Bond was issued 25 years ago on May 1, 1941, by Secretary of the Treasury Henry Morgenthau to President Franklin D. Roosevelt.

Mr. Benny was already famous as a radio comedian (the youngest in the business, by his own admission). And in the years which followed, he proved himself to be a good friend of the Bond Program, not only buying Bonds, but helping to sell them to the American people.

Through his efforts and those of countless other volunteers in radio and TV, stage and screen, and in all walks of life, the American people have bought more than \$150 billion in Bonds.

Of these, about \$100 billion have been cashed in for emergencies, homes, retirement, etc. The balance is being held by tens of millions of American families—a star-spangled nest egg for the future.

Why not start building your nest egg with Savings Bonds—for yourself, and to back up our men in Vietnam. But give it a chance to build up by starting young. Like Jack Benny.

**NOW—Savings Bonds Pay 4.15%!**

*Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.*
