The Typographical Error

Is a typographical error
a slippery thing and sly?
You can hunt till you are dizzy,
But it somehow will get by.
All the forms are off the presses,
It is strange how still it keeps
shinks down into a corner
And it never stirs or peeps,
That typographical error,
Too small for human eyes!

All the ink is on the paper
When it grows to mountain size,
The boss he stares with horror,
Then he grabs his hair and
groans
The copy reader drops his head
Upon his hands and moans—
the remainder of the issues
May be clean as clean can be,
but the typographical error
Is the only thing you see.

Happy Thanksgiving, everyone.
You've given us a lot to be thankful
for by putting up with us the
last eight years!

Booklet Available
to Local Students

A 32-page booklet designed to answer the questions of high school students and their parents about college is being made available to Silverton schools as a community service of the First State Bank. It has been announced by Jack Strange.

The booklet titled "What About College?" is divided into two main sections—the first for students and the second to be shared with their parents. It tells students why college education should be their goal and how this can be accomplished. The basic questions of students—where to get information, when to take action, how to make decisions—are all answered in this new reference source.

The special section aimed at parents is entitled "Guide to College Costs". It gives accurate estimates of the cost of a college education and cites ways to save money. It details how to pay for college, how to apply for scholarships and grants-in-aid and how to obtain loans. It also explains the work-study programs offered by many colleges.

Jack Strange stated that, "If the First State Bank—through its sponsorship of this 'What About College?' booklet—helps to influence a single student to enrich himself in higher learning, it will more than justify our sponsorship."

Attend Funeral
of Relative

Mrs. L. C. Yates and Mr. and Mrs. Doyle Stephens were accompanied by Mr. and Mrs. C. H. Allen of Mineral Wells to Jackson, Mississippi. Friday after receiving word that R. L. Allen of Jackson and G. A. (Gus) Allen of Fort Worth had been in a car wreck, R. L. Allen was killed and Gus Allen was seriously injured. R. L. Allen is survived by one daughter, Mrs. J. D. Comfort of Jackson, Mississippi; a sister, Mrs. L. C. Yates; three brothers, C. H. Allen of Mineral Wells, Gus Allen of Fort Worth and Otho Allen of Jackson; four grandchildren and several great-grandchildren.

Funeral Services
held Yesterday

Funeral services for Jarvis L. Nall, 16, who died Tuesday of injuries suffered November 16 while on a Boy Scout outing, were conducted at 3:00 p.m. Wednesday at the First Baptist Church in Tula.

The pastor, Rev. C. N. Rue, officiated, assisted by the Rev. Alon Abraham, pastor of the First Christian Church.

Survivors include his parents, Mr. and Mrs. Jarvis Nall of Tula; two brothers, Donnie and David of the home; a sister, Mrs. Sue McAvoy of Silverton; a half-brother, Lonnie Mitchell of Lubbock; half-sister, Mrs. Beverly Henderson of Colorado Springs, Colorado; grandparents, Mr. and Mrs. C. R. Stevens and Mr. and Mrs. I. L. Nall of Tula.

Mrs. Joe Fred Lemons of Los Alamos, New Mexico, has recently spent several days here transacting business and visiting Mrs. Fred Lemons.

VOLUME 58

NUMBER 47

Referendums Slated By Mail December 5-9

Briscoe County cotton growers

will vote on the cotton referendum

December 5-9 at the same time as

the marketing quota referendum.

Vote will be by mail-in-ballots.

County Agricultural Agent Leon

Grosdidier attended a meeting in

Lubbock recently, where provi-

sions of the Cotton Research and

Promotion Act were explained.

The meeting was one of seven

being held over the state by the

Texas Agricultural Extension Ser-

vice to present educational infor-

mation on the Act.

John Box, Extension agronomist

from Texas A&M, explained to the

group that Congress passed the

Cotton Research and Promotion

Act earlier in the year. It provides

for a cotton research and promo-

tion program which would be fi-

nanced by a \$1 a bale uniform as-

sessment on cotton growers.

The \$1 a bale check-off will not,

of course, go into effect unless it

is approved by the growers in the

coming referendum, said Box. The

referendum is simply a vote, where cotton growers can accept

or reject the proposal.

Box said there are two ways the

Cotton Research and Promotion

Act may be approved by the grow-

ers in the referendum. First, by a

"yes" vote of two-thirds of all

growers who vote in the referen-

dum. Second, by a "yes" vote of

over 50 percent of those voting

who also produce two-thirds of the

cotton represented in the referen-

dum.

If the growers approve the order,

a Cotton Board of about 20

members would be selected by the

Secretary of Agriculture from

names submitted by approved cot-

ton producer organizations to ad-

minister the program, said Box.

Texas would have four regular

members.

He said the Act makes special

provision for any cotton producer

who does not want to participate

in the research and promotion pro-

gram. A grower could obtain a re-

fund of the \$1 bale assessment by

making application within 90 days

from the date of ginning.

The Texas and national cotton

situation was discussed by Sid

Jenkins, Extension marketing spe-

cialist at A&M. He said Texas and

U. S. cotton is faced with two

tough competitors—foreign cot-

ton and man-made fibers.

He said there was a record cot-

ton carryover this year of about

17 million bales. Exports this

year should total around 5 mil-

lion bales, compared to last year's

2.9 million bales, which should re-

duce the record carryover some.

Jenkins said the Texas cotton

crop this year is down to about 11

million bales—smallest since 1957.

Total consumption of cotton in

the world is increasing, but per

capita consumption is decreasing.

And a major problem is the declin-

ing percent of cotton's share of all

fibers consumed in the U. S., he

said.

In the thirties, cotton accounted

for about 81 percent of the mill

consumption in the U. S., but to-

day it accounts for only 54.5 per-

cent of mill consumption. Man-

made fibers have gained most of

the difference, he said.

When cotton was really "king"

the U. S. produced more cotton

than all foreign countries com-

bined. But not so today. Now, for-

ign countries produce more than

twice as much cotton as we do,

said Jenkins.

Dr. James Kirby, Extension mar-

keting and policy economist at

A&M, told the group about \$70

million was spent last year for

promotion of man-made fibers.

That compares to \$4 million spent

to promote cotton, he said.

Kirby said research expendi-

tures by the man-made fiber in-

dustry last year were \$135 million

compared with total cotton re-

search funds of just over \$26 mil-

lion.

Kirby gave favoring and oppo-

sition points of view on the referen-

dum. He said those who oppose

the Research and Promotion Act

say legislation which forces cot-

ton handlers to deduct the one dollar

per bale, the total would have

been about \$15 million for upland

cotton, he said.

The Cotton Council says the vol-

untary program has not worked

well mainly because of problems

of collecting funds, and irregular

total income, and dispropor-

tionate contributions.

Kirby summed up, "The deci-

sion you make in the referendum

has two basic parts:

"First, do you think research

and promotion aimed at increasing

the sale of your cotton is the pro-

per method to use to get a greater

share of the fiber market?"

"Second, if you believe increas-

ed emphasis on research and pro-

motion will benefit cotton sales,

then is the organization of cotton

producers as proposed in the Cot-

ton Research and Promotion Act

acceptable to you as a way to

raise the money?"

Kirby said purpose of the Ex-

tentation meetings is educational—

not to say whether the proposed

check-off is good or bad, but to

present the facts and let growers

decide for themselves.

Historical Society Hears Book Review

The Briscoe County Historical Society met Thursday, November 17, and heard Mrs. R. G. Alexander review the book, "I'll Take Texas."

Mrs. C. O. Allard, chairman, conducted the business meeting, and it was decided that the next meeting would be on Thursday, December 15.

Overseas Mail To Be Airlifted to Soldiers

Postmaster Fred A. Strange of Silvertown announced today that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing five pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-725—The Dulski Military Mail Act—which was signed by President Johnson on November 2, 1966, second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Vietnam.

priority from San Francisco to Vietnam on a space available basis, should be mailed no later than December 1. Airmail, he said, should be sent no later than December 10.

The deadline for Christmas packages weighing more than five pounds going to Vietnam and other overseas military post offices by surface means was November 10.

Postmaster Strange explained that parcels weighing five pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail.) This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Vietnam or other overseas military post offices.

Postmaster Strange also reminded mailers that Christmas parcels weighing five pounds and under, though they are given airmail,

Study Club Project To Benefit School

L. O. A. Junior Study Club has announced plans to purchase a controlled reader for the Silverton Public School. Two projects are planned this year, the entire proceeds of which will be applied toward the purchase of the equipment which is designed to improve reading speeds of students in grades one through eight.

The first project planned is a Christmas greeting page in the local newspaper. L. O. A. Junior Study Club is seeking to pay for as much of this equipment as possible by asking local residents to donate the money that they would normally spend sending Christmas cards locally to the fund for the purchase of a controlled reader. Donations will be accepted in any amount, and your name will appear in the Briscoe County News the week before Christmas, with the explanation that you are wishing yuletide greetings to your friends and at the same time supporting the public school by donating toward the purchase of equipment which Superintendent J. S. Hinds cited as one of their greatest needs. All the proceeds of this project will be applied to the purchase of the controlled reader.

For those who may not be familiar with the controlled reader, the equipment consists of a projector which flashes at a controlled speed words and stories on a screen. The teacher controls the speed in accordance with the needs of the students with whom she is working.

Mrs. A. L. Redin is using the controlled reader with the fourth through eighth grade students in her reading improvement classes. The machine she is using is her own. The school owns one of the machines, which is being used by teachers in the lower grades. Mrs. Redin stated this week that she is enjoying this method of teaching and believes that it is a good innovation.

Superintendent Hinds stated that the school really didn't have an allowance in the budget for buying the first controlled reader, but felt it was important enough to be squeezed in. He went on to say that another machine is needed because there are at least

Study Club Entertain Local Pioneer Women

The March of Time Study Club entertained the pioneer women of Silverton in the P. C. A. building on November 17. Hostesses were Mrs. Tony Burson, Mrs. J. V. Self and Mrs. Ben Whitfill.

A gold linen cloth covered the serving table and a centerpiece of fall flowers was used. Crystal and silver appointments were used in serving hot gold punch and cookies.

Mrs. Troy Burson reviewed the book, "Muzzy" by Thayer.

Guests were Mrs. Lee Deavenport, Mrs. Cora Donnell, Mrs. W. E. Schott, sr., and Mrs. R. G. Alexander. Members present were Mmes. T. T. Crass, Rex Dickerson, True Burson, J. W. Lyon, jr., Roy Mayfield, Fred Mercer, Floyd Williams, C. E. Anderson, Troy Burson and the hostesses.

Lives of Civil War Veterans Reviewed

Mrs. Richard Whitfill was in charge of the program for the meeting of L. O. A. Junior Study Club at 3:45 p.m. Tuesday in the P. C. A. community room, and reviewed the lives of three Civil War veterans, all of whom have descendants living in Silverton today.

Moving biographies of Franklin Marion Arnold, P. L. Crawford and Robert A. Watson were presented from personal interviews and records from the family genealogies.

Mrs. Doug Forbes led the reading of the Collect and Mrs. Charles Sarchet led the members in prayer.

Roll call was answered with battles of the civil war.

During the business session, several letters were read including a letter of resignation from Mrs. Ronald Dale Kitchens, president of the club. Mrs. Randall Eddleman, first vice-president, is the club's new president; Mrs. Harold Edwards, second vice-president, is the new first vice-president, and Mrs. Larry Jarrett was elected by secret ballot to become the new second vice-president.

Mrs. Whitfill has submitted her resignation as press book chairman.

Members were advised that the materials needed for the Christmas greeting page project are now at the home of Mrs. John Schott, and should be picked up soon so that the project can be finished by December 10.

Club members brought items for the State Mental Hospital and some Toys for Tots. All members who have not participated in these projects already are asked to contact a member of the Civic and Projects Committee.

Mrs. Eddleman brought information to the club on the TFWC Charitable and Education Fund, to which each club is being required to donate \$300.00. The

money can be paid out over an indefinite number of years.

Club members discussed their entry in the community improvement contest and their requested support of the High Plains Training Center. Mrs. Forbes reported on her visit to the Center. Since a club cannot have an individual entry and also participate in a joint entry, it was suggested that if it could assist Caprock District in winning prize money for the training center, it might be effort well spent. Mrs. John Fowler volunteered to write for further information on the ways members could assist the district project. Members discussed volunteering their services for the training center, baking cookies and donating good outgrown clothes.

Information received from the Texas Tuberculosis Association revealed that the minimum charge for having the TB Mobil Unit come to our town is \$200.00. The club has been investigating the possibility of having the mobil unit here Saturday, December 8, during the Silverton basketball tournament. Donations would be requested from those having chest X-rays. After discussion, the club voted to continue with the project if another club or clubs would share the cost. The Civic and Projects Committee is to contact clubs in regard to this and either continue with or cancel plans according to their findings.

Club members were reminded of the Christmas party to be held at 7:00 p.m. December 17 in the school cafeteria. Husbands will be guests, and the club voted to have each couple bring \$1 gifts for the exchange.

Members who would like to help with the decorations for the Teen Time Sock Hop were asked to meet at Wristen Ford at 1:00 p.m. Saturday. All members and their husbands are urged to attend the Sock Hop.

Mrs. Don Curry was welcomed as a guest.

Mrs. Jarrett and Mrs. Fowler were hostesses and served hot Dr. Pepper and pumpkin pie topped with whipped cream to Mrs. Forbes, Mrs. Mike Mercer, Mrs. Whitfill, Mrs. Eddleman, Mrs. Joe Kitchens, Mrs. Sarchet, Mrs. Harold Edwards, and the guest, Mrs. Curry. The refreshment table was decorated in Thanksgiving motif.

Words of Wisdom

Our school is one of the greatest in the world. Silverton High has something I have never seen in another school. It's the relationship between the students. Silverton students seem to have respect for each other. When you leave something of yours that is of value lying in the hall, you hardly ever consider that in some schools it might be stolen.

Because of the size of our school almost everyone knows everyone else. This keeps the student body close together. There is an atmosphere of friendliness in the halls that you'll find no where else.

When you're a Senior you begin to realize what the students are really like. You see how close the students are.

The teachers in Silverton High are some of the best you'll find anywhere. The majority of them are more than willing to help a student after hours if he will go to one of them. Most of our faculty is ready to stand behind the students and their projects.

We have many organizations in our school that work hard. They make Silverton a better and more interesting place to attend school. The Student Council sponsors many activities during the year to promote interest and keep students from becoming bored.

If you want to know how great our school and students are, wait until you are a Senior.

Teen Party Planned During The Holidays

A Teen Time Sock Hop will be sponsored by L. O. A. Junior Study Club on Saturday, November 26, from 7:30 until 12:00 p.m. in the showroom at Bill Wristen Ford.

Those planning to attend are asked to decorate their socks for the event.

JUNIOR HIGH AND FRESHMAN GIRLS PLAY CLAUDE

Thursday night, the Junior High teams played their first basketball game of the season. The opposing teams were the Claude Colts. The Colts overtook the Owls in both games.

The Freshman girls also played the Claude Freshman girls. The Mustangs outscored the Freshman Owlets.

F.B.I.A. NEWS

The F.B.I.A. chapter met Thursday to discuss plans for the Talent Show and pie auction to be held March 1.

The members were then shown a sales kit containing miscellaneous items for resale. The members voted to order more kits as a money-raising project.

A TEACHER'S APPRECIATION

I would like to tell my sixth grade how proud I am of them. Those who were actually in the play, Freeda, Art, Amy, Rhonda, Walter, Debbie, John, Mickie and Norline, were far above average, but then they are better than average. To those who worked behind the scenes, a very, very heartfelt thank you. Ramona and Louise were invaluable and I could not have done without them. They gathered the props and costumes, Patsy, Mary, Derrel, Ricky, Randy, Henry, Cheryl, Dorothy, Greg and Mikel—thank you. To Randy Dwyer, thank you, and to John M. for our curtain pulling. The play was entitled "Great Smokies" presented by the sixth grade, section two.

Thank you, kids.

The Privilege of Giving Thanks

by Debbie Dickerson

Many people do not realize the privilege, which they possess, of giving thanks. There are people in the world today who are forbidden to publicly give thanks to the Lord. Yet this Thanksgiving many citizens of our own country will not even give thanks to the Lord for their blessings.

Perhaps if this privilege were to be taken away they would come to fully realize the right which is theirs. On this Thanksgiving Day, let's all take advantage of the privilege we have and give thanks to the Lord.

Thanksgiving--A Heritage

by Vicki Vaughan

When the Pilgrims celebrated the first Thanksgiving so many years ago, they gave us something more than just another holiday. They set aside a special day for thanking God for all the pleasures and opportunities He has given us.

We all know we're supposed to be thankful every minute of every day but most of us aren't. So I think it's a wonderful thing that our ancestors set apart this special day of thankfulness.

Thanksgiving is more than a mere holiday. It's a tradition. But yes it's more than that. It's a day that we sit down and think of all the things we have to be thankful for. We think about the things we take for granted.

Thanksgiving, Christmas and Easter are all holidays set apart for special reverence to God, but somehow, down through the years, they have all become twisted to mean worldly things. We don't associate Thanksgiving with God as much as we could, but with food, especially turkey. Christmas isn't the celebration of the birth of Christ, but an occasion for giving and receiving gifts. Easter isn't an observance of the Resurrection of Christ, but a day for Easter eggs and rabbits.

What is happening to us that causes us to twist these especially significant days around to mean things so remote and unassociated with their true meaning? From the optimist's point of view, we should perhaps say, "Well, at least we still celebrate these days. We should be satisfied with that."

But ask yourself—Are you satisfied?

Thanksgiving Day

by Karen Holt

THANKSGIVING DAY, in the United States, is an annual festival of thanksgiving for the mercies of the closing year. The day is fixed by proclamation of the president and the governors of the states.

The President's proclamation makes the day a legal holiday in the District of Columbia and in the territories.

In 1789 the Episcopal Church formally recognized the civil government's authority to appoint such a feast, and in 1888 the Roman Catholic Church also decided to honor a festival which had long been nearly universally observed—though nowhere with such zest as in the New England states, where it ranks as the great annual family festival, taking the place which in England is accorded to Christmas.

The earliest harvest thanksgiving in America was kept by the Pilgrim Fathers at Plymouth in ensuing century; Congress recommended days of thanksgiving annually during the Revolution and in 1784 for the return of peace—as did President Madison in 1815. Washington appointed such a day in 1789 after the adoption of

We have some new turkey leaflets ordered, called "Cooking the

Turkey" and "Oft Asked Questions on the Turkey."

Call us to reserve you a copy and we'll mail you one when they arrive without charge. Our number is 4271.

The following information we share with you is taken from the Cleanliness Bureau Facts Sheet for Home Economists.

Much of the pleasure of Christmas is in designing a unique decoration to display on a mantel, piano, or table. To get your decoration off to a good start, select a "medium" early in the season and concentrate your imagination on ways to use it.

Thick soapsuds and empty plastic bottles, such as those from a variety of cleaning products, is an ideal "medium" for making "something out of nothing" so to speak. The basic idea is to "pave" the bottles with thick suds made by

beating packaged soap—or detergent—and a little water with a hand or electric beater. The consistency should be almost dough-like, thick enough to hold its shape easily. Just a little preliminary experimenting will make you an expert on this phase.

Now look around at the bottles on your shelves, or those already empty and saved for crafts projects, and let your imagination roam. With the right trimmings, one type lends itself to a stylized version of the three wise men. Beards can be fashioned from crinkle ribbon, a turban of gauze, a crown of foil, and so forth. Another plastic bottle suggests a row of choir boys with paper lace doilies covering their "shoulders" and small songbooks tucked into sudsy hands. Choose a number of different bottles to create a family in turn-of-the-century costume, with a barrel-chested father carry-

ing home the Christmas tree. Mother is dainty in her long dress mossed of suds and decorated with sequins. Another bottle can be turned into an impish angel with tattered foil wings and halo set with a little water and gluing more coating in place. Facial features and other trims can also be applied this way. Toothpicks are helpful in placing small foil shapes, available at notion counters, for eyes and mouth.

With an idea of the effect you want to achieve, you are ready to go to work. First, coat the bottle with the thick suds, applying the mixture more heavily where necessary to form a gown, robe, or cloak. Smooth and shape this "frosting" with a small spatula, wooden stick, toothpick, or finger-tips dampened with water to prevent sticking.

Start the head by making a soapsuds ball of appropriate size, and fitting it over the bottle cap. Again smooth and shape as desired. Add more suds to form arms and to "sculpt" the desired general shape. An extra dimension can be added to a partially dry figure by dampening the surface

with a little water and gluing

more

coating in place. Facial features and other trims can also be applied this way. Toothpicks are helpful in placing small foil shapes, available at notion counters, for eyes and mouth.

2 c. graham cracker crumbs
1 cup coconut
 $\frac{1}{2}$ cup chopped nuts
 $\frac{1}{4}$ cup butter
1 T. milk or cream
2 cups sifted confectioners sugar
1 tsp. vanilla
2 sq. unsweetened chocolate (2 oz.)

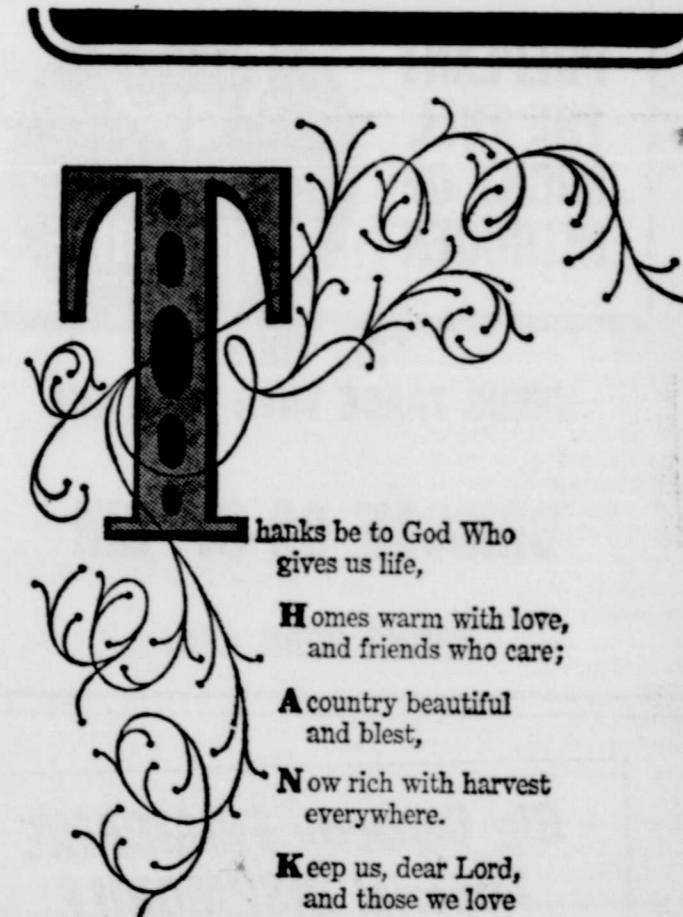

Melt $\frac{1}{2}$ cup butter and 1 sq. chocolate in saucepan. Blend granulated sugar, 1 t. vanilla, egg, crumbs, coconut and nuts into butter-chocolate mixture. Mix well and press into ungreased baking dish $1\frac{1}{2} \times 7\frac{1}{2} \times 1\frac{1}{2}$ or square pan, $9 \times 9 \times 1\frac{3}{4}$. Refrigerate.

Mix $\frac{1}{4}$ cup butter, milk, confectioners sugar and 1 t. vanilla. Spread over crumb mixture and chill.

Melt 2 sq. chocolate and spread evenly over chilled filling. Chill again. Cut into tiny squares before completely firm. Makes 3 to 4 dozen squares.

These were served at the Home Demonstration Agents' Association Annual Coffee for Senior Home Economics Students at Texas Tech last Saturday morning. We enjoyed them and Jane Blay, the Assistant Home Demonstration Agent from Seminole, made a copy and mailed to each of us.

Hanks be to God Who gives us life,

Homes warm with love, and friends who care;

A country beautiful and blest,

Now rich with harvest everywhere.

Keep us, dear Lord, and those we love

Safe under peaceful skies, we pray.

Guard all those rights we hold so dear—

In freedom's name to go or stay,

Voice our opinions without fear,

In our own ways to worship Thee!

Now as we lift our hearts in praise

God help us share abundantly!

GIANT SYNTHETICS PRODUCERS ARE TAKING COTTON'S MARKETS

HOW CAN 500,000 FARMERS FIGHT BACK?

The Farmers' Answer: 'Expand Research & Promotion'

With huge research and promotion expenditures, synthetic fiber firms rapidly are taking cotton's markets. As a result, the carryover is at an all-time record. Acreage is the lowest since 1872—down 30 per cent on the average for 1966.

But farmers have developed a way to fight back. It enables them to pool their resources to mount a hard-hitting research and promotion program to save cotton markets, acreage, and income.

Self-Help Plan Brings Beltwide Acclaim, Support

The farmer-originated plan gives growers an opportunity to vote, in a Beltwide referendum, on establishing a uniform assessment of \$1.00 per bale for expanded research and promotion. Thousands of growers and 61 cotton organizations have endorsed this approach—overwhelmingly. The press is praising farmers for their efforts to help themselves.

We Compliment Cotton Farmers On Their Business Approach

Clearly, the plan is based on hard and sound thinking. All projects must be initiated by grower trustees elected by cotton producer organizations. Other provisions give equal assurance of farmer direction and control. Any individual farmer who does not want to participate can have his money refunded.

We recognize that cotton is the economic lifeblood of our business and our community. We are happy to offer any assistance we can give our farmer friends as they work for approval in the referendum.

We Wholeheartedly Endorse Your Plan for GREATER MARKETS, ACREAGE, PROFITS

Italian wines with typical American foods! This exciting thought has been developed into a new concept in wining and dining. The easy going wines of Italy—the vintages are uniformly excellent—fit so well in the relaxed American life.

Barbecued chicken or spareribs will be brightened by this Italian barbecue sauce.

ITALIAN BARBECUE SAUCE

1 medium onion, chopped	1/2 teaspoon hickory salt
1 clove garlic, minced	1/4 teaspoon basil
2 tablespoons salad oil	1/4 teaspoon pepper
1/2 teaspoon salt	2 8-oz. cans tomato sauce
1/2 cup Chianti	

Sauté onion and garlic in oil until lightly browned. Add remaining ingredients; simmer, uncovered, for ten minutes or until thick. Makes about 2 1/2 cups sauce. Enjoy the rest of the wine, a sturdy red glowing Chianti from Tuscany with the festive meal.

Then, there's that once a month when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.
