### **Good Showers** Over Weekend

Showers filled the Silverton rain gauges to the 1.18 inches mark over the weekend. This mught the total moisture for the first five months of 1967 to 39 inches.

The average annual rainfall in sriscoe County is listed by the fexas Almanac as being 19.85 inhes. Since the first of October 966, only 2.78 inches of rain has allen on Silverton, and the nine-nonth figure is far below normal. Rains were predicted to coninue in this area, with locally eavy showers expected. Some arge hail and high winds have een reported in neighboring reas, but so far Briscoe County mers haven't reported crop amage other than from drouth nd late freezes. Some of the rurareas received less than the 18 inches that fell in town.
